

University Students Suggest They Serve As Part-Time Cops

Suggestion Made At Meeting Of City Officials
And Representatives Of University
On Parking Problems

City Council at its meeting on January 8, 1952 will probably consider a proposal resulting from a meeting last week of representatives of the city and University of Delaware at which the students at the university requested that the city consider deputizing some of them as part-time members of the police department.

The matter of deputizing qualified and willing citizens has been discussed by Council previously. On several occasions residents have complained about the great amount of speeding done along the city streets and advised that it is simply a lack of sufficient personnel to properly patrol the city, then why not consider the appointment of several willing residents as special police officers.

Council has given the matter consideration but has never been able to overcome the numerous problems involved. Some of these same problems will be discussed at Council's next meeting when the matter of deputizing the students is considered.

Dr. John R. Downes of the Newark City Council, representing Mayor Wallace Johnson, J. F. Neide, Newark City Supervisor, and Sergeant LeRoy Hill of the Newark police met with officials of the University of Delaware and representatives of the student body Monday afternoon to discuss Newark's parking and traffic problem. The meeting was held in President Perkins' office.

The main purpose of the recent meeting was to discuss a proposed city ordinance now before the city council to prohibit parking on three side streets adjoining the university property. Many of the resident property owners on the streets in question, Delaware Avenue, Kent Way and Amstel Avenue have protested the violation of existing parking regulations and the littering of property by some of those who have parked on these streets.

The city officials at Monday's meeting pointed out that Newark is unable to find a sufficient number of extra police to enable the city to enforce the existing parking regulations. A number of different plans which might be tried to correct present conditions were proposed by both the city officials and the officials of the university and the students who were present. One plan which was proposed and received with great favor by the representatives of the city council was the proposal to deputize some members of the university student body as part-time members of the regular Newark police force to alleviate the shortage of personnel in that municipal department. If the students are willing and if the Newark Council approves the measure this plan will go far towards easing the community to cope with peak traffic in the morning and evening and will also provide the necessary police needed to enforce existing parking regulations and other city ordinances.

The meeting was the outgrowth of a concerted effort on the part of Mayor Johnson and President Perkins to have the municipal authorities and university personnel work out community problems together. Mayor Johnson has repeatedly expressed his appreciation of Dr. Perkins' efforts to enable the university to cooperate with city officials on the traffic and parking problems and all others which affect the welfare of the community.

University To Hold Annual Conference Here This Spring

Inter-American Study And
Research Group Expects
Eminent Delegates

The Institute for Inter-American Study and Research, the University of Delaware, has announced that the Third Delaware Conference on World Economic Development will be held in April 1952. The first of these conferences, held in June 1949, and attended by a group of eminent Latin-American scholars and educators, had as its theme Inter-American cooperation.

The second conference was held in April 1950, dealt with the general "Point IV" theme of world economic development and was attended by a distinguished group of guest-speakers from the United Nations, the Department of State, Conservation groups, and private industry. This third conference will deal with the problem from a regional point of view, by diplomats, technicians, etc. from such areas as India, Latin America, and Oceania.

As was the case with the first two conferences, the talks, discussions, and proceedings of the third will be published by the University. Dr. Herbert Dorn, Chairman of the Institute for Inter-American Study and Research, states that the reports on the first and second conferences were widely distributed and received with great interest. Requests for them are still coming in, from educational institutions, libraries, research organizations, and from such widely separated areas as Mexico, Costa Rica, Africa, and India.

Like the other two, the third conference will be open to the public as well as to all students and faculty members of the University. These conferences have come to be recognized as an important educational function of the university. The former ones were publicly endorsed by Governor Elbert N. Carvel and a large number of service clubs throughout the state, veterans' organizations, etc. Some of those organizations attended the conference meetings in a body.

Mayor's Committee Presents Christmas Gifts To Battery C

Former Newark Unit Receives
Food And Gifts From
Newark Citizens

Santa Claus came early this year to the men of Battery C, Fifth Anti-Aircraft Artillery Gun Battalion, former Newark National Guard unit which is now stationed at Fort George Meade, Md.

Through the efforts of the Mayor's Committee, headed by Dr. J. R. Downes, the Newark residents of the unit received a Christmas stocking containing several useful gifts and a supply of Christmas candy from the citizens of the city of Newark.

On Thursday, December 23, members of the committee journeyed to Ft. Meade to personally distribute the gifts at the unit's Christmas party. As always the men were most appreciative of the gesture on the part of the community.

Activities at the party were highlighted by entertainment provided by a group of Washington professional who donated their services for the occasion.

Lt. Col. Frank T. Lynch, of Wilmington, commanding officer of the 736th, visited each of the battery parties and extended personal wishes for a Merry Christmas and Happy New Year to the men.

Plans For Future School Buildings Here Are Requested

These Plans Will Form Basis
For Appropriation From
Next Assembly

According to Wilmer E. Shue, district superintendent of the Newark district, officials of the State Board of Education have requested that the district draw up a long range school building plan as a prerequisite for the asking of funds from the next regular session of the General Assembly.

Since the funds requested will cover a period running into 1954 it is important that the future industrial growth and population increase of the city of Newark be carefully gauged before building plans are submitted. In connection with this problem, Mr. Shue announced that he is consulting with officials of various local industries and the city concerning the future growth of the city.

At the present time there is a fund of \$1,000,000 which has been authorized for school buildings in the district. This amount is in addition to the money which will be spent on the proposed Capital Trail Elementary building which is being planned.

Mr. Shue pointed out that this \$1,000,000 possibly would be used for the construction of another elementary school building, which would allow the present central building to be used exclusively for junior-senior high school use.

Entire Community Praised For Success Of Needy Family Drive

Preliminary Plans Announced For Opening Of
Full-Time Welfare Center Here To Aid
Less Fortunate Families

Due to the untiring efforts of the Mayor's Community Christmas Committee and the generous cooperation of the residents of Newark there were "No Poverty Families" among the less fortunate here this Christmas.

More than sixty baskets of food, clothing and toys were distributed on Christmas eve by the Boy Scouts of Newark. Included in the baskets were quantities of canned meats and food, clothing which had been collected in a door-to-door drive by the Boy Scouts during the month of the American Legion, and many toys for families with children. These gifts were the result of cooperation on the part of all the Girl Scout, Brownie, and Cub troops in the city.

In a statement this week, Mrs. J. Harvey Dickey, who has supervised the distribution of baskets to Newark's needy families for more than twenty years, declared, "It was a definite success, and was the result of the cooperation on the part of everyone concerned. The fine spirit of cooperation displayed by local civic organizations, members of the committee, local Boy and Girl Scout units, and just plain citizens of the city of Newark who donated quantities of food and used clothing all went to make this community project the success which it was."

Mrs. Dickey also announced that the Mayor's committee is at the present time making preliminary plans for the opening of a community welfare center which will be open the entire year for the purpose of extending aid to needy families. Plans at present are uncertain but it is possible that the center will be opened in one of the rooms formerly occupied by the Newark City Council.

It is planned to keep on hand a store of used clothing, canned goods, and other items which will be sold to the needy families at a fraction of the usual cost of such items.

More definite plans for the operation of this service will be formulated in future meetings of the committee.

Following is a list of the Newark Boy Scouts who donated their time on Christmas eve to deliver the baskets to the needy families which were recommended to the committee by various individuals and organizations: Jack Christman, Peter Cooper, Nelson Cooper, Frank Dickey, Robert Gore, Nelson Gaylord, Norman Hamilton, Harold Hamilton, John Hamer, John Hough, El. Dickey, Kuts, Dan Lanning, Randolph Linsell, Edward McCarty, James McCarty, William McLean, John Miller, Robert Fri, Glenn Skinner, Charles Skinner, Gregg Slover, and Ralph Vannoy.

Delaware Motorists Warned About New Responsibility Law

Method Of Reporting All
Traffic Accidents Is
Pointed Out

Public misunderstanding over the method of reporting traffic accidents under the state's new Motor Vehicle Safety Responsibility Law was cleared up today by Commissioner of Motor Vehicles Harold H. Keller, who showed that any change in the present system is so slight that it should cause no difficulty among motorists.

The present misunderstanding was brought about by a discrepancy between the existing requirement to report an accident to the Delaware State Police immediately after it occurs, and the filing of additional information under the Safety Responsibility Law, which must be sent to the Commissioner of Motor Vehicles within five days.

Here are the rules for reporting traffic accidents beginning January 1, when the Safety Responsibility Law becomes effective, as explained by Commissioner Keller for the guidance of all motorists:

Under Section 107 of the Motor Vehicle Code, the operator of every motor vehicle that is involved in an accident resulting in death or injury to a person, or total property damage to an apparent extent of only \$25 or more, must immediately notify the Delaware State Police and remain at the scene of the accident until a State Police officer arrives and completes his official accident report. The new Safety Responsibility Law does not affect this requirement in any way.

Should the accident result in death or injury to a person, or property damage to any one person, including yourself, in excess of \$100, however, it will come under the Safety Responsibility Law and additional information will be required. Primarily, this information is to advise the Commissioner of Motor Vehicles whether you had the proper kind of liability insurance in effect at the time of the accident, as the law will not thereafter apply to you if you were covered. It is most important, therefore, that you answer all questions on the official accident report form completely and accurately. The official accident report forms are now available.

"It cannot be repeated too often," Commissioner Keller said, "that the operator of every car involved in an accident must immediately report the accident to the State Police."

William G. Brown Is Killed In Accident At Chrysler Plant

Crushed By Heavy Machine
In First Fatal Mishap
At Local Plant

William G. Brown, 32, a resident of Avondale, Pa., and the father of four children, was crushed last week when a machine he was operating toppled upon him at the Chrysler Parts Plant, here.

It was the first fatal accident at the local Chrysler plant, which up until last week had not even had a serious injury among its working force. The plant was opened in October, 1948.

The heavy machine, used to lift and store parts, which weighed several hundred pounds, was empty at the time it was being operated by the victim, plant officials said. For some unknown reason which has not been determined, the heavy machine toppled over on him, pinning him to the floor.

Nearly workmen summoned the plant nurse who, in turn, called the ambulance and Brown was rushed to the Delaware Hospital. He died two hours after admittance.

Brown had been employed at the plant for about two months and was an experienced operator who had been carefully trained in details of the stacker's operation, officials said.

He is survived by his wife, Ruth, and four children, who live at Delaware City, and by his parents, Mr. and Mrs. George T. Brown, of Avondale.

Newark Post Office Reports Heavy Yule Mail Load Handled

Broken Package Of Carbon
Black In Mail Sack
Causes Trouble

A tremendous amount of parcel post mail poured into the Newark post office Monday morning to once more send into renewed action the staff of full-time and part-time postal employees which had over the week-end cleared the decks of a record amount of Christmas mail.

In fact the staff had done such a good job during the week that it was not necessary to work on Sunday, which had been planned if the occasion demanded. It was announced by F. Allen Cooch, Jr., postmaster, that more than half a million pieces of mail had been handled during the holidays by the local post office.

Postmaster Cooch expressed his hearty thanks to the 300-member Department of the University of Delaware for the use of a truck during the rush period. He also complimented the post of part-time workers under during the rush on the final job which had been done.

Once more the Newark postmaster pointed out that the successful handling of the usual Christmas deluge of mail and parcels was partly made possible by the fine spirit of cooperation displayed by the entire community, in that the people of Newark did not wait until the last minute to do the major part of their mailing.

Even the weather came in for a share of the credit in the successful effort on the part of the post office. It was feared that if the bad weather of last week had continued, it would not only have made the delivery of mail here a major problem, but would have caused members of the community to wait until the last minute to do their mailing.

A broken package of carbon black and the weather caused the most trouble, however, during the rush period. The stuff covered all the mail in the sack making the identification of the addresses a difficult matter, and made a mess of the floor. A little sawdust and lot of patience soon straightened out the situation satisfactorily.

For being the friends you've been, our heartfelt
thanks and

Christmas Day has come and gone and we hope it proved to be a happy holiday for all our readers. Although it did not prove to be a white Christmas, the disappointment of all the small fry and the secret joy of the oldsters, Santa managed to pay his usual visit to every home.

All along the highway there continues to be a very gay and festive air, with candle-light, windows, wreaths flaunting red, bows, holly branches, red poinsettias and brightly-lit Christmas trees.

Roseville Park Community Tree

Perhaps the most outstanding contribution to the holiday spirit this year is the large lighted tree on the point at the entrance to Roseville Park. This can be seen throughout the surrounding area and is being enjoyed by every one in the community.

Mr. Grover Hale, President of the Roseville Park Civic Association, states that the Park Association has propagated the funds for the necessary electrical equipment to bring the electrical wiring to the tree. Contributions from individuals made it possible to provide the lights.

Appreciation is expressed to all those who gave so generously of their time and efforts to make the project a success: Mr. Herbert Smith, William G. Wimmer, Charles Raymond, Alexander T. Miller, Mr. Christopherson, and others.

A brief but impressive program was held around the tree on Saturday evening, December 22nd, with the singing of carols. Carols were played on the trumpet by Timothy B. Smith. Prayer was offered by Rev. James H. Bishop. Brief remarks were made by Mr. Charles Raymond, Mr. William Wimmer and Rev. Bishop. It is to be regretted that Mrs. Charles Raymond, who arranged for the ceremony, was ill that day and unable to attend.

Tonight, Thursday, December 27th, all the children of Roseville Park will be enjoying their annual Christmas party held in the Sunday School room of White Clay Creek Church, at 7:00 p.m. Arrangements for the party were made by the following: The Mrs. Burnette Hale, Miller, Pagan, Weaver and Wimmer. Many people are donating cookies for the occasion.

Entertainment for the party is being planned by Mrs. Charles Raymond, chairman. Through the efforts of Mrs. Emory Rohrbaugh, Santa Claus will visit the group. Mr. William Murray, of Richardson Park, who will represent Old Nick, is reported to have had considerable experience in playing this particular role.

In addition to the above events, the plans of the Roseville Park Association call for the installation of a street light on the point at the entrance to

the park, in the near future.

Officers of the association are as follows: President, Mr. Grover Hale; vice-president, Mr. William Wimmer; secretary, Mrs. Emory Rohrbaugh; treasurer, Mr. James G. Townley.

Mrs. Thomas Davis of Hillendale Farm had as her guests last weekend her sisters, Miss Margaret Bieber and Mrs. Walter Lancy, together with Mr. Walter Lancy, all of West Orange, New Jersey.

Among the holiday visitors was Daniel Duhamel, Jr., of Trenton, N.J., who spent last weekend and Christmas with his parents on Capitol Trail.

Mr. David G. Anderson, Harmony Road, underwent an operation in Philadelphia last week and is now recuperating at his home.

We are sorry to learn that Mrs. John Thornton, Red Mill road, suffered a back injury in a fall last week.

White Clay Creek Presbyterian Church Christmas Sunday, December 23rd, was observed at White Clay Church with three outstanding services. The Sunday School program at 10 a.m. was under the supervision of Mrs. Raymond Benson, Mrs. Alice Hampe, Mrs. Willard Johnston and Mrs. David Anderson, Jr.

The program was as follows: "A Christmas Greeting," Bobby Davis; "A Gift For Sunday School," Lane Anderson; "Our Part," David Lindell; A Tableau of the First Christmas posed by Barbara Beecher, David Ferguson, Dicky Allen, George Stanley and Edward Thornton, while "The First Noel" was sung as a solo by Jane Hammell.

Away in a Manger and "On A Night, So Holy" were sung by the beginner and primary children.

"Dolly's Recitation," Joyce Pope; "I Wonder," Tommy Davis; piano solo, "Silent Night," Edith Anderson; "A Christmas Prayer," Leonard Beecher; "Come And Worship," Lois Pope, Virginia Furness, Joyce Pelen; "Marching In Jesus' Name," Bill Ferguson; clarinet solo "Hark The Herald Angels Sing," Audrey Butterworth; "The Birthday of the King," Richard Cochran; "Christmas Joy," Betty Crossen; solo, "White Christmas," Grace Miller; "My Wishes For You," Kay Lynam; "Destiny," John Peach; "O Little Town of Bethlehem," Junior Class; solo, "Jolly Old Nick," Rodney Butterworth.

At the conclusion of the program a Christmas treat was distributed to the children by Willard Johnston, superintendent, and Frank Butterworth, assistant superintendent.

Members of the beginners and primary classes brought contributions of food for a Christmas basket for a needy family.

The drama of the Christmas Nativity was presented in eight parts with

the angels, the manger scene and the coming of the shepherds and wise men.

The climax of the service was the dedication of the beautiful Claringbold memorial window which was flood-lighted from the outside while the house lights were turned off. Appreciation is expressed to Mr. Peter Furman for arranging for the lighting.

Next Sunday at the 11 a.m. service the pastor will bring an ending-of-the-year message on "Looking Back But Facing Forward."

A Candlelight Service will be held next Sunday at 8 p.m. in place of a watch night service. The theme, "When Lights Are Low" presents The Drama of Lights. This will be an opportunity for meditation as we face the New Year.

Newark Basketball Team Takes Opener At Mt. Pleasant, 61-43

Bunny Blaney Is High Scorer For Yellowjackets
With 26 Points; Bill Knotts, Bob Kase
Next With 11 Points Each

With Bunny Blaney, Bill Knotts, and Bob Kase leading the way, Newark High School's basketball team swept to an easy 61-43 win over Mt. Pleasant High School last week in the opening game of the current season.

Blaney tossed in ten field goals and six fouls for a total of 26 points to lead both teams in scoring. Although his total for the evening was slightly under his per-game average of 26.7 recorded last season while annexing the county and state scoring championship, it was a good beginning for the Yellowjacket ace who set a state record in scoring last season with a total of 509 points.

Bill Reybold Named Captain Of Delaware Cross-Country Team

Former Newark High School Athlete Named At Fall Sports Banquet

Bill Reybold, former Newark High School athlete, has been named captain of the University of Delaware cross-country team for the 1952 season. His election was announced at the annual fall sports banquet held recently at the University.

Boasting a season record of five wins and only one loss, the Blue Hen runners hung up the best record of the fall sport season at Delaware. The only loss on the record came at the hands of a strong Pittsburgh team, 47 to 15.

The Hen harriers opened their successful season by downing an ancient rival, Haverford, 21 to 34. Then they edged Swarthmore, 28 to 29, swamped Hopkins, 19-43, and downed Franklin and Marshall College, 16 to 44.

Following the thumping defeat at the hands of Pittsburgh, the Blue Hens entered the Middle Atlantic States meet at Allentown, Pa., where they finished in sixth place.

A decisive 17 to 43 win over Albright College closed out the fine season.

Reybold, former Newark High School athlete, has been named by his teammates as captain of the Blue Hen harriers for the 1952 season.

These three boys took turns breaking the course record at the Newark Country Club during the past season.

Blue Hen Football Leader

Paul Mueller

Don Mueller, senior end from Egg Harbor, N.J., has been elected football captain at the University of Delaware for the 1952 season.

It marks the second straight year that a product of New Jersey schools has been named leader of the Blue and Gold. Last year's captain, Johnny DeGasperis, hails from Cliffside Park, N.J.

Although Mueller came to Delaware as a hard-running halfback and played that position on the Hen freshman team, he has been converted into a defensive end. During spring practice

this season, Coach Dave Nelson approached the 6-foot, 2-inch Mueller and asked if he would consider switching to the end position in an effort to strengthen the flanker positions. Mueller agreed to give the experiment a trial and went on to become a defensive stalwart in the Delaware defensive unit.

In speaking of his selection, Mueller said, "It's the greatest thing that ever happened to me, and I'll do everything in my power to justify the confidence which my teammates have shown in me."

It's quicker
if you
know the
number

Long Distance is so fast these days that most calls can be completed while you hold the line. But it's even faster when you place your call by number, rather than just giving the name and address of the party you want to reach.

With millions of out-of-town calls being placed every day, the total time saved in calling by number is an important contribution to speeding the Nation's defense effort.

We'd like to handle your out-of-town calls this faster way. And to help you place your calls by number, we'd like you to have a copy of our Personal Telephone Directory in which to keep the numbers you have occasion to call. If you want one, or if you'd like additional copies, just ask the Business Office.

When you call by number, your calls go through faster... often twice as fast.

Delaware Challenges LaSalle This Saturday At Philadelphia

Blue Hens Will Bid For National Recognition
When They Tackle Explorers Who Are
At Present 17th In Nation

Proud possessors of an impressive five-win and one-loss record hung up during the pre-holiday portion of the current basketball season, the University of Delaware combine will face a stiff test Saturday night when the Blue Hens travel to Philadelphia for the first time this season to take on the powerful LaSalle five at St. Joseph's field house, 54th Street and City Line Avenue.

LaSalle is defending city champ and a National Invitational Tournament team for the past several years and will provide the ambitious Blue Hens with their stiffest test so far this season.

Joe Lank Presented First Taylor Award

Receives Trophy At Annual Fall Banquet

Joe Lank, star end on the 1951 University of Delaware football team, received the Taylor Memorial Award at the annual fall sports banquet held last week at the university.

Lank, 21-year-old senior from Millford, thus becomes the first Delaware athlete to be honored with this sports-manship award.

The award, made by the families of J. Baker Taylor and Harry V. Taylor, former Delaware grid captains, is presented to the senior member of the Blue Hen grid squad who contributes most to the morale of the team throughout his Delaware career.

Lank, son of Mrs. Mary L. Dick of Shelby, Ohio, was recently selected by the National Association of Manufacturers as Delaware's representative to the 56th Congress of American Industry which was held in New York City.

New Ruling Will Eliminate Styimie As Golf Headache

A recent ruling by the United States Golf Association to become effective January 1 which will interest golfers is the abolition of the styimie. Henceforth when a player believes an opponent's ball is in the line of his putt, he may request that it be marked and lifted, no matter what the distance between the two balls.

The new regulations also standardize the penalty for out-of-bounds, lost balls and unplayable balls. The penalty will be stroke and distance in all cases.

Led by the great all-around play of Ray Crawford, 6-foot, 2-inch sophomore guard from Woodbury, N. J., who is presently leading the Delaware scores with a total of 123 points, the Blue and Gold have rung up a total of 469 points while holding their opposition to 351. Coach Fred Emmerson's club has hung up victories over Washington College, 81-62, Lehigh, 80-62, Temple, 70-60, Johns Hopkins, 70-32, and Rutgers, 81-57, while losing a one-point decision to Muhlenberg, 83-87.

In addition to Crawford, another sophomore, Frank White, has been outstanding for the Hens so far this season. The 6-foot, 5-inch former P. S. duPont ace has been especially valuable in capturing rebounds from both backboards and has scored a total of 60 points to date. In fact, the ability of White, Kruzinski and Crawford to take the ball off either backboard has been a major cause of the success of the local club. In the Temple game, for instance, the Hens were so successful at this during the first half that the Owls seldom were afforded the opportunity of following up a missed shot.

Word from Philadelphia indicates that the mighty LaSalle club, which is currently ranked 17th in the nation, is not taking the contest with Delaware lightly. Knowing that the Blue Hens would welcome this opportunity to gain recognition, the Explorers will be out to protect their rating.

In Fred Iehle, former Olney High star and Tom Gola, the Explorers have added a pair of freshmen that are more than holding their own with such returning veterans as Norm Grekin, Buddy Donnelly and Newt Jones. Iehle is the scoring ace on the club and if the Delaware combine has ideas of conquering the Philadelphians it will be necessary to halt this fellow. This task will probably be handled by either Dick Goldberg or Johnny Buechele, a pair of veteran guards, both of whom combined to hold the great Bill Mikvy, Temple high scorer, to 12 points recently.

Right to Drive!

There's a new state law effective January 1, 1952. It says that if your auto is involved in an accident—even if you're not to blame—you may have to prove financial responsibility up to \$11,000—or lose your driving rights.

The best way to prove financial responsibility is to own insurance now. You must have it before the accident. Farm Bureau auto insurance protects you against penalties of the new law. It's non-assessable. It—

- ★ Protects your driving rights
- ★ Assures quick, fair claim service
- ★ Is exceptionally low in cost
