EXECUTIVE DEPARTMENT
DOVER
June 27, 1980

To the Delaware Senate of the 130th General Assembly
of the State of Delaware

I am returning without my signature Senate Bill No. 430 as amended by Senate Amendment No. 1 entitled:

"AN ACT TO AMEND CHAPTER 66, TITLE 18 OF THE DELAWARE CODE TO PROVIDE LINE-OF-DUTY DEATH BENEFITS TO BENEFICIARIES OF COVERED PERSONS WHO ARE NOT DEPENDENT UPON THE COVERED PERSON."

The existing line-of-duty death benefits statute, requires that payments be made only to dependents. This bill would extend benefits to persons who were not dependent upon the deceased. The policy behind line-of-duty death benefits has always been to insure the continued provision for those persons dependent upon state employees killed while serving the state. This bill does not serve that purpose and, in fact, extends payments to non-dependents. Clearly, such payments would not benefit the State and in fact, would cost the State an indeterminant amount of money, for the benefit of people who had not been dependent upon the deceased and probably never served the State.

Accordingly, I am returning Senate Bill No. 430 as amended by Senate Amendment No. 1 without my signature.

Respectfully submitted,
Pierre S. duPont, Governor

The Honorable James D. McGinnis

Dear Governor McGinnis,

Pursuant to Article IV Section 3 of the Delaware Constitution, this letter will constitute my public statement of intention to submit the name of Vincent A. Bifferato to be reappointed as a Judge of the Superior Court for a term of twelve (12) years. This reappointment is occasioned by the expiration of Judge Bifferato's first term on July 26, 1980. In order to comply with the Constitution's requirement that this be a "public" letter, I would ask that it be read into the record upon the convening of the forthcoming Special Session called by me to take up the Bifferato confirmation. I would also appreciate if the date of this letter and its receipt by you were recited in the Senate's record.

Yours truly,
Pierre S. du Pont, Governor

To the Senate of the 130th General Assembly
of the State of Delaware

I am returning without my signature Senate Bill No. 666 entitled: "AN ACT TO AMEND TITLE 25 RELATING TO THE RECORDING OF DEEDS."

This bill would require that every deed for the transfer of any land within the city limits of Rehoboth Beach be reviewed and approved by some unidentified person or administrative body representing the City of Rehoboth Beach before the Deed could be recorded.

It is my understanding that this legislation was aimed at a problem created by virtue of property owners selling off portions of their respective lots, thus reducing the size of their lot below the minimum lot size requirement and creating a second lot which does not meet the minimum size requirement, thereby causing overcrowding. However, it would be extremely burdensome and unnecessary for the City to review every deed when only a small percentage of the transfers involve sales of only parcels of formerly plotted lots.

Moreover, in addition to the administrative problems caused to the City of Rehoboth, banks might refuse to extend mortgages for the purchase of land within the City of Rehoboth in light of the fact that the new deed could not be recorded immediately, thereby preventing their mortgage against that property from being recorded immediately and thus, in their view, raising the spector that they may miss obtaining the first lien against the property. Such a consequence could have disastrous economic effects upon the City of Rehoboth Beach.

If the problem cannot be handled by local ordinance, I will reconsider new legislation which is not overly broad. However, the deficiencies of this bill with their potential dire economic consequences to the City mandates the return of Senate Bill No. 666 without my signature.

Respectfully submitted,
Pierre S. duPont IV, Governor

I have today signed Senate Bill 680 with a line item veto. While it would have been desirable to be able to sign this bill without a veto, it was necessary to reduce the total level of appropriations \$1.8 million in order to achieve a balanced budget in FY 1981. This bill appropriates \$75,000 to the Office of the Insurance Commissioner for a study of income and expenses of insurance companies writing Workmen's Compensation and employees' liability insurance in the State. Although I concur that such

a study is needed, I believe that it could be accomplished for less than the amount appropriated. And there may well be alternative sources of funding available which would abrogate the need of a special supplementary appropriation. I am, therefore, returning Senate Bill No. 665 without my signature.

This bill appropriates \$150,000 to Delaware State College for professional fees and construction costs to repair the roof on the Education-Humanities Building at the College.

Other funds are available to the College for this project. The 1981 Bond Bill contains an unrestricted appropriation of \$100,000 to Delaware State College for minor capital improvements. Other capital outlay money is also available to the College for needed repairs. These funds can readily and properly be applied to essential repairs to the roof, without the necessity of tapping the State's General Fund at this time. For this reason, I decline to sign Senate Bill No. 558 as amended by House Amendment No. 1.

I am returning without my signature Senate Bill No. 461 entitled: "AN ACT TO AMEND CHAPTER 13, TITLE 14, DELAWARE CODE, RELATING TO INSTRUCTIONAL ATTENDANTS AND/OR AIDES FOR THE PARTIALLY SIGHTED AND BLIND."

I received this bill on June 30, 1980.

This bill authorizes additional instructional attendants and/or aides in classes for the blind and the partially sighted. The Controller General estimates these additional aides would cost the State \$36,512 in fiscal year 1981, plus an additional 8% each year thereafter.

Senate Bill No. 461 is one of four bills which passed the General Assembly without any appropriation to fund the program. I have determined not to sign these bills because responsible and prudent fiscal policy dictates that there be funds clearly available and appropriated by the General Assembly to fund new programs or expansion of existing programs. Because Senate Bill No. 461 contains no such appropriation, I am returning it without my signature.

At this time, our citizens need accelerated development of our own environmentally-benign alternative energy resources. But this bill, "the Geothermal Resources Act of 1980", would create a whole new layer of regulatory bureaucracy in State government which would impede the exploration and commercialization of one of Delaware's only known potential energy resources, geothermal energy.

The State of Delaware, through the Delaware Energy Office, has applied for a federal grant for the drilling of an exploratory geothermal well in Sussex County. If this well proves commercial, Delaware residents may have the opportunity to substitute economical geothermal-generated district heating for current heating fuels, thus obtaining needed relief from high utility bills. By imposing a new regulatory maze and layer of red tape applicable to geothermal energy, this bill could hinder and delay this critical alternative energy project.

This bill could also jeopardize the legitimate property rights of Delaware family farmers and other landowners, by asserting State ownership of the geothermal resources on and under their property. Delawareans need more alternative energy resources, not more bureaucrats to impede their development.

STATE OF DELAWARE

July 11, 1980

To the Senate of the 130th General Assembly
of the State of Delaware

On June 30, 1980, I received Senate Bill No. 603 entitled: "AN ACT TO AMEND CHAPTER 69, TITLE 29, DELAWARE CODE, BY PROVIDING FOR THE USE OF UNITED STATES STEEL IN STATE CONTRACTS."

Although I endorse the spirit that motivated the passage of Senate Bill No. 603, I am returning the bill without my signature for the following reasons:

First, enforcement of the bill would be difficult, often unfair, and in some instances virtually impossible. For example, a manufacturer of steel partitions receives the steel product from a fabricator, who, in turn received it from a firm that rolls steel into sheets, who in turn received the steel from one or more steel manufacturers. In such an instance, it would be well-nigh impossible for the partition manufacturer to identify the origin of any piece of steel and unfair to enforce the provisions of this bill against him.

Second, the bill will clearly impose added costs to the State of Delaware when steel is purchased. Not only does the bill require the purchase of more costly domestic steel, but also the Department of Administrative Services advises that the State can anticipate a further price increase in the range of five to ten percent by contractors in order to handle the requirements imposed by the bill. To be sure, if action taken unilaterally by the State of Delaware could have an appreciable impact on the price differential between domestic and foreign steel, I am sure the additional costs would willingly be borne by Delaware taxpayers. But the reasons for this difference are deep and complex and far exceed the ability of single small state to resolve. I therefore believe Delawareans should not shoulder this additional financial responsibility, however worthy the motive.

Finally, I am concerned that the bill contains no expiration date, but obligates the State indefinitely to the purchase of more expensive steel. It would be preferable for an experimental program of this type to be of limited duration so that its financial and administrative impact on the State can be gauged.

Respectfully submitted,

This bill appropriates funds to the Department of Natural Resources and Environmental Control to make a study of the recreational feasibility of the Christina River.

I am returning this bill without my signature because there exists a potential source of funds for the project other than the State's General Fund. If the Department of Natural Resources and Environmental Control determines that the recreational development of the Christina River has potential, it may apply for federal funding under the State's Coastal Zone Management Program. This alternative funding would provide a savings to the State, and accordingly I am declining to sign Senate Bill No. 400 as amended by House Amendment No. 1.

Jeannette V. G. Legates is currently receiving a pension from the State of Delaware calculated upon the time she was employed by this State. This bill would grant an additional pension calculated upon the time Jeannette Legates was employed by the Federal government immediately preceeding her employment by Delaware. Federal government service should not be "tacked" onto State service in order to calculate the pension to be paid solely by the State since the period of Federal service is not actuarially provided for under pension plans. Thus, legislation such as this threatens the actuarial funding of our pension plans. In addition, Ms. Legates had an opportunity to fund this unfunded portion of the pension and declined to do so. In light of the foregoing and the fact that she is receiving a pension, I am returning Senate Bill No. 327 without my signature.

After any bill has reached its order of preference on the agenda, it may be deferred once to the end of the agenda. After it has once been deferred, it must be considered when its order of preference is next reached or removed to the ready list. In the event of such removal, no bill shall again be placed on the agenda for the same or the next legislative day.
