VOLUME XVI

NEWARK, DELAWARE, JULY 15, 1925.

NUMBER 24

Delaware Names Forstburg Coach Of College Teams

Announcement Made Today That
Vacancy Has Been Filled; Assistant
Yet To Be Chosen By Authorities

WAS WILMINGTON HIGH MENTOR

Frank M. Forstburg, a graduate of Franklin and Marshall College and who in 1919-1920 was coach at the Wilmington High School, has been elected by the Athletic Council and the Athletic Board of Control of the University of Delaware as one of two men who will have charge of physical education and intercollegiate athletics at the University for the season of 1925-26.

Delaware is now without an athletic director owing to the resignation of Coach William J. McAvoy to become head coach of football and basketball at the University of Vermont. George H. Pritchard, of Hiram College, Ohio, was elected to succeed Mr. McAvoy in June but it was announced some time ago that Mr. Pritchard had declined the election. Mr. Matthews, assistant to Mr. Pritchard at Hiram College, was also elected to be his assistant at Delaware, but now that the latter is to remain at Hiram, Mr. Matthews will also stay there.

Mr. Forstburg will have the rank of associate professor and will give the major part of his time to coaching intercollegiate teams. He will assume charge of the football squad in September. A second full-time man in the Department of Physical Education will be elected later. Mr. Forstburg is negotiating with several prominent football players to assist him in the football season. No definite announcement has been made as to whether Mr. Forstburg or the man yet to be selected will be at the head of the Physical Department.

Mr. Forstburg was considered for the position at the time Mr. Pritchard was elected and the selection fell to the latter at that time only because of his having had longer experience in the coaching line.

Mr. Forstburg's success as a coach at Lower Merion High School during the past three years has attracted wide attention. He graduated at Franklin and Marshall in 1918, where he was a three-letter man, winning his letter in football, basketball and track. He was captain of the track team in 1917. He spent two summers at Harvard and University of Pennsylvania in physical training work.

CONTINENTAL PICNIC SOON

August 15th Set As Date For Annual
Fibremen's Outing

Charles C. Hubert, chairman of arrangements, announced this morning that August 15th next has been set as the date for the annual outing of the employees of the Continental Fibre Company. The picnic will be held at Riverview Beach, and a special train and boat will likely be chartered for the day. The wives and families of the employees are included in the invitation, as well as any other townspeople who wish to join in the fun.

The company's band will be on hand and will play a concert on the picnic grounds. Plans are being laid to make this one of the largest outings in the history of the company.

Sunday Peace Of Main Street Broken When Flaming Auto Endangers Gas Tank

When Tom Anderson coasted up to Buckingham's filling station on Main street Sunday afternoon for a fresh supply of gasoline, he little reckoned on the excitement he was about to create.

In some manner, Mr. Anderson's sedan caught fire while standing at the pump. From then on, things began to happen. In one minute, the car was surrounded by a crowd of volunteer firemen. They seemed to emerge from the earth and come down from the trees.

Throwing water on the car was like carrying coals to New Castle. Finally David Medill put in a call for the Aetna firemen. Meanwhile, braver souls among the crowd pushed and

Quake Rocks Newark In Yellowstone Hotel

F. Irving Crow Describes An Entirely
New Sensation in Letter to Friend
Here

Not many Newark people have enjoyed the distinct novelty of an earthquake.

It was left for Irving Crow, while enroute to the West Coast to gather in all the thrills of a real 'quake. While stopping off at Yellowstone Park during his journey, his hotel was severely shaken by tremors a few days before the disastrous shock at Santa Barbara.

In a letter to a friend here, received a few days ago, Mr. Crow describes the shock in part as follows:

"I had quite a thrill the last night in the Park. Suppose you read about the earthquake, although the papers said it did not bother Yellowstone I can't quite agree with them. I had just gone in the dining room and sat down, when all of a sudden, the Hotel seemed to raise up and shake. The large pillars were swaying like a pendulum of a clock. The dishes rattled and it spilled some of my water out of the glass. It also stopped the official clock over in one of the Government buildings. I was glad the building was frame. The second happened when I was out at the Hotel desk. In all we had 5 shocks but only 2 were felt very much."

Trouble With Engine

The big pumper of the Aetna Hose, Hook and Ladder Company broke down enroute to the Firemen's Convention at Smyrna last week, due to a reported break in the radiator and trouble with the timing machinery.

Officials of the fire company have been in touch with the manufacturers of the engine and it will be thoroughly overhauled within a short time.

LODGE NOTES

The Minnehaha Tribe of Red Men and Degree of Pocahontas have decided to parade at Kennett Square on Tuesday evening, July 28th. All members are requested to be at the meeting place next Tuesday, July 21, when final arrangements will be made.

Wheat Heads List Of Bumper Crops, Say Local Farmers

Despite Drouth of Past Month, Major
Crops Appear to be Record Break-
ers; Wheat Yields 20-30 Bu. Per
Acre

TOMATOES A POPULAR CHOICE

With the threshing season estimated to be about half over in the nearby farming districts, several farmers who gathered in town last night report that the general run of the major crops throughout the lower county will be uniformly heavier than last year, despite the severe drought of the past month.

According to one veteran, oats will be the only really short crop here. While this grain is rapidly decreasing in popularity among the farmers, there is always a sufficient yield to attach importance to it. Hay is short, say the farmers, short and not very clean.

Bumper Wheat Crop Seen

The splendid quality and abundance of wheat this year has struck a bright note in the otherwise distressing burden of recent years.

"I have been farming for thirty years," said one man last night, "and I've never seen a finer wheat crop in this vicinity."

The dry weather, instead of acting as a deterrent has actually improved the quality of the grain; it is dry and firm, and remarkably clean.

The average yields hereabouts have run between 20 and 30 bushels to the acre, according to reports. Newark buyers are already shipping the wheat.

Several crews of threshermen are at the peak of their business now. The outfits of John Sweetman and Charles Smith have most of the business in this vicinity, it was reported last night, and are working overtime to get as far ahead as possible before the heavy rains, which are over-due, arrive.

Corn and Tomatoes

Corn is booming along during these hot days. Some farmers declare they can almost "see it growing" through the warm, sticky nights.

Particular interest seems to center about the tomato crop, the latest general addition to the farms of the Newark section. Due to the splendid prices received for the crop last year, a sturdy increase in plants set out last month has been noticed. Fears have been felt for the yield as a result of the burning sun and lack of rain. Growers, however, are generally optimistic over the outlook. With a heavy shower within the next ten days, they say, a bumper crop will be assured. The United Packing Company's plant here is getting in shape for a record season, and officials there concur with the opinions generally expressed by the farmers.

Providence Farmer Has Heavy Wheat Crop

Charles Paine, who farms the Osborne Mackey place near Providence, in Cecil County, has just finished threshing one of the largest wheat crops that section has seen in years, according to reports.

The yield was 956 bushels, machine measure, from 22 acres, or over 43 bushels to the acre. It is believed likely that careful measurement later may raise the yield percentage somewhat. Mr. Paine's crop is the largest so far reported from this section.

Sunday School Picnic

Members of the Presbyterian Sunday School, led by Rev. H. Everett Hallman, and H. K. Preston, superintendent, will picnic tomorrow afternoon at Welsh Tract churchyard. A bounteous array of food is being prepared for the outing. Games for young and old will feature the program.

ARRANGING PARADE

A. D. Cobb, State Boys' and Girls' Club leader, is spending this week in Harrington, making arrangements for the Club Day parade during the Kent-Sussex Fair, which opens in that town on July 31st. Mr. Cobb will be in charge of the club exhibits at the Fair.

LOCAL BANK BUYS SITE FOR NEW BUILDING; COMMITTEE APPOINTED TO MAKE EARLY SURVEY

TO GIVE WAY TO NEW HOME

ELOPERS FINED HERE

Prospective Groom Hard Hit By \$25
Fine, Is Report

Merritt Heckel and his young fiancée, both of Atlantic City, were rudely jolted on their high road to matrimony Monday afternoon, when Magistrate Thompson fined the worried groom-to-be the sum of \$25 and costs for violating the State speed laws. Officer Leach picked the car up along the Elkton road and turned in a laconic report of "65 miles per hour, squire."

Some consternation prevailed among the party of elopers when the fine was announced. Young Heckel was evidently travelling light in cash. However, he managed to dig up the fine, and departed for Elkton for the ceremony.

COLLAPSES AT MILL HERE

Lewis Fisher Reported In Serious
Condition After Attack Monday

While working at the plant of the Continental Fibre Company here Monday, Lewis Fisher, an employee of Daniel Stoll, plumbing and heating contractor, suddenly collapsed in the arms of David Chalmers, who was standing beside him.

Dr. Johnson was hurriedly summoned and the unconscious man revived. He was later taken to his home in a serious condition. High blood pressure was given as a contributory cause of the attack.

Mr. Chalmers was also in a highly nervous condition following the incident. He was of the belief that Mr. Fisher's collapse was fatal.

FORMER NEWARKER DEAD

William Harvey Passed Away At
Bowie, Md., On Saturday

Newark friends were informed yesterday of the death of William Harvey, a former resident of this town. Mr. Harvey succumbed at Bowie, Maryland, last Saturday and was buried today at the national cemetery, Arlington, Virginia.

Deceased was a telegraph operator here for several years. He was a member of the Oriental Lodge of Odd Fellows, and had a host of friends in this community.

NEW STREET IS OPENED

Academy Street Near High School
Benefits Property

Contractor F. W. Lovett yesterday removed the sand from the surface of the new concrete on Academy Street opposite the new High School building, and declared it open for traffic. The street is a great improvement, and enhances the value of property laying adjacent to it. A new street will shortly be cut through to the east from Academy Street to tap the row of dwellings being erected by William J. Lovett.

Arrested For Speeding

Daniel Cooper, colored, was arrested yesterday on Cleveland avenue by Officer Barnes, charged with speeding on that thoroughfare. He was fined \$25 and costs by Magistrate Thompson.

Hundreds At Funeral Of Mrs. Stiltz Monday

Main Street Stores Close Doors in
Deference to Her Memory; Flowers
in Profusion

With literally hundreds of relatives, neighbors and friends crowded into the small home, and overflowing into the driveway and nearby porches, the funeral of Mrs. Minnie O. Stiltz, wife of Alfred C. Stiltz of this town, was held on Monday afternoon from her late residence on Main street.

Mrs. Stiltz died suddenly last Friday morning. While unwell several days prior to her death, she was confined to her bed less than two days. Her physician is reported to have diagnosed her ailment as a form of diabetes. As she had been always an active woman, her illness early last week did not unduly alarm her family. The Newark community was thus shocked to hear of her passing early Friday.

Rev. Frank Herson had charge of the funeral services Monday afternoon. At intervals, part of the Methodist church choir sang several old hymns. Rev. Herson paid high tribute to Mrs. Stiltz, particularly emphasizing her faithful, loyal and useful life devoted to the interests of her family and friends.

The pall bearers, all warm friends of the family, were Clarence Major, Walter Powell, William D. Dean, William Cunningham, Leslie Hill and Willet Anderson.

For over a half hour following the service, friends passed the bier in a steady stream. The funeral was said by many to have been the largest seen in Newark in many years. Flowers in profusion were banked throughout the house. It necessitated two autos to transport them to Riverview Cemetery, Wilmington, where the interment was made.

Lived Here Many Years

Mrs. Stiltz had been a resident of Newark most of her life, coming here while still in her teens, with her husband. She was known as a splendid mother, a keen business woman and a true friend and helper. Her loss will not only be felt keenly by the immediate family but by her host of admirers and friends throughout the community.

Deceased is survived by her husband, Alfred, two sons, Eugene and William, and one daughter, Olive, aged eight years. The eldest son, Alfred, Jr., died about a year and a half ago.

Mrs. Stiltz was fifty years old at the time of her death.

SERVICES AT WELSH TRACT

The congregation of the Welsh Tract Baptist Church near Newark are expecting Rev. George E. Coulbourne, of Cape Charles, Virginia, to conduct the services next Sunday morning.

Attended Delaware Day

President Walter Hullahen and Dean George E. Dutton attended "Delaware" Day at the Plattsburg R. O. T. C. Camp yesterday. Business Administrator Wilkinson was unable to make the trip.

Farmers Trust Co. Announces Plans For Larger Growth

Directors Yesterday Approved \$50,000
Increase in Capital Stock, Subject
to Approval by State Authorities

CASHO PROPERTY PURCHASED

What is believed to be one of the most important incidents in the business life of Newark and surrounding community is the announcement made to THE POST today, that the Farmers' Trust Company has taken definite steps towards the erection of a new bank, to be located on what is known as the Casho property, about 100 feet away from the present edifice.

While it has been rumored about town during the past week that the bank was interested in the deal which led to the purchase of the Casho lot and house by Harry Simon of Dover, no definite commitment was forthcoming until yesterday's meeting of the Board of Directors.

It has developed that the property was bought by Mr. Simon acting as agent for the Trust Company. Rumors to the effect that a new store for Main street would be the outcome of the sale are thus killed. The price paid for the Casho property was \$19,000.

New Bank Is Assured

While officials of the trust company are careful in predictions for the future, it is an admitted fact that the present building has far outgrown its usefulness, and that a new and more commodious banking house is imperative. J. Earl Dougherty, treasurer of the institution, said today that there have been no definite plans made as to the cost, date of starting work, or detailed drawings of the proposed building.

Instead, he said, a committee of five directors and officers of the bank, was appointed at the directors' meeting yesterday to make an exhaustive survey of costs, plans, and materials for the new bank. At the conclusion of their work, the committee will report officially to the Board, and the issue will then be definitely decided. The committee comprises, Alfred A. Curtis, president of the bank; Mayor E. B. Frazer, vice-president; J. E. Dougherty, treasurer, and two directors, who were not named up to noon today.

First Attempt Abandoned

Over a year ago, the bank discussed at length the advisability of rebuilding their present home. Plans and specifications were drawn and are still in the possession of the directors. The project, however, was discontinued due to excessive costs at the time. It is likely that a new set of plans will be drawn for the new building. It has been learned that the directors feel it is unwise to attempt (Continued on Page 4.)

GOES TO CAMP PERRY

Charles C. Hubert has received word from the executive officer at the R. O. T. C. camp in Plattsburgh to the effect that his son, Floyd, has been designated as a member of the camp's rifle team to compete in the national matches at Camp Perry, Ohio, immediately following the end of the student camp. Young Hubert has made the "sharpshooter grade in rifle, automatic rifle and pistol competition.

APPOINTED INSTRUCTOR

Miss Edith McDougall, a graduate of the Women's College and an active figure in Alumnae affairs of that institution, is reported to have been appointed an instructor in mathematics at the college here, beginning next Fall.

Correction

THE POST was in error in its last issue when it was stated that the Continental Band gave a free concert to the inmates of the hospital at Farnhurst on the Fourth of July. The concert was made possible by a private contribution from a member of the staff of the hospital.

Dr. Grafflin Wins Audience Here In Sunday Night Talk

Y. M. C. A. Executive Proves Able Speaker On "The Great Adventure" At Union Services In Wolf Hall

URGES CHARACTER STABILITY

"There's a whole lot of people who are like an old clock—all works and no main spring," said Dr. Samuel Grafflin, of New York, during the course of his address Sunday night in Wolf Hall on "The Great Adventure."

Seldom has a more enjoyable hour and a half been spent by Newark people than that in which they heard Dr. Grafflin. The audience was slightly smaller than usual owing to the sultry heat and threats of rain. Those who were present, however, were greatly impressed by the strong lessons together with a genius for story-telling as exhibited by the speaker.

In speaking of Life as the Great Adventure, Dr. Grafflin warned that among the prime requisites for the fullest enjoyment of years spent on earth, one must have stability, singleness of purpose, imagination, a keen sense of values, and must always expect to get out of Life just what one puts in.

Throughout his address, he interspersed a score of interesting as well as humorous stories. His description of the "farm" which he and his daughter "expect to buy"; the inimitable story of Dana's nephew, often told, who couldn't find a story in a wedding around the corner as the "groom didn't show up" and several others were aptly used to illustrate his several points.

Years of experience in public speaking have given Dr. Grafflin a mastery over his subjects, and a complete air of informality in their utterance. He held the audience tense with story upon story, some witty, others sentimental, a few tragic. Through it all, he spun his message—adherence to the busy, unselfish, strenuous, God-fearing life.

Among his many forceful statements, Dr. Grafflin made use of the following ones:

"You know, most of the so-called brilliant men who make a mess of life in its early stages owe their failures to one of three reasons, well illustrated by Fourth of July fireworks. They are either sky-rockets, Devil chasers or pin-wheels. See how near I'm right."

"What we are, and with what we have, life may really be a great adventure if we know how to find it," said Dr. Grafflin.

"Five things are needed for the great adventure: Imagination, sense of values, a motive, plan of life and power."

"In life you must bring something to it, get some thing from it and do something with it, otherwise it's useless."

"Culture is the ability to tell why you appreciate a thing. Everyone has a certain background and is a certain

Hooray! The Man At Last Bit The Dog

Half a century ago Charles A. Dana told a cub reporter, "If a dog bites a man, that's not news; but if a man bites a dog, that's news."

Through the years since then reporters and editors have watched for the man who would bite the dog. The long awaited event came to pass the other day. A Pittsburgher, Frank Kigger, fastened his teeth in Buzz, a brindle bulldog.

Telegraph wires clicked accounts of the unprecedented accident through the country! But was it news? Alas, not so that you could notice it.

For at the same time the wires were telling the story of Santa Barbara's earthquake, of the storm that flooded New York, of the illness of the President's father, of the Governors' conference in Maine. The man who bit the dog received little space.—Exchange.

background in himself according to what he is so will his appreciation be."

Dr. Grafflin is a popular Chautauqua speaker; he has made contact with great realities; he has lived largely, traveled widely and has spoken to large audiences all over the country. He learned in person of hardships and adventure during seven trading voyages down the Spanish Main. Sixteen years of business experience and other fruitful years as special religious writer for the "Washington Star" and as industrial director of the largest Y. M. C. A. in the world have equipped him for his now distinguished career as an inspirational speaker.

Special music was furnished Sunday night by Harry E. Stausebach, who played a violin solo, "Ave Maria," by Schubert Wilhelm, and Florence Lewis, who gave a soprano solo, "The Lord Is My Light," by Allitsen. John A. Thoms, Jr., played the piano accompaniments.

Dr. Ezra B. Crooks, of the University of Delaware, presided at the lecture and introduced the speaker.

HOW MUCH DOES IT COST TO RUN AN AUTO?

Automobile values are measured not so much in terms of appearance and riding qualities as in miles of transportation and its cost.

Intrinsic worth in an automobile goes deeper than paint and varnish and other externals.

The wise automobile buyer after satisfying himself with appearance and riding comfort, asks these pertinent questions:

"Under normal use what is the average cost per mile to operate this automobile, according to the experience of owners?"

"Under normal use, how many miles of transportation may I reasonably expect from this automobile based on actual experiences of owners?"

Statistics compiled from reports from 2392 Star owners indicate their average operating expense was 2 1/10 cents a mile, including expenditures for gas, oil, tires and mechanical repairs and replacements.

Sixty-eight Star owners reported that they drove an aggregate of 3,423,514 miles, an average of 50,346 miles per owner, and that their cars still were in active service.

NOTICE

TRANSPORTATION OF SCHOOL CHILDREN

Applications for transportation should be filed at once with J. O. Adams, Business Manager, State Board of Education, Dover, Delaware, if this has not already been done.

Children in the sixth grade or below who live more than two miles from school, or above the sixth grade who live more than three miles from a school of proper grade, and included, regardless of whether or not they have previously received an allowance, or whether or not they have previously traveled on a school bus.

The proper forms were placed in the hands of teachers in every district in the State before the close of school, and others may be secured from the undersigned.

The State Board of Education will endeavor to arrange contract transportation wherever the total of the private allowances that would accrue to pupils living on a given route will justify the same.

For the coming year, transportation allowance will be made only from the time of the approval of the applications.

Prompt compliance with this notice is urged for the sake of those who are to be served.

Rev. Wagner Accepts Call To Elkton Church

Successor to Rev. John McElmoyle
Chosen at Congregational Meeting
Last Sunday Morning

Rev. Irvin F. Wagner, of Wilmington, has accepted a call to become pastor of the Elkton Presbyterian Church, replacing Rev. John McElmoyle, resigned. It was learned yesterday that the new minister will take up his duties in Elkton about September 1st.

Mr. Wagner, who has been acting as pastor of the church since the resignation of Rev. McElmoyle, officiated at the church services last Sunday, and immediately after the service a meeting of the church congregation was held at which Rev. John McElmoyle presided. As a result of the meeting a call requesting Mr. Wagner to become pastor of the church was drafted and presented to him by Mr. MacMurray. Mr. Wagner expressed his appreciation of the task and the members of the congregation had chosen him, and agreed to accept the call.

ELKTON

Mrs. Martha Porter, of Wilmington, was a week-end guest of her sister, Miss Mary Terrell.

Mrs. D. M. Weaver, of Wilmington, is the guest of her aunt, Mrs. J. F. Sparklin.

Dr. and Mrs. J. Herbert Bates and daughter have returned from a two weeks' stay along the North East River.

Miss Helen Holt is visiting Miss Margaret Johnson, in Llanerch, Pa.

Dr. William Gardner, of New York, was the week-end guest of his son, William H. Gardner.

Miss Elizabeth Scott is visiting in Gap, Pa.

Mrs. George Shuster is entertaining her sister, Miss Margaret Carter, of Bayville, L. I.

Cosmas Alagia is on a trip to Jacksonville, Fla.

Mr. and Mrs. William H. May, who have been spending two months in Elkton, have gone to Bermuda for a visit.

Mr. and Mrs. Robert B. Frazer are entertaining their granddaughter, Mary Dudley Jackson, of Detroit, Mich.

Mrs. Albert D. Mackey and daughter have returned from a visit with friends in Long Island.

Mr. William H. Hughes visited in Chester County, Pa.

Miss Ethel Hopkins, one of Elkton's popular young school teachers, was married in Baltimore, on Thursday, to Mr. Robert M. Crouch, of Chase, Md. After a wedding trip in New York, Thousand Islands and Canada, the young couple will reside in Chase, where the groom is employed as agent for the Pennsylvania Railroad.

Mrs. John K. Burkley entertained at bridge on Friday evening last.

Mr. and Mrs. Joshua Witworth entertained at bridge at their home on East Main street, Wednesday evening.

Mrs. Sterling E. Dunbar and young son, Ayerst, and Miss Natalie Ayerst are expected home this week from Clifton Forge, Va., where they have been visiting friends for several weeks.

SET CARNIVAL DATES

Elkton Firemen Plan To Hold Big Event; Clayton Warns Against Wheels

The directors of Singler's Fire Company of Elkton have decided to continue their annual Carnival this year, and have set August 22 to 29 as the dates.

For a time it was thought by many that the firemen would not hold a Carnival this year. A strong sentiment of support in recent weeks has prompted the directors to take the above action.

State's Attorney Joshua Clayton in a statement issued recently is reported to have said that "wheels" and other instruments of fortune would be strictly prohibited by the authorities of the law.

Rebuilding Barn

Workmen are progressing steadily in the rebuilding of the barn on the Meredith farm, a mile east of Elkton, on the Newark road. The big structure was a prey to flames about a year ago, at which time several cows and hogs were destroyed, and thousands of dollars worth of grain and equipment lost.

ODESSA

Mr. and Mrs. A. L. Satterthwaite, of Wilmington, have been recent guests of Mrs. Satterthwaite's parents, Mr. and Mrs. Lee Sparks.

Mrs. Lowry, of Milltown, N. J.; Mr. and Mrs. John Stewart, of Chester; Mrs. Halsted Wainswright and daughter, Mrs. Johnson and son Arthur, Mrs. Frances Wainswright, of Manassquan, N. J., and Miss Bessie Paulin, of Boston, Mass., were recent visitors with Mrs. E. E. Stephenson, at the home of her sister, Mrs. Willard Spicer.

Miss Grace Mahoney, of Richmond, Va., is the guest of her sister, Miss Ruth Mahoney at the Stidham House this week.

Mrs. Elizabeth Moore, of Middletown, was a Sunday visitor with Odessa relations.

Walter Dulin, Jr., of Milford, is visiting his cousin, Merritt Moore.

Mrs. Mary Stidham, Mrs. Clara Gremminger, Miss Ruth Mahoney, and Miss Madeline Webb spent Sunday in Washington, D. C.

Mrs. L. Craig and son Robert, left today for Eddystone after a visit at their home here.

Mrs. Howard Heller and son Vernon, of Wilmington, spent Sunday in Odessa.

Captain Oakley Vinyard and daughter, Miss Helen Vinyard, arrived here on Sunday from Cristobal, C. Z. Mrs. Vinyard and two daughters have been spending some time here with her mother, Mrs. Elizabeth Long.

Week's News Budget Gleaned From Elkton

Hill Leaves High School; Klan Meeting Tonight

Staff Sergeant D. Roy Perkins left on Friday morning for Virginia Beach, Va., for a six weeks' camp with National Guards from Maryland and Virginia, as instructor in pistol and rifle practice.

Prof. Fred C. Hill who has been principal of the Elkton High School for the past four years, has resigned to accept a position with the Lehigh Valley Railroad Company at Hazleton, Pa. Several applicants have applied to the Board of Education for the position as principal.

Herbert Shively and Delbert Cameron were sentenced to three months in the House of Correction by Justice Scotton on the charge of being drunk and disorderly. Cameron took an appeal.

The Ku Klux Klan of Cecil County are reported to be planning a "naturalization" meeting to be held at Elkton Heights tonight. Grand Dragon Benli, of Baltimore, is said to be the speaker of the evening.

Children's Day Soon

Announcement has been made that Children's Day services will be held in the Wesley Methodist Church at McClellandville on next Sunday the 19th, beginning at two o'clock, standard time.

A cordial invitation has been accorded everyone to attend the services.

Newark Boy Describes Mammoth Landslide In Wyoming; River Forced Out Of Line

Clifford Buckingham, In Interesting Letter To Parents Here, Tells Of Experiences At "Dude" Ranch In The West

THE POST has received for publication, parts of a letter from Clifford Buckingham, son of F. F. Buckingham, of near Newark, and a recent graduate of High School here, from the J-Y Ranch in Teton, Wyoming.

Young Buckingham here describes a huge mountain landslide up in the Big-horn country, which did thousands of dollars worth of damage to nearby ranches.

The letter in part, describes the trip to see the slide as follows:

"We were very busy this morning getting things finished up—for the dudes begin to arrive tomorrow. This afternoon, after a dinner of chicken, ice cream, pie, etc., we all went to see the big slide. It was about an hour and a quarter drive through very beautiful country (which by the way, is all we have here). We crossed Snake river on a wire cable ferry. There was eight in our party and we all went up the mountain a little ways so we could get a look at the slide but Mr. Stewart, a photographer, and I decided we wanted to see all there was to be seen, so we decided to climb to the top so we could look right across at the slide and see it all.

"Believe me we had a nice little climb, part of the time it was nearly straight up. We would be wring wet with sweat and if we just stopped for a minute we would be dry again because we were up about ten thousand feet and the air was extremely dry. There wasn't many trees on top and the ones that were there were all twisted and broken, but there was plenty of rich green grass, and we

saw plenty of elk and deer signs. We finally reached the top and it was well worth the climb, the valley was below us with the fields looking like they were little garden patches and the village looked like a doll village. Well there was many a picture taken of the slide but I think we got some pictures that no one else has gotten yet—because you had to be feeling pretty lucky to tackle that mountain.

"Just as we started down the other side what should we see but a little fawn just about three yards in front of us. We didn't see it until it jumped up and then it went bounding down the mountain. We saw it again a little farther down and also saw its mother down in the valley. Well, to get back to the slide—it came down the mountain with such force that it just swept the river bed, water and everything right across the valley and up the other side of the mountain and then fell back again, completely filling the valley with a breastwork of twisted and broken pines and rocks—some of the rocks weighing tons. Of course the water began to dam up right away and it completely covered one ranch—the house is floating around out in the lake. The barn was carried away by the slide, also a boy was carried away and is probably covered with tons of dirt and rock. The farmer who owned this place had just finished paying for the place, \$12,000, and of course he can't get insurance; so he is in a very bad way. I never saw such a sight in all my life—words can't describe it. I'm going to send some of the pictures home so you can get some idea of what it's like. There are still big rocks falling and rumbling down the mountain side. It happened a week ago and it will still be another week before the water begins to come over the top; so you see it is making quite a lake and the

river is quite a large one—especially this time of the year.

"We sort of hated to go back again to the car for it was surely some sight, but we got down to the car about 7:15. The rest of the party greeted us with a shout—I guess they thought we had fallen off of a cliff. The ride back was enlivened somewhat by Miss Jester's questions and Mr. Stewart's answers. Mrs. Porter was speaking about a Mr. Dallas who is coming to the ranch and Miss Jester said, 'Where's he from, Texas?' Well, the way she said it I thought I would break a rib laughing at her. We arrived home at 8:45; so I have just finished 'dinner' and then come right to my cabin and am writing to you. I guess you'll find this description a little vague and mixed but I just wrote what came to my mind first. I wish you could see it."

TO REMOVE BETHEL SPAN

Agreement Reached By Cecil County Commissioners Recently

At a recent conference in Washington with General Taylor, chief of engineers, United States Army, the Cecil County Commissioners agreed to the removal of the bridge over the Chesapeake and Delaware Canal, at Bethel. The government will operate a ferry over the canal for pedestrians and vehicles. Also they are to build a concrete road on the north side of the canal from Chesapeake City to Bethel and will construct on the south side of the canal a concrete road between Bethel ferry to State road leading into Chesapeake City.

TO FINISH NEW PIERS ON RIVER VERY SOON

Work on the New Castle pier of the New Castle-Pennsville ferry line is proceeding rapidly. Workmen have dynamited the concrete slip at the northerly end of the pier, preparatory to the installation of the electric drop slip.

The slip will be 33 feet in length and 22 feet in width. This slip, like the one to be constructed at the Pennsville terminal, will be raised and lowered, according to the position of the tide at the time of landing.

The work at the New Castle pier is being pushed in order to have it available for service at the same time that the pier at Pennsville is finished. The work on the Pennsville pier is far ahead of schedule and the contractors are pushing it along so that service can be started as soon as possible.

PLEASANT HILL

Mr. and Mrs. W. P. Stinson recently entertained Mr. and Mrs. Fred Hodges, of Reading Pa.

Mr. and Mrs. A. T. Buckingham had as their Sunday guests F. L. Vansant and Mr. and Mrs. Jacob Kennedy, all of near West Chester, Pa.

Mr. and Mrs. C. T. Harkness and daughter Margaret, of Richardson Park, were recent visitors at the home of Mr. and Mrs. George Dempsey.

Mr. F. H. Buckingham, Mrs. Warren Buckingham and children, Katharine, Rebecca and Warren, Jr., all of Red Mills spent Sunday with Alban Buckingham and family.

Mr. and Mrs. H. A. Mousley entertained on Sunday Mr. William Munis, of Wilmington, and Mr. and Mrs. Wilson Smith.

Mr. Steele Atwell spent the week-end with Mr. and Mrs. Roy Bensall of Kennett Square, Pa.

England has been sweltering in a temperature of 84 degrees, the hottest in fifty-five years. If they call that hot they ought to import a little of our June weather.

Buys Six Houses

William Sterling Evans, of Elkton, is reported to have purchased six dwellings on East High street in that town from Thomas D. Mews. The consideration is said to have been \$6100.

Mrs. Stiltz

Again THE POST announces a death that with sudden sadness shocked the community—that of Mrs. Alfred Stiltz. Her intimate association in business with her husband and boys brought her in an unusual contact with the community. In the old store days, she was ever there, cheerful, sympathetic—a smiling word to everyone. Old and young knew her. While waiting on the trade, she listened with sympathy to all those worries that the custom brings while marketing and shopping. Then in the office of the Bus Lines, she was in conversation with the town in all the goings and comings. The night of the Dance, she, it was, that arranged the social taxis—and she was the friend of every boy and girl in the town.

Secrets she had and enjoyed modest, unassuming giving. Her list was never published but many there are that will miss the holiday, birthday gifts and generous help in time of need. And all so quietly done. Keeper of confidences of gay and fun loving youth, she knew their troubles and heart aches.

And her family and those boys—to them she was the mother exceptional and best of all their pal. She shared and loved their fun.

Indeed she was a rare character and the tribute paid to her at her funeral by old, young, rich, and poor, was a demonstration seldom seen. And she was well deserving. Very seldom have requests come to our office in such an event asking for the printing of a kind word or relating some good deed heretofore unknown.

The sympathy of the whole town is the word to the family.

COOLIDGE ON AMERICAN IDEALS

It is with a great deal of satisfaction that we present to our readers a few of the very important statements made by President Coolidge in his Inaugural Address upon the subject of American ideals of human rights and fundamental principles of government, as follows:

"Because of what America is and what America has done, a firmer courage, a higher hope, inspires the heart of all humanity. These results have not occurred by mere chance. They have been secured by a constant and enlightened effort marked by many sacrifices and extending over many generations. We cannot continue these brilliant successes in the future, unless we continue to learn from the past. It is necessary to keep the former experiences of our country, both at home and abroad, continually before us, if we are to have any science of government. If we wish to erect new structures, we must have a definite knowledge of the old foundations. We must realize that human nature is about the most constant thing in the universe, and the essentials of human relationship do not change. We must frequently take our bearings from these fixed stars of our political firmament if we expect to hold a true course. If we examine carefully what we have done, we can determine the more accurately what we can do.

"We stand at the opening of the one hundred and fiftieth year since our national consciousness first asserted itself by unmistakable action with an array of force. The old sentiment of detached and dependent colonies disappeared in the new sentiment of a united and independent nation. Men began to discard the narrow confines of a local charter for the broader opportunities of a national constitution. A little less than fifty years later that freedom and independence was reasserted in the face of all the world, and guarded, supported, and secured by the Monroe Doctrine. The narrow fringe of States along the Atlantic seaboard advanced its frontier across the hills and plains of an intervening continent until it passed down the golden slope to the Pacific. We made freedom a birthright. We extended our domain over distant islands in order to safeguard our own interests, and accepted the consequent obligation to bestow justice and liberty upon less favored peoples. In the defense of our own ideals and in the general cause of liberty we entered the Great War. When victory had been fully secured, we withdrew to our own shores, unrecompensed save in the consciousness of duty done.

"Throughout all these experiences we have enlarged our freedom, we have strengthened our independence. We believe that we can best serve our own country and most successfully discharge our obligations to humanity by continuing to be openly and candidly, intensely and scrupulously, American. If we have any heritage, it has been that. If we have any destiny, we have found it in that direction.

"This nation believes thoroughly in an honorable peace under which the rights of its citizens are to be everywhere protected.

"In conformity with the principle that a display of reason rather than a threat of force should be the determining factor in the intercourse among nations, we have long advocated the peaceful settlement of disputes by methods of arbitration, and have negotiated many treaties to secure that result.

"The weight of our enormous influence must be cast upon the side of a reign not of force but of law and trial, not by battle but by reason.

"Some of the best thought of mankind has long been seeking for a formula for permanent peace.

"Conditions must be provided under which people can make a living and work out of their difficulties.

"But there is another element, more important than all, without which there cannot be the slightest hope of a permanent peace. That element lies in the heart of humanity. Unless the desire for peace be cherished there, unless this fundamental and only natural source of brotherly love be cultivated to its highest degree, all artificial efforts will be in vain. Peace will come when there is realization that only under a reign of law, based on righteousness and supported by the religious conviction of the brotherhood of man, can there be any hope of a complete and satisfying life. Parchment will fail, the sword will fail; it is only the spiritual nature of man that can be triumphant.

"It seems altogether probable that we can contribute most to these important objects by maintaining our position of political detachment and independence. We are not identified with any Old World interests. This position should be made more and more clear in our relations with all foreign countries. We are at peace with all of them. Our program is never to oppress, but always to assist. But while we do justice to others, we must require that justice be done to us. With us a treaty of peace means peace, and a treaty of amity means amity.

"We need not concern ourselves much about the rights of property if we will faithfully observe the rights of persons. Under

"Good Roads, Flowers, Parks, Better Schools, Trees, Pure Water, Fresh Air, Sunshine and Work for Everybody"—OUR MOTTO

our institutions their rights are supreme. It is not property, but the right to hold property, both great and small, which our Constitution guarantees.

"We are not without our problems, but our most important problem is not to secure new advantages, but to maintain those which we already possess. Our system of government made up of three separate and independent departments, our divided sovereignty composed of nation and state, the matchless wisdom that is enshrined in our Constitution—all these need constant effort and tireless vigilance for their protection and support.

"In a republic the first rule for the guidance of the citizen is obedience to law. Under a despotism the law may be imposed upon the subject. He has no voice in its making, no influence in its administration, it does not represent him. Under a free government the citizen makes his own laws, chooses his own administrators, who do represent him. Those who want their rights respected under the Constitution and the law, ought to set the example themselves of observing the Constitution and the law. While there may be those of high intelligence who violate the law at times, the barbarian and the defective always violate it. Those who disregard the rules of society are not exhibiting a superior intelligence, are not promoting freedom and independence, are not following the path of civilization, but are displaying the traits of ignorance, of servitude, of savagery, and treading the way that leads back to the jungle.

"These are some of the principles which America represents. We have not by any means put them fully into practice, but we have strongly signified our belief in them. The encouraging feature of our country is not that it has reached its destination, but that it has overwhelmingly expressed its determination to proceed in the right direction. It is true that we could, with profit, be less sectional and more national in our thought. It would be well if we could replace much that is only a false and ignorant prejudice with a true and enlightened pride of race. But the last election showed that appeals to class and nationality had little effect. We were all found loyal to a common citizenship. The fundamental precept of liberty is toleration. We cannot permit any inquisition either within or without the law, or apply any religious test to the holding of office. The mind of America must be forever free.

"Here stands our country, an example of tranquillity at home, a patron of tranquillity abroad. Here stands its Government, aware of its might but obedient to its conscience.

"America seeks no earthly empire built on blood and force. No ambition, no temptation, lures her to thought of foreign dominions. The legions which she sends forth are armed, not with the sword, but with the cross. The higher state to which she seeks the allegiance of all mankind is not of human, but of divine origin. She cherishes no purpose save to merit the favor of Almighty God."

Summer School Program For The Current Week

A delightful program of dramatized songs of the North American Indian has been arranged for the University Summer School on Friday, July 17, in Wolf Hall, 7:30 standard time.

Thurlow Lieurance, pianist and composer of Indian music, with his wife, Elma Woolley Lieurance, will give the concert, assisted by Lillian Reed, flutist. While he had studied music all of his life, it was not until he was visiting his brother who was a physician on the Crow Reservation in Montana that he became interested in the ceremonies and songs of the Indians. Realizing that there was splendid material in the songs of the Red Men, he began to write them down and to record them on phonographic records.

The Lieurances present one of the most unique, most delightful and most interesting programs given by American artists today. Mr. Lieurance is a pianist of marked ability and Mrs. Lieurance is the foremost interpreter of Indian music in America.

The Sunday evening service at the University of Delaware Summer School on July 19, at 7:30 standard time, in Wolf Hall, will be an unusually good one. Dr. R. B. Mathews,

Rector of the Episcopal Church of Newark, will have charge of the service and the sermon will be delivered by Philip Cook, Bishop of the Protestant Episcopal Church of Delaware. Bishop Cook needs no introduction to any Delaware audience as he is well-known and very popular throughout the State.

Special music will be given by the Westminster Quartet under the direction of John A. Thoms, Jr. The members of the quartet are Florence Lewis, Soprano; Ruth W. Sachs, Contralto; J. Frank Ayers, Tenor; Charles Southwell, Bass.

OLD LIGHT SLOWLY GOING

Seas Expose Another Section of Henlopen Foundation
The merciless pounding of the sea has eaten several more tons of earth from about the foundation of Henlopen Lighthouse during the past few weeks, it is reported from Lewes. About 15 feet of the limestone underpinning of the light is now exposed to the elements on the seaward side of the cape.

How The Others See It

The Shenandoah and the Los Angeles are Uncle Sam's two biggest gas bags, but they will never get into politics.—Philadelphia Record.

It proved to be nothing more serious than influenza, but it was at first thought Mr. D'Annunzio was coming down with another poem.—Detroit News.

We don't know who contributed the \$280,000 that wiped out the Democratic national committee's debt, but we fancy that three fourths of the money was contributed by men whom Mr. Bryan has roundly denounced.—Houston Post-Dispatch.

So little has been heard lately of Tutankhamen one would almost imagine he were defeated last November.—Detroit News.

LEGAL NOTICE

Estate of Adaline Wilson, Deceased.

Notice is hereby given that Letters Testamentary upon the Estate of Adaline Wilson, late of White Clay Creek Hundred, deceased, were duly granted unto Edward Clifford Wilson and Waldo C. Wilson on the twenty-fifth day of May A. D. 1925, and all persons indebted to the said deceased are requested to make payment to the Executors without delay, and all persons having demands against the deceased are required to exhibit and present the same duly probated to the said Executors on or before the twenty-fifth day of May A. D. 1926, or abide by the law in this behalf.

enlargement of the present building, due to the cramped lot and the lack of temporary banking quarters.

The Casho property measures 70 feet front by 300 feet deep, and is considered a most desirable bank site. Further action in the matter has been left to the Survey Committee.

Approve Added Capital

By unanimous approval of the stockholders yesterday, the Trust Company authorized the issuance of \$50,000 more capital stock. Five hundred shares will be offered to the general public shortly, subject to the approval of the State Banking Commissioner and the Secretary of State at Dover. The rapid growth of the business, and the need for more working capital and additional protection of depositors were given by Mr. Dougherty as the prime reasons for the increase. He said that the added cash was not in any way linked with the proposed new building.

Great to be taken by the Trust. Following RGL its announcement.

SURPRISE PARTY FOR MR. BRYSON, MONDAY

A very delightful surprise party was given at the home of Mr. and Mrs. Charles J. Bryson on the evening of July 13th, in honor of Mr. Bryson's 48th birthday. Those present were: Mrs. Mary Hutton, Mrs. William Hoover, Mr. and Mrs. Frank Hutton, Mr. and Mrs. Harry Bryson, Mr. and Mrs. Herbert Bryson, Mr. and Mrs. Walter Bryson, Mr. and Mrs. Frank Bryson, Mr. and Mrs. Thomas Bryson, Mr. and Mrs. Raymond Parrett, Mr. and Mrs. B. Butterworth, Mrs. Sylvester Bryson, Mrs. Nelson Bryson, Mr. and Mrs. Charles J. Bryson, Emilie, Hazel and Catherine Bryson, Betty Ann Bryson, Frances Bryson, Mary Butterworth, Mary Hutton, Beulah, Jeanette and Verna Bryson, Marshall Hoover, Frank and Raymond Butterworth, Maude, Samuel and Roy Stevens, John Davis, Mitchell McKeown, Stanley Bryson, William and Leroy Bryson, Charles and Ralph Bryson.

The evening was spent in dancing and playing games, etc., after which came the refreshments which were served at a late hour. The guests wishing Mr. Bryson many more happy birthdays, then departed to their homes.

Miss Devore Michael, of Roanoke, Virginia, arrived here Monday for a visit with Miss Charlotte R. Hossinger. Several parties among the younger set of town are being planned for her during her stay.

Mr. and Mrs. Lester W. Tarr are spending their vacation this summer on a motor trip to visit relatives in Massachusetts.

William H. Walker visited his sister near Jenkintown over the week-end.

Mr. and Mrs. Charles P. Wollaston, of Newark, left last Monday for the Pacific Coast. They will stop enroute at Yellowstone National Park and points of interest. Before returning in September, Mr. and Mrs. Wollaston will spend some time in Los Angeles.

Miss Margaret Miller, of Wilmington, has been spending part of this week at the home of Mr. and Mrs. Robert C. Levis.

Mr. and Mrs. Harry L. Bonham are planning to sail for Europe about the 25th, to spend a month or more on a vacation trip.

Mr. and Mrs. Alfred A. Curtis and two grandsons left today for a six weeks' stay at Breakwater Court, Kennebunkport, Maine.

Mr. and Mrs. Harry S. Moore and daughters, Beatrice and Dorothy, and Mrs. Mabel Raleigh and son, Willard, spent Sunday with Mr. Joseph H. Moore and family, of Baltimore.

Edward G. O'Dwyer, of Maple Shade, N. J., is spending the summer

with his grandparents, Mr. and Mrs. H. J. Gaerthe.

Herman R. Tyson was a week-end visitor in Newark, driving up from Harrington where his string of horses is in training.

Mr. and Mrs. Francis Cooch are entertaining at dinner this evening in honor of Mr. and Mrs. Macarov, of Wilmington. Mrs. Macarov will be

remembered as Miss Alda Armstrong, who at one time was in charge of the Children's Bureau of Delaware. She later went to Russia in Red Cross work, and there married Mr. Macarov.

SPENDING WEEK AT NEARBY BEACH

Mrs. W. L. Smith, Mrs. Henry Capel, Mrs. Ralph Edmonson, Mrs. Beale F. Davis, Mrs. Milford Morris, Mrs. William Heavell, Misses Pauline Robinson, Melissa Egan, Elizabeth Betts, Virginia Tweed, Gladys Money, Edith Creswell and Louise Fulton and James Smith, Harlan Herdman and Roland Davis are spending this week at the Weir Cottage, White Crystal Beach, Md.

Mr. and Mrs. George Townsend

and daughter Katherine spent the past week-end in the Pocono Mountains, Pennsylvania.

Colonel and Mrs. J. Henry Hazel, of Dover, were dinner guests of Mr. and Mrs. William Ferris Cann here Friday evening.

Charles Blest, of Rehoboth Beach, was a week-end visitor with his family here. "Benny" is monarch of the projecting room in the Blue Hen Theatre in Rehoboth this summer.

Miss Edna V. Griffenberg, of Collingswood, N. J., is visiting her cousin, Miss Virginia Shumard, of Kells avenue.

Miss Jean Webber visited her sister, Mrs. Alex D. Cobb, the past weekend.

Mrs. Net Neitzelt and daughter, Miss Agatha Neitzelt, of Ohio, are visiting Mrs. Neitzelt's sister, Mrs. Alice Herhener.

Miss Mary Williams, of near Newark, has returned home after a visit to her aunt, Mrs. David Chalmers.

Dr. Johnson Home

Dr. and Mrs. Wallace M. Johnson have returned from a two weeks' stay with relatives in Michigan, and the doctor is attending to his practice

Easton Golfers Tie Newark 14-14 In First Of Series

Marylanders Have Trouble In Holding On To No-Decision Verdict; Course Worries Local Men; High Scores The Rule

GINTHER LOSES TO EASTON PRO.

The first of a series of sanguinary invasions to be perpetrated by gentlemen of the Easton, Md., and Newark golf clubs took place as scheduled Friday afternoon in the Maryland town. The Talbot Country Club, as hosts, did the perfect thing by tying the match up tight, 14 points even, so no one felt awfully bad about it.

Match Committee chairman, Paul Pié, had been grooming his team of Newark shooters for some days prior to the match, and they worked industriously polishing up their several games. One member, an alternate, was noticed at the second tee one evening, until dark, earnestly endeavoring to drop his practice balls dead to the pin, in preparation for whatever might turn up. That shows the real seriousness with which this Easton match was associated.

Course a Bit Unusual

With the unflinching modesty which marks the true follower of the Royal and Ancient game, several members of the Newark team, in discussing the match, said their scores might have been—ah—just a bit better had the greens at Easton—now no sour grapes, you know—had the greens been even fairly smooth. The exact condition of said greens, as far as can be learned, varies from bad to worse. Be it said for Easton, however, that the folks there go in for a Country Club, while Newark people have a Golf Club.

The ultimate score of the match was undecided until George E. Dutton and J. F. Dunn came trudging in with six points for the old home town. There was much cheering and subdued satisfaction when Easton's six point lead was thus brought to naught.

A heavy rain storm delayed the playing of the match, and made the Newark party late in returning home.

Norris N. Wright shot the lowest gross score of the afternoon, going around in 89 to beat R. R. Spring. J. P. Armstrong lost a hard match to D. Gregg. Bob Seasholtz, who performs like a siege gun from the tee, forced C. F. Polack to acknowledge defeat in another important match.

Ginther Loses

A. D. Ginther, Newark's professional, performed as an added attraction when he took on Kenneth Allen, Easton pro and one time Maryland professional champion. Allen's familiarity with the bumps and hollows was too much for Ginther. He dropped the match 5 up and 3 to go.

A return matinee will be played here by the same troupes on the afternoon of Saturday, July 25th. Mr. Pié, the impresario, may, it is learned, make some alterations in his cast, and has already arranged for a complete and thorough victory.

The scores:

J. P. Armstrong lost to D. Gregg, 2-1.
Robert Seasholtz won from C. F. Polack, 2-0.
N. N. Wright beat R. R. Spring, 2-1.
H. L. Bonham lost to Dr. Buck, 2-0.
F. Courtney Houghton lost to C. P. Buck, 2-1.
L. J. Finnan was defeated by J. H. Tweedy, 3-0.
C. A. Owens lost to J. H. Skillen, 2-1.
C. O. Houghton lost to Henderson, 2-1.
J. F. Dunn beat D. J. Gregg, 3-0.
George E. Dutton won from Mrs. D. J. Gregg, 3-0.
Newark, 14 points; Easton, 14 points.

P. R. R. May Remove Smyrna Branch Line

Residents of Smyrna are greatly worried over the report recently made that the Pennsylvania System may discontinue the "dummy" branch line running from that town across to Clayton, making connections with the Delaware Road. Scores of commuters, shoppers and visitors in and out of the town use this line to get to the main railroad. Nothing definite has been done by the business men of Smyrna, it is understood, as they are awaiting authoritative word from the railway officials.

The line was recently equipped with a gasoline locomotive in place of the steam engine formerly used.

Elk Mills On Warpath

Elk Mills mauled, battered and otherwise slaughtered the Bel Air club in their game Saturday afternoon, 21-3. The star of the afternoon was the official scorekeeper. He will

likely be out and about again in a few days. The strain on keeping tag on twenty-three runs, twenty-seven hits and nine errors would put any man on his back.

Elk Mills never missed an inning in scoring. Their high run was five in the seventh. They only managed to get one marker in the third, a very discouraging showing.

A big crowd chortled in glee as the Milltown boys came out of their early season slump with a whoop.

Score by innings:

R. H. E.
Elk Mills . . . 3 1 3 2 5 2 2 x—21 20 4
Bel Air . . . 1 0 0 0 0 0 0 2—3 7 5

Elkton Keeps Winning; Downs Havre de Grace

Ralph Robinson's Shoots Baffle River Batsmen In Saturday's Game; Elk Mills Runs Wild

With Ralph Robinson in his old time form, and his mates there with the bat when hits were needed, Elkton had little trouble in downing Havre de Grace to celebrate the opening of the second half race in the Tri-County League Saturday. The score was 7-1, and the county seaters were never in danger.

Woolman, the star center fielder on Elkton's club, again led his outfit at the bat and played a dandy all around game. This fellow has been the talk of the town for some weeks and has aided materially in keeping Elkton up in the van of the league race. He is reported to have been offered a job with an Eastern Shore League team.

Robinson let the Havre de Grace batsmen down with two hits for his afternoon's labors. It was one of the best games he has pitched in months. The score:

Havre de Grace

Providence-Bay View To Battle For Flag

Providence and Bay View, of the Cecil County League, will play a series of three games to decide the winners of the first half, as these two teams finished in a tie for the honors.

The first game of this series will be played at Providence, this evening, July 15. Game called promptly at 5.00 o'clock. The second game will be played at Bay View, Wednesday evening, July 22, and the third (if necessary) at Elkton Ball Park, Wednesday evening, July 29.

Miss Duffy Victor

In Ladies' Tournament

Miss Eleanor Duffy won the ladies' putting contest held over the putting green at the Country Club here Saturday afternoon. Six women members entered the contest. The excessive heat is reported to have resulted in several scratches at post time.

Miss Duffy and Miss Hester Lewis, her opponent in the semi-final round, waged a pretty contest over the eighteen holes. At the end of the first nine, Miss Duffy was one up. Most of the remaining holes were halved. The match was decided at the last hole when Miss Lewis missed a short put to square the match. Miss Duffy later won the final round from Mrs. J. P. Cann.

A bridge luncheon was in full swing on the clubhouse porch most of the afternoon. Mrs. Cann and Miss Elsie Wright were hostesses. Between twenty and twenty-five ladies enjoyed the party.

FINISH SECOND ROUND

Several Still In Field For President's Golf Cup

At the Country Club last Saturday the second round for the president's cup was played with the following results: Ernest B. Wright defeated B. F. Proud, 4 and 3; A. N. Kauschan defeated Norris N. Wright, 4 and 2; Dr. George H. Ryden won from Paul F. Pie, 5 and 3; J. F. Dunn defeated L. W. Eby, 5 and 4; H. L. Bonham

Providence Wins From Perryville, 5-2

Arrants Holds Railroaders Safe After Second Inning

Providence easily defeated Perryville last Saturday by bunching their six hits with Perryville errors in the early innings. Arrants was never in danger after the second inning, when two scratch hits and a wide throw by Vansant gave the visitors two runs.

Providence had two new men in the lineup, Terrill in center field and Miller in right. Both of these boys showed up well. The score:

Providence

Delaware Crop Report

July 15, 1925

Extremely dry weather for the past month caused severe damage to hay, grain, potatoes and truck crops. Rain at the close of the month helped corn and it has made rapid growth in the past week.

The greater portions of the potato crop was damaged beyond repair and will not be over a half crop on the smallest acreage planted in Delaware in the last twenty years. The sweet potato acreage has been increased but conditions are somewhat low due to drought. Fruit suffered from frost damage this spring. Apples promise a little better than half a crop. Peaches and pears will be about one-third a crop according to the report issued today by G. L. Morgan, Agricultural Statistician for Delaware.

Corn

The area seeded to corn this season is estimated at 5 per cent more than last year's acreage or 184,000 acres. The condition of the crop on July 1st was estimated at 91 per cent of a normal, indicating a yield of 35.5 bushels per acre and a production of 6,530,000 as compared with 4,725,000 bushels last year, 6,057,000 in 1923 and 5,557,000 bushels in 1922.

Winter Wheat

The condition of the crop on July 1st or at time of harvest was estimated 92 per cent of a normal, indicating a yield of about 16.6 bushels per acre and a production of 1,822,000 bushels as compared with 1,616,000 bushels last year's final estimate and 1,908,000 bushels in 1923. The stocks of old wheat remaining on farms July 1st was estimated at 2.5 per cent of last year's production or 40,000 bushels. This compared with 57,000 bushels last year's estimate and 53,000 bushels in 1923.

Oats

The condition of the crop on July 1st, was 74 per cent of a normal, indicating a yield of 25.9 bushels per acre and a production of 181,000 bushels as compared with 210,000 bushels last year's final estimate and 182,000 bushels in 1923 and 161,000 bushels in 1922.

White Potatoes

The area planted to white potatoes this year is estimated at 12 per cent less than last year's acreage or 8,000 acres. The condition of the crop on July 1st, was 49 per cent of a normal, indicating a yield of about 53 bushels per acre and a production of 427,000 bushels. This compares with 819,000 bushels last year's final estimate, 800,000 bushels in 1923 and 960,000 bushels in 1922.

Sweet Potatoes

The area planted this season is estimated at 10 per cent more than last year's acreage, or 11,000 acres. The condition of the crop on July 1st was about 80 per cent of a normal, indicating a yield of 114.4 bushels per acre and a production of 1,258,000 bushels as compared with 1,300,000 bushels last year's final estimate, 1,008,000 bushels in 1923 and 1,716,000 bushels in 1922.

Hay

The condition of all tame or cultivated hay on July 1 was estimated at 60 per cent of a normal indicating a yield of about 1.05 tons per acre and a production of 97,000 tons as compared with 155,000 tons last year,

95,000 tons in 1923 and 116,000 tons in 1922.

Timothy—The condition of timothy on July 1 was 54 per cent of a normal as compared with 91 per cent last year and 79 per cent the average condition for the past ten years on July 1. Mixed hay—The condition of clover and timothy mixed hay on July 1 was 59 per cent of a normal as compared to 93 per cent last year and 79 per cent the average condition for the past ten years on July 1.

Alfalfa—The condition of alfalfa on July 1 was 76 per cent of a normal as compared with 95 per cent last year and 87 per cent the average condition for the past ten years on July 1. Wild hay—The condition of wild hay on July 1 was estimated at 77 per cent of a normal, indicating a yield of about 1.19 tons per acre and a production of 2000 tons as compared with 4000 tons last year, 3000 tons in 1923 and 2000 tons in 1922.

Apples

The condition of the total or agricultural crop on July 1 was 55 per cent of a normal, indicating a production of 920,000 bushels as compared to 1,200,000 bushels last year, 1,200,000 bushels in 1923 and 1,414,000 bushels in 1922. The commercial crop is estimated at 261,000 barrels as compared with 310,000 barrels last year, 340,000 barrels in 1923 and 380,000 barrels in 1922.

Peaches

The condition of the peach crop on July 1 is estimated at 85 per cent of a normal, indicating a production of 119,000 bushels as compared with 280,000 bushels last year, 225,000 bushels in 1923 and 320,000 bushels in 1922.

Farm Wages

The average price paid for farm labor as reported by our correspondent is as follows: by the month with board, \$34.00; by the month without board, \$49.00; by the day with board including average daily earnings of piece workers, \$2.15; by the day with board, \$2.85.

The supply of farm labor is estimated at 87 per cent of a normal, and the demand 93 per cent, making the potential labor supply 93.5 per cent of a normal.

Soy Beans

The acreage sown to soy beans this season is estimated at about 11 per cent less than a year ago or 18,000 acres. The condition of the crop on July 1 was 84 per cent of a normal as compared with 90 per cent last year, and 93 per cent in 1923.

SUNDAY

14th Annual Carnival

SEVEN NIGHTS, beginning AUGUST 1st

SINCE the date of its founding, thirty-seven years ago, The Aetna Hose Hook and Ladder Company of Newark has served this community well. It is one of the oldest volunteer organizations of its kind in Delaware. Moreover, it has, without question, the finest equipment, and is housed in the most attractive and modern home of any fire company in the State—not excepting The First City.

In view of old Aetna's record and of the faithful protection it affords this community, The Post takes particular pleasure in announcing herewith the Annual Carnival.
