A very beautiful wedding took place last Saturday, June 7th at White Clay Creek Presbyterian Church. Miss Shirley May Boulden, daughter of Mr. and Mrs. Louis Boulden, Harmony Cross Roads, was united in marriage to Mr. James K. E. Darsney, son of Mr. Harry Darsney, Harmony Road. Rev. James H. Bishop officiated.

The bride, who was given in marriage by her father, was attended by Miss Joan Pedrick, Penns Grove, N. J., as maid of honor. Bridesmaids were Miss Jeanne Plank of Elkton, Md. and Miss Dorothy Darsney. Little Miss Sandra Pruitt served as flower girl.

Mr. Arthur Boulden served as best man. Ushers were Mr. Elmer Cochran and Mr. Harry D. Williams. Miss Helen Blackwell of Wilmington, soprano soloist, sang "Because" immediately before the ceremony.

After a reception held at Boulden's Restaurant, Stanton, the couple left for a wedding trip to Atlantic City. They will reside in Philadelphia.

Our congratulations are extended to Miss Faye Meredith and Miss Gail Buckingham who were graduated this week from Newark High School. Miss Meredith is the daughter of Mr. and Mrs. Hugh Morris Meredith, Lumbrook, Miss Buckingham is the daughter of Mr. and Mrs. Frank Buckingham, Red Mill Road.

TO OUR EMPLOYEES:

WELL! HERE WE GO AGAIN! Another union organizing campaign is in progress at our plant! Another N.L.R.B. election is to be held! Another period of interference, coercion, annoyance and disturbance is in store for the Company and for our employees!

Unfortunately the Company and the employees seem to be considered fair game for exploitation at the whim of any union that thinks it has a chance of winning an election. You and we have now been subjected to the organizational drives of five different unions: The Pulp, Sulphite and Paper Mill Workers, A.F. of L.; District 50, United Mine Workers; United Textile Workers, A.F. of L.; the International Association of Machinists, A.F. of L.; and the United Electrical Workers (U.E.) (Ind.).

Do you think these unions have been competing for your support because of their interest in you and your jobs, or are you merely additional jobholders from whom they can collect initiation fees and dues?

Do you know that the United Textile Workers, A.F. of L. collects from our employees at our Bridgeport plant in addition to initiation fees, monthly dues totaling \$27.00 per year. Did it occur to you that this amounts to almost one and one-half cents per hour for every hour you work and this does not take into account the fines and assessments levied by unions from time to time?

Do you know that our neighbor, Danita Hosiery Mfg. Company whose employees were organized by this same United Textile Workers, A.F. of L., is now leaving Newark?

Of course you have the right to join and support any union you wish. The Company is not for or against any union. That is for you and you alone to decide. But we want you to know that there are no advantages that this union can obtain for you which you cannot obtain yourselves, without payment of dues and without running the risk of loss of work, loss of pay, loss of friends, loss of peace and security.

Your wage rates are in general equal to or better than the wage rates paid by our competitors in the area. The Company has voluntarily put into effect three general wage increases within the past two years. We believe also that you appreciate the many other advantages which have resulted from the close, friendly relationship which has existed between employees and management at this plant over the years.

Consider your vote carefully before you cast it. Don't throw something away you now have, for something that is just promised. PROMISES ARE A DIME A DOZEN.

We hope this vote will be so overwhelmingly "NO" that it will prove conclusively our employees know they do not need and do not want a union at this plant.

Sincerely yours,

CONTINENTAL-DIAMOND FIBRE COMPANY

Interesting Women Of Our Community

From time to time there will appear in these pages articles calling the attention of readers to the variety of jobs done in our community by women. Some of them will be familiar to many, while others, along with their various occupations, are known to only a few. The purpose of these articles is to bring the little-known ones to the attention of the community.

The idea comes from a committee of the Newark Branch, American Association of University Women. This committee, called the Status of Women Committee, has interviewed several women who in its opinion are doing interesting jobs. The committee realized that there are probably many more who would qualify in this category, and if you will contact the group, the committee will consider them for inclusion in this series.

As a volunteer Red Cross worker, Mrs. J. Fenton Daugherty is on call 24 hours a day. Her official title is area chairman for home service, which means that her prime consideration is the handling of problems that may beset the family of a member of the armed forces while he is away from home.

In 1938 Mrs. Daugherty volunteered her services to the Red Cross in a desire to take part in the national defense effort which was getting started.

ed at that time. Although she had attended Alfred University she had no special training for the type of work assigned her, but found the short courses offered by the organization a tremendous help along these lines.

The service man is one of the main concerns of the Red Cross today. As its representative Mrs. Daugherty takes care of such matters as emergency leaves which are necessary in case of sickness or death in a family, financial assistance when checks are detained for some reason, hardship discharges, and interpretation of casualty reports to the family.

Al Dollins Takes State Golf Championship for Second Time

Victory Over Fellow Newarker, Ronnie Watson, Brings Title To Local Club For Sixth Consecutive Year; Will Defend Club Championship Next Week

For the sixth straight year a representative of the Newark Country Club has walked off with the Delaware state amateur golf title.

It all came about last weekend on the Nemours course of the DuPont Country Club when crafty Al Dollins outstayed a game 20-year-old junior of the University of Delaware, Ronnie Watson, to win the title 2-1 in the 36-hole finals of the Delaware Golf Association tournament.

Regardless which of the finalists won the title, however, the honor would still have gone to the local club since both claim Newark as the home grounds.

The fact that would have made the matter possible material for a Washington investigation is that the winner is president of the state golf association. In fact the Newark veteran had planned on doing the honors when the laurels were bestowed on the winner, but ended up receiving the engraved silver ice bucket symbolic of his triumph.

It was the second time that Dollins accounted for the title. He also won in 1950. In addition to the current championship, Newark has won the title on four other occasions. Ellis Taylor, who was eliminated in the quarter-finals, won the title on three occasions, while George Anderson won it in 1948.

Watson, who will captain the University of Delaware golf team next season, was a stubborn opponent for the winner and missed evening up the match on the 35th only when a 30-foot putt ran over the cup, plunked against the back rim and then continued on a few inches. It was a heartbreaking attempt for the loser but indicated the determination with which he played even in the shadow of defeat.

Dollins, who will defend his Newark Club championship here next week, credits a bit of luck for a share of his winning effort. On the 24th hole he hit a screaming tee shot which landed solidly against a tree on the edge of the fairway but luckily bounded back into the fairway. Loss of that hole would have given Watson a two-up lead, explained the winner, and would have made victory a tough proposition.

Newark Defeats Elkton High, 7-4

Newark High, powered by Bunny Blaney's home run, racked up its eighth baseball victory against four defeats here yesterday by conquering Elkton High, 7-4. Tom Baker hurled the win, allowing the Maryland nine only five hits, while the Yellowjackets stung a pair of Elkton pitchers with 10 safeties.

Delaware Park News

A pair of eligibles for the \$25,000 added Kent Stakes, Saturday's major attraction here, Rokeby Stable's New Haven and Mrs. Janet Hoaglin's Lot-A-Brass, worked a useful mile in preparation for the mile and sixteenth number. Lot-A-Brass went handily in 1:40 1-5, traveling the half-mile in :48 and the three-quarters in 1:12 3-5. New Haven's fractions were :49 2-5, 1:16 2-5 and 1:42 2-5.

One Count, surprise winner of the Belmont Stakes, today joined the ailing Hill Gail of Kentucky Derby fame on the sidelines and left the 3-year-old turf division still looking for a ruler.

The Count from Mrs. Walter Jeffords' stable turned up lame after measuring the odds-on-favorite blue Man, galloping victor of the Preakness, by two and one-half lengths in the eighty-fourth running of the richest Belmont Stakes Saturday.

The son of Count Fleet was back at Delaware Park today with Mrs. Jeffords and Trainer Oscar White, hopeful the injury will not prevent him from keeping eastern engagements, including the Leonard Richmond Stakes at Delaware June 28.

But they are not even sure of the seriousness of the injury.

"It's either a bruised heel or a wrenched knee," said Jeffords. "I think it is a bruised heel. White told me the horse wasn't as lame when he arrived at Delaware Park yesterday morning."

One Count showed no sign of lameness as he ripped off the mile and one-half of the Belmont in 2:30 1-5 for Jockey Eddie Arcaro's fifth triumph in the stake. But he started to limp while cooling out.

Yellowjackets Take Slugfest 9-8, Then Capture Final 2-1 Over Brown Bears

Tom Baker pitched the Newark High School baseball team to a double win over Brown Vocational High last Thursday in a doubleheader played in Wilmington.

In the first game Newark scored nine runs on only three hits while the Bears scored eight on nine hits. Two big innings, the first when they scored three times and the fourth with five, enabled the Yellowjackets to take the opener.

The second game was a pitcher's battle and found all runs being scored in the first inning. Brown opened the contest with a single tally and Newark came back in the last of the first with two runs and that provided the margin of victory. The two runs were scored with the help of only one hit.

Dave Douglas Wins Ardmore Open With \$5400 Prize Money

Newark's Pride Shoots 279 To Capture Biggest Prize Of Professional Career To Date

Dave Douglas, pride of Newark, pocketed \$5,400 in first place money over the weekend when he carded a sterling 279 to capture the Ardmore Open played at Ardmore, Oklahoma.

It was the biggest chunk of money won by Dave in his pro career and almost equaled his last year's total of \$3,911.50.

His one-under-par total of 279, only under par score of the tournament, was two strokes better than that of E. J. (Dutch) Harrison, the best professional, who carded a 281 for second place and \$1,800 in prize money.

Lloyd Mangrum of Chicago shot a last-day 69 to end up with 282 and third place money of \$1,400.

Playing in back of Harrison and knowing just what he needed to take the title, Dave played the final hole safe and sound, taking a bogey as he knew would beat his closest opponent.

A 20-foot putt for a birdie on the seventeenth took the pressure off the winner and he coasted the final hole to win the richest pot so far this season on the professional trek.

In posting his winning total, Dave scored rounds of 70-68-69-72 over the rolling terrain of the course's 6,400 yards of par 35-35. It is his first victory since the Greensboro Open earlier this Spring.

Army Will Draft 29,000 In August

The Army this week called for a draft of 29,000 men in August, a drop of 2,000 under the July quota.

The August figure will raise to 983,430 the number of men Selective Service has been called upon to deliver since the draft was revived in September, 1950. Of that total, the Army asked for 902,000 and the Marines 81,430.

The Navy and the Air Force have been relying exclusively on volunteers and recall of reserves. Starting this month, the Marine is likewise relying on voluntary enlistments to fill their manpower needs.

A month ago the Defense Department said the August and September calls would be for about 31,000 men each. After that, they are expected to increase again to fill the gaps which will be left by the discharge of more than a million men from active duty in the 12 months starting July 1.

Many of these are men who were drafted in the early months of the fighting in Korea.

Producer Windsor Lewis Busy Preparing For Fifth Season At Robin Hood Theater

Bright Spring sunshine and clear blue skies over Arden, Delaware spelled out "WELCOME" to the troupe of young players who returned to the Robin Hood Summer Theatre for the fifth season last week. Although the curtain will not rise until Monday, June 23rd, on their ten-week series of plays, the epic task of re-opening a 'barn' theatre lay before the troupe as they arrived before and after sundown from New York, New England and that vast intangible expanse which actors call 'the road.'

Producer Windsor Lewis and his charming wife, stage and screen star Barbara Bel Geddes, comprised the vanguard of the company. Although Mrs. Lewis is 'on vacation' from Broadway, she has been persuaded by her husband to take part in most of the Robin Hood productions—featured roles along with 'walk-ons.' "That's the fate of a summer stock actress," says

Experts Predict Price On New Homes Will Continue Up

Prices On Used Houses Are Expected To Remain About Same As Present

Many real estate boards across the nation today predicted prices will continue to rise on most new homes built in the months ahead while existing houses sell at just about current levels. A survey of boards in 251 representative communities showed them almost evenly divided in forecasting (a) more sales, (b) fewer sales and (c) no change. The survey was conducted by the National Association of Real Estate Boards.

The prediction of higher costs for new homes does not hold true in every area. There was a wide variation of forecasts from Community to community. Joseph W. Lund of Boston, president of the association, said more than half of the 251 boards predicted higher prices for new residential property and 39 per cent expected present prices to continue.

"For used houses," Lund said, "half of the returns indicated that these prices were expected to remain the same. The remainder of the communities were almost equally divided in their forecasts of higher and lower prices."

Lund said the current real estate market is relatively slow, with half of the real estate boards reporting a lower turnover in new and used dwellings than a year ago. This was attributed to credit restrictions, scant availability of mortgage money at 4 and 4 1/2 per cent interest, cost of construction materials, scarcity of listings and the fact that buyers today are shopping around.

University Gets \$94,000 For America Studies

Dr. John A. Perkins, president of the University of Delaware, has announced a grant of funds totaling \$94,000.00 to implement the University's inter-departmental American Studies Program. The Rockefeller Foundation has made \$75,000.00 available for this program to be expended over a three year period. \$15,000.00 has been contributed by another foundation and \$4,000.00 has been given by an individual benefactor from outside the state of Delaware. The expanded program in American Studies will embrace the recently established courses of study in the co-operative program between the University and the Henry Francis duPont Winterthur Museum as well as new graduate and undergraduate programs in American Studies.
