ing area.

VOLUME XXXVIII Number 20

The Newark Post, Newark, Delaware, Thursday, July 17, 1947

PRICE FIVE CENTS

## COMMUNITY SING TO BE HELD HERE WEDNESDAY

Songfest To  
Be Given By  
Recreation  
Association

Townpeople are invited to join in a community sing next Wednesday evening in the area behind the Academy Building. In case of rain the event will be held Friday.

Charlie Southwell, popular song leader of Wilmington, who directed last year's gala event here, will again be in charge of the songfest, which is being sponsored by the Newark Recreation Association. Local talent interested in assisting Southwell are urged to notify Harry Rowstrum, recreation director, some time this week at the university.

The first two youngsters to learn to swim in the beginner's class under direction of Rowstrum at the university pool are Dick Lawrence and Billy Koute. About 30 boys and 35 girls are presently attending the classes.

If they continue they are virtually assured of learning to swim, according to Rowstrum, who claims that between 12 to 20 lessons are all most people need to be able to handle themselves adequately in water. Graduates of the beginner's class move on to the intermediate where they are given more advanced instruction.

Attendance at the pool continued high the past week; a new record being set Tuesday afternoon when 120 turned out for the recreational period. The daily average has remained consistently around 110.

## SUMMER MUSIC CLASS IS UNDERWAY

Instrumental  
Courses Are  
Offered At NHS

The summer music classes for both beginning and advanced instrumental students have been underway at the Newark High School for the past four weeks.

An unusual number of young musicians are taking advantage of summer vacation to start training on an instrument, according to Ernest Wilder, director of the program.

In addition, the classes offer advanced students a chance for intensive work on instrument technique, unhampered by the necessity for concentrating on other studies. Students taking the course usually show marked improvement for the comparatively short time involved.

Students who show encouraging progress will be auditioned for posts on various school musical organizations, Wilder said. Some are seeking to win places in the football band this fall.

Instruments being studied are the piano, clarinet, trombone, cornet, saxophone, and drums. Lessons are given in the high school band room.

## COUNTY ZONE LAW REVIVED

Ask Plans Be  
Reconsidered

Plans for a county zoning law are being reconsidered again by the Regional Planning Commission of New Castle County.

A recommendation carried in the resolution of the commission's annual report to the Levy Court states:

"The Commission recommends that the county continue to study zoning laws for the purpose of protecting the interests of the citizens living in the suburban areas that are unincorporated."

A zoning enabling act had been passed in the 1945 session of the Legislature but needed only passage by the last session to become law. The approval of two consecutive sessions was required because the measure amended an existing law. But after the Senate passed the bill the House defeated it during the work of five years.

## Harold J. Meade Named To Farmers Trust Staff

Harold J. Meade was recently elected to the staff of Farmers Trust Company with title of vice-president and assumed his new duties this week. Mr. Meade was chief examiner of the Federal Deposit Insurance Corporation for the State of Delaware from 1940 to 1946, and for the past year was Chief Deputy Bank Commissioner of the State of Delaware. His present residence is Milford, Delaware. He is well-known in banking circles throughout the state.

Assets of the Farmers Trust Company as shown by their recent statement are \$5,400,000.00 with deposits of more than \$5,000,000.00.

## TEEN-AGERS SET UP ART AND CRAFTS GROUP HERE

Children's  
Theatre To Be  
Organized By  
Church Youth

Teen-agers of the First Presbyterian Church have formed an organization tentatively called the Crafters of Newark, whose members will devote their efforts to amateur arts and crafts as well as recreational activities.

Special aim of the group will be the formation of a Children's Theatre. Other projects proposed are courses in theatre work, arts and crafts, radio programming, script writing and public speaking. The theme of the new group is "Look to the Future for Better Things."

Interest in such a program has long been felt here, and it is hoped all children with special talents who can contribute in any way to the group will join.

In addition, children who cannot contribute directly but who are interested in the program may join an associate organization to be known as Junior Crafters. If interest spreads, parents also will be invited to take part, forming another section of Senior Crafters.

The organization was formed chiefly through the efforts of Mrs. Elgin Shaw, who has had wide experience with teen-age drama and music projects. It is expected the group will institute a varied program which will appeal to the interests of every child in the community.

Officers of the group for the present are: Membership, Judy Colburn, Joan Pickett and Jane Pickett; social, Donald Knauss; drama, Gordon Cleaves; chorus, Lavonne Mattison; advisors, Mrs. Elgin Shaw and Charles N. Lanier.

## EXAMS SET FOR U. OF D. SCHOLARSHIP

Requirements  
For Annual  
Silco Award

Conditions for the award of the \$1200 Silco Stores Scholarship at the University of Delaware for the second year were announced today by Dr. Francis H. Squire, dean of the university. The scholarship, having an annual value of \$300 for four years' study, is open to graduates of Delaware public schools with high scholastic standing.

Established last year by the Silco Stores Co., the scholarship went last year to Daniel Nathans, of 210 East Third Street, Wilmington.

Competitive examinations for the award will be given in English, history and mathematics, at 10 a. m. on Sept. 3 in Room 220, University Hall, on the Delaware campus. Applicants must file with Dean Squire not later than August 15.

In addition to being admissible to the University of Delaware, candidates must show evidence of financial need. Applicants will be expected to enter the university with the freshman class in September if awarded the scholarship.

Letters of application should include statements of financial need, and identification of the applicant's school, year of graduation and academic standing within his graduating class. Each applicant must have his high school transcript sent directly to Dean Squire a transcript of his school record unless the transcript already is on file at the university.

## TWO ADDED TO SUMMER FACULTY AT UNIVERSITY

History Staff  
Gets Canadian  
Educator And  
Virginia Prof.

Addition of two visiting professors of history for the second term of the University of Delaware Summer Session, starting July 21, was announced yesterday by Dr. H. Clay Reed, professor of history at the university.

Professor Donald Stewart Traill, in charge of history at Brandon College of the University of Manitoba, Canada, will teach English history at the Delaware Summer Session. A native of Scotland, he holds his master of arts degree with First Honors in History at the University of Edinburgh.

Dr. R. L. Hildrup, professor of history at Mary Washington College of the University of Virginia, will teach American history and government. Dr. Hildrup is author of a biography of Edmund Pendleton, southern statesman.

Professor Traill and Dr. Hildrup are the two most recent of several prominent educators who are teaching at either or both of the two summer sessions terms at Delaware this year upon invitation of the university. Under similar arrangements, some of Delaware's faculty members are at various other colleges and universities this summer upon invitation of those institutions. These include Dr. George E. Brinton, of the Department of Modern Languages, who is teaching French at Columbia University, and Anthony J. Louis, of the Music Department, who also is on the Columbia staff this summer. Dr. C. L. Day of the English Department is teaching at the University of California; Herbert H. Finch of the History Department is at the University of Tennessee; and Dr. Frederick B. Parker of the Sociology Department will be at the University of North Carolina.

## DELEGATES TO AUXILIARY CONVENTION

Two Women  
To Represent  
Newark Unit

Two delegates, Mrs. R. J. Davis and Mrs. P. D. Lovett, will represent the J. A. O'Daniel Post, No. 10, American Legion Auxiliary, at the state convention being held today and tomorrow along with the Legion convention in Dover.

In addition to its two delegates, the Newark unit will send five delegates-at-large. They are: Mrs. J. R. Fader, Mrs. Orville Little, Mrs. Leonard Rhodes, Mrs. Conrad Lewis and Mrs. J. Harvey Dickey.

Principal speaker on Saturday will be Mrs. Leon Bristol, of Syracuse, N. Y., national vice-president of the Legion Auxiliary. Reports by committees will be heard and election of officers conducted at the Saturday afternoon session.

Mrs. H. C. McSherry, of Dover, is convention chairman, assisted by Miss Mildred Jones and Mrs. W. Lyle Mowlds, Dover. Mrs. Ann Norton, Wilmington, is department secretary and program chairman.

Mrs. Frank Boling, Mrs. John Conrad, and Mrs. M. A. Wilker, Laurel, are in charge of reservations.

## Trip To Riverview Planned By Crafters

A day's excursion to Riverview is planned this Saturday by the members of the newly organized Crafters of Newark. Any child wishing to join the group is urged to notify Donald Knauss, phone 6642, before 5:30 p. m. tomorrow.

Other recreational events being planned by the group include an evening's swimming session each week at the women's pool in addition to those regularly scheduled for adults. Tentative arrangements have been made for Wednesday nights.

Also, the group plans to offer free movies during August at the high school.

## 12 DELEGATES FROM LOCAL LEGION POST AT CONCLAVE

Dr. Rees Heads  
Newark Group  
At Department  
Meet In Dover

A 12-man delegation will represent the local J. A. O'Daniel Post, No. 10, American Legion, at the annual convention of the Department of Delaware which opens with a banquet tomorrow night in the Dover High School.

Highlight of the session will be the nomination and election of officers on Saturday afternoon in Legislative Hall.

Local Legionnaire, Dr. Carl J. Rees, now department vice-commander, looms as the most likely selection for new commander of the department. Dr. Rees will head the Newark delegation, which will include the following: J. R. Fader, Floyd Jackson, Richard Cooch, W. R. Richardson and Harvey Robertson, delegates; Allyn Cooch, Bernard Doordan, John Sinclair, Ford McBerly, Harold Shaeffer and J. Harvey Dickey, alternates.

Speakers at the banquet July 18 will include Ernest H. Dervishian, national vice-commander of the Legion, holder of the Congressional Medal of Honor; Lee R. Pennington, Washington, D. C., representative of the FBI; Fred Branca, national field secretary of the Legion; Gen. Thomas J. Holcomb, commandant of the U. S. Marine Corps in the war, if he has arrived home by that time, and Lieut.-Gen. Eugene Reybold, former chief of engineers, U. S. Army, now engineer for the Delaware River Bridge division, State Highway Department.

Invited guests include Gov. Walter W. Bacon, Secretary of State William J. Storey, Delaware's congressional delegation, as well as officers of Legion departments in nearby states, representatives of the Veterans Administration in Delaware and at the branch VA office in Philadelphia.

Among the committee chairmen who will report are: H. Eugene Savory, for Americanism; James E. Johnson, junior baseball; Arthur G. Livingston, Dover, Boys' State; George Ehinger, Dover, child welfare; J. Paul Helms, national defense; Mr. Ehinger, legislative matters; Thomas W. Mulrooney, oratorical contest; Julian A. Todd, adjutant of the department, publicity, and Thomas Egan, Claymont, service officer.

## ROTARIANS HEAR TALK BY PETTIT

Developments  
In Television  
Are Outlined

Silas Pettit, assistant vice-president of the Newark Trust Company, gave an informative talk on radio-television at the weekly meeting of the Newark Rotary Club on Monday night. Presiding was President W. S. Hamilton.

Mr. Pettit, a former instructor in television, discussed his difficult subject in non-technical language and gave a concise explanation of television theory as well as a graphic picture of the present development and possibilities of the new industry.

Dr. T. F. Manns, magazine chairman, gave a brief resume of matters of interest in the current issue of "Rotarian." A new member, Leon W. Gilmore, 301 West Main Street, was inducted at the session. Mr. Gilmore is a representative of the Metropolitan Life Insurance Company.

The members also received an invitation to join in a picnic and softball game next Wednesday. The Middletown unit is seeking revenge for a defeat handed it last year by the local Rotarians.

Next week's speaker will be Louis Stewart, a representative of Sherman-Williams Company, who will present two sound films "Goodbye Weeds" and "Doomsday For Pests."

## Legion Picnic Is Set For August 1

The annual picnic of the J. A. O'Daniel Post, No. 10, American Legion, will be held Friday, August 1st at the new community picnic grounds north of town off route 896.

Members and their wives as well as members of the local Legion Auxiliary are invited to attend.

## Box-Top King Awarded Autographed Baseball

Local celebrity and envy of the younger set here the past week has been 12-year-old James T. Edmanson, who amassed a fortune in box-tops and won a treasured baseball, autographed by big-leaguers, at the Blue Rock-Harrisburg baseball game last Sunday. James built up his hoard of 369 box-tops mainly through his ability to consume amazing quantities of a well-known breakfast food, as well as to swing favorable box-top trades with other cereal eaters. He took his entire savings to the ball game Sunday, and, during intermission, heard his name announced as the leading box-top tycoon. He was called to the center of the field and presented with a bat, glove and ball, the latter a priceless heirloom signed by Ford C. Frick, president of the National League, and Cy Young, big-league pitcher.

Asked to say a few words over the public address, Jimmie showed his pleasure most eloquently by remaining absolutely speechless.

## 16 LOCAL SCOUTS AT RODNEY; 13 GO SUNDAY

Troop 55  
Members Are  
Ending Two  
Week's Stay

Sixteen scouts from Newark's Troop 55 are currently joining with 236 scouts from all sections of the Del-Mar-Va Council in a round of scouting instruction and recreational activities at the thirtieth camping season of the Rodney Camps on the shores of the Chesapeake Bay near Elk Neck, Maryland.

This Sunday a group of 13 scouts, composing two patrols from Troop 55, will leave for a two week's stay. Instruction in all phases of scouting is given under the method "learning by doing," with plenty of time for recreational activities such as swimming, boating and canoeing.

The Troop 55 scouts who round out their stay this week are: James Wollaston, James Lewis, Rodney Smith, George Hammond, Eugene Trivitts, Walter Reybold, Don Rittenhouse, Norris Smith, Jay Steinouer, George Boone, Vernon Baker, Leonard Nelson, Billy Thompson, Dave Poffenberger, James Sult, Harold Folk, Erik Schaumann and Robert Thompson.

The two patrols leaving here Sunday for the period of July 20 to August 3 are under the direction of Senior Patrol Leader Milton Draper and Treasurer Francis McCann. The cobra patrol includes: David George, leader, John Speicher, Jimmie Draper, Don Miller, John Dear and Norman Delp; the stag patrol, Glen Skinner, leader, Ralph Broadwater, James Broadwater, Bobby Kase and James McCann.

The cobra patrol is a newly organized unit of Troop 56 which will be formally inducted at a troop meeting tonight, when its leader will be presented an official patrol flag.

## MAYOR CALLS ON VETERANS

Urging local veterans to maintain their National Service Life Insurance for their individual security and for furthering the economic stability of the community, Mayor C. C. Hubert yesterday issued a proclamation, the partial text of which follows:

"WHEREAS, The economic stability of the City of Newark is materially affected by the financial security of its individual families; and

WHEREAS, It is estimated that the veterans of World War II and their dependents will represent a substantial part of the population of this community; and

WHEREAS, It is apparent that any substantial reduction in the amount of National Service Life Insurance in force will inevitably result in additional burdens upon the community and the state through demands for increased government pensions, unemployment compensation and other forms of public and private relief; and

AND THEREFORE BE IT RESOLVED, That in order to further the economic stability of this community, and in order to foster among veterans the growth of individual initiative and responsibility in attaining financial independence for themselves and their dependents, I Mayor of Newark, hereby endorse the Government's program for the conservation of National Service Life Insurance and urge all veterans to maintain their insurance.

## McVEY TO DIRECT NHS BOARD FOR NEW TERM

Reelected  
President;  
New Repairs  
Authorized

Joseph M. McVey, 228 South College Avenue, was reelected president and W. Frank Wilson was named vice-president of the Newark School Board at its annual reorganization meeting last Friday night.

Mr. McVey, whose 2-year term expired last month, was previously reappointed to the board by F. L. Speakman, associate judge of Delaware.

In its first action of the year, the board authorized additional improvements and repairs to several buildings, including the installation of a stoker in the Delaware Avenue Building and the sound proofing of the cafeteria in the main high school.

The latter is a continuation of the project begun last winter, when a noise-killing celotex ceiling was placed in the main corridor and in the band room.

Meanwhile, only official word from Dover is needed to launch the \$12,500 delayed maintenance program here, details of which were announced two weeks ago. The project, which calls for wide-scale repairs postponed during the war years, was expected to be started about two weeks ago but final approval from state education officials in Dover has been delayed. Bids on virtually all the contracts have been received.

The board accepted the resignation of Miss Harriet Roberts, home economics instructor here the past two years and appointed Miss Doris Dean, graduate of Newark High School and the University of Delaware, to the post. Miss Dean has been a member of the Greenwood High School faculty for the past three and a half years.

Appointed as modern language instructor was Miss Philomena Capozzoli, of Philadelphia. Miss Capozzoli graduated from Rosemont College, Pa. Supt. Wilmer E. Shue submitted to the board the annual financial statement and the certificate of audit of all school funds for the district. He also announced that tax receipts in June totaled \$58,84.

A full report on the recent consolidation of the Milford District with the Newark School District was also heard. The disposition of the Milford building was discussed, but no action was taken.

## SAFETY ON FARMS TO BE URGED JULY 20-26

Extension  
Lists Plans  
For Curbing  
Accidents

"Farm accidents can be reduced through education, by personal example, and by united family action," says George M. Worriow, associate director of the Delaware Agricultural Extension Service and vice-president for farm safety of the Delaware Safety Council, in urging Delaware farm families to observe National Farm Safety Week, July 20-26.

National Farm Safety Week, proclaimed by President Truman, has as its primary objective adopting safe practices of working and living 52 weeks a year. National Farm Safety Week was conceived by the National Safety Council in 1944, but it is sponsored by the National Safety Council and the United States Department of Agriculture in cooperation with many organizations interested in agriculture and farm life. For the past three years it has been officially proclaimed by the President of the United States.

One out of every 10 farmers will suffer a disabling injury, either on or off the job, in 1947, unless precautions are taken. One out of every 350 farm families will suffer the pain and sorrow which accompany accidental deaths, unless extra precautions are taken.

## WELL-CHILD CLINICS ARE OPENED TO NEW PUPILS

### Parents Urged To Have Child Physically Fit For School

With school days about 8 weeks away, parents should be considering the health of their children in preparation for the school year. Well children learn faster than do sickly ones and they are less apt to be seriously affected by the contagious diseases of childhood—from colds to whooping cough—some of which occur in every school each year, according to the State Board of Health.

While the Board is concerned with the health of all school children, it is especially interested that children entering first grade this year have both physical and dental examinations and corrections made of any defects found. BEFORE they begin school. In this way they will be able to start their school career with as few handicaps as possible.

Last year Delaware had 4330 children in first grade and this year it is expected that the number of those entering may be approximately the same. Many, no doubt, have had physical check-ups by their family physicians, but for those families who cannot do this the State Board of Health suggests that prospective first-graders be brought to the Well Child Conference (baby clinic) nearest them for a pre-school health examination.

Well Child Conferences are held in Newark the 2nd Thursday each month for colored people—and at Shipside the 1st Thursday of each month for white people.

#### Need Better Nutrition

The State Board of Health emphasizes that many of the defects found in the five and six-year-olds examined are nutritional ones and urges mothers to bring their youngsters in for a check-up even if they do think they are in good health. At the conference, with a doctor and a nurse in attendance, they can find out if their school child—soon-to-be—is properly fed for his age and, if not, just what he should be given.

When the protective foods—milk, eggs, leafy green vegetables, Vitamin C rich foods as tomatoes, citrus fruits, cantaloupe, or raw cabbage), and whole grains, are included in sufficient amount they supply 95 per cent of the child's energy needs. Parents need to give children plenty of whole grain breads and cereals, which are vital to health at any age, but are particularly important in developing firm muscles and warding off fatigue in active children. Plenty of milk is a must.

#### Dental Health

Dental cavities are one of the highest in the list of defects to be found among the children of this age group. It is important that these cavities be filled in order that the child may be able to keep his teeth until the second ones are ready to come thru. Baby teeth lost early because of cavities, may mean that the jaws will change in shape so that the permanent teeth do not come in as evenly as they should. It is a matter both of better personal appearance for the child and of better chewing surfaces if the teeth are regularly spaced. The baby teeth hold the spaces open for the second teeth.

Other defects which are found among the prospective first-graders include poor eyesight, faulty posture (often due to poor nutrition), poor hearing, skin diseases and heart conditions.

Assistance for the child now, before September, may mean a much healthier and more successful school year for the youngsters, emphasizes the State Board of Health, which says that the examinations are of little use unless corrections follow.

#### STATE OF DELAWARE OFFICE OF SECRETARY OF STATE CERTIFICATE OF DISSOLUTION

To All Whom These Presents May Come,

Greeting:

Whereas, It appears to my satisfaction by duly authenticated record of the proceedings of the voluntary dissolution thereof by the consent of all the members deposited in my office, the

ACACIA FOUNDATION, INC.

a corporation of this State whose principal office is situated at

Bond Manufacturing Building, Monroe and Fifth Streets,

in the city of Wilmington, County of New Castle, State of Delaware

H. H. Morris,

being agent therein, and in charge thereof, upon whom process may be served, has complied with the requirements of the Corporation Laws of the State of Delaware, as contained in 2033, Section 1, to 2246, Section 214, Chapter 65, of the Revised Code of 1935, as amended, preliminary to the issuing of this

CERTIFICATE OF DISSOLUTION

Now, therefore, I, William J. Storey, Secretary of State of the State of Delaware, do hereby certify that the said corporation did on the fifteenth day of July A. D. 1947 file in the office a duly executed and attested consent, in writing, to the dissolution of said Corporation executed by all the members thereof, which said consent and the records of the proceedings aforesaid, are now on file in my office as provided by law.

In Testimony Whereof, I have hereunto set my hand and official seal, at Dover this fifteenth day of July in the year of our Lord one thousand nine hundred and forty-seven.

William J. Storey  
(OFFICIAL SEAL) Secretary of State.

## CIVIL JOB EXAMS SET

### Photographer And Messenger

The U. S. Civil Service Commission today announced examinations for filling Messenger and Photographer positions in Washington, D. C., and nearby Maryland and Virginia.

Persons appointed from the messenger examination will receive a salary of \$1,690 a year. No experience is necessary to qualify, but all competitors must pass a written test. Sample questions are available. Messenger positions are restricted by law to persons entitled to veteran preference so long as such persons are available. Applications for this examination will be accepted until July 20, 1947, from persons not entitled to veteran preference; however, such persons will be considered for appointment only when preference eligibles are not available.

Persons appointed from the new photographer examination will receive salaries ranging from \$2,168 to \$3,397 a year. No written test is required. In order to qualify, applicants must have had experience, or a combination of experience and training in photographic work. For positions paying \$2,644 and above, part of the experience must have been in one of the options (process photography or general photography).

Further information and application forms may be obtained from the Commission's Local Secretary, Mr. W. S. Singles, located at Newark Postoffice from most first and second-class post-offices from the Director, Third U. S. Civil Service Region, 103-A Customhouse, Philadelphia 6, Pa., and from the U. S. Civil Service Commission, Washington 25, D. C. Applications from all applicants for the Photographer examination, and from non-preference applicants for the Messenger examination, must be filed not later than July 29, 1947. Applications for the Messenger examination will be accepted until further notice from persons entitled to veteran preference.

### Department Store Sales Up 28 Pct. Over Last May

The Commerce Department recently estimated May sales of chain stores and mail order houses at \$2,135,000,000, about 28 per cent above May last year. The department added that last May's sales were unchanged from April's on its index for chain stores and mail order houses, which takes into account seasonal factors and differences in the number of working days.

The index stood at 169 per cent above the 1935-39 average. The seasonally adjusted index for chain grocery and combination stores was 213 per cent above the pre-war average and unchanged from April.

### U. Of P. Gets \$106,000 For Polio Research

A research grant of \$106,000 has been awarded to the University of Pennsylvania for a five-year study of one aspect of infantile paralysis by the National Foundation for Infantile Paralysis, according to Spencer Brownell, Jr., chairman of the New Castle County Chapter.

Mr. Brownell said the research will be directed by Dr. Detley W. Bronk, director of the university's Johnson Research Foundation. It will investigate the metabolic processes of nerve cells and how the processes are modified by the infantile paralysis virus. Last year \$31,915 was collected in Delaware.

### Assures Protection For Buying Public

Every possible protection for the buying public should be used, Gov. Walter W. Bacon pointed out during a conference at Dover of the regulators of weights and measures for each of the three counties last week.

"Because of existing prices, and the prospect of possible additional increases in the prices of items needed for living purposes, the purchaser should be assured of receiving the quality of item paid for," the Governor stated.

While the Governor pointed out that some complaints had been received, he urged that extra efforts be used and great care be exercised to see that the buying public is protected in this state.

## HOMEMAKERS SUGGESTIONS

### Two Ways To Fry Chickens

Before the broiler era in Delaware, a favorite summer dinner included fried chicken, new potatoes, and periwinkles, string beans fresh from the garden. Even though fried chicken may be on the menu any month of the year, now that broilers are being raised all year, it still is a favorite summer meat.

According to Miss M. Gertrude Holloway, nutrition specialist, Delaware Agricultural Extension Service, it is important that chicken be cooked at a relatively low temperature, and that it be cooked long enough to reach the fork-tender stage.

Miss Holloway suggests frying chicken in either of the following ways:

**Deep fried chicken**—Coat pieces with flour seasoned with salt and pepper. Heat a 2-inch layer of fat to a temperature of 350 degrees F. lower chicken pieces into fat, meatier side down, cooking the meaty dark pieces first, then meaty white pieces. Keep fat at uniform temperature, until chicken is browned. Lift from fat and finish cooking chicken in oven or on top of range in a covered skillet.

**Shallow fried chicken**—Coat pieces with seasoned flour. Heat fat in a heavy skillet to a depth of about 1/2 inch. Fry meaty pieces first. As soon as chicken begins to brown, about 10 minutes, reduce heat, cover tightly and cook slowly until tender—from 30 to 40 minutes, depending upon size of pieces. Add 1 to 2 tablespoons of water before covering if bird is heavier than 3 pounds. Uncover for the last 15 minutes if crisp skin is desired.

**Maryland fried chicken**—Dip pieces in milk, eggs and crumbs, brown in shallow oil, deep fry and finish in the oven in a covered pan.

**SHERIFF'S SALE**—By virtue of a writ of F. Fa No. 15, September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware, ON SATURDAY,

THE TWENTY-SIXTH DAY OF JULY, 1947.

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

All those two certain lots pieces of parcels of land situate at Gordon Heights in Brandywine Hundred, New Castle County and State of Delaware, being more particularly bounded and described as follows to-wit:

No. 1. BEGINNING at a point in the Northwesterly side of Grandview Avenue, distant one hundred and thirty feet Southwesterly along said side of Grandview Avenue from the Southwesterly side of Haines Avenue; thence Northwesterly, parallel with Haines Avenue and along line of land of Ewing Thompson, one hundred and fifty feet to a point; thence Southwesterly along land now or formerly of George Lowery thirty feet more or less to a point in line of land of Security Title Company; thence Southeasterly along said line of land of Security Title Company seventy feet more or less to the Northwesterly side of the River Road; thence Northwesterly along said side of River Road to its intersection with the Northwesterly side of Grandview Avenue; thence there by Northwesterly to the place of Beginning. Be the contents thereof what they may.

No. 2. BEGINNING at the intersection of the Southeasterly side of River Road with the Southeasterly side of Grandview Avenue; thence along said side of Grandview Avenue South forty degrees, fifty-seven minutes West one hundred forty and less to a point in the boundary line of land formerly of the E. I. du Pont de Nemours and Co.; thence Northwesterly along said line of land formerly of the E. I. du Pont de Nemours and Co. to its intersection with the center line of River Road; thence Northwesterly along said center line of River Road to said place of Beginning. Be the contents thereof what they may.

Seized and taken in execution as the

property of Harry A. Roberts, Administrator of the estate of Francis J. Meredith and to be sold by  
ELMER C. TAYLOR, Sheriff,  
Sheriff's Offices, Wilmington, Del., July 3, 1947.  
7-3,10,17.

**SHERIFF'S SALE**—By virtue of a writ of Lev. Fa. No. 20 September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware, ON THURSDAY,

THE TWENTY-SIXTH DAY OF JUNE, 1947.

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

ALL that certain lot or parcel of land with a three story brick dwelling house thereon erected, situate in the City of Wilmington aforesaid, bounded and described as follows, to-wit:

BEGINNING at a point on the westerly side of Adams Street between Ninth and Tenth Streets at the distance of one hundred and twenty-four feet and one inch northerly from the northerly side of Ninth Street; thence westerly parallel with Ninth Street and through the middle of the partition wall dividing this from the house adjoining on the south one hundred feet to a corner, thence northerly and parallel with Adams Street twenty feet and one inch to another corner, thence easterly and parallel with Ninth Street one hundred feet to the said westerly side of Adams Street, and thence there by southerly twenty feet and one inch to the place of Beginning. Be the contents thereof what they may.

BEING the same lands and premises which James S. Grant and wife by their Indentures bearing even date herewith, not yet recorded, but intended forthwith so to be in the office for the Recording of Deeds & c., at Wilmington, in and for said New Castle County, did grant, convey and assure unto the said William Harold Murphey, in fee.

Seized and taken in execution as the property of William Harold Murphey, Lillian Bird, formerly Lillian Murphey, wife of William Harold Murphey, Mortgagees, and to be sold by  
ELMER C. TAYLOR, Sheriff,  
Sheriff's Offices, Wilmington, Del., June 7, 1947.  
6-12,19,26

**SHERIFF'S SALE**—By virtue of a writ of V. C. Exp. No. 49, September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware, ON SATURDAY,

THE TWENTY-SIXTH DAY OF JULY, 1947.

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

ALL THAT certain lot, piece or parcel of land with the buildings thereon erected, known as No. 919 Gray Street, in the City of New Castle, County of New Castle and State of Delaware bounded and described as follows, to-wit:

BEGINNING at a point on the Northerly side of Gray Street at the distance of one hundred forty-two feet seven and one-half inches, more or less Westerly from the Westerly side of Ninth Street; thence Northerly parallel with Ninth Street and passing through the center of the party wall between the house erected on this lot and the house on the lot adjoining on the East sixty-nine feet to a point; thence Westerly parallel with Gray Street fifteen feet eight and one-half inches, more or less to a point in line with the center of the party wall between the house erected on this lot and the house on the lot adjoining on the West; thence Southerly passing through the center of said party wall and the center of a two feet wide alley and parallel with Ninth Street sixty-nine feet, more or less to the aforesaid Northerly side of Gray Street; and thence there by Easterly fifteen feet eight and one-half inches to the place of Beginning. Be the contents thereof what they may. With the free use and privilege of said alley in common with others entitled thereto forever.

Seized and taken in execution as the property of Carrie E. Taylor and to be sold by  
ELMER C. TAYLOR, Sheriff,  
Sheriff's Offices, Wilmington, Del., July 3, 1947.  
7-3,10,17.

Hold this chart before  
your eyes on payday-

Read this chart  
right now!

SAVE EACH WEEK	IN 1 YEAR	IN 5 YEARS	IN 10 YEARS
\$0.75	\$39.00	\$200.74	\$431.49
1.25	65.00	334.11	719.11
2.50	130.00	668.97	1,440.84
3.75	195.00	1,004.20	2,163.45
7.50	390.00	2,009.02	4,329.02
12.50	650.00	3,348.95	7,217.20
15.00	780.00	4,018.67	8,660.42
18.75	975.00	5,024.24	10,829.74

Here is one good way to sharpen your financial foresight.

Take a good look at the Payroll Savings Chart above. See that \$7.50 figure on top?

If you put aside that amount from your pay each week into U. S. Bonds—through Payroll Savings—it grows into the sum on the second line (\$390.00) by the end of one year. Quick as that!

Read on down—\$783.70 . . . \$1182.65 . . . \$1590.65 . . . \$2009.02—that's how much you've piled up by the fifth year with your \$7.50 a week.

(\$2009.02 may be a small figure on the chart, but it's certainly big in the things it can buy you!)

Take a good look at the next few figures—\$2437.89 . . . \$2879.52 . . . \$3341.90 . . . \$3825.15. They're growing bigger and bigger all the time!

Now fix your eyes on that bottom line for a real eye-opener—\$4329.02! Think of what a whopping sum like that could mean to you and your family! And you save it in only ten years!

Isn't it easy to see now how regular weekly savings—through Payroll Savings—can pile up money practically hand over fist for you?

Just to prove how financially foresighted you really are, why not put aside an extra bond into your Payroll Savings this month? Or pick up an extra one at any bank or post office!

**BUY YOUR EXTRA BOND NOW!**

## EASING OF TRAVEL CURB IS PLANNED

### Delaware Tourist Trade Seen Reviving

Delaware should get its full quota of tourists this season, according to Senator Owen Brewster (R-M.).

Senator Brewster, chairman of the sub-committee on travel restrictions of the Senate Interstate and Foreign Commerce Committee, made this statement on the eve of opening hearings tomorrow on lifting travel restrictions.

"The sub-committee is authorized by a resolution introduced by myself," he explained, "to study ways and means for relaxing the stringency of rules connected with the issuance of passports and visas for foreign travel by American citizens.

"At the same time, we are intensely interested in resuming normal travel among the citizens of our states. Along this line, I expect there will be enough gas and oil for the west to come and see us and for us to visit them.

"I've asked Maj.-Gen. Leslie Groves, former chief of the Manhattan Project, to testify tomorrow before our groups. Groves is going to say, I understand, that resumption of travel is the dawn of peace.

"American travel abroad will enable foreign countries to store up a greater reservoir of dollar currency with which to purchase products manufactured in the United States. Travel at home enables us to know our neighbors—and this contributes to the solidarity of our country."

## GUARD EASES ENLISTMENTS

Enlistment regulations for the Delaware National Guard air and ground forces have been modified to permit the admission of 17-year-old volunteers, according to word received from the chief of the National Guard Bureau. The former age limit was 18 years.

Parental consent is not required for those who enlist for three years who are 17 or over. Enlistments may be made at the State Armory, Tenth and DuPont Street, Wilmington, at the temporary recruiting headquarters, Ninth and Market Streets, or the New Castle County Airport.

### List Types Of Firearms Requiring Registration

Confusion in the public mind regarding what types of firearms must be registered under the National Firearms Act, led Paul C. Culp, local investigator for the alcohol tax unit, U. S. Treasury Department, Postoffice Building, in charge of the registration here, to give a description recently. The following must be registered, he says:

All fully automatic guns, foreign or domestic, and all guns which are convertible to fully automatic guns—that is, guns that discharge more than one bullet by a single pull of the trigger; any rifle or shotgun with a barrel less than 18 inches except rifles with a calibre of 22 or less, which must be registered if the barrel is less than 16 inches; any gun with a silencer or muffler, and any gun with a detachable shoulder stock.

Since the close of the war, Mr. Culp's office has examined more than 1,800 guns, about 30 of which were of the type requiring registration under the act.

## BATTERY 'C' TO TRAIN AT GUARD CAMP

### To Take Part In Program At Bethany Beach

Newark's Battery "C" will be among the units from throughout the state attending the Delaware National Guard ground forces encampment at Bethany Beach from August 2 to 16.

Details of the training schedule, which includes not only strictly military routines but recreational activities such as swimming and athletic contests, were released this week.

Some 50 additional men have been added to the personnel of the 198th A. A. Group in the current drive, it was also disclosed as the training program for the camp was approved by Col. James L. Whaley, commanding officer of the group.

The program, prepared by Maj. Paul I. Donnelly, plans and training officer, is being issued in mimeographed form by Capt. John W. Ellis, adjutant.

So that every soldier may know how to swim for his own safety, swimming instructions will be given in the first few days of the camp for non-swimmers. Life saving instructions will be given to the advanced swimmers.

The hours of training each week day will be 7 a. m. to 11:30 a. m.; 1 p. m. to 4:30 p. m. and 5:10 p. m. to 5:40 p. m., the time of unit parade formations.

There will be 92 hours of training during the encampment. Subjects and time allotted for each are: Army Ground Force proficiency tests and training inspection, four hours; inspections, four; commanding officers time for review of subjects, eight; chemical warfare training, two; dismounted drill and ceremonies, seven; combat formations, two; domestic disturbances and martial law, one; individual tactical training, six; communications exercises, eight; compass, map and aerial photo reading, two; individual and section training, 26; physical and athletic, seven; range and field firing 11; and swimming instruction, four.

Recruits will be given basic training. On the afternoon of the first training day, Aug. 2, a mess management conference will be held at which supply officers, mess officers, battalion sergeants, mess sergeants, and cooks will discuss camp menus.

### Services In Morning At Head Of Christiana

Services will be held in the morning at the Head of Christiana Presbyterian Church this Sunday. Sunday School will begin at 10 o'clock, and morning worship at 11 o'clock.

Patrick Morgan, superintendent, will be in charge of the Sunday School, when the classes will study "The Problem of Human Suffering." The attendance goal for this Sunday is 60.

The pastor, Rev. Evan W. Renne, will deliver the sermon at the morning worship hour on the subject "How Should a Christian Observe the Sabbath." There will be special music provided by the choir. All members and friends of the church are cordially invited to attend this service. The attendance goal is 75.

Westminster Fellowship will meet at 8:45 p. m., with a program of inspiration and instruction for all young people of the church and community. All members of the Fellowship and the adult advisors are urged to be present. The attendance goal is 25.

## ROBINSON-BRISTOW WEDDING IN JUNE

Announcement has been made of the wedding of Miss Doris Robinson, daughter of Mr. and Mrs. Edgar Robinson, of Newark, and Mr. Robert Bristow, son of Mrs. Maude Bristow and the late Mr. Lester Bristow, of Marlinton.

The ceremony was performed on June 27 by the Rev. R. High Adams at his home in Roselle.

Mr. and Mrs. William Bristow were the only attendants.

After a wedding trip the couple will live in Marlinton.

## FELLOWSHIP GROUP ELECTS OFFICERS

Mr. Howard Peterson was elected president on Sunday evening of the Westminister Fellowship of the Head of Christ Church at the semi-annual election of officers.

Other officers include William Miller as vice-president, Miss Joan Pierson as secretary and William Miller to continue as treasurer of the organization.

Miss Joan Pierson, one of the young people who attended the Youth Conference at West Nottingham, gave her report on the week's conference. Philip Zebay and Ronald Chesdale were the other members of the Fellowship who also attended the conference.

The Fellowship group plans to continue the Sunday evening services through the summer months and is anxious for all members when not on vacation to attend. Your guests are welcome and Junior Choir rehearsal will follow the meetings.

## ACTIVITIES OF NEWARK GOSPEL TABERNACLE

The annual Sunday School picnic of the Newark Gospel Tabernacle was held on Saturday, July 12, at the Marine Cheer Conference Grounds, Sandy Cove, with about seventy members and friends present.

Members of the Newark Gospel Tabernacle plan to attend the annual Camp Meeting at Maranatha Park, Greenland, Pa., on Sunday, August 3. Transportation will be by bus.

Regular hours of worship service are Sunday School at 9:45 a. m.; morning worship 11 a. m. with evening service at 7:45 p. m.

You are welcome to come and worship with us.

## SUMMER SCHEDULE FOR ST. THOMAS CHURCH

There will be services at St. Thomas Episcopal Church on July 20, and 27, and on August 3, with the services starting at 10 a. m., Eastern Daylight Time.

Morning prayer will be read on the two Sundays in July and the celebration of Holy Communion will be observed on Sunday, August 3.

There will not be any other services in the church until Sunday, September 7, at which time all regular services will be resumed.

## STRICKLAND-WILSON ENGAGEMENT ANNOUNCED

Mr. Benton E. Strickland, 74 North Chase Street, announces the engagement of his daughter, Miss Elizabeth Emily Strickland, to Mr. Harold W. Wilson, son of Mr. Willard Wilson, Milford Cross Roads.

The wedding will take place in the near future.

## LADIES' BIBLE CLASS PLAN ANNUAL PICNIC

The Ladies' Bible Class of the First Presbyterian Church has planned for their annual picnic to be held at Lumpe Park on Monday evening, July 28.

Supper will be served at 6:30 o'clock.

## LADIES' BIBLE CLASS WEEKLY MEETING

The Ladies' Bible Class of the First Presbyterian Church will meet this Sunday at the regular hour of 9:45 a. m. at which time the members will be invited to join in the discussion of the topic, "Light on the Problem of Human Suffering."

Members report they are experiencing a fairly good attendance for the summer and urge each one to attend as regularly as possible and bring your guests.

Class will continue to meet all of the summer months and there will be guest teachers on several of the Sundays.

## REGULAR MEETING LADIES' BIBLE CLASS

"How God uses adversity and suffering of the life of his children to give them a clearer knowledge of himself and a truer conception of their own comparative littleness" is the subject for discussion this week at the class meeting on Sunday morning, 9:45 of the Ladies' Bible Class of the Newark Methodist Church.

## PERSONALS

Dick Milburn will return this Saturday from a two week's vacation at Camp Tockwogh on the Chesapeake Bay. Dick is the son of Mr. and Mrs. E. B. Milburn, Jr., of Nottingham Manor.

Mrs. James Finerty and young daughter, Terry Eileen, recently spent a week with Mrs. Finerty's mother, Mrs. Bessie Miller. Terry remained with her grandmother for a week's visit.

Congratulations are being extended to Mr. and Mrs. Charles Golzio on the birth of a daughter, born July 8 in the Wilmington General Hospital.

Mrs. Annie Taylor and grandson, Jackie Mann, of Lumbrook, are visiting this week with Mrs. Taylor's sister, Mrs. Charles Stitley, of Thurmont, Maryland.

Mr. Hubert Cox, of Newark, recently spent a week in Laurel Springs, N. C., with his parents, Mr. and Mrs. W. Cox.

Mrs. J. Chesley Stewart has arrived at her home in London, England, after visiting her parents, Mr. and Mrs. J. Irvin Dayett at Cooch's Bridge. Mrs. Stewart came here early in June by Trans-World Airlines. Other recent guests with the Dayetts were their son-in-law and daughter, Mr. and Mrs. Albert D. Ayerst, of Conneville, Pa.

Mr. and Mrs. Claude Galven, of Haines Street, arrived home Saturday following a week's vacation with Mr. Galven's parents, Mr. and Mrs. Carl Galven, of Galax, Virginia.

Mr. and Mrs. James Finerty spent last week in Wildwood, N. J.

Congratulations are being extended to Mr. and Mrs. James H. Mullen, of 76 East Delaware Avenue, on the birth of a son born July 11, in the Delaware Hospital, Wilmington.

Mr. and Mrs. Warren Cobb and daughter, Jacqueline, of Cheriton, Virginia, are visiting with Mrs. Cobb's brother-in-law and sister, Mr. and Mrs. Conrad K. D. Lewis, of 130 Academy Street.

Mrs. Arthur Jackson, Mrs. Edward Ginther, Mrs. Frank Jamison and Mrs. John Moore are attending the Peninsula Conference School of Missions at Wesley Junior College, Dover, this week.

Mrs. E. B. Milburn, Sr., of Barksdale, was hostess to the Appleton Homemakers Club on Wednesday evening of this week.

Mr. and Mrs. John Schmeusser, of Roseville Park, near Newark, are receiving congratulations on the birth of a son, born July 8, in the Wilmington General Hospital.

Davey Van Pelt, son of Mr. and Mrs. David Van Pelt, of Nottingham Road, is visiting with his uncle and aunt, Mr. and Mrs. Charles Hayes, of Cleveland, Ohio. Mr. and Mrs. Hayes spent the past week with the Van Pelt family.

Mrs. A. J. Jackson president of the Wilmington District of Woman's Society of Christian Service of the Methodist Church will preside at the meeting of the Society at Brandywine Summit Camp on July 31. Mrs. Jackson is the wife of Dr. A. J. Jackson, pastor of the Newark Methodist Church.

Mrs. Richard Cooch, of 204 West Main Street, will return Saturday from a visit with her son-in-law and daughter, Mr. and Mrs. James B. Hardwick and granddaughter, Patty, of Lawrenceburg, Indiana. Patty Hardwick will return with Mrs. Cooch for a visit.

Mr. and Mrs. Fred J. Strickland, of 175 Elkton Road, attended on Saturday the wedding of Mrs. Strickland's niece, Mrs. Dorothea Giffillan Stradley, and Mr. Jack O'Connor, at Galena, Md. Stradley is the daughter of Mr. and Mrs. Earle Giffillan.

Misses Lydia and Winifred Fader, of East Main Street, left last Thursday for a month's vacation in Southern California. They are visiting with an aunt, Mrs. Helen Shaw near San Diego.

Mr. and Mrs. Carlton D. Pepper, of New York City, were guests of Mrs. Elsie Conover, Jr., 247 West Main Street last Sunday.

Carolyn Sharp and Anne McLean are spending two weeks at the Girl Scout Camp at Camp Timber Ridge, Elverson, Pa.

NEWARK, DELAWARE

TAKE  
THE  
LEAD

...in party-line courtesy!  
If your line is a party-line, keep calls brief... and space calls so that others may use the line in between. Courtesy is catching. It means better service for all concerned.

The Diamond State  
Telephone Company

Heedful of the clamoring of our public criticizing us for not writing this column last week, we'll attempt to make amends by at least filling the space—whether we say anything or not.

Then, too, this feller "FILLIN' IN" who so generously pinch-hit for us and wrote the column in our absence, kinda takes advantage of his education to fling a lot of learning and high-class vocabulary around . . . all of which doesn't make us look very good when we come back with what we are pleased to call our homespun logic and one-syllable words.

We are nonetheless grateful to our colleague for his efforts and the fact that he saved us a couple of hours of heavy concentration which it usually takes for us to think up enough nonsense to fill this space without stepping on anybody's toes . . . then we don't always achieve our purpose.

For instance, the last column we wrote, we spouted off too fast and said that the race season just ended at Delaware Park hit a new low in attendance and the calibre of racing presented.

Now, of course, we spoke merely from what met our eye and how it appeared in our untutored judgement—without benefit of a sheaf of facts and figures which since have been presented to the racing officials and which also make us very much mistaken in our interpretation of the attendance and in what we said in this space.

In the interest of fair play and placing blame where it is justly due, let it be said that we were wrong and hasten to apologize to all concerned members of the Delaware racing fraternity.

According to a more recently published statement the 1947 meeting at Delaware Park was highly satisfactory in every respect—particularly financial—whereby the State will receive \$969,305.18 in taxes which is the third highest total to be paid the State in the eleven-year history of the Stanton oval . . . and that ain't hay.

Figures for the season attendance show that this year was no lower than other previous years and the season's daily betting average was \$851,826.26. Bryan Field, vice-president and general manager of the association, says the meeting was the "most successful yet held because the book of the meeting was so attractive that horsemen were repeatedly deserting New York to run at Delaware Park."

So, we stand duly corrected . . . and we hope we have duly corrected any misrepresentation we may have created in your minds by our previous article.

We're always happy to see Delaware Park open . . . and we're always happy to see it close. Probably a little happier to see it close than open for thirty days is a long stretch.

Speaking without being asked, again, we're of the opinion that many race goers would more thoroughly enjoy the meeting if it were split up into two fifteen-day sessions say one in the spring and another in the fall rather than the extended 30-day battle in mid-summer.

That, however, is merely our own opinion and not having any official connection with the track (other than as a 2-buck contributor) we imagine the Delaware Steeplechase and Race Association will continue to operate their establishment exactly as they, and the racing commission, see fit.

Our middle initial is "T." which can and does stand for Trouble but that doesn't make it our middle name . . . although these days we have come to think it would be more appropriate than the family moniker of Tucker.

With one man in the hospital, another off on a lost week-end and a third called away by a death in the family we've been busier than the proverbial one-armed paper hanger. This, in part, accounts for our not writing this stuff last week . . . and for any other faults we may have innocently committed.

But, there's a great day coming (we hope) and we're ready for her to come along now, most anytime.

Our golf has suffered slightly, too, but not so much that we don't feel that we can hold our own with any of the 36-inch waistline boys we generally play with . . . if they're not called home in the middle of the match.

Casanova Joe Brunanski made a killing last Thursday, we understand, when he gave three other linksmen a lesson and a thorough drubbing at the same time by chalking up a record score (for him) of 85 . . . he isn't saying much about the 103 he shot the next day, though.

Also understand that veteran Harvey Hirst more than held his own in a threesome wherein he played the best ball of his two opponents and they failed to win a single hole out of the last five played—for two-bits.

Guess we better admit a couple other mistakes before someone else beats us to it . . . last week's paper carried an adv announcing new summer store hours of Jackson's Hardware Store wherein we erroneously said the store would be open from 8 a. m. to 9 p. m. on Tuesdays—this was in error. The store is open from 8 a. m. to 6 p. m. on Tuesdays . . . and we're sorry for the mistake, Sonny.

# The Newark Post

Six

The Newark Post, Newark, Delaware, Thursday, July 17, 1947

## NEWARK A. A. MOVES INTO TOP POSITION IN TOWN SOFTBALL LEAGUE RACE

**Athletics Down Curtis Paper On Tuesday, 16-4 For Third In Row; Blue Jays Drop First Of Season; Red Men Take Over Second Place**

The Newark A. A. earned its third straight win and took over top position in the second half of the community softball league when it overwhelmed Curtis Paper, 16-4, on Tuesday night.

Previously, the Athletics gave the Spiders their first taste of league action by stepping on them, 6-3.

Meanwhile, the Blue Jays went down for their first defeat of the season, when Continental nipped them, 4-3, last Friday in the thriller of the week. The clubs were tied going into the final inning in which the Jays collected two, but the Fibremen countered three big runs. B. Smith, Delcola and Lewis hit for Continental. Earlier on Thursday, the Jays downed the Knights, 3-0.

The Red Men continued unbeaten in the second half, moving into second place on their 5-2 triumph over the Knights of Pythias.

The Spiders, newcomers to the league this half, after losing their debut to the Newark A. A. lost again last Thursday to Curtis Paper, 7-6. The papermen trailed until the fifth when they moved ahead on a single counter; the Spiders went in the sixth, but Curtis eked out the win with a run in the final session.

Later, the Spiders revived to take over Danita Hosiery by a 4-2 margin.

Crystal ball men are picking Assault to win in the \$100,000 Gold Cup on Saturday by virtue of his triumph last week in the Butler Handicap, although Ensueno, the South American speed specialist, looms as a possible dark-horse winner.

Ensueno, Nelson Seabra's Brazilian representative, is noted for running both fast and far. He was a sprint champion in 1945 and last season was voted horse of the year in Argentina. Trainer Jose Mora says the brown five-year-old won at a mile and a half over a heavy track in 2:30 shortly before being flown here.

Jorge Atucha's giant Argentinian Endeavour, the other airborne invader who stands 17.3, has not impressed U. S. horsemen quite as much as Ensueno, although they say his action is almost as good as Ensueno's considering his terrific size.

But Assault stamped himself as capable of turning back the strongest bids of the foreign invaders by registering his seventh straight triumph in the Butler at Jamaica Saturday. He beat Styria by a neck to regain the world money-winning title.

## Nation's Employment Highest In History

The one-time "dream goal" of 60,000,000 civilian jobs has been attained—and bettered—for the first time in the nation's history.

A Census Bureau report showed recently that the number of civilians with jobs rose to a record high of 60,055,000 in June, surpassing even the war years.

Combining that number with 1,398,000 in the armed forces, it puts the total number of Americans working for "pay or profit" at 61,453,000.

Civilian employment in June shot up 1,730,000 over May—which had been a record-setting month itself—and was 3,700,000 above June of last year.

## It Is Wise to Act and Let the FARM BUREAU solve your insurance problems.

## Local Gob Completes Submarine Training

Harvey E. Renshaw, electronics technician's mate, third class, USN, son of Mr. and Mrs. Julius A. Renshaw, of 57 East Delaware Ave., Newark, Del., has completed basic training at the Submarine Base, New London, Conn.

The Submarine School, only one of its kind in the Navy, is attended by a select group of men who must pass rigid physical, mental and psychological tests.

## \$969,305 IN TAX REVENUE FROM TRACK

### Returns On Race Meeting 3rd Highest

Tax revenue to the state from the total funds bet and admissions paid at Delaware Park during the recent 30-day meeting will come to almost a million dollars, according to Bryan Field, vice-president and general manager of the Delaware Steeplechase and Race Association.

The exact figure for the state is \$969,305.18, while the federal government dip out exactly \$110,151.52.

The state's revenue is the third highest since the opening of the park. Top years were 1946 and 1945.

The largest portion of Delaware's share, \$894,417.38, comes through the 3½ per cent tax on money wagered during the meet. Bettors stuffed \$25,354,788 through the mutual windows during the 30 days of racing. In addition the state received \$69,887.60 as the result of its 20 per cent tax on admissions.

The total paid to the federal government comes from the admissions tax alone.

The figures for the 1947 season indicate that the daily betting average was \$851,826.26.

The overall distribution of purses Field's figures show, totaled \$43,800, the highest in the track's history. Fields said the meeting was the "most successful yet held because the book of the meeting was so attractive that horsemen were repeatedly deserting New York to run at Delaware Park."

## Car Output Hits 91,670 Unit Mark

Passenger car and truck production in the United States and Canada last week was estimated by Ward's Automotive Reports recently at 91,670 units.

The previous week's four-day output was estimated at 63,460 vehicles. This week's output compared with 74,015 in the like week of 1946 and 114,318 in the corresponding week of 1941.

Included in last week's production were 64,537 cars and 22,023 trucks assembled in the United States and 3,270 cars and 1,780 trucks made in Canadian plants.

## NEWARK MOVES TO FOURTH PLACE TIE WITH 10-2 WIN OVER NORTH EAST SUNDAY

**Whiteman Holds Visitors To 4 Hits, Fans 10, Newark Gets 18 Safeties; Faces Bel Air Sunday; Home Tilt July 27th**

Newark jumped back to a fourth place tie with Perryville here last Sunday in the Susquehanna League race through a decisive 10-2 triumph over North East.

Next on the schedule is a contest with Bel Air on the latter field this Sunday. Next home game will be with Aberdeen here on July 27.

Paul Whiteman turned in one of his best performances of the year against North East, fanning ten and permitting only four hits. He got welcomed support from his teammates who let loose with an 18-hit barrage completely smothering the Marylanders.

Norm Brooks, Al Thorne and Ted Silk were the big guns in the attack, getting three hits each. Close feeling by the local club also aided to the victory.

Newark opened the scoring with the run in the third, enough to win. North East slipped across its two tallies in the fifth.

The U. S. Civil Service Commission today announced an examination for filling Occupational Therapist positions at \$2,644 to \$4,902 a year, in Veterans Administration Hospitals and Regional and Branch Offices throughout the United States. One position at \$5,905 a year, located in the central office of the Veterans Administration in Washington, D. C., will also be filled from this examination.

Applications must be filed not later than August 12, 1947, with the Board of U. S. Civil Service Examiners at the appropriate Veterans Administration Branch Office. See the announcement for the address of the Branch Office serving the area in which you live. Further information and application forms may be secured from the Commission's local secretary, Mr. W. Singles, located at Newark Post Office, from the Director, Third U. S. Civil Service Region, 103-A Customhouse, Philadelphia 6, Pa., or from the U. S. Civil Service Commission, Washington 25, D. C.

It is 726 feet tall, and contains 137 cubic yards of concrete. Its reservoir, Lake Mend, 115 miles long, is pounds 32,359,000 acre feet of water. It is the largest artificial lake in the world.

## TRAFFIC STATE SHOW

Increases 19 Per Cent June

Traffic on state roads increased 19.74 per cent during the month of June, according to a report by the State Department of Transportation. The report, which is the first of its kind since the war, shows a decrease in traffic on the state roads during the month of June, but an increase in traffic on the state roads during the month of July. The report also shows that the state roads are in better condition than in the past.

The figures show that the state roads are in better condition than in the past. The report also shows that the state roads are in better condition than in the past. The report also shows that the state roads are in better condition than in the past.

## SAFETY DISTANCE PAMP

Leaflet Aid in De

Some 25,000 leaflets of road signs by the Delaware Department of Transportation. The leaflets are being distributed to motorists throughout the state. The leaflets are being distributed to motorists throughout the state.

The leaflets are being distributed to motorists throughout the state. The leaflets are being distributed to motorists throughout the state. The leaflets are being distributed to motorists throughout the state.

## TRAFFIC ON STATE ROADS SHOWS JUMP

Increase  
19 Pct. Over  
June 1946

Traffic on state roads last month increased 19.74 percent over June of 1946, according to a report by W. B. McAndrews, Jr., assistant chief engineer of the State Highway Department in charge of traffic and planning.

The report, based on recordings of automatic traffic counters, also showed a decrease of 0.58 per cent as compared with June of 1941, indicative of the fact that traffic has not yet reached pre-war levels.

Increases at the different counters last month over June a year ago were: U. S. 202, north of Talleyville, 30.59 per cent; State Route 2, east of Newark, 12.45 per cent; U. S. 13, north of Smyrna, 20.60 per cent; U. S. 13, south of Greenwood, 25.53 per cent; State Route 96, southwest of Milford, 21.64 per cent.

The figures for the Talleyville and southwest-of-Milford counters were not included in the total and no figures were given for the counter on U. S. 113, north of Milford, due to reconstruction of the road.

Changes as compared with June, 1941, were: Newark, decrease of 4.70 per cent; Smyrna, decrease of 0.39 per cent; Greenwood, increase of 3.51 per cent. Payer sills counters on State Route 104, south of Cheswold, and State Route 88, north of Dover, showed increases of 0.68 per cent and 33.23 per cent, respectively, as compared with June, 1946.

## SAFETY UNIT DISTRIBUTES PAMPHLETS

Leaflets To  
Aid Motorists  
In Delaware

Some 25,000 pamphlets aimed at acquainting motorists with the meaning of roadside signs are being distributed by the Delaware Safety Council in cooperation with the Motor Vehicle Department.

The leaflets have been printed by the National Safety Council in Chicago.

The illustrated pamphlet begins with a brief history of highway signs pointing out that the ancient Romans had "one way" signs and continues through the first "no speeding" signs in America—in Rhode Island during colonial days, to a display of the principal types of signs on highways today, which are becoming standards throughout the nation, regulatory, warning, highway-rail intersections, and route and destination signs.

The regulatory signs, with the exception of the stop sign, which is octagonal, are rectangular; the warning signs including curve, "narrow bridge," "men working," and others, are diamond shaped, while the highway-rail signs that give advance notice are always round, with "cross-bucks" at the crossing itself.

United States route signs are always in the shape of a shield, while the state signs may vary, often taking the shape of the state itself.

## MEAT PRICES TO CONTINUE HIGH IN '47

Drop In Corn  
Crop May Cause  
Cut In Livestock

Some curtailment in livestock production next year and continued high meat prices have been predicted by the Agricultural Department. Officials also foresee a marked drop in the current corn crop.

The prospective crop of this important feed grain was forecast at 2,612,000,000 bushels, which is slightly below the 10-year (1936-45) average of 2,639,102,000 bushels. The wartime crop averaged around 3,000,000,000 bushels while last year's production was a record of 3,287,927,000.

The department, which had set a corn production goal of 3,000,000,000 bushels, said one of the most adverse planting seasons on record—cool and wet cloudy weather and floods in the midwestern corn belt—was responsible for the expected reduction in corn.

A crop of around 2,850,000,000 bushels of good quality corn would be needed to maintain livestock production at

present levels. With much of the crop planted late, there is danger that an early frost may catch it before it is matured, and reduce its feeding quality.

The potato crop was forecast at 51,674,000 bushels which is 26 per cent smaller than last year's record crop and the smallest since 1939. Potato consumption averages about 175,000,000 bushels a year.

## NO LACK OF FARM LABOR IS EXPECTED

### Five Migrant Worker Camps Now In State

According to J. Frank Gordy, farm labor supervisor for the Delaware Agricultural Extension Service, migrant agricultural workers are now housed in five labor camps throughout Delaware.

In New Castle County the Middletown Farm Labor Camp is housing a number of workers. The Middletown camp is being operated cooperatively by the New Castle County Farm Labor Association and the Extension Service. At the present time the greatest demand for labor is, however, in the Kent and Sussex Counties.

Although there may be some shortages of farm labor in some sections for brief periods, Gordy reports that no serious shortage of workers is expected. He does recommend that farmers not depend upon meeting their labor needs through foreign agricultural workers. He bases this on a recent announcement of the Labor Branch of the Production and Marketing Administration, U. S. Department of Agriculture, that no more foreign laborers would be imported for farm work in Delaware.

In his report on farm labor conditions, Gordy says that in past weeks the supply of migratory southern farm workers has been more than adequate to meet Delaware needs and that a number of groups referred to Delaware have been refused. Although the Extension Service does not actually recruit migrant laborers the Delaware Extension Service is able through co-operating with the Extension Service representatives of the southern states to put prospective farm labor employers in contact with groups of migrant workers, available to come to work in Delaware.

## DAUGHTER OF PRINCESS TO STUDY HERE

Daughter of a Russian princess, Miss Jacqueline Margolin will be among the hundreds of incoming freshmen at the University of Delaware in September. A native of London, Miss Margolin is living with her mother, Mrs. Carroll A. Lake in Wilmington.

Jacqueline will enter Delaware as a special student, studying languages and music.

Her mother, the former princess, was born in London when her parents went there from Kiev to put an older sister in school. Her father and grandfather both were Russian princes, and the grandfather was governor-general of the Ukraine at the time of the Crimean War.

The princess met Mr. Lake—who now is in the public relations department of the DuPont Company, advisory to the organic chemicals department—when he was a lieutenant colonel on General Eisenhower's staff. A volunteer worker in London for the American Red Cross, she met the colonel at the Red Cross officers' club in Prince's Gardens, London.

After Colonel Lake returned to this country, she flew to the United States on Feb. 27, 1946, and they were married that day at the Army chapel on Governors Island, New York.

### Record Steel Output In First Half Of '47

Record peacetime production of 42,267,320 net tons was achieved by the steel industry in the first six months of 1947, the American Iron and Steel Institute said recently.

This output compared with 27,333,921 tons in the strike affected first half of 1946 and was almost double that of the similar 1939 period.

From a record May production of 7,329,497 net tons, output declined during June, because of reduced operations in the coal mines, to 6,952,216 tons.

For the first 25 weeks of 1947 operations of the industry were maintained between 90 and 97 per cent of capacity, with the average for the entire six months behind 93.4 per cent.

## Urges End To "Hypocrisy" In Business Letter Style

H. A. Warner, national Office Management Association official from Philadelphia, recently urged an end to the hypocrisy of "Dear Sir" and "Yours truly" in business correspondence.

Warner at Knoxville, Tenn., to address the Tennessee Institute of Office Management, recommended that executives throw away all stilted courtesy phrases and add an opening paragraph typed in capitals giving the letters subject matter briefly.

## DELAWARE FARM FRONT THIS WEEK

### Potato Purchase Program

Surpluses which jammed potato markets in 1946-47 are unlikely this year. But as a part of its price support activities the Production and Marketing Administration has completed plans for the purchase of U. S. Grade 1 B and Grade 2 potatoes in Delaware at the support price of \$1.22½ a hundredweight.

Headquarters for the potato purchase program will be the County Triple-A Office at Georgetown. Farmers who wish to sell these grades of potatoes should contact that office.

Because of the favorable prices being received for U. S. No. 1 potatoes now being harvested, demands of industrial users of the lower grade potatoes indicate a ready outlet for the government purchases.

In a study of the influence of management practices on the cost of producing broilers in Delaware, it was found that the feed consumed per pound of broiler was the most important factor affecting the cost of production and net returns. Each increase of one pound of feed per pound of broiler increased the cost of production, on the average, 4.8 cents a pound.

Pullets on range during hot summer days without shade are uncomfortable and as a result will not make good growth. Provide artificial shade if there is no natural shade.

Make a movable frame and cover with old bags sewed together or cut branches and lay across the frame.

One of the most serious faults with present Delaware pasture management is the abundance of the unpalatable weeds found in many pastures. Weeds rob the good pasture plants of plant food, moisture and sunshine and take up space which would be occupied by pasture plants.

The mower is an effective instrument for weed control on pastures. Clipping is most effective if done early when weeds are in the bud stage and before they seed. More than one clipping may be necessary.

Clipping the pasture also tends to keep good pasture grasses more productive by preventing them from going to seed due to uneven grazing.

The water requirements for the dairy cow are high. It comprises over one-half her body weight and 87 per cent of her milk. Dairy cows will consume from four to five and a half pounds of water for each pound of milk they produce.

Whether on pasture or in the barn cows should have free access to fresh, pure water at all times. Experiments indicate that free access to water at all times increases production by three or four per cent over production where cows are watered only twice a day.

## RECOMMENDS DDT AGAINST JAP BEETLES

### One Application Found Enough To Kill Pests

Evidence of Japanese beetle damage in a number of sections of the State again serves to emphasize the long and difficult efforts of Delawareans to control this pest.

For some years poison sprays and dusts were commonly recommended to combat the beetles. Such materials acted chiefly as repellents and left residues which under many conditions were objectionable.

Now, according to Dr. L. A. Stearns, entomologist for the Delaware Agricultural Extension Service, DDT spray is preferred for the control of this pest. DDT kills rather than repels. The residue left by spraying is also effective for killing beetles coming to the foliage for a longer period of time, and the material is relatively cheap. One application, or possibly two, should prove sufficient.

For small quantities of spray 4 teaspoonfuls of a wettable powder containing 50 per cent DDT should be added to a gallon of water. For a larger quantity add 16 tablespoonfuls to 10 gallons of water, or 2 pounds of the 50 per cent DDT powder to 100 gallons of water. This spray may be used alone or in combination with fungicides recommended for control of plant diseases.

If lead arsenate and wheat flour are still the choice to combat beetles, they should be mixed in the following proportions: For 1 gallon of spray, 4½ tablespoonfuls of lead arsenate and 2 tablespoonfuls of flour; for 10 gallons, 10 ounces of lead arsenate and 6 ounces of flour; and for 100 gallons, 6 pounds of lead arsenate and 4 pounds of flour.

Neither DDT nor lead arsenate-wheat flour should be applied on vegetables or fruits about to be eaten within 2 weeks (in the case of DDT) and within 3 to 4 weeks (in the case of lead arsenate) before harvest.

The original Cabinet officers of the United States were Secretary of State, Secretary of War, Secretary of the Treasury and the Attorney General.

## Wholesale Food Prices Continue Upward Trend

Continuing the upward movement of the last week, the Wholesale Food Price Index, compiled by Dun & Bradstreet, Inc., rose 2 cents to stand at \$6.41 on July 8, as compared with \$6.39 on July 1. This represented an advance of 2.7 per cent over the \$6.24 recorded two weeks earlier, and was 31.3 per cent above the comparative 1946 index of \$4.88.

Advances last week included flour, corn, barley, jellies, cottonseed, oil, eggs, rice, steers, hogs, and lambs. Declines were listed for wheat, rye, oats, beef, hams, lard, coffee, cocoa, and potatoes.

The Dun & Bradstreet Wholesale Food Price Index represents the sum total of the price per pound of 31 foods in general use. It is not a cost-of-living index. Its chief function is to show the general trend of food prices at the wholesale level.

## HOTSPARKS

By George B. Wiggins  
**DONE TO A CRISP!**

A sun tan is stylish and healthy, no doubt, as its chief proponents are quick to point out. They say it supplies us the exact degree of that needed some thing called Vitamin D. But, as you acquire your share of the sun, remember that such things can be overdone.

A combination radio gives you that needed something for entertaining purposes. When guests are a bit difficult, music goes a long way to taking the chill out of the air. The advantage of the combination set is that you may have the kind of music that you want, when you want it, by having a good record library. For a complete line of combination sets, available for immediate delivery, come to the NEWARK ELECTRIC CO., 173 East Main Street, Tel. 6872.
