NUMBER 1

PROPOSED TOWN CHARTER PROVIDES FOR DIVIDING NEWARK INTO FOUR NEW DISTRICTS

Committee Of Attorneys Draft Charter To Be Presented To Legislature; Redistricting Would Raise Number Of Council Members To Eight; Registration Of Voters Provided For, No Other Radical Changes

COPIES MAY BE EXAMINED AT COUNCIL OFFICE

A committee of three attorneys, composed of Charles B. Evans, George Townsend, Jr., and J. Pearce Cann, have completed the drafting of a new charter for the Town of Newark. The new charter, which was drawn to replace an obsolete one, will be presented to the town, will be offered to the next meeting of the State Legislature as "An Act to Re-Incorporate the Town of Newark." Before the charter is presented to the Legislature for passage as a law, copies of it will be on file at the Town Council office for examination by citizens of the Town and the Town Council will receive and consider suggestions for changes and revisions of the charter as drawn.

Two of the most important changes in the new charter are a redistricting of the town into four districts instead of three, providing for two representatives from each district on the Town Council; and a provision instituting a registration of all qualified voters of the town before each town election.

Districts

Article 25 of the new charter, redistricting the town into four districts, reads as follows:

"The First District of the Town of Newark shall consist of all of that portion of said town lying and being east of the center line of Elkton Avenue and North of the center line of Main Street, from the center line of College Avenue to the center line of North College Avenue."

"The Second District of said town shall consist of all of that portion east of the center line of Elkton Avenue and South of the center line of Main Street, and West of the center line of Academy Street, extended, to the Pennsylvania Railroad."

"The Third District of said town shall consist of all of that portion west of the center line of Elkton Avenue and North of the center line of Main Street."

"The Fourth District of said town shall consist of all that portion west of the center line of Academy Street, extended, to the Pennsylvania Railroad, and South of the center line of Main Street, from its intersection with the said center line of Academy Street, Easterly to the town limits."

Registration

Section 28 of the new charter provides for a registrar and two assistant registrars, to be appointed by the town council sometime during the month of March in 1929, and sometime during the month of February in succeeding years, to register all qualified voters before election. The registrar's book will be at hand on election day and in order to vote a voter must appear on the book. In order to be qualified for registration for a vote it is necessary that the voter is not delinquent of any taxes assessed by the town. After a voter registers and votes his name will remain on the registration books, but if he does not vote his name will be stricken from the books and he will be required to re-register for the next election.

The town election will be held "on the second Tuesday of April, A. D. 1929, at the office of the Council of Newark, in the said town, between the hours of 1 o'clock p. m. and 5 o'clock p. m., and annually thereafter at the office of the Council of Newark, or at such other place as the council shall, from time to time designate."

The election will be held by the mayor of the town and two assistants appointed by the Council, at one month before the election. The assistants, who with the Treasurer will be election officers, must be residents and voters in the town.

The new charter provides that all streets constructed in the town shall be at least thirty feet in width between the curbs, and the sidewalks shall be not less than six feet in width.

The other sections of the town charter were rewritten and brought up to date, including the minimum amount of taxes to be collected annually and the maximum amount of money the town might borrow on

promissory notes to meet current expenses. Any citizens wishing to examine the new charter and make suggestions for changes, additions and revisions should do so within the next few days and present the suggestions to the Council before its next regular meeting, which will be Monday, February 4, as undue delay in offering the act to the State Legislature might prevent its passage at this General Assembly.

SHANNAHAN IS PRESIDENT OF PRESS ASS'N

Easton Publisher Elected Head Of Del-Mar-Va Body At Annual Meeting; Pass Resolution Protesting Wilmington Chamber of Commerce "Shopping Service"

METTEN RECEIVES GIFT

Samuel E. Shannahan, of the Easton Star-Democrat, Easton, Maryland, was elected president of the Del-Mar-Va Press Association, at the fifteenth annual meeting, held in the du Pont-Biltmore, Saturday. He succeeded H. C. McSherry, of the Dover Index. After the business meeting the editors and publishers were guests of Charles Gibbs, manager of the hotel, at a luncheon.

Other officers elected were: G. Marshall Townsend, of the Milford Chronicle, vice-president, and William F. Metten, of the Wilmington Evening News, secretary and treasurer. Mr. Metten has served the Association in these offices since its founding. George Carter, of the Wilmington Evening Journal, H. C. McSherry, of the Dover Index, and Edwin H. Brown, of the Centerville (Md.) Record, were chosen members of the executive committee.

The meeting was characterized as one of the most interesting in the history of the Association. Two subjects brought forth heated debate and comment. One was the farming out of contracts to print government envelopes, which creates unfair competition for printers throughout the country, and the other was the issuance of a "Shopping Service" by the Wilmington Chamber of Commerce.

The "Shopping Service" question was introduced by Edward M. Davis, of the Delaware Ledger, and he made a motion that a committee be appointed to draw a resolution on the matter. He explained that a circular letter had been distributed to Wilmington (Continued on Page 8.)

LEGION BANQUET FEB. 12

The Lieutenant J. Allison O'Daniel Post, American Legion, is planning a banquet and dance, to be held in Old College on the evening of February 12. Wives of the post members will attend the banquet, and it is probable that some action will be taken in regard to forming a Women's Auxiliary to the post. The banquet committee is composed of: John R. Fader, chairman, Wayne C. Brewer, Fred Strickland, Dr. P. K. Musselman, Lester Scotten, Walter D. Holton and Harold Sheaffer. The music will be furnished by Chalmers' Revelers.

BEANO AND CARDS

Next Tuesday evening, February 5, there will be a card and beano party held in Fraternal Hall, East Main Street, by the Boosters Club of the A. O. U. W. Attractive prizes will be given, including a door prize. The affair will start at 8.15.

NEWARK BEATS POLISH TEAM

Last night the Newark basketball team defeated the Polish Falcons, of Wilmington, 30 to 21, in a game played in the University gym. Irvin Chalmers starred for Newark, with six field goals. This avenged a previous defeat by the Falcons.

CIVIL WAR VET PASSES AWAY

Henry Jacobs Died Friday At Home In Corner Ketch; Served Throughout War In 4th Delaware Regiment; Was Present At Lee's Surrender

The roll of Captain Reynolds Post, G. A. R., lost one of its last three members, last Friday, when Henry Jacobs passed away at the age of 85, at his home at Corner Ketch. He had suffered a stroke of paralysis about three weeks ago and had been seriously ill up to the time of his death.

Mr. Jacobs was born at Milford Cross Roads, where his father was a farmer. He lived there until the age of 18, when he enlisted in the Union Army. After he returned from the Civil War, Mr. Jacobs made his home at Corner Ketch, where he has lived until his death. His work had always been in connection with farms, such as setting fences and operating threshing machines. Mr. Jacobs, Major R. G. Buckingham, who has been a lifelong neighbor of Mr. Jacobs, and Mr. Charles Waters, of Newark, were the last three surviving Civil War Veterans in this vicinity and were all members of the Captain Reynolds Post, G. A. R.

On August 14, 1862, Henry Jacobs and John and Andrew Mote went to Brandywine Springs, where they enlisted in Company E, Fourth Delaware Regiment. R. G. Buckingham had already enlisted in that regiment, and he and Henry Jacobs were comrades in arms throughout the great struggle. They saw plenty of action and were in many famous battles and hot engagements during their service. Both were at Appomattox Court House when General Lee surrendered to General Grant.

The Fourth Delaware Regiment, under command of Colonel A. E. Grimshaw made its first camp at Camp du Pont, near Greenville, Delaware. Dr. E. Buckingham, deceased brother of Richard Buckingham, was a lieutenant in the regiment. The regiment was moved to Washington, D. C., by train, and camped at Arlington Heights for a month. It was then moved by boat to Gloucester Point, where it stayed until the spring of 1863. In July it marched to Bottom Creek where it got its first baptism of fire in a skirmish with the Confederates. The regiment returned to (Continued on Page 4.)

DR. GEO. RYDEN EDITING CAESAR RODNEY PAPERS

Dr. George H. Ryden, professor of history and political science at the University of Delaware, is editing the Caesar Rodney papers, which are in the possession of the Historical Society of Delaware. The work of publishing these letters has been placed in the hands of a committee consisting of Christopher L. Ward, Judge Richard S. Rodney and Dr. Ryden.

Dr. Ryden has also prepared biographical sketches of famous Delawareans for the American Dictionary of Biography, the first volume of which came out several weeks ago. Sketches of Governor Burton and Governor Cannon, Delaware's Civil War governors, will appear over Dr. Ryden's signature in the second volume and in a later volume will be a sketch of Elaphalet Wheeler Gilbert the first president of Delaware College.

Dr. Ryden is also completing a book to be published by the Yale Press, containing data that he has gotten together after a long research on the expansion and diplomacy of the United States in the Pacific with special reference to the Samoan Islands. Dr. Ryden was away on leave during the college year of 1926-27, doing research work mostly at Yale along this line and for which he received an advanced degree. For his manuscript on this subject at the Yale commencement last June he was awarded the John Addison Porter prize of \$500.

DELAWARE ALUMNI BANQUET

The annual banquet of the Delaware College Alumni Association will be held at 8.30 on the evening of February 23, in the du Pont-Biltmore Hotel, Wilmington. An outstanding American football coach will attend the banquet and will speak of the relationship between alumni and college athletics.

Captains of the football teams from 1900 on up until 1928 will be honored at the affair. The committee arranging the banquet includes George Millington, F. L. Walls, Wayne Brewer and H. G. Lawson.

ASK NEW WING FOR NEW SCHOOL

Newark Board of Education Files Application With State Board For Completion Of Building; Would Provide Sorely Needed Facilities

At a meeting of the Board of Education, Newark Special School District, held Tuesday night, it was decided to renew application with the State Board of Education, for the completion of the new school building. The building now is composed of a center and one wing, and the plans call for two wings and a deeper center.

The Newark Schools are at present crowded and the classes too scattered for the most economical and effective work. Each teacher has a larger number of pupils than make a well balanced class, and the enrollment is steadily growing. There is no room to house additional teachers were they engaged.

The additional wing and deepened middle to the new building would provide 13 additional rooms for graded classes, besides providing space for the teaching of manual arts and commercial education. No such courses are possible in the Newark schools at present, because of lack of room. This enlarged building would make it possible to have nearly all classes under one roof and provided with modern facilities.

The enlarged building would provide for a large auditorium with a stage and gymnasium which could be separated or thrown together. This would provide ample equipment for public speaking and dramatics and would make it possible to install equipment for a full physical training program as well as take care of all indoor athletic contests.

Should the State Legislature decide to appropriate sufficient funds to take care of the building program proposed by the State Board of Education, it is likely that Newark will have its building enlarged within the next two years.

The tabulated results of a general survey of fundamental subjects which was made in the elementary grades of the Newark schools in December, shows an average gain of 40 per cent. The greatest gain was found in language usage.

The regular semester examinations are being held throughout the Newark schools this week. In the elementary school, standard examinations are being given to determine the results of the first term of work.

A dispatch from the University of Pennsylvania states that the Newark High School has been included in a list of secondary schools accredited by the Secondary School Commission of the Association of Colleges and Secondary Schools of the Middle States and Maryland. There were seven schools listed from Delaware, the other six being: Friends School, Tower Hill School, Ursuline Academy and Wilmington High School, all in Wilmington; Wesley Collegiate Institute and Smyrna High School. Listing in the accredited list is based, fundamentally on the efficiency of the schools in preparation for college work.

FIRE CALLS

The Aetna Hose, Hook and Ladder Company had a number of runs during the past week. Early Thursday evening a chimney fire was extinguished on Corbet street, and at 2 o'clock the next morning the company was called to help fight the \$10,000 fire in the clay plant of Golding and Sons, at Yorklyn. There was a raging sleet storm at the time and the roads were dangerously slippery. The local firemen had to stop and put chains on the truck after several bad skids.

On Monday the fire company was called to put out a field fire back of the Women's College, and on Tuesday night it was called twice for field fires caused by sparks from locomotives. The first was at Ruthby and the second was a large one near the Pennsylvania pumping station on the Christiana road. About four companies were called to fight this second blaze. Aetna was the first to respond.

GRANGE MASTER PRESENTS CUP TO OLIVER KOELIG

At a meeting of the Newark Grange, held last week, former Governor Robert P. Robinson presented Oliver Koelig, Newark High School student, with a silver cup for having exhibited at the State Corn Growers' Association Show, held recently in Dover. Former Governor Robinson is master of the State Grange. Both he and Mrs. Robinson were guests of the Newark Grange.

Chamber of Commerce Dinner Tonight at 6

The annual Newark Chamber of Commerce Dinner will be held at 6 o'clock tonight, in Old College. D. A. McClintock, president of the Chamber, will preside, and John K. Johnston will be toastmaster. Zack Wells will be the speaker of the evening. The affair will be in the nature of a business meeting, at which the various committees will report on their activities for the year. The members and guests will be entertained during the evening by the 12-piece Newark High School Orchestra, and by the Varsity Four quartet. Charles Banks, of Wilmington, will lead choral singing, with Stewart Pryor at the piano.

EGG AVERAGES ARE HIGHER

Delaware Egg Club Report Tells How To Revive Sluggish Flock

Egg production in the state for the month of December, 1928, as indicated by the monthly summary of the Delaware Farm Egg Record Club recently issued by H. S. Palmer, Poultry Specialist of Newark, was higher than in the previous month. The average production in December was 10.7 eggs per pullet, 4.0 for hens and 6.6 for mixed flocks. One hundred seventy-four farms with over 70,000 birds in the club reported for the month.

In the report Mr. Palmer gives information on some things worth doing. They are as follows:

Very often a flock of layers just seem to refuse to lay eggs. They may be too fat or they may be too lean. The combs may be slightly purple at the tips, and they do not eat as heartily as they should.

First—Give them a dose of epsom salts at the rate of one pound to 100 birds. Take all feed and water away from the birds early in the morning. Use one pound of salts to four pounds of mash for each 100 birds and mix with warm water to a thick batter. Feed this in troughs one hour before dark. Then give them plenty of water to drink.

Second—Early the next morning clean out the old litter and put in new. Use wheat straw and do not make it more than three inches deep. Clean off the dropping boards.

Third—Clean out the hoppers and put in fresh mash—only about 6 pounds to each 100 birds. Scald the drinking fountains and fill with warm, clean water. As soon as the clean litter has been put in, scatter in it about 2 pounds of scratch grain for each 100 birds. At noon give the same amount of grain the same way, and at night give about 4 to 6 pounds if they will eat that much.

Each day the amount of mash put in the hoppers and the grain fed in the litter should be decreased or increased so that the birds are getting just what they will clean up and no more.

If morning lights are being used, the morning feeding of grain should be given and the water fountains filled when the lights are turned on. If evening lights are used, the last feeding of grain may be put off until one hour before lights are turned off.

This litter changing job should take place every ten days or two weeks, and more often in wet weather. The salts should not be repeated too often—not more than once a month. Allowing the birds to run outside on range, or giving them some green food of some kind each day will prevent the purple combs and cut out the need of salts.

These are a few of the things that usually make the difference between high production and low production. They are things worth doing.

VISIT BUDGET COMMITTEE

Representatives of the University of Delaware are in Dover today, for a hearing before the Legislative Budget Committee of the State Legislature on the financial needs of the University. Among those in the University delegation are: William H. Heald, chairman of the finance committee; Dr. Walter Hüllihen, president of the University; A. G. Wilkinson, business administrator; Dean George Dutton, of Delaware College; and Dean Winifred Robinson, of the Women's College.

ELKTON AUTO SHOW

The annual Elkton Automobile Show, held in the Elkton Armory by the Elkton Post of the American Legion, will open next Tuesday. Henry F. Mote, of Newark, will show a Century Six Hupmobile coupe.

SAFETY COUNCIL FUND CAMPAIGN GOES OVER TOP

\$26,244.50 Subscribed In Drive To Raise \$25,000; Credit For Success Due J. K. Johnston, Campaign Director; Newark Team Stood Fifth

NEWARK TOTAL \$2,233

The four-day campaign of the Delaware Safety Council to raise an operating fund of \$25,000 ended Friday night with a total of \$26,244.50 subscribed. Credit for this success is mainly due to the intensive leadership of John K. Johnston, of Newark, who directed the drive. The Newark team, captained by Ira S. Brinser, stood fifth among the fifteen teams in money collected. The Newark total was \$2,233, \$567 over its quota of \$1,666.

The closing event of the campaign was a dinner held in the du Pont-Biltmore, Friday night. At this dinner Mr. Johnston announced subscriptions of \$7,500 from Irene du Pont and \$500 from William H. Todd, of Brooklyn. Mr. du Pont is one of the most enthusiastic supporters of the Safety Council, and gave the opening dinner of the campaign. Mr. Todd is a former resident of Wilmington, and still greatly interested in the State of Delaware.

Mr. Johnston paid tribute to the workers in the campaign for their efforts and to everyone who subscribed to the support of the work of the Council. William W. Weiman was awarded a traveling bag for obtaining the largest amount of money and the greatest number of subscriptions, individually. The teams captained by George F. Huber and George B. Street were awarded prizes for leading in the largest amount of cash and the greatest number of pledges, respectively.

This is the first time in three years that the Delaware Safety Council has made a public appeal for funds. The appeal was made so that the Council might expand its program, particularly in regard to street and highway traffic problems. It will also make it possible to carry its educational programs throughout the schools of the state, and arrangements already have been made to institute the Council safety program in the Newark schools.

NEWARK MUSIC SOCIETY HAS ANNUAL MEETING

The Newark Music Society held its annual meeting last Tuesday evening at the Knoll at the invitation of Dr. and Mrs. Walter Hüllihen.

The Society unanimously decided to continue its work despite a period of inactivity of some two and a half years and proceeded to elect officers for the ensuing year: President, George H. Ryden; vice-president, Mrs. J. O. G. Duffy; secretary, Miss Freda Ritz; treasurer, Mr. Warren Singles; publicity manager, Prof. R. W. Heim. The various committees will be appointed by the president of the Society later.

The Society accepted with thanks the offer of the Curtis Institute of Music of Philadelphia to present a musical program in Wolf Hall by some of its students in the near future.

Following the business session a program was rendered by Mrs. P. K. Musselman, Mrs. Disston Jacobs, Dr. Ryden and the Kinder Orchestra of some twenty pieces, under the direction of Mrs. Duffy. Refreshments were served by the hosts.

The Society plans to give musicals in the various homes during the coming months. All residents of Newark who are interested in music are invited to join the Society, the annual fee being merely a nominal one of one dollar. Mr. Singles, at the Newark Trust Company, will accept dues.

AETNA BANQUET

At a meeting of the Aetna Hose, Hook and Ladder Company, held last Friday night, February 21 was appointed as the date for the annual banquet of the company. The Pythian Sisters will prepare and serve a turkey dinner in the New Century Club for the firemen. Zack Wells will be the speaker of the evening. Invitations this year will be limited to firemen and their families and from 150 to 200 are expected to attend. Invitations have been extended to Fire Chief Lutz, of Wilmington, and to Chester County Fire Marshall Soule. The banquet committee is composed of: Ira Shellander, Elmer Ellison, L. E. Pili, T. J. Sprugel, Charles Tasker, Henry F. Mote, Leslie Hill and Earl Ramsey.

School Girl Chums Talk Things Over After Three Years Separation

By Kate Henley Daugherty, County Home Demonstration Agent

Mary and Sarah, school girl friends, meet in the city at the home of a mutual friend. This is their first time to see each other since their marriage three years ago when they each went to live on farms in separate counties.

"My, Mary, but you look so well. You surely have not been doing the back-breaking work that I have. You know living on a farm and keeping up with the woman's end of the work is no little job. It takes so much of my time getting ready to do my work. For instance, before I can wash my dishes, prepare my vegetables or scrub my floors, the water has to be pumped and brought by the bucketfuls into the kitchen, and the waste water must be carried out the same way.

"My kitchen is so large that I literally walk miles each day in doing my work, but in spite of the size of my kitchen things are always piled up on top of each other for lack of places to put them.

"I never seem to get through with my work and when night comes I am so tired and cross that John and the babies act as though they were afraid of me. John said that he didn't see why I hated cooking so much, but I bet if he had to work in a dark old dingy kitchen all day with nothing to work with, no time to read and learn what is going on in the world, he would hate it too."

Mary speaking—"No Sarah, I have not found my work on the farm nearly so hard as you speak of. It would have been, however, had I not taken steps to prevent it when we first moved out there. My mother-in-law had shortened her life about 20 years cooking in just such a kitchen as you say yours is. After her death when Dick took me there as a bride, I felt so discouraged when I saw the kitchen. Upon seeing in the paper where our county had employed a County Home Demonstration Agent, whose services were free to the home makers desiring help in solving their problems, and since this kitchen was indeed a problem to me, I wrote for her to come out to see me. When she arrived she went right into the kitchen and studied the situation from every angle; making notes of the changes that could be made. She realized that Dick was just getting started on the farm and that we could not spend a great deal of money on these improvements. So she gave some most practical suggestions within reach of our pocketbook.

"The cracks in the floors were filled and the floor was covered with paper felt and linoleum. The stove, cabinet, tables, refrigerator, etc., were then grouped in a more convenient arrangement to save steps. The small equipment was grouped at the places where they were most frequently used. The wood box was put on legs and castors to prevent my stooping and to enable me to roll it out to clean behind it. For seventy-nine cents I bought a step-ladder stool which I sit on to do much of my work, resting my feet on the rounds or steps of the ladder. This ladder stool is used in many other ways such as reaching things on high shelves and during house cleaning.

"I never knew before, how many steps one could save themselves, to say nothing of their time, by having a covered garbage can in the kitchen. I had always seen my mother take the garbage out to the chickens or to the barrel in the yard each time it accumulated, so naturally I thought I had to do the same thing until our Agent showed us an attractive enameled garbage can with a pedal to put your foot on that raises the lid when you are ready to drop in your garbage. These cans can be bought for \$1.00 and they come in different colors to match the kitchen color scheme. They are large enough to

Lodge Notes

K. OF P.

Oseola Lodge No. 5, Knights of Pythias, are continuing to have good attendance at their meetings, and are preparing to take in a large class soon. Captain of the degree team, O. W. Leverage, requests all members to be on hand next Monday evening, so as to get in good shape. The membership committee is also working hard and promises one of the largest classes ever taken in. So brothers, everybody out and see if we can't make the year 1929 a banner year.

JR. O. U. A. M.

On Monday evening American Flag Council No. 28 met in regular session with about 40 members present. Past State Councilor Chas. Sharp was present and installed the new officers.

Interesting remarks were made in regard to the celebration of the 32nd anniversary, which was held in the New Century Club on January 21. Several letters were received from other Councils congratulating us on the creditable showing we made on that evening.

The Council wish to express their thanks at this time to Bro. Ira S. Brinser, Superintendent of Newark Schools, for the High School orchestra, which furnished the music on that occasion.

The Jr. O. U. A. M. minstrel troupe is being coached by Bro. Samuel Etleson and will make its first public appearance early in February. Plans are being made for the representatives to attend the State Council in Lewes, Del., on February 19.

A. O. U. W.

A fair sized crowd turned out at the regular meeting of Anchor Lodge, No. 4, A. O. U. W., last Friday evening. Recorder Robert J. Crow, who has been ill, was still unable to be present. After the regular business was transacted, the piano and card party to be given by the Boosters Club next Tuesday night, was discussed. The lodge will hold its regular meeting tomorrow night, and a full attendance is requested.

A party of Newark Workmen and friends attended a card and beano party given by Wilmington Lodge No. 1, at A. O. U. W. Hall, Wilmington, Tuesday evening. Four members of the party were prize winners.

JERSEY BREEDERS PROSPERED IN 1928

Interest in breeding pure-bred Jersey cattle in the United States is increasing yearly, according to a report received by County Agent, Ed Willis, Jr., from the American Jersey Cattle Club. Their statement is as follows: With a total of 73,909 Jersey registrations and 57,844 transfers recorded by the American Jersey Cattle Club in 1928, the year showed a gain of 15.3 per cent in registrations and 14.2 per cent in transfers over 1927, which was also a record year. Registrations and transfers are an accurate index of conditions and they reflect the splendid demand for cattle and dairy products throughout the country. For the Jersey is the second largest dairy breed in America. There are eleven million Jerseys in the United States of which some three hundred thousand are registered pure-breds. The files of the American Jersey Cattle Club office in New York now contain the names of more than 85,000 owners and breeders of pure-bred Jerseys. During 1928 the number of Jersey breeders increased at the rate of 1,500 to 1,800 per month. The greatest increases were made in the States of Texas, Mississippi, Ohio, Indiana, Kentucky, Missouri, Tennessee, Michigan, Oregon and Oklahoma.

Testing for production continued to increase during the past year. At present there are 3,400 cows on Register of Merit test; 2,569 records were completed and accepted by the American Jersey Cattle Club in 1928. The highest Jersey record ever made was completed last year by Abigail of Hillsdale, a Massachusetts cow. In 365 days she produced a total of 1,197.51 lbs. of butterfat and 23,677 lbs. of milk. The twenty-third Jersey record of over 1,000 lbs of butterfat was finished by the California cow, Imperial Isabel. A world record was also broken by a Kentucky Calf Club boy who tested the first animal he ever owned.

One of the most successful showing seasons Jersey breeders have experienced was another feature of the year just ended. Parish Shows, designed

to encourage improvement in both type and production in dairy cattle, were held in Michigan, Indiana, and Ohio and breeders were enthusiastic in their efforts to make such shows lasting and pronounced successes. From the standpoint of the numbers entered at the various state fairs and district contests, and the high quality of the entries, 1928 set a new standard.

Important measures initiated by the American Jersey Cattle Club during 1928 include the requirement that all animals offered for registration after January 1, 1929, must be plainly tattooed in the ear with letters or numbers to be selected by the owner. This will give positive identification to each animal and will constitute a further protection for all breeders and owners. The tattoo marks will be stated on the Registration Certificate. The American Jersey Cattle Club is to be congratulated in taking the lead in this progressive move. Another important step was the adoption of the bi-monthly production test, which is a test every 60 days, and which will greatly lower the cost of Register of Merit testing.

ANIMALS IN FOREST FIRES

It is generally known that horses in a fire present a difficult problem, for they seem determined to stay and be cremated. But many other creatures manifest this same self-destructive perverseness. The law of self-preservation receives many refutations in a forest fire.

Doves nesting in the grass are always victims of a fire. They may circle the nesting spot for a while, then they will sweep down into the fire and be burned to death. A definite check on a California fire recently showed that 100 deer, 2,000 quail and more than 2,000 rabbits were destroyed. Quail fledglings will refuse to come out of a fire, and the mother, after a vain attempt to coax them out or drive them, will invariably perish with the brood. Deer often run right into the heart of the blaze and, of course, are cremated.

If the fire happens to sweep over a watershed, it means certain death to

thousands of trout and other game fish. The heat becomes so intense that they are literally cooked in the small streams. If the heat fails to kill them, the chemicals deposited in the water from cinders, ash and other bits of debris that fall into the streams usually kill the fish.

In protection of these forest creatures it is surely every person's duty to be particularly careful of fire in the woods.

Christian Science Churches

"Truth" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, January 27.

Golden Text: "The Lord is good; his mercy is everlasting and his truth endureth to all generations." (Psalms 100:3).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Give ear, O ye heavens, and I will speak; and hear, O earth, the words of my mouth. My doctrine shall drop as the rain, my speech shall distil as the dew, as the small rain upon the tender herb, and as the showers upon the grass." (Deuteronomy 32:1,2).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit, Life, Truth, Love, combine as one,—and are the scriptural names for God.—No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows."

We derive all that is pardonable in us from ancient fountains.—Dryden.

WEDDINGS

HAINES-CARTER

On Monday, Miss Mary Wilmer Haines, of Washington, D. C., was married to Dr. G. Gray Carter, a member of the staff of Johns Hopkins Hospital, Baltimore, Maryland. The marriage was performed in St. Paul's P. E. Church, Baltimore, the rector, the Reverend Arthur B. Kinsolving, D. D., officiating. Only near relatives attended. Dr. Benjamin Baker, a member of the Johns Hopkins staff, was best man. The bride was unattended and was given in marriage by her uncle, Warren J. Haines, of Washington. Immediately after the ceremony, Dr. and Mrs. Carter left on a wedding trip.

Mrs. Carter is an orphaned daughter of the late Mr. and Mrs. Frederick Taylor Haines, of Elkton. Her mother was a daughter of the late Henry R. Torbert, for many years editor and publisher of the Cecil Whig, at Elkton. Mrs. Carter was educated at Tome Institute, the Women's College of the University of Delaware, and Goucher College in Baltimore.

Dr. Carter is the son of Mr. and Mrs. George Carter, of Wilmington and Smyrna, who formerly lived in Newark. Mr. Carter is editor of the Wilmington Evening Journal. Dr. Carter was educated at the Wilmington High School, the University of Delaware, Oxford University, Edinburgh University, the Theatre d'Anatomie in Paris, and Johns Hopkins University. He went to Oxford University as a Rhodes Scholar. He is a member of Delaware Chapter, Sigma Phi Epsilon Fraternity, University of Delaware, and won many college honors and prizes. In athletics he was a four-letter man—football, baseball, basketball and track—at both the Wilmington High School and the University of Delaware. He also is a member of Hiram Lodge, No. 25, A. F. and A. M., of Newark.

GIVEN SERENADE

On last Thursday evening the Continental Band, accompanied by the members of Mineola Council No. 17, D. of P., tendered a serenade to Mr. and Mrs. Charles B. Jacobs, Jr., and Mr. and Mrs. Willy Von Ehren, at the home of Mr. and Mrs. Thomas J. Sprogel, on East Main street.

Mr. Jacobs is editor of the Newark Post and his bride was formerly Miss Elsie Hubert. Mr. Von Ehren is a well known lodge man of Newark and his bride was formerly Miss Selma Wolfertz, of Langerfeld, Germany, and who was married upon her arrival in this country on Tuesday, January 22, in New York City.

In connection with the serenade the members of Mineola Council gave a kitchen shower to Mr. and Mrs. Von Ehren. The evening was spent in selections by the Continental Band, under the directorship of David W. Chalmers, and dancing was enjoyed by all. A comedy skit entitled, "The Little German Band," led by Howard McCulley, made a big hit. At a late hour refreshments were served.

Among those present were: Mr. and Mrs. Connor, Mr. and Mrs. Howard McCulley, Mr. and Mrs. Robert Greenplate, Edwin and Natalie McCulley, James Greenplate, Wm. D. Dean, Elizabeth Dean, Mrs. Nabb, Mrs. Henry Schaefer, Mr. and Mrs. Frank Widdoes and children, Mr. and Mrs. Martin F. McCallister, Mr. and Mrs. Frank H. Balling and boys, Mrs. Charles Eissner, Mrs. Almata Dean, Mrs. Alonzo Messick, Mrs. Frank Palmer, Miss Laura Mearns, Mr. and Mrs. Charles B. Jacobs, Jr., Mr. and Mrs. Willy Von Ehren and Mr. and Mrs. Thomas J. Sprogel.

BARACCA AUXILIARY

The Baracca Auxiliary will hold a meeting in the little Sunday School room on Tuesday evening, February 5, at 7:30 sharp. The pieces for a quilt which Mrs. Herbert Reynolds gave and which have been pinned together by Mrs. McKean and Mrs. Emma Jones, will be quilted that evening. Thimbles and needles will be needed by all who come.

This is the second quilt to be done by the Auxiliary. The first quilt was sent among other things to the Sunday School Mission in the Ozark Mountains. The wife of the missionary, Mrs. Ernest Boyd, calls it her Pollyanna quilt. Mrs. Walter Blackwell said she has had four letters from different people who had received articles from this barrel which was sent. The Superintendent of the Sunday School wrote that it was now possible for at least twelve children, who otherwise would not have had clothes, to go to school.

TWO IMPORTANT POULTRY MEETINGS, FEB. 11 AND 12

Two meetings which should be of interest to all poultry raisers in New Castle County will be held on February 11 and 12 at Townsend and State Road. These meetings will be held by Poultry, Specialist H. S. Palmer, in cooperation with the people of the communities mentioned and County Agent Ed Willim, Jr. The first meeting will probably be held at Town-

send on February 11 and the other at State Road on the next day. Every poultry raiser should watch the newspapers for further information concerning the dates and meetings.

Definite information on the results of the "Grow Healthy Chicks" Campaign, conducted in the state last year by the Extension Department of the University of Delaware, will be presented by Mr. Palmer at these gatherings. It is expected that some startling revelations concerning the methods of raising baby chicks will be made public for the first time in the state on the days mentioned. Every poultryman in the entire county is invited to attend the meetings.

ODD FELLOWS

Hope Lodge of Odd Fellows from Wilmington visited Oriental last Thursday night and a pleasant evening was spent in playing cards and quito. Oriental taking four out of five quito games. After that all went to Scarborough's Restaurant for a supper. Tonight Oriental is expecting a visit from Unity Lodge from Stanton.

On Friday night, February 1, Oriental will make a social visit to

Friendship, at Hockessin. Oriental's eighty-second anniversary will be celebrated Thursday night, February 7. Grand Master Craig and staff will make his official visit the same night. All members are asked to be present.

BRIDGE PARTY

Miss Marjorie Rose entertained her Wilmington Monday Night Bridge Club at the Blue Hen Tea Room. Those present were the Misses Alice

Miller, Marie Lucey, Peg Shaw, Anna Hession, and Mrs. Mildred Friel of Wilmington, and Misses Beulah Law, Dorothy Hoffecker and Muriel Holloway, of Newark.

BIG SWIM MEET FOR DEL. POOL

Eastern Collegiate Swimming Association Championships Here, March 9

The Eastern Collegiate Swimming Association championship meet will be held on Saturday afternoon, March 9, in the University of Delaware's new pool. The Athletic Council of the University is now making plans for the meet. This will be the first time that the meet has ever been held in Newark, although it will be the third year that Delaware has competed. Last year the University tied with Lehigh for third place.

The meet will be the largest swimming event ever held in this state. The following colleges and universities will compete: Rutgers, Lafayette, Lehigh, Hopkins, Catholic University, and Delaware.

The next athletic event at the University will be a swimming meet between Delaware and Johns Hopkins on Thursday night, February 7.

On Saturday afternoon, February 9, there will be a fencing meet between the Delaware fencing team and a team from the Central "Y", Philadelphia. This will be the first meet at home this season for the Blue and Gold fencers.

The next basketball game of the Delaware schedule will be with Swarthmore on the local floor Saturday night, February 9. There will be a preliminary game the same night between the Delaware and Swarthmore junior varsity teams.

NEWARK WINS 2 GAMES LOSES TO DEFIANCE

The Newark basketball team played three games in the University of Delaware gym, during the past week, losing one and winning two. Last Thursday the local boys defeated a team from the du Pont Sales Analysis Department, 27 to 26, after a fast contest. Last Friday Newark won from the Castles, of New Castle, 28 to 25. On Tuesday, the fast Defiance team from Wilmington came to Newark and, after piling up a big lead in the first half, won the game, 40 to 34. Newark outplayed the visitors in the second half, but the lead was too great to overcome. Joe Rothrock, Director of Athletics at the University of Delaware, played a hot game for Newark at forward, caging 6 from the field.

So far this season Newark has won 12 and lost 6 games. On Friday it will meet Battery H, of New Castle, here. Scores:

NEWARK DIVIDES WITH CLAYMONT

Local High School Boys Win, 42 To 22; Girls Lose, 21 To 8

The Newark High School basketball teams divided two games with Claymont in the Claymont court, last Friday night. The Newark boys won, 42 to 22, but the Newark girls dropped their game, 21 to 8. These were D. I. A. A. league games.

"Rip" Smith, football luminary, did most of the offensive execution for the Newark boys. He found the basket 8 times from the field for a total of 16 points. Holloway, Newark's sterling forward, accounted for 5 field goals. Newark's record on fouls in this game was anything but enviable, as they could only cage 2 out of 10 attempts.

Bell played a good game for Claymont at forward, and made 12 of the 22 points credited to his team. Scores:

BIG TRAP EVENT

A handicap shoot, with \$400 in cash prizes for the winners, will be staged on Saturday, February 9th, by the Wilmington Trapshooting Association. The big affair will be held on the Association's grounds at Bellevue on the Delaware River, a few miles above Wilmington. This shoot was originally scheduled for New Year's Day but was postponed on account of a heavy fog and other weather conditions which made shooting impossible.

Indications point to an entry list of more than 100 shooters made up of sportsmen from Delaware, Maryland, New Jersey and Pennsylvania. This event will be an open shoot and a considerable number of shooting stars from the four states are expected to be included in the line-up. The rigid handicapping of the participants will, however, give the average shooter a fair chance to annex a worthwhile purse.

The program calls for 100 targets with shooters handicapped at 17, 19, 21 and 23 yards. High over all will be awarded with \$100 in cold cash. First at each of the four yardages will pull down \$50, while second at each yardage will carry away \$25. Therefore, in all, nine skilled or lucky shot-gunsners will be in on the money.

In order to accommodate an unusually large field, entries will open at 10 o'clock in the morning and remain open until 3 o'clock in the afternoon. An entrance fee of \$10 has been fixed.

A large gallery of spectators is expected to witness the classy event. Officials of the Wilmington Trapshooting Association announce that all will be welcome, whether as shooters or spectators.

DELAWARE NINE WILL TAKE SOUTHERN TRIP

This year's baseball schedule for the University of Delaware includes a southern trip for the first time in several years. The schedule as approved by the Athletic Council opens with a four-game trip to the South. The opening game will be with Lynchburg College, at Lynchburg, Va., on April 3. From Lynchburg, Delaware will go to Hampden-Sydney for a game on April 4. After this game the Blue and Gold will play Roanoke College at Roanoke, Va., on April 5, and Washington and Lee, at Lexington, Va., on April 6.

After the Washington and Lee game, Delaware will return home. The Blue and Gold nine will go to Philadelphia on April 13 for a game with Drexel.

The first home game of the season will be on April 20, with the old

rivals, Pennsylvania Military College, of Chester, Pa.

After this Delaware will return home for four games on Frazer Field as follows: April 25—Catholic University; April 27—St. Joseph's College; May 2—Hampden-Sydney; May 4—Swarthmore.

Following these four games Delaware will again go away for two games, playing Mt. St. Mary's, at Emmitsburg, Md., on May 16, and Catholic University at Washington, on May 17.

The Blue and Gold will then come home for the final games of the season, playing Temple on Frazer Field on May 22, and Drexel on May 25. The season will end with the Alumni game on June 8.

Welsh Tract

Welsh Tract P. T. A. held its January meeting on Thursday evening, January 18. After the call to order, three new members enrolled in the association. Mrs. C. W. Johnson, president, presented the monthly topic, "Working to Develop Correct Attitudes and Habits," which was followed by discussion. The pupils have organized a Sunshine Club, the members of which help the ill children to keep in touch with his class. This club gave a playlet, "Safety First." The Modern Health Crusade ceremony was used. Sixteen having finished the course received buttons. The association voted to subscribe to the National Geographic Magazine and to purchase some drawing paper for the school.

Carolyn M. Burbage, Publicity Chairman.

Howell

A very enthusiastic meeting was held by Howell P. T. A. on Monday evening, January 21.

The January theme, "Working to Develop Right Attitudes and Habits," after being effectively presented and discussed, was illustrated by a demonstration in Geography, taught according to the modern methods, encouraging the pupils to develop the habit of selecting and assimilating data. The association voted to subscribe to the National Geographic Magazine for the school. Two members offered to furnish new drinking glasses and two more to replace the flag pole. A musicale will be given on Thursday evening, February 21, under the direction of the P. T. A.

The pupils rendered a pleasing Thrift program, which was followed by a delightful social hour.

Ada B. Helmbeck, Publicity Chairman.

Odessa

The January meeting of Odessa Home and School Association was

held January 15. The pupils of the upper grades conducted a meeting of "The Good Will Club," according to Parliamentary law, in a very creditable manner, also presented a very interesting program of recitations and piano solos. The secretary was instructed to order 50 new song books for the use of the pupils. The subject for the month was presented by Mrs. Hampson. A committee was appointed to arrange for a soup sale in the near future.

Ada S. Jolls, Publicity Chairman.

Commodore Macdonough

The January meeting of the Commodore Macdonough P. T. A. was held January 9, with about 100 present. Miss Jemima Short was elected Chief of Programs to fill the vacancy caused by Mrs. Evans. A nominating committee was appointed to fill the vacancy of Mrs. Henderson, Publicity Chairman. It was voted to have the basketballs repaired and to purchase bladders for the basket and dodgeballs. The Worth While Club of the 6th and 7th grade room held a regular meeting on the platform. The rules and creed of sportsmanship were discussed by the 8th grade pupils. The monthly topic was presented by Principal Scholl, of Delaware City. Donations of vegetables and supplies for the hot lunch were greatly appreciated.

BILLS LIFT MOTORISTS BURDEN OF LIABILITY

Legislation designed to lift from the motorist the full responsibility for grade crossing accidents, which has been held to assume under the United States Supreme Court's interpretation of the law, is now being sought by the present Congress, according to announcement of the Legal Department of the American Motorists' Association, national body of the Delaware Automobile Association.

Bills have already been introduced in the Senate and House by Senator C. C. Dill of Washington, and Congressman Frank Murphy of Ohio, which have as their object the changing of the present law under which a motorist must not only stop, look and listen at a blind crossing, but must, if necessary, get out of his car and make certain a train is not approaching. The two measures differ in minor respects, but the authors are willing to make such changes as may be necessary to facilitate action.

These two measures—of the utmost importance to every motorist in the United States—are now before the judiciary committees of the Senate and House and the authors have been unable to obtain committee action because motorists have not displayed an interest in them.

The Association has urged its members to get behind the two bills in the hope that the law may be changed at the earliest possible date.

"Motorists, perhaps, do not fully appreciate the necessity for a change in the present law," Thomas J. Keefe, General Manager of the Association, declared. "The effect of the Supreme Court's decision places the entire burden of care on a motorist who is compelled to cross the track and his failure to exercise the proper degree of care bars any recovery for damages against the railroad company. The Supreme Court in the Goodman (Ohio) case held that if a motorist could not get a clear view of the track at a railroad crossing, it was incumbent upon him to stop his automobile, alight, and go over on the track to make certain that a train was not approaching."

Authors of the two bills, now pending, point out that in many instances

where the crossing is at a curve, a motorist might even take the extreme precaution and still miss a train, the train approaching between the time he had looked for same and gotten back in his automobile and started across the track.

"Railroads, excused from legal liability in such cases," Mr. Keefe explains, "may become less willing to abolish grade crossings in the future. The Association holds no brief for a careless motorist who crosses a track without every precaution, but the decision, requiring a motorist to alight from his automobile and go over on the track, placing the entire burden upon him at such blind crossings, the Association believes, is unfair."

The ear is the road to the heart—Voltaire.

Safety, silence and simplicity are features of the new Ford six-brake system

ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system.

This system gives you the highest degree of safety and reliability because the four-wheel service brakes and the separate emergency or parking brakes are all of the mechanical, internal expanding type, with braking surfaces fully enclosed for protection against mud, water, sand, etc.

The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture. A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels.

A further improvement in braking performance is effected by the self-centering feature of the four-wheel brakes—an exclusive Ford development. Through

this construction, the entire surface of the shoe is brought in steady, uniform contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent in operation.

Another feature of the Ford brakes is the ease of adjustment.

The four-wheel brakes are adjusted by turning a screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks."

The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

Christiana

During illness, Rev. Harvey W. Ewing, of Newark, who was to preach in Christiana M. E. Church last Sunday morning, was unable to occupy the pulpit. Next Sunday Dr. Ewing will fill the pulpit at the morning service and Salem in the afternoon.

Sunday evening, Rev. P. W. Spence, pastor of Christiana M. E. Church, gave another of his illustrated talks, his subject being "A Motor Trip in the Congo," using numerous stereoscopic slides throughout his discourse.

At the Presbyterian Church, the pastor, Rev. Samuel L. Irvine was in the pulpit for the first time since the Sunday after Christmas, having been confined to his home by a severe attack of grippe.

The Girl Reserves held their regular meeting Monday evening at the home of Vivian See, one of the members. There was not a large attendance, but the evening was pleasantly and profitably spent. Last Saturday the girls held a bake-sale on King street near Sixth, in Wilmington, which was a fair success, netting the club in the neighborhood of seven dollars. Miss Kemp, assistant to the State Executive, was present at the sale to help and advise the girls. Those from here who attended the bake were Elizabeth and Sara Moore, Lois Phelps, Marie Mason, Vivian See, Mollie Cleaves and Helen Elliott.

The Christiana Fire Company took part in the ceremony connected with the housing of another new fire engine Saturday afternoon—this time at Richardson Park. They also appeared in the parade which preceded the exercises.

The Fire Company was called out last Tuesday forenoon for a chimney fire at the home of Mr. and Mrs. Arthur Walther on the Bear road. Considerable alarm was felt at first, on account of the high wind that was blowing at the time. But the firemen responded so promptly that they were able to confine the fire to the chimney, with small damage.

The school orchestra, under the direction of Messrs. Barker and Mayer of Newark, continues to grow in numbers, and is practicing each Thursday evening at the school. At present the following compose the orchestra: Bayard Bush, William Broomall, Edward Denn, Eleanor Delcollo and Sylvia Phelps, violin; John Currinder and Joseph Delcollo, clarinet; Frank Thorp, mandolin, and Mollie Cleaves, piano.

Mr. and Mrs. R. Earle Dickey were guests on Sunday of Mr. and Mrs. Edward Kane, of Bellevue.

Mr. Warren Singles, of Newark, was a Sunday visitor at the home of Mr. and Mrs. Frank Moody, Silver Hill Farm.

Mr. and Mrs. A. H. Vincent entertained on Sunday Mr. and Mrs. Frank Hawthorne, of Oglethorpe.

Mr. and Mrs. Harry Appleby and family, of Red Lion, spent Sunday evening at the home of Mr. and Mrs. William Howell at their new home on the Oglethorpe Road.

Mr. and Mrs. George W. Davis entertained the following guests at their home on the Hill on Sunday: Mr. and Mrs. Samuel Moody and daughter Ellen, of Bear; Mr. David Appleby and son Kraemer, of Wilmington, and Miss Nellie Appleby, of Hares Corner.

Mr. A. Durrell Vincent was the guest on Sunday of Dr. James A. Paradise, of Wilmington.

Mr. and Mrs. George Ware and children, Elsie and Vaughn, and Mrs. Jane Cleaver, visited on Sunday Mr. and Mrs. John Lynch at their home near Fairview School. Mr. and Mrs. Lynch and their five children have all been very ill with the grippe, but are improving now. The Lynch family formerly lived for some time on the old Singles place, now owned by Mrs. Lynch's father, Mr. Charles Burge.

Miss Frances Louth spent the weekend with her parents, Mr. and Mrs. Raymond Louth. Frances is still assisting at the home of her aunt, Mrs. Jesse Dever, of Newport, who has been seriously ill with pneumonia. She is improving slowly, but is still unable to leave the house. Frances and her cousin, Margaret Walker of Newport, spent Saturday afternoon in Wilmington, and on Sunday the family drove to the Burris farm, to see their wonderful flock of seven thousand chickens.

Mr. Joseph Smith was a week-end visitor at the home of Mr. and Mrs. Ann Smith.

Mrs. James Ward and son, Richard, were Sunday guests of Mrs. Ward's sister, Mrs. P. Walker, of Newport.

Mr. and Mrs. Harvey Maclary and children, Harry, Alfred and Ella Mae, were recent visitors at the home of Mrs. Maclary's sister, Mrs. George Jackson, of Newark.

Mr. Ralph Leasure visited friends in Wilmington on Sunday.

Friends of Mr. Walter Sheldon will be glad to hear that he continues to

improve after his recent illness from pneumonia. He is still very weak, however, and able to sit up only a short while each day.

Mr. Charles Barrett, who has been quite ill for the past fortnight or more, suffering from an attack of heart trouble, is improving, though still confined to the house.

Mrs. Lewis Thorp, Jr., has recently recovered from a three weeks' siege of influenza.

Strickersville

Mr. and Mrs. David Boulden spent Sunday with Ezekiel Boulden and family of Richardson Park, Del.

Mr. John Singles spent last week with his aunt, Mrs. Eva J. Singles.

Mr. and Mrs. J. Leonard Lewis, of Newark, called on Mr. L. C. Garrett and Mr. George Blands, Sunday.

Mrs. Parke Norton was called to the bedside of her brother, Mr. William, who is in a serious condition following an operation in the Coatesville, Pa., Hospital.

Mrs. H. I. Garrett visited Mr. C. G. Nicholson and family in Germantown, Pa., last week.

Mrs. Herbert Crossan entertained the Flint Hill Literary last Saturday evening. The next meeting will be with Mrs. Clement McMullen, February 16, when the rainy day bags will be opened.

Mermaid

Harmony Grange

About sixty members of Harmony Grange assembled for the first time on Monday night in the remodeled Grange Hall. The new hall is much larger than the former one.

The installation of the officers will be held next Monday evening, with worthy State Master and Mrs. R. P. Robinson officiating. The dedication exercises, which were also planned for that time, have been postponed until a later date and will be open to the public.

Eugene Woodward gave a report on the executive committee meeting of State Grange, which he recently attended.

The musical program conducted by Mrs. Pearl Harrington during the lecturer's hour consisted of singing, a song contest, readings, Alice in Music Land and the Life of Beethoven. Then the members were requested to give their favorite song which ended by all singing "Our Delaware."

Harmony Grange has entered the dramatic contest, which is being held throughout the State and is now rehearsing the one-act play, "Engaging Janet," under the direction of the Misses Margaret Derickson and Miriam Gray.

Personals

Frank E. Hitchens, of Little Baltimore, who attended the Harrisburg food show, held in Harrisburg, Pa., last week, purchased a fine Guernsey bull, "Overseers Lucius," of Breidabill, the second prize winner of the show.

Mr. and Mrs. F. C. Bancroft, of Camden, Delaware, on Friday, on their return from the Master Farmers Meeting, held in Pittsburgh, at the Pennsylvania Food Products Show, were luncheon guests of Mrs. Wm. P. Peach.

Mrs. Wm. P. Peach and Miss Carolyn Peach were guests of Mr. and Mrs. F. C. Bancroft, of Camden, the early part of the week. On Monday evening, they visited the Fruitland Grange, of Camden.

George K. Ball is confined to his home suffering from the grippe.

As a result of his bicycle skidding on the ice and throwing him on the concrete road, John Pierson is suffering at his home with a badly bruised face and his two front teeth are broken off.

Mrs. Frances Heck, of Brack-Ex spent Sunday with the Peach family.

Mrs. Wm. P. Peach and Miss Carolyn Peach were guests of Mrs. George M. Jones, of Wilmington, Saturday evening.

Mrs. Samuel Johnston is in Pittsburgh, visiting her brother, Walter Dempsey, who is very ill.

Howard Pierson and John K. Pierson spent Sunday with Howard Pierson, Jr., in Philadelphia.

Mrs. Elizabeth Moore, who has been visiting relatives in this community, has returned to her home in Wilmington.

Mrs. George Richards and son Bobby, of Glenolden, have been visiting Mrs. Richards' parents, Mr. and Mrs. James Maclary. Mrs. Richards was taken to the Delaware Hospital on Tuesday to undergo an operation for appendicitis.

Miss Lillian Frazier, with her sister and brother-in-law, Mr. and Mrs. Will Hammond, of Felton, spent Saturday with friends in Wilmington.

Miss Rebecca Wollaston, of Elsmere, has been spending several days

with her sister and brother-in-law, Mr. and Mrs. Jessie Patterson, of near Newark.

Walter Scott is ill at his home.

Mrs. Wm. P. Peach recently received a letter from Mrs. Sue Dean Hill Thomas, a former resident of Newark, now of Zion City. Mrs. Thomas has been quite ill but is now much improved.

The Improvement Society of the White Clay Creek Church met with Mr. and Mrs. Lawrence Othson of near Stanton, last evening.

The Missionary Society of the White Clay Creek Church, will hold an all-day meeting at the home of Mrs. Louis Krapf, on Lincoln Highway, today.

MEN'S NIGHT AT EBENEZER

The Ladies' Mite Society of Ebenezer M. E. Church at the monthly business meeting and social held last Thursday evening, observed the annual "Men's Night." The meeting was held at the home of Mr. and Mrs. Harvey J. Davis, and the men took charge of the entertainment with Prof. Paul Collins in charge. He gave a talk on "In Seeking for Happiness" and how you may attain it. The Rev. Oliver Collins recited a poem, after which O. K. Strahorn gave a talk. Next was a harmonica solo by little Kinsey Reynolds, followed by a reading by Raymond Davis, and harmonica solos by H. J. Davis, Elwood Sheldon and Raymond Davis after which the journal was read by Robert Major, which was very interesting.

After the entertainment was over all took part in a sale of packages, about thirty being sold. A cake walk followed, with Elwood Sheldon and A. T. Buckingham acting as judges. Miss Doris Strahorn of Newark, the last in line, won the cake. Music was furnished by Mrs. C. W. Davis, of Wilmington. About seventy-five were present.

SEEK HIGHER TARIFF ON TOMATO PRODUCTS

At a conference between the members of the committee on marketing of the Del-Mar-Va Eastern Shore Association and representatives of the Tri-State Packers Association, held at the Association Headquarters, it has been agreed that they will co-operate in an effort to secure an increased rate in the tariff on tomatoes and tomato products imported into the United States.

Arrangements have been made by the Congressmen and United States Senators representing the Del-Mar-Va Peninsula for the appearance of the delegation appointed by President N. B. Wescott of the Del-Mar-Va Association before the Committee on Ways and Means at Washington, on Friday, January 25, when a hearing will be given on the tariff increases.

The Del-Mar-Va Eastern Shore Association is not only seeking an increase in the tariff on tomatoes and tomato products, but on all commodities imported into the United States as they effect the growers or canners on the Peninsula.

The Association will also co-operate with the National Farm Bureau and has requested that special commodities effecting the Peninsula be included in the Farm Bureau plea and brief. The Del-Mar-Va Peninsula through the Association officials will be represented at Washington by the following delegation: Landreth L. Layton, Georgetown, Delaware; Wm. B. Tilghman, Salisbury, Maryland; Wm. D. Cordery, Snow Hill, Maryland; J. Wilsey Trought, Laurel, Delaware; H. S. Thomas, Chesapeake, Virginia; L. A. Sutton, Chestertown, Maryland.

In the conference between the Association delegation and Tri-State Packers Association the latter was represented by J. R. Phillips, president; F. M. Shooks, Field Secretary and Mr. C. M. DeShields.

The Tri-State Packers Association was responsible in a large degree for the original step taken toward securing a tariff increase on imported tomatoes. Practically every influential organization in Agriculture sections is supporting the plea for increased tariff rates which would be beneficial to the farmer if granted.

As far as the Del-Mar-Va Peninsula is concerned, the Del-Mar-Va Association has assurance from every United States Senator and Congressman representing the Peninsula that they will give their best effort toward securing the tariff increases which will be requested.

merchants by the Chamber of Commerce, announcing this service. The letter advised the merchants to use the Wilmington papers to reach the Wilmington market for Dollar Day, but stated that the rural market would be covered by the Chamber of Commerce "Shopping Service" of which 59,000 copies would be mailed.

It was contended that previously the merchants had used the rural newspapers to advertise Dollar Day bargains, and that this move on the part of the Wilmington Chamber of Commerce would undoubtedly destroy a large portion of this business. It was also argued that such a service could not be as effective as newspaper advertising. A committee was appointed and drew the following resolution, which was passed without a dissenting vote.

The Resolution

"Whereas the Mercantile Section of the Wilmington Chamber of Commerce has announced the proposed publication of an eight-page Dollar Day Shopping News, which it is proposed to circulate into 59,000 homes by direct delivery, and

Whereas, the said publication places this Section of the Chamber of Commerce in the position of competing with a number of members of the Del-Mar-Va Press Association, who own, publish and direct newspaper enterprises on the Del-Mar-Va peninsula, therefore be it,

"Resolved, that the Del-Mar-Va Press Association, in annual meeting assembled does go on record as protesting against the proposed shopping news publication because we are of the opinion that such Dollar Day Shopping News will not accomplish the results desired by the co-operating members; and it may inject into the present friendly relations which exist among the people of the peninsula a desire not to continue their former splendid spirit of co-operation.

S. E. SHANAHAN,
JOHN C. SAYLOR,
EDWIN H. BROWN, Jr.,
Committee."

At the luncheon following the business meeting, John E. Allen, editor of the Linotype News, published in New York City, spoke on "How Does Your Newspaper Look?" He illustrated his address with specimens of good and faulty make-up.

Governor C. D. Buck was unable to attend the luncheon, but was present long enough to welcome the Association and to express his appreciation of the value the newspapers are to any community, and to thank those who had given him support in the past seven years as State highway engineer.

R. P. Graham, superintendent of

the Delaware division of the Pennsylvania Railroad made a brief talk, expressing his delight with the welcome accorded him since coming to this section and lauding the newspapers for their general courtesy.

Dr. Paul E. Tittsworth, president of Washington College at Chestertown, invited the Association to come to the college for one of its meetings. He called attention to the fact that the college was named after George Washington and that Washington was a member of the first board of directors when it was instituted in 1782. It is the eleventh oldest college in the United States, he said.

Just before the meeting closed, Mr. Shanahan presented Secretary Metten with a double case of pens, as a token of the appreciation of the members for his fifteen years as secretary and treasurer.

OBITUARY

IDA M. LITTLE

Mrs. Ida M. Little, aged 74 years, died at her home in Stanton last Sunday evening. She was the wife of William Little and had lived most of her life in Mill Creek Hundred. Funeral services were held from her late home, yesterday afternoon, the Reverend Oliver Collins officiating. She was buried in White Clay Creek Cemetery.

Mrs. Little was the daughter of the late Thomas J. and Lydia C. Moore. Her father died in 1903 at the age of 96. Besides her husband, she is survived by two daughters and two sons—Lora, who lives at home, and Mrs. Elizabeth Mitchell, of Stanton, T. Howard Little, who lives near Newark, and J. Herman Little, of California. She is also survived by a brother, J. T. Moore, of Newark, and five sisters, Lydia C. Kirkpatrick, of Carthage, Ill., Harriet T. Lewis, Sue A. Whiteman, Eva M. Chandler and E. Essie Little, all who live in or near Newark. Mrs. Ida Little and Mrs. Chandler were twins. There are four surviving grandchildren, Cathlene and Dorothy Little and Eleanor and Jean Mitchell.

WILLIAM Y. JOHNSON

William Y. Johnson, aged 44 years, died at his home near Stanton, on January 25, of pneumonia, following influenza. Services were held Monday at 1703 Vine street, Wilmington, the Reverend Ernest Rich officiating. Interment was in St. James Cemetery, Stanton.

CARD PARTY

Friendship Temple No. 6, Pythian Sisters, will give a Card Party at Fraternal Hall, Friday evening February 8, at 8:30. Five hundred and bridge will be played. There will be prizes for high scores, also a door prize.

It is praiseworthy even to attempt a great action.—La Rochefoucauld.

Anger manages everything badly.—Stadius.

LOCAL BANK COUNTY LEADER

NEWARK TRUST LEADS IN RURAL NEW CASTLE

The Newark Trust Company stands in the lead of banks in rural New Castle County. While this institution is only a little over twenty years old, the assets of the bank show an average growth of \$100,000 for each year of its existence.

The week of January 20th, the assets went over the \$2,000,000 mark, which gives the bank the lead in rural New Castle County.

The growth of this institution in the past two years has been remarkable, the deposits in this period have increased approximately \$500,000, and during the year just past the increase was \$200,000.

This institution's growth is in reality the merit of service rendered to its patrons. Mr. Warren A. Singles, Treasurer, is always on hand to assist the bank's patrons in all their banking problems. Advice regarding investments, etc., is gladly given by the bank's officials.

It is most gratifying to the officials to note the consistent action on the part of their patrons, through accepting the convenient facilities of their progressive banking services.

Many have seen the advisability of making their Will, and appointing a responsible institution, as the Newark Trust Company, to act in the capacity of Executor and Trustee; for the purpose of carrying out the provisions provided for.

Other interesting features of this Modern Trust service have met with encouraging response. The broad scope of the bank's facilities are designed to meet the particular requirements of our patrons. The advice of the bank's officers on all financial matters is at all times available, and the growth of the bank shows that the service rendered is appreciated.

CONTRACTS PROGRESSING

Mr. James H. Hutchison reports that in spite of weather conditions, work on the woman's addition to the New Castle County Workhouse is going right along. The basement is completed. The iron structural material has arrived and the building will soon start to shape itself. Everything is now on the grounds and therefore, without the event of a severe weather spell, the building will be completed according to schedule.

The Fader and Brewer homes on upper West Main street, are fully completed. Mr. Hutchison reports the outlook good for a very busy spring business.

OFFICE AND PART OF EXTENSIVE YARDS OF OBERLY BRICK CO.

Fifteen to twenty million bricks are produced annually in the great brick yards of the Oberly Company, part of which is shown in the above picture.

The Oberly Company during its many years in the business has supplied bricks for almost every building of any consequence in the northern part of Delaware.

Bricks play an important part in the life of a house, and those supplied by Oberly are noted for inward sturdiness as well as outside beauty.

Display samples of all the different kinds of bricks manufactured by Oberly (of which there is a surpris-

ingly large number) are on display at the offices of the company at 909 Orange street, Wilmington.

Howard H. Oberly, vice-president of the company, is planning to attend the annual convention of the National Common Brickmakers' Association in Chicago, the week beginning February 4. At this time, there will also be the yearly meeting of the National Brickmakers' Association. Hundreds of manufacturers from all over this country attend these meetings. In addition to a program of business sessions, numerous provisions are made for entertainment, sightseeing and other pleasurable diversions.

MECHANICAL BRAINS

Shilling & Lake Co., of 9th and West streets, Wilmington, report a large increase in the sales of adding machines. This may be accounted for by the fact that the closing of the year's books caused a greater demand or perhaps inventory season did it.

These new machines are so accurate that they can do pretty nearly anything with figures. As a youngster, expressed himself, he does not see why he should study arithmetic, for machines will do it for him. It is true, the bookkeeper of today has not only the help of a machine that will do just about anything, but a machine that will do the posting. This is sure the age of speed, with all kinds of machines with mechanical brains, the old-time clerk must almost turn over in his grave.

GEMS

Gems of thought and gems of deeds, the reward of which is a good many times a diamond or a pearl. Mr. Parrish, the local jeweler, reports a very good January sale of gems, it seems that the giving of jewelry is not confined to the holidays as it used to be.

The garnet has come in for many sales, as it is the stone for January. So many ask about the birthstones that Mr. Parrish asked that they be published.

January, garnet; February, amethyst; March, bloodstone or aquamarine; April, diamond; May, emerald; June, pearl or moonstone; July, ruby; August, sardonyx or peridot; September, sapphire; October, opal or tourmaline; November, topaz; December, turquoise and lapis-lazuli.

If its a ring or a pin, you will find a good stock to select from at your local jeweler.

JADED APPETITIES

How often have you heard women remark, I sure did enjoy the dinner, it is so refreshing to eat some one else's cooking. This is a real truth, and is particularly true at this season of the year, for realize the ease and comfort at so little cost as to dine out at the Blue Hen Tea Room. When

you get that feeling of restlessness, wanting a change, just remember to suggest a dinner at the Blue Hen. A remarkable meal can be obtained for a very nominal charge.

RECEIVE CONTRACT FOR 25,000 CATALOGUES

Contract was closed last week between Cann Brothers and Kindig, printers, of Twelfth and Washington street, Wilmington, and the Go-Cart Manufacturing Company, of Philadelphia, for the printing of 25,000 ninety-six page catalogues. They will be done in colors and will be profusely illustrated. Work will be started this week.

Another large order for this progressive firm was the printing of 3,000 seed catalogues for a local concern. Approximately fifty illustrations are included, as well as numerous price lists, requiring much tabulating work. During the week, the company also finished the Whisp, publication of the Wilmington High School. This issue contains 72 pages.

A lot of miscellaneous jobs, principally rush orders, in addition to the larger contracts, are keeping the plant operating at full capacity. The multi-graphing department, in which has been installed advanced equipment, is also operating on full time.

THREE EXHIBITS FOR HAMMOND MOTORS

Hammond Motors, at Thirty-sixth and Market streets, Wilmington, Oldsmobile dealers, have three spaces at the Fifteenth Annual Automobile Show of the Wilmington Automobile Trade Association, being held in the Armory, Tenth and Dupont streets. For the past few weeks, this establishment has been a scene of exceptional activity. Last week, members of the sales force visited the Philadelphia show, and the week before attended the national show in New York City.

At the Wilmington show, the company is exhibiting a chassis and two closed models. Sales by the Hammond Motors have been very heavy for this time of the year, and it is expected that there will be many more orders taken at the Wilmington show. Various periods have been allotted to the salesmen, all of whom will be on hand at the Oldsmobile display, one or more days during the exhibit.
