COPY FOR MR. HEINEMAN

December 28, 1948

↗ Mr. George S. Messersmith
44 Genova
Mexico City, Mexico

Dear Mr. Messersmith:

Please find enclosed a copy of a letter sent by Mr. Brosens to Mr. Heineman, dated November 30, 1948, indicating that Mr. Traube of the "Normalization" Department of Cade might be available to help the Mexican Light with the reorganization of its commercial department. I recall having shown you copy of this letter during your stay in New York, but I am not sure whether you took this copy with you to Mexico. I am therefore sending you another copy of this letter, as you may wish to write to Mr. Brosens in connection with Mr. Traube's possible trip to Mexico.

I suppose that you agree that, pending your decision regarding Mr. Traube, I discontinue my conversations with Mr. Frost of the Consolidated Edison of New York regarding the possibility of sending one of their experts to Mexico.

Believe me, dear Mr. Messersmith, with best personal regards,

Faithfully yours,

Max Lorie
