Laws Family Will Hold 16th Affair

The 16th annual reunion of the descendants and friends of Joseph and Mary Laws will be held at Pine Tree Farm, the home of Mr. and Mrs. Norman H. Laws, Glasgow, on Labor Day, Monday, September 6. Due to the convenient location and picturesque surroundings, Pine Tree Farm has been chosen in preference to the usual meeting-place, Delaware Beach. Pine Tree Farm, located two miles east of Glasgow, has been chosen in an effort to alleviate the gas and tire shortage.

A basket luncheon will be served at one o'clock, and recreation in the form of games, contests, etc., will be presented by the Misses Florence Ford, Betty Ford, and Dorothy Wright in the afternoon.

Prizes will be awarded to the winners of the various contests, and gifts will be presented to the oldest and youngest member attending.

The ice cream committee, consisting of Delaware Laws, Julian Laws, and Miss Charlotte Laws, will be in charge of serving ice cream on the lawn in the late afternoon. The regular business meeting will be held at the end of the day, and new members elected to place those now in office.

More Corn Ordered To Relieve Shortage

There is more good news for Delaware farmers in a recent announcement by the Delaware USDA War Board. The War Board has announced that seven carloads of corn have been ordered from the Commodity Credit Corporation for shipment to the State.

This shipment of seven carloads of corn is in addition to the five carloads ordered about a week ago. This is shelled corn and will be distributed to feed men here in the State to help meet the shortage of feed grains—a shortage which is steadily growing worse because of drought conditions that have cut feed production.

These supplies of corn will come from stocks purchased some time ago in the Corn Belt by the CCC and will only be used by the mixers in dairy and poultry laying flock feed mixtures.

How About That!

By
Ruth Safran

It might have been just another Saturday afternoon—kicking off your shoes, unbuttoning your shirt and planning dinner.

Or you might have had the glorious surprise of finding an 18-year-old son, tanned by sea winds, old beyond his time from the sights he has seen—back from the wars for a too-brief stay with his Mom.

When Mrs. Mae Smith opened the door, George William Smith, Seaman 3rd Class, hugged her and bawled her out for the tears that coursed shamelessly down her cheeks.

George had enlisted last October 18, the very day he became 17. Since then he has seen sea duty as a Soundman, performing the mysterious rites connected with locating enemy subs and other craft.

At North Africa he got his first taste of World War II, came back with memories and a German belt picked up near Hill 609. And in the recent Sicilian campaign, while the fighting was in progress and men were passing the antiaircraft ammunition, George looked down at a cartridge clip full of shells, whooped and shouted: "Hey fellows, let's really give it to 'em with these. They come from Triumph—and my Mom works there!"

Hellzapoppin' For Sure
Bettie Douglas showed me the clippings—the story of a local boy (Laurel, Del.) making bombing history.

When he's not busy looking at Cap Zeros with a withering eye, Capt. Richard H. Ellis lives in the same neighborhood as Bettie's folks and the town is singing his praises.

Now a veteran of 50 combat missions—at the age of 23—Dick recently helped to lambast the Jap air force over the Wewak area of New Guinea, planting 12 bombs into an ammunition or bomb dump.

After the confetti-making attack on the Wewak airfield—in which 225 enemy planes were pounded, Capt. Ellis said the raid "avenged Clark Field" and "was like a dream come true."

Dick's Mitchell Bomber is known as Hellzapoppin'—and you tend to add "and how" when you read about its antics.

Home Front
In that old-fashioned era called "normal times", a dentist was expected to serve a population of about 1000.

They tell me that now with town and country combined, the Newark dentist's "work area" includes about 10,000, that means 10,000 divided into two hands and a human need of sleep.

How he handles it is a matter of stretching that already strained cable called human endurance—and aiming at a single goal—to relieve pain, treat emergencies whether war worker or long term patient.

Last week this column reported some gripes heard in surrounding towns about the difficulty of getting dentist appointments.

There's a big "however" that should have been spotlighted.

Dentists like Dr. Paul K. Musselman gaze unflinchingly at an office crowded to the gills after hours with old or new faces—because they are determined that none shall suffer because of a toothache they might have treated.

Victory Garden Vignette
In the last issue of TNT, Triumph Houseorgan, the vegetables of Edward J. Dailey of Newark were photographed and praised. The reporter was accurate but heartless when he noted that the Dailey victory garden was potato-less.

In this week's mail, the Editor of TNT was greeted as follows:
"Last month you published a statement that I could raise everything in my victory garden except potatoes."

"As a good Irishman I resent this statement and wish to explain what happened."

"I invited Bill Priestly, Supervisor in Tracers, to look at my garden and when my potatoes saw him, they just laughed themselves to death. The only satisfaction I have is that my potatoes died happy."

Blackout Beams
I suppose it could be classed under "Blackout Incident" when lights had to be doused at the USO party in the Legion room, leaving a room full of dancers determined to dance on. And they did. The orchestra being "hep" and "ready", no morale casualties are reported.

Before and after this hour of solid non-spotlight dancing, a large group crowded in community singing, expertly led by National USO Music Adviser Stanley Hassell, accompanied

ever so smoothly by Leslie B. Fowler of Elkton. There were relay games, cake walks and other excuses for awarding good prizes.

Chief-in-charge of more-items than one person-can-handle was Miss Henriette Archambeault for the USO and tireless Mrs. Thomas Mylrea for Newark.

Sailor Suits and Such

Encore requests from both parties brought forth another invitation from Bainbridge to attend one of their usually well-planned dance frolics tomorrow night (September 3).

The huge Navy bus will draw up in front of the USO building (at Academy and Main) at 7 P. M. to take in all girls pepped up for gobs-ful of dancing.

Chapel Trio To Sing At Tent Meetings

The Chapel Trio composed of Dorothy Triebold, Margaret Walther and Hilda Morse will sing each evening this week at the Evangelistic tent meetings being sponsored by the Bible Presbyterian Church on the lot next to the Newark New Century Club on Delaware Avenue.

The message at the services which start at 7:45 each evening including Sunday will be delivered by Ed Martin of the Pocket Testament League.

The Sunday School service will convene on Sunday morning at 10 o'clock and will be in charge of H. Lloyd Yarnall, superintendent.

The pastor, Rev. Thomas G. Cross will preach at the morning worship service which will start at 11 o'clock.

COUNCIL MEETING POSTPONED

The regular monthly meeting of the Town Council scheduled for Monday evening, September 6, will be held at a later date, Mayor Frank Collins stated yesterday.

The regular meeting will be postponed due to Monday falling on Labor Day. The actual date of the postponed meeting will be announced later.

SURE SHOT

Members of the Newark Rotary Club have instructed the writer of this column to issue an appeal for a guide to show Lester Scott, president of the Newark Rotary Club where to go clamming.

According to members of the Rotary Club, President Scott, who is very fond of clams, spent a vacation at Rehoboth Beach and while there, he is supposed to have spent the most of his time trying to find where he could gather clams.

FLASH—Ronald Coleman is enrolled in 5-A room at the Newark High School. We are sure that Miss Katherine Clements, who is the teacher for room 5-A will be real thrilled when she learns that this famous name has been added to her list of students for the coming term. Some teachers get all the breaks.

This OPA crap is getting me down. On Tuesday when the TUVW stamps run out I had to go to the store and buy a lot of junk that I did not need just so that I could use up the stamps. I hope the meat don't spoil but I like a great many others, am not going to get beat out of something that is coming to me.

The Third War Bond Drive will start next Thursday, September 9 when everyone is supposed to dig down in their jeans and buy Bonds until it hurts. The Government seems to remember the last war when the war workers went on a buying spree and by the time the war was over everyone who had made big money had spent that same big money and when the depression came along there was nothing left to pay the bills so the government had to pull the WPA out of the Three-Letter Hat and of course the public again paid the bill.

Wess Perry who so successfully conducted the Second War Bond Drive is sort of setting on the side lines this time. He said that he was some kind of a high sounding officer in the campaign. Something like an umpire. He gave the hard part to George L. (Buss) Townsend III who he gave the title of Sales Manager to. Of course Mr. Townsend has a good group of sidekicks who will give him a lot of assistance.

Then the matter of Zone Captains came up and most of the Zones have been provided with Captains who will have a job on their hands. I looked over the list and they seem to be the Cream of the Crop. Workers who will go out and do things.

Then they had the nerve to put Sureshot on the parade committee and expect to have a big bang-up parade. Well folks we are going to have a parade and as they say in the movies—I hope you like it.

Following the parade there is going to be one of the biggest open air rallies that the old home town has ever known. The parade which will start from in front of the high school will end at the steps in front of the Memorial Library where there will be a lot of Bally-Hoo about being patriotic and buying Bonds.

Now the best part about that speechifying will be three short talks by three of our own Newark boys who have been serving in the South Pacific with the 198th. Mary, the bookkeeper here just seen that fancy word that I have in this paragraph and she stated that besides being misspelled, there is no such word as speechifying.

Well, it sounded good to me, and not having had much book-larin', I just went ahead and used it.

Those boys who left here from Battery "E" and who have lived with the natives for about 20 months have done a fine job and we want to turn out and give these boys a hand.

Fourteen of those boys arrived back home last week-end and they look grand. There will be other speakers at the Bond Rally who will also speechify. There will be special music by the bands and you all know that that Professor Frederick B. Kutz does things with our young musicians. Yes, the High School band will be on the job and then there will be the famous Continental-Diamond Fibre Company Band directed by that trumpeter David Chalmers. Major McLaughlin at the New Castle Army Air Base has stated that if possible the band from the Base will be over and demonstrate how the Flying Musicians can dish it out.

While at the parade committee meeting on Tuesday night that Perry man just sat there and drew pictures of a new uniform for himself that he would like to wear in the parade. What did it look like? Well, the word is Fantastic. It looked something like a Zoot-Suit with a cap like a bell-boy.

The Newark Post Office deserves the new title of a First Class Office. Why? Well all the windows in the post office boxes have been cleaned and now you can tell if there is anything in your box without having to get the keys out and opening the box so that you can see. Someone has used a lot of elbow-grease. Someone has done a fine job.

NO RACING EXTENSION

Garden State To Close On Sept. 11

The New Jersey State Racing Commission took no action on a petition submitted this week by a group of 125 horse owners and trainers at Garden State Park for a ten-day extension of the race meeting being conducted at the year-old track near Camden.

A spokesman for the commission said no action was taken on the plea because the New Jersey State law forbids a meeting longer than the 50 racing days already allotted Garden State Park. The current meeting will end on September 11.

The spokesman said the petition was submitted by owners who claimed they "had no place to go" between the closing of Garden State Park next Saturday and the opening of Pimlico, at Baltimore on October 7.

LETTER FROM THE CAPTAIN

To Friends and Relatives of Men In Battery "E" 198th C. A., A.A.

Now that many of the original members of Battery "E" are returning to the United States I feel that perhaps this letter will help dispense with any misunderstandings or anxieties on the part of the friends and families of the men remaining here.

"It is indeed unfortunate that all the fellows could not return together. I am sure that everyone realizes the impossibility of this. We have a part to play in winning this war and, no matter how small that part might be, it cannot be performed without the work of experienced men.

"While living in Newark and during my assignment in Battery "E", I have come to know each member personally. Believe me when I say they are all well. Never once have they permitted their thoughts of home to interfere with their work. It takes real men to keep chins up out here this long when comparatively new men selectees are in the States wearing stripes.

Whether they be Sergeants or Privates, Newark means home and friends to them. They are proud of it and you would be more than proud of each and every man if you could be with them as I am.

Mail Call is more important to them than Chow Call, so keep writing to the boys. You all know how much easier it is to write when there are letters to answer.

Hoping we all see Delaware real soon, I remain

Capt. Battery "E", 198th CA AA
Respectfully yours,
David P. Buckson,
Commanding

One of the first naval pilots in the United States was Marine Corps Lieutenant Alfred A. Cunningham.

THE NEWARK CHAMBER OF COMMERCE

DEADLINE ON XMAS MAIL FOR SERVICE MEN OCT. 15

Package May
Be Mailed Only
During Period
Sept. 15-Oct. 15

The Christmas shopping season is here—even though the weather is still warm. Mailing of gifts for Army and Navy personnel overseas must begin by September 15, if many of the men and women in our armed services are not to be disappointed; and September 15 is less than a month away. Christmas gifts may be mailed by parcel post to Army men and women

overseas only between September 15 and October 15. After the latter date, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ask for a Christmas gift; so gifts must be mailed on time. The Navy also urges that gifts be mailed between September 15 and October 15.

Reasons for the early mailing dates are: The vast distances that the parcels must travel to reach our men at war fronts and stations the world over; frequent transfers of thousands of men from one location to another, which means forwarding of the mail and consumes additional time; the necessity for giving preference to reinforcements, arms, munitions, medicine and food in allotment of shipping space, which often means that the shipments of gifts must wait. And it is most urgent that gifts be delivered to the men IN TIME FOR CHRISTMAS, to keep their spirit high.

The only way to insure against disappointment for the fighting men is to buy at once and mail early—mail your gifts as soon as possible after the September 15 starting date.

Those who have relatives or friends in the service should remember that

we have fighting men in Alaska, Greenland, Iceland, England, Sicily, far-separated regions of Africa, the Near Eastern countries, Australia, many of the South Pacific Islands, India, China, South America, and other areas.

Weeks are required for a ship to reach many of these stations. There can be no assurance, of course, that the first ship sailing for any of these locations will have space available to carry Christmas parcels. Gifts may have to wait until vitally needed supplies and equipment have been shipped, to assure victory and to save the lives of our men. If the parcels are not mailed early, that delay may prove to be just enough to prevent their arrival by Christmas day, with consequent disappointment to the men who are offering their lives for their country and ours.

Mail of all kinds is vital to the spirit of fighting men. Every officer who has inspected our Army and Navy postal facilities overseas has reported that thousands of fighting men disregard mess call when it conflicts with mail call, and get their letters first. Officers at our large military and naval stations report that the spirit and efficiency of their men receive a distinct lift when mail is distributed, and that

a delay in mail service caused a decided decline in spirit with a consequent let-down in efficiency.

A disconsolate soldier or sailor who thinks he has been forgotten at Christmas obviously is not at his best. So the gifts MUST be mailed on time so that they can arrive on time.

Rules for Christmas mailings to the fighting forces overseas were made public in June for the guidance of early shoppers. They include:

The parcel must not exceed five pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the same mailer.

The parcel must be well and strongly packed, in a container of metal, wood, strong fiber board, or similar material, then wrapped in strong paper and tied with twine. The cover should be such that it can be opened readily for censorship. The contents should be packed tightly.

Perishable goods, such as fruits that may spoil, are prohibited. Intoxi-

cants, inflammable materials such as matches or lighter fluids, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, must have their edges and points protected so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Since the armed forces are being plentifully supplied with food and clothing, the Army and Navy recommend against these as gifts.

Addresses must be written clearly and completely. In addition to the return address of the sender, a parcel for an Army man should show the name, rank, Army serial number, branch of service, organization, Army post office number, and name of post office through which the parcel is routed.

A typical address for an Army man: Private John R. Doe (Army Serial No.) Company F, 167th Infantry A.P.O. 810, c/o Postmaster New York, N. Y.

The address on a parcel for a Navy man should include the name and rank or rating of the addressee, the Naval

unit to which he is assigned and the Navy number assigned thereto, or the name of his ship, and the fleet post office through which the parcel is routed. A typical Navy address: John M. Jones, Seaman first Class, Lieutenant Roger W. Doe, U. S. Navy U. S. S. Minnesota c/o Fleet Post Office San Francisco, Calif.

Hay Shipments Are Expected Here Soon

To help further in meeting the critical shortage of feed in this area the Delaware USDA War Board reports that the CCC is purchasing stocks of hay in areas of the West where there is a surplus. Under this emergency feed plan the CCC will ship to the State supplies of hay for distribution by a farmer's cooperative serving all sections of the State. It is expected that farmers will be able to purchase hay in carload as well as less-than-carload lots.

Shipments of this hay is expected in the near future and farmers in need of it are advised to contact their local County USDA War Board. These county War Boards are located at Newark, Dover and Georgetown.

Proclamation

TO THE PEOPLE OF THE UNITED STATES

Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence of the

[SEAL] United States of America the one hundred and sixty-eighth.

By the President:

CORDELL HULL

Secretary of State.

LIONS HEAR TALL TALES

**War Bond Goal
Nearly Reached**

Members of the Newark Lions Club were well entertained with a repertoire of "tall stories" told by Major Ray Baldwin, of Elk Mills, at their dinner meeting held Tuesday evening at the Country Club.

Major Baldwin's tales were interestingly told and exceptionally well received by the better than average attendance. Major Baldwin was introduced by Thos. A. Ross, program chairman for the evening.

In addition to Major Baldwin, Mr. Ross had another treat in store for the Lions and introduced his daughter, Joan, who gave several vocal selections. Miss Ross was accompanied on the piano by Miss Lynette Steinhour.

The regular business session of the club will be the order at Tuesday's meeting. Several matters of importance will be discussed and President Edw. A. Curtis especially urges that every member make an extra effort to be present.

The Lions Club War Bond and Stamp goal of \$25,000 is nearing achievement. Herman Handloff reported sales as follows: Tuesday, bonds, \$375.00, stamps, \$22; total, bonds, \$18,800, stamps \$465.00.

Air Raid

(Continued from page 1)

plosive bomb with the center of the disturbance being at 100 Bent Lane.

Civilian Defense workers in the district received instructions from the control center and went to work taking care of the incident the same as if it had been real. Dr. Glenn S. Skinner dispatched gas and bomb crews to the scene to take care of the emergency. Ambulance crews were also sent to the scene and decontamination crews were sent to get rid of the gas.

Other groups of air raid wardens and auxiliary police went through the motions of evacuation and it is felt that the practice will come in handy in case of a real raid.

Another incident was planned for The New London Avenue area but for some reason it is believed that someone slipped up as when Captain Clarence F. Wells, gas and bomb expert arrived he and his crew were unable to find the unexploded bomb. The area had been blocked off by auxiliary police and air raid wardens and only those persons were admitted into the zone who had official passes.
