NEWARK POST, NEWARK, DELAWARE, JULY 12, 1922.

NUMBER 23

Matter Of Pavement Construction In Council

Walter Powell's New Sidewalk Bone of Contention—No Definite Action

Some time ago Mayor Frazer swore out a warrant for the arrest of Walter Powell for the laying of a sidewalk which was not laid in accordance with the ordinance of the town, which says that all sidewalks must be constructed subject to the approval of the Council. The ordinance in question is in the act of the property owned by Mr. Powell on Main street and according to the members of Council it is graded to a great extent, reaching a grade of one-quarter of an inch. Mr. Powell is to have had a hearing before Alderman McKelvey last week but his case continued until last night.

At the meeting of Town Council on Monday night Mr. Powell appeared before that body and claimed that he did not intentionally laid the sidewalk in defiance to the orders of Council.

Councilman Wilson said that as he and Mayor Frazer had agreed on the laying of the sidewalk he had seen the grade at which it was being constructed Powell had advised to discontinue the work and make the grade in accordance with Town Council's wishes. Mayor Frazer verified this and said that it was not more than fifteen feet of the sidewalk had been constructed.

Mr. Powell said that this was not the case and claimed that he had received word from Mayor Frazer that the sidewalk was not in accordance with the rules of Town Council but four square feet had been finished.

Councilman Colmery said that there was no ordinance in Newark that required the grade at which sidewalks should be laid and that he was of the opinion that no action should be taken in the matter. He further added that he thought Council should investigate whether Powell can come back to town for not taking action but other property owners who paved with grades as bad as in some instances worse than Mr. Powell's.

Mayor Frazer said that he had had a warrant sworn out for Powell wanted to know whether the members of Council were going to act on him in his action.

Councilman Beals said that he did believe there was a town ordinance that governed the laying of sidewalks with a grade of more than one-quarter of an inch. Mayor Frazer said that he had taken the matter up with the attorney of the Council and that he thought that the law could be found to back the case of the town against Powell. The mayor pointed out the ordinance said that the sidewalks must conform with the approval of Council and claimed that the one in front of the Powell property did not.

The matter brought up a lengthy discussion which at times became heated, this was after Mr. Powell had been heard and asked to withdraw while Council discussed the matter. In the discussion it was brought out that many sidewalks of the town had a deeper grade than that in front of Powell's. Mr. Powell was before Council and claimed that the pavement just in front of the Farmer's Trust had a deeper grade than the one in front of his place.

Mayor Frazer said that the bank trustees had tried to live up to the ordinance of the town and that the sidewalk in front of the bank was laid to the best possible advantage in compliance with the law and that an attempt had been built in front of it.

REGISTRATION DAYS

Don't lose your vote—be sure to register.

Saturday, July 15th.

Saturday, August 5th.

Saturday, August 12th.

Saturday, September 16th.

Saturday, October 21st.

In order to participate in the primary election it is necessary to register on or before August 1st.

COMPROMISE

Walter Powell Agrees to Tear Up His Pavement

Walter Powell was to have had a hearing before Town Alderman McKelvey last night on a charge of having laid a pavement contrary to the approval of Town Council. The local merchant was arrested on a warrant sworn out by Mayor Frazer, as told in the action of Town Council on the matter on Monday night.

Last night Mr. Powell agreed to have the pavement torn up and relaid as the Town Council wished him to do. The merchant was held under bond to start this work tomorrow.

Eagles Install Officers Saturday

State Officers Led by Grand Chief H. Y. Lynam Present—Local Lodge Complimented

Ivy Castle, No. 28, Knights Golden Eagle, held an installation on Saturday night in their hall. One of the largest turnouts that was ever present at an installation and many State officers of the organization were present.

The State officers were led by H. V. Lynam, Grand Chief of Delaware. Other officers present were Sir Herald Bonsall, of Marshallton; Acting High Priest Simpson, of Wilmington, and Past Grand Chief Poole, of Christiana. All these officers made short addresses complimenting the local lodge on its excellent work in the past. The retiring officers were told of the advancement the lodge had made under their leadership and the incoming officers were urged by the speakers to keep up this good work so that Newark's Eagles would be second to none in the State.

The officers installed for the ensuing year were: William Taylor, Past Chief; Sherman Orr, Noble Chief; John Bolden, Vice-Chief; William Askell, High Priest; Frederick Davis, Veteran Hermit; George Roberts, First Sergeant; William Messmer, Second Guardian; J. T. Anderson, Worthy Chamberlain, and James Frazer, Worthy Bard. All these officers were recently elected.

Following the installation of officers ice cream and cake were served and a good time was had by the large attendance.

H. R. BAKER RECOMMENDED

May Replace E. R. Hitchner Who Resigned

H. R. Baker, a graduate from the Massachusetts Agriculture College, Amherst, Mass., and instructor at the Kansas Agriculture College has been recommended by Dean C. A. McCue to the Committee of Instruction of the University of Delaware, for the position vacated by E. R. Hitchner, who has accepted a position at the University of Maine.

The committee has not yet taken action on the recommendation.

CHAIN LETTERS

Several people in Newark have recently received copies of chain letters. This seems a fad that is going over the country. The receiver of a letter is requested to send copies of it to nine friends.

BRIDGE WORK

Work on the railroad bridge over the road between Roseville and Lumbrook is progressing rapidly. It is thought that the road will be opened some time in the next two months.

"COP" STRUCK

A large touring car, carrying Pennsylvania license tags, piled into the "dummy cop" at Elkton Road on Thursday night. Although the front of the car was damaged it was able to continue on its way.

TOURIST CAMP

The proposed site for the automobile tourists' camp will soon be the scene of the new High School. Those in back of the movement had proposed the use of High School athletic field.

WINS AUTOMOBILE

Miss Helen Wollaston, of Depot Road, was a happy young lady on Saturday night when she won the touring car chance off at the carnival at Five Points.

\$6,000 Improvements At Presbyterian Church

Many Alterations on Edifice to be Made Next Month—All Departments May Close

A congregational meeting was held at the First Presbyterian Church last Thursday for the purpose of discussing whether or not extensive repairs should be made to the church.

At that time the meeting was adjourned until Sunday. Afternoon regular services on Sunday morning the congregation met and it was decided that about \$6000 should be expended by the church for the purpose of making improvements to the edifice.

This work will be carried on during the month of August and it may be that all departments of the Church will have to close while this work is being completed. Rev. H. Everett Hallman, pastor of the church said today that he was in hopes that it will not be necessary to close the Sunday School while the work is being done.

The work that will be done will include a new heating system that is to be installed. A new arrangement and new electric light fixtures will be placed in all the departments. This will be one of the biggest improvements for the present system is not at all adequate in many of the departments.

There will be new floor coverings, the roof and windows of the church will be gone over and necessary repairs made, and the basement of the church will have a general overhauling.

Besides these items the church will be redecorated on the inside and the outside will be painted. Announcement of who will do the work will be made later.

Speeding Speeders Speed Along

Newark Continues to be Haven for "Light Headed" Machine Drivers

With the town officials apparently unable to cope with the situation of speeding automobiles the people of Newark are wondering what will be the outcome. It is an utter impossibility for the town officer to arrest all the speeders that pass through Newark inasmuch as he has no vehicle in which to give chase nor in which to pace the speeders to learn at what speed they are travelling. The town does own a motorcycle that was used by a previous town officer. Many persons are of the opinion that Officer Tyrens the present officer, should use this machine for it is thought that in this manner much of the speeding could be broken up.

Only last week at the corner of Main and Academy streets, one of the town's most prominent ladies was run down by an automobile and injured. According to witnesses of this accident it resulted from careless driving and the driver of the machine instead of stopping to learn the extent of his victim's injuries continued on his way.

Many persons are of the opinion that if a remedy for the now existing conditions is not soon forthcoming some one will be fatally injured. On many occasions machines are seen actually racing along Main street at speeds well over 40 miles an hour.

A lot of the speed is carried on right in the town limits and a great deal is also accomplished on the roads leading into Newark. Elkton and Depot Roads are two favorite spots for these "light headed" persons who count pedestrians' lives at naught. Depot Road is travelled a great deal both day and night and on wet days a great number of the people use the road because of the rough path that skirts the road. There have been many narrow escapes from accidents along this road and those who travel it wonder just how much longer it is going to be before some one is struck by a speeding automobile. Of course this road is not altogether in the town and it looks as though it is up to the county officials to get on the hop and try to stop this speeding practice.

As one of many who use this road a great deal says, "An ounce of prevention is worth a pound of cure."

State Parent-Teacher Meeting

Tentative Plans for Coming Year Adopted at Meeting Held This Morning

The Executive Committee of the State Parent-Teacher Association, at a meeting held this morning in Wolf Hall, adopted the educational possibility of the rural community as the subject of study in local community associations for the coming year. The tentative plan as suggested at the meeting will include as topics for the month, the home, the school, moral and religious agencies, the farm, industries, and outdoor activities. These subjects will be treated in two series of program leaflets which will be published each month from November to April, inclusive, by the State Association.

At this morning's meeting it was decided to hold the next Executive Board meeting at Dover some time during January. Members of the committee who attended were: Mrs. Culver, of Delmar; Mrs. Mabel Draper, of Milton; Mrs. Howard Poole, of Middletown; Mrs. Robert E. Lewis, of Dover; Mrs. H. K. Wright, of Bridgeville; Mrs. William B. Jester, of Delaware City; Mrs. John B. Cleaver, of Middletown; Dr. R. W. Cooper, Miss Agnes Snyder, of Baltimore; and Miss Etta J. Wilson, of the Service Citizens.

The main meeting of the day was held in Wolf Hall at two o'clock. Dr. Florence Bamberger, of Johns Hopkins University, was the main speaker. A delightful musical program was given by Miss Mary Scott Gallery, soloist of Grace M. E. Church, Wilmington, and Mrs. Sachs, soloist of Westminster Church, Wilmington, and Mrs. McIntyre, of Chester, accompanist.

Council Wants Street Repaired

Gets After Levy Court—Dog Complaint Received—Will Not Tear Up Street

At the meeting of Town Council on Monday night Mayor Frazer and other members of Council stated that many complaints had been received of the condition of Main Street east of the Center. The street in this section has been in a very bad condition since the work on the highway connecting here has been started by the county contractors.

When the County decided that this work was to be done they obtained permission from Town Council to fix the grade of Main Street at the connection with the county road to comply with the latter. The work of this grading has been done but no paving has yet been started and as a result there is a large mud hole in which many automobiles have been stuck.

Mayor Frazer informed Council that he had taken the matter up with the county contractor and had received assurance that the work would be done in a short time. He said that he had received this assurance some time ago and so the members of Town Council decided to take the matter up with the Levy Court and see if the condition could not be remedied at once.

At the meeting Councilman Colmery made complaint of a dog, which he said was vicious, being harbored by a family on Delaware Avenue. He said that last summer the dog had been bitten by a mad dog and thought that it should be done away with as it had already attacked several persons. The action of Council was to have the matter taken up with the town officer and if the dog is not registered it will be destroyed.

The members of Council ordered the secretary to notify all property owners on Cleveland Avenue that all sewer connections to the curb and water taps along this avenue must be made within 10 days, as the paving try to stop this speeding practice.

As one of many who use this road a great deal says, "An ounce of prevention is worth a pound of cure."

NEW PROFESSOR

Prof. Geo. F. Royden, of Dartmouth Gets U. of D. Post

At a meeting of the committee of Instruction of the University of Delaware, held last Saturday at the office of Henry Ridgely, at Dover, Professor George F. Royden was appointed to the office of Professor of History at the local institution. As yet he has not accepted the position but it is thought that he will in the next few days.

Prof. Royden is to fill the office made vacant by the resignation of Prof. Ernest Vancourt Vaughn.

The newly appointed professor is connected with the history department at Dartmouth where he has installed a special course on the relationship of citizenship to history. Prof. Royden is a graduate of Yale, where he received the degree of Master of Arts. During the last years of the war and after the signing of the armistice the newly appointed instructor was a Major in the Red Cross service in Southern Russia. Prof. Royden is an excellent baritone singer.

Aetna Firemen Leave For Dover

Local Fire Laddies Make Natty Appearance—Take Two Bands

About one hundred members of the Aetna Hose, Hook and Ladder Co., left early this afternoon for Dover, where they will take part in the parade of the Delaware State Volunteer Firemen's Association. This parade will be held this evening and it is expected that several thousand volunteer firemen from all parts of the State will take part in the affair.

Chief E. C. Wilson and Elmer Ellison left early today as representatives of the local company at the meeting of the association, which held sessions both this morning and afternoon.

The local firemen made a very natty appearance. They all wore straw hats with red bands around them and on these bands in gold letters was the wording "Aetna No. 1." Each man also wore a small silk American flag.

The Red Men's Band and the Continental Band accompanied the firemen and it is doubtful if any other company of the State will have as much music as the local organization.

The large engine of the company also was taken along. The firemen made the trip in private automobiles and the large bus of the Stiltz line.

THEATRES CLOSE

The "movie fans" of Newark are to find themselves at a loss, since both the local theatres have closed. Both the Opera House and Hanark Theatres are now running pictures only on Saturday nights.

DRIVE REPAIRED

Driveway just east of the Presbyterian Church was filled in with cinders last week.

EXCELLENT LECTURE

Before a large audience in Wolf Hall, Monday night, Rev. Newell Dwight Hillis, pastor of Plymouth Church, Brooklyn, N. Y., delivered an excellent lecture. Among the audience were many persons from Wilmington who made the trip to hear the noted speaker. The speaker claimed himself to be an unqualified optimist in his belief that the United States has the necessary institutions with which to remedy the many serious conditions that now confront the nation.

of the street will start in that time, and after the street is paved it will not be torn up for ten years. This action was taken on the motion of Councilman Colmery.

On the motion of Councilman Beals it was decided by Council to lay a ten-inch pipe on Prospect Avenue to take care of the rain water and other drainage.

Town Alderman McKelvey reported having collected fines and costs to the amount of \$70 last month. Most of the fines were the result of automobile law violations, parking without lights and speeding.

The treasurer's report showed a balance in bank of \$4,547.10. The following committee bills were approved and ordered paid: Street, \$158.80; Town, \$454.20; Light and Water, \$2,031.83, and Sewer, \$186.55.

Councilman Dies Suddenly Today

Robert J. Morrison, Aged 81 Years, Dies Before Medical Aid Reaches Him

Robert J. Morrison, aged 81 years, died at his home suddenly about noon today. The cause of death has not yet been determined. Dr. H. G. M. Kollock was called to Mr. Morrison's home on East Main Street, below the Center, about noon, but when he arrived the man was dead.

Mr. Morrison was a member of Council and had held office in this body for the past twelve years. He took office about the same time as Mayor Frazer and they were oldest members of Council.

Before moving to Newark the deceased lived at Ogletown, but upon being appointed postmaster here he moved to the house on East Main Street, where he died. Mr. Morrison's wife died about a year ago and since that time he has not been in the best of health.

The deceased was a lifelong Republican and at one time represented this district in House of Representatives at Dover. In his younger days there were not many men of this district who were more active in the welfare of the Republican Party than Mr. Morrison.

Although he had lived in Newark only twelve years, he was born in this district and had a large circle of friends here.

Mr. Morrison has been ill for some time, but his condition was not considered serious. At the meeting of Town Council on Monday night, Mr. Morrison sent a complaint through Councilman Beals, of the low hanging tree branches on East Main Street, and asked that they be trimmed.

DANGEROUS PRACTICE

Besides speeding another practice that automobilists, the majority of whom are from this section, have, is turning around in the streets of the town without going to the intersections.

There is never a day that dozens of these turns are not made on Main Street. The drivers of automobiles will turn in the middle of the block or any place where they may be.

Just on Friday night there was a collision as a result of one of these mid-square turns. A machine was parked along Main Street and the driver backed out from the curb and started to make his turn, just west of Academy Street, when a car bearing a Maryland license came east on the street and smashed into the turning machine. Both machines were damaged.

There have been several narrow escapes from smash-ups as a result of the motorists using the middle of the block to make their turns and the careful observer is of the opinion that there are some accidents in store if this practice is not broken up.

"SHIN PLASTERS"

C. D. Wismer, of Hatfield, Pa., has written to the treasurer of Newark asking if fifty-cent notes issued by Newark in 1862 would be paid.

This matter was brought up at the meeting of Town Council on Monday night and Mr. Wismer will be notified that on presentation of the note the sum would be paid.

None of the members of Council had any knowledge of the issuing of such notes by the Town and no one in Newark who was asked regarding the matter could remember the issuance of such notes.

It is known fact that during the Civil War notes of this nature, known as "Shin Plasters" were issued by the various towns and communities and used as currency. It is believed that this is what the Pennsylvania man has reference to. As a rule these notes were issued in denominations of five, ten, twenty-five and fifty cents. As a rule the holders of such notes are not wont to part with them because of their historic value, but Mr. Wismer evidently would rather have fifty cents in currency of up-to-date model than a "Shin Plaster."

Mexican Is Killed Near Newark

Eleanor Smith, Aged 18, Alleged
to Have Shot Her
Brother-in-Law

Eleanor Smith, an 18 year old Negress, living along the Pennsylvania Railroad, just about a mile and a half south of Newark, is lodged in the New Castle County jail on a charge of murder.

The charge grows out of the killing of Angel Domora, aged 23 years, a Mexican and brother-in-law of the accused girl.

The shooting occurred some time between 8 and 10 o'clock on Wednesday night and the girl's father surrendered her to the authorities the next morning. The girl made no attempt to escape after the killing.

From what can be learned of the case the girl's father, Thomas Smith, was visiting a neighbor and was about ready to leave the neighbor's house when the girl came running there and told of shooting the Mexican, who had married her sister. The father is watchman at the Depot Road Pennsylvania Railroad crossing.

The father at once made an investigation and notified neighbors, who in turn called Robert T. Jones, the local undertaker, who removed the body of the dead man to his establishment where an autopsy was held by Coroner Bullock, on Thursday afternoon. The man was shot in the left shoulder and left leg with a .32 calibre revolver. The shot in the left shoulder took a downward course and was the cause of the man's death.

According to the girl and her sister, the dead man's wife, Domora, came to the Smith house on the night of the shooting and demanded admittance, but this was denied, and he is alleged to have hammered on the door and threatened the women with a razor. It was then that the girl is alleged to have procured the revolver and shot the man.

When Mr. Jones arrived he found a razor and a hammer laying alongside the dead man. It is said that Ira Mac, a friend of the accused girl was in the house at the time of the shooting, but has not yet been located.

The Mexican and the colored woman were married in Philadelphia about two years ago and have been making their home in a tenant house of Charles Walton near Iron Hill. According to the man's wife he put her out of the house two weeks ago and told her not to return.

At the coroner's inquest on Friday night the verdict was that the Mexican came to his death from a cardiac hemorrhage, produced by gunshot wounds inflicted by Eleanor Smith. The jury further found upon testimony presented at the inquest that the girl shot in self-defense.

PICNIC TOMORROW

First Presbyterian Sunday School at
Welsh Tract

The annual Sunday School picnic of the Presbyterian Church will be held at Welsh Tract, tomorrow. It is expected that several hundred persons will go on the picnic. The picnickers will gather at the church at 10 o'clock and be carried to the scene of the affair in motor trucks.

The big feature of the day will be a baseball game between the married women and single women of the Sunday School. The sympathy of the entire party will be with the umpire. Both "knotted" and "non-knotted" are claiming a victory so there ought to be something doing every minute of the game.

Besides this there will sports of various nature for young and old alike.

HAS NEW CHARGE

Rev. Walter R. Clyde, former pastor of Head of Christiana Presbyterian Church, recently received a unanimous call to become pastor of the Grace Presbyterian Church, Camden, N. J. Mr. Clyde accepted the call and began his pastorate on Sabbath, July 2nd. For the last two years Mr. Clyde was pastor of the First Presbyterian Church, Hoppers, Iowa.

WEATHER FORECAST

Weather outlook for the period ending July 15th: Considerable cloudiness, with local rains beginning of week and again Friday or Saturday. Normal temperature.

CAMPING PARTY

Misses Anna Patchell, Hazel Collins, Edna Greene, Anna Frazier, Marion Gallaher, Beulah Law, Gladys McAllister and Katherine Baynard are spending two weeks at Chesapeake Haven. Miss Foard is chaperoning the young ladies. They had many guests over the week-end.

WANT THRESHERS

Getting Wheat in is Farmers' Problem; Rain Another Factor

Many farmers of this vicinity are at a loss as to what to do with their wheat crops. Several farmers told a representative of this paper today that there is a scarcity of threshing machine gangs and they are unable to have their wheat threshed.

Another problem that the farmers with large crops of wheat are trying to solve is whether to sell their crops at the present time or to hold it for a time in hopes of receiving a better price for the wheat.

As yet there has been little or no complaint that the heavy rains of recent weeks have injured the wheat but the farmers claim that the crops will be damaged unless there is less rainfall until the wheat is taken in.

One thing that the rains have done is to bring up the corn and it will not be long until corn on the cob is in the markets.

UNIVERSITY BOYS GET COMMISSIONS

Official announcement was made last week that F. K. Wills, B. R. Challenger and J. J. Rothrock, all University of Delaware, would be commissioned as second lieutenants. The announcement was made by Lieutenant Colonel Jesse C. Nichols, of Plattsburg Training Camp, where the boys are now stationed.

FALL IN

Ivy Castle Getting Ready for Membership Drive

At the installation of officers of the local lodge of Eagles on Saturday night, Grand Chief H. V. Lynam, of Christiana, announced that a membership campaign was to be launched in New Castle county. The exact date for the start of this drive has not been announced but it will probably open in September.

It is the hopes of the officers of the lodge to add a thousand new members in this county.

Ivy Castle, the local lodge, although without definite information as to the date for the opening of this campaign has already started work to line-up new members and the local members claim that they are going after high honors in the campaign.

CORONER'S INQUEST

Coroner Bullock held an inquest here last week in the case of James Martin, who died here suddenly, on July 4th. The verdict was that death was due to acute indigestion.

N. SNELLENBURG & CO.

ELKTON NO

In the Susquehanna League interest is growing in Elkton, who won the first league series, has added new players to their team being "Dutch" Newark, who is playing Elkton nine.

Every town in the league has players to their teams are worth going. On Thursday afternoon the Elkton team will play a postponed game of the Elkton, game called at Elkton. On Saturday afternoon the first half in the Elkton on the league and from present indications will bring with them a record and a record of the game will be a standard time.

Mrs. Pauline H. Grosh, widow of the late V. Grosh, died Sunday at her home, after a short illness. Children survive Mr. Grosh, Mrs. John T. Grosh, Mrs. Pauline Grosh.

Temporary blinded by an ammonia pipe in the station at Hardison Price's Station, J. T. Cohen and Charles Cohen, a man, were painfully injured had both eyes while Mr. Cohen will lose an eye.

Mrs. Ethel K. Callahan, and Miss Lillian Churchville, have resigned as teachers in the above towns.

Deputy Clerk of the City McAllister has sold known as the Truitt property, to a Wilmington Company at private sale. The company will cut building lots and it is expected a number of houses will be built. The demand for the town exceeds the supply. G. Reynolds Ash and Under Wright Walmsley by the Merchants' Steamers from Baltimore. They will travel across the water.

ELKTON NOTES

In the Susquehanna Base Ball League interest is growing each week. Elkton, who won the first half of the league series, has added two more players to their team, one of them being "Dutch" Robinson, of Newark, who is playing first base and putting up a classy article of ball for the Elkton nine.

Every team in the league has added fast players to their teams and the games are worth going to see.

On Thursday afternoon the strong Perryville team will play off the postponed game of July Fourth, at Elkton, game called at 4:30 p. m.

On Saturday afternoon the Rising Sun team who barely lost out winning the first half in the league, will play Elkton on the latter's grounds and from present indications the team will bring with them a large crowd of rooters and a record crowd is expected to witness the game which begins at 2:30, standard time.

Mrs. Pauline H. Grosh, 84 years old, widow of the late Warren Grosh, died Sunday at her home at Bacon Hill, after a short illness. The following children survive Mrs. Grosh: Mrs. G. B. Cook, Matthews Court House, Pa.; Abram B. Grosh, of Newport, R. I.; Allen Grosh, of Washington; John L. Grosh, Mrs. John T. Fredericks and Miss Pauline Grosh.

Temporarily blinded by the burning of an ammonia pipe in the milk-cooling station at Hardison's Dairies, at Price's Station, J. T. Carter, foreman, and Charles Cohen, assistant foreman, were painfully injured. Mr. Carter had both eyes badly injured while Mr. Cohen will lose the sight of an eye.

Mrs. Ethel K. Callahan, of Emmerton, and Miss Lillian Tennant, at Churchville, have tendered their resignation as teachers in the schools in the above towns.

Deputy Clerk of the Court J. Wesley McAllister has sold his farm known as the Truitt place, adjoining town, to a Wilmington Development Company at private sale. The Wilmington people will cut the place into building lots and it is reported will erect a number of houses on the property. The demand for dwellings in the town exceeds the supply.

G. Reynolds Ash and Richard Alexander Wright Walmsley left on Friday by the Merchants and Miners steamers from Baltimore for Boston. They will travel across New York

PROVIDENCE

The Providence branch of the Red Cross has disbanded, sending all money to the County Treasurer, C. S. Plye, Rising Sun, Md. The total amount was \$258.65.

Norman Brokaw who has been manager of Doufinger's Milk Station for a number of years, has resigned.

Mrs. Harry Scarborough was a recent visitor in Wilmington.

The carnival at Cherry Hill opens Wednesday evening, July 12th.

Mrs. Statts, of Wilmington, is spending some time with her daughter, Mrs. David Lindsay.

Rock Church services Sunday, July

State and sail to Cleveland, Ohio.

Mr. and Mrs. C. Raymond Witworth, of Philadelphia, spent part of last week with Mr. and Mrs. C. Wilmer Witworth.

Mrs. John Hinkley and Miss Henrietta Hopkins, of Philadelphia, are the guests of Samuel J. Keys.

Miss Frances Cleaves and Miss Edna Cleaves are in Boston.

Miss Evelyn Sparklin is spending some time with kin in Wilmington.

Mr. and Mrs. Joshua M. Ash are the guests of their daughter, Mrs. Charles White, of Saybrook, Conn.

Mrs. Eloise W. Ash is registered at the Hotel Traymore, Atlantic City.

Mrs. M. Alice Jacquette, of Wilmington, spent the first of the week at her home in Elkton.

Mrs. Charles B. Finley, of Daylesford, Pa., has been visiting her parents, Dr. and Mrs. John McElmoyle.

Victor S. Taylor, of Philadelphia, has been visiting his parents, Mr. and Mrs. Edward W. Taylor.

Miss Katherine Mitchell Bratton is taking a summer course at the Johns Hopkins University.

Mrs. D. C. Hanna, of Overbrook, Pa., and her daughter, Miss Susan Stadiger Hanna, spent last week with their aunt, Mrs. J. Harry Marshbank.

Mrs. Harry Roberts spent last week with friends at Kennett Square, Pa.

Mrs. Harry S. Pippin is at Ocean Grove.

Mr. and Mrs. Hubbard and daughter are at Spring Lake, N. J.

Misses Annie and Mary E. Rutter, of Mt. Airy, Pa. are the guests of Mrs. Benjamin Morrison Wells, near Calvert.

16: Sunday school, 2 o'clock; preaching at 3:00.

Resolutions of Respect

Caleb C. Brokaw, a faithful and constant member of the Rock Presbyterian Church, beloved by the whole congregation, an active member of the Board of Trustees and for many years one of the Elders of the Church, entered into rest at his residence near Rock Church, Wednesday, June 21st, 1922, aged 49 years.

Whereas, In his Home Going, the Church is conscious of the great loss she has sustained yet rejoices in the life he lived—and in testimony, she greatly desires to record the appreciation of his faithful service and express thanksgiving to God for the splendid example which he has set before us and the helpfulness of his life. This church has been the richer in many ways for the ministry of his life. In every department of Church life he was an earnest, active and faithful spirit. The Sabbath School will miss his constant inspiration. The Board of Trustees in whose labors and responsibilities he bore such a constant and efficient part, doing as a labor of love so much for the financial betterment of the Church, will often wish he were again among them. The Session will miss from their members one whose wise counsel and constant presence was a source of strength in all matters of moment.

Be It Resolved, That not only in the midst of our grief we desire to record our sense of great indebtedness for his life and labors, as a devoted member of the Church, but, also to extend to his bereaved family; his loving wife, dear children, Mary, Sara and Kirk, and the devoted and aged mother, the devoted brothers and sister, the sincere and most heart-felt sympathy of the Congregation. Theirs is the peculiar and special burden of personal sorrow, and in their loss, which we will find to be irreparable, we can only point them to the source of strength and comfort which we know they will, and upon which he leaned. It was our hope as theirs that he might be spared to many years of increasing usefulness, but we turn our hearts to the will of Him who has promised, "I will never leave thee nor forsake thee," and so, endeavor with new resolution and courage to take up the burden which he has laid down.

Be It Further Resolved:

WRECK AT STANTON

Sixteen Cars Piled Up On Pennsy; Chickens Are Killed

Many persons of Newark went to Stanton on Monday night and Tuesday morning to view the railroad wreck. The wreck piled up 16 cars on the Pennsylvania Railroad near the Stanton station and caused thousands of dollars worth of loss. Sixteen cars were derailed, five of them containing a shipment of live chickens. These cars upset, one man was injured and hundreds of chickens were killed. Several hundred feet of track was

First—That a copy of these resolutions be sent to the family—the wife, mother, brothers and sister of our departed brother.

Second—That a copy of these resolutions be engrossed upon the records of the Church.

Third—That the resolutions be published in the papers.

Signed,

F. W. HUSTON,

For the Session and Congregation.

MRS. S. STREPER MACKIE,

For the Christian Endeavor.

APPLETON

A quiet wedding was solemnized on Monday evening, July 3rd, at 8 o'clock, at the home of Mr. and Mrs. Calvin C. Miles, when their grand-daughter, Ida L. Baker, and J. Albert Peters, both of Philadelphia, were united in marriage by Rev. Walter R. Clyde, formerly pastor at the Head of Christiana Church.

The bride was attended by Miss Eva Smith and the groom by Charles J. Miles, uncle of the bride, both of Appleton. The bride was attired in a

torn up and traffic was tied up for some time.

The injured man was John Smith, aged 62 years, of Morristown, Tenn., who had charge of feeding one of the car loads of chickens. He suffered a badly injured toe and had to be removed to the Delaware Hospital in Wilmington.

The wreck was one of the worse that the Pennsy has suffered in this section for a long time, considering the damage done to the tracks and cars. It is said the train, which was northbound, was traveling at a rate of between forty and fifty miles an hour.

It is thought that the wreck resulted from a broken flange on the wheels of one of the wrecked cars.

The St. James Episcopal Church will hold its Sunday school picnic July 27th, at Randalia, along the Chesapeake Bay. Automobiles will be furnished for the school, and a treat of ice cream will be given the scholars.

Plans are well under way for the carnival to be held in the Friends Meeting House yard under the auspices of the Community Association, July 19, 20, 21, and 22.

Mr. and Mrs. C. P. Dickey and son Earle, and Miss Della Dutton, of Stanton, and Miss Edna A. Chambers, of Christiana, spent Sunday with Mr. and Mrs. Joseph Pierson, of Hockessin.

William Auxer of Lancaster, Pa., spent Wednesday with Mr. and Mrs. Charles P. Dickey.

Charles P. Dickey attended the executive committee meeting of the State Farm Bureau, at Dover, on Wednesday.

Mrs. Jefferis and sons, Irvin and Albert, and Miss Sarah Jefferis are spending the week at Randalia, along the Chesapeake Bay.

white silk dress and wore a white picture hat trimmed with lilies of the valley, the bridesmaid wore blue crepe de chine.

Among those who attended the ceremony were Mr. and Mrs. Calvin C. Miles, Mr. and Mrs. James F. Miles, Calvin C. Miles, 3rd, Harry Miles, all of Appleton, Mr. and Mrs. O. Harry Baker and son Harry, and Mr. and Mrs. Calvin C. Miles, Jr., of Philadelphia.

Immediately after the ceremony, the couple left for a trip, following which they will make their home at the bride's parents, Mr. and Mrs. O. Harry Baker, of Philadelphia.

100 COUPLES AT GLASGOW DANCE

About one hundred couples attended a free dance given in Brooks' dance hall at Glasgow, Friday evening, by William W. Mahan, who has just opened a garage in that town. Music was furnished by Hollowell's Orchestra, of this city.

Ten prizes were awarded, as follows:

First prize, an at-o-mizer for Ford automobile, won by Mrs. Barry; second, extra large sewing basket, won by Mrs. George Stiegler; third, safety tire carrier for Ford car, won by Walter McElwee, of Newark; fourth, hoola-hoola doll, won by Mrs. Martin, of Philadelphia; fifth, traveling bag, won by Mrs. W. O'Connell. Three baskets and two dolls were also awarded as prizes and were won by J. C. Barr, J. L. McCormick, Mildred Wilson, Lillie Willis and F. McCormick.

The dance hall was attractively lighted.

A PRIZE POKER

A famous engineer was entertaining a distinguished Englishman before showing him over his works. The visitor complained of the insignificance of everything American.

"Why," he said, "we have a castle in London with a fireplace as big as this room."

When in the works the engineer showed his visitor a huge ship's shaft.

"What's this for?" asked the Briton.

"Oh," responded the engineer, "that's a poker we're making, to fit your fireplace!"—Chicago Herald.

A DAY OF JOLLIFICATION

The opening of Marritz's Department Store will mark a red letter day in the annals of Newark's history.

From a small store three years ago we have expanded and enlarged our business to a modern store, size 54 x 100 feet, truly a store that would fit in well in any large city.

Be sure to be here Opening Day. We have a host of surprises for you.

GRAND OPENING DAY, FRIDAY, JULY 14, 1922

JULY 12, 1922

Getting It Fixed

"Getting it Fixed" or "Everything is about lined up" are political phrases much used around July and August of Election years. But they are terms of the old days of Steam Roller and Machine tactics, and ill represent the spirit of this dawning age in Statecraft. So we were a bit surprised and seriously amused the other day to hear some of our women voters speak so glibly of "Getting it Fixed," and of having made so good a deal in such and such a district. Thankful we are, however, that this does not represent correctly the attitude of the women voters but is merely a reflection of political bossism of the yesterdays. If Primary Elections are to be the success wished for, the women will make them so. That is the one place of their power. There is the opportunity of the Open Door. If Honest Government, and Honest Elections, expressed in the standards of American Institutions are to come into their very own, it will be through the efforts of our now voting woman working co-operatively with the honest independent man vote. But if her efforts are devoted to "Getting it Fixed" or to avoiding Primary contests and expressions of personal preferences and local points of view and associating only with the old party leaders—then, we all shall have failed indeed. If she takes no part in the primaries and the selection of delegates and does not demand to know to what men and policies these delegates are pledged, her influence will count for naught except increased majorities.

We shall see. Administration of civic and public affairs in Delaware's future depends seriously on this year's election. No greater opportunity, no more serious responsibility, ever came to an electorate than that presented to the women right now in the next few weeks. Every old school politician of either party tremblingly realizes this. His fate hangs in the balance as never before.

Registration days are here. Conventions are near. Who will be the choices for Senator, for Congressman, State Auditor or State Treasurer? Who will be the representatives of the next General Assembly—and whom will they represent? What will be the voting slant on County Government? Who is "slated on the inside" for the State Committees and who for State Chairman? Is it "fixed," "lined up" or will the women vote as well as speak? Will they just vote or demand to know just what and for whom they are voting? This is a time for voting intelligence as well as voting enthusiasm. Just to vote is a paltry privilege. Fair enough and right, but with it comes a responsibility absolutely terrific in results.

In "Getting it Fixed" and "lined up," let us see to it that it is done not in secret but in open civic honesty. "Actions speak louder than words" said an ancient Mark Hanna. And Actions are soon to take the platform. We shall see.

Menace to Public Schools

"The public school is in jeopardy because there are those who claim to be 100 per cent for it, whereas they are 100 per cent against it whenever it will not lend itself to their propaganda," Dr. Albert E. Windship, editor of the Journal of Education, told the National Education Association at the opening meeting of its convention in Mechanics' Hall, Boston.

Dr. Winship told 3000 persons, the largest number that ever attended the opening of the association's convention in the fifty-three years of its history, that in these days of unrest there is quite as much danger from attempts to domineer by autocracy or aristocracy as there is from "the man at the bottom."

He continued in part:

"So long as it is good form for a member of the Cabinet to voice his disrespect for the personnel of the department of legislation and his greater disrespect for the laws enacted, is it any wonder that Mr. Gompers, who has for forty years presided over the largest organization of Americans, should express the disrespect his fellow members have for the judicial department of the Government and its rulings? If men at the top speak in disgust, is it any wonder that men at the bottom shout in disgust?"

"Domineering is the growing of the aristocracy whenever democracy fails to obey orders. Aristocracy rejoices in exclusiveness, in the fewness of its numbers, in the limitation of its borders. It believes the business of democracy is to serve, of the aristocracy to be served."

"For the first time the public school is the only hope of the world. The rising tide of color, of the yellow, brown and black races, may be a tidal wave, as we are warned, that no sea wall can withstand, or it may have the mission that the tide always has of keeping the harbor cleansed by washing it out twice a day."

"Aristocracy needs the cleansing influence of the 'rising tide of color' much more than the rising tide of color needs to be harnessed so that it will be no tide at all. Benevolent aristocracy is the greatest of perils, because it wears the robes of saints. To pray for democracy in order to prey upon it to achieve some aristocratic influence is what our fathers used to call a weather breeder. Look out for a storm."

"The public school has the possibilities of dealing squarely with every child. It is the only real effort ever made to give the bottom an opportunity to come to the top without giving a guarantee of loyalty to some leadership, to some faction, to some domineering influence. Protect the public school from all insidious attempts at domineering, anywhere by anybody."

Hamlet Makes Our Reply

"Why look you now, how unworthy a thing you make of me!"

"You would play upon me! You would seem to know my stops; you would pluck out the heart of my mystery: you would sound me from my lowest note to the top of my compass: and there is much music, excellent voice, in this little organ; yet cannot you make it speak?"

"'Sblood do you think I am easier to be played on than a pipe? Call me what instrument you will, though you can fret me, you cannot play upon me."

Nathan Miller Buys Business

Now Sole Owner of Miller Bros. Store—Acquires Brother's Interest

Trade circles in Newark and on the Delmarva Peninsula will be interested in the announcement that was made this week that Nathan Miller, head of the big furniture house of Miller Brothers Company, at Ninth and King streets, Wilmington, has purchased the interest of his brother, Samuel Miller, and, through that purchase has become, to all intents and purposes, the sole owner of that big and constantly-growing business.

Friends of Mr. Miller, when informed of this latest development in his remarkable business career, hast-

ened to congratulate him heartily that a big enterprise which was started in an humble way many years ago by himself and his brothers, Charles and Samuel, at last has passed completely into his possession for its further up-

building and conservation. Charles Miller relinquished his interest in the company several years ago and now is in business in Chester.

AFTER RATLEDGE
A Wilmington patrolman was here today in pursuit of C. H. Ratledge, alleged bootlegger and dealer in stolen automobiles.

MUSICAL TO BE GIVEN AT APPLETON

Under the auspices of Appleton Grange, a musical and literary program, managed by Charles B. Palmer, of Wilmington, will be given on Thursday evening, July 20th, at Appleton. The proceeds are to be donated to the Red Cross for the maintenance of a Health Nurse for Cecil County.

MEMORIAL

In loving remembrance of J. Frank Willis, who died July 12, 1910.

His Wife.

MATTER OF PAVEMENT CONSTRUCTION IN COUNCIL

(Continued from Page One.)

the bank so that the sidewalk would not have too much grade. The mayor said that the bank sidewalk might have a deeper grade in a small part than Powell's but in a whole the pavement had been gradually graded to keep away from a steep slope to the curb, such as exists in Powell's pavement.

Councilman Wilson made a motion that Powell be ordered to take the sidewalk in front of his property up. No second to this motion was made and the discussion of various other sidewalks of the town was again brought up.

Councilman Beals said that if Powell had defied the members of Council in the laying of the sidewalk he was in favor of some action to remedy the condition being taken.

That he did not think it fair to Powell to order him to take up his sidewalk while others just as bad existed, was the opinion of Councilman Patchell.

The *New & Better* **USCO** Tire

with many improvements

The price remains

the same

\$10.90

for the

30 x

3 1/2

HEN "USCO" announced its new low price of \$10.90 last Fall, the makers were already busy developing a still greater "USCO" value.

The new and better "USCO" as you see it today—with no change in price—and tax absorbed by the manufacturer.

You'll note in the new and better "USCO" these features—

Thicker tread, giving greater non-skid protection. Stouter sidewalls.

Altogether a handsomer tire that will take longer wear both inside and out.

The greatest money's worth of fabric tire in the history of pneumatics.

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the State Highway Department, at its office, Dover, Delaware, until 2 o'clock P. M., July 26, 1922, and at that place and time publicly opened, for the construction of State Highway, involving the following approximate quantities:

CONTRACT 25-A

Smyrna Bridges

250 cu. yds. Excavation
2000 cu. yds. Borrow
570 cu. yds. Class A Concrete
150 cu. yds. Class B Concrete
49600 lbs. Steel Reinforcement
2300 lin. ft. Concrete Piles
3500 ft. B. M. Sheet piling
120 lin. ft. Test Piles

CONTRACT CN-5-1.45 MILES

Limestone Road

10800 cu. yds. Excavation
6000 cu. yds. Borrow
300 cu. yds. Rock Excavation
160 tons Broken Stone Base Course
2800 cu. yds. Cement Concrete Pavement
320 cu. yds. Class A Concrete
120 cu. yds. Class B Concrete
80 cu. yds. Cement Rubble Masonry
20300 lbs. Reinforcement
220 lin. ft. 15-in. R. C. Pipe
100 lin. ft. 18-in. R. C. Pipe
28 lin. ft. 24-in. R. C. Pipe
54 lin. ft. 42-in. R. C. Pipe
180 lin. ft. Relaid Pipe, 18-in. and under
809 lin. ft. 4-in. Pipe Underdrain
1700 sq. yds. Class A Concrete Gutter
1000 lin. ft. Wire Cable Guard Rail

Performance of contract shall commence within ten (10) days after execution of the contract and be completed on or before December 15, 1922.

Monthly payments will be made for 90 per cent of the construction completed each month.

Bidders must submit proposals upon forms provided by the Department.

Each proposal must be accompanied by a surety bond, certified check, or money to the amount of at least ten (10) per centum of the total amount of the proposal.

The envelope containing the proposal must be marked "Proposal for the Construction of State Highway under Contract No. 25-A."

The Contract will be awarded or rejected within twenty (20) days from the date of opening proposals.

The right is reserved to reject any or all bids.

Detailed plans may be seen and index plans and specifications may be obtained upon deposit of ten dollars (\$10.00) which amount will be refunded upon return of plans and specifications in good condition at the office of STATE HIGHWAY DEPARTMENT, DOVER, DELAWARE.

Union Services Largely Attended

Rev. Aquilla Webb Delivers Sermon
—Excellent Musical Program Presented

The union services held under the auspices of the Service Citizens, in connection with the Summer School, in Wolf Hall, on last Sunday night, were attended by one of the largest crowds that ever gathered in that hall. It was one of the programs that have been arranged for the summer Sunday evenings and the churches of the town have suspended their regular services on Sunday night to take part in these union services.

There was a musical program followed by a sermon by Dr. Aquilla Webb, pastor of First and Central Presbyterian Church, Wilmington. The sacred concert under the direction of William Silvano Thunder, pianist of Philadelphia, was especially enjoyable with Mrs. Russell King Miller as contralto soloist and Dorothy Johnstone-Baseler, harpist, and Mr. Thunder at the piano. Mr. Thunder opened the program with a piano solo. This was followed by the following contralto solos by Mrs. Miller: "I Will Sing of the Great Mercy," Rossini; "By the Waters of Babylon," Howell; "O Come to My Heart Lord Jesus," Ambrose.

The remainder of the musical program follows: Harp solos by Miss Baseler, "Romanze," Faure; "Ballade," Zampieri; "Angelus," Saint-Saens. Contralto solos with harp accompaniment: "Lamb of God," Bizet; "To the Angels," Yardo. Harp solos, "Cantilene," Soderro; "La Fontaine," Zabel.

The invocation was by the Rev. H. Everett Hallman, pastor of the Newark Presbyterian Church. The sermon was preached by Dr. Webb and two hymns were sung by the audience with Miss Nellie Wilson as accompanist.

WEDDING

Howell—Brown

A wedding of interest was solemnized on Wednesday evening, June 21, at 6.30 o'clock in the Head of Christiana Presbyterian Church, when Miss Sarah C. Brown, daughter of Mr. and Mrs. Joseph A. Brown, became the bride of John A. Howell, son of Mr. and Mrs. Harry E. Howell, of Iron Hill, Md.

Rev. John MacMurray, assisted by Rev. Walter R. Clyde, performed the ceremony. The bride was given in marriage by her father. Miss Mary B. Snyder, of Newark, was the maid of honor, and James F. McCrath, of Wilmington, was the best man.

The bridesmaids were Miss Marie F. Brown, of Newark, and Miss Ella C. Howell, of Iron Hill. The ushers were Norbert J. Cashell, of Iron Hill, and Joseph C. Brown, of Newark.

The wedding march was played by Mrs. James F. McCrath, of Wilmington.

The bride wore a gown of white Canton crepe. Her veil was of tulle and arranged with a coronet made of orange blossoms. Her bouquet was of bridal roses and lilies of the valley.

The maid of honor and the bridesmaids carried bouquets of pink snapdragons tied with pink chiffon. The former wore a dress of orchid organdie with flowers and hat to match. The bridesmaids wore dresses of green organdie trimmed with flowers and hats to match.

The church was tastefully decorated with potted plants and pink and white roses.

Following the ceremony a reception was held at the home of the bride's parents. There were over one hundred guests present at the reception.

The bride and groom left for a trip to Washington after the wedding and are now residing in Newark. The bride was a school teacher in the Primary school at Newark.

"Too Wise Wives" Coming

Most women realize that a husband's love, faith and pride in them are their most precious possessions. They will run every risk rather than lose that confidence. But Mona Lisa plays the part of a wife who risked that faith in Lois Weber's latest photoplay, "Too Wise Wives" which will be seen at the Opera House, Saturday. It is a Paramount picture.

The wife has married for money. She desires her old sweetheart, however. The latter has happily married. His wife showers him with every attention. While not lacking in appreciation he is bored with the surfeit of her kindness.

Just how narrowly he risks being forced into a compromising situation is delicately revealed in "Too Wise Wives," which is a play for women by a woman. It was written and directed by Miss Weber personally.

Miss Rosa Tuck Gives Concert

Contralto Soloist Charms Local Music Lovers With Her Singing

Miss Rosa Tuck, contralto soloist of St. Thomas, Ontario, charmed a large audience of music-lovers in Wolf Hall last week when she gave a song concert. She was accompanied on the piano by Miss Dora Wilcox. To many this was one of the most delightful concerts ever given under the auspices of the Service Citizens for the benefit of University of Delaware Summer School students.

Miss Tuck has a voice of unusual richness and much depth. Her selections were so thoroughly enjoyed that on several occasions she had to respond to encores. Two of her best numbers were "An Indian Cradle Song" and "Daddy."

Miss Tuck is a friend of Business Administrator and Mrs. A. G. Wilcox, of the University of Delaware, and was entertained at their home in Wilmington.

The program follows:

"Calm as the Night," Bohm; "Deep River," Burleigh; "Daddy"; "My Dream Rose," Waters; "The Blind Girl's Song," Ponchielli; "An Indian Cradle Song," Clark; "Requiem," Homer; "Down Here," Brahe; "When the Roses Bloom," Reichardt; "Twilight," Glen.

AUTOMOBILE POTATO INSPECTION TOUR

County Agent R. O. Bausman Arranges Such an Event for Thursday, July 20

To give the farmers of New Castle county an opportunity to see the certified seed potato demonstration which he has under his direction, County Agent R. O. Bausman, of Newark, has arranged an automobile potato inspection tour, Thursday, July 20th. The following is the itinerary of the tour: Frank H. Bucking farm of Fairview; Howard W. Mitchell farm of North Star school; P. T. Pierson farm of Hockessin; John C. Mitchell farm of Hockessin; Frank F. Yearley farm of Marshallton; John F. Brackin farm of Marshallton; Frank F. Silver farm of State Road.

Few people realize that New Castle county produces annually 2000 acres of white potatoes. The soil of northern New Castle county is especially adapted to the raising of potatoes and the crop is meeting with increased favor among the farmers.

The success of the crop is in no small way due to the attention that has been given the seed. With the idea of giving impetus to the selection of seed potatoes, County Agent R. O. Bausman in co-operation with the New Castle County Farm Bureau secured a carload of certified seed potatoes last spring and distributed them among the farmers for demonstrational purposes. These potatoes are of the following varieties, Jersey Cobbler, Rural Russett, Green Mountain, Prince Edward Island, and Sir Walter Raleigh. The varieties grown in comparison with home grown and locally purchased seed have demonstrated clearly the value of the certified seed.

IN CANADA

Prof. R. W. Heim to Deliver Lectures in North

Professor R. W. Heim, of the University of Delaware, left this week for Moncton, New Brunswick, Canada, where he will spend the remainder of the month. Mr. Heim will give a series of twelve lectures on Vocational Education under the auspices of the New Brunswick Vocational Education Board at the summer school held at that place.

Mrs. Heim accompanied Mr. Heim on this trip, which was made by automobile.

ON THE SPORT FIELD

Second Golf
Tournament Success

Charles Strahorn and C. O. Houghton Tie for First Honors—
H. L. Bonham in Excellent Form

Charles Strahorn and C. O. Houghton were even-stevens for their eighth holes in the medal play tournament at the Newark Country Club on Saturday afternoon. It seems that rain is hot on the heels of the local club in its tournaments, but the rain did not stop the players who were late in getting started in the tournament on Saturday afternoon and some excellent scores were made. The members of the local club are proving themselves good tournament players. It was an eighteen hole match on Saturday and there were excellent prizes donated.

With their handicaps Strahorn and Houghton each finished with a 67 and split the first and second prizes. Strahorn's gross score was 95 while Houghton's was 113. The former had a handicap of 28 and the latter 46.

H. L. Bonham, of the local club, won the third prize by playing the best golf that he has ever shown. His gross score was 102 less a handicap of 32, giving him a net of 70.

R. Bailey, of the Wilmington Country Club, was fourth with a card of 85 gross and 10 handicap for a net 75. Bailey is one of the best known members of the Wilmington club and he gave much credit to the local club and said that the Newark course was an excellent one and that he saw a bright future for the Country Club.

Dr. F. M. K. Foster won the fifth prize with a gross score of 111 minus a handicap of 35 for a net 76.

Mr. Ginter, the local club professional, is being highly praised by the local members for the excellent manner in which he is arranging and running off the local tournaments, two successful ones having been held in the last week.

The scores for Saturday's tournament follow:

Name	Gross	Hdp.	Net
E. H. Vogt	135	42	93
H. A. Tillinghast	135	32	103
G. E. Dutton	134	40	94
C. O. Houghton	113	46	67
H. L. Bonham	102	32	70

J. R. Bailey	85	10	75

STEEL STARS

Paul Steel, the son of Dr. Walt Steel, a member of the track team at the University of Delaware starred in the track meet held in connection with the Fourth of July celebration in Wilmington. The local runner captured the 100 and 220-yard dashes and was anchor man on the Y. M. C. A. relay team, which won its event.

Cecil County Boys
Win In England

Carry Off High Honors In Stock—Were Feature of Royal Show

The three Maryland agricultural club boys, Warren Rice, George Warlow and Joseph Glacken, all of Cecil County, who represented the United States in a boys' live stock judging contest at the English Royal Live Stock Show, Cambridge, England, Wednesday, against a team of English boys, won the contest. Word to this effect was brought in a cablegram just received from C. L. Chambers, of the Department of Agriculture, who, with E. G. Jenkins, State Boys' Club Agent, University of Maryland, and W. C. Snarr, of the Maryland Agricultural Extension Service, accompanied the boys on their trip abroad.

The live stock judging contest between the American and English teams was arranged as a feature of the English Royal Stock Show and the English boys who competed were selected from an organization similar to the Agricultural Boys' Clubs, which are conducted in this country by the United States Department of Agriculture and the State Agricultural colleges. F. E. Bussey, of the London Daily Mail, is practically active in promoting the club work in England and offered the gold cup for which the English and American teams competed and which the Maryland boys won.

SPORT TUTORIAL

Indifference and ineffectiveness, what a drawback these two faults can mean in the life of anyone, either in sports or the life game.

Many a fellow would be right up there on the top rung of success had these two items not been in his make-up. And why do they come into a man's life. A problem this is, that only the person so affected can answer. And as a rule they seem unwilling to make any explanation even though they know they are getting lower in the rut every day. They drift along and seem contented with the way they are living but it generally comes out they are anything but contented.

A fellow gets a job in an office or on a team and the first week he is all pep and ginger and then—bang—like a bubble it bursts and stands still. It is not always dissatisfaction with those with whom he works or plays—but his actions help to make the entire "works" know that there is something wrong and many times he is the leader for others to fall into his ways.

A person of this nature may for a time be popular with a certain few but sooner or later he has no one on his side and it is then that he sees his mistake, but the majority of times it is too late and he has been given the "air."

Players of this nature have many times had chances to make good in major league baseball, but the majority of them have failed. Others have had just one person who had faith in them, and this one person has led them on to success. In many instances the indifference and ineffectiveness of the person has even turned the one who has been helping him against him and then he crashes down in the depths and there he stays.

It seems to be in the game of life—this indifference and ineffectiveness—and as yet the remedy has not been discovered.

We take a glimpse at the corner of Main and Academy Streets every night and wonder what a first-class athletic club would mean to Newark.

On this corner every night there is a big crowd of young fellows wasting away their time. The writer's opinion is that an athletic club, a real organization for good fellows—they are good fellows on that corner—would take a lot of these boys off the corner and help them spend their idle time in a much more profitable and enjoyable manner.

It was proven on the Fourth of July that an organization—financially backed—is needed here. The holiday in most towns is a big day for athletic events, but here there was no sporting event on the program and the sport lovers of the town had to go to Elkton or Wilmington to put in their time at their favorite sport.

The material is here for a good club and when a good club is organized the financial backing is forthcoming.

If the local ball club at the present time had a strong organization of the town's fellows at its back there is no doubt that the second half pennant of the New Castle County League would come here. But that backing is not there and there has been a difference all season.

When baseball is over comes football and in this branch of sport there is no doubt that Newark should produce a gridiron squad that would be second to none in the State, and the same goes for basketball, but such teams cannot be looked for as long as the meeting place of the young fellows is at Main and Academy Streets. Get them together and then the results of organization will show and Newark will take her place on the sport map and not at the bottom of it either.

MAKE BIG HAUL

J. Pilling Wright, Dean T. Laurence Smith, Prof. George E. Dutton and Prof. V. G. Smith went to Bower's Beach last week and caught 125 fish. The trip was made in Mr. Wright's automobile.

DELAWARE THIRD

University Shooters Show Up Well At Plattsburg

The riflemen from the University of Delaware who are attending the camp at Plattsburg, N. Y., finished third in the intercollegiate shooting match on the training camp range with a score of 1656 x 2100.

Syracuse won the match with a score of 1709. Rutgers was second and Cornell was fourth.

Newark Gets

Good Start

Five Points Defeated in New Castle County League Game on Saturday 5 to 1

If the Newark team of the New Castle County League plays every game as well as it did the one against Five Points last Saturday it looks like a pennant for the old town.

The game last Saturday was the first in the second half of the league and although it only went five innings the locals looked better than at any other time this year. The club played well in the field, batted well and Bobby Watkins had a good day in the box, allowing only five hits in the abbreviated game.

Jackson and Williams were the leading sticksmen for the locals and each contributed three safe wallops which were largely responsible for the five runs scored by the locals, these two players had more hits between them than the entire Five Point team. Bland, who started at first base, also had two hits.

The local fans who were on hand for the game on Saturday were more than pleased with the article of ball put up by the Newark team. There was plenty of pep on the local nine and they were fighting every minute. This is a trait that has been lacking in a majority of the games of the past. The management of the team is more than anxious to get the team out of the rut that caused it to finish last in the first half of the league race and is bending every effort to accomplish this.

NEWARK AND WILMINGTON PLAYERS

Those of our readers who saw "Baby Mine" played by the Wilmington Players at the Garrick Theatre in Wilmington last week, will be glad to hear that it is being followed this week by another farce comedy, "She Walked in Her Sleep," which has quite as much fun in it and a much more consistent story.

The Wilmington Players are to be congratulated upon their choice of plays for the heated season, as well as upon the fact that the company seems especially suited for the presentation of the lighter and more amusing plays which have more appeal at this time than the heavier sort.

Special cooling apparatus has been installed throughout the Garrick so that it is now one of the coolest and most comfortable spots to be found. Ice water is to be found on each floor and is served by ushers through the audience at each performance, regular seats may be reserved for weeks in advance without extra charge, and little comforts and attentions are to be met on every hand.

"She Walked in Her Sleep" is considered by many to be the masterpiece of Mark Swan, one of our best farce writers, and had a long and successful run at the Play-house in New York when it was produced by George Broadhurst—himself a farce writer of no mean ability. It was first produced at the Play-house in New York and enjoyed a very successful run of six months, which was terminated only because the incoming attraction refused longer to postpone its opening date. A road tour was at once begun, but before five of the large cities had been visited the owner of the road rights to the piece died and in the settlement of his estate the piece was withdrawn. This accounts for the large number of cities that have never seen this charming and sprightly play.

Miss Lee Smith, whose delightful impersonation of the pseudo-mother in "Baby Mine" last week marked her as a player of high ability, will be in the title role of "She Walked in Her Sleep," for she plays Daphne Arnold, the girl who walks the narrow ledge of a New York hotel at the sixteenth floor in order to drop in on the other guests in most unconventional costume. All this occurs while she is soundly asleep, thus explaining the rumors in the hotel of young married men being seen in the corridors with a very pretty girl clinging to them in very negligee attire and at a very late hour.

In due time every married woman in the hotel comes to believe that her husband is implicated—a situation that makes it quite uncomfortable for the men, to the great delight of the audience. Matters are brought to a climax by the discovery of a large picture hat in the bedroom of one of the ladies whose husband is unable to account for it satisfactorily, and after this moment the action moves with lightning like swiftness. It would be manifestly unjust to unfold the plot at this time and thus spoil a part of your enjoyment in witnessing the play, but it may safely be said that all the members of the "Alibi Club"—and they are many—will occupy seats where all that occurs may be seen and heard clearly.

Manager Weber has hit upon a plan to present some lucky lady in the Saturday night audience with a dress. The dress will be on exhibition in the window of Swartz Bros. (formerly Braunstein's) between 7th and 8th on Market Street, all week and will no doubt be the center of hopeful admiration. The plan of making the presentation has not yet been announced, although it has been worked out with great care. The dress retails at \$55.00.

Mrs. H. M. Waller
Heads Clubwomen

All Offices Contested for at Meeting at Rehoboth—Each Club Has Director

Mrs. H. M. Waller, of Delmar, was elected President of the State Federation of Women's Clubs, at the closing session of the Federation at Rehoboth, last week. She succeeds Mrs. H. D. Boyer, of Smyrna. There was a keen contest for the office between Mrs. Waller and Mrs. E. C. Sudler, of Georgetown. Mrs. Waller received 55 votes and Mrs. Sudler, 45.

There were also contests for all the other offices and those elected were as follows: First Vice-President, Mrs. T. C. Alexander, of Claymont; Second Vice-President, Mrs. Samuel Evans, of Milford; Third Vice-President, Mrs. Ella C. Emery, of Seaford; Recording Secretary, Miss Winifred Morris, of Dover; Treasurer, Mrs. James N. Glines, of Wilmington; Auditor, Mrs. A. M. Chamberlain, of Middletown; Director to General Federation, Mrs. H. D. Boyer, of Smyrna, the retiring President.

Mrs. A. D. Warner, of Wilmington, hailed as the mother of Women's Clubs in Delaware, was elected Honorary President of the Federation.

Directors were elected from the various clubs, who, with the officers, will make up the Board of Directors of the Federation, as follows:

Bellefonte Civic Club, Mrs. William Livermore; Blue Rock Community Club, Mrs. John Kellum; Bridgeville Tuesday Night Club, Mrs. C. Leon Cannon; Claymont Women's Club, Mrs. T. C. Alexander; Clayton Century Club, Mrs. Harvey Boggs; Delaware City Century Club, Mrs. T. J. Whiteman; Delaware Division, International Sunshine Society, Miss E. May Bacon; Delmar New Century Club, Mrs. Arthur H. Brewington; Dover New Century Club, Mrs. R. H. VanDyke; Elsmere Civic Club, Mrs. W. B. Johnson; Felton Avon Club,

of a New York hotel at the sixteenth floor in order to drop in on the other guests in most unconventional costume. All this occurs while she is soundly asleep, thus explaining the rumors in the hotel of young married men being seen in the corridors with a very pretty girl clinging to them in very negligee attire and at a very late hour.

In due time every married woman in the hotel comes to believe that her husband is implicated—a situation that makes it quite uncomfortable for the men, to the great delight of the audience. Excellent Program In Lecture Series

Spring Play Festival, on Thursday
Evening, July 13th, at
Wolf Hall

The Evening Lecture Series in connection with the University of Delaware Summer School, to which the public is invited, will include during the coming week a Spring Play Festival on Thursday evening, July 13th, presented by Ruth Cramer and Marion Whitman of New York City. "The Festival" includes original games developed by the artists themselves and is pronounced one of the most pleasing entertainments of this type presented anywhere in the country during the year. On next Sunday evening, Rev. Edwin Holt Hughes of Malden, Massachusetts, who, since 1908 has been one of the most conspicuous bishops in the Methodist Episcopal church of the country, will be the speaker. Bishop Hughes is noted for his wide public interest in world affairs, as well as a religious leader. In 1915 he served as chairman of the Committee of One Hundred Religious Activities. He is a well known author, among his list of published books being "Thanksgiving Sermons," "Teaching of Citizenship," "A Boy's Religion," and "The Bible and Life." Bishop Hughes was born in West Virginia in 1866. He is the son of a Methodist minister and the brother of a Methodist Bishop, Matthew Simpson Hughes, deceased. For a number of years he was President of dePauw University at Greencastle, Indiana, which position he resigned when he was elected bishop. At the request of the New England conference of the Methodist Episcopal Church, he was assigned to the Boston Area in which he has served for the last fourteen years.

Preceding the preaching service on Sunday evening, a sacred concert will be given under the direction of William Silvano Thunder, well known organist of the Cathedral, Philadelphia. The singers include Miss May Farley, soprano, and Bertrand Austin, cellist. Miss Farley is one of the leading sopranos of Philadelphia, who has appeared with all choral societies of that city, including the Philadelphia Orchestra. She is at present soloist with one of the largest churches. Mr. Bertrand Austin, as a cellist, is well known in all musical centers of the East. He is a member of the Hahn Quartette and pronounced by critics the leading cellist of Philadelphia. Mr. Austin's instrument is a genuine Stradivari, said to be one of the finest in the United States. The program for the evening follows:

Piano Solo: William Silvano Thunder
"Prelude," Rachmaninoff
Soprano Solos:
a. "Jerusalem" from "St. Paul" Mendelssohn
b. "Beulah Land" Hughes
c. "Glory to Thee, My God," Gounod
Cello Solos:
a. "Spiritual," White
b. "Cantilena" Goltzman
c. "Passe Pied" Gillet
Soprano Solos:
a. "Hear my Prayer," Mendelssohn
b. "The Good Shepherd" Barri
c. "Repentance," with Cello
Obligato Gounod
Cello Solos:
a. "Elegie" Hadley
b. "Andante Religioso" Taylor
On Tuesday evening, July 18th, a quartette under the direction of J. Helfenstein Mason, well known in Newark where he spent his boyhood, will give a concert. Other members of the quartette will be Emily Stokes Hagar, soprano; Marie Stone Langston, contralto; Henry Gurney, tenor. Mr. Thunder will be the accompanist.

NOTICE

NEWARK SPECIAL SCHOOL DISTRICT BOND ELECTION CANVAS

In accordance with the provisions of Section 53, Article 8, Chapter 160, Volume 32, Laws of Delaware, the State Board of Education hereby gives notice that it has canvassed the vote of the Newark Special School District Bond Election held at the principal school building in Newark between the hours of one o'clock and eight o'clock P. M. on Saturday, June 24th, 1922, and finds the results to be as follows:

For the Bond Issue, 276
Votes.
Against the Bond Issue,
128 Votes.
(Signed)
T. R. BROWN,
President.
H. V. HOLLOWAY,
Secretary.

New Bridge Being Built At Cooch's

Eight Feet Wider Than Old Structure
—Wilmington Road Work
Held Up

Cooch's Bridge is being replaced with an up-to-date structure to replace the old narrow bridge at that place. The old bridge has been removed and a temporary structure built just south of the old site to take care of the traffic passing in that direction.

The work is being done by the Levy Court of New Castle County. The new structure will be a sixty-four foot reinforced concrete arch bridge with a twenty-four foot driveway. This last item will be welcomed by those who have to use the bridge as it will be eight feet wider than the bridge which has just been removed. It is expected that it will take about two months to complete the bridge.

The people of Newark who use the road to Wilmington were greatly disappointed at the announcement made by County Engineer Charles E. Grubb on Monday that the stretch of road between Roseville and Newark would not likely be opened for traffic before early September. It had formerly been announced that the road would be opened for traffic in August. The county engineer claims that the delay is due to the fact that the contractors on the bridge of the Baltimore and Ohio Railroad are behind their schedule in completing the overhead bridge west of Lumbrook.

The road contractors have completed their work up to the point of the bridge and they cannot continue until this bridge work is completed. It is claimed that the contractors on the bridge work are behind their schedule due to the rainy weather of recent weeks.

According to the present schedule the bridge should be completed the first or second week in August and it will then take the road contractors about two weeks to lay the concrete under the bridge and finish other necessary work. After this the concrete will have to set about two weeks before the road can be opened to traffic.

MR. SHARP VISITS NIVERSITY

H. Rodney Sharp, who has just recently returned from a world tour, visited the University yesterday. Mr. Sharp, as chairman of the Building and Grounds Committee, takes a very active part in the administration and development. He expects to spend considerable time here next week in making inspection of the Institution and acquainting himself with the accumulated work of the colleges.

This quartette which appeared here during the lecture series of 1920, proved to be the most popular of the entire series and is well remembered by Newark people.

REORGANIZATION SALE

\$200,000 Worth of Fine Furniture in Wilmington's Greatest 10 Day Merchandising Sensation

The rapid strides forward that Miller Brothers has made in almost the last quarter century has constantly forced changes—newer and better facilities—more improved store management, etc., in order to adequately serve our ever increasing patronage. With the purchase of the outstanding stock by Nathan Miller, who now assumes complete ownership of the institution which bears his name, reorganization is the aim—forced in an effort to eliminate any errors of the past and to insure a more thorough service for the future. This sale for the next ten days is not an anticipated sale. It is not the result of weeks of preparation and scanning the market for inferior merchandise to sell at a profit. It is a real legitimate sale of our standard merchandise which has been in stock or under order previous to the change in ownership.

Buy Now---Sale Ends Saturday, July 22nd

VOLUME XIII

Newark's New
School

Board of Education
Final Details—
List of Teachers

The Board of Education present time making in connection with the issue of \$165,000 to be made for building a new high school. Several weeks ago a vote was taken to see if the people wished to have such a school. The vote was heavily in the affirmative and since the issue of the Board of Education's hard work could be issued to the new school building. Just when the issue was not yet known, but it will be in a few days. It is necessary that a vote be made before it is decided whether or not to make the bond. It is the opinion of the Board that an issue should be made.

From the study made in back of the money it is thought that all be advanced 45 percent of the hundred dollars worth of property. It is predicted that the rate will be more than this and it will be less.

An architect supervised by the Service, has plans for the lay-out of the school which will be built on High School athletic street.

The plans at the present building only a part of it, as much as can be realized. But in the case of bonds, a contribution of \$22,500 from the Delaware School Auxiliary and the school can be finished.

REGISTRATION HELD

Although it was a registration in Wilmington would be the case. Last Saturday day. The vote came out in as large a margin. The registration districts follows: First Ward, Hotel, 122; second Ward, 76, and third, 71. Of the 71 registered there were but 10 women.

EXCELLENT

J. Helfenstein
Singers Present

Before one of the largest ever assembled quartette, under the direction of J. Helfenstein Mason, gave a concert last night. The quartette consisted of Emily Stokes Hagar, soprano; Marie Stone Langston, contralto; Henry Gurney, tenor. William H. Gurney, piano.

The concert last night with the quartette arranged by the State Board of Education.

Long before the first program had been planned, "D. O." was hung out and stood throughout the program that was presented. Besides Mr. Mason, Emily Stokes, soprano; Henry Gurney, contralto; William H. Gurney, tenor. William H. Gurney, piano.

BAKE

the proceed turned over to the board, East Main street, at 10 a. m.

NO MEETING

Although a meeting of the Board of Commerce was held on Friday night, the meeting was to be announced.
