Paul Baumbach for State Representative

Paul Baumbach knows that investing in our schools is investing in our future. As Representative, that's exactly what he will do.

By making sure our teachers have the tools they need to teach - and focusing our tax dollars on the classroom - Paul will strengthen schools and help make our children more successful in and out of school.

And stronger schools help attract new businesses and the good paying jobs working families need.

PAUL BAUMBACH

Democrat for 23RD DISTRICT STATE REPRESENTATIVE

September 1, 2012

Dear Fellow Democrat,

While I am door knocking at the home of EVERY district Democrat, and we are completing our third mailing to EVERY district Democrat, I am sending this letter only to those Democrats who are regular voters in Democratic primary elections. **I need your vote** this September 11th, in the primary to identify the Democratic candidate to run in November for State Representative in the 23rd district, against the Republican. **I know that this is a long letter, but I ask you to read it all so that you can make the best possible decision for our state on the 11th.**

We have been working very hard on our campaign. As of August 21st, I have knocked on over 2,100 doors this summer, where over 3,400 Democrats live. I have had close to 1,000 conversations, great conversations, connecting with our district's voters. I have been able to address many concerns, including air brake usage within Newark's city limits, a voter registration problem, and connecting residents of the Estates at Corner Ketch who are concerned with recent break-ins to their neighborhood watch captain.

During this campaign, we have sought the endorsement of several groups. The highlight was the being **the only candidate in our race endorsed by the Democratic Party**. This required hard work, and success at sharing our vision with committee members. I am the only candidate in the race **endorsed by the Barbara Gittings Stonewall Democrats**, based not only on promises of future support, but also on years of my hard work on behalf of equal rights for our LGBT community. I am one of the two candidates in the race **endorsed by the Progressive Democrats for Delaware (PDD)**. All three candidates in the race are **endorsed by the Delaware Liberty Fund**. I have interviewed with three labor groups, and have appreciated the opportunity to learn more about their concerns, and to share **my firm commitment to workers' rights**.

Every candidate has lots of words to share; I have a vision and a track record. I have worked hard for the committee and the party. In addition, I have worked with PDD for over seven years, including serving on their endorsement committee for three election cycles, and serving as their President for two years. PDD has a well-earned reputation of building and joining coalitions that are successful in making changes in Dover, notably in the areas of good government (applying FOIA to the General Assembly), prison reform (providing judges with discretion for drug offenses), and equal rights (anti-discrimination protections, and Delaware's civil union law). I have served as the Treasurer of **Equality Delaware**, and worked for years with the predecessor umbrella group, which successfully led these equal rights changes in Dover.

I have worked to help those without voices. I led my congregation's Social Justice committee for seven years—joining the multi-congregation Code Purple program that provides shelter for Newark's homeless on

cold winter nights, participating in many service trips including for Katrina Relief. We also hosted forums on world religions and the environment, and hosted many candidate forums for years.

I have served on the board of the **Newark Housing Authority** for two years, appointed by Governor Markell. We are working hard to redevelop the Cleveland Heights property on Cleveland Avenue near Porter Chevrolet, transforming this urban blight into a very nice mixed income community.

I have founded and grown an independent financial planning firm, **Mallard Advisors**, here in Newark. We currently manage approximately \$100 million in retirement savings for over 100 families, both nearby and far away. This requires exceptional trust, dedication, and a commitment to unparalleled communication. I have used my skills from my business to give back to the community, both nearby and far away. I have taught at the **Delaware Money School** since its inception over ten years ago under then-Treasurer Jack Markell. I was recently selected as **Favorite Teacher**. I also serve as 'Dean of Investments' for NAPFA, the National Association of Personal Financial Advisors, helping to develop the educational content for national and regional conferences for fellow financial advisors.

I have a plan to be successful in Dover. As I have done during the campaign, I will **work harder** in Dover, understand the complex issues that arise by studying the current and proposed legislation and regulations, as I did this Spring with the charter school reform issue. I will **work smarter**, by using my business and financial skills to ensure that what we propose to do in Dover is financially responsible. Most importantly, I will continue my trademark approach of **working together**, finding resources in the community, and building and joining alliances to accomplish great things. My independence will make it much easier for me to work with legislators of all persuasions, on issues they care deeply about. This is how the Payday Loan bill became law, by a coalition gathering legislators from (far) across the aisle, who shared a common vision of what change is needed, and then worked hard to convince their colleagues to join them. **We can do this, together.**

These deeds and accomplishments are part of me. I am a workaholic, and I am committed to not complain about things, but rather to work toward making things better. Our state and our General Assembly have improved markedly in the past decade, but there is much more work to be done. Our district needs our next State Representative to work harder, work smarter, and work together. I seek to be that Representative, and for that reason, **I seek your vote on September 11th.** I would be happy to speak with or meet with you in advance, if you would like to discuss this further. My number is 302-562-4546, and my email is paul@paulbaumbach.com

Thank you very much for dedication to our party and our state.

Sincerely,

PAUL BAUMBACH

"It was a tough decision to retire, but I know
Paul Baumbach will be a great advocate for our community."

Dear Neighbor,

*It was a difficult decision to retire as State Representative and end more than 15 years of rewarding and fulfilling service to our community. Between serving on the Christina School Board of Education and in the House of Representatives, **my priorities have always included keeping our children healthy, improving schools, advancing civil rights and keeping our neighborhoods safe.***

I am proud that we have a candidate in the 23rd District who will continue fighting for those priorities. Paul Baumbach will be a dedicated, hard-working and responsive State Representative. *In fact, he's already making a difference in our community. Paul volunteers regularly, even traveling to the Gulf Coast for Hurricane Katrina relief. Locally, he works with his congregation to provide shelter on cold nights to the homeless. He serves on the board of Equality Delaware, where he was a driving force behind the civil unions law.*

*Education has always been an issue close to my heart, and I know that **Paul shares my goal to help all children in the Newark community and throughout the state get a quality education so they can succeed in the real world.** Paul has even provided free financial education courses through the Delaware Money School, which then-Treasurer Jack Markell helped found more than 10 years ago.*

Paul has deep roots in Newark. *He attended the University of Delaware, where he met his wife Pam. They have lived in Newark since 1990, where they raised their son Mike. Paul also owns and operates a small business, which he founded in Newark in 1996.*

I am pleased to support someone who already is "walking the walk" for the Newark community, not just "talking the talk." **Paul Baumbach is a trustworthy person who has and will continue to work for the betterment of our community and to improve the quality of life for everyone. I encourage you to vote for Paul Baumbach on November 6.**

Sincerely,

Terry Schooley

Who's better on jobs?

THE SMALL BUSINESSMAN OR THE FINANCIAL MANAGER

PAUL BAUMBACH
DEMOCRAT FOR STATE REPRESENTATIVE

BA-45412M

How about both? **MEET PAUL BAUMBACH**

Paul started a successful small business in Newark that helps families create strong financial plans for the future. He is one of the original volunteer instructors at the Delaware Money School, founded by Jack Markell to offer free financial education courses since 1999.

Creating jobs while safeguarding taxpayer money

Paul has the right experience and the right plan to create and retain new high-paying jobs in Delaware. Using his financial expertise, he'll fight for a leaner more efficient government that's easier on your wallet. And as a parent, businessman, and longtime volunteer teacher, Paul knows the difference the right education can make in building a vibrant community.

Paul fights for the right priorities

Paul cares about Newark because he lives here, raised his family here, and created his small business here. Paul has devoted himself to community service, and he's deeply involved in lending a hand to the less fortunate. In Dover, he'll fight for middle-class families and ensure seniors have the support they need.

An Important Message from former Delaware Head Coach Tubby Raymond

*Coach Raymond proudly endorses
Mark Doughty for State Representative*

***"Our legislature needs Mark Doughty's
work ethic, integrity and leadership"***

October 2012

Dear Neighbor,

Today I am writing to ask you to join me in helping to make a difference for our community by **electing Mark Doughty** to the Delaware House of Representatives.

I have known Mark since he was a young boy and he and my son, David, have been friends for many years now. Essentially, I have watched Mark grow up to become a dedicated husband and father and hard-working small business owner, who cares about the community in which he was born and raised. He is as genuine as they come and, once elected, he will make decisions that reflect our community and our hopes for the future.

As the former head coach of the University of Delaware football team, it was my job to recognize in players those leadership qualities that would make them successful on the field. From an early age, Mark exhibited the kinds of qualities that are needed to succeed in life. He has built a small business from the ground up and was committed to putting in the time and resources needed to do well. He is an outstanding business leader with the kind of integrity that is desperately needed in the political realm.

Endorsing Mark Doughty for State Representative is a responsibility I do not take lightly. But, I wholeheartedly believe in Mark and all that we can achieve for our community with him in public office.

I hope you agree with me that this election is one of the most important in our lifetime and we need the most qualified people representing us in Dover. I firmly believe that person is Mark.

Please join me in supporting Mark Doughty for State Representative on Tuesday, November 6th. I am certain that Mark will continue to make Newark a proud place to live, work and raise a family!

Sincerely,

Harold R. "Tubby" Raymond

HIGHER TAXES

ARE HURTING DELAWARE'S ECONOMY

In 2009, the General Assembly levied \$200 million in higher taxes on working families and businesses. Now that some of those taxes are about to expire, lawmakers are talking about extending them!

We need a legislator who will fight wasteful government spending and oppose any attempt to prolong the pain of the 2009 tax hikes.

JULIE KEMPLE, NEWARK CHARTER SCHOOL PARENT

"As a charter school parent, I believe Mark Doughty is the only pro-public school choice candidate in this race for State Representative. In fact, Mark's opponent fought against Newark Charter's expansion. A lifelong Newark resident and advocate for all public schools, Mark will fight for quality in our public education system. I proudly lend him my support."

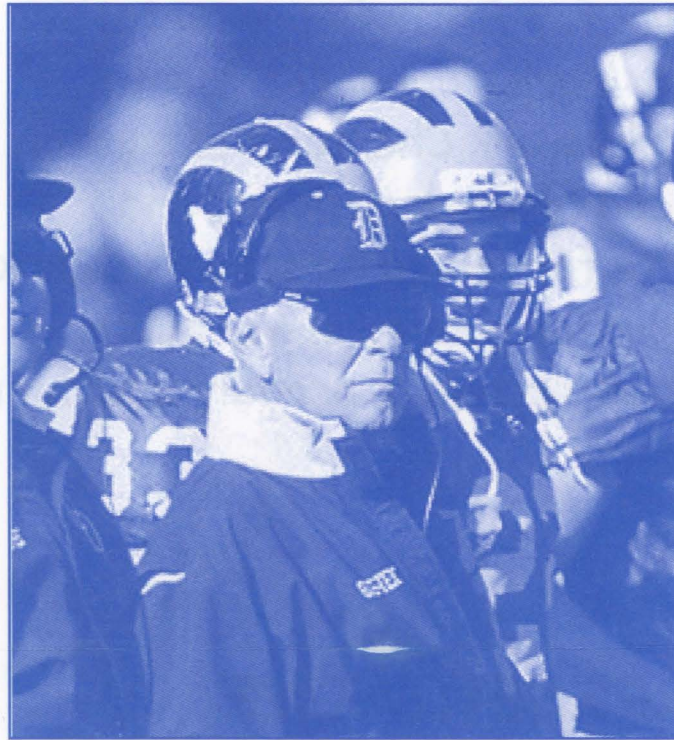

FORMER 23RD STATE REPRESENTATIVE TIM BOULDEN

"As the former State Representative for the 23rd District, it is with great pride I endorse Mark Doughty for this seat. He is a dedicated family man who will best represent the residents of Newark. He supports all public schools and his outstanding business-sense will be used effectively as he serves in our General Assembly. I proudly endorse him."

WHAT PEOPLE ARE SAYING ABOUT MARK DOUGHTY...

FORMER UNIVERSITY OF DELAWARE HEAD FOOTBALL COACH TUBBY RAYMOND

"Mark has built a small business from the ground up and was committed to putting in the time and resources needed to do well. He is an outstanding business leader with the kind of integrity that is desperately needed in the political realm."

STATE SENATOR LIANE SORENSON

"First and foremost, Mark is a family man who cares about the community in which he and his wife are raising a daughter. He is exactly the kind of legislator Newark needs. He thinks independently and will work efficiently and effectively with both sides of the aisle. Newark residents would be proud to have Mark Doughty as their state representative."

NEW CASTLE COUNTY COUNCILWOMAN JANET KILPATRICK

"Mark's commitment to restoring our economy is what we need in the public sector. With his business expertise and experience, he will be a welcome addition to the General Assembly. Mark Doughty is the clear choice for State Representative in the 23rd District."

FORMER NEWARK CITY COUNCILMAN PAUL POMEROY

"I am convinced that Mark's reasonable and practical approach to problem solving is exactly what is needed in Dover. And, as important as that is, I am more convinced that Mark will be a tireless advocate for Newark issues while serving in the General Assembly."
