PRICE SEVEN CENTS

VFW Loyalty Day Ceremonies Scheduled At Cooch's Bridge

J. Allison O'Daniel Post 475 To Conduct Loyalty Day Program At 2 P.M. Sun. At Site Where American Flag First Appeared; John Sadot To Dedicate Original Poem

Newark's J. Allison O'Daniel Post 475, Veterans of Foreign Wars, will conduct its annual Loyalty Day program this Sunday at 2 p.m. at Cooch's Bridge where according to historians, the flag of the United States was carried for the first time, in Delaware's only Revolutionary War battle, by troops commanded by Gen. William Maxwell.

"Colorful ceremonies are planned at this beautiful and now peaceful, shady nook south of Newark where the Cooch Family still resides," Loyalty Day Chairman Henry Anderson and John Sadot of Post 475 said this week, "to remind us that the love of country comes from the heart as we rededicate ourselves to our flag and the principles set forth in the Declaration of Independence and in the United States Constitution."

Cooch's Bridge Revisited Sunday's program will feature John Sadot's dedication of his original poem "Cooch's Bridge Revisited" as a patriotic highlight.

Robert N. McCormick, national VFW aide and former local post commander, will be master of ceremonies, and Commander Harold Wilson of the O'Daniel Post, will present a new 13-star flag to replace flags unfurled on Loyalty Day from year to year.

John J. Babiarz, former mayor of Wilmington, will be the principal speaker; Attorney-General David P. Buckson will represent the State of Delaware; and Mayor Norma B. Handloff, the City of Newark.

Participating Units

The O'Daniel Post VFW firing squad, the Rebel Devil Drum and Bugle Corps, the Newark High School Band, Boy Scout Troop 17 and Brownie Troop 424 will participate in the program; volunteer firemen of Newark's Aetna Hose, Hook & Ladder Co. will direct traffic, and the Greater Newark Recreation Association will provide public address and other necessary equipment.

The Rev. Joseph Niedermaier, state chaplain for the Veterans of Foreign Wars, will deliver the invocation and benediction.

The VFW Loyalty Day program is a pledge again to safeguard our American heritage of freedom," Mrs. Dorothy Foster of the local VFW Auxiliary concluded.

"Salute To Spring" Planned Saturday At Christiana High

The Christiana High School dramatics and music department will present "A Salute To Spring" this Saturday at 8 p.m. in the school auditorium, including the romantic "Case Of The Crushed Petunias" entered in the recent Delaware State Play Festival, and the folk opera "Down In The Valley."

Mrs. Kathryn B. Knox is staging the Christiana production, and Herbert B. Windle is directing the music.

Special admission rates are offered students and children under 12 with proceeds to help support next year's fine arts program at the school.

Major roles in "Down In The Valley" will be played by Margo Weinmann, Doug Thatcher and Mike Larkin, with Tom Hornung, Tom Hudson, Kent Jones, Kenny Eyle and Rene Kramer in supporting roles.

Chrysler Assembly Plant Production Resumed Tuesday

Chrysler's Newark assembly plant resumed operations Tuesday morning, a day ahead of schedule, after a week-long shutdown due to a parts shortage.

The shortage was the result of a wildcat strike two weeks ago at a Chrysler plant in Sterling Heights, Mich.

That strike was declared unauthorized by United Auto Workers headquarters, and has since been settled.

A spokesman at the Newark plant said production was resumed because "the parts flow returned to normal sooner than expected."

Sunny Oak School Pupils Visit Firemen, Library

Children of Sunny Oak School at 224 Dallam Road, Newark, visited the Aetna Hook and Ladder Co., and the Cecil County Library in Elkton last week. The library houses a little museum which the children enjoyed.

Sunny Oak School still has a few openings for next September. The school has nursery, pre-kindergarten, and kindergarten classes for three, four, and five-year-old children.

School Bus Driver Education Program Scheduled In May

Required Training Program For All School Bus Drivers To Be Offered On Mondays

The Newark school district will operate a school bus driver education program during the month of May, according to Robert F. Masseri, supervisor of transportation and safety for Newark schools.

Masseri explained that last year, legislation was passed which requires a training program for all school bus drivers.

The Newark district will begin its program on May 5, with registration.

In order to be eligible to drive a school bus after the end of this school year, all drivers must satisfactorily complete an eight-hour course of instruction.

Plans for the program began with a questionnaire to all bus drivers operating in the Newark district. Upon return of the questionnaire a schedule was arranged to provide instruction during periods convenient to the 120 drivers.

The Newark school bus driver education program will be conducted at the Wilmer E. Shaw School at 1500 Capitol Trail.

The course will operate four successive Mondays beginning May 5, with two sessions — from 9:30 to 11:30 a.m., and from 7 to 9 p.m.

Curriculum in the four-week Newark school bus driver education program includes fire protection and emergency procedures; defensive driving; motor vehicle laws; State Board of Education regulations; a talk by a school psychologist on child behavior and discipline; accident reporting; and Newark transportation policies.

Business Club Fetes Motes

For Golden Anniversary

Mr. and Mrs. Henry F. Mote were guests of honor at a surprise dinner party given by the Newark Business Women's Club on April 19, at Howard Johnson's Iron Hill Room in honor of the Motes' 50th wedding anniversary.

President Roberta Leok extended congratulations to the Golden Wedding couple, and expressed appreciation for "their untiring devotion to the club, of which Mrs. Mote is an active member, and for which her husband has been the perennial auctioneer at white elephant sales."

National CAR Officer

Penelope Ann Meyer

State President Of CAR Awarded National Office

Completing a one-year term as state president of the Delaware Society, Children of the American Revolution, Penelope Ann Meyer was elected national secretary at the annual national convention in Washington last weekend.

A senior at McKean High School, Miss Meyer resides with her mother and grandmother at Wagoner Drive, Wilmington.

Roxanne Wright of Smyrna was installed as Delaware CAR president, succeeding Penny Meyer with Sunday ceremonies at Mt. Vernon.

The girls will work on state and national levels to further CAR ideals of patriotism and love of country among American boys and girls.

Byron Shurtleff's "Whispering Shore" Photographic Exhibit To Be Given U. D.

A summer filled with tramping trails and skimming estuaries on Elk Neck State Park in Maryland to Cape Charles, Va., culminated April 13, at the Delaware Art Center with a private showing of Byron Shurtleff's photographic essay "The Whispering Shore."

One hundred 16x24 black and white photographs culled from some 4,300 negatives Shurtleff exposed in coastal meanderings of the Eastern Shore will be shown from April 14 through May 10 in the H. Fletcher Brown Wing of the Delaware Art Center in Wilmington.

Sponsored by a faculty summer grant, the University of Delaware art professor slept in the back of his station wagon and cooked on a camp stove through the summer he spent photographing wildlife, and natural beauty of the coastal scene.

Atop the station wagon he carried a 12-ft. aluminum boat with oars, which he used so he wouldn't startle the birds he wanted to "shoot," and a 1½-hp motor to cross larger stretches of water.

Shurtleff is giving the collection which he values at around \$3,000 to the university.

He then plans to develop the photographic essay into a book.

Highway Department Davidson Discusses Road Need, Plans At C. of C. Luncheon

The ever-increasing need for updating our present highway system was the topic for Ernest Davidson, director of operations for the Delaware State Highway Department, as he addressed a luncheon meeting of the Greater Newark Chamber of Commerce in the local Howard Johnson Motor Lodge on Wednesday last week.

Introduced by Lewis Miller, chairman of the chamber's monthly luncheon committee, Davidson cited facts about the growth of highways and usage, nationally and in Delaware. Davidson revealed that 20 per cent of the families in the United States are two-car families, and that a third car is making its appearance. He stated that American manufacturers are producing about nine million cars a year.

Davidson said that motor vehicles in Delaware are increasing at the rate of some eight per cent annually.

Using a map of Northern New Castle County, Davidson detailed some of highway projects in the Newark area.

He explained that under construction at the present time are Elkton Road, South Chapel Street, Rt. 72 beyond the Louviers Building, and the adding of another lane to the Delaware Turnpike. Concerning this latter project, he said the Delaware Turnpike will be three lanes in each direction from the Maryland line to Basin Road.

Near \$1-Million Grant To Aid UD Coastal Research

U.S. Defense Department THEMIS Program Offers Coastal Regional Research

The University of Delaware has received a major research grant for an intensive study of the coastal and oceanographic environment in the Mid-Atlantic region.

President E. Arthur Trabant announced that approval of the proposal has been received from the Department of Defense which is supporting the work under its THEMIS program.

The initial grant and anticipated renewals covering a three-year period are budgeted for almost \$1-million dollars to contribute to institutional growth and development through basic research of an unclassified nature.

Trabant stated that the University of Delaware is dedicated to development of excellence in coastal and estuarine studies and ocean science and engineering.

"Our marine science coordinating committee chaired by Dr. Franklin C. Dalbey and composed of representatives of all colleges and departments involved in the study of the marine environment, functions effectively in guiding long-range university objectives in this area," Trabant said.

"This grant and its scope of research, directly complements the two-year National Science Foundation sea grant project received last September, to support a multi-college research effort devoted to systems engineering and development of commercially valuable marine resources in the Delaware region."

Program manager for "Research in the Coastal and Oceanographic Environment" will be Dr. William S. Galtier, associate professor of civil engineering.

Galtier described the project as the largest yet funded at the university in ocean science and engineering.

He praised efforts of research investigators and participating deans and department chairmen in developing the successful proposal and expressed particular appreciation for support of Dr. Olaf P. Bergelin, coordinator of research, and Dr. Franklin P. Kilpatrick, dean of the college of graduate studies.

(Continued on Page 4)

Airman To Illinois

LeRoy Abbott

San Antonio — Airman LeRoy P. Abbott, son of Mrs. Helen Abbott, 509 Nottingham Road, Newark, has completed basic training at Lackland AFB, Tex., and has been assigned to Chute AFB, Ill., for training in aircraft equipment maintenance.

Airman Abbott is a 1968 graduate of Christiana High School.

UD To Celebrate Century Of Alumni Reunions, May 10

100th Anniversary Of 1st Delaware Reunion In 1869 To Feature Back-To-School

Reunion brochures have been mailed to some 18,000 University of Delaware alumni for the May 10 celebration of a Century of Alumni Reunions.

In an effort to create renewed support for reopening a closed Delaware College under the land-grant act, the Board of Trustees authorized the first alumni reunion in 1869. The 100th anniversary of that first reunion observance is recalled this year.

This year's returning alumni will be able to go back to school. Certain classes in sociology, chemical and electrical engineering, and music will be open to alumni from 9 through 11 a.m.

Traditional campus bus tours will be conducted between 10 and 11:30, and a special program of carillon music for the Class of 1967 will be played by Prof. Henry N. Lee at 2 p.m.

Sports enthusiasts will have a choice of baseball or lacrosse at 2 p.m., or an aquatic show at 2:30.

In baseball, the Blue Hens host St. Joseph's while the lacrosse team takes on Lebanon Valley.

Football fans will be able to relive thrills of last December's Delaware vs. Indiana contest when a film of the Boardwalk Bowl game is shown from 3:45 to 5 at the Newark Country Club.

Individual classes will hold separate meetings, socials, and dinners throughout the area on May 9-10.

The annual alumni association business meeting will be at 11 a.m. in the Ewing Room of the Student Center with Dorothy M. Welsh, Class of 1944, presiding.

Dr. E. A. Trabant, university president, will extend greetings at the Alumni Association noon luncheon in the Dover Room of the Student Center where newly elected officers will be announced.

DAYLIGHT SAVING

Daylight saving time begins Sunday for an added hour of outdoor visibility in the evenings. Set those clocks and watches ahead by one hour when you retire Saturday night — or Sunday morning — and if you stay on schedule, lose one hour of sleep.

Honor Scholar

Linda Mae Gallo

To Receive Award At UD Honors Day

Daughter of Mr. and Mrs. David Gallo of 202 Sypher Drive, Newark, Linda Mae Gallo will receive the Class of 1962 Book Award from the college of business and economics at the University of Delaware honors assembly next Thursday.

This award is presented to a "sophomore or junior with a sincere desire for knowledge and activity in extracurricular activities directed toward the individual betterment of fellow students," and is based on scholastic achievement.

A sophomore accounting major, Miss Gallo has been consistently on the dean's list, and last semester received a freshman top index award.

Heaviest local proceeds will come from the sale of advance reduced rate tickets available from any Legion member.

Uffelman, Vinson, Pellicciaro Head Funded Research

The University of Delaware has received three grants for more than \$31,000 to support research in the areas of mathematics, education and mechanical and aerospace engineering.

The sum of \$12,616 has been awarded by the National Aeronautics and Space Administration for research entitled "A Non-Linear Integral Equation of the Abel Type Arising from the Theory of Absorption Kinetics," under the direction of Dr. Edward Pellicciaro, associate professor of mathematics.

The National Science Foundation has awarded \$8,000 for a project titled "In-Situ Studies in Physics for Secondary School Teachers" under the direction of Robert L. Uffelman, associate professor in the college of education.

Uffelman, Vinson, Pellicciaro Head Funded Research

Michael Keller will pick up his whip, cymbals, tambourine, and triangle while his fellow percussionists man similar instruments for an unusual concert by the Manhattan Percussion Ensemble next Wednesday at 8:15 p.m. in Mitchell Hall.

The program will be conducted by internationally known music pioneer Paul Price.

The ensemble will bring toms, brake drums, thundersheets and a wash tub to the campus in a varied program of rhythm and noise.

Since its organization by Price in 1957, the group has made recordings, appeared on television and films, and toured Europe and

Modified Sidewalk Regulation Rejected In 5-2 Council Vote

Proposed Ordinance To Provide Exemption In Mandatory Sidewalk Construction Defeated At Initial Reading; Property Assessment Rolls To Go On Display Friday

Before an audience varying from eight to 13 persons last Monday night and with an agenda including initial readings of 10 proposed ordinances, Newark City Council rejected in a 5-2 vote the proposal to modify sidewalk requirements; gave tentative approval to five ordinances; and after withdrawal of two proposed laws, ran out of time with the 10:30 p.m. deadline before consideration of the remaining pair.

The proposed amendment to subdivision regulations for sidewalks would have provided exemption from mandatory construction with council determination as to necessity "for the public safety and welfare," and this was rejected by five votes.

Preliminary approval was given proposed ordinances regulating the operation of special vehicles and prohibiting abandonment of others; creating a parkland sinking fund; and establishing assessable costs with the extension of Woodland Avenue to Capitol Trail.

Assessment Rolls Property assessment rolls are to go on display this Friday, with an increase of \$3,746,030 in total assessments over last year to \$82,948,800 as reported by Finance Director Albert K. Martin, and anticipated total tax revenue of \$104,800 at the 65-cent rate for 1969.

The assessment rolls will be displayed at Rhodes Drug Store from April 25 to May 7, and at Capoue's Pharmacy, May 8-20, with appeal day scheduled for May 21.

Council directed the opening of negotiations with trustees of the Academy Building for extended use of the property as a city hall site, and Solicitor Clyde M. Engel Jr., voiced his opinion that the City of Newark does have the authority to condemn lands now owned by the trustees, although I am reasonably certain that this view will not be shared by the trustees themselves. If any effort is made to exercise this construction, I am confident that it will result in litigation."

At Councilman William M. Coverdale's proposal, a test case is to be initiated to determine city zoning ordinance of University of Delaware dormitory construction on the Laird tract off New London Road.

William Altman in the audience, presented a petition with 208 signatures "that all comply with zoning regulations."

A municipal bond sinking fund was established, with excess over current needs to be invested in short term U.S. Treasury notes.

Action on Martin's five-page report on alternate methods of financing the capital improvement program from Bond Issue No. 3, was deferred with Coverdale's comment that he had just received the report last Friday and "would like more time to study it."

Martin proposed delaying the bond issue by at least two years in view of the high municipal bond index of 5.3 per cent, and borrowing from local banks on short term notes for necessary project expenditures.

Concerning capital projects, Councilman John H. Fawcett said that the city "will lose a lot more money if we don't get on with these," and Martin's proposal is to be considered at the next council meeting.

A contract for a drop inlet at Windsor Road and Country Club Drive was awarded to R. A. Boyer, Inc. at the low bid of \$1,850.

Decals on local parking meters are to be changed, excluding "Legal" in the "No charge for Sunday and legal holidays."

(Continued on Page Five)

German Problem Topic For Schlote Public Talk

National, European and international implications of German reunification will be discussed at the University of Delaware by the first secretary of the German Consulate in Philadelphia.

Wilfried Schlote will speak on "The German Problem, An Official View" at 8 p.m. Monday, in the Student Center.

Sponsored by the German Club and the department of political science, the talk is free to the public.

ROPER IN VIETNAM

Army SP5 Robert D. Roper, 21, son of Mr. and Mrs. William S. Roper of Newark, has been assigned to the 116th Combat Engineer Battalion in Vietnam, as a heavy equipment mechanic.

Free Instruction Offered High School Pupils Signing For Program By April 30

Instruction in driver education during the summer will be available to qualified high school students.

House Bill 405 makes driver education available to any student who is a resident in a Delaware school district regardless of where he attends school. Eligible students are those who are enrolled in, or eligible for the 10th grade and who have reached their 15th birthday by this July 15.

The course is available at no charge. Public school pupils interested in the program should register in their own high school until April 30.

Non-public school students should register in the public high school in the school district in which they reside.

In the Newark district, applicants may register at Newark or Christiana high schools on any day from 8 a.m. to 4:30 p.m.

Function, Flexibility Combined For New College Of Business, Economics Building

The University of Delaware's new college of business and economics building will combine function with flexibility when it opens for classes in the fall of 1970.

The \$2.8-million structure will contain demountable office wall partitions to meet rearrangements in the faculty office wing, and three case-study rooms with swivel chairs for students, complete projection facilities and hook-up with the university's television system.

Dr. Reuben V. Austin, dean of the college, called the case-study rooms

"as important to a modern college of business as laboratories are to a chemistry department."

Other features of the 85,000-sq.-ft. air-conditioned building include business machine labs and a computer-assisted instruction lab tied in to the university's computer center.

There is a hexagonal, 250-seat lecture hall which will be erected in the inside of the L-shaped brick building.

Layout of the building will place a teaching wing along Orchard Road and a faculty office wing along Amstel Avenue.

The teaching wing will contain a ground floor and three upper floors. Since the ground floor will be partially below grade, courts will be scooped out of the earth outside.

REAL ESTATE OXFORD AREA

Nice country home, 1-story, 2-bedrooms, large living room, kitchen, bath, basement, oil heat, 1-car garage attached. One block from U.S. No. 1. Four miles to town. Ideal for young or elderly couple. Built 1961.

the classrooms at that level for large windows to admit abundant natural light. A large court on the inside of the L will be available for use as an outdoor classroom.

The faculty wing will contain a ground floor and four upper floors. The top floor will remain unfinished for future use. Faculty offices will ring an inside core of seminar rooms. Deeply recessed windows on the southern exposed Amstel Avenue side will reduce heat and glare from sunlight.

Special interiors include slate floors on the main level, brick walls in the teaching wing, and wood walls on the core of the faculty office wing. Corridors will have soft incandescent lighting while classrooms and offices will have fluorescent illumination.

Among exterior features are exposed concrete defining floor lines and lintels of the brick building and slim, gray-painted steel-framed windows with matching gray tinted solar glass. Connection with the new arts and science building will be via a covered walkway and ramp.

Overall cost of the project, including design, planning, and project preparation was \$3.3-million, Robert M. Lamson, university planning director said.

Daubin To Lecture On Oceanography At Series Finale

"Deep Submersibles and the Future of Ocean Science and Technology" will be discussed by a pioneer in the development of manned undersea vehicles at 8 p.m. next Monday, in the Ewing Room of the Student Center on the Delaware campus.

Dr. Scott C. Daubin, senior scientist and chairman of the department of ocean engineering at Woods Hole Oceanographic Institution, Mass., will give the final lecture in a series on ocean engineering at the university.

Graduating from the U.S. Naval Academy in 1944 Daubin served as line officer and engineering duty officer aboard destroyers and submarines.

Prior to his association with Woods Hole, he was head of Marine Sciences at General Motors Defense Research Laboratories.

Fireman Phillip A. Henley On Destroyer Vogelsang

Shipfitter Fireman Phillip A. Henley, USN, of 1132 Ralph Road, Fox Chase, Newark, is serving aboard the Destroyer USS Vogelsang at Norfolk, Va.

The Vogelsang after modernization in 1962, has seen service in the eastern Atlantic, Caribbean and Mediterranean, and was awarded a commendation from the commander, U. S. 7th Fleet, for action against enemy forces in Vietnam.

SICO Scholarship Awards Of \$1,200 Each Go To Four

The SICO scholarship committee at the University of Delaware has announced the names of winners of four SICO scholarships valued at \$1,200 each for four years (\$300 per year) of college work.

The winners are Christine Oberg, Brandywine High School; Kathleen Dempsey, Ursuline Academy; Delores French, Cessar Rodney High, and Mary Matarsse, St. Elizabeth's High School.

Alternates include Catherine M. Rhodes of Newark High School.

The SICO Foundation, Mount Joy, Pa., makes these awards to high school seniors who plan to teach in elementary schools.

Criteria for selection include college entrance tests, success in high school courses, extra-curricular activities, leadership, and financial need.

At present, there are 23 recipients of SICO scholarships at the University of Delaware.

Thomas Cooper Auxiliary Provides VA Bingo Party

Last Thursday, the Thomas Cooper Auxiliary of VFW Post 475 held their monthly bingo party for 27 patients at the VA Hospital in Elsmere.

Gifts were awarded winners, and refreshments were served by Hospital Chairman Mary Karkos, Pat Goodchild, Marie Charnick, Veronica Connell, Gladys Machuski and volunteer Rhonda Machuski, Dorothy Foster reports.

Gunnery Sgt. Paul Seavy Reenlists With Marines

Gunnery Sgt. Paul R. Seavy, local Marine Corps recruiter, reenlisted for three more years in the Marine Corps at Philadelphia, on March 29.

Sgt. Seavy has more than 16 years active Marine service.

Brothers Of Lambda Chi Alpha Volunteer Services At Ferris School, Bacon Center

Students at the University of Delaware have taken the first step into the world of volunteer service in hopes of learning something about people outside the college environment.

Brothers and pledges of Lambda Chi Alpha fraternity traveled recently to Ferris School to act as big brothers for the 22 boys who did not leave school during Easter vacation.

The day's activities included sports, contests and a barbecue. Lambda Chi Vice-President Ernie Hartland, a sophomore from Wilmington, has been coordinating the project with the director of youth for the Delaware chapter of the

American Red Cross, Mrs. Hope Nello.

Mrs. Nello has also channeled the enthusiasm of Eugene Sharkey, a freshman from Newark, and the residents of Caesar Rodney Hall into a visit to the Bacon Health Center. Gene and at least four of his neighbors in this new coed dorm complex, will give a party for 20 boys at the center on May 6.

Hartland had originally gone to the Red Cross to see about giving blood. Mrs. Nello suggested the Ferris trip and a similar excursion to the Bacon Health Center instead.

Organized at the University of Delaware in 1965, Lambda Chi has 38 active brothers and 13 pledges. The fraternity's community service emphasis reflects a trend for fraternities at this college and several institutions across the country who want to replace hazing of pledges with constructive projects.

Volunteer work is old hat to freshman Sharkey. He affiliated with the Delaware Red Cross group at the age of 14 and spent two summers working in the dental clinic at the Veterans Administration Hospital in Elsmere. Gene said he just wanted to do something, and has always intended to become a dentist.

Bartok Circus Elephants Slated Here

The all-new Bartok Circus sponsored by the American Legion Department of Delaware, will present two performances on Saturday, May 3, at 2 and 8 p.m. on the grounds at Our Lady of Grace Home, Chestnut Hill Road, near Newark.

The Bartok Circus has been featured on coast-to-coast television.

For the past three summers he has been a junior staff member at the Red Cross training center which teaches some 120 high school volunteers from Delaware, New Jersey, and Pennsylvania the basics of leadership and volunteer project coordination.

Gene teaches classes and supervises recreation.

2 McVey Teachers Have Major Roles In Reading Event

Two teachers at Newark's Joseph M. McVey Elementary School played leading roles in the educational

conference on programmed reading today at the Lora Little Elementary School in Stanton.

Mrs. Patricia Williams, conducted a workshop on "Programmed Reading and The Beginning Reader." Mrs. Williams pioneered the use of programmed reading materials at the McVey School.

Mrs. Gail White, conducted a workshop "Teaching Third Grade Reading: Before and After Programmed Reading."

The programmed reading at the McVey School has been of interest to educators throughout the Eastern Seaboard, who have visited McVey to observe programmed instruction in action.

Christiana Chapter Inducts 28 Pupils For Honor Society

The Christiana chapter of the Junior Honor Society inducted 28 new members at a school assembly last Thursday.

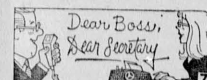

Ninth grade inductees are John Hoffman, Kris Christenson, Dawn Kinsley, Beverly Hannum, Ramona Price, Theodore Siawelski, Jean Stroik, Celeste Crittenden, Terry Roberts, Michelle Schutz, and Ronella King.

Eighth graders inducted are Ronald Chasid, Thomas Goff, Steve De Paulo, Timothy Baker, Paul Bullock, Linda Lindsey, Donna White, Marianne McNeas, Lou Ann Reed, Shirley Palo, Lisa Cole, Gayle Overmiller, Cynthia Livingston, Dana Robertson, Terri Williams, William Merrick, and Debra Carlton.

Officers for the 1968-69 school year are Susan Rosenberg, president; Debra Flanagan, vice-president; Sharon Bare secretary; Arthur Stigile, treasurer, and Valerie Lamison, historian.

Under their leadership the organization purchased for the school a wheelchair, and a bulletin board with interchangeable letters.

Mrs. Jean Secho is the sponsor of the Christiana chapter of the Junior Honor Society.

IBM Office Products Division

Second Time Around

Married ladies are on the march and I'm all for it. Where are they marching? Back to the office. Recently, women with grown and even almost grown children have found that a business career, such as secretarial, is rewarding and fulfilling after years of housework and child care.

As far as I'm concerned, I believe the perfect secretary is often a married woman. Why? Because marriage has taught her not to lose her temper with a grumpy male, how to deal with people and make any operation more efficient.

Of course, for many women, going back to work can be a tense situation. What can they hope to expect? How should they act and dress? With the upcoming Secretaries' Week April 20th-26th in mind, I decided to ask some bosses what attributes they considered essential for secretaries. Some of the answers were surprising. Topping the list, for instance, was loyalty. Today's secretary is the "back-up man" for the executive, fielding routine phone calls as well as his gripes about his boss. Second highest was performance. Basic skills required were typing, transcription skills and keeping track of the paper that makes an office run. Certainly, any woman who's contemplating going back to work should brush up on these skills.

Although attractiveness was listed, most bosses explained that it depended more on how the secretary dressed and acted than on personal beauty. For example, the office is no place for an over-dressed, over-made-up glamour girl.

Finally, bosses listed as vital a secretary's ability to handle details such as checking letters for poor grammar or spelling, answering phone calls, and making independent decisions on routine matters.

The state of marriage and the art of being a good secretary seem to have an affinity—and most women realize it. After all, if you can put up with one man for all those years, they reason, you can certainly deal with a boss for a few hours a day.

Why The Christian Science Monitor recommends you read your local newspaper

Your local newspaper keeps you informed of what's happening in your area—community events, public meetings, stories about people in your vicinity. These you can't—and shouldn't—do without.

HOW THE MONITOR COMPLEMENTS YOUR LOCAL PAPER

The Monitor specializes in analyzing and interpreting national and world news... with exclusive dispatches from one of the largest news bureaus in the nation's capital and from Monitor news experts in 40 overseas countries and all 50 states. TRY THE MONITOR—IT'S A PAPER THE WHOLE FAMILY WILL ENJOY

SUSAN GALLAGHER TO WED ON MAY 24

Mr. and Mrs. Hugh F. Gallagher, Jr., 101 Nottingham Road, Newark, announce the engagement of their daughter Susan, to Mr. Bruce Thomas Astarita of Georgetown, Del., son of Mr. and Mrs. Arthur Astarita, Norwalk, O.

Miss Gallagher graduated from Randolph-Macon Woman's College, Lynchburg, Va., and did graduate work at Georgetown University in Washington. Formerly assistant to the producer of "Youth Wants to Know," Theodore Granik Enterprises in Washington, she has since September, been associated with Delaware Technical and Community College as director of community relations.

Mr. Astarita holds a bachelor of science in electrical engineering from the University of Detroit; studied for the master's degree at the University of Delaware where he held a teaching assistantship in the department of mathematics, and heads the electronics department at Delaware Technical and Community College, Georgetown campus.

A May 24 wedding is planned.

Church Athletic Ass'n Plans May 2 Spring Dance

St. John's Holy Angels Athletic Association will have a spring dance on Friday, May 2, beginning at 8 p.m.

There will be a buffet, door prizes, and free refreshments.

Walter Kowal is in charge of tickets. Secretary Phil Tipping advises, and Ed Szubielski is president of the association.

Club President

Mrs. Ronald Miller

Treble Ensemble To Present Music For Century Club

President of the Newark New Century Club, Mrs. Ronald Miller will conduct the annual music meeting for the club next Monday.

This will be followed by a special music program presented by Mrs. T. D. Mylrea and sung by the Treble Ensemble of Newark.

"Let's all bring chocolate chip cookies and one-pound coffee cups for our fighting boys through SOS Vietnam," Mrs. George A. Wilkens urges.

NANCY J. DUHADAWAY, D. E. REYBURN TO WED

Mr. and Mrs. Lawrence H. DuHadaway of Newark announce the engagement of their daughter, Nancy Jean DuHadaway, to Donald E. Reyburn, son of Mr. and Mrs. Alfred Reyburn of Newark.

He was graduated from Newark High School, served with the Army, and is employed by Avison Corp.

Miss DuHadaway attended Christiana High School.

A fall wedding is planned.

College Chorus To Offer Church Of Christ Concert

The A Cappella Chorus of Northeastern Christian Junior College, Villanova, Pa., will present a program of hymns and sacred choral works at the Church of Christ, 91 Salem Church Road, on Monday May 5, at 7:30 p.m. as a part of an eight-day spring concert tour.

The 19-voice traveling group is under the direction of Larry M. Bills, instructor of music at Northeastern.

PROBATION

The subject of the Lesson-Sermon in all Christian Science churches in Delaware this Sunday will be "Probation after Death." Everyone is invited to attend.

FRANK KAHLER SCOTT ENGAGED IN WYOMING

Mr. and Mrs. Donald Wallace Irwin of Cody, Wyo., announce the engagement of their daughter, Miss Vicki Allene Irwin, to Lt. Frank Kahler Scott, Jr., son of Mrs. Barbara Bonham Scott and Frank Kahler Scott of Newark.

Miss Irwin, who served in the Peace Corps as a laboratory technician in Africa for two years, is a graduate of the University of Wyoming and is teaching special education in Cheyenne, Wyo.

She is the granddaughter of Mrs. and Mrs. Wallace Irwin of Sheridan, Wyo., and Mr. and Mrs. Glen Newton of Cody.

Lt. Scott, a Newark High School wrestling star and a graduate of Ohio Wesleyan University where he was a member of Beta Theta Pi fraternity, is stationed at Francis B. Warren Air Force Base in Cheyenne.

He is the grandson of Mrs. William Harold Scott of Newark and the late Mr. Scott, and of the late Mr. and Mrs. Harry Lawrence Bonham of Newark.

A June 8 wedding is planned.

Apple Blossom Queen

Nancy Hardin

Winchester, Va. — The 20-year-old daughter of the United States Secretary of Agriculture, Clifford M. Hardin, will be Queen of the 42nd Shenandoah Apple Blossom Festival, May 1-2-3.

A senior at the University of Kansas, Miss Hardin is majoring in social work.

She will receive her degree in June and plans to enter law school next fall.

ALPHA DELTA KAPPAS MEET WITH MRS. CROW

Mrs. James Crow of Windy Hills, Newark, was hostess for the April meeting of Alpha Delta Kappa, with Ron Harvey addressing the local Gamma chapter.

ADK members present were Mrs. Henry Arnold, Mrs. Stanley Einhorn, Mrs. Clifford Evans, Mrs. John Evans, Mrs. Jack Hallman, Mrs. LaVerne Kleckner, Mrs. Oliver Koelges, Mrs. Anne MacLary, Mrs. Vincent Mayer, Mrs. Maclean MacLeod and Mrs. Harry O'Connell.

Coastal Research

(Continued from Page 1)

A cornerstone of the program will be earlier studies of Delaware coastal geology by Dr. John C. Kraft, chairman of the department of geology, Kraft, with Dr. Robert E. Sheridan, assistant professor of geology, will collaborate on a study of "Coastal Sedimentary Environment."

Dr. Jan M. Jordaan, Jr., associate professor of civil engineering, will direct a "Study of Energy Budget in Delaware Ocean Frontage and Bay," in collaboration with Kraft.

"Sampling, Classification, and Mechanical Properties of Soils and Sediments" will be studied by Dr. Gaither and Dr. Robert L. Nicholls, associate professor of civil engineering.

Dr. Harry W. Wells, associate professor of biology, will continue his investigations of "Development and Consolidation of Sand Reefs."

Submerged vegetation will be investigated by Dr. Jonathan E. Taylor, assistant professor of biological sciences.

Closely related to Taylor's work will be investigation of "Soil and Vegetation Characteristics of a Low Lying Marsh Fringe-Sand Barrier Coastline," by Leo J. Cotoir Jr., associate professor of plant science.

Dr. Robert D. Varrin, director of the Water Resources Center of the university, will extend his earlier work with viscous-flow models to include a study of the "Ground-water Behavior in the Littoral and Backshore Marsh Regions."

Energy transfer from wind to water in formation of waves will be the focus of studies by Richard T. Field, lecturer in geography, and Dr. Barry S. Seidel.

Dr. Kurt P. H. Frey, professor emeritus of the department of civil engineering, will be associated with Gaither and Jordaan in investigation of "Nearshore Wave Damping."

These research programs will be carried out in the university's laboratories on the Newark campus and at the field station at Lewes.

Nutritious And Convenient

Rice stuffed ham rolls are topped with a creamy delicious mushroom sauce in this quick and convenient casserole dinner. The sauce, made with fresh whole milk and a prepackaged sauce mix, makes extra nutritive value in the flavorful entree.

Nutritionists recommend that we receive quantities of milk each day. In addition to milk served as a beverage, prepare recipes that are rich in nutritious milk and milk-made products. The importance of a well-balanced diet including milk, meat, vegetables and fruits, and breads and cereals continues throughout life.

Rice Stuffed Ham Rolls
1 1/2 cup packaged precooked rice
1/2 cup chopped salted peanuts
1/2 cup diced celery
2 tablespoons chopped onion
1/4 cup butter
1/2 cup water
8 slices hot 7 ham, 1/2-inch thick
2 cups milk
1 envelope (1 1/2 oz.) mushroom soup mix
1/2 cup white cooking wine or milk, as desired

Sauté rice, peanuts, celery and onion in butter until onion is transparent. Add water and bring to boil. Cover. Remove from heat. Let stand 10 minutes. Spread 2 heaping tablespoons of rice mixture on one end of each ham slice. Roll up and place rolls, seam side down, in shallow 2 quart casserole. Combine milk and soup mix; cook, stirring constantly, until mixture comes to a boil. Stir in wine or additional milk, as desired. Pour over ham rolls. Bake in hot oven, 425°, 15 to 20 minutes or until hot and lightly browned. Makes 4 servings.

HEALTH HINTS

National Association Of Blue Shield Plans

Squirrels
Don't feed squirrels or any other strange animals. A skin-breaking nip on the hand or finger can subject you to the painful series of rabies' shots. This is particularly true of rodents whose elusive nature and common physical characteristics impede detection.

Nervous Stomach
Anxiety and emotional upsets cause nervous indigestion, since the digestive tract is controlled by the automatic nervous system. These nerves are responsible for churning of the stomach. Chronic victims of nervous indigestion should strive for a more balanced way of life, and develop proper eating and emotional habits. Follow your physician's advice until this condition has subsided.

Pesticides
The increasing use of pesticides to keep homes free of insects and protect plant life requires certain precautions on the part of the user. First, read the directions on the label of the container and note all cautions and warnings. Second, keep pesticides away from children or pets. Third, make certain the container is tightly sealed and never transfer the contents to another unlabeled container.

Canned Pears In Popular Baked Salad

Baked salads are a popular choice for a guest luncheon. This delicious Hot Pear Seafood Salad is certain to become a favorite and one you'll want to serve often when entertaining. Easy on the hostess, the salad can be assembled in advance, then popped into the oven when the guests arrive. Complete your menu with assorted relishes and hot fluffy biscuits. Lemon-flavored meringues would be a perfect choice for dessert.

Tiny pink shrimp are combined with crisp celery, green onion and green pepper. Sliced water chestnuts add extra crispness and a touch of curry imparts a special flavor to the mayonnaise dressing. Canned Bartlett pears, sparkling with a glaze of French dressing, are the base for the salad. Delicately flavored and bursting with juicy, they are a perfect complement to the shrimp mixture.

Baked Pear Seafood Salad
2 (1 lb.) cans Bartlett pear halves
1/4 cup French dressing
3/4 pound small shrimp
2 tablespoons finely sliced green onion
8 tablespoons chopped green pepper
1/4 cup sliced water chestnuts
1/2 cup mayonnaise
1/2 teaspoon salt
1/4 teaspoon white pepper
1/4 teaspoon curry powder

Drain pear halves. Marinate in French dressing 1 hour. Combine shrimp, celery, green onion, green pepper and water chestnuts. Add mayonnaise and seasonings and blend thoroughly. Remove pears from marinade. In each individual ramekin or baking dish place 2 pear halves. Spoon shrimp salad in the center. Bake in a 350-degree oven 20 to 25 minutes. Makes 6 servings.

Delmarva Chicken Festival Planners

Mrs. Anne Nesbitt, (left) home economist for Delmarva Poultry Industry, confers with Mrs. Edward Blatchley, (center) and Mrs. John R. Allen of Seaford, who are handling arrangements for contestants and special guests at this year's National Chicken Cooking Contest. Contest finals will be a part of the annual Delmarva Chicken Festival in Seaford, June 16-21. Cooking will take place June 20-21.

News of Bear

Mrs. J. Leslie Ford, Correspondent
Phone 328-6484

Mr. and Mrs. Donald Ladd of base in Quantico, Va., where he expects to receive his commission in the U.S. Navy on June 1.

Miss Cecelia Mangioeco and Richard J. Steele, Jr., were married Saturday in St. James Church, Penn. Mrs. Steele is the daughter of Mr. and Mrs. George Leukel on Sunday.

Mr. and Mrs. Samuel McGraw, 312J Wood Road, Bear, are receiving congratulations on the birth of a daughter on April 16, at Wilmington General.

The Rev. George A. Leukel, pastor of Pensader Presbyterian Church, Glasgow, will deliver his sermon on "Youth And Religion" next Sunday at 11 a.m.

The annual meeting of the Cemetery Association will be held Sunday, May 4, at 1:30 p.m., followed by a worship service at 2:30.

The annual spring turkey supper will be served this Saturday beginning at 3:30.

Mrs. Bayard Crompton of Bear spent two days recently with Mrs. Mamie Palmer of Easton, Md.

Mr. and Mrs. William R. Brown of Glendale announce the engagement of their daughter Jo Ann to Robert C. Thuet of Brookside, son of Mr. and Mrs. Charles A. Thuet, Jr.

Miss Brown, a graduate of Christiana High School, is employed as a beautician at Dave's.

Mr. Thuet is a graduate of Salesianum High, and served three years in the U.S. Navy on the Ticonderoga.

Mr. and Mrs. John F. Houston of Bear and Slaughter Beach, announce the engagement of their daughter Kathleen A. Houston to Harry Cannon Short, III, son of Mr. and Mrs. Harry Short, II, of Wilmington.

Miss Houston, an alumna of Wm. Penn High School, is studying at the Philadelphia College of Art. A graduate of Sanford Prep, Mr. Short attended Guilford College, N.C., and Missouri Valley College, and is in OCS at the Marine Corps.

Three At Ohio Wesleyan
Honored On Dean's List
Three Newark students at Ohio Wesleyan University were named to the dean's list for academic excellence during the past semester.

Local Ohio Wesleyan honor scholars are Catherine L. Carter, Carolyn J. Thomas and Phyllis A. Whiteside.

R. T. WARE, PUBLISHER
W. H. WAGGAMAN, JR., EDITOR

Entered as second class matter, March 10, 1910, at the Postoffice at Newark, Delaware, under the Act of March 3, 1879.

Newark, Delaware, 19711, Thursday, April 24, 1969

ANGELS AT WORK

A heart-warming movie produced in a happier day when films featured poignant, pleasant plots rather than demoralization with complete bad taste and disregard for our social structure, "Angels In The Outfield" concerned angelic assistance provided the floundering Pittsburgh Pirates.

It wasn't quite fair for the angels to lift the poor Pirates from the cellar to pennant contenders, but the angels withdrew their assistance at the end of the season to keep the playoff on even terms. And the inspired Pirates went on to win.

In this movie, the baseball angels were invisible to all but one little girl — an angel herself.

But anyone who visits the Delaware Curative Workshop just north of the Washington Street Bridge in Wilmington, can see angels hard at work helping the handicapped.

The dedicated men and women, boys and girls who devote their time to restoring hope in the hearts of those smitten by physical misfortune, — working with smiles, kindness, patience and all good humor in assisting the unfortunate — are, indeed real angels of mercy.

NEW KIND OF LITTERBUG

A new kind of litterbug is adding to our environmental problems. He is the fellow who throws away old cars along with his beer cans and chewing gum wrappers.

In these affluent days, people who are tired of their worn-out cars merely walk off and leave them on the street. According to a New York Times release, Americans are abandoning cars on city streets in record numbers. As one official commented, "They're an eyesore and a health hazard."

In New York City, 30,000 vehicles were abandoned in 1968 and an estimated 20,000 cars are abandoned each year in Philadelphia.

The cost of disposing of abandoned cars has become a burden to communities and taxpayers. When the price of junk is down, mountains of rusting autos pile up in junkyards.

It has been proposed that cars be dumped in certain areas such as Monterey Bay, Calif., to improve the fishing.

Delaware offshore fishing could be improved with such disposal of junk automobiles to provide shelter and a concentration of now scattered marine life.

Mill Creek Hundred News

Sara Pennington Evans, Correspondent
Phone 239-7798

Readers of Mill Creek Hundred News will be disappointed for the second successive week by the absence of Mrs. Sara Pennington Evans' column. But you will be glad to know that Mrs. Evans is home and is getting well after surgery.

Eyrl L. Byassee Announces Concert For Choral Groups

Eyrl L. Byassee, vocal music instructor at Newark High School, has announced the annual spring choral concert will be held Wednesday evening, May 7, at 8 o'clock in the school auditorium.

Groups performing at the concert will include the Concert Choir, the School Chorus, and the Modern-Madrigal Singers.

These choral groups will feature a variety of selections representative of contemporary compositions by Alan Hovhaness and Jean Berger, American spirituals, and lighter popular arrangements.

Two piano soloists will be spotlighted with Chris Williams playing a Chopin, and John Gerster playing a Mendelssohn.

in Delaware Division of the Wilmington Medical Center and her column will be resumed as soon as her health permits. The Editor.

City Council

(Continued from Page 1)

Police Chief Arthur S. Haussler pointed out that legal holidays include Saturdays and Good Friday under the Delaware Code but not under Newark ordinance, and use of the word "legal" is misleading. "We will no longer be 'legal' on parking meters — and I hope no one misinterprets that," Mayor Norma B. Handloff said of the denial change.

Councilman William E. Frame, Jr., asked for school crossing guards with disappearance of the sidewalk from Lincoln Drive to O'Daniel Avenue during Elktion Road construction, and Councilman Frank J. Osborne, Jr., urged consideration of underground rather than pole utilities lines with such construction.

To Osborne's proposal, City Manager Edward R. Stiff, said that it was "too late."

Coverdale cited recent rejection

Retired Railroader John S. Morrison Dies In Hospital

John S. Morrison, 69, of 97 East Cleveland Avenue, Newark, died Tuesday in Memorial Division after a long illness.

Mr. Morrison retired in 1964 after 44 years as a signal maintainer for the Baltimore & Ohio Railroad. Born in Fair Hill, Md., he lived in the Newark area all his life.

He was a member of Wesleyan Methodist Church of Newark; the American Legion, Veterans of Foreign Wars, and the Brotherhood of Railway Signalmen.

A veteran of World War I, he served as a sergeant with the Army in France.

He is survived by his widow, Mrs. Susan E. Morrison; three daughters, Mrs. Elizabeth F. Hall of Strickerville, Pa., and Mrs. Doris J. McCormick and Mrs. Edith T. Pyle, both of Newark; four brothers, Robert W., William H., George C. and Curtis, all of Newark; three sisters, Mrs. Eva M. Foster, Mrs. Gladys E. Ivins and Mrs. Thelma I. Bland, all of Newark; and 14 grandchildren.

Services were conducted this afternoon at the R. T. Jones & Son Funeral Home, with interment in Newark Cemetery.

Viking Co-Captain Glenn Thompson Chosen For Poster

Christiana High School student Glenn Thompson, co-captain for Coach Bob Turnberger's Viking baseball team, was selected April 9, as one of four young people who will represent American youth on posters to be displayed in schools throughout the United States this year.

Four students from different sections of the country were named as personifying the well-groomed, contemporary look with which most American teen-agers would like to be identified.

The four young students were selected from among 112 teen-agers chosen by their fellow students to represent their schools in the national judging.

The local winner was selected earlier this spring as a representative of Christiana High School.

The photographs of the four winning students will be used, starting this fall, on wall posters setting forth "the good looks of good grooming," which will be made available by Avon to all interested high schools.

Included in the awards to each of the four students is a five-day sightseeing trip to Boston in June.

of an applicant for the police department as faulty police recruitment procedure, and the matter is to be investigated.

From the audience M. E. Prettyman suggested removal of the yield sign for Elktion Road traffic turning onto West Delaware Avenue to remedy a violation of right-of-way principles, proposing solid lines painted on each roadway to prevent cross-crossing traffic, and Joseph R. Bradley, Jr., urged top priority for an overpass at West Park Place and Elktion Road for the safety of school children.

Green Thumb Tips

Those pictures in the seed catalogs always make gardeners drool and wish their flowers and vegetables would look like the pictures.

If you follow the routine used by the seedsmen you'll stand a good chance of accomplishing this.

Prepare soil thoroughly before sowing seeds. Start fertilizing with a starter solution poured over newly planted seeds. Continue to fertilize every 2 or 3 weeks.

Keep dead and faded flowers picked or cut them off regularly so plants will produce more flowers. And water deeply, thoroughly, when there is no rain for a week.

Quality, that is eating quality of beans is measured by the absence of strings, the tenderness of the pod and the flavor when you taste them.

You'll find that all of the newer varieties measure up to these standards. So why continue to grow the same variety your grandfather did?

Northern gardeners will do well to protect young plants of perennials with a light weight, non-packing mulch which admits air.

Such materials as straw, evergreen boughs, salt hay or tobacco stems may be used, depending on their availability.

When you're ordering seeds, turn to the back of the catalog and explore the listing of sundries.

Every gardener needs some of these, but others, while not necessities, are a real convenience. Why not treat yourself to a few like weatherproof pencils for marking on plant labels, or some sturdy plant supports?

Moisture is of utmost importance in the garden. During winter look over your lot to make certain none is running off in erosion, rather than seeping into the soil.

WHAT'S NEW UNDER THE SUN

IN THE HOT SUN OF THE HIMALAYAN PLATEAU, TIBETANS WORE THEIR OWN VERSION OF SUNGLASSES—SCREENS OF WOVEN YAK HAIR. ALTHOUGH THEY HAD NO LENSES, THESE SCREENS LOOKED VERY MUCH LIKE OUR EYEGLASSES.

HUNDREDS OF YEARS AGO, ESKIMOS WERE PAZZLED BY THE GLARE OF SNOW AND ICE. TO PROTECT THEIR EYES THEY DEVELOPED CRUDE SUNGLASSES—MADE OF BONE OR WOOD WITH THIN SLITS TO PEER THROUGH.

TODAY, AMERICANS SPEND MORE THAN 150 MILLION DOLLARS ON SUNGLASSES EACH YEAR. WHEN BUYING SUNGLASSES, THE EXPERTS AT BAUSCH & LOMB'S RAY-BAN DIVISION RECOMMEND LENSES OF GAGE GREEN OR GRAY OPTICAL GLASS. THESE, UNLIKE OTHERS, DON'T DISTORT VISION AND COLOR PERCEPTION.

Peterson To Speak On Public Welfare At UD Conference

Gov. Russell W. Peterson will join Dr. George A. Wiley, executive director of the National Welfare Rights Organization, and Leon N. Weiner, Wilmington housing development expert, as featured speakers for the state conference on human services this Friday at the University of Delaware.

Theme of the conference is "Up With People—What Will Delaware Do For Human Advancement?" Peterson will review his position paper on public welfare at the 11 a.m. session.

Earlier at the 9:30 session, Weiner will discuss the "Housing Situation in Delaware."

At the 1:45 p.m. session, Wiley will speak on "Welfare Rights."

Peterson and Wiley will answer questions from the floor following their talks.

Blackinton, Huszti To Direct Concert Free For Public

The University of Delaware Concert Choir and Chamber Singers, conducted by Joseph B. Huszti, and the University Brass Choir, conducted by David P. Blackinton, will offer a program of contemporary music next Tuesday at 8:15 p.m., in Mitchell Hall.

American composers will be represented in the choral program with

Three Playgrounds For After-School Activity To Open

The City of Newark Parks and Recreation Department will open after-school playgrounds at three sites, at New London, the Edna C. Dickey playground, and Downes School.

Beginning Monday, playgrounds will be open from 4 to 7 p.m. Monday through Friday, with a director at each area.

Badminton, softball, horseshoes, basketball and other game equipment will be featured at this time. Formal summer playgrounds will open in June.

Children attending school, 1st grade through high school, are invited to join in spring activities at the park area of their choice.

The parks and recreation department has been developing parkways and new equipment, new ball fields, benches and other improvements have been made for enjoyment of Newark area residents.

Adults are encouraged to visit playgrounds with the children.

The contemporary musical setting of "The Mass," by Vincent Persichetti, and "The Magnificat" of Daniel Pinkham.

Contemporary compositions by the Brass Choir will include "The Three Intradas," by Nellybel and "The Nonet for Brass Choir," by Bieggier.

The concert is free and open to the public.

May Fellowship Day To Feature Panel Discussion

A May Fellowship Day program sponsored by Church Women United of Newark, will be held Friday, May 2, at Newark United Methodist Church, beginning at 11 a.m.

Luncheon at noon will be followed by a brief business meeting at 12:30, and installation of officers. Theme for the morning program is "Beginning Anew," and will feature a panel discussion with Mrs. C. Mitchell Justice, moderator.

Panelists will be Mrs. A. H. Weed, case-worker at the Florence Crittendon Home; Leo A. Waters, public information officer for the rehabilitation division at 1500 Shallowcross Avenue, Wilmington; and Dr. Aydin Z. Bill, New Castle County Mental Health Center.

A nursery will be provided; reservations for lunch are not necessary, and everyone is welcome, Mrs. William E. Godwin advises.

County Home Ec Clubs To Observe Recognition Day

Home economics extension clubs for New Castle County have planned their annual Recognition Day for next Tuesday, with the program to begin at 10 a.m. at Longwood Gardens with a lecture and guided tour.

Luncheon at the Stone Barn will be at 12:30.

Mrs. Ruth Holler is program chairman, and reservations are necessary.

Charles S. Parks To Present AAUW Sculpture Lecture

The Newark branch, American Association of University Women, will have Charles C. Parks, fellow in the National Sculpture Society present an illustrated lecture "The Social Value of Sculpture" at a meeting next Monday at 8 p.m. in the Student Center.

Parks' awards include Pennsylvania Academy of Fine Arts prizes, the Tiffany Foundation Award, the Delaware AIA and Brittingham Arts Foundation awards.

At the exhibit of contemporary liturgical art in Philadelphia, he received first prize in sculpture and grand prize for entries in any medium.

The public is invited.

Austria-Hungary Native John Smith Dies At Aberdeen

John Smith, 87, of 97 Kershaw Street, Newark, died Friday at a daughter's home in Aberdeen, Md., after a long illness.

A native of Austria-Hungary, Mr. Smith came to the United States in 1907. He had lived since 1926 in Newark, where he worked for NVP until 1954, when he retired.

Mr. Smith's wife, Mrs. Katie Smith, died in 1922.

He was a member of St. Peter & Paul Ukrainian Orthodox Church. He is survived by a son, Michael of Tampa, Fla.; four daughters, Mrs. Anna Evans of Providence, Mrs. Helen Alfrey of New Castle, Mrs. Julia J. Bregg of Wilmington and Mrs. Rose H. Hirsch of Aberdeen, Md.; 13 grandchildren and 11 great-grandchildren.

Services were held Tuesday morning at the Robert T. Jones & Son Funeral Home, Newark, with interment in All Saints Cemetery.

SHERIFF'S SALE

By virtue of a writ of LEV. FAC. No. 3 MARCH A.D. 1969 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware, on Tuesday, the 13th day of May, 1969 at 10:00 o'clock A.M. Daylight Saving Time, the following described Real Estate:

ALL that certain lot, piece or parcel of land with the brick dwelling house thereon erected on the lot, situated in the City of Wilmington, New Castle County, State of Delaware, known as 204 Tatall Street, and being more particularly bounded and described by a recent survey of the City of Wilmington dated September 23, 1968, and numbered 129 as follows, to-wit:

MAKE AMERICA BETTER

The Make America Better program is being sponsored in this area and nationwide by the National Association of Real Estate Boards. Its broad purpose—to help all of us solve the major problems of our cities and towns.

One typical woman in New York has five locks on her door. Washington, D.C., is called the "crime capital" of the nation. Muggers, rapists, and even murderers are set free on bail and are thus free to repeat their crime. Responsible citizens cover behind locked doors and shuttered windows.

Realtors of America, members of the National Association of Real Estate Boards, determined that aroused citizens through voluntary action could reduce this rising rate of crime. In its "Light the Night" campaign, with six objectives and 43 proposals for action, it started action to support law enforcement officers and to reverse the frightening rise in criminality.

One of the most popular of the Make America Better activities is the "Light the Night" campaign. Many of the 1,550 boards of Realtors in the 50 states have activated this proposal.

It is simple and easy and effective, in the words of L. Allen Morris, Miami, chairman of NAREB's Make America Better Committee.

Residents of single-family houses are encouraged to use more light, front and back, and in dark places such as garages, to discourage the degenerate rapist and burglar.

Residents of apartments, and particularly apartment managers, are asked to

take part. Halls should be well lighted, locks, windows, and doors should be checked, shrubs should be trimmed so they don't provide hiding places, and garages should be well lighted, as part of the Make America Better project.

Some boards of Realtors have made night trips with police officers to evaluate commercial locks, doors, windows, and skylights. In one city Realtors found that nearly three-fourths of the business houses checked needed better security.

Better lighting and intelligent inspection have proved to be keys in reversing the climbing rate of crime in scores of American cities.

For more information on this timely project, contained in a free Light the Night leaflet, write to: Make America Better Program, NAREB, 1300 Connecticut Avenue, N.W., Washington, D.C. 20036.

Don Sticinski Pitches Yellowjacket Win Over Penn; Chapman, Vinson Lead At Bat

Don Sticinski threw eight strikeouts in limiting the Colonials to six hits, and Shortstop Tiger Vinson and Leftfielder Dave Chapman led the Yellowjackets' 12-hit parade as Coach Francis Fulghum's Newark team defeated Wm. Penn 7-4 at New Castle last Monday afternoon. Vinson batted four-for-four, and Chapman collected three hits in four trips.

Fulghum's Yellowjackets opened with a pair of runs in the first inning, and led 4-1 after the second. Wm. Penn came up with a run in the fourth; Newark added another in the sixth for a 5-2 lead and each team scored a pair of runs in the seventh.

The Yellowjackets are scheduled to play at Mt. Pleasant this Friday at 3:30, and host Conrad on Tuesday at 4 o'clock.

Newark Notes

by GIBBY YOUNG

THE ADMIRAL
The University of Delaware's all-time winning head football coach, who gave up this extra-curricular activity three years ago to devote full time to his job as athletic director, will be honored with "A Salute To The Admiral" banquet in the Hotel DuPont's Gold Ballroom on Thursday, May 15.

Tickets are available on a first-come, first-taken-care-of basis for this testimonial to Dave Nelson, with Scotty Duncan in charge of ticket sales. The Admiral deserves a full house!

Lowell Stimmel, who has been able to take his fish or leave them alone with no strain, may experience some difficulty ignoring his fishing after a recent angling bonanza from his property on the Elk River across from Turkey Point.

With daughter Linda and her husband Bobby Ross, Mr. Stimmel caught 40 beautiful white perch and a pair of panfish but legal rock in fishing with bloodworms on a recent weekend.

Big white perch are knocking things loose in the estuaries of the upper Chesapeake, along with a sprinkling of rock.

Ed Dowling, with Charlie Bennett, caught a nice string of big white perch but no rock in a tributary of the upper Chesapeake on a recent, chilly outing — and Mr. Dowling is keeping an eye peeled for signs of shad fishing activity in the Susquehanna.

Missouri Clyde Brown, who left the inland carp, catfish and buffalo of the Mississippi watershed for the more varied marine offerings of the Atlantic Seaboard, finally caught a respectable mess of — and mess is hardly the word — fish for his young seafood fancying daughter, Valerie.

With Mike Donlin, Clyde experienced some fast action with good white perch in the Susquehanna out of Havre de Grace — and little Valerie had fresh fish for supper for a pleasant change.

Hen Golfers Win In Sudden Death Ciconite Playoff

Delaware's Tom Ciconite defeated Bucknell's Bob Cheek on the second hole of a sudden death playoff Tuesday at Louviers to give Coach Scotty Duncan's unbeaten Blue Hens a 10-9 victory.

Ciconite, Delaware's No. 1 player who had lost to Cheek, Bucknell's No. 1 player, during their regular match, parred the 180-yard second hole while Cheek took a bogey. Both men had parred the first sudden death hole.

Three other regulation matches also went into overtime with Blue Hen golfers winning all of them. Capt. Charlie Pinto, one of the extra-hole winners, and Fred Dingle were Delaware medalists, with 75.

Delaware is undefeated in nine straight matches.

The Hens meet Temple and Glassboro at 2 p.m. Friday at Glassboro, N.J.

Flynn's Trackmen In Fifth Straight Win Face Relays
Winning 13 of 17 events, unbeaten Delaware rolled to its fifth track victory Tuesday, defeating visiting Gettysburg 107-37.

Bob Woerner, Mike Kalmer and Bob Morsch each won two events for the Blue Hens. Woerner won the mile and 880-yard run; Kalmer was first in the 220 and long jump, and Morsch won the shotput and discus.

Frank Gordy scored Delaware points in four events, the 440, 220, long jump and triple jump.

Coach Jimmy Flynn's Hens won seven of 10 running events and six of seven field events.

Unbeaten Delaware travels to Lewisburg, Pa., Saturday to meet Bucknell at 1:30 p.m.

The Delaware freshmen whipped the Gettysburg freshmen 93-48. Delaware will enter just one event — the mile relay — in Friday's Penn Relays.

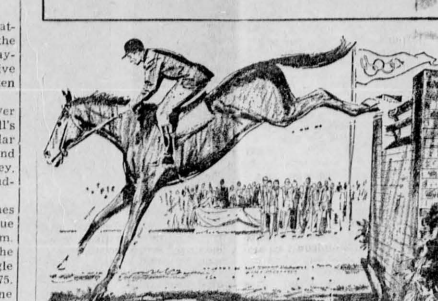

Flynn will select a quartet of runners from Bob Edwards, Steve Kessler, Gordy, Jim Smith, Bob Johnson and Pat Walker.

Heineken's Hens Wallop Lafayette, Face Home Stands
Easton, Pa. — Coach Mickey Heineken's Delaware lacrosse team exploded for four first-period goals, then raced to a 10-3 victory over Lafayette on a sloppy field Saturday behind three-goal efforts by attackmen Dan Carnevale and Stretch Lewis.

The Blue Hens had a 43-14 edge in total shots to hand the Leopards their fourth loss in five conference matches.

Heineken's Hens host Towson at 2 p.m. Saturday and entertain Washington College next Wednesday at 4.

OFF AND RUNNING by John I. Day Gold Medal Gift Horse

Gay Vie, a Thoroughbred that was consistently beaten by 16 lengths or more in races for 4-year-old maidens, had no takers when offered for sale for \$50, and eventually was "left on the doorstep" of the well-known horsewoman Barbara Worth Oakford, was inducted into the California Racing Hall of Fame at the California Exposition in Sacramento. However, Gay Vie will be honored under another name and for an accomplishment other than racing.

When Mrs. Oakford first saw the foal that had been left in one of her stalls (she had previously turned Gay Vie down as a gift) she said, "Anything with two bowed legs might as well be snow bound." However she gave the horse care as well as the name Snowbound and not long after had the last laugh when she told his former owner, Earl Kunz, that she had turned down an offer of \$3,500 for him.

Snowbound eventually became the property of John Galvin, whose daughter loaned him to the United States Equestrian team for the 1968 Olympic Games. In Mexico, under rider Bill Steinkraus, Snowbound provided the United States with its first individual Gold Medal event as a gift. It was the Olympic's Grand Prix Jumping Championship.

Paul Schlosser Tops Team In Wisconsin ABC Test
Paul Schlosser led his Schlosser Plumbing of Newark team with a 605 as his squad scored a 2,880 in the American Bowling Congress Tournament last week at Madison, Wis.

John Billingsley led the Schlosser bowlers with a score of 1,821 last Friday in the all events division, and rolled the top singles block of 622 with games of 215, 200-207.

Hannah's Delaware Nine Plays Temple Saturday
Coach Bob Hannah's Fighting Blue Hens are scheduled to play at Temple in a Middle Atlantic Conference baseball game this Saturday at 1:30, and at Ursinus on Monday at 3 o'clock.

The Hens host Lehigh in an MAC test next Wednesday at 3 p.m.

TRACK MEETS
Coach Roy Chesnik's Yellowjacket track and field varsity is scheduled for a dual meet at Conrad next Monday afternoon while Coach Jim DiStefano's Vikings host McKean at 3:30 p.m.

Use Those Terrific Trailers!
By Tom Andrews
I'm not sure that anyone knows just when or why the first spoon fisherman cast a strip of light-colored cloth or bark to hang on his lure. But it's a man who should certainly be dubbed the "patron saint" of spoon fishing!

My tackle box has held an assortment of pork trailers for as long as I could afford tackle boxes. More recently, I've kept a few rubber skirts, too.

The pork rind available as a white strip for so many years of Silver Minnows and Spikes was finally joined by the pork "frog." This chunky piece with its green and white-spotted trailer threaded onto the hook of a Johnson Silver Minnow, cut a swath through the U.S. bass population 40 years ago — and is still a deadly combination.

Then came the "black eel" that is particularly (though not exclusively) productive in southern waters. And just recently, my buddies and I have been extremely pleased with the performance of the purple-dyed pork trailer and rubber skirts.

Just what a pork trailer can mean in terms of fish or no-fish was demonstrated only last year on the Chicago lakefront when I joined thousands of anglers of all ages crowding the city's beaches and parks, piers and jetties to try for that new "miracle of Lake Michigan" — the coho.

Raymond Champs Scheduled To Play Six Home Games

Delaware's football team will play six home games next season, and Coach Tubby Raymond's Blue Hens, defending champions of the Middle Atlantic Conference University Division, will play six conference games in defense of their title. The Hens will meet Gettysburg, Lafayette, West Chester, Temple, Lehigh and Bucknell in MAC play.

Delaware's 1968 team won the conference crown for the fifth time in 11 years, and the Lambert Cup for the fourth time in the last 10 years.

The Blue Hens, who had a 7-3 record during the regular season, were crowned NCAA Atlantic Coast regional champions after their 31-21 victory over Indiana (Pa.) in the Boardwalk Bowl in Atlantic City.

Delaware will resume an old rivalry with Gettysburg when the two teams meet in the season opener at Delaware Stadium on Sept. 20. The Blue Hens held a 10-6 lead in a series interrupted after the 1966 season.

Gettysburg replaces Buffalo in the only change on the Hens' 1969 schedule. Delaware met the other nine opponents last season.

The Hens have home games with Gettysburg, Villanova, West Chester, Temple, Rutgers and Lehigh. Temple will serve as the Hens' 1969 Homecoming opponent on Oct. 25.

Raymond, who has a record of 16-13, led his team to the MAC championship twice in his three years as the Hens' head coach. He expects to field another strong team this year.

"On paper, we should have a representative team," the Hen coach admits, "but much of what we accomplished last year was the result of hard work and exceptional team spirit. We will need the same dedicated effort this season."

Delaware led the nation's small colleges in rushing during the 1968 season, averaging 315.3 yards on the ground. The Hens were also fifth in total offense with 441.9 yards per contest.

Raymond will have to replace only one man on the starting offensive unit and only four members of the regular defensive team.

"We don't lose a lot in numbers, but we do lose a fine group of senior leaders," the Hen coach says. "We will start looking for new leadership during spring practice."

John Ludlow, LU Singles Contestant In Tennis Tourney
John Ludlow, former Newark High School track and cross-country star, has been chosen by Coach Carlyle Mason to represent Lincoln University in singles competition at the Delaware Valley Conference Tennis Championships at Lincoln next Thursday.

Ludlow defeated George Evans of Delaware State 5-7, 6-3, 12-10 as Lincoln stopped the Hornets 5-4 on Monday at Dover.

The former Yellowjacket athlete teamed with Al Gipson to defeat the Delaware State team of Evans and Johnson 8-6, 7-5 in doubles.

Coach Bob Turnberger's Vikings Score Unearned Runs To Edge DeLaWarr 2-1

Co-Capt. Glenn Thompson scored the winning run for Coach Bob Turnberger's Christiana Vikings by racing home in the sixth inning after a DeLaWarr error last Monday as Christiana edged the Lions 2-1 on the DeLaWarr diamond.

All three runs in the game were unearned.

Pitcher Dan Dolphin, who gave up six hits over the seven inning route, scored the first Viking run on a DeLaWarr error in the third inning.

And with Christiana leading 2-0 in the sixth, Lion Shortstop Cal Sparty scored on a Viking error after Leftfielder Bob Sarro's double.

Turnberger's team shut the door on the DeLaWarr rally and held onto a 2-1 edge through a scoreless seventh.

NOTICE OF PUBLIC SALE
The City of Newark will sell for cash to the highest bidder on Monday, May 5, 1969, at 10:00 A.M., at the Public Hearing in the Council Chamber, Newark, Delaware, Tuesday, May 13, 1969, at 8:00 P.M., the following motor vehicles:
