SAN FRANCISCO TIDES.

NOTE.—The table of Tides for San Francisco are obtained from the latest data of the United States Coast Survey. These Tides are extremely irregular, both as regards interval and height. The two daily tides may occur either during the same morning, or during the same afternoon. In the tide columns of these pages the asterisk (*) denotes the second morning tide, and the obelisk (†) the first afternoon tide of the day when so occurring. Finally, the larger tide of the day is distinguished by the letter (*l*), and the smaller by (*s*).

ST. LOUIS ALMANAC.—The letter *r* indicates the time of the Sun's rising, and the *s*, of its setting.

FOR EXPLANATORY REMARKS, SEE NOTE ON PRECEDING PAGE.
