The Louis Looses are back from their vacation in the Poconos, and have as a guest, little Peggy Reed of West Virginia.

Willie Nichol just returned from a week with the Charles Cairns family of Salisburyville. Janet Nichol went to see relatives in West Virginia, with her Grandmother Lester.

Dr. Arthur Kelley told us the other evening that rumor is fact, in so far as he has felt it necessary to resign as roadmaster in the face of what he feels is going to be undue expenditure of township road monies for road repairs. He feels that this high rate of expenditure could be curtailed by turning up to the necessity of purchasing a tractor and a mower and also a drag attachment. An ordinarily able man could operate this unit economically, and the equipment could be resold anytime this became advisable, while obviously, the purchase of a scraper and the two or three other pieces of road equipment necessary if one used a scraper, would not be possible on the township budget.

Mr. Miller Gill, who recently assumed residence on his property on Indian Road, London-Britain Township, passed away quite suddenly August 1. Mr. Gill had been ill, and was retired. He leaves two sons, Horace and Wayne Gill, both of Oxford, and their families. Just the other evening a woman whose family had known Mr. Gill for years, remarked that "There couldn't be a nicer, kinder man," and we are sorry to tell you of his demise.

The Bill Nichol family left August 1 for two or three days at the shore. Barbara News returned from Longport, N.J., on August 2 to join her family on a vacation trip to Wisconsin.

Miss Jean Wendt has assumed the matronly post for the Landenberg H-H Club. The Round-up to be in Chester County in September is the

big day on the club's calendar, and all the girls are stitching madly to complete their entries. The meeting July 31 took place at the Harold Field home, and the next meeting is to be at the Bud Carlin home in Landenberg Aug. 14 at 2 P.M.

L. E. Gouge has sold his farm near Landenberg to Giuseppe Fieni, also of nearby Landenberg. Mr. Fieni plans to farm the land and rent the house out. The Gouges will have a big sale of all farm equipment on August 10, after which they will leave on vacation for a week, and return to their new home on Capitol Trail near Newark.

The John Moore family has been on a vacation.

Very special news; John Alcock has been appointed delegate by the West-ern Quarter of the Philadelphia Yearly Meeting of the Society of Friends, to the Friends' World Conference at Oxford, England, which is to take place July 28 to August 6, 1952.

There will be a card party at 8:30 Thursday, August 16, at Landenberg Hall, and there will be prizes. Same story—chance for community sociability while we help the hall fund!

The Ed Hixson entertained the Bob Krause and Jack Alcock families at dinner Thursday, August 26.

August 8 a surprise baby shower was tendered Mrs. Jim Paxson by Mrs. Ed Hixson. When Mrs. Hixson arrived at what she thought was to be a meeting of a little luncheon group, here was a roomful of good friends to tender their best wishes and gifts in a lovely setting created by a gracious hostess.

The guests included: Mrs. Harry Paxson from Parkersburg, Mrs. Harry Paxson, Jr., of Parkersburg, Mrs. Paxson, of Philadelphia, and from Landenberg there was Miss Ella Crossan, Mrs. Beulah Hoopes, Mrs. Calvin Hoopes, Mrs. Alva McMillan, Mrs. Claude Halsey, Mrs. Francis Hill and Mrs. Louis Loos of Kemblesville, Mrs. Clarence Crossan of Elkton, and More Landenberg guests included Mrs. Martha Carlin, Miss Helen Carlin, Mrs. Wilson Akerman, Mrs. Charles Bailey, and Mrs. Arthur Hixson.

AN ORDINANCE AMENDING CITY ORDINANCE NUMBER 99 BY REZONING CERTAIN LAND NEAR THE EASTERLY LIMITS OF THE CITY OF NEWARK.

The Council of the City of Newark hereby ordains:

Section 1. City Ordinance Number 99 entitled "Zoning Ordinance" be and the same is hereby amended by changing the district classification of the R D area South of George Road Village from R D to R M, same area being designated as "Proposed R M" on the print which is attached hereto and made a part hereof.

AN ORDINANCE AMENDING CITY ORDINANCE NUMBER 99 BY CLASSIFYING AND REGULATING THE AREA RECENTLY BROUGHT WITHIN THE CITY LIMITS.

Whereas on June 6, 1949, the Council of the City of Newark enacted a town ordinance Number 99 entitled "Zoning Ordinance" wherein it established zoning classifications and regulations for all of the territory then within the municipal corporate limits.

Whereas by the new charter for the City of Newark which was duly adopted on July 10, 1951, the corporate limits of the City of Newark were extended so that there is now an area between the old corporate limits of the City of Newark and the new corporate limits of the City of Newark, which is not classified or regulated under said zoning ordinance and.

Whereas the Council of the City of Newark believes it necessary to classify and regulate said area in order to encourage the most appropriate use of said land and promote the health, safety, and general welfare of the City of Newark, now therefore, the Council of the City of Newark ordains:

Section 1. City Ordinance Number 99 entitled "Zoning Ordinance" be and the same is hereby amended by adding to the Zoning Map of Newark, declared by Section 201 of said ordinance to be a part thereof, all of the area brought within the corporate limits of the City of Newark by the adoption of said new charter on July 10, 1951.

Section 2. All of said area so added to the Zoning Map of Newark shall be and the same is hereby classified as a R S district.

Safety Hints

"Ignoring traffic signs," Robert Kennedy, Vice President for Public Safety of the Delaware Safety Council, warned Delaware's drivers today. "Is the same sort of deadly thoughtlessness that prompts an occasional hunter to see if his gun is loaded by squinting down the barrel and snapping the trigger experimentally?"

The folly—and the chance of survival—can be very comparable, he said.

"Disregarding a traffic sign or signal," according to Mr. Kennedy, "can usually be traced back to one of two possible causes. Either the driver saw the sign and mentally discounted the dangers implied by it, or he looked—literally—through the sign and didn't see its warning."

Of the two, Mr. Kennedy said that the latter was probably the greater of the two hazards to drivers and the harder to impress upon them.

"When a man drives the same route, day in and day out, he becomes more or less calloused to the traffic signs along the way. Eventually, a stop sign may completely lose its meaning. He may fall into the habit of merely slowing down a little when he comes to the intersection and get away with it for years. Then, one day," Mr. Kennedy said, "he finds himself hit broadside by another car. If he survives the crash he is usually quite shocked to find himself legally at fault."

Mr. Kennedy spoke on traffic signs and signals today on behalf of the Delaware Safety Council's August "Operation Safety" program of traffic safety education.

"Having 'The Signs of Life' as its theme this month, the Delaware Safety Council is cooperating with the National Safety Council in a concerted effort to halt the annual loss of life and property in traffic accidents resulting from the disregard of traffic signs and signals.

Good Care Adds

Farm Tire Life

Rubber tires on farm equipment must be given special care these days, says J. Frank Gordy, County Agent Leader of the Delaware Agricultural Extension Service.

He advises that farmers make sure that tires are properly inflated, remembering that the furrow wheel carries an extra load.

Be careful of sharp impacts which can sometimes break tire casings. Don't overload and spin tires on hard surfaces.

Careful driving to avoid sidewall scuffing will also be helpful, he states. Make sure grease and oil are kept off tires. Jack up equipment in storage to remove weight from the tires.

A little time for extra care, Gordy says, will pay off in longer tire life.

Scrap Steel Drive Begun By Chrysler

In order to help the steel situation, Chrysler Corporation is turning up new sources of scrap and has already found 1,200,000 pounds.

The company has started a new scrap drive to find additional dormant scrap metal in its own and vendors' plants not covered in regular scrapping operations. H. L. Weckler, vice-president and general manager of the corporation announced recently.

"Our standard scrapping procedures have been recovering more than 35,000 tons of iron and steel monthly," Mr. Weckler said, "but we feel we can find more scrap by reducing the number of old tools, dies, jigs, and fixtures no longer needed in service work."

A preliminary analysis showed that the corporation could eliminate many tools and dies stored in Chrysler plants or in vendors' plants by discarding those for early model parts no longer in demand.

In the first month the corporation was able to obtain 1,200,000 pounds of dormant scrap iron and steel that otherwise might not have come to light. This was gained from a check of 25 vendors who are large suppliers of Chrysler Corporation and who maintain service tools and dies for the company.

Tools and dies for about 2000 more service parts are now being examined for possible scrapage. When the program gets into full swing, it is expected the tools and dies for 2,500 parts will be checked for scrapage every month.

Harvard Man Claims U.S.

Has New Tactical A-Bomb
Prof. Emeritus Sidney B. Fay of the Harvard University history department says the United States has developed a new atom bomb.

Professor Fay said, "I have been told by a high authority that it is a tactical bomb able to repel any Soviet invasion of Europe. It is a bomb which would be used to support troops, not the type used over Japan. They were not used in Korea for obvious reasons."

"I cannot say where I heard about this or give any details regarding the new type bomb because that is a top security secret."

Close Call

While returning from Wilmington late Friday night, a new Willys-Knight roadster, piloted by William P. (Bus) Wollaston, Jr., son of W. P. Wollaston, well known Main Street butcher and merchant, crashed head-on into a concrete abutment along the highway south of Marshallton, leaped into the air, turned over and ploughed off the roadbed. Young Wollaston miraculously escaped death or serious injury.

Carnival Receipts

Continued over because of rain during its scheduled period, the annual Aetna Fire Company's outdoor carnival closed at midnight last night. Treasurer Warren A. Singles announced today that \$12,507.34 had been taken in during the eight nights of the fair, compared with \$14,738.20 in receipts last year.

The largest single night's returns came Saturday, when \$3,374.40 was collected at various booths.

Child Hit By Car

Jean Barnes, seven year old daughter of Mr. and Mrs. James Barnes, Lovett Avenue, narrowly escaped death or serious injuries Sunday morning when struck by an automobile while crossing Main Street at the Presbyterian Church.

She was struck and knocked down, suffering severe cuts and bruises of the arms and head. One eye was badly lacerated requiring several stitches.

The driver of the car was exonerated on the spot by Mr. Barnes as the

collision was said to be unavoidable.

Reading Fair Marks 100th Anniversary September 9 to 16

This year's Reading Fair will mark the 100th anniversary of fairs in Reading.

History records that the first fair was held here October 27, 28 and 29, 1832, so the forthcoming exposition, September 9 to 16, will be the 100th of the series.

Like fairs in many other sections of the country, the first fair in Reading was conducted on an extremely modest scale.

An old copy of the Reading Gazette and Democrat newspaper states that exhibits consisted of horses, cattle, and livestock generally; agricultural implements, horticultural products and products of domestic industry.

In commenting on the grand daddy of fairs in this city, the newspaper described the arrangements as excellent throughout, the attendance during the three days large, the display gratifying, and the success beyond all anticipation.

The amount of premiums paid to exhibitors at the first fair aggregated \$229, a far cry from the \$28,000 in premium money which has been posted for the exposition this year.

The first fair also differed greatly in another respect. According to the records, no money was set aside for entertainment at the 1832 fair. This year, the outlay for grand circuit horse races and other forms of grandstand entertainment at the Reading Fair will exceed \$100,000.

Col. O'Connell Named State's Military Head

Colonel Augustus B. O'Connell, of the Regular Army has been named chief of the Delaware Military District. It was announced at district headquarters recently.

Colonel O'Connell, who has just returned from two and a half years in Germany, was last assigned as Provost Marshal of Frankfurt Military Post. Commissioned a reserve officer in 1918, he began active duty in the Army in

Tomato Seed Oil And Asparagus Soup From State Produce

Both By-Products Of Delaware Vegetable, Fruit Industry

Ever hear of tomato seed oil? Did you know that dehydrating asparagus butts for a soup base can use most of the 50 per cent waste in the Delaware asparagus industry?

Tomato seed oil can be made by pressing the seeds left after processing tomatoes. Says Professor G. L. Baker, of the Delaware Agricultural Experiment Station, "Tomato seeds, separated from the skin waste, can yield up to 18 percent oil by heat, more with oil solvents. The oil is very digestible. And the residual seed cake has about 32 to 38 percent protein, which makes it high in feed value for animals."

Mr. Baker published these facts after working on a survey of what could be done with by-products of Delaware's fruit and vegetable processing industry. "Processing is necessary to stabilize the industry, and by-product uses are necessary to a successful processing industry," Baker stated.

Other possible ways of using plant wastes might be composting plant by-products, using products as a base for growing mushrooms. Leafy wastes might be used for dehydrated poultry feeds.

Downy Mildew Fungus Can Winter In Ground

A big step has been taken toward conquering downy mildew of lima beans. There is now concrete proof that the fungus that causes the disease can live over winter in the soil. Dr. J. W. Heubner, head of the plant pathology department at the University of Delaware, has announced

that it hibernates in greenhouse tests, got the disease from the soil. Last summer, diseased lima bean pods were added to some soil. This soil was buried outdoors last winter. Then it was brought into the greenhouse on June 5 and planted with disease-free limas and kept under disease-free conditions. On June 28, downy mildew appeared on some of the plants.

Dr. R. S. Cox, associate plant pathologist, and Dr. R. A. Hyre, regional pathologist with the U. S. Department of Agriculture, are responsible for this last important research.

Downy mildew has been a constant threat to lima beans in Delaware since 1943, and the University has

Curtis, Jays Score Upsets To Enter Softball League Finals

Favored Spiders And Chrysler Partsmen Shouldered Out Of Race In Semi-Final Series; Title Matches Now Underway

In a double barreled upset, the Curtis Papermen and the Blue Jays moved into the finals of the softball league this week, eliminating the highly favored Spiders and Chrysler Partsmen.

The Spiders, the league's defending champions who stood at the top of the standings in the current season, were jolted out of the running by the rampaging Jays in the last two semi-final games by scores of 10-10 and 10-4. The Spiders took the series opener, 3-1.

The upstart Curtis men jared Chrysler 5-2 in their first semi-final match, then bowed 8-2, but came charging back to take the clincher, 7-3.

The two finalists are scheduled to meet tonight on the high school diamond. If a third game is required in the best-two-out-of-three for the league crown, it will be played Monday night.

The decisive clash in the Spiders-Jays series came last Monday night when the Jays breezed to a 10-4 triumph. The favored Spiders contributed to their own defeat through slipshod fielding and loose pitching. The Jays built up a 6-2 margin in the first two innings and coasted to the win.

The Curtis Papermen cinched their place in the finals with a 7-3 victory over Chrysler on Monday. Snappy fielding, alert team play and hitting in the pinches enabled Curtis to come from behind for a well earned triumph.

Trailing 2-1 going into the third, the Papermen broke loose for three runs, adding another trio in the sixth. Chrysler's final tally also came in the sixth.

Newark AA Meets Elkton On Sunday; Downs Hickory, 5-3

Blaney's Hitting Big Factor In Susky Loop Victory

Timely hitting by Bunny Blaney plus some sparkling fielding by Spike Barouth and Gene Schaefer paced Newark to a 5-3 triumph over Hickory last Sunday in the Susquehanna League.

Newark has a busy weekend coming up. Saturday the club invades Havre de Grace for a "make-good" game starting at 2:30 p.m., and Sunday the local nine returns to Elkton for an encounter with the league leading Marylanders beginning at 2:30 p.m.

Last Sunday Newark opened the scoring with two runs in the third. Buddy Cataldi touched off the outburst with a resounding triple to center field. Gene Schaefer and Jimmy Ford then went down on strikes, but Barouth earned a walk and stole second.

Blaney stepped into the breach with a double to left center bringing home Cataldi and Barouth.

Hickory collected its first run in the fourth to trail 2-1, and Newark widened the gap with a tally in the fifth on consecutive singles by Blaney, Ford and Barouth with Blaney scoring.

In the last of the fifth, however, Hickory slipped across two runs to knot the count.

Newark again edged ahead in the seventh when what proved enough to win when Blaney walked, stole second and third, then scored on Jimmy Knott's single. The locals pushed across another tally for good measure in the ninth inning. Ford walked and was brought in by a double to left from the bat of Bunny Blaney.

Holstein Sets New Production Record

With 764 pounds of butterfat and 18,419 pounds of milk testing 4.2% to her credit, Centerdel Posch Melinda, a registered Holstein-Friesian cow owned by W. Lewis Phipps, Wilmington, has completed a 365-day production test in official Herd Improvement Registry.

She was milked 2 times daily, and was 10 years 1 month of age when she began her testing period.

Testing was supervised by University of Delaware, in cooperation with The Holstein-Friesian Association of America.

Record Season Seen At Ocean Downs As 20-Nite Meet Opens

Ocean Downs Raceway, Maryland's resort trotting track at Ocean City, Md., got off to a spectacular start last Tuesday night when it opened its third 20-night meet, and the success of the first few nights indicate a record season for betting attendance at the glittering track.

More than 700 crack horses are now campaigning at the seashore oval, and the track is so fast this season that the experts are predicting that many of the track and state records set here last year will be surpassed before the meet is over.

The second of the rich \$2,500 early closing events will be held tomorrow night, (August 10), with the most brilliant 2-year-old pacers of the Maryland season competing for the big money.

The Eastern Shore will get its first look at its own Royal Mist, darling of the Franklin Hastings stable, of Berlin, Md., as the new world's champion takes the spotlight in the Friday headliner.

Undeclared in six straight races, Royal Mist recently became the new world's champion 2-year-old pacing filly when she romped over the mile in a dazzling 2:05 at Harrington, Del.

Bill Fleming, son of the immortal Vic Fleming who drove Billy Direct, will drive Royal Mist.

Bel Air Will Offer Richest Purse Total In 14 Year History

Following a sojourn in western counties, the Old Line State's thoroughbred caravan will return to the Baltimore-Washington area on August 15 when the Harford County Fair Association opens its 14th annual 10-day meeting over the local three-quarter-mile oval.

Endeavoring to put central Maryland's extensive fall turf season off on the right foot with the best thoroughbred sport available, the Bel Air management has announced an increase of \$8,000 in purses. Also, the picturesque plant's beauty treatment has been in progress for several weeks.

With its natural countryside setting, Bel Air track again will offer turfgoers all modern facilities and still retain its popular "homey" atmosphere for fans who enjoy an afternoon of rural comfort as well as the commercial aspects of their favorite sport.

With purses ranging up from a minimum of \$1,000, Bel Air will offer horsemen the largest purse distribution in the history of the State's minor turf circuit and divisions of many of the country's foremost stables are expected to be attracted by the additional purse money.

The Elray and Country Life handicaps will again be featured on the two Saturday programs.

While the Harford County course is located on US Route No. 1 and therefore is one of the state's most accessible tracks by auto, the fans who enjoy the relaxing comfort of air-conditioned trains while traveling to the track, will not be neglected.

Bel Air inaugurated turf racing in Maryland during its 1950 meeting and now Laurel has announced it will follow suit with grass races during its fall meeting. The turf course here has been greatly improved since it was first used a year ago and Racing Secretary Ty Shea expects to provide one infield flat event on each 8-race program.

Newark Holds First In County Loop Despite Christiana Loss

Wins Over Yorklyn and Newport Cancel Out Season's Second Defeat; Christiana Now Only 2 Games Behind In Second

After clicking off wins over Yorklyn and Newport last week in the New Castle County League, Newark dropped a crucial contest to Christiana last Friday night.

The loss, Newark's second in loop competition, left the local club still entrenched in the league lead, but Christiana now trails by only two games. The triumph over Yorklyn was by an easy 12-2 margin and the victory over Newport last Thursday was another breeze, this time 9-2.

Tonight Newark invades Yorklyn for another setto. The loss to Christiana also marked Fuzzy McCormick's first mound defeat in county league competition this season. Although he held the opposition to only five hits while his teammates picked up eight, he got poor support from his infield, especially in the second and third innings, when Christiana scored its five runs.

Although touched for eight safeties, Bobby Laws, who went the distance for Christiana, hurled steady ball in the tight spots.

Another month in the year of 1951 has arrived—"August." This is the month of fishing, swimming, vacations, picnics, and parties. As the month comes to a close, the opening of schools takes place and the vacation is over.

A much needed pool in the community west of Hockessin along Valley and Limestone Roads is to be constructed soon. The surveying of the three-fourths acre of land on the property of Alfred Glacoevill started last week. The pool of 30,000 gallon capacity, will insure much better fire protection for the many homes and school houses in that area. The land was donated by Mr. Glacoevill and the project will be financed by private contributions. It is to be supervised by the U.S. government for the construction.

The Woodlands Home Demonstration Club will hold its yearly outing and picnic luncheon next Wednesday at the home of Mrs. B. Taylor on Mill Creek Road. The Three-in-One Home Demonstration Club will have a family picnic at 6:30 o'clock at the home of Mr. and Mrs. John B. Lynch.

David Woodward, a member of the White Oak 4-H Club, won a prize of \$100 in Savings Bonds for capturing top honors in the Delaware Greener Pasture essay contest. "Dave," as he is called, has been an active 4-H clubber for several years and has had an outstanding record in raising and judging hogs.

Mr. and Mrs. Gates Gilmore of near Gettysburg, Pa., former Delaware residents, visited local relatives last week. Winnie and Tania Pyle of Mohrsville, Pa., have returned home after a visit with their uncle and aunt, Mr. and Mrs. Dale Seymour on Lancaster Pike.

Mr. and Mrs. William Elliott, of Creek Road, were participants in the Rev. Pyle wedding last Saturday at the Methodist Church in Lincoln.

Cornet Ketch
Union Grange cancelled its annual picnic. There will be no sessions until Sept. 5.

Members of Leola Council and its Wa Tribe, IORM, and their families enjoyed an outing to Lenape Park last week.

Miss Catherine Dempsey with the Gilbert Ungers of Kirkwood Highway and the Paul Nelsons of near Fairview, are spending this week at Red Point, Md.

Ebenezer Methodist Church
The annual jubilee despite stormy weather, was a great success. The proceeds of the official board are greatly pleased with the amount.

The talent show attracted such a large crowd that the social hall where the affair had to be held was filled to capacity. The judges had a difficult task to select the winners for the three cash prizes as a varied program of talent was displayed. Prizes went to Miss Joan Jackson, Miss Barbara Whitman, and Miss Jane Walton, the winners for their vocal trio; they received the first award of \$15.00. Harney Grange male quartet and the Misses Eleanor and Margaret Woodward, piano and accordion duo, tied for second place and won \$10.00. A novelty number "Dancing Hands" given by the women of the church received the third prize of \$5.00. There were 19 contestants.

The Sunday school picnic was held Tuesday evening at Lenape Park.

The WSCS held a meeting last week to arrange for coming activities. The tentative date for the annual chicken and turkey supper was set for Oct. 27. The United Church Women will be entertained on Nov. 6. The society will furnish coffee for the box luncheon on Harvest Home Sunday, Sept. 16 and will serve luncheon on Homecoming Sunday, Oct. 21. A worship program was held last Sunday evening with the Mite Circle in charge. Monday Greenplate who spent the weekend at the third annual Methodist Laymen's Retreat at the Peninsula Camp near Centerville, Md., was the speaker.

The Rev. E. J. Horney, pastor, will be an instructor at the Peninsula Methodist Conference Camp for junior camp week, Aug. 13 to Aug. 18. The camp is located near Centerville, Md. Members of the church are to come in the edifice Saturday morning at 10 o'clock for the purpose of giving the interior of the building a housecleaning. Each one is to bring a box lunch.

Merrill
Mr. Henry Kelly celebrated his 85th birthday anniversary last Thursday. He was in the Memorial Hospital for another facial operation that day but was able to return home at the end of the week.

Nancy Barlow suffered a severe operation of the big toe last Thursday while playing in Joanne Nowland's parlour. She was taken to the Wilmington General Hospital for treatment and has had to remain there due to the seriousness of her wound. Her foot has had to be placed in a cast.

Mr. and Mrs. Rollin Farmer, Francis Rollin, and Linda Sue Farmer, are visiting relatives in Virginia and West Virginia.

Mr. Harvey Ball has returned home from a three weeks' stay with the Ford Stoves in Upper Sandusky, Ohio.

Mr. Sara P. Evans, Mrs. Abner Woodward, Miss Margaret Woodward, and Miss Evans attended the wedding of Miss Joanne Potts and Mr. Pierre Hantz on July 30 in West Presbyterian Church in Wilmington.

400 MILL CREEK HUNDRED
Miss Emilie A. Pennington spent the week in Morrisville, Pa.

Mr. Clay Creek Presbyterian Church while the pastor, the Rev. George T. Johnson, is on vacation, the pulpit will be supplied by the following: Mr. Johnson, the Rev. Edward E. Colman, S.T.D., chaplain of the Vet-

erans Hospital at Elsmere, on Aug. 12; the Rev. John Aldman, Jr., pastor of Lower Brandywine Presbyterian Church, Aug. 19, and the Rev. James L. Getaz, Jr., pastor of Head of Christiana Church near Newark, Aug. 28.

The Sunday school will hold its annual picnic this afternoon and evening at Lenape Park. A baseball game is scheduled. The supper will be enjoyed basket style at 6:30 p.m.

The Women's Bible Class taught by Mrs. Henry L. Gass and their families had an outing last Saturday afternoon and evening at Port Herman, Md.

Sunday evening activities for the Westminster Fellowship groups are discontinued until Sept. 2.

Mr. Jamieson spoke last Sunday at West Presbyterian Church in Wilmington and will supply other pulpits this month.

Gordon Cleaves Nears End Of Naval Recruit Training

Gordon S. Cleaves, seaman recruit, USN, of 19 Kells Avenue, Newark, is scheduled to graduate from recruit training next week at the U. S. Naval Training Center, Bainbridge, Md.

This initial training includes instruction in such fields as seamanship, firefighting, gunnery, signaling, and other courses designed to make the recruit well-versed in every phase of navy life.

Upon completion of their 11-week training period at the recently re-activated training center, graduates are assigned to duty stations with the fleet or at navy shore stations, or are sent to service schools for advanced technical training.

Welsh Tract Church Mentioned In Magazine

A random shot by some forgotten Revolutionary artilleryman left its mark on the sturdy walls of ancient Welsh Tract Baptist Church, near Newark Del., says the current issue of Esso Road News, monthly travel paper.

Now being distributed by Esso dealers throughout several states, the publication contains articles about many other places of interest to motorists, a calendar of coming events and a detour map showing construction work on main highways.

Esso Road News goes on to say: The wild-eyed cannoner let fly one ball that went clean through the building. The holes it left are still visible in one of the walls.

The rugged old church, built in 1746 by Welsh settlers, stands under giant oaks about a quarter of a mile southwest of Route 896, a mile south of Newark. Age-stained stones in its graveyard date from early in the eighteenth century. The caretaker lives across the road and will show you around.

Council Meeting

(Continued from Page 1)

Council ordered its solicitor, John P. Sinclair, to prepare a draft of an ordinance eliminating parking on South College Avenue between West Park Place and the W. S. Armstrong property.

City Supervisor Francis Neide was ordered to carry out engineering surveys with a view to extending Winslow and Sunset Roads to Elkton Road. Repairs to hazardous conditions on East Main Street, especially near the Pomeroy tracks, were also authorized.

In a during to Council, the Delaware Power and Light Company said it had discarded plans for extending a power line along North Street. Council had turned down permission for the line, following complaints from Mr. and Mrs. William Sullivan, residents of the area. The light company also submitted a request for permission to extend

the line along a new route claiming it had already secured the approval of the property owners concerned. Council referred the request to its light committee and indicated it would not pass on the question until it had discussed the matter personally with representatives of the light company.

Several of the Councilmen appeared irritated with the methods of the company in its dealings with the city. Mayor Wallace Johnson apprised the Council of a request by the Wilmington Housing Authority to extend its powers to the limits of New Castle County. The request has been filed, he said, with the State Board of Housing and a public hearing on the question is to be held tomorrow at 3 p.m. in the Wilmington City Council chambers.

The Council agreed to send a representative to the hearing to request that the Authority's jurisdiction be limited to within five miles from the center of Newark.

Movie of Newark

(Continued from Page 1)

has secured the cooperation of Dr. and Mrs. C. Robert Kase in enrolling available talent from the community's University Drama Group, the E-32 Players of the University of Delaware and the dramatics class from the Newark High School.

This will not solve the entire casting problem. Mr. Gold stressed. He estimates he will need as many as 300 people in some of the larger scenes.

The script, written by Oveste Granducci, of Washington, D.C., will be directed by Warner's Joseph Henabery.

The chief characters will be a dentist and the mayor of a city, both played by professional actors. The dentist will be a prototype of Dr. P. K. Musselman, the Newark dentist, who first proposed the fluoridation program here and who supported it for two years, often against heated opposition.

Scenes will be laid along Main Street, in the dentist's office, in a school house, at the waterworks, in a newspaper office and other local spots.

The climax comes at a large town meeting with citizens firing questions at health experts and civic officials on the stage. The answers of the latter eventually convince the citizens that fluoridated water will benefit them and their children and the program gains general approval.

Mr. Gold explained that the script will not give a factual account of the development of the fluoridation program here. Rather, he said, it will be a composite story of fluoride projects as communities have organized them throughout the country.

Mayor Wallace Johnson has given his wholehearted support to the production and has promised Mr. Gold the full cooperation of the city's staff. He also has urged the public at large to lend as much support as possible to the movie team.

Chiropractic Physician Starts Practice Here

Dr. Henry A. Poe, formerly of California, N.J., has opened an office for the general practice of chiropractic, at 168 Academy St., Newark.

Dr. Poe is a graduate of the National College of Chiropractic in Chicago, Ill. After graduation, Dr. Poe served his internship in the Chicago General Health Service, the largest chiropractic clinic of its kind in the country.

Before entering the profession, Dr. Poe served for nearly seven years with the U. S. Air Force, in Alabama, Mississippi, Arkansas and the Philippines. Dr. and Mrs. Poe will make their home at 168 Academy St., which they recently purchased.

3rd Annual 4-H Camp To Open At Barnes

Two 1-Week Sessions; Program Listed

The 3rd Annual State 4-H Camp will open on August 20th at Camp Barnes, according to Sam Gwinn, director of the 4-H Camp. This year, as usual, there will be two weeks of camping, August 20 to August 25th, and August 27th to September 1st. 4-H members throughout the state may choose the week which they wish to attend.

A typical camp day will begin at 6:30 in the morning and will continue without much let-up in activities until 10:00 p.m. Before breakfast, the campers will clean their bunkhouses for inspection and attend the flag raising ceremonies. After breakfast, a round of classes will keep them busy until 11:00 a.m., at which time the whole group will attend the regular morning assembly. Special programs each day at assembly will be given on health, courtesy, safety and citizenship.

During the morning class period, each camper will choose three classes to attend during the camping session. Some of those scheduled are: outdoor cookery, good grooming, courtesy, radio, kodaking, woodcraft, nature study, soil conservation, music, home nursing, insect collecting, leathercraft, making lamp shades, rope halters, sports and repairing home electrical appliances.

Afternoon sessions will be taken up with tribe meetings, sports, swimming at Bethany Beach, and rest period. In the evenings, a council circle will be held around a campfire, at which time members of the four tribes will challenge each other to feats of skill, sing songs, and present stunts for the enjoyment of the whole group.

During both camps this year, the general program for the day will be developed around a central theme. The following daily themes will be used: Monday—"Friendship"; Tuesday—"Health"; Wednesday—"Safety"; Thursday—"Courtesy"; Friday—"Citizenship."

Customers' Corner

Have you noticed that chickens generally are plumper, meatier than they were a few years ago?

The principal reason for this is the "Chicken-of-Tomorrow" breeding program, sponsored by A&P with the cooperation of the poultry industry.

This six-year program has resulted in chickens that mature when they are younger and more tender, and have more meat in relation to bone.

Why don't you try the superior chickens at your A&P and let us know what you think of them? Please write:

Trim

Beauty's the word for this new Ford Victoria. Beauty within and beauty without. Windows that open and have no post between. Upholstery of fine Craft-cord and miracle-wear vinyl. The safety of all-around visibility (most window area in the low-price field).

Tough

There's room for eight or a half ton of freight in Ford's "Country Squire." Just fold its "Stowaway" center seat into the floor and you have more than 9 feet of level loading space. It offers you your pick of power (V-8 or Six). And you can choose from 3 great drives: Fordomatic, Overdrive, and Conventional.

Terrific

This sporty new Ford convertible will spell new worlds of driving pleasure for you and your family. It rides silky smooth with new Automatic Ride Control self-adjusting the ride to the road. Stops are extra safe and easy, with Double-Seal King-Size Brakes. And driving's more savingful, too, thanks to Ford's Automatic Mileage Maker.
