It's called commencement week, but for most of the 100 graduates of the Newark High School it will be a week of goodbyes, both informal and ceremonial, and the ending of 12-year public school careers.

Only later, perhaps not until summer vacation is over, will the graduates realize that the end of high school is really the beginning of a new way of life at college or in the workaday world.

Commencement week will open Sunday, June 7, with the annual Senior Sermon and conclude the following Friday with the formal graduation exercises. In between will be the informal goodbyes to faculty members and fellow students.

The senior sermon, which is rotated annually among local pastors, will be given this year by the Rev. Theodore L. Ludlow, rector of St. Thomas Episcopal Church.

The program will start at 8 p.m. in the high school auditorium with a professional, followed by a scriptural lesson to be read by Mr. Ludlow. A prayer will then be offered by the Rev. John J. Bunting, Jr., pastor of the Newark Methodist Church.

Musical will be by the high school's Capella Choir, and a vocal solo "Bless This House," will be sung by Patsy Miller, Mrs. Mary E. Streep, faculty music instructor, will be the organist and choir director. Concluding the program will be benediction by Rev. Ludlow and a recessional.

Chrysler Patton 48 Tanks Parade Here On Saturday

Locally Made Tank Called World's Finest; Handles As Easy As Today's Auto

For the first time in the history of Newark's annual Memorial Day parade to be held Saturday the streets of the city will resound to the roar of powerful tank motors.

Parade officials have announced that two Patton 48s, produced at the Chrysler plant here, will be included in the military section of the parade. Arrangements for the inclusion of the tanks were completed last week with local Chrysler officials and Army Ordnance.

The more than 1500 persons who are expected to witness what promises to be the finest parade in the long series will see the long-secret Patton tank which Army officials announced last week would soon be issued to troops here and abroad.

Described as the world's finest medium tank, the 45-30 ton Patton will be a welcome addition to our fighting forces. Its superior maneuverability, deadly firepower and ease of handling will assure our soldiers of the finest fighting equipment designed to give maximum protection to its crew.

Maneuverability is increased through a combination of cross-drive transmission and power steering which make the huge tank handle as easily as today's cars. A high velocity 50 mm. gun using an improved fire control mechanism enables the gunner to engage targets quickly and accurately with destructive force.

Members of the team are: Messrs. Ruth Smith, captain; Alma Hinkle, assistant captain; Ruth Buckingham, Elizabeth Gresson, Elva Jester, Miriam Hickman, Lorraine Buckingham, Lillian Pyle, Helen Tryer, Martha Tasker, Etta Gibson, Mary Rummell, Elizabeth Moore, Barbara Beck, Grace Mutter, Peggy Campbell, Myrtle Gregg, Sara Tweed and Miss Thelma Russell.

Instructors who have assisted the ladies since February are: Lt. Donald Paisley, Sgt. William Rhoads and Cpl. Donald Rhoads, all of the Delaware National Guard.

**More and Better Telephone Service
in
DELAWARE**

There's a big story behind the growth and development of telephone service here in Delaware. But there's a bigger, more important story in the way telephone service has increased in value to you and the community.

STILL MORE, STILL BETTER SERVICE—New buildings, new Central Office equipment, more miles of wire and cable lines... all of these have been added to Delaware's telephone system to help make your service better and faster than ever. To meet the telephone needs of this fast-growing state, we spent more than \$5,000,000 in Delaware alone during 1952 to expand and improve the service. Another \$5,000,000 will be spent for our big 1953 program, which is already well under way.

650,000 TELEPHONE CALLS A DAY—Back in 1940, people here in Delaware made some 300,000 local and out-of-town telephone calls every day. Now the figure is some 650,000—more than twice as many! Telephone service is becoming more and more an indispensable part of daily life.

86,600 NEW TELEPHONES—In 1940 there were 51,600 telephones in Delaware. Today there are more than 138,000—better than twice the number! And every day we're adding still more to the total.

TELEPHONE PAYROLL — \$4,500,000
The telephone payroll in Delaware is more than 4 times as great as in 1940. This year, local telephone men and women will earn more than \$4,500,000. Most of this money will be spent right here in the communities of Delaware... a big aid to local business!

\$3,250,000 for LOCAL PURCHASES—Year in and year out, thousands and thousands of dollars are spent right here in Delaware for various types of telephone equipment, building repairs, painting, gasoline, water, gas, power and light, rent, office supplies and other items. This year, we'll spend another \$1,000,000 or more. In addition, Western Electric, our suppliers, will spend some \$2,250,000.

Today your telephone service is faster and more dependable than ever. Your entire telephone system is better equipped than ever to meet both civilian and military needs.

Even so, the telephone job in Delaware is far from finished. Keeping pace with the progress and

growth of our busy communities is a tremendous and continuing job.

We cannot slacken our pace. It's our job to furnish you and your neighbors with all the service you need—when and where you want it. You have a right to expect it. We're going to see that you get it.

100 Young Riders Enter Bike Rodeo Sponsored by PTA

Delaware Safety Council Co-Sponsor of Saturday Event for Local Youth

Exactly 100 enthusiastic young cyclists checked in on Saturday morning, May 23 for bicycle inspection prior to the Bicycle Rodeo sponsored by the local Parent Teachers Association, and the Delaware Safety Council.

Each participant had a permission slip signed by his parent, and a well-cared-for bicycle, with at least a 20" wheel base. Parents were on hand to take care of the registration, and local firemen handled the inspection of bicycles. Those whose bicycles passed the requirements outlined were then ready to take part in the various tests, outlined by the Delaware Safety Council.

Dr. C. R. Donoho was chairman of the event, assisted by a large committee of parents. Francis Jamison represented the Delaware Safety Council.

Those who ran the various tests were: J. J. Crowe, Wilbur Gore, Jane Bershier, Chester Hitz, and Mike Kubicek.

The first prize winners were awarded bicycles, in each of the four classes, and 36 other prizes were given.

Winners of the bicycles were: Jack Heitzenroder, Boys over 12 Class; Sally Cronin, Girls over 12; Jackie Cronin, Sally's brother, Boys under 12; and Nancy Weinberg, Girls under 12.

Dick Gray tied Jack Heitzenroder, having exactly the same score on all events, in the original tests. A second running of the events by the two boys caused considerable excitement, and Jack won the bicycle! Dick received a Brownie Camera with Flash attachments, as second prize.

Other prizes given included luggage, baseball mitts, a tennis racket, electric clock, a basketball, and many others, donated by local merchants. The bicycles were donated by the Parent-Teachers Association.

Refreshment stands were run by the Auxiliary of the Aetna Fire, Hook, and Ladder Company, and there was a good supply of hot dogs, soft drinks, and other refreshments.

Frank Scott served as publicity chairman, prop man, and in many other capacities. Over 50 parents helped, and residents of Delaware Avenue cooperated with the ordinance closing off the street during the rodeo.

Newark's Phillies Lose To Hickories By 4-3 On Sunday

Wood Fires Fifteen Strikeouts as Mates Collect Two Homers

The Newark Susquehanna Phillies outlast the visiting Hickories 4-3, Newark's Bob Wood hurled 4-hit ball and put 13 batters away via the strikeout route, the Phillies came up with a pair of home runs, one with a man ahead on the bases, and Newark lost their second game of the season 4-3, here on Sunday.

Hickory maintained their undefeated, league-leading pace by taking Newark for Hickory's fourth win of the campaign.

Newark took a one run, first inning lead when first baseman George Jenkins met one of Don Belton's pitches with the fat of the bat for all-the-way blast.

After a scoreless second inning, Hickory tied things up with a run in the third, and went ahead with another in the fourth.

In the sixth, with the situation already on the dark side for the locals, a walk, a stolen base, another free ticket, and a double steal stole the ball game. On the double theft, a wild throw over third waved in the third Hickory run, and backstop McCordell, who advanced to third base on the overthrow, came in with the payoff on Pete Scotten's scorching grass cutter to second.

In the eighth inning, Newark bounced back in the ball game when left fielder Bob Hoch hit a home run with Ronnie Burcham on first.

But two runs weren't quite enough. Newark plays Havre de Grace on the Continental Diamond diamond here on Memorial Day at 11 a.m. after the parade.

Yellowjackets Win Fifth in Stopping Claymont By 4-2

Sparks Hurls Six-Hit Ball While Leading Batting Mates 2 for 3

The Newark Yellowjackets won their fifth of the year against four losses by turning back the visiting Claymont Indians last Thursday afternoon, 4-2.

Claymont punched across the first run in the top of the second inning, but the Jackets stung back with two of their own in the home half of the same round to take a short-lived lead.

In the top of the third, Claymont tied the score with a lone run, and it was Claymont on top as the inning ended.

Holding the Indians scoreless in the fourth, Newark assumed command with their third run, and adding a fourth for insurance in the fifth, went on to win.

Albie Sparks collected a pair of hits in three official tries, while leading the Claymont clubbers to six scattered hits over the seven inning route.

Jerry Truskey, in left, and Irv Thorp, in right, banged out a hit apiece in two attempts for a 500 rating.

Secret Meeting Pointed For Delaware Oaks Race
Among the foremost candidates for the rich Delaware Oaks to be renewed here Saturday, in addition to Calumet Farm's Bubbly and Mrs. Ada L. Rice's Cerise Reine, are James Cox Brady's Secret Meeting and Plumed. The Oaks is the second of 11 stakes to be decided during the 32-day meeting; the traditional Wilmington Handicap highlighting the opening day's program tomorrow.

Secret Meeting, a homebred daughter of Allabout and Burgoo Maid, came into prominence as a result of her impressive victory in the Acorn Stakes at Belmont Park. Secret Meeting defeated eleven other fillies in the one mile fixture, including Mrs. Ben F. Whitaker's Grecian Queen, Plumed, an Alsab filly, has been campaigned lightly and was a recent graduate from the maiden ranks.

They're Off at Delaware Park In 16th Annual Meet Tomorrow

Stanton Track to Feature Top Thoroughbreds In Delaware Park's Richest 32-Day Meeting; \$100,000 July 4th New Castle Cup Tops Card

Delaware's top sports attraction—thoroughbred racing at Delaware Park—returns on a bigger and better scale than ever tomorrow with the opening of the state track's 16th and richest meeting of 32 days, ending July 4.

Fourteen major stakes events, carrying a record \$205,000 put up by the track (an increase of \$25,000 last year) are scheduled, and a new high of more than \$1,250,000 in overall purse distribution also is in the offing. The 14 stakes drew 981 nominations, exceeding the 1952 and '51 totals, and among the nominees are many equine stars of past and present.

Heading the 1953 stakes program, of course, is the \$100,000 New Castle Handicap of July 4, now the world's richest race for fillies and mares. The candidates include Kiss Me Kate, the 1952 winner, and many other stout contenders.

The nominees for the various major attractions include all manner of nationally noted racers—One Count, Native Dancer, Tri-Maker and Jam (all holders of 1952 titles); Dark Star, Tablithan King, Correspondent, Luffango, Rival Bay Gem, One Hitter, Alerted, Ken, To Market, Tusany, Intent and the like. Among the three-year-old fillies named for the Delaware Oaks on Memorial Day are Calumet Farm's Bubbly and Mrs. Ada L. Rice's Cerise Reine, both titular contenders.

As usual, the \$10,000 six furlong Wilmington Handicap tops the opening program, which is being dedicated to the American Legion, Veterans of Foreign Wars and the new Nur Shrine Temple of Delaware, with colorful and appropriate ceremonies.

There have been several announcements from Delaware Park in recent weeks concerning extensive and expensive new projects for the 1953 season.

Physical changes have been made in entrances and "valet parking" service is now available. Additional landscaping and planting of shrubs; fire prevention projects including fire walls in the barns, additional bunkhouses to properly house stable employees and keep them from sleeping in stalls; a new automatic fire alarm and control panel system; changing of the Pennsylvania R.R. entrance to a more convenient location, and a new structure behind the grandstand including augmented facilities for first aid and spacious lounges for patrons—these

are among the new features. Motorists will find adequate power and directional signs to them on the best possible to the track.

Delaware Park's half-hour "public interest" broadcast on Saturday of the meeting will feature important races and talks by representatives of Delaware charities and other causes.

Information and camp locations for boys from the state through 14 may be obtained from Star Leroy Hill, Newark Race Department.
