## BOY SCOUTS TO CANVASS FOR POLIO DONATIONS

### March Of Dimes House To House Campaign Will Open Saturday

Newark is planning to celebrate the tenth anniversary of the National Foundation for Infantile Paralysis with an intensive drive including an appeal for funds to business firms and to private homes.

The plan of a house to house canvass was given support by an announcement from Samuel Handloff, chairman of the Newark March of Dimes Campaign, to the effect that the Boy Scouts will tour the town on Saturday, January 17, to distribute individual coin envelopes at all homes.

This work by the Newark scouts will be directed by Michael A. Kubicki and J. S. Steiner. Individuals are asked to cooperate by mailing the envelopes as directed on the outside. The Scouts will be around to collect the envelopes on January 24 but the difficulties of this task make it desirable for the public to assist the Scouts by mailing the envelopes before January 24.

Newark will be credited with all contributions handled this way. Special contributions may be mailed to Silas Pettit, treasurer of the Newark committee. Early reports from Wilmington indicate many people remembering last year's polio epidemic in Delaware are determined to give generously.

Mr. Handloff announced the addition of two names to the Newark committee: J. S. Steiner and G. M. Wilson. The next meeting of the committee will be on January 19, at 8 p. m., at the New Castle County Health Unit Office.

## UNIVERSITY CONCERT TO BE GIVEN TUESDAY

**J. R. King,  
Music Department  
Of University,  
To Be Conductor**

On Tuesday, January 20, at 8:15, in Mitchell Hall, the University Concert Band will present its first concert of the season. It will be under the direction of their conductor, Mr. J. R. King of the Music Department of the university.

The program is composed, for the most part, of music by contemporary composers, and offers some of the best music written for the medium of concert band.

Music for bands, other than marches, is comparatively new in this country and until thirty years ago very little was written for concert performance. Since that time many good composers have been attracted to band music and have produced a number of excellent works.

The first composition on Tuesday's program will be "American Salute," by Morton Gould. This work is based on the Civil War tune "When Johnny Comes Marching Home," by Patrick Gilmore. Gould gives this old song interesting treatment in the modern vein.

Second on the program is an arrangement of an American folk song, "Poor Wayfaring Stranger." Featured in this arrangement are the oboe and the trumpet.

Next the band will play an arrangement of a Bach Chorale-Prelude, "All Glory be to God on High," followed by a descriptive overture by Balay, "Au Pays Lorrain (In the Province of Lorraine)."

Fugal Fantasia by James Gillett will be the next offering of the University Band. This work was originally written for band instrumentation.

The band will play next a composition by one of the foremost composers of band music, Percy Grainger. The title of the composition is "Immovable Do." The word "Do" refers to the note "C" which is heard throughout the entire composition. Grainger, above all others, has a knowledge of band instruments that is unsurpassed.

The last number of the program is a tone poem by the contemporary English composer, H. In Wood, entitled "Mantlin Veen." This work is based on four Manx folk tunes. The term Manx comes from the Isle of Man, a small island off the English coast.

### Ted Jones says It's a Fact!

THERE IS NO GREATER LEGAL PENALTY FOR STRIKING A PERSON WEARING GLASSES

There are no laws specifically providing any greater penalty; however, as a person wearing glasses would be more likely to be injured from a blow in the face, the court might take the fact into consideration in an assault and battery case.

## FARMERS HEAR EXPERT TALK ON HIGH PRICES

**Dr. Bausman Main Speaker At Hockessin Dinner Meeting**

Dr. R. O. Bausman, head of the University of Delaware's Department of Marketing and Farm Management, stated that he believes the peak of the post-war inflation is nearing, and that a reduction in price levels is imminent.

Dr. Bausman, the main speaker at a dinner meeting of the Club Fellowship of the Friends Meeting at the Friends Meeting House, Hockessin, declared that two major factors are exerting pressure for lower prices.

First, he stated, production is catching up with demand in most industries except the automobile and housing industries. This leveling out of the difference between production and demand shows that high prices cannot continue.

He also stressed that a study of commodities for future delivery, such as grains, cotton and sugar, shows that operators on commodity exchanges expect commodity prices to be lower within eight or 10 months than they are now.

Dr. Bausman said that it appeared about a year ago that heavy supplies of beef and pork coming to market would make lower prices fairly pronounced in 1948. He said that the change in the American foreign policy since that time has caused the higher price levels to be maintained.

He pointed to the Truman Doctrine as the major cause of high price levels continuing, inasmuch as the plan calls for the shipment of huge amounts of farm products to Greece and Turkey. He said that this new demand has been a material factor in raising farm prices during the past year.

Dr. Bausman outlined the possibility that the Marshall Plan will also be a brake on the downward trend of prices for a while. He said that regardless of market indications, the preponderance of evidence is that the Marshall Plan will support high prices for at least several months.

The speaker added that although 1948 looks like a good year, it is likely that agriculture will begin to feel the pinch of falling prices during the next two to five years and "may be confronted with many puzzling and perplexing problems."

Lewis Wroten, Harrington, was high scorer in the small grains judging contest for Delaware 4-H Club members held at Caesar Rodney High School recently. The contest was a feature of the annual Delaware Crop Show sponsored by the Delaware Crop Improvement Association.

## RECHUBA CAUGHT IN WILMINGTON

Wilmington police apprehended Norman Rechuba, 24, Lewisville youth accused of bank robbery, several hours after he and a companion escaped from the Norristown State Hospital.

Sgt. Herman Hughes and Patrolman J. K. O'Neill seized Rechuba as he attempted to enter a truck in the rear of a Wilmington home near Tenth and Union Streets. He was clad only in the blue denim trousers and shirt he was wearing when he fled the hospital.

Rechuba offered no resistance. He said he got as far as Wilmington by "bumming rides."

Rechuba's companion in the escape, George James, 24, Negro, of Philadelphia, still was at large. James and Rechuba, who had been committed to the institution last Nov. 21 as criminally insane, used a heating radiator lever to escape. With it, they pried open the bars of a window grille of their first-floor room.

Rechuba was accused of staging an \$8,700 bank holdup at West Grove, Pa., last Oct. 9 with Lawrence Griffith, 35, of Bear. Griffith is awaiting trial.

## Former British Minister Speaker Here

Sir Gerald Campbell, former British minister to Washington, D. C., described the British as a "flintlike" people in his talk before an audience at the University of Delaware.

Sir Gerald, guest speaker at a University Hour assembly, spoke on: "Britain's Battle for Recovery" and listed the country's most essential needs as "coal and food to enable men with renewed energy to work so that her quality goods may bring her more food to give the workers; not only food, but heat and light, clothes, leisure and joy—a better morale and better morals."

Sir Gerald, who served for 40 years in Britain's diplomatic service, including the period 1941-46 as minister in Washington, was introduced by Francis H. Squire, dean of the university.

## John W. Milburn Wins 14 Prizes On Apples

Mr. and Mrs. Milburn also attended meetings in Hagerstown last week as well as in Baltimore.

## Ware Abouts

There IS a Santa Claus. At least there was last week, belatedly, for the little Wilmington girl whose Collie pet was run over and killed by a Newark man, last Monday.

We appealed for a Collie puppy, to replace the one lost to this little girl, in this column last Thursday and on Friday we had the pup pledged. It was delivered to us on Saturday and we immediately took the home of the desolate child.

The worshipful gleam of joy and pleasure that enlightened her face and the profuse gratitude of her family really struck a spark in our flinty heart and, we believe, would have been ample compensation to those who made this puppy possible, could they have witnessed it.

The pseudo Santa was aptly played by Joe Crossan and other unknown members of the V. F. W. who, sitting around the local club last Friday, conceived the excellent idea that to make available a puppy to this child would be a kind, humane act.

No sooner said than done, this group located a wonderfully appealing Collie puppy and advised us that delivery would be made the following day—which it was. The rest you know, and everybody's happy. Particularly are we happy—first, to know that such a swell bunch of fellows read WareAbouts and second, that they took to heart our appeal for aid in doing an act of kindness.

They may never receive any more reward than these few words but we know that in their hearts they're happier for having done a noble deed and brought happiness to a little child who could not understand the sudden loss of a cherished companion. Such co-operation as this is one of the few joys that help compensate for the headaches of publishing a weekly newspaper. Thanks, fellows, a lot!

Ned McCully, upon whose shoulders rests responsibility for flooding and otherwise making available the local ice skating rink behind the town garage, could well use some help these winter days.

It's a lot of work flooding, scraping, hauling hose, etc., to provide water for this project and one on which volunteer aid could well be used.

Kids and some adult townspeople are enjoying the safe and convenient use of the rink. So if you have a few spare hours and would be interested in contributing them to this project, give Ned a ring and tell him you're available.

Incidentally, this Ned—that is Edwin T. McCully—an employee of the Continental-Diamond Fibre Company for the past fourteen years, embarks on a new vocational enterprise today when he becomes manager of the electrical appliance department of The Newark Department Store, terminating his association with the local fibre mill.

We extend personal best wishes and bespeak for Ned much success in his new position in the knowledge that his many friends will enjoy shopping and visiting with him in Newark's most modern and complete department store.

Look for the opening of the newly enlarged and remodeled National 5 & 10c Store next month—complete with lunch and fountain facilities. This and other 'new' or 'remodeled' business are a tribute to the stability and future of

Newark's business growth. Among this category are:

Fader Motor Co.'s remodeled interior; Dennison Motor Co.'s addition of a complete new wing; The Newark Trust Co.'s enlarged and remodeled facilities; the recent opening of the Blue Hen Laundry and Cleaners; addition of a new marquee on the State Theatre and plans for a new Handloff cinema; comparatively new fixtures installed not too long ago at both Neighbors Pharmacy and Rhodes Drug Store; T. S. Jones new 'front' and interior; Newark Farm & Home Supply's renovation both inside and out; Newark Cleaners 'change of face'; Peggy Cronin's improvement of what for too many years was a residential property and many, many others.

The old town's changing slowly but surely, but always for the better.

A good looking, personable young male college student stumped us yesterday when he casually dropped into our office and asked: "What cultural influence does The Newark Post have on the public it serves?"

Far be it from us to even admit such a thing, much less stick our neck out to attempt an answer. So, we'll check it up to you. What cultural influence does The Newark Post have (if any) on you, for instance?

Can't help but envy those lucky dogs, Frank Anderson and Paul Musselman, who, by the time you read this, will be gaily knocking that little white ball around the beautifully manicured golf links of Florida east coast resorts.

Have you given a CARE lately? If not, both local banks are still accepting subscriptions of \$10 or more and The Newark Post is accepting lesser subscriptions to provide the necessities of life to some unfortunate in devastated European countries. If you haven't, won't you—give a CARE today.

An advertisement of an Attorney's Sale, in the Cecil Democrat last week, spells 'finis' for The Charm House, 3 miles West of here on Route 273 which made quite a splash some months ago only to end in a splutter.

## The Sports Post

By Sean N Hurd

Take one second and two points and nine seconds and two points; add them together and what do you have? If you have any trouble solving that problem just take it to Joe Brunansky or any member of his University of Delaware basketball squad to obtain the answer—which, we're sure you'll be told, is two heart-breaking court defeats giving the Blue Hens undesired but nevertheless undisputed last place in the Southern Division of the Middle Atlantic States court circuit.

Delaware's two defeats last week were tough to take—and somewhat surprising, coming as they did in quick succession immediately after their sterling conquest of University of Buffalo. Drexel turned the trick in Philadelphia on a Dragon field goal which dropped through the cords just as the gun sounded after Jim (Reds) McFadden had knotted the count at 55-all with only six seconds remaining. Swarthmore was the second villain in the piece. Playing in the local Field House, the Garnet trailed for 39 of the 40 minutes of action, then established a one point lead which was dissolved by Ace Hoffstein's free toss at 9:40 of the final quarter. But, sad to relate, another Quaker two-pointer hit the hoop with only nine seconds to go—and Swarthmore annexed the ball game 38-36.

Principal cause of the Hens' loss to Swarthmore was that dread Delaware disease which has been the bane of Blue and Gold basketball teams for years on end—the failure to drop even a reasonable percentage of their free tosses from the foul stripe.

Another conference contest is on the card for this Wednesday, at which time, at Collegeville, Pa., the Hens face Ursinus—overtime victors over Haverford last Saturday night. Next Saturday evening, on the home hardwood, the opposition will be furnished by Johns Hopkins of the Mason-Dixon Conference, in which the Hens retain a nominal membership.

Inasmuch as last year's Blue Hen quintet, which compiled a record of nine wins and seven defeats, is practically intact this year and also has some valuable additions, early predictions were that the Delawareans would improve on the '47 record—and mathematically it is still possible for them to do so. But perhaps this is a good time to take stock and make a few comparisons.

The current record stands at two wins and five losses. At the same stage in last year's campaign the statistics were exactly reversed—showing five wins and only two defeats. Thus with an eighteen game card this year the Hens need a total of ten wins for a record comparable with 1947. This means that in order to achieve such a goal the campus cagers must come out on top in eight of their 11 remaining games—and that's no mean assignment.

Over at the high school the Yellow Jackets, with a one-and-one record, face two tough opponents this week—both at home. On Tuesday night they tussle with Claymont's Indians, who won four straight before being stopped by Brown's Bears. In order to top Claymont the Newarkers will certainly have to devise some means of stopping lanky Earl Voss, who even in defeat racked up 21 points against Brown. The Jackets' second contest of the week will be with Conrad on Friday. The Redskins (more Indians) have won two out of two, one victory being a 45-19 trouncing of A. I. duPont. The latter crew was turned back 42-33 by Newark in a game in which Tony Cosetti set the pace by notching 22 points. Newark's lone defeat thus far was by P. S. duPont, 45-22. In that encounter Bobby Gregg (with 10) and Cosetti (with 9) accounted for all but three of the locals point.

We've been a-readin' in the current issue of SPORT magazine how North Carolina State decided a couple of years ago to have a really top-flight basketball team. It seems that after that decision was made the NCS authorities employed a coach from the Mid-West who, after looking over the high school basketball crop in the South, reckoned as how he'd have to go back to the Mid-West to find the calibre of talent he required.

Now we're ready to concede that some of the finest basketball in the country is played in Indiana and states adjacent thereto. We'll even give the Mid-West an accolade for the important part it played in propelling the game to its present state of prominence and popularity. But we just don't believe that any section of the country has a corner on the market for outstanding athletes in any sport in which the weather is not a primary factor.

Consequently it was with a sort of vicarious pleasure that we learned that little LaSalle College's current quintet is comprised solely of former scholastic basketballers from the Philadelphia area. Relying entirely on local talent, the Explorers seem to be doing all right, too. With 10 straight victories they're still one of the select few in major collegiate court circles without a defeat to blemish a perfect record. Included among LaSalle's victims are such powerhouse fives as Arkansas, Southern California, and Utah—last year's National Invitation champions.

P. S. All of the above is no reflection on North Carolina's State's great team—which a few days ago rolled up 95 points against Furman.

## DELAWARE COURT FIVE LOSE TWO LAST WEEK IN HARD FOUGHT BATTLES

### Field Goal In Final Seconds Give Drexel And Swarthmore Victories Over Blue Hens; Wood Big Gun For Locals

Jules Schwab's dramatic field goal as the final whistle sounded gave Drexel Tech a 57-55 victory over the University of Delaware's basketballers in the Dragon's initial game of the season here. It was Delaware's first Middle Atlantic Conference test of the campaign, but the Hens dropped four non-league games against two victories in previous engagements.

With the count deadlocked at 55, Schwab's one-handed shot was still in the air as the game ended.

Drexel raced to a 4-0 lead before Barney Runcie and Vic Wood fired baskets to tie the score at 4-all. The two squads were then knotted at 6, 11, 13 and 26 before a foul conversion by Roy Wagner and a two-pointer by Percy Clark put the home team ahead at half time 29-26.

The Dragons continued in command although playing reserves and held a seven-point advantage with four minutes remaining. However, Capt. Gerry Bowlus put the Delaware squad back into contention as he made good two foul conversions and notched a layup. Jim McFadden's long set shot made the score 53-53. But Joe Destefano sent the Dragons ahead with a score from pivot. Another basket by Bowlus tied the game again and set the stage for Schwab's dramatic ending.

Wood was high scorer in the contest with 17 points. He tallied six field goals and added five penalty points. Bowlus contributed 11 points to the Delaware attack, while Destefano was high for the Dragons with 12 points.

Swarthmore College basketball team broke a tie score in the final minute of play to defeat the University of Delaware, 38 to 36.

The Blue Hens led at half time, 17 to 8, but a Garnet rally in the second half gave the visitors the lead, 36 to 35 with one minute to go.

Jules Hoffstein, of Delaware, parted the cords from the 15-foot stripe to knot the count at 36-all, then Warren Higgins of Swarthmore, tallied a field goal in the closing seconds to give the visitors the victory.

For Delaware, Monk Runcie, Hoffstein and Billy Cole were outstanding. Jim Reilly, 19-year-old former Philadelphia Central High School star, paced the Swarthmore cagers.

### Bowling League Holds Banquet

The Friday Night Bowling League held their first half banquet Saturday evening in the Academy Restaurant. A short business meeting followed the dinner with President Carroll Mumford presiding.

Unfinished business left over from last year's business meeting was the sanction of the league, which was taken care of by this year's officers. The Friday Night League and the Women's Bowling League are the only two leagues sanctioned in Newark.

Mr. Harold Sheaffer explained the meaning of sanction to the league members. After the members were filled with oysters, they went to the alleys for sweepstakes. Henry Mote of the Mayons and Mr. Perkins of the Marylanders were teamed together and did right well for themselves as this team won two sweepstakes.

The University of Delaware swimming team was nosed out 43 to 32 by Franklin and Marshall's tankmen in a meet held in the Taylor gym pool.

The Blue Hens won four events, placed second in three and registered three thirds but were unable to overtake the early lead set up by the Diplomats.

Bob Cofer paced the Delaware squad winning both the 50 and 100 yard free-style events covering the distances in 25.6 and 58.2 seconds respectively. Lew Ward travelled 150-yards in 1 minute 51.3 seconds to capture the back stroke event and Bauduy Grier took top diving honors.

Franklin and Marshall swimmers were victorious in the 300-yard Medley Relay, 220-yard free style, 200-yard breast stroke, 440-yard free style and the 400-yard Relay.

## YELLOW JACKETS OPEN BASKETBALL SEASON WITH WIN OVER A. I. DUPONT, 42-33

### Dick Koffenberger And Bill Utt Pace P. S. DuPont Second Straight Win Over Newark; Gregg And Cosetti High Scorers

Paced by Forward Tony Cosetti, who scored 22 points, the Newark High School basketball team opened its season by scoring a 42 to 33 triumph at the expense of Alexis I. duPont High.

The Yellow Jackets led throughout, outscoring the opposition 15 to 4 in the first period and added 10 more points in the second period to hold a 25 to 11 margin at halftime.

The visitors rallied in the second half but were never able to get within striking distance of the lead.

In the preliminary game, Newark's junior varsity bowed to the visiting junior varsity, 30 to 25 in an overtime battle.

P. S. duPont School's basketball team completely outclassed the Newark High to register its second victory of the season, 45 to 22.

Paced by Dick Koffenberger and Bill Utt, the Dynamiters led from the start scoring 10 points in each of the first two periods to take a 20 to 7 lead at halftime. P. S. duPont, boosted margin with 12 more points in the third period to the opposition's goal, was outscored 14-13 in the final quarter.

Utt's six field goals and four free for 16 points took down scoring honors while Koffenberger was second with 15 points. Bobby Gregg accounted for 10 of the defeated team's total.

In the preliminary game, the P. S. duPont junior varsity downed Newark's Jay Vees, 41-26.

## DOCUMENTS ON U. OF D. HISTORY RECEIVED

### Miss Lena Evans Gives Papers To College

Acquisition by the University of Delaware's Memorial Library of more than 8,000 papers comprising the George G. Evans Collection of documents concerning the university's history, has been announced by William D. Lewis, university librarian, in a talk to the Delaware College Faculty Club at Newark. The papers, a gift of Miss Lena Evans of Newark, a daughter of the late George Evans, fill in some of the missing links in the history of the university's predecessors and give much interesting detail on some previously-known history. Mr. Lewis reported. Mr. Evans, a trustee of Delaware College from the 1840's to near the close of the 19th century, was treasurer of the board after 1871, and his papers cover the period from 1851 to 1896.

Mr. Lewis said that many of the papers concern Rathmell Wilson, also a former treasurer of the Delaware College trustees, who held the title of president of the college during the years 1859 to 1870, when classes were suspended.

The 8,000 items, which Mr. Lewis now is calendaring, include letters, official documents, financial statements, and other data.

After reporting on several other groups of historical papers now in the library, Mr. Lewis said that the Evans papers "fit into the sequence, which is to some periods is very sketchy."

## LIBRARIAN SPEAKS TO AAUW GROUP

**I. Panzer Will Speak At Next Meeting.**

Failure to reconstruct Europe economically by means of sound implementation of the Marshall Plan will result in the entire continent falling under Communist domination, declared Mr. Emerson Greenaway, librarian of the Enoch Pratt-Free Library, Baltimore, Md. Mr. Greenaway, who has just returned from a survey tour of European libraries under the auspices of Unesco, made this statement January 12 before the January meeting of the Newark Branch of the American Association of University Women. Mr. Greenaway finds the people of Europe intellectually starved and has recommended to the State Department that certain recent literature be reprinted in paper-backed volumes for foreign distribution.

The business meeting was conducted by Mrs. T. D. Mylrea, pres. Mrs. R. O. Bausman, education chairman, reported on Senate Bill 472 granting Federal aid to education and asked members to indicate their support of this bill by writing to their congressmen. The membership committee reported that the Newark Branch enters 1948 with a total membership of 80.

Miss Jeannette Thoroughgood, program chairman, announces that the speaker at the next meeting, to be held on February 9, will be Mr. Irving Panzer, counsel for the Atomic Energy Commission.

The Newark Branch has scheduled the following study group meetings: International Relations Group A will meet on Tuesday, Jan. 20 at 8 p. m. at the home of Mrs. A. H. Goddin, 109 Briar Lane. Mrs. J. S. Gould will speak on "Fascism."

The Book Group will meet on Wednesday, Jan. 21, at 8 p. m. at the home of Mrs. Taggart Evans, 256 South College Avenue. Miss Mary Virginia Gardner will review "Our Children Are Cheated," by Benjamin Fine.

The Arts and Crafts Group will meet on Thursday, Jan. 22, at 7:30 p. m. in the Industrial Arts Building on Main Street.

### "Ned" McCully Joins Department Store Staff

Edwin T. McCully, 175 Haines Street, has accepted the position as manager of the electrical appliance department of The Newark Department Store, entering upon the duties of his new position today.

Familiarly known as "Ned," McCully is a graduate of Newark High School and also attended the University of Delaware where he majored in engineering. His entrance into the commercial field terminates a fourteen year association with the Continental-Diamond Fibre Company where he has been employed since finishing school.

A member of St. Thomas Episcopal Church here, McCully was largely responsible for the organization and development of The Newark Recreation Association and is still active in its behalf. He also is an active member of the N. H. S. Alumni Association, Newark Country Club and Junior Chamber of Commerce.

The son of Mr. and Mrs. Howard McCully, 344 East Main Street, Ned is married to the former Miss Margaret Tyler, of Middletown, and has two children, Bryan and Mike. The indulgence of a hobby and study of electrical engineering provide substantial background to equip him admirably for his new position.
