Number by each well or pond indicates its sequence in the lettered quadrangle. Each lettered quadrangle is subdivided into 25 parts numbered below. Wells are numbered consecutively as scheduled in each division.

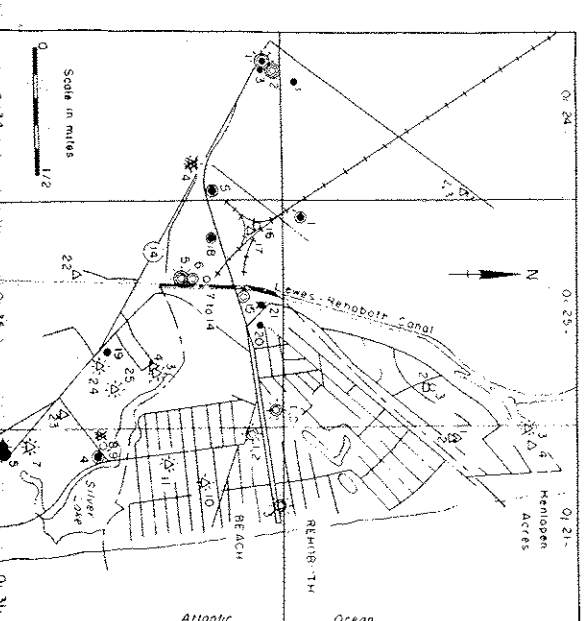

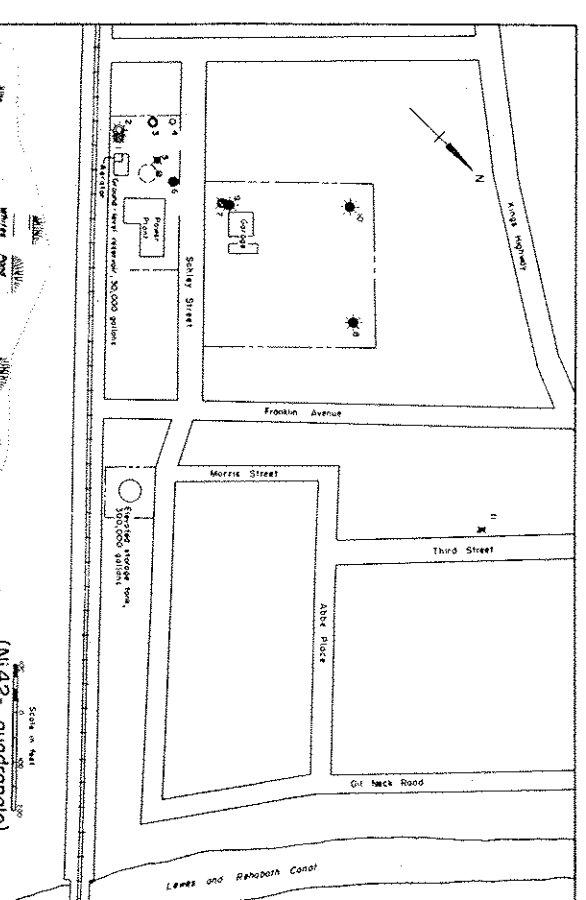

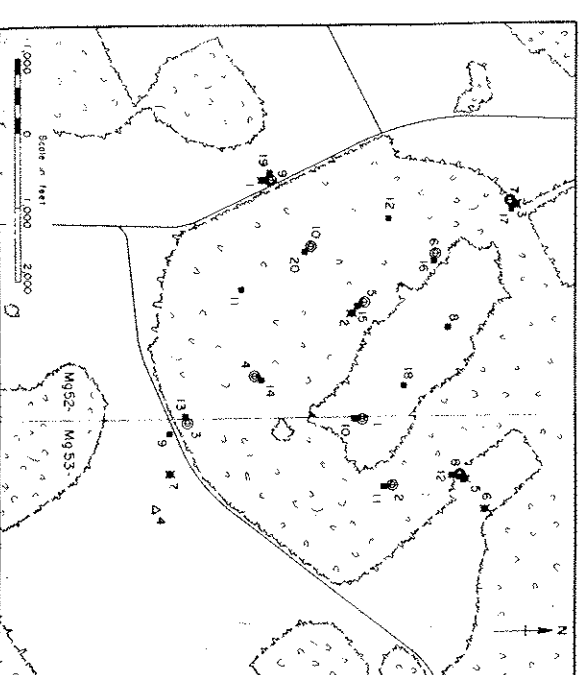

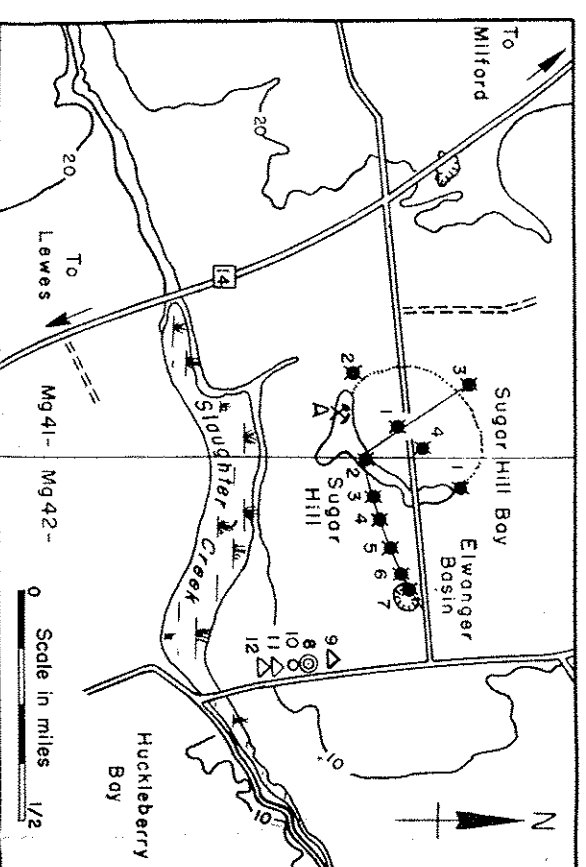

11	12	13	14	15
21	22	23	24	25
31	32	33	34	35
41	42	43	44	45
51	52	53	54	55

Capital letter by each gravel or sand pit indicates the pit sequence alphabetically in the lettered quadrangle.
