## FEED PROBLEMS DISCUSSED AT MEETING

### Shortage Of Grains Predicted For 1943

The serious shortage of feeds were discussed at a meeting of feed dealers from this area last Friday night in the College Inn.

Arthur W. Perry, district manager of the Purina Mills acted as chairman of the meeting which was held in conjunction with the U. S. Department of Agriculture. Mr. Perry stated that the purpose of the meeting was to show the dealers how they can help the farmers to conserve feed and to show them how they can get the most out of what feeds are available.

Mr. Perry stated that figures released show that this year there will be an estimated feed shortage of more than one billion bushels. Corn shortage will run to more than 472 million bushels; wheat shortage will run over 200 million bushels; the shortage of oats will amount to 117 million bushels and the shortage of barley will run to 72 million bushels.

Mr. Perry stated that farmers in big grain producing areas will have plenty of carbohydrate feeds which they will naturally hang onto and farmers in areas where there are protein feeds will have an abundance of that class of feed but due to the transportation and labor situation, the farmers feeding commercial feeds will be left in the middle.

Ralph Watson, county agent for New Castle County spoke endorsing the New Castle to conserve feed and helping the farmer to get the most out of what feed was available and said that his department was ready at all times to help the farmer in any capacity.

Those present at the meeting were: Clarence Collins, Alfred Mendenhall, Charles Lake and John W. Keating from Hockessin; Abe Geist and Warren Overly, Newark; Charles Underwood and Clarence Steel of Providence, Md.; James Stafford, Middletown; Chick Lindell, Wilmington; Ralph Watson, New Castle County and A. W. Perry, Newark.

## WAC DRIVE STARTS ON SATURDAY

### Need For Older Women As Officers

A drive to recruit WAC's will open in Newark on Saturday morning, July 24 when an information booth will be set up on the lawn in front of the Old Academy building alongside of the soldiers' and sailors' Honor Roll board.

The local recruiting drive will be opened by Lieut. Joanne L. Coates, WAC recruiting officer for Delaware, assisted by Corporals Horn and Dempsey. The booth on Main Street will be open from eleven o'clock until dark and it is planned to have Lieut. Coates address two rallies in the State Theatre, one in the afternoon and the other during the evening performance.

The WAC officers will be met upon their arrival by Mrs. C. M. Palmer, chairman of the civilian WAC recruiting committee for Newark, assisted by Mrs. A. D. Cobb, Mrs. T. D. Mylrea and Miss Edwina Long.

This is the first visit of the Women Officers since the organization became the Women's Army Corps. In case of rain the recruiting will take place in the Post Office building.

It was stated by Mrs. Palmer that they are very anxious to recruit women from 40 to 49 years of age for special officer training.

## Charles E. Kennard Now At Great Lakes Naval Station

Preparing for a job with the "front line" of the Navy, Roger E. Kennard, son of Mr. and Mrs. Charles E. Kennard, 13 Prospect Avenue, Newark, is taking a 16-week course for Yeomen at the Service School at the U. S. Naval Training Station Great Lakes, Ill.

His course of study will include instruction in the basic principles of his particular specialty and practical experience through solving laboratory problems. Instructors are experienced chief petty officers.

Upon graduation he will be eligible for promotion to a petty officer rating, and be assigned to active duty aboard ship or at a shore station.

## Library Head

Charles W. Bush

The Board of Managers of the Wilmington Institute (Public Library) elected Charles W. Bush, Director of Personnel Records at the University of Delaware, president of the Board at a meeting held in Wilmington on Monday.

Mr. Bush succeeds Judge John P. Nields who retired as president after 22 years of service. Mr. Bush formerly was treasurer of the Institute. Other officers elected were: Henry B. duPont, vice-president; Lamont duPont Copeland, treasurer; Harland A. Carpenter, secretary and librarian.

## CHILDREN ATTEND TROOP SCHOOL

### 105 Enrolled For Training; Rev. Cross In Charge

The Troop School for boys and girls being conducted by the Bible Presbyterian Church at the Red Mens Fraternal Home, corner of South College Avenue and West Park Place opened on Monday morning with an enrollment of 82 boys and girls. By the middle of the week the enrollment had increased to 105.

The Troop School is planned to give a training course for Young Christian Soldiers and opening each morning at 9:30 o'clock with a bugle call by Harlan Tweed the boys and girls march into the class rooms in Red Mens Fraternal Home.

The troop is divided into companies, each age group going to make up one of these companies which are designated with a letter the same as in the regular army. Company C, composed of the smaller children lead the procession into the building following the salute to the Flag and Bible.

The first class is at 10:15 and lasts for a half hour during which time they receive instruction in Bible memory work.

The closing exercises are conducted at 11:45 and they are dismissed at noon. Miss Lillian Brown is in charge of the beginners department; Mrs. George L. Groh, primary department; Mrs. Thomas G. Cross, Junior department and Rev. T. G. Cross, intermediate and senior department.

Assistants are Miss Marjorie Dougherty, Mrs. Cagle and Miss Freida Ballew. Miss Cross also acts as pianist.

## VACATION TRAVEL

### 26 Apply For Certificates

The lack of Number 9 gasoline stamps in ration books was given as the possible reason for so few persons applying for permits for vacation travel under the new OPA ruling on pleasure driving.

Horace J. Palmer, in charge of the local rationing office stated this week that the local office did not attempt to act on the new vacation certificates until the ruling was clarified by the Wilmington office under which the local office functions.

Only twenty-six applicants have been received to date and these have been granted it was stated. The first two days found only five persons who wanted or had enough stamps to go on a vacation.

It is felt that the most of the motorist public will wait until the Number 9 coupons become valid today before applying for vacation certificates.

## TEST AIR RAID HELD SUNDAY AFTERNOON

### Local Workers Operate Smoothly

The test air raid held on Sunday which came as a complete surprise to the local Civilian Defense workers was claimed to have been a complete success and found everyone on the job and functioning with the usual efficiency.

The first call, or the yellow signal was received at the local control center at 1:56 p. m. and was followed by the first blue signal at 2:16; the red or danger signal came through at 2:41 and lasted for ten minutes with the second blue signal being flashed through at 2:51. The All-clear was given at 3:02.

Mrs. Harvey Boyce and Miss Lois Mae Tomhave were on duty in the warning center at the time the test raid was on and handled the calls in a highly efficient manner it was stated by officials of the Defense Council.

It was stated by Civilian Defense officials that the messenger service was hard hit by the fact that most of the Boy Scouts who ordinarily perform this duty were away at Camp Rodney. Conrad Lewis who has been named as head of the messenger service, replacing Billy Gray, who has entered the Armed Service, was in camp at the time but the few remaining messengers were commended on their excellent service.

T. Russell Silk, chief air raid warden was also away on a vacation but his duties were well taken care of by Newman Rose, assistant chief air raid warden.

Arthur W. Perry, assistant chairman of the Civilian Defense Council stated that all the local whistles and sirens operated with 100 per cent efficiency and could be easily heard all over the community. He also stated that all air raid shelters were open and manned 100 per cent.

Harry L. Bonham, general chairman of the local defense council was high in his praise for the way that local workers responded to the signals.

## WAR FILMS EXHIBITED AT LIONS

### R. L. Dodge To Speak At Club Next Week

Possibilities of conducting a community swimming pool project for children, next summer, were discussed at the weekly dinner meeting of the Newark Lions Club, held Tuesday evening, at the country club.

George M. Haney, chairman of the Boys and Girls Committee is making tentative investigations into possible sites and will present his findings and recommendations to the club at a later meeting.

In the absence of a regular program, Tail Twister John R. Fader exhibited two excellent wartime films entitled "Wings Up" and "Mission Accomplished". The picture "Wings Up", narrated by Capt. Clark Gable was especially interesting in that it dealt with the detailed training men go through at the Air Force Officers Candidate School in Miami Beach.

Former President Louis T. Staats will be program chairman next Tuesday and promises an excellent half-hour of entertaining discussion by R. L. Dodge, Past Commander of the Delaware Power Squadron. A full attendance is urged to bear this splendid program.

War Bond and stamp sales reported by A. F. Fader and Herman Handloff were: Tuesday, sale of bonds, \$375; stamps, \$15.75; total, bonds, \$16,625; stamps, \$325.20.

## Jack Powell Left Monday For Service

John William Powell, 18 year old son of Mr. and Mrs. C. Frank Powell of 215 West Main Street left Monday for Fort Dix, N. J.

Young Powell is a graduate of the Newark High School where he was active in intra-mural sports playing on the basketball and baseball teams.

Powell was a former student of the Lower Merion High School coming here two years ago when he entered the junior class. He has been awaiting his call for induction since graduation.

## 23 TIRES APPROVED BY RATION BOARD

### Certificates Issued At Meeting Held This Week

The Newark Tire Rationing Board held their regular weekly meeting Monday night in the Main Street rationing offices and issued certificates for the purchase of 23 tires, 13 tubes, 3 recapping services and one automobile.

Certificates for the purchase of tires, tubes and recapping services were issued to the following: Charles G. Smith, Christiansa, 1 tube; Frank D. Thorp, Newark, 1 tube; Kathryn Girard, Newark, 1 tire; August Leroney, Newark, 1 tube, 2 tires; James W. Foote, Hockessin, 1 tube, 2 tires; George B. Gardener, Bear, 2 tires; W. B. Allen, Jr., Newark, 1 tube; Jethro D. Eastburn, Newark, 4 tubes, 4 tires; Homer E. Crossan, Newark, 4 tires 2 tubes; Homer E. Crossan, Newark, 1 tire, 1 recap; A. S. Eastman, Newark, 2 tires; Charles H. Hayman, Jr., 2 recapping services; Walter T. Mendenhall, Hockessin, 1 tire, 1 tube; Emory S. Utz, Stanton, 1 tire; Thomas McAlpine, Newark, 2 tires; John Stevens, Elkton, 1 tire, 1 tube.

## FOURTEEN BEFORE GAS PANEL

### Five Dismissed; Five Penalized; Four Not Present

The pleasure driving panel of the Newark Price and Rationing Board met in the rationing offices last Thursday evening with fourteen cases scheduled to appear and explain why they were or were not pleasure driving.

Four of those summoned were unable to appear and will be at this week's meeting of the board. Five cases were dismissed as evidence failed to show that they were pleasure driving.

Five persons appearing before the board were penalized. One violator who could not give a reason as to why he had made several pleasure trips was deprived of any gasoline for the duration.

Another motorist found guilty of driving 70 miles an hour was relieved of four "C" coupons. One motorist had one "B" coupon taken out of his book. A fourth had his "A" book lifted and the fifth violator will not receive any more gasoline until September.

Another hearing is scheduled for this evening.

## BOND SALE AUGUST 6

### Molly Pitcher Honored

August 6 has been designated as Molly Pitcher Day by the local committee of the American Legion Auxiliary working in conjunction with the Women's Defense Savings Staff when specially recruited volunteers will sell Defense Stamps and War Bonds on Street corners, at building entrances and in all Bond booths.

Molly Pitcher, as you know, received her name for carrying pitchers of well water to the hot, thirsty soldiers on Monmouth Field in 1778. She also took her place at her husband's cannon when he fell, wounded in battle, and for her heroism was later made a Sergeant in the Army by George Washington.

Mrs. Lee Lewis is chairman of the local drive assisted by Mrs. Robert Lewis, Mrs. F. Allyn Cooch, Jr., and Mrs. J. Harvey Dickey.

## Mary P. Palmer Left For Duty In WAC's

Miss Mary P. Palmer, daughter of Horace J. Palmer, 92 East Main Street left Newark on Tuesday for Fort Oglethorpe, Georgia, where she will receive her basic training as an Auxiliary in the WAC's.

Auxiliary Palmer, who is 24 years old is a graduate of Langhorne, Pa., High School and was well known in Newark and vicinity. Her father is the head of the local rationing office.

## Resigns

Wm. K. Gillespie

## GILLESPIE RESIGNS AS HIGH SCHOOL PRINCIPAL

### Accepts Post At Bio-Chemical Laboratory After 15 Years Service

Announcement was made last week of the resignation of William K. Gillespie, principal, coach and chemistry teacher, from the faculty of the Newark High School to accept a position as Assistant Micro-Chemist at the Bio-Chemical Research Laboratory.

Mr. Gillespie's resignation climaxes fifteen years of loyal service to Newark's school system. He came to Newark in 1928 and began his career under the late Ira S. Brinzer, then superintendent of schools, and was promoted to principal of the high school two years later.

In addition to teaching chemistry and physics, Mr. Gillespie coached football and basketball and compiled an enviable record with his football teams—a more detailed record of N.H.S. football under his tutelage appears on the sports page of this issue. He was active in many extra curricular activities, faculty advisor to the student council and served as Director of the Newark Playground for five summers.

A native of Lansford, Pa., Gillespie attended and received his B.S. from Penn State; A. M. from the University of Delaware and did work on his Ph.D. at the University of Pennsylvania. He is a past president of the "Student Participation in School Government", a department in the N.E.A. and served on three visiting committees for the commission of secondary schools to evaluate and accredit the schools. He also has held several offices in the State Teachers' Association and the New Castle County Coaches Assn.

Mr. Gillespie resides at 17 Haines Street, is married and has one son, Mike. He began his duties at the Bio-Chemical Research Laboratory last week.

In commenting on Gillespie's resignation yesterday, C. E. Douglass, superintendent of schools, stated that a successor had not been named although Leon D. Buehler will take over chemistry classes and M. Jas. Parsons will assume physics classes formerly taught by Mr. Gillespie.

Under wartime conditions it is likely that football and other major sports will be dropped entirely from the local schools calendar with only intramural sports being conducted. These will be carried on under the present physical education departments headed by Roland Jackson and Miss Linda Vogel.

## WORK ROOM RE-OPENED

### Gauze Arrives For Dressings

Mrs. Walter Hulihan, chairman of the Newark Branch of the American Red Cross has announced that the surgical dressing unit has received a large shipment of gauze and the Red Cross workroom will re-open on Tuesday, July 27 at the Newark New Century Club house.

The surgical dressing unit which is in charge of Mrs. Robert L. Spencer will be open Tuesday, Wednesday and Thursday from 10 to 4 o'clock and on Tuesday evening from 7 to 9:30 o'clock.

Mrs. Spencer requests that all former workers and as many new volunteers as possible report for this urgent work.

## FADER SPEAKS TO AIRPLANE OBSERVERS

### Explains New System Of Airplane Observation

John R. Fader, area supervisor for the U. S. Army, Aircraft Warning Service addressed a meeting of chief observers, assistant chief observers and day captains held in the Legion rooms of the Old Academy building last Thursday evening.

Mr. Fader explained the new system of aircraft identification as set up by the Fighter Command and told of the importance of the identification feature. He said that the proper identification of the planes flying over eliminated much work in the control center and made it much easier to pick out the enemy planes, if, and when, they might be bombed by the enemy.

Mr. Fader also spoke about the system set up for determining the efficiency of the various observation posts when inspected by representatives of the Fighter Command. Dr. Carl J. Dr. Rees was complimented by Mr. Fader on the 100 per cent operation of the Possum Park Post which Mr. Fader said was one of the best operated posts in Delaware.

Mr. Fader also spoke on the proposed system of awarding pins and badges for those who had served a specified number of hours.

## INSTRUCTOR AT SCHOOL RESIGNS

### F. T. Warrington Accepts New Position

F. Thaddeus Warrington, instructor in Vocational Agriculture at the Newark High School has handed in his resignation to take effect September 1. Mr. Warrington has accepted a position with the Eastern States Farmers Exchange as warehouse manager in charge of distribution.

Mr. Warrington is the son of the late Mr. and Mrs. Frederick T. Warrington of Georgetown and after graduation from the Georgetown High School he attended the University of Delaware, graduating in June, 1928.

Upon graduation from the university he accepted a position as instructor of Vocational Agriculture at the Greenwood High School where he remained for two years. The following eight years he served in the same capacity at Georgetown High School.

Coming to Newark five years ago he has been instructor in vocational Agriculture and faculty advisor for the Newark Chapter, Future Farmers of America. He is married and is the father of four children.

## LOCAL BOYS FINISH OCS

### Commissioned At Camp Davis

Word has been received here of the graduation, last week, of two Newark boys from the Officers Candidate School at Camp Davis, N. C.

Ferdinand L. Ingham and James R. Anderson both completed the course with honors and were commissioned second lieutenants in the Anti-Aircraft Division of the Coast Artillery. The two local lads graduated in the same class. Their parents attended the graduation exercises.

Lt. Ingham is the son of Mr. and Mrs. Thos. S. Ingham, 77 W. Park Place. Lt. Anderson is the son of Lt.-Col. and Mrs. Sam W. Anderson, 227 Orchard Road. Both men are home this week on a brief furlough. Lt. Ingham will leave Saturday to report for duty at Camp Stewart, Ga., while Lt. Anderson, who also leaves Saturday, will remain to Camp Davis.

## MURRAY HOME ON LEAVE

John Murray, former assistant treasurer at the Newark Trust Company, left yesterday for Sampson, New York, following a brief leave spent with his family here this week.

Murray is stationed at the U. S. Naval Training base at Sampson, N. Y., where he has been since his induction several weeks ago.

## STUDENT NURSES WANTED

### Civil Service Applicants Sought

High school graduates who desire student nurse training with pay at St. Elizabeths Hospital, Federal institution for mental disorders, Washington, D. C., have until September 21 to file applications, the United States Civil Service Commission announced today.

Appointees chosen by the written test receive rooms, meals, medical attention, \$288 a year, and valuable training in psychiatric nursing. After 3 years, successful students are granted certificates of graduation and become eligible for promotion to graduate nurse positions in St. Elizabeths and other Federal hospitals at entrance salaries of \$1,970 a year counting overtime compensation for the 48-hour week.

Information and application forms for the Student Nurse examination are being furnished by the Commission's Local Secretary, Mr. Singles located at Local Post Office. Applications are also obtainable from most first- or second-class post offices, and from the United States Civil Service Commission, Washington 25, D. C.

Applications are not desired from persons already engaged in war work unless they may use higher skills as student nurses. Appointments will be made in accordance with War Manpower Commission policies and employment stabilization plans.

## MINQUAS IN SESSION

### Auxiliary To Meet Tuesday

Newport, July 22nd — The Minquas Fire Company will hold a business session on Monday evening in the Fire Hall. The Ladies Auxiliary of the Minquas Company will hold its semi-monthly business meeting on Tuesday evening.

Mrs. Jean Stevenson Gregg and son James have returned to their home in Yorklyn, Del. after a six week's visit here with her parents, Mr. and Mrs. David Stevenson of Silview.

Mrs. Frank Kendall of Stonehurst is a patient at the Wilmington General Hospital.

Richard Faulkner who has been a patient at the Delaware Hospital for some time, is slightly improved.

Mrs. George B. Kipe of Chadds Ford, Pa., is spending the summer here as the guest of Mr. and Mrs. A. M. Craig.

Mrs. Harrison Day who has been confined to her home this week suffering from tonsillitis is slightly improved.

Mary King who recently underwent an operation for appendicitis, returned to her home yesterday.

Mrs. Cavender Hutchinson of 111 Lindberg Avenue, Silview, is a patient in the Memorial Hospital.

**SHERIFF'S SALE**—By virtue of a writ of Lev. Fac. No. 123 September Term A. D. 1943, to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware.

**ON WEDNESDAY**  
THE FOURTH DAY OF AUGUST, 1943 at 10 o'clock A. M., Eastern War Time, the following described Real Estate viz: ALL THAT certain lot or piece of land, with the bungalow thereon erected, known as No. 213 Beeson Avenue, situate in Brandywine Hundred, New Castle County, State of Delaware, more particularly bounded and described as follows, to-wit: BEGINNING at a point on the Western side of Beeson Avenue, as laid down on the plot of "Gordon Heights", at the distance of Two Hundred and Twenty (220) feet Northerly from the Northerly side of Gordon Avenue; thence Westerly, parallel with Gordon Avenue, one Hundred and Sixty (160) feet to a corner; thence Northerly, parallel with Beeson Avenue, Seventy-five feet to a corner; thence Easterly, parallel with Gordon Avenue, One Hundred and Sixty (160) feet to said Westerly side of Beeson Avenue; and thence thence Southerly Seventy-five (75) feet to the place of Beginning.

BEING the same lands and premises which were conveyed to Louis H. Mullikin and Margaret M. Mullikin, his wife, by deed of Mary E. Holdsworth, (formerly Mary E. Lukens), and James L. Holdsworth, her husband, dated the Twenty-second day of June, A. D. 1927, recorded in the office for the recording of deeds, & c., in and for New Castle County in Deed Record S, Vol. 34, Page 392.

Seized and taken in execution as the property of Louis H. Mullikin and Margaret M. Mullikin, his wife, Mortgagees and to be sold by

ELMER C. TAYLOR, Sheriff  
Sheriff's Offices, Wilmington, Del.  
July 13, 1943.

"Manpower at home is essential to support fighting-power overseas" ... E. G. Grace, president, Bethlehem Steel

## Manpower on the Home Front

Thousands of men arriving for work in a Bethlehem shipyard. Down this yard's busy shipways slide many of the nation's cruisers, destroyers and aircraft carriers. Bethlehem repeatedly has made records for delivering vessels well ahead of schedule.

This is the story of manpower in Bethlehem steel mills and shipyards, of men and women who have come by the thousands from all walks of life to do a job in backing up our fighting forces with a continuous flood of materials. These men and women are vital to the battle of production.

Manpower at Bethlehem Steel has been multiplied three times in three and a half years. Here are the figures:

#### NUMBER OF BETHLEHEM EMPLOYEES

Poland invaded, September 1939	100,000
Fall of France, summer 1940	120,000
Pearl Harbor, December 1941	190,000
Tunisia, May 1943	290,000

#### Facts About Bethlehem Workers

Manpower is the heart of Bethlehem's current production of a ship a day. Manpower makes possible the meeting of its large commitments for ordnance and other war-work products. All other problems such as materials and supplies are secondary — the essential dependence is on manpower.

Thousands of men from non-essential trades are joining Bethlehem war-work armies. More than 13,000 women are employed at Bethlehem plants and shipyards, and the number is constantly increasing.

Veteran employees are zealously teaching the newcomers, so that they can quickly handle their appointed tasks.

New employees earn while they learn, in special training classes and in on-the-job training. Sympathetic study of each person's abilities puts "square pegs in square holes."

Wages are the highest in the history of shipbuilding and steel, and in the top group of all industries.

Promotion is rapid, as opportunity to advance comes far more swiftly than under normal conditions.

Bethlehem employees are friendly, high-grade people. The great majority have education in the high school grades, and thousands are graduates of colleges, crafts and professions.

More than 50,000 Bethlehem employees are now serving in the armed forces, a fact which gives added seriousness of purpose to those working to produce the supplies.

To work in Bethlehem shipyards and plants is to be in the front line of industry, doing a real job to help win the war.

#### SOME NEW BETHLEHEM EMPLOYEES FROM VARIOUS OCCUPATIONS

Employment in Bethlehem's shipbuilding and ship repair yards alone has grown from 15,000 in 1939, to nearly 180,000.

The enlistment in our manpower army continues from week to week and from month to month. The total of Bethlehem employees will exceed 300,000 by the end of the year. To reach this total force, and provide for replacements of those going into the armed services and others, many thousands more men and women will be hired.

#### FROM ALL OCCUPATIONS

Bethlehem workers come from virtually every walk of life to serve in these war-work armies. Here are 60 instances of former occupations of men and women who are now producing ships and combat materials.

Actor	Domestic	Minister
Antique Dealer	Druggist	Motion Picture

## NEWPORT USO CENTER CELEBRATES ANNIVERSARY

Dances Held  
Weekly For  
Men From  
Air Base

Newport, July 22nd — Residents of the Newport vicinity who have been performing a real war time service in looking after the entertainment of soldiers located at the New Castle County Air Base, on Friday evening celebrated the First Anniversary of the opening of the Newport Service Center, with more than 200 guests present.

The Masonic Hall Company made available their building on Market Street, Newport, as headquarters for the Center, and organizations of the community have cooperated in operating the Center.

The Newport Service Center Organization was formed a year ago, with the following officers: President, Miss Bessie Lynam; Vice President, Mr. Kemper B. Pierson, Secretary, Mrs. Leslie W. Mahan; Treasurer, Mrs. F. H. Webb.

Weekly dances are held every Friday evening at the Center. Two pianos were installed, and games and magazines and reading matter have been provided for the recreation of the men who do not dance.

Funds for the operation of the Center have been procured through the cooperation of local residents and organizations of the community, as it is purely a local effort.

On Friday evening there were very pretty decorations for the Anniversary celebration. Cut-out letters in rainbow colors forming the words "First Anniversary" were strung on a wire over the stage. Fancy white covers were used on the tables, with strips of rainbow hues forming "V" shape decorations on the tables, making a very attractive setting, and a large Birthday Cake with one candle was the center decoration. The hostesses for the anniversary were members of the Ladies Auxiliary of Diamond State Post No. 1, Veterans of Foreign Wars, and they provided and served refreshments of orange juice and cakes.

Mr. Frank S. White and Mrs. Virginia Williams were in charge of the program assisted by members of the Junior Toastmasters. The program included a group of piano selections by Mr. Albert Nussle, Pianist; Selections by Jerry Ergle, the Old-Time Minstrel Man; Specialty Dances, including Spot and Balloon Dances, for which prizes were awarded.

Guests of honor at the celebration were officials from the New Castle County Air Base; William R. Preston, Post Master of Armstrong Lodge of Newport who was inducted into service last Fall, and has just returned here after serving in the State of Washington, and has been released from the Army; town officials of Newport, who are cooperating, and Herbert Willis and Harry Irons of Diamond State Post, Veterans of Foreign Wars.

Groups assisting in this endeavor include: Ladies Auxiliary of Diamond State Post No. 2, Veterans of Foreign Wars; Suburban Century Club; Woodcrest Civics Club; Newport Methodist Church; Guilds of the St. James P. E. Churches, Newport and Stanton, as well as St. Barnabas Church, Marshallton; Women's Society of Christian Service; and Men's Bible Class of the Newport Church; Catholic Church of Woodcrest; Ladies Aid Society of the Red Clay Creek Presbyterian Church; Concordia Lutheran Church; South Side Sunshine Club; Armstrong Lodge No. 26 A. F. & A. M.; Five Points Fire Company at Richardson Park; Minquas Fire Company of Newport; Newport Women's Club; Young Women's Progressive Club of Newport; Stonehurst Red Cross Workers.

At the Anniversary party, Mr. Irwin Jeffers, of Armstrong Masonic Lodge, who has been serving as Master of Ceremonies, gave a resume of the Center and its activities during the past year. Mr. Jeffers is being assisted by Henry Gerstenburg. Assisting with the weekly dances are Mrs. Leslie W. Mahan, Secretary, Miss Bessie Lynam, President, Miss Rebecca Springer, Mrs. Virginia Williams, Mrs. Frank R. White and Mr. and Mrs. Harry Poole.

Officials at the Center and a group of young women have been invited to the Air Base for an evening's entertainment and dance next Wednesday evening. The group have been invited to visit the Base at intervals, in appreciation of the entertainment provided for the Service Men.

## 25 Parcels of Land Are Sold By Sheriff

Twenty-five parcels of land in sections north of the city were sold at public sale Monday in the public building by Sheriff Elmer C. Taylor. Six of them were sold to five individuals for a total of \$1,026.07 and the other 19 were bought in by the New Castle County Levy Court to protect its lien of taxes due on the land. These 19 parcels may be bought by individuals by paying slightly more than taxes and costs. The sales totaled \$3,923.55. The land, sold to settle unpaid county taxes, was held by persons who could not be found, in most cases.

## Flour Export Program Abandoned In 1943

As remaining domestic wheat stocks are needed for livestock feed in this country, wheat and wheat flour export programs operated by the Department of Agriculture since 1938 will not be renewed for the current fiscal year, says WFA. Under these programs, payments have been made to exporters to enable them to buy wheat at current domestic prices and to sell wheat and wheat flour in foreign markets in competition with other exporting countries.

## FRIENDSHIP LODGE NO. 4 OFFICERS INSTALLED

Mrs. Robinson  
Inducted As  
Commander Of  
Stanton Chapter

Stanton, July 22nd — Friendship Lodge No. 4, Shepherds of Bethlehem, installed newly elected officers at their meeting this week, with Mrs. Corrine Schaffer, Deputy, in charge. Officers installed were: Commander, Mrs. Ruth Robinson; Vice-Commander, Mrs. Pearl Utz; Marshal, Miss Clara McVey; Chaplain, Mrs. Grace Milbourn; Past Commander, Mrs. Lillian Boulden; Inside Guard, Mrs. Elma Brittingham; Outside Guard, Mrs. Mildred Fisher; Mistress of Ceremonies, Mrs. Lillian Single; Aid to Commander, Mrs. Mary Loose; Trustee for 18-months period, Mrs. LaRue Joiner.

Mrs. Schaffer, Deputy, was assisted in the installation by Deputy, Mrs. Kathryn Hartman; Deputy — Mrs. Ruth Robinson and Deputy — Mrs. Jane Bedford. Guests were present from the various Wilmington lodges, as well as Sir Arnold Hirsch of Brooklyn, N. Y.

Mrs. Schaffer received gifts of appreciation from Friendship Lodge. Mr. and Mrs. Roland Eastburn and family of near Philadelphia are guests here of their parents, Mr. and Mrs. William F. Bradley.

Mr. and Mrs. Harry D. Boulden had as guests on Thursday Mrs. Boulden's brother, Pfc. John S. Barlow of Camp Atterbury, Ind., who is here on furlough, and Miss Eleanor Jamison of Wilmington.

Pfc. John S. Barlow of Camp Atterbury, Ind., has been spending a ten-day furlough with his parents, Mr. and Mrs. John Barlow of Stanton. He is returning to camp today (Saturday).

Corporal Charles Emmell of Camp Atterbury, Ind., is spending a ten-day furlough as the guest of his parents, Mr. and Mrs. Charles Emmell of Stanton, Del.

Pfc. Harry Jones of Ft. Benning, Ga., is spending a furlough with his parents, Mr. and Mrs. Samuel Jones of Stanton.

## SAVINGS FOR EMPLOYERS

Unemployment  
Rate Decreased

Delaware employers will save more than \$3,000,000 this year under the employment stability provisions of the Unemployment Compensation Law, Albert Stetser, chairman-executive director of the Unemployment Compensation Commission, said this week.

Anticipating a \$170,000,000 payroll in covered employment this year, it was pointed out that at the standard rate of 2.7 per cent, this would have yielded \$4,590,000. However, with varied rates, related to employment stability, and averaging less than one per cent, it is estimated that total 1943 collections will not exceed \$1,500,000.

Only 99 employers had rates set at above 2.7 per cent, 31 at three per cent, 17 at three and one-half per cent, and 51 at four per cent. Under a recent amendment to the Unemployment Compensation Law, no rate will exceed three per cent in 1944 and after.

The state's \$11,500,000 reserve in the unemployment trust fund earned \$63,000 during April, May, and June—far more than benefit payments for the same period.

## END OF COFFEE RATIONING PREDICTED

Supply Seems  
To Justify  
Early Lifting  
Of Restrictions

Office of Price Administration officials have predicted that coffee rationing will end on or before Aug. 11, and supplies of coffee will be ample to provide all the aromatic brew Americans can drink.

Coffee supplies appear to justify cancellation of all restrictions, they said, and only some totally unpredictable event—such as a new outbreak of submarine warfare in the Caribbean—could block dropping of rationing.

The verdict, it was understood, was reached at a special meeting between representatives of the OPA and the Agricultural Department.

President Roosevelt said recently improvement in the battle against U-boats gave promise of removing consumer restrictions on coffee and sugar.

However, in the case of sugar, OPA feels the President was a little premature.

Coffee rationing started out at the rate of one pound per person every five weeks. As subwarfare intensified, the same ration was spread over a six weeks period, but in recent months the improving supply situation has permitted increasing the ration.

The OPA also is considering subsidies to keep down prices of canned vegetables, Administrator Prentiss Brown said, adding if this is done the proposed "roll back" of coffee prices will be dropped.

Brown announced he has offered the job of OPA general manager to

Chester Bowles, advertising executive of New York, who is now Connecticut OPA State director.

## CERTIFICATE OF REDUCTION OF CAPITAL OF PHILADELPHIA SIGN CO.

PHILADELPHIA SIGN CO., a corporation organized and existing under the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY as follows:

1: That at a special meeting of the Board of Directors of the above Corporation, held on the 2nd day of May, 1943, and supplemented by a special meeting of stockholders of the said Corporation upon written waiver of notice, signed by all the stockholders, and held on the 17th day of May, 1943, in the City of Philadelphia, State of Pennsylvania, at 3 P. M., for the purpose of reducing its capital and in the manner hereinafter set out, it was duly

RESOLVED, That the capital of the Corporation be reduced from \$40,000.00, represented by 400 shares of stock of the par value of \$100.00 each, to \$15,900.00, represented by 159 shares of the par value of \$100.00 each, said reduction of \$24,100.00 to be accomplished by the retirement and cancellation of 241 shares of the capital stock of the par value of \$100.00 each, owned by the Corporation.

2: That a majority of the total number of shares outstanding and having voting power have voted for the foregoing Resolution to reduce the capital of the Corporation.

3: That the capital of the Corporation has been reduced from \$40,000.00 to \$15,900.00 in the manner set forth above.

4: That the assets of the Corporation remaining after such reduction are sufficient to pay any debts, the payment of which have not been otherwise provided for.

IN WITNESS WHEREOF, said PHILADELPHIA SIGN CO., has caused its corporate seal to be affixed and this Certificate to be signed by Andrew P. Truckse, its President and W. R. Gelbarth, its Secretary, this 16th day of July, A. D. 1943.

## CAUTION TO HOME CANNERS

Recently there have been a number of accidents due to jars exploding when vegetables were being canned in the ovens of ranges. When canning vegetables and fruits in the oven, steam is generated and a pressure built up inside of the jars, which may cause them to burst with great violence throwing water over the inside of the oven. This, in turn, produces more steam and results in wrecking the stove and inflicting personal injury to any persons close by.

In view of the possibility of jars exploding when the oven is used for canning, and the danger resulting from such explosion, the Safety Council warns against the use of the oven. When canning vegetables or fruits, the Safety Council suggests the use of the pressure cooker or the boiling water bath method as recommended by the University of Delaware and the United States Department of Agriculture.

Persons interested in canning are invited to secure a copy of the canning bulletin known as "Home Canning in Delaware" which was prepared by the University of Delaware and the United States Department of Agriculture. These bulletins may be secured at the office of the Delaware Power & Light Company, 600 Market Street, University of Delaware, Newark, and the offices of the Delaware Safety Council, 2169 duPont Building, Wilmington.

## STARVATION ALLOWANCES

The allowances given the dependents of America's fighting men amount to a national disgrace. At a time when we are spending hundreds of billions to fight the war, and when waste is rampant, the government gives the dependent mothers, children and wives of soldiers and sailors sums ranging from \$15 to \$50 per month each. And \$20 of a \$50 allowance comes out of the \$50 a month paid a private soldier.

Contrast this with the generous treatment accorded labor. Its wages are at all-time highs. It has been promptly given almost every wage increase it has demanded. The War Labor Board has allowed major labor groups recent wage increases on the grounds that they were necessary to compensate "for increases in the cost of living." And while that goes on, the dependents of men who are drafted into service receive pensions which are not enough to keep body and soul together. A considerable percentage of those dependents, because of health and age, are unable to work.

The cost of adequate pensions to those dependents would never be noticed in the over-all cost of the war. Adequate pensions would do more to create real morale among the fighting men than all the flag-waving speeches ever made. What is a soldier to think when he hears of workers receiving \$50 to \$150 a week in war industry—at a time when government aid to his dependents virtually condemns them to slow starvation or public charity?

## CRUX OF THE FOOD PROBLEM

The president of a leading farm organization touched the crux of the food problem when he said: "There has been failure on the food front. That failure can be traced to the failure of administrative agencies. . . . Empty store shelves, empty meat counters, disruption of production and distribution, are the inevitable result. Now these same people express great concern over food shortages. They have not yet worked out with farm organizations a sound program based on the knowledge of farmers and their organizations."

Subsidies and laws will not create food. Only the farmer can do that, and they need manpower, machinery and stability of government policies which will encourage production instead of keeping it in a constant state of confusion.

## HARD TO UNDERSTAND

Recent anti-trust proceedings against several chain store systems have been mystifying. It has been generally understood that the anti-trust statutes were to prevent the suppression of competition, the creation of a "monopoly" and the subjection of the helpless consumer to high prices. When the Department of Justice moves to apply the statutes to an industry obviously highly competitive at all points, and with many and individually powerful competitors, and which depends for its success on maintaining low prices, the ordinary citizen is completely confused.

While the OPA fights inflation by trying to curb rising prices, another agency of government attacks an industry which by efficient methods of operation, has done more to stabilize and hold down prices than any other single influence.

## THEORIES DON'T CHANGE FACTS

The farm situation is a number one domestic problem, for after all everyone has to eat. The draft rulings have at least officially recognized this fact. The question now is how much damage has been caused by delayed decisions, that cannot be corrected this season.

To get increased milk production, once the supply has been depleted, requires several years. Cows must be milked and fed regularly, and anything that interferes with that, as has been the case for some months past, depletes supply, or prevents an increase.

Farm wages have increased until they are prohibitive on most small farms where a major part of the milk comes from. All the theorizing in the world and planning from swivel chairs will not change these facts. Fortunately, the small farmers working through their marketing cooperatives, are at last making themselves heard. Otherwise, this country would be in a bad way for its milk supply right now and in the future.

## How About That!

By  
Ruth Safran

The last strains of the music died down. The dancers unclenched and mopped their brows—and Ruth Hostetter murmured politely to her companion. "You can step down, Sailor, the dance is over."

A few moments later, she limped to her seat, nursing one stepped-on toe. Other "casualties" at this truly top-notch entertainment (given by the Hospital Corps at Bainbridge) included: popped blouse buttons, a sheer case of jitterbugitis—and parched throats (quickly soothed by all-the-cokes-you-can-drink).

Hostesses Yetta Chaiken and this pen-pusher rounded up thirteen other merry maids for the slaughter: Leona Cichy, Lottie Summers, Loutisha Bourne, Ruth Hostetter, Avis Bourne, Kathleen Carrere, Faye Perry, Billy Perry, Marge Fezzell, Lee Hager, Kathleen Voiers, Betty Warner, and Estelle Eastmon. Conveying the group in the Bainbridge bus were Sailors George Kessler and John Gilbert.

We stopped counting the members of the orchestra—after adding to it. We were delighted also with the fresh roses bestowed on all the girls—Waves and "Civvies" alike. (Most of the Waves were so pretty that the boys have decided: "These are worth shaving for.") We also admired the freshly-cut ferns—We were told that a kind lady nearby gave permission to cut 75. Could you blame the genial hosts for plucking about 200 ferns instead?

And you couldn't help but be amused, delighted and pained in turns at the partners. There was the spasmodic type, who clutches your shoulder nervously, supports a wild-eyed gleam in his eye—and who trips every time you talk to him: there's the amorous kind who breathes so close that all the curl mopes out of your hair; and then there's the fellow who hasn't danced in a long time. He usually wears size 13 shoes—and sometimes there's the boy who would rather listen to classical music and dances at funeral-dirge speed to the Jersey Bounce. The bravest one of all—and the envy of little children and old men—is the violent jive hound, who is really "ready", whose bones melt to the music and who executes a split or an intricate break at the slightest beep of a clarinet. Yes, all that and good dancers, too!

### Aw, Fellers

Two little ladies, aged 10 and 7, dusted off their wagon, piled up thirty of their newest and best comic books and Jerry, the pup, on top, and rattled down the street towards the University campus.

They sidled up to the soldiers lounging on the walk. "We brought you some of our comic books", they said shyly.

"We don't want those things", the boys muttered gruffly.

Another group of soldiers—and the same response.

But the social-conscious young ladies, Judy Kase and Mimi Argo, were determined to spread learning.

They carried their burden into the building where the mail is delivered.

"I think the boys are just too bashful to admit they read the magazines", Judy said to Mimi. "Let's just leave 'em, and I bet they'll take 'em up the minute we leave."

Well, did you, fellows?

Spine-Chillers

Five o'clock in the morning is no time to see a light appearing over your window sill—especially when you're slight and scare easily—So Bettie Douglas pounded at her husband and shouted to the light to go away. It didn't budge, and Bettie decided the bearer was determined (or else had a gun).

By this time, Husband David had taken up a stick and was walking softly (in the best Theodore Roosevelt tradition). He slid bravely up the window ledge, poised to strike—But, only a harmless looking Winckler battery-charger light gleamed there—placed by the kind of practical joker who gets up in the middle of the night to keep his friends from sleeping.

Which Is Not A Bad Idea

Talking about hayrides brings up a lot of wonderful, now dusty memories of all the fun we had as kids.

Mae Smith, Employee Counselor at Triumph, told us about the party planned by Mrs. Reynard George—who seems to know a swell party idea when she sees one.

The hay-filled "Caravan" creaked on its way Friday night about 4 miles out the creek road—with feet and straw and legs and arms all mixed up.

The pictures Mae drew—of firelight, moonlight, mandolin playing, and the plaintive moo of the cows attracted up to the campfire and chiggers and good food—make us eager to go and do likewise.

### Quick Promotion

One of our hero-impressed youngsters ambled up to Lt. Ray Tritten in the American Store. With his shiny star on his shoulder and gleaming bar, Ray did look impressive, but he was hardly prepared for the awed way the little girl asked: "Are you a General, Mister?"

### Military Intelligence

"Goof Off" in G. I. talk means to ease yourself out of work. It's a first cousin to goldbricking, says Pvt. Bill Maher—who complains he does not get a chance to practice it.

"Getting burned" means to invite a demerit—witness Pvt. Frank Titus who earned the privilege of scrubbing floors—in return for sleeping through a for-

mation. Frank says, "The boys were very cooperative. There were 299 watching while I worked." That's like fiddling while I burned.

Howard Johnson (of the orange and white snazzy food establishments) has currently taken over the feeding of the 300 hungry A.S.T. privates. M-m-m-m.

Among the other local khaki phenomena is the physics class attended by 120 men and a girl, predict a large measure of popularity for her.

## STOLEN CAR RECOVERED

A fair exchange is no robbery, but the thieves who drove off with Clyde Robinson's car left another car in its place which had been stolen from Chester Plaza, Pa., and the owner, when notified came and claimed it, leaving Clyde without any car.

Mr. Robinson parked his car early Tuesday morning in the usual place and when he got up in the morning and went out to his car it was gone. In place of his own car there was another car parked. When local and state police were notified it was learned that the other car that had been left was reported stolen Saturday, July 17 from above Chester, Pa.

Last night Mr. Robinson received word that the contents of his car, including pigeon crates, bank book and other articles had been dumped along the road near Chesapeake City, Md. Later, Maryland State police reported that the car had been recovered near Conowingo, Md., and three deserters from the Army had been apprehended in the car.

## P.M.C. Athletes Planning Reunion In North Africa

Four former P.M.C. athletes are planning a reunion in North Africa, according to a letter written by Capt. Bill Butts to Col. Frank K. Hyatt, the college president.

The other three, who were also crack athletes at the Chester College, are First Lieut. Tommy Merendino of Atlantic City; Capt. Tom O'Malley of Kingston, Pa., and First Lieut. Joseph Sestito of New York City.

In the letter, Butts, a resident of Newark, Del., sent his regards to all his friends at P.M.C. and urged that the home front "keep sending the stuff over."

## Lt. William E. Douglass Is Promoted To Captain

Word has just been received here that Lt. William Edward Douglass, son of Mr. and Mrs. C. E. Douglass, South College Avenue, has recently been promoted to the rank of Captain.

Capt. Douglass is presently on duty with an Anti-Aircraft unit on maneuvers near Nashville, Tenn. Prior to his induction into the armed forces he attended Newark High School and the University of Delaware. He was associated with the Western Electric Company, stationed at Pittsburgh, Pa., after completing school. He is married and has one child.

## Army May Recall Men Who Leave War Work

Col. Arthur V. McDermott, New York City director of Selective Service, has made public a new order from national Selective Service headquarters that men discharged from the armed forces before last April 1 because they were over 38 can be ordered back to active duty unless they have remained in essential work.

Men discharged since April 1 have been placed in the Enlisted Reserve, but those released before that date were discharged, he said. The purpose of the release, he said, was to get men in essential industry, including agriculture.

## 30-Day Fall Race Meet Approved for Pimlico

The Maryland Racing Commission has approved a 30-day fall race meeting to be held at the Pimlico course from Oct. 9 to Nov. 13, with all four of the state's major tracks sharing in any profits.

All arrangements for the meeting, which is the maximum permitted at Pimlico this fall, will be handled by the Maryland Jockey Club, which operates Pimlico.

## MISS ELIZABETH TWEED— MR. CHAS. L. DAVIES

Miss Elizabeth B. Tweed, daughter of Mr. and Mrs. J. Frank Tweed and Mr. Charles L. Davies, both of Newark, were married at 8 o'clock Friday evening, July 16, at the Newark Methodist church. The Rev. Arthur J. Jackson performed the ceremony.

The bride wore an aqua crepe gown with white accessories and a corsage of pink roses.

The only attendant was Mrs. Edward Stuckey of Newark, who wore a beige dress with white accessories and a corsage of tallman roses.

Mr. and Mrs. William Beck of 99 Wilbur Street, have received a cablegram that their twin sons, Woodrow and Wilson Beck, that they have met somewhere in Australia, and spent a week-end together. This was the first time they had seen each other for a year and a half.

Private First Class Price G. Sentman returned to Camp Forrest, Nashville, Tenn., on Wednesday, after spending a ten day leave with his wife, Mrs. Alice Badders Sentman of South Academy Street.

Sergeant B. L. Lamplugh has returned to Fort Bragg after spending a 15-day furlough with his wife, Mrs. Elsie Lamplugh of 50 Choate Street.

Lieut. Harold N. Sheaffer, son of Mr. and Mrs. C. H. Sheaffer received his navigator's wings at the aerial navigation training base at the Gulf Coast Training Center at San Marcos, Tex.

Mr. and Mrs. William Beck of 99 Wilbur Street, have received a cablegram that their twin sons, Woodrow and Wilson Beck, that they have met somewhere in Australia, and spent a week-end together. This was the first time they had seen each other for a year and a half.

Private First Class Robert C. Black, son of Mrs. Edith Black of near Newark, has been promoted to technician fifth grade.

Seaman Second Class William Schaefer has returned to the Naval Training Station at Sampson, New York, after spending a leave with his parents, Mr. and Mrs. George Schaefer of 82 Kershaw Street.

Jack Powell, son of Mr. and Mrs. Frank C. Powell of West Main Street left Monday for Fort Dix to begin his basic training in the Armed Service.

Ralph Kee, U.S.N., of Bainbridge, Md., spent the past week-end at his home on Center Street.

Mr. and Mrs. Howard Blansfield of Continental Avenue received word from their son, Private Howard Blansfield, who recently celebrated his twenty-second birthday somewhere in West Africa. Private Blansfield is serving overseas with the 38th Engineers of the U.S.A.

Ensign J. E. Plotts, Jr., returned to Camp Peary, after spending ten days with his wife and son, Jay, and his parents, Mr. and Mrs. J. E. Plotts. Since his return, he has been transferred to Fort Pierce, Florida.

Mr. and Mrs. Harvey Fulton are receiving congratulations on the birth of a son July 21 at the Memorial Hospital.

Miss Isabel Margerun of Wilmington was the week-end guest of Miss Audrey Rumer at her home on Center Street.

Mr. and Mrs. Joseph C. Beatty of Lumbrook entertained Mr. and Mrs. E. A. Curtis, Miss Alice Lindell, and Claude Galyen, at a picnic supper Monday evening. Mr. Galyen, after a ten day leave, returned today to resume his duties as Flight Instructor at Lafayette Field, La. Mr. and Mrs. John Whalen of Lancaster Village were guests also at the Beatty home in the evening.

Mrs. Robert Challenger and son, Robert, have returned to their home in Florence, Ala., after a visit with her parents, Mr. and Mrs. Norris Smith of Cleveland Avenue. Another son, Lee, is remaining for a longer visit.

Ella Jane Sheaffer, daughter of Mr. and Mrs. Harold Sheaffer of Prospect Avenue is convalescing at her home following removal of her tonsils at the Wilmington General Hospital.

Mrs. William Clark and children and Mrs. Sarah Fisher of Philadelphia visited their parents, Mr. and Mrs. Lewis Fisher of South Chapel Street recently. Lois Clark remained for a longer visit with her grandparents.

Mr. and Mrs. E. J. Helmbreck, Mrs. George Barr, Mrs. Raymond Phillips and Samuel McCool are returning tonight after a two weeks visit in Maine.

Harry N. Herbener and Orville Little are spending several days this week with Captain George Haggerty on his schooner out of Little Creek, Del.

Miss Mary P. Palmer, daughter of Mr. and Mrs. Horace J. Palmer of East Main Street has been inducted into the WAC and left Tuesday for Fort Oglethorpe, Ga., where she will begin her training.

Miss Palmer is a graduate of the Langhorne, Pa. High School.

REGULAR MEETING OF LADIES BIBLE CLASS

The regular meeting of the Ladies Bible Class of the Newark Methodist Church will be held on Sunday morning at 9:45 o'clock.

The subject for the morning will be, "Some warning signals of Heaven to keep man from destroying himself by unrestrained appetites for destructive liquors."

Friends are invited to attend these weekly meetings and spend an hour of study with the group.

ROBERTA L. SPENCER BEGINS WAC TRAINING

Auxiliary Roberta Levering Spencer, daughter of Dean and Mrs. Robert L. Spencer, 46 East Delaware Avenue, Newark, has arrived at the Fourth Women's Army Auxiliary Corps Training Center to begin her basic training.

After four weeks intensified instruction in Army procedure, she will be ready for immediate service in the field or qualified for assignment to officers candidate school or to one of the many specialists schools.

Auxiliary Spencer is a graduate of the Newark High School and the Philadelphia Conservatory of Music.

Mrs. Randolph Lindell and sons, Randolph, Jr., and Paul, of Chester, Pa., are visiting her mother, Mrs. Kate Carson, of Delaware Ave. and Mr. Lindell's parents, Mr. and Mrs. Randolph Lindell, Sr., of Cleveland Ave.

Mr. Lindell will join them over the week-end.

## NEWS ABOUT LOCAL BOYS IN SERVICE

Merle Robinson, U.S.N., spent the past week-end with his parents, Mr. and Mrs. James Robinson of Lumbrook.

Word has been received that Ernest Campbell, son of Mrs. Ethel Campbell of East Main Street, has arrived safely in England.

Private First Class Price G. Sentman returned to Camp Forrest, Nashville, Tenn., on Wednesday, after spending a ten day leave with his wife, Mrs. Alice Badders Sentman of South Academy Street.

Sergeant B. L. Lamplugh has returned to Fort Bragg after spending a 15-day furlough with his wife, Mrs. Elsie Lamplugh of 50 Choate Street.

Lieut. Harold N. Sheaffer, son of Mr. and Mrs. C. H. Sheaffer received his navigator's wings at the aerial navigation training base at the Gulf Coast Training Center at San Marcos, Tex.

Mr. and Mrs. William Beck of 99 Wilbur Street, have received a cablegram that their twin sons, Woodrow and Wilson Beck, that they have met somewhere in Australia, and spent a week-end together. This was the first time they had seen each other for a year and a half.

## MISS AGNES SULLIVAN— LIEUT. THOMAS SKRIPPS

Miss Sullivan, daughter of Mr. and Mrs. William J. Sullivan of North Street, has selected September 4, as the date of her wedding to Lieut. Thomas Leon Skripps, son of Mrs. Walter B. Poliska and the late Mr. Thomas Skripps of Southampton, Long Island. The ceremony will take place at St. John's R. C. Church at 9:30 A. M., with the Rev. Eugene Kraemer officiating.

Miss Sullivan is a graduate of the Newark High School and is employed in the Personnel Department at Triumph Explosives. Lieut. Skripps is a graduate of the Southampton, Long Island, High School, and attended the University of Delaware, leaving in his junior year to enlist in the Field Artillery. He entered the service at Fort Sill, Okla., and was later stationed at Fort Bragg, N. C. He received his commission as a lieutenant in February.

Mrs. J. Harvey Dickey will attend the wedding of Robert L. Dickey, son of Mr. and Mrs. Clarence W. Dickey of Wilmington, and Miss Elsie Elizabeth Lamb, daughter of Commander and Mrs. S. G. Lamb, of Wayne, Pa., on Saturday. The ceremony will be performed in old St. David's P. E. Church at Wayne. Both Miss Lamb and Mr. Dickey attended the University of Delaware and Mr. Dickey is now a medical student at Temple University.

(Bobby) P. R. Roberts, III, and sister, Sue, have been entertaining a number of their young friends on their grandfather's farm at Cooch's Bridge. The order of the day being a swimming party.

Mr. and Mrs. Pearce Cann of Winslow and Orchard Roads, and Mr. and Mrs. Lawrence Cann of Richmond, Va., left this week to visit Mr. and Mrs. William Cann and family at the Beaux Art Apartment Hotel in New York City.

Mrs. Arthur Hill of Wilbur Street is visiting her mother at Fair Hill, Md., this week.

Mr. and Mrs. Carl S. Rankin and son, Douglas, of 82 West Park Place returned Friday, after spending a ten-day vacation at Lake Fairlee, Vermont.

Miss Marian Jones, daughter of Mr. and Mrs. R. T. Jones, spent last week at Rehoboth Beach.

Mrs. Robert L. Spencer of 46 East Delaware Avenue visited Mrs. A. W. Stephens in Washington over the past week-end.

Mr. and Mrs. William C. Miller of Baltimore were week-end guests of Mr. and Mrs. Carleton E. Douglass, South College Avenue.

WE DELIVER

# SHOTS

by  
SURE SHOT

The Newark Junior Legion baseball team did not do so well at Claymont last week. The Seminoles won the game by one run, but that was enough for a victory. Cashell and Buddie Cataldi divided batting honors or should we say scoring honors. Bob Laws singled in the fifth and the local boys had a chance to tie the score but, well, it was just one of those things.

Sure, they have all kinds of alibies. But the only thing that counts is the final score. No one cares how good you are if you don't win. It is not what you have done in the past, it is what you do today.

Jack Powell's smiling countenance will be missed on the Main stem because Jack left this week for Fort Dix where Uncle Sam will give him one of those uniforms to strut his stuff with in front of the ladies. Jack we all hope that they give you a uniform that is either too large or too small. They only have those two sizes we are told.

Last week in this column it was stated that nothing had been done to entertain the trainees stationed at the University. Well, we all make mistakes. Dr. and Mrs. Walter Hulihan got off to a flying start and entertained these young men at the Knoll the Friday previous. My apologies to Dr. and Mrs. Hulihan.

It is planned, said Mrs. Hulihan, to have the soldier boys entertained at Sunday dinner by as many families as can accommodate a couple. Many persons it is stated have signified their willingness to have one or more of these boys who are far from home, around to dinner on Sunday afternoon.

Coach "Bill" Gillespie, that Houdini of the gridiron is leaving Newark High. My, My, that is bad for Newark football teams. Coach Bill started off with a bang in 1928 and the first five years his teams were "Tops" until 1933 when Newark lost as many games as they won and tied two. Then for the next four years they were again on top but in 1938 they lost as many as they won and were only one point ahead of their opponents.

In 1939, Newark got off to a bad start when Millville walloped them 32 to 6. This was the worst year in Newark High's football history as they only won three games and lost 6. Last year was another bad year although the Yellowjackets did break even.

Coach Gillespie also developed some fine baseball teams, basketball teams and track stars during his fifteen years as mentor for the Black and Gold team.

The Newark Methodist Church is getting a new coat of paint. Jack Twed is the painting contractor and we all hope that he keeps on the job when the fire whistle blows as we are sure that those church people don't want to pay him for the time that he is riding around on the fire engine.

The other morning, real early, about 2 o'clock to be exact, the fire siren blew and the firemen raced to the National Vulcanized Fibre Company to put out a fire. When the firemen arrived they found that the chimney was on fire. Now, that chimney is some smokestack, only about a hundred or so feet high and inasmuch as there were no steps leading up to the top Chief Ellison said "let 'er burn."

As the firemen were getting ready to leave we heard the derndest racket and what do you think it was? Well, Big Bill Clancy and Dick Richards had gotten left at the fire house so they opened the doors and raced to the fire in another one of the engines. Of course, Clancy don't like too much company, he has to have a private chariot to ride in. You see, Bill Clancy is cooped up at the movies all the time and after looking at the pictures of how the movie actors go to fires, naturally he gets ideas.

Received another letter from that Thomas fellow this week and he read about the hardship that Day Captains at the Aircraft Warning Service were having in securing airplane spotters. He offered to be a spotter if he could find time but stated that he has a 24-hour day planned for him by Uncle Sam. Many thanks, Olan.

That fellow Ickies who is head of the department that says "You Can't Have Any More Gasoline" must have SOME publicity man working for him. In the morning papers you read that there will be no easing up on pleasure driving and then when you pick up the evening edition of the same paper you read that plans are being made to relieve the gasoline shortage. He is the greatest Yes and No man I have ever heard of.

We are informed that a certain young lady whose husband is in the Armed Service wanted to wash her auto Monday afternoon and never having had any experience in this sort of washing and feeling that her car was a very delicate piece of machinery, she used Lux to launder her fine Ford.

## JUNIOR LEGION DEFEATED BY CLAYMONT SEMINOLE TEAM FOR FIRST GAME OF SERIES

**American Legion State Championship Series Under Way; Local Team Loses To Claymont Team by Close Margin; Second Game Here This Week**

Three runs in the first inning proved too much for the Newark Junior Legion baseball team last week when the Seminole team of the City-Suburban League of Claymont nosed out the local team by one run in the first game of the state championship series.

## SELF PROTECTION AGAINST WAR GAS

**Rules To Follow In Gas Attack**

1. Stay indoors. A tightly closed room affords protection against war gas. All windows and doors should be tightly shut, and blankets (to be soaked with water) or cardboard should be kept in readiness to cover and seal shattered windows. Choose a room on an upper floor if possible; most war gases are heavier than air, although they may be carried up with air currents.

2. If caught outdoors in a gas attack, get out of the area at once. Look down and shield your eyes with your arm. Do not worry about any brief vapor exposure to which you may be subjected. The danger from this source is not great.

3. Prompt action will avoid serious effects. If you know or suspect that you have gotten any of the gas on your person or clothing, do not go hunting for a casualty station and expect someone else to help you. Knock on the first door you come to, and take whatever steps are necessary. Self-aid is the quickest and safest way.

4. This is what you should do. This routine should be memorized so it will be done automatically in an emergency:

(a) Remove shoes and outer clothing and drop them outside the house, in a covered can if available. Do not touch this clothing again except with sticks or gas-proof gloves. Do not cling to false modesty. To enter a house with contaminated clothing endangers everyone in it.

(b) Get to a bathroom, kitchen, or laundry room as fast as possible.

(c) If your eyes have been exposed to liquid gas or spray, flush them immediately. Plain water out of a faucet, shower-head, canteen, or douche bag will do, but a lukewarm dilute solution of bicarbonate of soda (heaping tablespoonful in a quart of water) is even better, if it is handy. Let anyone nearby help you.

(d) If drops of liquid blister gas have splashed the skin, you can prevent serious burns by adequate cleansing. Promptly blot up the liquid with pieces of cleansing tissue, cloth, or a handkerchief, which should be disposed of carefully in order that it cannot contaminate anyone else. Then sponge the skin briskly with laundry bleach containing sodium hypochlorite, if it is at hand, and rinse off under the shower or in a tub. A thorough bath with a vigorous lathering is the final step, which should never be omitted. Dry the skin by patting. Do not rub. Dress in whatever clean clothing you can get. If blisters develop, you should seek medical advice.

(e) If your nose and throat feel irritated, snuff and gargle with a dilute solution of bicarbonate of soda. If your chest feels heavy and oppressed, if you have any trouble breathing, or if smoking becomes distasteful, lie down immediately and stay perfectly still until you can be taken to a doctor. Do this even if you feel fine otherwise.

5. Remember: Cleanse yourself quickly and calmly. Follow the instructions of your air-raid warden.

Walt Alblanalp bested Brandon Davis and Bill Hamilton as the Claymont team tallied three runs in the opening frame on successive hits by Howard Husbands, Bob Jones and Jim Mecheil. Chuck Hudson drove in the final run.

Newark, held to three hits, tallied runs in the third and fourth innings as loose play and hits by Charles Laws and Buddie Cataldi resulted in runs. The third hit, a single by Bob Laws came after two were away in the fifth and did no damage.

In the third inning Cashell went to first on balls. He went to second on a single by Charles Laws and stealing third he came home for the first run on the catchers error.

Buddie Cataldi accounted for the second run in the fourth inning going to first base on a single he advanced to third and scored on the third baseman's error.

Bob Laws singled in the fifth frame failed to tie the score as he was left on base when the third man was called out.

The same teams will meet again this week on Frazer Field for the second game of the series when the local boys will have a chance to even the count.

## 9 RULES FOR WAR WORKERS

**Dr. Fishbein's Precepts For Keeping Fit**

Dr. Morris Fishbein, editor of the Journal of the American Medical Association recently prescribed these rules for keeping war workers physically fit:

1. Live where you can have good ventilation, sound sleep and cleanliness.
2. Wear clothing that is light, loose and porous.
3. Avoid overeating and overweight. Make certain that you have the required amounts of good proteins, minerals (especially iron and calcium) and vitamins. Eat slowly.
4. Use plenty of water—inside and outside.
5. Stand, sit and walk erect.
6. Keep your mouth, including your gums and tongue, clean.
7. Take enough exercise to make your muscles supple and strong.
8. Keep calm.
9. Learn to play. Cultivate a hobby, join with others in social activities including games, plays, music, service organizations, and other recreational affairs.

Dr. Fishbein enumerated the precepts at a dinner meeting of the Industrial Recreation Association.

He also expressed the opinion the proper development of industrial medicine and industrial recreation would improve the worker's physical and mental health, increase output, decrease absenteeism and "altogether make better American citizens—men and women capable of exercising the initiative necessary for the individual in a functioning democracy."

## Receives Silver Wings

Ernest M. Jamison

Word has been received by Mr. and Mrs. Ernest C. Jamison that their son, Pfc. Ernest M. Jamison has received his silver wings after taking flights in an A-25 Helldiver at Lambert Field, Missouri, where he has been taking his advanced training.

Inducted last September and sent to Camp Dix, he was transferred to Miami, Florida, for his basic training and later sent to Jefferson Barricks, Mo.

## GILLESPIE SETS FINE RECORD AT N. H. S.

**Wins 81 Games; Loses 33 And Ties 16 Contests In 15 Years**

Coach Wm. K. Gillespie, athletic director at the Newark High School for the past fifteen years, who has whipped into shape some of the best high school football teams in Delaware interscholastic history is leaving.

Coach "Bill" is the maker of champions. His teams on many occasions have been designated as champions of the state and have amassed an enviable record during his regime.

During the past fifteen years Newark Yellowjackets have played 130 games, eighty-one were victories for N.H.S. 33 games were lost to opponents and sixteen resulted in ties.

In the playing of these 130 games Newark High School scored 1,608 points with the other teams scoring 779 points. In the year 1928, Newark won 7 games and lost 2 scoring 108 points against 54 for the other teams; in 1929 when Newark was state champions they won 9 games and lost none scoring 156 points and allowing their opponents only 15 points.

1930 found the Yellowjackets winning 8 games, tying 2 and losing none with 165 points as against 25 for the other teams. This was another championship year.

In 1931 the local boys rolled up the highest score when they won 6 games, tied 2 and lost to Wilmington High 6 to 0. The Jackets scored 191 points against 13 for the other teams.

1932 again found the local boys leading with 124 points against 20 for the other teams; winning 6 games, tied 1 and lost 1.

1933—Newark won 4, lost 4 and tied 2; Newark, 88 points, opponents, 66 points.

1934—Newark won 6, lost 0 and tied 2; Newark 93 points, opponents 32 points.

1935—Newark won 6, lost 2; Newark 96 points, opponents 24 points.

1936—Newark won 5, lost 2 and tied 2; Newark 117 points, opponents 32 points.

1937—Newark won 4, lost 3 and tied 3; Newark 66 points, opponents 57 points.

1938—Newark won 5, lost 5; Newark 104 points, opponents 103 points.

1939—Newark won 3, lost 6; Newark 82 points, opponents 143 points.

1940—Newark won 5, lost 3; Newark 67 points, opponents 78 points.

1941—Newark won 5, lost 2, tied 1; Newark 112 points, opponents 64 points.

1942—Newark won 2, lost 2, tied 1; Newark 39 points, opponents 53 points.

## MATINEE RACE CARD AT HUBER TRACK SATURDAY FEATURES FIVE EVENTS

**Five Harness Races On Card For Saturday At Homewood Driving Park Club Track On S. E. Dameron Estate At East Edge of Newark**

Harness racing fans will again witness some fine sport on Saturday afternoon when the Homewood Driving Park Club will stage the second matinee harness race of the season at the Old Huber Race track on the S. E. Dameron farm at the East edge of Newark.

## DELAWARE PRISONERS IN ITALY

**Three Men From New Castle Co. Are Being Held**

Three Delaware men, previously listed as missing in action have been reported to be prisoners in Italy by the War Department. They are Lieut. Harlan E. Highfield, son of Mr. and Mrs. Clarence E. Highfield of Bear, and former baseball and basketball coach at Richardson Park School; Private James J. Fallers, son of Mr. and Mrs. James Fallers of 925 Kirkwood Street; and Private John T. Lipka, son of Mr. and Mrs. Frank L. Lipka of 510 South Van Buren Street, Wilmington.

Wives of the men have been notified. Lieutenant Highfield's wife, Beulah, lives with her parents, Mr. and Mrs. Charles W. Papperman, at 606 West Twenty-third Street, Private Fallers' wife, Josephine, lives with her parents, Mr. and Mrs. Anthony Sygowski, at 1011 Bennett Street, Mrs. Lipka, the former Miss Jennie Janicki, lives with Private Lipka's parents at the South Van Buren Street address.

Lieutenant Highfield had been listed as missing since March 29, when his plane was shot down in a raid. Fallers and Lipka were reported missing since March 28, while Lipka's wife and parents were notified May 27 that he was a prisoner.

The West Orange, N. J., telephone company has provided its booths with blackboard and chalk for the convenience of "doodlers."

"We have been able to show a slight increase in mutuels play although our gate has fallen off," Mori said, "and we feel that the first to be rewarded are the horsemen. We made the purse increase retroactive to recognize the loyalty of those horsemen who shipped in early and raced their horses over the muddy track that dulled the first few days."

With the first heat of the first race scheduled to start at one-thirty o'clock there will be the usual Free-for-all pace; free-for-all trot; Class A Pace; Class B Pace and the Class A Trot.

Among the local horses which are expected to be entered will be Walter Bolton's Dalas; Madge Martin, owned and driven by Hiram Collins; Fields owned by J. Wirt Willis and driven by Harvey Bolton; Highland Tilt, owned by Brandon B. Killman; Hanover, owned by Ralph Boren; Harvest Jim, another Willis entry and Scarab, a J. W. Willis trotter.

Horses from out of town which are expected to start will include—Abbie Direct, a pacer owned and driven by Jacob Rudnick from Dover; Gallop May, a trotter owned by Dr. Gildner of Galena, Md.; Ann Hal, owned by Case of Dover; Philadelphia, a pacer owned by J. N. Davis of Clayton; An Aubrey owned by L. Sweetman and Billy Buddington owned by R. Robinson as well as many other from the Delmarva peninsula.

## Jersey Track Ups Purses, Makes Gain Retroactive

Establishment of a minimum purse of \$1,000, retroactive to opening day of Garden State Park, was announced Tuesday by Eugene Mori, president of the racing association.

The retroactive provision will give an extra \$6,100 to owners whose horses finished first or second during the first nine days of the meeting by raising first money on minimum purses from \$400 to \$750 and second money from \$150 to 200.

"We have been able to show a slight increase in mutuels play although our gate has fallen off," Mori said, "and we feel that the first to be rewarded are the horsemen. We made the purse increase retroactive to recognize the loyalty of those horsemen who shipped in early and raced their horses over the muddy track that dulled the first few days."

## INSECTS ACTIVE ON POTATOES, MELONS

### Plants May Be Protected By Dusting Insecticide

Cucumber beetles, which cause great damage to cucumbers and melons by eating holes in the leaves, are either yellow and black striped or greenish with black spots, and are sometimes known as "striped bugs", "melon bugs", or "snake bugs".

One of the worst tricks of these beetles is killing the plants as they come through the ground, according to Harvey L. Chada, extension entomologist for the Delaware Agricultural Experiment Station. If the ground has crust on it, the plants as they push through the soil often times form a canopy of crusted soil over them. Beetles frequently feed on the seedlings under this cover. Break the canopies with your fingers when they appear.

Mr. Chada says the young plants can be protected by dusting with a mixture of 1 part of calcium arsenate and 5 parts of hydrated lime along the cracks in the soil. When the beetle goes in after the seedlings he will be poisoned. If the rain washes the dust into the ground, or when new growth appears, put on more of the insecticide. Larger plants should be protected by dusting this insecticide on the under side of the leaves.

Several different kinds of beetles are damaging sweet potatoes this year too. Mr. Chada says they are highly colored, golden hued, spotted, striped, or mottled with square, tortoise-shaped or flat, oval bodies. The beetles and their larvae damage the foliage by eating holes in the leaves, sometimes severing whole leaves.

Sweet potato beetles and larvae are both easily controlled by application of arsenate. Cover both upper and lower surfaces of the leaves thoroughly with either 3 pounds of arsenate of lead to 100 gallons of water, or 4 pounds of cyanide and 3 ounces of soybean flour to 100 gallons of water.

## ACUTE FEED SHORTAGE THREATENS

### Urge Farmers To Use Home Grown Feeds

The feed shortage is rapidly reaching the point where farmers are going to have to liquidate some of their chickens in order to make the numbers of poultry and the amount of feed come out anywhere near even, according to Edmund Hoffmann, research poultryman for the University of Delaware. Although reports on the feed situation have been confusing to say the least, the inescapable fact is that there is only enough feed to supply about 80 per cent of the feed consuming animals for the period between now and October 31.

Although the new crops will ease the situation somewhat in the fall, it is also true that the 1943 crop will be well below the miracle crops of the past two years and will be inadequate to maintain present numbers of livestock through the 1944 harvest.

Every farmer can make some contribution toward stretching the feed supply, says Hoffman, by using home grown feeds and preventing waste wherever possible. Further expansion of broiler growing must be stopped and existing numbers should be reduced somewhat. Laying flocks should be culled weekly and an aggressive war waged on rats.

The pinch will be on within the next few weeks, and a really aggressive effort on the part of every farmer to save feed is the part he can play in using existing supplies as efficiently as possible.

### Jockey Asks Court Help As Turf Board Bars Him

Robert Merritt, jockey, brought a motion in Supreme Court Tuesday to compel the New York State Racing Commission and the Jockey Club to grant him a license to ride on tracks in New York. In his petition, which will be argued Thursday, Merritt said that the action was "both arbitrary and capricious" and deprived him of a livelihood for his wife and three children.

Merritt said that he had applied to the Jockey Club for his 1943 license on May 31. The Jockey Club failed to act upon it within the 15 days required by law. Later Merritt appeared before a joint session of the racing commission and the stewards of the Jockey Club and the board "affirmed the refusal of the stewards of the Jockey Club" to refuse a 1943 license to him.

### Bible Presbyterian Church Services Announced

The regular weekly services of the Bible Presbyterian Church will be held at the Red Mens Fraternal Home, corner of South College Avenue and West Park Place.

The regular Sunday School service will convene at 10 o'clock under the direction of H. Lloyd Yarnall, superintendent. The adult classes will study the regular international S. S. lesson.

The morning worship service will begin at 11 o'clock at which time the pastor, Rev. Thomas G. Cross will preach on the subject "Christ Our Burden Bearer".

The evening preaching service will be held at 7 o'clock when Rev. Cross will use as his theme "Salvation Made Certain by Christ Jesus".

The regular mid-week prayer service will be held at the Red Mens Fraternal Home on Wednesday evening, July 28 at 8 p. m., when the study of personal evangelism will be continued. Everyone is cordially invited to attend these services.

### Pfc Charles W. Leasure Arrives Safe In England

Mrs. Katie C. Leasure of Glasgow has received word that her son Pfc Charles Walter Leasure has arrived safely somewhere in England. Private Leasure was inducted March 25 at Trenton and took his basic training at Keesler Field, Miss., and Belvoir, Va. he received his advanced training at Jefferson Barricks, Mo., and was sent to the post of embarkation around New York.

Pfc Leasure is a technical engineer in the Aviation Corps and before his induction was employed with the Continental-Diamond Fibre Company. He is 20 years old and is a graduate of the Newark High School.

### Garden State Betting Better Than Last Year

Seven days of racing at Camden's Garden State Park have netted the state revenues of \$116,697, an increase of \$1,734 over the corresponding period of last year's inaugural meet.

Secretary Fred Ryan of the State Racing Commission said last week the attendance for the first seven days of the 50-day meet totaled 44,498. The per capita bet, he said, was about \$67. The revenue was the state's four per cent share of a pari-mutuel play of \$2,917,441 for the seven days.

### CLEAN-UP DAY

Today is the last of the regular monthly Clean-Up Days as designated by the Town Council at their meeting earlier this month.

Town residents who have not already done so are urged to have their rubbish in containers placed in front of their homes early today in order that town trucks may collect it on their final trip.

With the relaxation of tire rationing restrictions, we invite you to inspect our complete stock of Grade 1 — pre-war

## Why butter won't melt in Africa

AS EVERYBODY KNOWS, butter will melt unless you keep it cool. And the African desert isn't cool.

Nevertheless, the Americans who are fighting these carry butter—and it doesn't melt.

It doesn't melt because it's fortified with a fat which has a high melting point. The result is a butter which can be packed in a can, like beans or beef, won't melt, and will keep indefinitely.

You might think our soldiers could get along without butter. They could. But—they don't have to! Butter is good for them—and Uncle Sam is seeing to it that American soldiers are the best-fed, best-equipped, best-cared-for soldiers in the world!

Of course, it takes money to do that. So much money that, to help pay the bill, every one of us must loan every dollar we can to Uncle Sam through War Bonds.

War Bonds are a swell investment. They pay you back \$4 for every \$3. Save part of every paycheck with U. S. War Bonds!

**YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!**

BOOST YOUR BOND BUYING

THROUGH THE PAYROLL SAVINGS PLAN

## DRAFTING OF FATHERS NOT LIKELY BEFORE FALL

### 1A-1AO Classes Sufficient To Meet Next Three Months Quotas

Official assurance was given fathers living with and supporting children born before September 15 last that they would not be subject to draft call at least before October by the Selective Service System last week.

Classes 1A and 1AO (men who can be used for non-combatant military service) already contain enough men who will actually get into uniform to fill draft calls for July, August and September, Maj. Emmett Solomon of the Selective Service Manpower Division told reporters.

That will be true, he said, although some of the 1,566,000 men in these classes will be reclassified on appeal and many more will be rejected by physicians and psychiatrists, who are currently turning back 40 per cent of those examined.

Approximately 50,000 of the 90,000 youths newly turned 18 each month can be counted upon for induction, he said, adding 150,000 to the pool of men who can be taken through September.

Furthermore, this number will be swelled by "recoveries" from the 2,976,000 men who were in class 4F on July 1 because of disqualification for physical, mental, educational or moral reasons.

On the darker side of the picture, Solomon pointed out of the total of 22,184,000 men aged 18 through 37, more than half already have either been taken into military service or rejected and placed in 4F.

War manpower commission officials said there are now 9,300,000 men and women in uniform and this number will grow to 10,800,000 Jan. 1 and to 11,300,000 by next July 1 as the Navy expands by some 500,000 in the first half of the 1944 while the Army holds to a strength of 8,200,000.

Solomon's discussion of the draft situation was highlighted by statements that:

This month's draft call was larger than any of the four preceding months. The August and September quotas will be somewhat smaller, with September, "slightly larger than August and just under July."

Local boards are rejecting and reclassifying to 4-F 6.5 per cent of the men they examine, while induction stations are rejecting about 33.5 per cent.

The average age of inductees at present is 24. The average age of the 6,559,000 men in class 3-A, composed almost exclusively of fathers, is 30.5. (Rejections rise steeply as age advances.)

The Navy is taking for special service men with some ordinary disqualifications, but it is not following the Army practice of taking around five per cent for limited service. Much of the Army's limited service quota may be filled by general service soldiers who are disabled slightly in battle or otherwise.

"In isolated cases" men over 38 actually have been drafted after they refused to leave a non-deferrable job for essential work. Waivers on their age were obtained from the Army.

(There is an official ban against induction of fathers living with and supporting children born before Sept. 15, provided they are not engaged in non-deferrable work. Draft officials contend there have been few cases where it was disregarded, and say some local boards have been "corrected after getting out of line.")

There is a strong probability many of the 705,000 single or childless married men now deferred as necessary workers on farms will be reclassified for military service after the harvest season.

### Mrs. Catherine E. Green Rites Held Wednesday

The funeral of Mrs. Catherine E. Green, 75, of near Newark, will be held at 2 o'clock tomorrow afternoon at the R. T. Jones Funeral Parlor in Newark with interment at the Friends Burying Grounds at Hockessin. Mrs. Green died suddenly at her home from a heart attack Sunday, four months after the death of her husband, George Green.

Mrs. Green was born in Wales and came to America at an early age. She lived at and near Johnston, Pa., until about 30 years ago when Mr. Green was transferred here by the duPont Company.

She is survived by nine children, Ernest L. Green, Wellsburg, W. Va.; Bruce Green, Wilmington; Mrs. Ruth Green and Mrs. Lawrence Hayward, both of Newark; Mrs. Charles G. Stone of Warrenton, Va.; John Green, Hockessin; George Green, Wilmington; Frank Green, Hockessin, and Mrs. Harry Sweeney, Newark. There are 17 grandchildren and four great-grandchildren. Other relatives live in Johnstown, Pa.

## IN REVIEW

25 Years Ago

Catching the spirit of the Town's folk to entertain the soldiers, Father Dougherty has offered the use of the ground at St. John's church. Tables, lighting and booths are all in place from the recent carnival. Ice cream and other refreshments—games of sport will be there—and the proceeds, yes? Well, the proceeds go to the soldier boys themselves.

So here is a chance for Newark to have an evening's fun, to entertain and be entertained by real soldier boys (Girls they do say, these are a handsome set) and to spend your money on an honest to goodness Yank. It is hoped that everyone will cooperate with Father Dougherty in making the welcome in keeping with our best hospitality.

### 200 Conscripted Men Training In Newark

Classes for the 200 conscripted men who arrived at Delaware College Monday and yesterday for special training under the auspices of the War Department, were started today and will continue during the eight weeks that this contingent remains.

About 125 of the men have sleeping quarters in Company E armory and the remainder in the college gymnasium. Everything possible is being done for their comfort and to make their stay in Newark pleasant.

**Regular Meeting of Town Council**  
Town Council at its regular meeting Monday night refused to pay a bill of \$46.37 presented by the Newark Opera House Company. In a letter accompanying the bill it was explained that the amount represented the actual loss sustained by the company because of the town being in darkness on the nights of May 13 and 21.

The bill was itemized showing the exact items making up the loss. This included films that had to be paid for but could not be used, express charges, pay for employees, etc.

The report of Treasurer Herdman showed that receipts for the month of June along with the balance on hand amounted to \$2,783.41; disbursements for the month were \$1,812.49, leaving a cash balance on hand July 1 of \$970.92. Receipts from the sale of light were \$1,083.72; sale of water \$137.97.

### Working on Farms

Several Newark men have volunteered for work on farms during the harvest season and have been working for farmers near the town this week.

### Barbers Short of Help

Local barber shops are having a hard time to get sufficient barbers and at present every shop in the town is being operated by the proprietor of the shop without any additional help.

### Reception to Students of Summer School

President and Mrs. Mitchell, assisted by members of the teaching staff at Summer School, will give a reception in honor of the students of the Summer School at the Knoll on Tuesday evening, July 9th from 7 to 9 o'clock. The purpose of the reception is to afford an opportunity for students and faculty to become acquainted.

### Miss Shew Improving

Miss Bessie Shew, daughter of Mr. and Mrs. Jacob Shew, of Delaware Avenue, who has been at the Homeopathic Hospital in Wilmington for a week is much improved and will probably return home today. When first taken to the hospital last week it was expected that she would have to be operated on for appendicitis but that was not found to be necessary.

### Rally of Queen Esther Circles

The annual rally of The Queen Esther Circles of Wilmington Conference was held at the Middletown Methodist Church last Friday, June 28.

The Newark Circle was accompanied by Miss Frickey, Washington, D. C., Mrs. T. V. Vaughn, Conference secretary, and Mrs. E. C. Jones, Directress of Newark Circle. Those present from Newark Circle were: Misses Marion Colaher, Edna Greene, Elizabeth Wollaston, May DuHammell, Emma Lovett, Olive Porter and Hannah Lindell.

A splendid and interesting program was offered to all the visitors. Mrs. E. V. Vaughn presided. Devotional services were conducted by Miss Anna Beckett of Smyrna Circle. The point of emphasis was "Stretching Forward." The reports made by the circles showed remarkable work for this year. Miss dna Greene made an entire report of the year's work for Newark Circle.

### LESSON-SERMON

"Truth" is the subject of the Lesson-Sermon of First Church of Christ, Scientist, at Park Place and Van Buren Street, Wilmington, on Sunday, July 25, 1943.

## FOOD, DRINK PRICES ARE FROZEN AT APRIL LEVEL

### O.P.A. Order Effective On Monday Hits Five States

Effective Monday prices of food and beverages in eating and drinking places in Newark will be frozen to the same levels as were charged during the week of April 4 to 10 by virtue of an order signed Monday by Sylvan L. Joseph, regional OPA administrator at New York.

The edict, which covers all of Delaware, New York, New Jersey, Pennsylvania, Maryland and the District of Columbia not only covers food and beverages sold for consumption on the premises, but also liquor when served alone, he said. Eating place managements will be required to post menus covering the April dates and OPA inspectors, aided by local ration boards, will check on complaints, Joseph added. He said violators would be punished by invoking criminal and civil penalties.

While local food and drink prices will not be greatly affected by the order, as establishments have not materially increased prices since April, Joseph estimated that the order would hit an estimated 250,000 food and beverage dispensers in the area.

He said it was made because restaurant prices in the region as a whole "have risen and are threatening to rise further to an extent inconsistent with the price control act and the President's hold-the-line order."

The April 4 to 10 period, he said, was shown to be "generally fair and equitable."

### Morning Services At Head of Christiana Church

Services will be held in the morning at the Head of Christiana Presbyterian Church on Sunday, July 25. Sunday School will convene at 10 o'clock and the morning worship service will begin at 11 o'clock.

Harold L. Stanley, superintendent of the Sunday School will be in charge of the Sunday School hour and the topic will be "Bible Teachings on the Cost of Drinking."

The pastor of the church, Rev. Evan W. Renne, will deliver the message at the morning worship service. His topic will be "The Christian Pattern of Life." Rev. Renne will sing a baritone solo entitled "My Task" at the morning service.

### CROP PROSPECTS DOWN

Crop prospects in early June were less favorable for feed grains than at that time in 1942, and per acre yields this year are not expected to be as large as the very high yields of last year. With about normal conditions during the remainder of the summer and with a reasonable late fall to allow late planted crops to mature, a feed supply of about 135 million tons, including wheat and rye for feed is expected. This supply would be 12 per cent smaller than in 1942-43.

## County War Boards To Distribute Wire

Delaware County USDA War Boards have been given the responsibility of handling a distribution program for copper wire for farmstead wiring. Both new and old users of electricity may make application to the County War Board for an allotment of wire, and if they meet standards for essential permitted uses, the Board will issue them a Copper Wire Allotment Certificate provided the county quota is not exceeded. The applicants will then present this certificate to a local dealer for purchase of the wire. Approval on applications for copper wire will be given only for essential needs which will add to the food production program to save labor on the farm. The number of livestock and poultry on the farm will determine how much wire can be allotted for a farm. The maximum amount of wire which can be allotted will be the minimum that will take care of essential needs.
