ing area.

VOLUME XXXVIII Number 7

The Newark Post, Newark, Delaware, Thursday, April 17, 1947

PRICE FIVE CENTS

OPEN TOWN MEETING TO BE HELD BY P. T. A. TONITE

Organization
Of Town-Wide
Youth Plan To
Be Considered

The possibility of establishing a con-
solidated town youth program will be
discussed tonight at the April meet-
ing of the Newark Parent-Teacher
Association, which will be conducted
in the form of an open town meeting,
Wyatt, president, said yesterday.

The session will get underway at 8
o'clock in the high school auditorium.
Representatives of all town and civic
organizations, which are now sponsor-
ing individual youth programs in any
form, are urged to attend, as are all
parents whether P. T. A. members or
not.

Dean Earl Armstrong, of the Educa-
tion Department of the University of
Delaware, will be moderator, and the
plan is expected to bring forth an in-
teresting exchange of ideas on the
problem of organizing and di-
recting the leisure of youth along
with acceptable channels.

Speakers will discuss the sociologi-
cal, psychological, as well as the school
and recreational aspects of a full-scale
youth program.

The subject is not to form an organ-
ization which will overlap the present
youth program of the Newark
Education Association but to coordi-
nate and extend such work into a
complete program for the youth of the
town.

OUR GRASS FIRES HERE LAST WEEK

Chances On
Carnival Car
Now On Sale

Four minor grass fires were reported
in this vicinity the past week, the
coming Thursday when flames
were out on property owned by Al-
derson Johnson on Possum Park Road.
Damage resulted.

On Saturday, a call for another field
fire was sounded, the flames causing
damage on the duPont estate
at Thompson's Station. Scarcely had
engines returned to the fire house,
a second call came through for a
fire on the J. F. Richards' farm, New
Glen Road. No damage was reported.
The final call came Tuesday, when
a fire caught fire below Glasgow
machine, owned by George W.
Rich, contractor, was hauling a road
gravel. Although no estimate of dam-
age was made, the flames completely
destroyed the motor. It was said.

On the two-door Pontiac
fully equipped, to be chanced
at the elaborate firemen carnival
this summer are now on sale at the
house, officials announced. Fire
under Charles E. Moore is in charge
of the sale.

OF D. SETS ALUMNAE DAY

May Pageant
Is Scheduled

Monday, May 17, has been design-
ated this year as Alumnae Day for
the University of Delaware, it was an-
nounced by Mrs. J. Herbert Tobin, of
New Castle, vice-president of the
Alumnae Association and general
manager of arrangements for the day's
program.

Several hundred graduates and for-
mer students are expected to return to
campus to witness the college May
pageant, including the coronation of
May Queen, and to participate in
luncheon and teas, take part in
business meeting of the associa-
tion, and to attend the traditional
Alumnae Banquet, which will again
be held in Kent Hall.

Special reunions are being planned
for each of the five-year-anniversaries
of the classes of 1922, 1927, 1932,
1937 and 1942. The classes of 1922, 1932,
1937 and 1942 are all planning reunion
dinners, while the class of 1937 will
have a tea in the Newark Country
Club.

Exhibits Works Here

Arthur Sappe

Arthur Sappe, well-known water-
colorist, whose works are currently on
display at the University of Delaware,
will be guest of the Art Department
on Saturday, from 4 to 5:30 p. m., in
the gallery of the Memorial Library.

According to an announcement made
by Miss Harriet Baily, head of the
Department of Fine and Applied Arts,
the general public is invited to meet
the artist at this time and to talk with
him about his paintings or about paint-
ing in general.

Mr. Sappe's works, which include
landscapes, portraits and still-life, will
remain on exhibit throughout the
month of April.

REPORT BY EVALUATION COMMITTEE LAUDS NHS

Inspectors
Claim School
Meets MASC
Requirements

The educational program and faculty
of the Newark High School came in
for special praise this week in a pre-
liminary report by the evaluation com-
mittee of visiting educators, which
recently conducted a 3-day survey at
the school.

The committee, representing the
Middle Atlantic States Commission for
Secondary Education, staged an in-
tensive inspection here in an effort
to determine whether the local insti-
tution is maintaining the standards of
an accredited high school. The Newark
school must pass the rigorous standards
set by the commission if it is to hold
its rating of accreditation.

Although a final report has not been
completed as yet, the initial reaction
of the committee was highly favorable,
indicating the local school more than
met the requirements. The inspection
covered every phase of the school set-
up, with the committee's report criti-
cizing and suggesting improvements in
every department.

Specifically mentioned was the
school's philosophy, which, the inspec-
tors said, was clearly stated and cap-
ably executed. The curriculum, they
said, indicated an awareness of the
school's responsibility to the commu-
nity and allowed for individual differ-
ences in pupils. Students, they found,
were being well-prepared for college,
and the school was especially com-
mended on its citizenship training. The
faculty was said to be above average
for schools of similar size and boasted
an unusual number of instructors with
master degrees. The inspectors also
called the teacher-pupil relationship
here superior.

However, the committee recommend-
ed enlargement of the curriculum
where possible, specifically suggesting
an additional year of French and a
greater variety of art, shop and music
courses.

The newly organized guidance com-
mittee at the school came in for spe-
cial mention, with the inspectors sug-
gesting that the school also make
greater use of outside agencies and
consultants in aiding the pupil choose
a vocation. The committee said the
library met the needs of the pupil, but
advised that the faculty make greater
use of its facilities.

The Newark School Board was
lauded for its non-interference with
the school administration and for limit-
ing itself to legislative functions. The
high-caliber of the school board mem-
bers was singled out for attention.
The school administration as headed
by Wilmer E. Shue and Frederick B.
Kutz was found to be highly efficient
and "forward looking."

NEW CASTLE PRESBYTERY MEETS HERE APRIL 21-22

Rev. W. Wysham
Will Speak At
First Session;
Public Invited

Delegates from Presbyterian
churches throughout this area will
gather at the First Presbyterian Church
here for a two-day meeting of the
New Castle Presbytery to be held
Monday and Tuesday, April 21 and 22.

The opening session on Monday af-
ternoon, beginning at 1:30 o'clock, will
include a sermon by the retiring mod-
erator, after which a new moderator
will be elected. The latter will preside
at subsequent sessions.

The speaker at the evening meet-
ing will be Dr. William N. Wysham, eastern
area secretary of the Presbyterian
Board of Foreign Missions, who recently
returned from a tour of mission
fields in the Philippines and Siam. The
session will be in charge of the foreign
missionary committee, headed by the
Rev. Clarence S. Hoffman, pastor of
the Elamere Presbyterian Church.

Committee reports and business con-
ferences will make up Tuesday's ses-
sion, when the group will also select
two ministerial and two lay delegates
to the General Assembly of the Pres-
byterian Church of the U. S. A. to be
held in Grand Rapids, Mich., May 22
to 28.

Holy communion will be celebrated
at the conclusion of the session, with
the new moderator officiating.

It was further announced that the
Rev. Gordin M. Ruff, pastor of the
Red Clay Creek Presbyterian Church
has resigned to take up missionary
work in India. The delegates from that
church will request formal severance of
pastoral relations. The delegates from
the New Castle Presbytery Church
will make request for a regular pastor.
The pulpit has been vacant two years,
with the Rev. Dr. Elliot Field, retired
minister, acting as pastor.

GI INSURANCE IS TOPIC OF LEGION TALK

All Veterans
Urged To Hear
VA Chief Here

An interesting program, open to all
veterans of the town, is being offered
by the J. A. O'Daniel Post, No. 10,
American Legion, next Tuesday night
at 8:15 o'clock, Commander Ford Mc-
Berty announced yesterday.

A timely talk by J. F. McDonald,
regional insurance officer of the Vet-
erans Administration, on "G. I. Insur-
ance" will highlight the program, which
will also include movies and refresh-
ments.

Mr. McDonald will discuss the latest
developments in the veteran insurance
and will be prepared to answer all
questions. Two films, one a captured German
movie on the "Conquest of Crete" and
the other a short reel, "Sport High-
lights of 1946" will be shown. A magi-
cians act by a noted master of the craft
will also be offered. John Fader is
program chairman.

LIONS HEAR ARMY TALK

Derrickson
Is Speaker

Captain William B. Derrickson, 198th
Regiment, Camp Kilmore, New Brun-
swick, N. Y., discussed the "Present
U. S. Army" at the weekly meeting
of the Newark Lions Club on Tues-
day night. President Ira C. Shellender
presided.

Capt. Derrickson, who is a graduate
of the University of Delaware, outlined
details of the current forces, including
general policy, plans, training program
and approximately strength. He also
gave timely information on the newly
organized post-war national guard.

The program chairman was William
Swan. In charge of next week's pro-
gram will be Arthur E. Tomhave. A
directors meeting, with Dan Stoll in
charge, is scheduled for April 29.

5TH ANNUAL DRAMA FETE OPENS HERE TOMORROW

Little Theatre
Groups To Vie
For Honors In
U. Of D. Festival

A rich program of theatre, ranging
from Shakespeare to Robert Frost, will
be offered in the finals of the fifth Dela-
ware Play Festival in Mitchell Hall,
University of Delaware, this Friday
and Saturday, April 18-19.

From the classics will come Dover
High School's presentation of "The
Doctor in Spite of Himself," and the
Wilmington Drama League's perfor-
mance of a cutting from "Julius Caesar."
Some of the finest plays of the past 20
years are included, such as "Papa Is
All" (a cutting), by the Oxford
Drama League, Oxford, Pa.; "They
Knew What They Wanted," by the Uni-
versity Drama Group of Newark; and
Noel Coward's "Fumed Oak," by the
Kennett Little Theatre, Kennett
Square, Pa. Robert Frost's "A Masque
of Reason" was given its world pre-
miere recently by the New Players
Group of Wilmington, which plans to
repeat the production this week-end.

The schedule for the festival follows:
Friday at 8:15 p. m., "Papa Is All";
"Fumed Oak"; and "Julius Caesar."
Saturday at 2:15 p. m., "The Doc-
tor in Spite of Himself"; "The Gael
Gate," by Conrad High School, of
Woodcrest; "Broad," by Georgetown
High School; and "Saved," by Ursu-
line Academy.

Saturday at 8:15 p. m., "They Knew
What They Wanted"; "A Masque of
Reason"; and "The Maker of Laws," by
the Y Players of the Y. M. and Y. W.
H. A. of Wilmington.

Analysis of each of the three groups
of performances will be given by the
critic judge, Prof. Alan Schneider, of
the Theatre School at Catholic Uni-
versity, after respective groups have
been presented.

Dean W. Earl Armstrong of the
School of Education will present a lov-
ing cup to the winning school in the
public school division. Miss C. Louise
Jackson, chairman of the festival com-
mittee, will present prizes and awards
in the school age section, and Saturday
night, Robert Durkee, president of the
Delaware Dramatic Association, will
present a plaque to the winning play in
the community theatre division.

The festival is an activity of the
University Dramatic Center in coopera-
tion with the Delaware Dramatic As-
sociation. On the festival committee,
in addition to Miss Jackson, are: G. Tag-
gart Evans, of Newark; Miss Mabel
Wright of Wilmington High School;
Mrs. Myrtle Cabbage, of Dover High
School; and Miss Virginia Wiley, of
Georgetown High School. The university
staff for the festival consists of:
Dr. Kase, director of dramatic center;
Edward Fitzpatrick, technical director,
and Thomas B. Pegg, house manager.

SCHOLARSHIP FUND DRIVE IS LAUNCHED

Campaign
Committees
Announced

The annual drive for the Newark
High School Scholarship Fund, launched
Tuesday by the Alumni Association,
will extend to April 29, with commit-
tee members seeking contributions from
local alumni and friends of the high
school.

Mrs. Delena Ginter is chairman of
the Scholarship Committee, and the
captains and their committees are as
follows: Florence Cranston Clements,
captain; Mary Bonnie George, Joyce
Wakefield, Eleanor Roberts, Mildred
Baylis, Lucille Morgan, Dorothea Roth-
well, Grace Kelly, Dorothy Marrs, Mary
Jackson, Mrs. Bernard Doordan, Sammy
Talcott, Charles Wollaston, and Paul
Montague; Phoebe McBerty, captain.
Lois Detjen, Mrs. F. Allyn Cooch, Wm.
K. Richardson, Clarence Knotts, Peggy
Miller Ferry, Anne Nichols, Jean Runk,
James McNeil, William Fraser, Robert
Eissner, and Francis Lindell; Anne
Richards, captain, Olive Fulton and
Jane Hillman; Ella Mae Caclary, cap-
tain, Jean Lewis Groscup, Donald But-
terworth, Darlene Ludwig Morgan, and
Arthur Drabble.

Funds raised will be used for a schol-
arship award to a member of this year's
graduating class at Newark High School.

Methodist Church Organist

Mrs. Evelyn S. Martin

Mrs. Evelyn S. Martin, organist of
the Newark Methodist Church, will
play the accompaniment for the Spring
Concert to be given by the Adult Choir
of the church on Friday evening, May
9, at 8 o'clock. The group will be di-
rected by Thomas Hilbish, director of
music. One of the best soprano soloists
of the Westminster Choir School of
Princeton, N. J., has been engaged to
sing on this occasion.

After graduating with the degree of
Bachelor of Music from Converse Col-
lege, Spartansburg, South Carolina,
Mrs. Martin played the piano for a sea-
son on a music program over one of
the leading radio stations of Asheville,
North Carolina. This was followed by
two years in Winston-Salem, N. C.,
where she taught public school music.
Since last fall she has been a special
student of the organ under Dr. John
Thoms of Wilmington.

RESPONSE STILL HIGH TO CANCER DRIVE HERE

Local School
Donates \$190;
More Workers
Join Campaign

A contribution of \$190.51 by the New-
ark Public Schools was the high-point
of the Cancer Drive here the past week,
with returns still running well above
expectations. Mrs. T. D. Myrlea, state
chairman and head of the local drive,
said yesterday.

The school donation came as a result
of the One-Fund drive staged at the
school last fall to obviate the need for
a number of individual campaigns.
Twenty-five per cent of the total raised
in the student collection was allocated
to the Cancer Fund.

Returns for the county thus far total
over \$8000, Mrs. Myrlea said; the goal
for which is \$28,000. Funds raised
throughout the nation will be used in
cancer research, service to cancer vic-
tims and for a broad program of public
education in the problem. Some idea
of the magnitude of the cancer threat
can be gained from the fact that the disease
is killing Americans at the rate of one
every three minutes.

Seventeen more volunteer solicitors
this week joined those previously an-
nounced as seeking funds in Newark.
The new group includes: Mrs. Virginia
Hodgson, Mrs. W. A. Tierney, Mrs.
Vincent Parker, Mrs. Lester Beers, Mrs.
Joseph McVey, Mrs. Thomas Ross, Mrs.
Leonard Fossett, Mrs. E. T. McCully,
Mrs. Hans Lebach, Mrs. Stanley Gibbs,
C. W. Woodmansee, Miss Helen Fader,
Mrs. Conrad Lewis, Mrs. R. W. Fox,
Mrs. W. S. Martin, Mrs. John Doyle
and Mrs. H. Clay Reed.

Services Monday For Caleb Edward Foster

Caleb Edward Foster, a retired
Pennsylvania Railroad conductor, died
in his sleep Thursday at the home of
his son, Clarence S. Foster, of Newark.
He was 90 years old.

A native of Odessa, he had lived most
of his life in Delaware. He had been
associated with the Pennsylvania Rail-
road for many years. He had been a
conductor on the trains running be-
tween Philadelphia and Washington.

He is survived by his son, four
grandchildren and one great-grand-
child.

Mr. Foster was a member of the
Brotherhood of Railway Trainmen and
attended the Newark Presbyterian
Church.

The Rev. H. E. Hallman, pastor of
the Presbyterian Church in Newark
was in charge of funeral services Mon-
day morning at the R. T. Jones Funeral
Home in Newark. Interment was in
York, Pa.

HAMILTON IS NAMED PRESIDENT OF ROTARY

Martin Chosen
Vice-President;
Annual Ladies'
Nite Plans Set

William S. Hamilton, well-known
local business man, was elected presi-
dent and William (Shack) Martin,
baseball and assistant football coach
at the University of Delaware, vice-
president of the Newark Rotary Club
at the group's annual election of offi-
cers Monday evening in the Academy
Restaurant.

The members also chose C. E. Ochel-
tree as secretary, and Vincent L. Mayer,
treasurer. New directors are Hodgler
Schulmann and Ken Steers.

Highlight of the evening was a show-
ing of color films of the Delaware-
Rollins College Clear Bowl game played
last January. The movies were ex-
hibited by Shack Martin. Guest of the
evening was Wallace Cook, of the Mid-
dletown Rotary.

A large turnout of members and their
wives, along with guests from Rotary
units in surrounding towns, is ex-
pected to attend the annual Ladies'
Night program of the local club next
Monday night.

Elaborate plans for a full evening of
fun are underway, with Shack Martin
acting as program chairman. The skits
and entertainment are being arranged
by Joe Shields.

Music will be furnished by the
Reivers Chambers Chorales, a Negro
group from Baltimore, which has won
a reputation for outstanding programs
before small groups. Members from the
Elkton, Middletown and New Castle
Rotary Clubs have been invited.

CUNNINGHAM GIVEN LEAVE OF ABSENCE

Police Chief
Gets 6-Month
Rest With Pay

William Cunningham, veteran Chief
of Police here, who has been ailing
for some time, has been granted a leave
of absence for six months with full pay,
and Samuel Tibbett has been named
acting Chief for that period.

The move was made at the organiza-
tional meeting of the Town Council on
Tuesday night, when the newly elected
members were formally inducted into
the town body. President of Council
C. C. Hubert administered the oath of
office to George Ramsey, Norman Bat-
terbury and Rodney Dann, victorious
candidates in last week's municipal
election.

Further business included the ap-
pointment of town officials and the se-
lection of committees. J. H. Rumer was
renamed alderman, while Fred A.
Wheelless was appointed Town Asses-
sor and directed to begin work at once
on the town tax list.

All other town personnel were re-
appointed without change. The drafting
of various town committees was not
completed, it was said, and the lists
will be announced later.

VFW MEETS HERE TONITE

'Joe' Dinner
Is Success

A general meeting of the local Vet-
erans of Foreign Wars, Post No. 475,
will be held tonight beginning at 8
p. m. Ren George, commander, an-
nounced this week. All members are
urged to attend the session, which will
consider future plans and policy of the
club.

A large turnout of members and
friends attended the "Little Joe" ban-
quet staged by the Post last Wednes-
day evening, with the affair reported
as highly successful. Several post mem-
bers also attended the Shrine Club
banquet held last week in honor of the
national VFW commander, Louis E.
Starr.

The post membership drive is still in
progress, George said. All eligible men
may obtain application blanks from
any member.

MAT SHOW AT ARMORY

Morgan-Kovacz

Bearded Ben Morgan, the bad man from Texas, who has been disqualified in each of his last two appearances in the feature of LaSalle Athletic Club wrestling shows, will be back next Thursday night in the same ring.

Morgan will be one of the headliners in the windup, too, and opposing him will be Sander Kovacz, the rugged Hungarian, who was declared the winner over Morgan two weeks ago when the bearded villain persisted in using the illegal back-breaker hold.

Morgan was given the old heave-ho after he had consistently refused the command of the referee to discard his unethical tactics. And, although he persisted in using the hold against Kovacz, Morgan was so enraged at his disqualification that he immediately demanded a rematch with Sander.

Kovacz was not a bit reluctant in agreeing to the bout. The Hungarian will be out to prove that scientific methods can overcome the 100-pound bulge which Morgan will have in his advantage.

Morgan and Kovacz will wrestle one fall to a finish.

A team match will again occupy the semi-windup spot with Stu Hart, handsome Canadian, pairing off with Marvin Mercer of Reading, against the rough-housing duo of Harry Finkelman of New York and Tom Mahoney of Philadelphia.

Mercer will be making his debut in tandem matches but will have an experienced partner in Hart. The teams will go the usual route of best out of three falls.

In the first bout, scheduled to start at 8:45 o'clock, Jan Blears, the English champion, will take on Ace Freeman of New York, while in the second bout Frank Marconi of Buenos Aires, faces Faro Renaldo of Milwaukee.

"A man may, if he knows not how to save as he gets, keep his nose to the grindstone," wrote Lord Chesterfield, and he was right. If you have not yet developed the habit of regular saving, start now so that you may some day have more security, more leisure time. For example,

some day you'll be able to build a new home which will mean more security for you and your family. And the bigger the down payment you can make on that home, the better. Make this down payment an objective of your savings plan, and begin now. One dollar opens an account here.

DELAWARE FARM FRONT THIS WEEK

New Research Data On Potato Culture Listed

Delaware farmers are planting a little more acreage this year than in 1946, according to the Delaware Crop Reporting Service. More soybean acreage is planned as well as small increase in barley acreage. The increased acreage in soybeans and barley is partly compensated for by a decrease in winter wheat acreage.

The soybean acreage is estimated at 38,000 acres, an increase of about 5 per cent. The barley acreage is estimated at 13,000 acres or 18 per cent more than last year. Delaware farmers planted 67,000 acres of winter wheat last fall, a decrease of 4 per cent from the acreage seeded the previous fall. The prospective corn, oat and hay acreage are the same as last year. The acreage seeded to rye last fall is estimated at 32,000 acres a decrease of 3 per cent from that seeded the previous fall. Much of the rye acreage will be plowed under this spring. Potato and sweet potato acreages are estimated slightly below last year.

The number of livestock on farms throughout the country declined during 1946 for the third successive year since numbers reached an all-time peak on January 1, 1944.

According to the annual livestock and poultry report of the Bureau of Agricultural Economics preliminary estimates indicate a continued decline of livestock on Delaware farms.

Delaware figures indicate a decline in number of draft animals of 13 per cent; milk cows, three per cent; chickens, 19 per cent; and turkeys, 16 per cent. The figures indicate that the number of hogs is about the same.

During the past year, 526 dairy bulls used in dairy herd improvement associations throughout the country were proved by the milk and butterfat records of their daughters.

In all, 34 states were represented with one or more proved bulls. Six bulls were proved in Delaware. Delmar Young, extension dairyman, says that it will take many more good proved sires for farmers generally to improve their herds very fast.

GOV'T JOB EXAMS SET

Recreational Chief Sought

An examination for probational (permanent) appointment to the positions of Recreational Technician and Recreational Director, \$2168 to \$4902 a year for duty in the Veterans Administration Branch Office as well as the various Veterans Administration Hospitals in Branch Area No. 3, comprising the states of Pennsylvania, Delaware, New Jersey and the counties of Brooke Hancock, Marshall and Ohio in West Virginia, was announced today by the Executive Secretary Board of U. S. Civil Service Examiners at the Veterans Administration, Branch Office No. 3, Philadelphia, Pa.

No written test is required. Applicants will be rated on the basis of their experience and training.

Applicants must be between the ages of 18 and 62 on the closing date for receipt of applications and must be citizens of or owe allegiance to the United States, or must be citizens of the Republic of the Philippines. The age limits will be waived for veterans.

Applications for this examination must be on file with the Executive Secretary, Board of U. S. Civil Service Examiners, Veterans Administration, Branch Office No. 3, 128 North Broad Street, Philadelphia 2, Pa., not later than the close of business on May 5, 1947.

Interested persons may obtain information and necessary application forms from the Commission's Local Secretary, Mr. Singles, located at Newark Post-office, from most first- and second-class postoffices in the area for which this examination is announced; from the Director, Third U. S. Civil Service Region, 103-A Customhouse, Philadelphia 6, Pa.; or from the Executive Secretaries, Boards of U. S. Civil Service Examiners, Veterans Administration Regional Offices at Philadelphia, Pittsburgh, and Wilkes-Barre, Pennsylvania, and Newark, New Jersey; and Veterans Administration Hospitals at Aspinwall, Coatesville, and Butler, Pennsylvania; Lyons, New Jersey; and Wilmington, Delaware.

Wisconsin's Milk Production

According to official figures the state of Wisconsin has 2,577,000 dairy cows. Statistics disclosed that there are about 170,000 dairy farmers in the state and that the average dairy herd is from 10 to 15 cows.

PLANT ONLY TESTED CORN HYBRID SEED

There are thousands of field corn hybrids, but only a small number are adapted to Delaware conditions, points out Claude E. Phillips, extension agronomist for the Delaware Agricultural Extension Service. He advises farmers to buy only those hybrids that have been tested in this state.

With an increase in the acreage of hybrid corn planted each year, there

is no longer any doubt that hybrids give larger yields and stand up better than the regular open-pollinated varieties.

New hybrids which have not been tested in the state should be tried out for at least a year or two in small plantings of about one-half acre each.

Phillips also cautions growers that hybrids do not yield well on poor land without fertilizer. In fact, he says hybrid corn probably should receive an application of fertilizer regardless of the fertility of the soil on which it is planted.

For average Delaware soil conditions, Phillips recommends an application of at least 300 pounds of a 3-12-6 on the heavier soils, and at least 300 pounds of 4-12-8 on sandy soils.

Newark, Delaware, Thursday, April 17, 1947

FASHION TRENDS

Of all the problems about spring clothes this season, the most puzzling one is the matter of the new skirt length. According to Miss Adeline M. Hoffman, extension clothing specialist of the University of Delaware, fashion leaders aren't exactly in agreement themselves on what is the fashionable length, or what change may occur by fall.

To be sure, continues Miss Hoffman, the trend is toward longer length, from the knee length of the war years, but just how much longer is the problem. The best answer to date seems to be at least two inches longer, or to the fullest part of the calf of the leg. An exact number of inches from the floor can't be stated, because it would have to be different for all people, according to height. Most fashion writers are now saying, "to mid calf," to be conservative.

Dresses, suits and full-length coats purchased now for long-time wear should be selected with the longer skirt length in mind, so they won't be an unfashionable length by fall.

To lengthen last year's skirts and dresses that would be too short now, Miss Hoffman offers several suggestions:

Press out the old hem crease before changing the hemline, so the dress won't look too "obviously lengthened."

For dresses that are dry cleaned, let down the entire hem when the dress is sent to the dry cleaners. This will help in cleaning that part of the hem that shows the mark of the original turn. Then turn up the hem where you want it when the garment comes back from the cleaners.

CHEM. STAFF PARLEY SOON

The University of Delaware will have several faculty members in attendance at the national meeting of the American Chemical Society, which is being held in Atlantic City from April 12-18.

Among representatives will be: Dr. W. A. Mosher, head of the department of Chemistry at the university and a councillor of the Delaware Section of the Society, who will attend the administrative sessions on Saturday (April 12); Dr. Quessita C. Drake, who at the university gives a graduate course in vitamins and hormones and plans to attend the special symposium on anti-thyroid compounds; Dr. Elizabeth Dyer, who plans to attend the high polymer symposium; Dr. H. C. Beachell, who will participate in a discussion of organic silicon derivatives.

Others to attend include Dr. C. C. Lynch, Dr. Glenn S. Skinner, Mr. A. F. Clifford, all of the faculty, and four graduate students, all in the department of chemistry, and Dr. A. P. Colburn, Dr. Kurt Wohl, and Dr. Jack Gerster, all of the department of chemical engineering, also plan to attend the conference.

The graduate students are: Jane Maxwell, Ethel Anderson, James J. Coleman, and Joseph McBride.

Rites Yesterday For Mrs. Belle L. Wilson

Funeral services for Mrs. Belle L. Wilson, 43, of near Elkton, whose battered body was found early Saturday morning in a marshy thicket near the South Market Street overpass, Wilmington, were held at the funeral parlors of R. T. Jones in Newark, yesterday afternoon.

Interment was in Newark Cemetery. Mrs. Wilson was a former resident of Newark.

State police investigators announced this week no new clues have been uncovered in the hunt for Mrs. Wilson's slayer.

Coroner James F. Hearn, who said an autopsy revealed Mrs. Wilson died from multiple cuts, bruises, and hemorrhages, inflicted by external force, reported other tests were being conducted to determine if the victim had been criminally assaulted. He said the results of the test would be known in several days.

DEL. POULTRY NOTES GIVEN

Broiler Quality Data Outlined

The poultry breeder, hatcheryman, grower, buyer and processor all play a definite part in building the name for "Delaware Broilers" as they are found in the city markets, writes Paul M. Hodgson, Bureau of Markets, State Board of Agriculture, in the latest issue of the Delaware Broiler Notes prepared and distributed by the Delaware Agricultural Extension Service.

To insure top-quality poultry leaving Delaware, Hodgson lists six steps that are necessary.

First, he writes that breeders must produce strains of poultry with qualities for livability, good feathering, rapid growth, well formed meaty bodies, and clean fine finish under mass production in processing.

Hatcherymen must hatch and distribute first class chicks from such sources.

Growers must feed and care for these chicks so as to develop these qualities to a maximum degree.

The buyer, whether for dresser or live shipper, must handle the birds so that the quality as found at the farm will be retained or improved.

The processor must put the finishing touches to the birds to bring out all the existing good qualities.

The Bureau of Markets must have available qualified inspection service to help identify quality and officially certify grade.

Hodgson says the processor is the "key man" for on the basis of the finished product is the name for "Delaware Broilers" made in city markets.

School Music Fete Is Set For May 1-2

The annual music festival at the Newark High School will be held May 1, at 8:15 a. m. for Junior and Senior High, and May 2 at 8:00 a. m. for Elementary Schools.

The school Swing Band played Monday for the Senior Lunch Hour. This was the first time students have had the opportunity to dance to the music of the group. Mr. Wilder is director.

REGULAR MEETING LADIES' BIBLE CLASS

"The opportunities, the inspirations, the temptations and the joys and sorrows that make up the experiences of the life of any man who desires most of all to serve God in the place to which God has assigned him" is the subject presented for general discussion this Sunday for the members of the Ladies' Bible Class of the Newark Methodist Church.

All members are urged to remember their share in attaining the attendance goal.

DEGREE ASSOCIATION MEETING WED. EVE.

The Degree Association of Friendship Temple, No. 6, Pythian Sisters, will meet Wednesday evening, April 23, at the home of Mrs. Frank Durnall, 78 Kells Avenue.

Co-hostesses for the evening will be Mrs. Marian Durnall and Mrs. Mildred Crill.

BENEFIT CARD PARTY SATURDAY, APRIL 19

A card party will be held at Brooks Hall, Glasgow, for the benefit of the Glasgow Baseball Club, Saturday evening, April 19, beginning at 8 o'clock. There will be a great many nice prizes and plenty of refreshments.

Congratulations are being extended to Private First Class and Mrs. Evan D. Lloyd, of Newark, on the birth of a daughter, April 11, at the Wilmington General Hospital.

Members of the Wednesday Duplicate Bridge Club spent Tuesday and Wednesday of this week in New York City.

Mr. David C. Anderson, formerly of Newark, now holds the position of New England Sales Manager for the A. & H. Advertising Co., of Dallas, Texas. Mr. Anderson is the son of Mrs. C. J. H. Anderson, of Newark.

Mr. and Mrs. Ray Elliott have returned from several days spent last week in Anderson, Indiana, where they attended the funeral of Mrs. Elliott's brother.

Mr. and Mrs. Oscar Pickett, of 108 Briar Lane, Nottingham Manor, will spend this week-end in Chapel Hill, North Carolina, where they will visit with their son, Oscar Pickett, Jr., who is in college there.

Dr. William C. Silverman, of South College Avenue, is spending this week in Philadelphia where he is attending the eleventh annual Postgraduate Institute of the Philadelphia County Medical Society.

60 NHS Seniors To Make Class Trip To New York

The Seniors of Newark High School will make their annual trip to New York May 5, 6 and 7th.

Arrangements have been completed for a stay at the Hotel Victoria. The 3-day visit will include sightseeing tours arranged by the hotel, which will cover high-points of interest in the big town.

Sixty seniors will take the trip.

Mr. and Mrs. David Calhoun and daughter, Sandra, of East Cleveland Avenue, spent this past week-end in Ridgely, Maryland, where they visited with Mrs. Calhoun's brother-in-law and sister, Mr. and Mrs. C. C. Ringgold.

Mrs. Carlton Pepper, of New York City, was a guest of Mrs. Elisha Conover, of 247 West Main Street, last Sunday.

Mrs. George Potts, of East Cleveland Avenue, who has been a patient at St. Francis Hospital, Wilmington, is convalescing at her home.

Mr. and Mrs. Elmer P. Corrie, of Smyrna, spent Sunday with Mr. and Mrs. J. Harvey Dickey.

Miss Nancy Herbener was among those graduated last night from the Delaware Hospital School of Nursing, Wilmington. Miss Herbener is the daughter of Mr. and Mrs. H. N. Herbener, of South Chapel Street.

Miss Margaret Butler, of Atlantic City, N. J., is visiting her sister, Mrs. William C. Chalmers, of 79 West Delaware Avenue.

Mr. and Mrs. George Haney, of Old Oak Road, are visiting friends in North and South Carolina this week and will return this Saturday.

DR. CARLSON TO SPEAK

Dr. William S. Carlson, president of the University of Delaware, will be the speaker at the annual banquet sponsored by the men of Ebenezer Methodist Church to be held in the social hall on April 22 at 7 p. m.

Dr. Carlson will discuss the place of the university in the life of the state and outline plans for the future of the institution.

General arrangements for the affair are being handled by Robert P. Major, Samuel Little and Henry Whiteman. The dinner is in charge of the following committee: Mrs. Alexander Jarrell, Mrs. Ralph Whiteman and Mrs. Robert Major. The group, with the assistance of other women of the church, will direct the preparation and serving of a full course turkey dinner.

A novel musical and entertainment program is also being arranged.

Men of the community are advised to make their reservations early by calling A. D. Ward at Hockessin 526 or R. P. Major at Wilmington 3-9563.

IN MEMORIAM

In loving memory of our dear son, Herman A. Messick, who passed away April 19, 1929.
We do not forget you, nor do we intend We think of you often, and will to the end, Gone and forgotten, by some you may be, But dear to our memory you ever will be.
Loving Mother and Dad.

JAYCEES TO STAGE SHOW HERE MAY 22

To Sponsor Concert By DuPont Chorus

The 130-voice DuPont Chorus will make their first appearance of the season here in a program sponsored by the Newark Junior Chamber of Commerce in the high school auditorium on Thursday, May 22.

The Jaycees have arranged for the concert as a benefit show with proceeds going for financing a new community camp and picnic site to be established near Newark. Funds raised will be turned over to the Newark Recreation Association which will carry out the establishment and operation of the project.

Originally the concert was to be staged for the benefit of local boy and girl scout troops, but difficulties arose when it was found funds contributed by scouts could not be accepted locally.

Tickets for the concert may be obtained from any local boy or girl scout as well as Jaycee members. They are also on sale at the Newark Department Store.

N. C. COUNTY BAND MAKES DEBUT HERE

In Concert Yesterday At Local School

The first concert of the New Castle All County High School Band was held in the NHS auditorium yesterday morning. Students from Newark High, Mt. Pleasant School, Middletown High, Delaware City School, Claymont High, Alexis I. duPont and Henry C. Conrad High composed the band.

Mr. Ernest R. Wilder, NHS director, was host to the entire student body and visiting students.

The program was: Military Escort, Bennett; Kam Sussex Tod, Bach; Kolamea Overture, Fulton; Fughetta, Suiner-Righter; Our Director, Bigelow; American Patrol, Meacham; Parade March No. 1, Goldman; Battle Hymn of Republic, Nielson; American Exultant, Hayes.

The schedule for the remaining concerts to be given by the band will be: April 17, 2:30 p. m., Mt. Pleasant; April 18, 12:30 p. m., Delaware City; April 18, 2:30 p. m., Middletown; April 22, 2:00 p. m., Claymont; April 23, 12:30 p. m., Conrad; April 23, 8:00 p. m., A. I. duPont.

CERTIFICATE OF REDUCTION OF CAPITAL OF ILLINOIS CEREAL MILLS, INC.

ILLINOIS CEREAL MILLS, INC., a corporation organized and existing under the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY as follows:

FIRST. That on the 10th day of April, A. D. 1947, there was filed with said corporation the written consent of the holders of record of the total number of shares of the corporation outstanding and having voting power authorizing the reduction of the capital of the corporation by the amount of \$265,750.00 by retiring 10,530 shares of Common Stock without par value owned by the corporation, and providing that an amount not exceeding that part of the capital of the corporation represented by the shares so retired may be charged against the capital of the corporation in respect of such shares.

SECOND. That the assets of the corporation remaining after such reduction are sufficient to pay any debts, the payment of which has not been otherwise provided for.

IN WITNESS WHEREOF, said ILLINOIS CEREAL MILLS, INC., has caused its corporate seal to be affixed and this certificate to be signed by Spencer H. Werner its President, and Norman W. Werner its Secretary, this 10th day of April A. D. 1947.

HI-Y HEAD ASKS YOUTH FUND AID

Speaks At NHS Assembly This Morning

Dave Creighton, prominent Y. M. C. A. Official, was the speaker this morning at an assembly of the Newark High School. The program was sponsored by the school Hi-Y Club.

A graduate of Oberlin College in Ohio, Mr. Creighton is on leave from his post in Greece where he serves as national Y. M. C. A. secretary in charge of boys' camp on the Aegean Sea. Formerly he served for 15 years on the Wilmington Y. M. C. A. staff in the Boys' Work Division. During the war, he was assigned as secretary of the Y. M. C. A. international committee and was sent to Cairo, Egypt for two years.

Mr. Creighton, who will return to Greece next month, is now campaigning on behalf of the World Youth Fund, being raised to assist rehabilitation work abroad. He has spoken to Y. M. C. A. groups and high students in schools throughout the South and Midwest and along the Atlantic seaboard.

Pointing out the degenerative effort of the war on the morals of youth abroad, who were often forced to lie, steal in order that their families might live, Mr. Creighton urged support for the fund which will assist Y.M.C.A. personnel to give youth in Europe a new start towards a Christian way of life.

New Delaware Shrine Temple Called "Azan"

"Azan," which signifies an Arabic call to prayer, will be the name of the Delaware Temple, Ancient Arabic Order, Nobles of the Mystic Shrine, it was disclosed recently.

Richard Vandeventer, chairman of the committee in charge of the petitions for the Delaware temple, returned recently from a conference with Everett Jacob, the imperial recorder of the national organization, at Richmond, Va.

"That a word meaning prayer should be selected for the name of the Delaware temple is fitting after the 30-year prayer we have submitted to the imperial council," Mr. Vandeventer said. The petitions with more than 800 names will be submitted to the annual convention in Atlantic City in a few weeks.

Azan, with the accent on the second syllable, means the muezzin's call to prayer and the hour to prayer, Bart C. Milano, a member of the committee, said after consulting an Arabic dictionary.

To Offer Awards Again To ROTC Students Here

Awards for proficiency and scholarship in military subjects will be presented to R. O. T. C. students at the University of Delaware again this year after a lapse of four years.

Col. Randolph T. Pendleton, professor of military science and tactics, said that the Gen. J. Ernest Smith Prize of \$25 would be given to the first year basic, second year basic, and first year advanced student who ranks highest in study of military science. Each of the three students will receive \$25.

The Coast Artillery Association Medal, an honor award presented by the Coast Artillery Association to the outstanding first year advanced student, will be given on the basis of academic and military achievement and personal qualifications.

The awards will be made at the final R. O. T. C. ceremony of the current school year, late in May.

BAND FETE ON MAY 10

Educators To Meet Same Day

The State Band Festival, The State Educators Conference and the New Castle County Education Association meeting will all be held here on Saturday, May 10, making a full day for the students and faculty members of the Newark High School.

The Band Festival, sponsored by the University of Delaware, will draw music organizations from schools throughout the state. The bands will compete in concerts both at Mitchell Hall and the high school auditorium.

The State Educators Conference, composing superintendents, principals and secondary school teachers of the state, will gather at the university, as will the annual meeting of the New Castle County Educational Association, composing teachers in schools throughout rural New Castle County.

Speakers at the latter two events will include: Dr. William S. Carlson, president of the university, Willard Goslin, nationally-known educator and superintendent of school in Minneapolis, and George Murphy.

FANCY FRESH FRUITS, VEGETABLES RICCIO'S PRIDE; ALL GROCERIES

Fancy fresh fruits and the finest vegetables are offered always by L. Riccio and Son, 519 Madison St., Wilmington. Bananas are a specialty.

To keep pace with customers' demands, the firm added a nice and complete line of groceries four months ago. Each order is filled as requested, with delivery being available, too.

Angelo Riccio is the owner of the enterprise. He has been in business himself for 12 years and at the present modern, cleanly quarters for the past seven years.

His father, Leonard Riccio, now 70, has been a fruit and vegetable specialist since he was 14 years old and is associated with him in the service. His

wife, Mrs. Martha A. Riccio, assists capably too. Angelo taught her to dress the stands and she learned the art so well that now she does a better job than he can, Angelo reports.

Customer-satisfaction is the courteous policy at this leading firm for fine quality fruits, vegetables and groceries.

THRIFTY HOUSEWIVES' ACCLAIM, USE LAUNDERETTE'S MODEL FACILITIES

Thrifty housewives now save time, money and trouble by relying upon the distinctively new and ideal service of the Launderette, Eighth and Lombard Sts., Wilmington.

Opened on April 9, 1947, the enterprise immediately captured public acclaim and patronage. Milton Roffman, manager, invites interested in economic

and complete quality laundering to inspect the facilities.

There are 24 of the latest model Bendix washing machines there. Nine pounds of laundry is washed, rinsed and damp-dried in 30 minutes. Best-grade soap is furnished free. The service includes three rinses, the equivalent to a woman rinsing clothes 600 times by hand.

Each customer gets own machine for nine pounds of laundry. If 18 pounds is the weight, then two machines are provided. It is impossible for any item to be lost. Each nine pounds costs 30 cents, with 10 cents extra charge for further drying, ready for ironing, in the extractor. Every machine is cleansed and sterilized after each use.

NAVY VETERAN CONDITIONS ANY CAR UNDER WALT'S BODY SHOP METHODS

Any make of car is repaired and rebuilt to top-notch condition under the skills exercised at Walt's Body Shop, 401 N. DuPont St., Wilmington.

Mechanical repairs, body and fender jobs, and the complete auto service feature. Artistic painting of cars is a specialty. This shop also offers the full

24-hour towing assistance and stresses free towing with repair work there.

Walter W. Karmanski, genially known to his many friends and customers as "Walt," is the proprietor. He has been in the business 10 years. He opened his present modern shop in 1943, just prior to entering the Navy

in which he served three years and saw Pacific Theatre action.

Upon his discharge on November 27, 1945, Walt reopened the equipped shop and soon won back his many former customers and a legion of new ones. He has four capable employees.

Parents Appreciate Bailey Shop's Array Of Infants' Wear, Children's Clothing

An ideal selection of the better-quality infants' wear is the specialty at the M. A. Bailey Children's Shop, 227 W. Ninth St., Wilmington. Infants' shoes also are included in the splendid

selection.

This helpful shop has occupied its present quarters for 34 years, with the business having been established in 1911 and advanced progressively.

Miss Mary A. Bailey is the proprietor and A. Bailey Braddock is manager. Both take pride in pleasing every patron thoroughly.

There is a complete line of fine clothing for children in stock. The shop outfits girls up to 16 years of age and boys up to eight years of age. Proper fitting is assured by the careful, experienced methods in effect. Parents appreciate the thrifty advantages.

Tavani Jewelry Shop Has Values Galore Displayed In First Anniversary Sale

Featuring a special anniversary sale until April 19 to commemorate the first year's success of his popular jewelry shop, Anthony J. Tavani, 1800 W. Seventh St., Wilmington, offers exceptional quality values.

His shop first opened for business in April 1946 and soon captured public faith and popularity as a reliable headquarters for jewelry items.

Mr. Tavani served four years and four months in the Army, and was dis-

charged December 6, 1945. The business is owned and operated by former servicemen. Therefore is able to obtain any type of Government surplus watch or compass. It sells a great many Government surplus items.

Famous products offered include Ransom lighters, Big Ben and Little Ben alarm clocks, Eversharp and Parker pens, Elgin watches. Expert watch and jewelry repairs are also stressed.

Cann Printing Skill Based On 25 Years Of Successful Service; Artistic Work

No matter what the printing need many satisfied customers attest to the value of relying on the artistic and expert work by William N. Cann, Inc., 1614 Delaware Ave., Wilmington.

This firm has a 25-year record of progressive success and has served at its present location 15 years. It is equipped and qualified to handle the complete printing service, lithographing, art work and the planning of the job

from start to finish. Price lists, catalogues and allied requisites are a specialty.

William N. Cann possesses the thorough knowledge, experience and skill to solve any printing problem right. He gladly supplies estimates on any job promptly. There are 60 competent employees on his staff. The firm does both State and national volume of business and makes shipments throughout the United States.

Dugan Liquor Store And Bar Stock Best Brands Of Beverages In Popular Demand

Top quality values in packaged beverages and the full assortment of popular liquors, wines and beers are available at the store of Thomas J. Dugan, A Street and New Castle Ave., Wilmington.

This well-stocked packaged store, with bar service also, is one of the area's better known centers in its line. It is owned by Thomas J. Dugan, Sr., and operated by his son, Thomas J. Dugan, Jr., and brother-in-law, Wil-

liam Taylor.

Formerly in the grocery business at this location, Mr. Dugan established the liquor store after the repeal of prohibition.

Continuous music is provided for the entertainment of the patrons. Seating capacity accommodates 35 persons comfortably. All rules and regulations which apply to the scope of the business are rigidly observed to promote the best interests at all times.

Good Time Always At Weller's Cafe! Famed Beverages And Mixed Drinks

There is always a gay time at Weller's Cafe, 836 W. Fifth St., Wilmington, where the better class of people rather to enjoy their particular preferences in good drinks.

This establishment is conducted by Charles S. Weller, who rigidly observes all rules and regulations that apply to its scope of operation. He purchased the cafe business in November 1945 at the present location. Formerly Mr. Weller

had a cafe for five years at 421 Shipley St.

Famous makes of liquors, wines and beer are stocked. Draught beer is kept at the proper temperature. Any mixed drink desired is concocted expertly to order from the best ingredients. This cafe seats 59 patrons in addition to the bar service. Three employees, on the average, are on duty in the courteous manner.

Home-Cooked Foods, Everything In Drinks At Hot Cha Cafe; Vince Andreoli Your Host

Choice home-cooked foods and the full selection of popular drinks attract a constant patronage to the Hot Cha Cafe, 522 W. Second St., Wilmington.

Good fellowship and genial hospitality prevail under the pleasing program enforced by Vincenzo Andreoli, proprietor of this popular rendezvous. Established in 1933, the place now is well and widely known for offering

the best in beers, wines, liquors and other drinks. Its home-cooked foods are a real treat, too. Breakfast, lunch and dinner menus are complete in selections. Everything from a nice sandwich, a platter or a full-course meal is available.

Seating capacity accommodates 100 patrons in comfort. On the average there are three regular employees and more on duty as required.

5,000 REGULAR CUSTOMERS ATTEST TO DELAMORE DAIRY'S EXCELLENCE

Young and older people alike prefer the pure, wholesome quality products of the Delamore Dairy, Inc., 1810 Lancaster Ave., Wilmington.

Throughout Wilmington and a surrounding 10-mile radius, the firm has approximately 5,000 customers who welcome its dependable, refreshing, and healthful offerings. There are 10

routes served, with the firm catering to both wholesale and retail patronages. Deliveries are via a fleet of 15 modern trucks.

John J. Desmond, president, directs the firm along the approved and appreciated policies that keep customer-satisfaction ideal. The business was es-

tablished 25 years ago and has been at present site about 22 years. Everything in dairy products is available.

Delicious Delamore Dairy ice cream is a popular treat. Ice cream retail sales are at 1806 Lancaster Ave., Wilmington. Favorite flavors in season are always the leading attractions.

BEREAVED VALUE MEALEY SERVICE; FUNERAL FIRM UNDER FOUNDER'S SONS

Ever attentive to the expressed wishes of the bereaved, Michael A. Mealey and Sons, funeral directors, 703 Broom St., Wilmington, provide sympathetic, helpful and thoroughly efficient service at all times.

This valued firm is equipped to handle two funerals comfortably at one time. Its modern, dignified and ideal program of service fulfills the

requisites properly even to the minutest detail. Family room, preparation room, display room, and accommodations for more than 150 at the services are available.

The now later Michael A. Mealey, whose lamented demise occurred in September 1945, founded the endeavor in 1912.

It is being faithfully furthered by

his sons: John J. Mealey, associated in the business 18 years; and Daniel A. Mealey, who served with his father since 1939. Daniel received his Army discharge in October 1945, after three years' activity, including European Theatre action.

The Mealeys are graduates of the Renouard Training School for Embalmers, New York.

HOUSEHOLD GOODS MOVED ANYWHERE BY WILLIAM H. PEOPLES TRANSFER

Dependable local and long-distance hauling of household goods exclusively is the equipped service stressed by William H. Peoples Transfer, 2nd and French Sts., Wilmington. Careful handling, packing, crating, shipping and allied aids prevail to assure utmost satisfaction in every detail.

William H. Peoples established his business in 1919. Five years ago he moved the enterprise to the larger and better quarters and included the storage of household goods at that time.

He employs six workers on the average and has three modern trucks in use. Each undertaking is given the de-

sired reliable and thorough accomplishment that the client appreciates.

Prompt response is given to calls for estimates on the moving or storage of household goods. Local and long-distance jobs are achieved with an equal skill under the efficiencies exercised. Unnecessary delays always are avoided.

Jewelry Values Galore Attractively Shown In Coviello's Quality Array

Distinctive is the word which aptly describes the array of jewelry values displayed by Joseph S. Coviello, 312 N. Lincoln St., Wilmington.

Through 15 years' experience as a quality jeweler, Mr. Coviello has acquired the ideal background of knowledge and ability that pleases the public. He established his business at the present site in July 1946.

His offers feature everything in jewelry for gifts or personal wear. Rings, watches, pins, precious stones, silverware and a variety of other items prevail in a full selection. Longline, Waltham, Bulova, Elgin, Gotham, Hamilton, Lucerne or any other make of watch desired is provided. New radio, also attract. The shop does expert jewelry repair work, too.

Cromer Heating And Equipment Firm Wide In Scope, Thorough In Service

Wide in scope and excellent in achievements is Cromer Heating and Equipment Company, 1122 King St., Wilmington.

William O. Cromer, proprietor, established the business two years ago, but has been active in this field for 22 years. His son, William C. Cromer, is now serving with him after three years in the Navy. He saw action throughout the Pacific Theatre and re-

ceived his discharge May 1946.

The firm covers all of New Castle County as a heating contractor. It installs and repairs oil, gas and coal heating equipment. Distributorship is held on Burks water pumps; Johnston water pumps for deep and shallow wells; Bishop food freezer for home use. Wholesale and retail service extends from parts of Southern Pennsylvania to Cape Charles, Va.

Kozlowski Grocery Neighborly Place To Purchase Foods That Taste Best

For all popular brands of groceries, the finest in meats, fresh fruits and vegetables, the grocery of Frank Kozlowski, 1001 E. Eighth St., Wilmington, is ever ready to serve.

Mr. Kozlowski and his wife, Alice, partners in the business, purchased the enterprise three years ago. Since then they have featured a full line of groc-

eries bound to make any meal a real treat. Their meats are always fresh and of the best cuts.

Being independent grocers allows the Kozlowskis to give individual attention in a friendly, neighborly way. Their patrons receive every courtesy and satisfaction at this modern, sanitary store, where the best food values are the attractive offerings.

Annette Sweet Shop Attracts All; Delicious Luncheons; Tasty Treats

Good things to eat are the constant offerings at the Annette Sweet Shop, 2424 Market St., Wilmington. Headquarters for delicious luncheons, the place attracts many regular patrons.

Its delectable platters, served with three tempting vegetables, are widely renowned. Tasty sandwiches also are available in a nice selection.

Isadore Goldberger, proprietor,

keeps the entire service ideal at this cleanly, popular shop. The business was established 15 years ago and held public favor constantly.

Everything in sweets, including packaged candies; full fountain service featuring Borden's ice cream; and various refreshment treats prevail. Seating capacity accommodates 66 people comfortably.

Submarine Sandwiches Specialty Of Sophia's

Those delicious, appetizing submarine sandwiches at Sophia's Sub Shop, 1836 Lincoln St., Wilmington, actually are a meal to enjoy.

Only the purest and best ingredients go into each one at this cleanly and popular shop.

Mrs. Sophia Sappho purchased the business there six years ago this August 18, renamed the shop, and has built up a splendid patronage. She assures everyone of full courteous attention.

Other featured values include a complete variety of pies, cakes and soda; oysters and crab cakes in season; coffee, tea and milk.

Auto Repairs By Rogers Meet Every Need Right

June 1947 will mark the first anniversary of the successful Rogers Auto Service, 1710 Pine St., Wilmington. Many satisfied motorists now attest to the advisability of relying on the expert work there.

George W. Rogers, proprietor, has 15 years' experience in this line. He served with the Army in both the European and Pacific Theatres during more than three and a half years' activity. His business, founded June 1926, after his discharge in November 1945, is modernly equipped.

Major and minor auto repair jobs feature, with Buick, Chevrolet and Pontiac cars being the service specialty.

J. Riccio's Food Market Headquarters For Best

Practically born and raised in the food business, with 22 years' experience behind him now, J. Riccio pleases a host of shoppers at his equipped market.

Those who patronize the modern, cleanly J. Riccio's Food Market at 1301 W. Fourth St., Wilmington, receive quality values at economy gains. This popular market is a member of the Fairlawn Association. It is stocked with a full line of fresh meats, groceries, and specializes in fresh fruits and vegetables. Frozen foods also are on hand.

Mr. Riccio established his business two years ago. Deliveries are made in Wilmington.

Sam Biddle Wizard On Welding Problems

An expert in the welding arts, Samuel C. Biddle, S. Union St., Elsmere, Wilmington, has the advantage of 30 years' experience in this line.

Mr. Biddle is ready and willing to handle any welding work anywhere. He has modern portable equipment.

His roster includes both electric and acetylene welding and every job is given thorough detailed coverage. Glad to estimate, advise and suggestion any type of welding needed, Mr. Biddle has conducted his business for nine years at this location. During the war he operated a welding school there to train many in war-work requisites.

American, Chinese Food The Way You Like It

Delectable American and Chinese dishes are prepared appetizingly under modern sanitary conditions at the A. and C. Restaurant, 500 Delaware Ave., Wilmington.

K. C. Lew knows how to please the many patrons. If a customer has special desire or order that may or may not be on the menu, just speak to Lew, the manager, and he will gladly take care of it.

Home-cooking here is a genuine treat. There is ample room, an atmosphere of pleasing hospitality, and courteous service that satisfies. Established 10 years ago, the restaurant is one of the favorite.

Every Painting Skill Displayed By Peoples

Residential, commercial and industrial painting requirements are met in complete detail by Robert J. Peoples, 25th St. and Baltimore and Ohio Railroad, Wilmington.

Interior and exterior jobs are included in the comprehensive service program. Only the proper and best materials are used. Mr. Peoples established his business 28 years ago and has a legion of satisfied customers now. He has been located at present address one year.

On the average this expert painter employs 40 skilled workers. He handles jobs anywhere in Delaware, gives estimates courteously always.

Virginia Dare Korker By 11th Ward Bottling

Virginia Dare Korker's fine lemon flavored soda of pure wholesome quality, is the specialty of the Eleventh Ward Bottling Works, Maryland Ave. and Van Buren St., Wilmington. This firm also bottles some regular flavors.

Distribution of the beverages is

handled by the firm throughout the entire Wilmington area, with three trucks being operated.

The business was established by its proprietor, B. Lewandowski, in 1916 and has a record of success that attests to the wide approval enjoyed. Plant is modern and sanitarily equipped throughout to protect the purity of the output.

TO
THE NEWARK POST**

AN ORDINANCE PROVIDING FOR FIRE PREVENTION AND PROTECTION IN CONNECTION WITH HAZARDOUS MATERIALS AND PROCESSES.

Be it ordained by the Council of "The Council of Newark" as follows:

INSPECTIONS AND PERMITS

Section 1. OFFICE OF FIRE MARSHAL CREATED. There is hereby created the office of Fire Marshal for the Town of Newark. The Fire Marshal shall be appointed by The Council of Newark.

Section 2. The Fire Marshal, or any person designated by him as an inspector may, at all reasonable hours, enter any building or premises for the purpose of making any inspection, which under the provision of this ordinance he or they deem necessary to be made.

Section 3. Whenever any such officer shall find in any building or upon any premises or other place, combustible or explosive matter or dangerous accumulation of rubbish or unnecessary accumulation of waste paper, boxes, shavings, or any highly flammable materials, and so situated as to endanger property, or shall find obstructions to or on fire escapes, stairs, passageways, doors or windows, liable to interfere with the operation of the fire department, or egress of occupants, in case of fire, he shall order the same to be removed or remedied.

Section 4. Such order shall forthwith be complied with by the owner or occupant of such premises or buildings, subject to appeal within twenty-four hours to the Mayor, who shall within ten days review such order and file his decision thereon, and unless the order is revoked or modified it shall remain in full force and be obeyed by such owner or occupant. Any owner or occupant failing to comply with such order within ten days after said appeal shall have been determined, or if no appeal is taken, then within ten days after the service of the said order, shall be liable to a penalty as hereinafter stated.

The service of any such order shall be made upon the occupant of the premises to whom it is directed by either delivering a true copy of same to such occupant personally or by delivering the same to and leaving it with any person in charge of the premises, or in case no such person is found upon the premises by affixing a copy thereof in a conspicuous place on the door to the entrance of the said premises. Whenever it may be necessary to serve such an order upon the owner of the premises, such order may be served either by delivering to and leaving with the said person a true copy of said order, or, if such owner is absent from the jurisdiction of the officer making the order, by mailing such copy to the owner's last known post-office address.

Section 5. HIGHLY INFLAMMABLE MATERIALS, KEEPING OF WITHOUT PERMIT, UNLAWFUL; EXCEPTIONS; PENALTY FOR VIOLATION: The keeping, storage, use, manufacture, sale, handling, transportation or other disposition of highly inflammable, combustible or explosive materials without a permit in writing from the Fire Marshal (except the keeping of such small quantities as are specifically excluded by the provision of this ordinance) is hereby prohibited. Any article or thing which is kept stored, used, manufactured, sold, handled, or transported in violation hereof is liable to seizure by the Fire Marshal and may be disposed of at his discretion.

Section 6. In addition to the permits elsewhere required in this ordinance a permit shall be obtained from the Fire Marshal for:

- Storage of calcium carbide in excess of one hundred pounds.
- Storage of hay, straw, excelsior and other combustible fibers in excess of one ton, provided that no permit will be required for storage on farm property.
- Storage of corrosive acids in excess of ten gallons of each kind.
- Storage of chlorates or other oxidizing chemicals in excess of ten pounds.
- Storage or handling of pyroxylin plastic in excess of twenty pounds unless wrapped or packed for sale.
- Use of stationary acetylene generators.
- Use of compressed gas from cylinders in excess of four hundred cubic feet aggregate capacity.
- The application of paint, varnish or lacquer by spray method or with dip tanks and ovens.
- Use of refrigeration system containing twenty pounds or more of refrigerant other than air or water.
- The cleaning or drying of clothes or other material with a Class I or II flammable liquid.

Section 7. INSPECTION MUST BE MADE, BEFORE PERMIT MAY BE ISSUED:—Before permits under Section 5 of this ordinance may be issued, the Fire Marshal, or his assistants, shall inspect and approve the receptacles, vehicles, buildings or storage places to be used for any such purpose.

Section 8. PERMITS; APPLICATIONS FOR; TO WHOM MADE. All applications for permits required by this ordinance shall be made to the Fire Marshal in such form and detail as he shall prescribe. They shall be accompanied by such plans, drawings, models or samples as said Marshal may require.

Section 9. PERMITS, FOR WHAT PERIOD; MERE REVOCABLE LICENSE; EXPIRE WHEN; FEE FOR; TO WHOM PAYABLE. Every permit granted by the Fire Marshal, under the provisions of this Section, shall be for such period as the Fire Marshal may determine, not to exceed one year, and shall be a mere revocable license. Such permit must at all times be kept on the premises designated therein, and shall at all times be subject to inspection by the Fire Marshal or any officer of the Police Department.

(a) All permits expire on June 30, following the date of issue, unless herein otherwise provided.

(b) The fee for each permit as required by this ordinance shall be one dollar unless otherwise specified, payable to the Secretary of "The Council of Newark."

FLAMMABLE LIQUIDS

Section 10. APPLICATION. All liquids having a flash point below 200° F. closed cup tester are deemed to be flammable liquids in this ordinance. The flash point shall be as determined by the Tagliabue closed cup tester.

Section 11. CLASSIFICATION. For the purpose of this ordinance flammable liquids are classified as follows:

Class I. Liquids having a flash point below 25° F. closed cup tester. Examples, ether, gasoline, naphtha, and benzol.

Class II. Liquids having a flash point above that for Class I and below 70° F. closed cup tester. Examples, alcohol and amyl acetate.

Class III. Liquids having a flash point above that for Class II and below 200° F. closed cup tester. Examples, kerosene and fuel oil.

Section 12. PERMITS. A permit shall be obtained from the Fire Marshal for the storage or handling of flammable liquids in excess of one gallon where such storage or handling is for the purpose of sale, or for use in some business or industry; or for the storage of flammable liquids in excess of fifty-five gallons in connection with oil burning equipments.

Section 13. APPROVALS. Before any flammable liquid tank or piping is covered from sight, the installation shall be inspected and approved by the Fire Marshal.

The Fire Marshal may prohibit the sale or use of any heating or lighting appliance using flammable liquids, which has not been tested by Underwriters Laboratories, Inc., or some other competent authority, and found to be properly safeguarded against fire hazard.

Section 14. CLASS I AND II LIQUIDS. Class I and II liquids shall not be kept or stored in any building used as a place of public assembly, except in laboratories for experimental purposes.

In establishments where Class I or II liquids are used in manufacturing, cleaning or other process the Fire Marshal shall require such preventive and protective measures as will reasonably safeguard life and property against fire.

Section 15. STORAGE AND HANDLING OF CLASS I LIQUIDS IN BUILDINGS. Class I liquids shall not be kept inside of buildings except in sealed containers or approved safety cans of not more than one gallon capacity each, provided that in rooms conforming to Section 17, safety cans up to ten gallons in size may be used, and in garages and manufacturing plants the Fire Marshal may permit the use of approved portable wheeled tanks where the nature of the business requires such storage.

Storage systems with arrangements for discharging Class I liquids inside of buildings shall have discharge outlets located only in rooms conforming to Section 17.

Section 16. STORAGE AND HANDLING OF CLASS II LIQUIDS IN BUILDINGS. Class II liquids shall not be kept inside of buildings except in sealed containers or approved safety cans of not over five gallons capacity each or in closed drums, barrels or tanks. Containers of Class II liquids of over five gallons capacity shall not be used to fill other containers, inside of buildings, unless in a room conforming to Section 17.

Section 17. STORAGE ROOMS. Rooms for the storage and handling of flammable liquids shall be constructed with walls, floors and ceilings having a fire resistance rating of not less than one hour, provided that where in the opinion of the Fire Marshal the hazard is more than moderate, based upon a consideration of the quantity and nature of the liquids involved and the extent of mixing operations together with the construction of the building and its exposures, construction having a fire resistance rating of not less than two hours shall be required.

Door openings to the room shall be equipped with approved automatic or self-closing fire doors and shall have sills raised at least six inches above the room floor.

Section 18. STORAGE OF FUEL OIL IN BUILDINGS. The storage of Class III liquids in buildings, in connection with oil burning equipments shall be in accordance with the following: Tanks of not over two hundred and seventy-five gallons capacity each and having an aggregate capacity not in excess of five hundred and fifty gallons may be installed without enclosures, except in apartment houses containing more than two apartments. Other tanks, and all tanks located in apartment houses containing more than two apartments, shall be completely enclosed with reinforced concrete not less than eight inches in thickness, with at least a six-inch space on sides between tank and concrete insulation filled with sand or well tamped earth, and with twelve inches of sand on top of tank, either between tank and concrete slab or above concrete slab.

Instead of an enclosure as above described the tank may be encased in reinforced concrete not less than six inches in thickness, applied directly to the tank so as to completely eliminate any air space.

Section 19. DRAWING LIQUIDS FROM CONTAINERS. Flammable liquids shall not be drawn or handled in the presence of any open flame or fire. Except as permitted below, flammable liquids shall be drawn from tanks, at points inside buildings only by pumps or other method approved by the Fire Marshal. Draw-off pipes terminating inside buildings shall have a valve at the discharge end; when delivery is by gravity, the shut-off valve should preferably be of the automatically closing type and in addition an emergency valve shall be provided. Draw-off devices for Class I and II liquids shall not be located on floors below grade.

An approved domestic type oil burner may be supplied by gravity from a tank of two hundred and seventy-five gallons maximum capacity. A second tank may be provided if connected by an approved three-way valve so that not more than two hundred and seventy-five gallons can be discharged at any one time. Range burners and room heaters may have barometric-gravity supply, with tank not exceeding six gallons, if of an approved type.

The Fire Marshal may permit gravity flow of flammable liquids in manufacturing and jobbing plants where the nature of the business requires it.

Section 20. SMOKING PROHIBITED. Smoking or the carrying of matches or other smoking material in rooms where flammable liquids are handled is prohibited. Suitable "No Smoking" signs shall be displayed.

Section 21. CAPACITY AND LOCATION OF ABOVE-GROUND TANKS. (a) Outside aboveground tanks shall be so located that the distance between shell of tank and property line or nearest building is not less than one and one-half times the greatest dimension of the tank (diameter, length or height), provided that for tanks equipped with either an approved permanently attached extinguishing system or an approved floating roof such distance may be reduced to not less than the greatest dimension of the tank.

(b) The minimum distance between shells of any two tanks shall be not less than one-half of the greatest dimension (diameter, length or height) of smaller tank except that such distance shall not be less than three feet, and for tanks of eighteen thousand gallons or less the distance need not exceed three feet.

Section 22. UNDERGROUND STORAGE LIMITED. Underground tanks shall have the top of the tank not less than two feet below the surface of the ground, except that, in lieu of the two-foot cover, tanks may be buried under twelve inches of earth and a cover of reinforced concrete at least five inches in thickness provided, which shall extend at least one foot beyond the outline of the tank in all directions; concrete cover to be placed on a firm, well tamped earth foundation. Where necessary to prevent floating, tanks shall be securely anchored or weighted.

Where a tank cannot be entirely buried, it shall be covered over with earth to a depth of at least two feet with a slope on all sides not steeper than one and one-half feet horizontal to one foot vertical.

For liquids with a flashpoint below 100° F., underground tanks having a capacity in excess of five hundred and fifty gallons shall be at least ten feet, and tanks having a capacity in excess of two thousand gallons shall be at least twenty feet, from every building the lowest floor, basement, cellar or pit of which is below the top of the tank.

Section 23. CONSTRUCTION OF TANKS. The design, and construction of tanks shall conform to generally accepted good practice and shall be approved by the Fire Marshal. Tanks labeled by Underwriters' Laboratories, Inc. and tanks conforming to the standards of the National Board of Fire Underwriters or of the American Petroleum Institute shall be deemed to conform to generally accepted good practice.

Section 24. SETTING OF TANKS. (a) Tanks shall be set on firm foundations. Tanks located inside buildings and exceeding two thousand five hundred gallons capacity shall be supported independently of the floor construction. Outside aboveground tanks more than one foot above the ground shall have foundations and supports of masonry or protected steel, except that wooden cushions may be used.

(b) No combustible material shall be permitted under or within ten feet of any outside aboveground storage tank. Electric motors, unless of approved explosion-proof type, and internal combustion engines shall not be placed beneath tanks or elsewhere within the line of vapor travel.

Section 25. VENTING OF TANKS. (a) An open galvanized iron vent pipe arranged for proper draining, or an automatically operated vent, shall be provided for every tank which may contain flammable vapor. The lower end of the vent pipe shall not extend through the top into the tank for a distance of more than one inch.

(b) Vent openings, except those on underground tanks for Class III liquids, shall be provided with approved flame arresters. Vent openings and vent pipes shall be of sufficient size to prevent abnormal pressure in the tank during filling and except automatically operated vents, shall be not smaller than one and one-quarter inch pipe size. Arresters shall be accessible for examination and repair. Vent pipes shall be provided with weatherproof hoods and terminate outside of buildings not less than two feet, measured horizontally and vertically, from any window or other building opening. For Class I liquids, if tight connection is made in filling line and filling is by gravity, the vent pipe shall extend to a point at least one foot above the level of the top of the highest reservoir from which the tank may be filled, otherwise it shall be not less than twelve feet above the top of the fill pipe. For other than Class I liquids the vent pipe shall extend sufficiently above ground to prevent obstruction by snow or ice.

Where a power pump is used in filling storage tanks and a tight connection is made to the fill pipe, the vent pipe shall be not smaller than the fill pipe.

Section 26. EMERGENCY PRESSURE RELIEF. With the exception of vertical, cone-roof tanks having a roof slope less than two and one-half inches in twelve inches and in which the strength of the joint between roof and shell is no greater than that of the weakest vertical joint in the shell, all aboveground tanks shall have some form of relief for preventing the development of excessive internal pressure in case of explosion fire surrounding the tank. The method of relief shall be acceptable to the Fire Marshal.

Section 27. DIKES. (a) Tanks containing crude oil or other liquids which have a tendency to boil over, and tank exceeding fifty thousand gallons capacity shall be surrounded with a dike having a capacity not less than that of the tank or tanks surrounded; minimum height of earth dikes shall be three feet and of masonry dikes thirty inches.

(b) Tanks of less than fifty thousand gallons capacity shall, when deemed necessary by the Fire Marshal on account of proximity to streams, character of topography or nearness to buildings of high value, be diked or the entire yard provided with a curb or retaining wall or other suitable means taken to prevent the discharge of liquids on to other property in case of a rupture in tank or piping.

(c) Dikes or walls required by the preceding paragraphs shall be of earth or masonry so constructed as to afford adequate protection. When dikes surround tanks containing crude oil, they shall have a suitable coping or deflector projecting inward properly constructed to minimize the effect of a "boil over" wave. Dikes surrounding crude oil tanks shall be not less than fifty feet from the shell of the tank or tanks surrounded.

Section 28. DISTINCTIVE MARKINGS. (a) Portable containers for Class I and II liquids shall be painted red (entire container or conspicuous band or stripe) and be conspicuously lettered in black "DANGEROUS—KEEP LIGHTS AND FIRE AWAY."

Section 29. PIPING. (a) Piping used for flammable liquids shall be standard full weight wrought iron, steel or brass pipe or approved brass or copper tubing; for working pressures in excess of one hundred pounds per square inch extra heavy fittings shall be used. No pipe or tubing less than one-quarter inch internal diameter shall be used. Outside piping shall be protected against mechanical injury.

(b) Piping carrying Class I and II liquids, unless without joints or connections, shall not extend through any room which contains an open light or fire.

Section 30. VALVES AT TANKS AND PUMPS. (a) When tanks are aboveground there shall be a valve located near the tank in each pipe. In case two or more tanks are cross-connected there shall be a valve near each tank in each cross-connection.

(b) Pumps delivering to or taking supply from aboveground storage tanks shall be provided with valves on both suction and discharge of pump, and in delivering to tanks a check valve to prevent flow of liquid from tank to pump.

(c) In systems using pumps to supply auxiliary tanks or headers which feed internal combustion engines or fuel oil burners, provision shall be made to return surplus oil to the supply tank; any valve installed in the line shall be of pressure relief type.

Section 31. TANK FILLING, AND FILLING CONNECTIONS. (a) Deliveries of flammable liquids of Class I and II shall be made directly to the storage tank through the filling pipe by means of a hose or pipe between the filling pipe and barrel, tank wagon or tank car from which such liquid is being drawn.

(b) The end of the filling pipe for underground storage tanks for Class I and II liquids shall be carried to a location outside of any building, but not within five feet of any entrance door, or cellar opening; this filling pipe shall be closed by a screw cap.

Section 32. FIRE EXTINGUISHERS. Where flammable liquids are kept, used or handled a quantity of loose non-combustible absorbents, such as dry sand or ashes, together with pails or scoops, and chemical extinguishers or other extinguishing devices or materials shall be provided in such quantities as may be directed by the Fire Marshal.

Section 33. LIQUEFIED PETROLEUM GAS CONTAINERS. (a) Non-portable containers for the storage of liquefied petroleum gas (propane and butane are the principal constituents) shall be constructed in accordance with the Unfired Pressure Vessel Code of the American Society of Mechanical Engineers.

(b) Storage containers shall be located with respect to nearest buildings or group of buildings, or line of adjoining property which may be built upon, in accordance with the following table, except that the Fire Marshal may exempt minor outbuildings and buildings devoted exclusively to gas manufacturing and distributing operations, from this requirement.

Water Capacity Per Container	Minimum Distance	
	Underground	Aboveground
Less than 125 gallons	10 feet	None
125 to 500 gallons	10 feet	10 feet
500 to 1,200 gallons	25 feet	25 feet
Over 1,200 gallons	50 feet	50 feet

NITROCELLULOSE MOTION PICTURE FILM

Section 34. APPLICATION. By nitrocellulose motion picture film it is meant motion picture film having a cellulose nitrate base. The word "film" wherever used in this ordinance refers to such film. Cellulose acetate film, marked safety film, is exempt from these provisions.

Section 35. PERMITS. No person shall store, keep or have in his possession more than twenty-five pounds (about five thousand feet of thirty five mm. film) of nitrocellulose motion picture film without a permit from the Fire Marshal.

No person shall sell any toy or miniature motion picture machine containing nitrocellulose motion picture film, or sell, lease or otherwise dispose of any nitrocellulose motion picture film to any person not having a permit to handle, use or display such film.

Section 36. ENCLOSURES FOR MOTION PICTURE PROJECTORS. (a) Motion picture projectors using nitrocellulose film shall be operated or set up for operation only within an approved enclosure not less than forty-eight square feet in size and seven feet high. If more than one machine is to be operated an additional twenty-four square feet shall be provided for each additional machine.

(b) The enclosure shall be built of brick, tile, or plaster block, plastered on both sides, or of concrete, or of a rigid metal frame, properly braced, and sheathed and roofed with one-quarter-inch hard asbestos board, securely riveted or bolted to the frame, or two inches of solid metal plate and cement or gypsum plaster. All joints shall be sufficiently tight to prevent the discharge of smoke.

(c) The entrance door into the enclosure shall be at least two feet by five feet, of construction equivalent to the sheathing permitted above for rigid frame construction, and shall be so arranged as to close automatically, and shall be kept closed at all times when not used for egress or ingress.

(d) Two orifices or openings for each picture machine may be provided: one for the operator's view shall be not larger than two hundred square inches, and the other through which the picture is projected shall be not larger than one hundred and twenty square inches. Where separate stereoscopic, spot or flood light machines are installed in the same enclosure with picture machines, not more than one opening for each machine shall be provided for both the operator's view and for the projection of the light, but two or more machines may be operated through the same opening; such openings shall be as small as practicable and shall be capable of being protected by approved automatic shutters.

(e) Each opening shall be provided with a gravity shutter of approved fireproof material. Shutters shall be suspended, arranged and connected so that all openings will close upon the operating of some electrically fusible or mechanical releasing device, designed to operate automatically in case of fire or other contingency requiring the immediate complete isolation of the contents of the enclosure from other portions of the building. There shall also be provided suitable means for manually closing all shutters simultaneously from a point near the door. Shutters on openings not in use shall be kept closed.

(f) All shelves, furniture and fixtures within the enclosure shall

Advertisements

AN ORDINANCE PROVIDING FOR FIRE PREVENTION AND PROTECTION IN CONNECTION WITH HAZARDOUS MATERIALS AND PROCESSES.

(Continued From Page Ten)

of inflammable material, and no combustible material of any kind shall be permitted or allowed to be within such enclosure, except the films used in the operation of the machine, and film cement.

(2) Ventilation shall be provided by one or more mechanical exhaust systems which shall draw air from each arc lamp housing and from other points near the ceiling. Systems shall exhaust to outdoors either directly or through a non-combustible flue used for no other purpose. Exhaust capacity shall be not less than fifteen cubic feet nor more than fifty cubic feet per minute for each arc lamp plus two hundred cubic feet per minute for the room itself. Exhaust ducts shall be of noncombustible material, and shall either be kept one inch from combustible material or covered with one-half inch of noncombustible heat insulating material.

(h) An approved film cabinet shall be provided in enclosures where the amount of film exceeds forty pounds (eight thousand feet of thirty-five foot film). All films not being used shall be kept in the cabinet or in Interstate Commerce Commission shipping containers, but not over forty pounds of film shall be permitted to remain in the shipping containers.

Section 37. Cabinets having a capacity of over fifty pounds of film shall be provided with a vent from each compartment to the outside of the building. The vent shall have a minimum effective sectional area of four square inches per one hundred pounds of film capacity.

Section 38. Smoking or the carrying of a lighted pipe, cigar, cigarette or other form of smoking material in rooms where film is stored is prohibited.

EXPLOSIVES

Section 39. PERMITS. The manufacture of explosives is prohibited. A permit shall be obtained from the Fire Marshal to have, keep, store or transport any explosives.

Section 40. TRANSPORTATION. (a) Explosives shall not be transported or carried on or in any conveyance carrying passengers for hire.

(b) Every vehicle, while carrying explosives, shall display upon an erect pole at the front end of such vehicle and at such height that it shall be visible from all directions, a red flag with the word "DANGER" painted, stamped or sewed thereon in white letters at least six (6) inches in height, or in lieu of such flag the word "EXPLOSIVES" must be painted on, or attached to the rear end and each side of such vehicle in letters at least four (4) inches in height.

(c) It shall be unlawful for any person in charge of a vehicle containing explosives to smoke in, upon or near such vehicle, to drive, load or unload the vehicle while intoxicated, to drive the vehicle in a careless or reckless manner, or to load or unload such vehicle in a careless or reckless manner.

(d) It shall be unlawful for any person to place or carry, or cause to be placed or carried in the bed or body of a vehicle containing explosives, any metal tool or other piece of metal or any matches.

(e) It shall be unlawful for any person to place or carry, or cause to be placed or carried, in the bed or body of a vehicle containing explosives, any explosives, detonators, blasting caps, or other similar explosive material.

Section 41. STORAGE. (a) Explosives shall be stored only in magazines made of fireproof material or of wood covered with sheet iron and conspicuously marked "MAGAZINE — EXPLOSIVES — DANGEROUS."

(b) Magazines containing explosives shall be located at distances from neighboring buildings, highways and railroads in conformity with the American quantity and distance table; provided that one portable magazine containing not more than fifty pounds of explosives may be allowed in a building not occupied as a dwelling or place of public assembly if placed on wheels and located not more than ten feet from, on the same floor with and directly opposite to the entrance on the floor nearest the street level, and one magazine containing not more than five thousand blasting caps, may be allowed if placed on wheels and located on the floor nearest the street level.

(c) Blasting caps or detonators of any kind shall not be placed or kept in the same magazine with other explosives.

(d) Magazines shall be kept locked except when being inspected or when explosives are being placed therein or being removed therefrom.

(e) Magazines shall be kept clean and free from grit, rubbish and empty packages.

FIREWORKS

Section 42. DEFINITION. The term "fireworks" as used in this ordinance refers to firecrackers, rockets, torpedoes, roman candles, toy pistols, toy cannons, detonating canes, blank cartridges and other devices designed and intended for pyrotechnic display.

Section 43. MANUFACTURE AND SALE. The manufacture of fireworks and the possession or display of fireworks for sale is prohibited.

Section 44. PUBLIC DISPLAY OF FIREWORKS: PERMIT MUST BE SECURED. Any association or company desiring to hold a public display of fireworks, may apply to the Fire Marshal for a permit to hold such display, provided application is made thirty days prior to date of holding said display. Application for permits shall set forth the date and hour, and place of holding such display, place of storing fireworks prior to display; also the name of the person or persons holding display and name of person or persons in charge of igniting of fireworks. The application shall be accompanied by a bond in the principal sum of \$3,500.00 to "The Council of Newark" indemnifying any person who may receive or sustain injury to his person or property by reason of any discharge of such fireworks by the applicant or anyone acting for or on his behalf, and any such person so receiving or sustaining injury as aforesaid, may sue on said bond in the name of "The Council of Newark" to recover damages for such injury. If the Fire Marshal is satisfied that the holding of such display is supervised by competent and experienced person or persons, and that said display will not be a detriment to the community in which said display is held, he may grant a permit for said display. The place of storage of fireworks prior to the display shall be subject to the approval of the Fire Marshal.

GENERAL PROVISIONS FOR FIRE PREVENTION

Section 45. ENCUMBRANCE UNLAWFUL; DUTY OF MEMBERS OF POLICE AND FIRE DEPARTMENT. No person shall at any time place an encumbrance of any kind whatsoever before or upon any fire escape, balcony or ladder intended as a means of escape from fire. It shall be the duty of every member of the police and fire department who shall discover any fire escapes encumbered in any manner to forthwith report the same through his department channels to the Fire Marshal and the said Marshal shall immediately notify the owner or owners, tenant or tenants to remove such encumbrance and such encumbrance shall thereupon be immediately removed.

Section 46. HALLWAYS. No obstruction shall be permitted in the hallways, corridors, stairs or vestibules, in any tenement or apartment house. All hallways, corridors, stairs or vestibules in any apartment or tenement house shall be provided with proper lighting sufficient to enable clear vision therein.

All passageways, stairs and corridors constituting exits from the theatres and other places of amusement shall be well lighted, sufficient to enable clear vision therein and on all exits therefrom there shall be placed a light to show red or green powered by electricity on an independent circuit, with a separate gas attachment or emergency and the cover of such light shall be so designated that the word "exit" shall show there through in letters not less than four inches in height.

Section 47. STAIRWAYS ELEVATORS OR SHAFTS. It shall be unlawful for any person to place, store or keep, or permit to be

placed, stored or kept under or at the bottom of any stairway, inside or outside, elevator or other shaft in any building, any combustible or inflammable materials, fluids or compounds, nor shall any such combustibles or inflammables be placed or stored or kept in any place where ignition or burning would obstruct or render hazardous egress from a building.

Section 48. DOORS, AISLES AND PASSAGEWAYS OF THEATRES, CHURCHES, &c., MUST BE KEPT FREE. All doors, aisles and passageways within or leading into or out of theatres, churches and all other places of public assemblage shall be kept free from easels, signs, standards, campstools, chairs, sofas, benches and any other article that might obstruct or delay the exit of the audience, congregation or assemblage during the entire time any show, performance, service, exhibition, lecture, concert, hall or other assemblage is present, and it shall be unlawful for any person to sit or stand or remain seated or standing or to allow any other person to so remain in any such place of assemblage in any aisle under any circumstances, or in any exit or passageway required for the safe exit of the assemblages, provided that in theatres persons may stand in the rear between the last row of seats and foyer wall and in the lobby if the aisles are free and unobstructed and a clear and unobstructed passageway of not less than five feet is maintained extending from the aisles to the exits or lobby or street, and provided a similar aisle is maintained in the rear or front of such standing room at all points where standing room is permitted. The aisles or passageway in the rear or front of persons permitted to stand shall be designated by the Fire Marshal. The number of persons permitted to stand at any one time in any theatre shall not be more than one person per every four square feet of standing space remaining after deducting the width of aisles as designated above. Clear passageways from all exits and on sidewalk must at all times be maintained outside of all theatres and other places of public assemblage. It shall be the duty of the Chief of Police to render assistance in the enforcement of the provisions of this Section and to direct and require police officers to enter all places of public assemblage for such purposes.

Section 49. STAIRS IN THEATRES, &c., SHALL HAVE HAND RAILS. All stairs, in theatres and all other places of public assemblage above the ground floor, shall have on both sides strong hand rails. Where stairs are built between walls, rails shall be firmly secured to the walls about three inches distant therefrom. All rails shall be three feet above the center of the treads. This provision shall also apply to all steps in side aisles of galleries. The width of all stairs must be measured between hand rails. All stairs and landings between stories, when seven feet and over in width, shall be provided with a center hand rail of metal, not less than two inches in diameter, placed at a height of three feet above the center of the treads and landings. Such rails shall be supported on wrought metal or brass standards securely bolted to the treads or risers of stairs, or both. At the head of the flight of stairs terminating at each story, the post or standard shall be at least 6 feet in height, to which the rail shall be secured.

Section 50. MOTOR VEHICLES IN FRONT OF THEATRES, &c., UNLAWFUL TO PARK. No motor vehicle shall be parked or permitted to remain in front of any theatre, moving picture house or place of public amusement or assemblage while a performance, show, entertainment or meeting is being held or had therein during which time the owner, proprietor, manager or person conducting or operating said premises shall provide and keep suitable signs at the curbline notifying the public that no parking or motor vehicles is allowed in front of said premises.

Section 51. BONFIRE OR OTHER FIRE OR FIRE IN UN-USED HEATER; UNLAWFUL WITHOUT PERMIT. No person shall kindle or maintain any bonfire or other fire, or shall knowingly furnish the materials for any such fire, or authorize any such fire to be kindled or maintained on or in any street, avenue, road, alley, land or public ground or upon any private lot within the limits of the Town of Newark unless a written permit so to do shall first have been secured from the Fire Marshal.

Section 52. REFUSE OR RUBBISH BURNER. No person shall operate any refuse or rubbish burner in such manner as to endanger buildings or other property by sparks or fire brands. Metallic screens so fixed and maintained as to prevent the exit of sparks and fire from burners shall be provided wherever necessary. No rubbish or refuse shall be burned or allowed to be burned after sundown on any day.

Section 53. SMOLDERING COALS OR COMBUSTIBLE MATERIALS; UNLAWFUL TO DEPOSIT, WHERE. No person shall deposit ashes, smoldering coals or embers, greasy or oily substances or other matters liable to spontaneous combustion within ten feet of any wooden or plastered wall, partition, fence, floors, sidewalk, lumber, hay, shavings, rubbish, or other combustible material, except in metallic or other non-combustible receptacles. Such receptacles unless resting on the ground outside of the building must be placed on non-combustible stands, and in every case must be kept at least two feet from any wall or partition.

Section 54. ACCUMULATIONS OF COMBUSTIBLE MATERIALS UNLAWFUL. No person shall permit to remain upon any roof or in any court, yard or open space or any building any accumulation of moss, paper, hay, grass, weeds, straw, litter or combustible or inflammable waste or rubbish of any kind.

Section 55. SHAVINGS, EXCELSIOR, &c. No person making, using, storing or having charge or control of any shavings, excelsior, rubbish, sacks, bags, litter, hay, straw or other combustible trash, waste or fragments shall fail, neglect or refuse at the close of each day to cause all such material which is not compactly baled and stacked in an orderly manner, to be removed from the premises or stored in non-combustible containers as prescribed in Section 53 of this ordinance.

Section 56. PACKING CASES, &c., STORAGE OF. The storage of packing cases, boxes, barrels or other similar combustible containers is forbidden without a permit except in the open. Provided, however, that no permit is required for the storage within a manufacturing or other establishment of sufficient packing cases, boxes, barrels or other similar containers to properly carry on its daily operations. Storage in the open of packing cases, boxes, barrels or other similar combustible containers must not be more than twenty feet in height and must be at least fifty feet from the nearest building.

Section 57. COTTON BATTING AND OTHER COMBUSTIBLE MATERIALS; USE OF, WHEN UNLAWFUL. Cotton batting, straw, dry vines, trees, celluloid or other high-inflammable materials shall not be used for decoration purposes in show windows of retail stores, auditoriums, halls, churches or any place of entertainment without a permit; provided, however, that nothing in this section shall be held to prohibit the display of saleable goods permitted and offered for sale in the stores. Electric light bulbs in retail stores shall not be decorated with paper or other combustible materials unless such materials shall first have been rendered flame-proof.

Section 58. FIRE ESCAPES. In all multifamily houses hereafter erected, those exceeding two stories above the basement and in every two-story multifamily house having more than six apartments using a common exit way, every apartment that has not direct exit to a street or to a court opening on a street, shall have access to at least one additional external exit way or fire escape constructed of steel or equivalent materials. The fire escape shall be erected along a solid wall containing no windows or other openings therein, except a door or doors opening into the said fire escape.

Section 59. OIL BURNER CONTROLS. (a) Oil burning equipments shall be provided with some means for manually stopping the flow of oil to the burner, from a conveniently located point at a safe distance from the burner. With electrically driven equipment this may be accomplished by a switch in the motor supply circuit, placed near the entrance to the room where the burner is located. A quick-closing valve in the oil supply line may also be used.

(b) Automatically operated oil burners used in connection with hot water, steam or warm air heating systems shall be equipped with approved automatic devices to shut down the burner in the event of undue pressure in a steam boiler or over-heating within a hot water boiler or warm air furnace.

(c) In systems where steam or air is used for atomizing the oil, the equipment shall be so arranged that in case of interruption of the atomizing supply, the oil supply will be immediately shut off.

(d) Electric motor-driven industrial oil burners with integral oil pumps, and electric motor-driven pump sets for use with industrial burners not equipped with integral pumps, shall be supplied with an approved motor controller incorporating no voltage protection to be wired into the power supply to the motor.

Section 60. VIOLATIONS OF ORDINANCE; PENALTIES. Any person or persons, firm, association or corporation violating any of the provisions of this ordinance, or neglecting to comply with any order or notice issued pursuant to any section thereof, shall upon conviction before the Alderman of the Town of Newark, forfeit and pay a fine not exceeding \$10.00 for the first offense and a fine not exceeding \$100.00 for the second or any subsequent offense, and in default of the payment of such fine shall be imprisoned in the New Castle County Workhouse for a term not to exceed fifteen days for the first offense or thirty days for the second or any subsequent offense.

Section 61. INCONSISTENT ORDINANCES REPEALED. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

GARDEN CARE

Weeds have no place in the home garden. They rob the cultivated plants of water, plant food, and even space and light. Cultivation to control weeds is a necessary part of garden care, but the fight against weeds should be waged with judgment.

University of Delaware garden specialists point out that while it is desirable to keep the surface soil loose, there is little to be gained by hoeing or cultivating oftener than necessary to control weeds. And once the seed bed is thoroughly prepared, only light surface stirring of the soil throughout the summer is required for most garden crops. Deep cultivation is not only hard work for the gardener, it is also usually injurious to plant roots.

Thorough soil preparation before planting is the most important step in cultivation, according to the specialists. It involves careful plowing or spading that completely turns and pulverizes the top few inches of soil. Then as soon as the soil is dry enough after a rain, it should be lightly stirred to kill weeds and to leave the surface of the soil in a loose, friable condition. It is a serious mistake to work the soil when it is wet. This applies especially to heavy-textured land which is likely to remain full of clods and lumps the rest of the season if worked when wet.

CERTIFICATE OF REDUCTION OF CAPITAL OF NATIONAL EXPORT ADVERTISING SERVICE, INC.

THIS IS TO CERTIFY THAT NATIONAL EXPORT ADVERTISING SERVICE, INC., is a corporation created by and existing under the laws of the State of Delaware, the resident agent in charge of its principal office in the State of Delaware being DELAWARE CHARTER GUARANTEE & TRUST COMPANY, 900 Market Street, Wilmington, Delaware; That the holders of record of the total number of shares of said NATIONAL EXPORT ADVERTISING SERVICE, INC., having voting power and now outstanding, have consented in writing to a reduction of the capital of said corporation from Ninety-One Thousand Six Hundred Dollars (\$91,000) to Twenty-Eight Thousand Seven Hundred (\$28,700.00) Dollars; That said reduction of capital is affected by the exchange by the holders of 701 shares of stock now issued (excluding 215 shares in the treasury of the corporation) of the par value of One Hundred Dollars (\$100.00) each, of the shares held by them for 287 shares of preferred stock of the par value of One Hundred Dollars (\$100.00) each, and retiring the 215 shares of stock now issued and in the Treasury of the Corporation of the par value of One Hundred Dollars (\$100.00) each, said preferred stock being authorized by certificate of amendment filed simultaneously herewith.

THAT the assets of this corporation remaining after such reduction are sufficient to pay any debts, the payment of which shall not have been otherwise provided for.

IN WITNESS WHEREOF, the said corporation has caused this certificate to be made and executed under its corporate seal and the hands of its President and Secretary this 30th day of December, A. D. 1946.
