April 8, 1950.

Dear Owen:

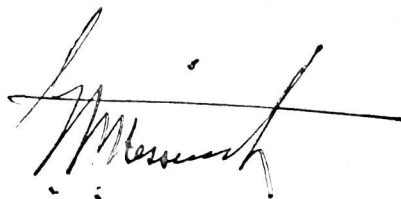

I received some days ago some information with regard to the University of Delaware 1950 Stadium Fund Campaign. I note with interest that the University is raising \$150,000 towards the building of a stadium. I think this is a very desirable thing to do and I wish that I were in a position to aid with a really material contribution towards the fund. I do want, however, to make a modest contribution in the amount of \$500 and I send you herewith a check in that amount. I wish I could make it more, for I really think the building of this stadium is a very worthwhile thing to do.

There is much that I would like to write you about and I hope in the not distant future I may have the pleasure of seeing you. I have been exceedingly occupied since our return from a trip which took me to London and Brussels. I expect to make several trips north -- one towards the end of April and one towards the end of June. While both of them will be relatively short, I will determine whether you are in Newark and if at all possible spend at least a few hours with you there.

We often think of you and Marion joins me in affectionate regards and good wishes.

Cordially and faithfully yours,

Dr. W. Owen Sypherd,
University of Delaware,
Newark, Delaware.

Enclosure.
