RED CROSS AREA NO. 1 ANNUAL MEETING

Open House To Be Held At Local Headquarters

Annual meeting of Branch Area No. 1 of the American Red Cross was held June 13 at the Newark Century Club. Chairman A. P. Smith presided and reports were given by the committee chairmen and members elected for the coming year.

Boundaries of the Area were clarified showing that Area No. 1 includes territory west of Limestone Pike to Eastburn Heights as far as Red Bank which takes in Christiansa, Porter, Glasgow and Milford Cross Roads as well as Newark. Miss Mary Webber, chairman for the Area for the last year, requested that her name not be continued because of ill-health and the chairman paid tribute to her active and conscientious work.

Announcement was made of the Annual meeting of Delaware chapter of American Red Cross to be held in Gold Room of the Hotel DuPont Friday evening, June 25, at which Basil O'Connor, president of the American Red Cross, will be the speaker. Open house will be held at the Red Cross headquarters and all from Newark who plan to attend the supper preceding the meeting are asked to notify Miss Walter Hultihen not later than Friday.

The present supply of gauze dressings has been finished and as the Army is present taking stock of the supplies in Europe, no further dressings will be made during the next few days and the rooms will be open only when it is hoped many hands on hand to help with the improvement of sewing and knitting.

WILMAN DEFENSE DISSOLVED

Local, State Council Heads Extend Thanks

Harry L. Bonham, chairman of the Newark Council of Civilian Defense, received official communication today that all Civilian Defense units are to be dissolved as of July 1. He is in keeping with President Truman's recent edict declaring the units no longer necessary.

Announcing disbanding of local units of his organization, Mr. Bonham expressed his gratitude to the many volunteers who responded to the call when asked. He wishes to extend personal thanks to each and every one who took any part in the Newark civilian defense program.

W. H. Gassaway, executive vice-chairman of the State Council, in a letter to Mr. Bonham, stated: "We were of the first states in the country to organize the response of our citizens to the call. All in our organization have done their part with self-sacrifice and devotion. It has been a genuine war effort."

He is thankful that our services have been called upon to cope with the emergency and all of the feeling of relief that our citizens now have, to each and all of the service of our personal appreciation and thanks of all the State Council and the whole citizenry of Delaware.

GENERAL SERVICES

Funeral services were conducted Saturday, June 16, for Mrs. Elizabeth Burne who died Tuesday, June 12, at the Presbyterian Hospital, New Jersey.

Funeral services were held for the deceased Saturday, June 24, at 8:00 P. M., in the Church of St. John the Baptist, with the Rev. Eugene J. Kraus officiating. Interment was made in St. Thomas Episcopal Cemetery.

Mrs. Burne was the daughter of Charles Graham Blandy and Elizabeth Blandy. She was the daughter of W. H. Purnell, a fortune teller and a member of the Hanover Presbyterian Church, Wilmington, will sing several selections and the church choir will present four numbers. The public is invited to attend.

Honored On Return

MAJ.-GEN. JOHN W. O'DANIEL

IRON MIKE WELCOMED HOME WITH RECEPTION

Presentation Of Gold Watch Made Sunday By Dr. Sypherd

Residents of Newark combined with students and faculty of the University of Delaware Sunday afternoon to honor and welcome home Newark's heroic Major General John W. O'Daniel, commander of the famed Third Division of the Seventh Army, at exercises held in front of the Memorial Library.

Beginning at 4:30 o'clock, the Newark Central Diamond Fire Company Band gave a concert on the University Hall portico. At five o'clock General O'Daniel inspected the Guard of Honor and received greetings from the committee arranging the ceremony.

Following playing of The Star Spangled Banner by the band, the Rev. H. E. Hollman gave the invocation. Rev. Andrew W. Mayer, rector of St. Thomas Episcopal Church and department chaplain of the American Legion made the address of welcome in behalf of Newark. An address of welcome on behalf of the State was made by Col. William L. Storey, secretary of state.

Dr. W. O. Sypherd, acting president of the U. of D., of which General O'Daniel is an alumnus, presented the general with a gold watch as a token of the esteem of his townsmen. General O'Daniel accepted the gift in a brief address.

Benediction was given by the Rev. Arthur J. Jackson and the band played "America" to conclude the program. General O'Daniel greeted acquaintances and old friends after the ceremony, before retiring to the home of his aunts, the Misses Nellie B. and Ella (Please turn to page 8)

IRON MIKE AT ROTARY

Relates War Experiences

Major General John W. O'Daniel, Newark's dynamic war hero, was guest speaker at the Monday evening dinner meeting of the Newark Rotary Club held at the Country Club, with President E. Newman Rose in charge.

"Iron Mike", as he is affectionately known, was introduced by Dr. H. E. Tiffany, program chairman for the evening. The two-star general related personal experiences in the European war zone from which he just returned last week.

Outlining war tactics used in the defeat of Germany, General O'Daniel, who was in command of the famed 3rd Division of the 7th Army, lauded the initiative and bravery of American soldiers in action.

Guests at the meeting included John W. Spicer and Robert L. Quaintance, of Middletown, and F. A. Cain, of Newark.

SACRED CONCERT

A sacred concert will be presented on Sunday, June 24, at 8:00 P. M., in the Church of St. John the Baptist, when the Rev. J. Herriek Darling, popular baritone soloist and pastor of the Hanover Presbyterian Church, Wilmington, will sing several selections and the church choir will present four numbers. The public is invited to attend.

WEAPONS ON DISPLAY IN NEWARK TRUST BANK

Guns Being Exhibited To Stimulate Bond Sales In Drive

For promotion interest in the 7th War Loan Drive, there is on display in the Newark Trust Co. Bank a collection of weapons and ammunition including: powerful .30 caliber and .50 caliber machine guns so "kickless" that a glass of water can be balanced safely on them during firing.

E. F. Matthews, treasurer of the bank, invites the public to view the exhibition tending to promote sales of Bonds.

The .50 caliber variety weighs only 23 pounds and will fire at the rate of 1000 shots per minute, being fed from either side. It was safely fired under proof loads of 62,000 pounds per square inch with mean pressure in its test made by the U. S. Ordnance Dept. at Aberdeen Proving Grounds, and the National Inventors Council has asked a gun to be made available to the War Department. This gun is especially adapted for use on airplanes because it has almost no recoil. It may also be mounted in tanks with equal success. A positive safety device makes impossible the firing of a second shell while the first one remains in the chamber. The concern which manufactures this type of gun plans on applying the "kickless" feature to sporting rifles and shotguns after the war.

This display is made possible by William Ray Baldwin, Elk Mills, a Major of World War I, and now president of the Automatic Guns, Inc., a Delaware corporation owning the patents covering these revolutionary weapons. Other items on display at the bank are a 90MM anti-aircraft shell, ammunition for various types of guns, a bazooka, a rocket, a Browning machine gun 1919 A-4 model, a tommy gun, a M-1 rifle, a 1903 Springfield rifle, a hand grenade, and other articles.

SCHOOL BOARD IN MEETING

Parents Not Satisfied With Product

About fourteen interested taxpayers of the Newark Special School District were present at the special Board meeting of that group held last Friday evening in the high school building with all board members in attendance.

The trend of opinions expressed by some of the parents present, including A. M. Soule, Francis McCann and James D. Counahan, was that parents generally are not completely satisfied with the product of Newark schools, despite the fact that Superintendent Douglas said that University of Delaware officials had told him that Newark students at the University ranked high.

Interest and some discussion was entered into relative to special school district taxes when and if they are needed, the probability of a new elementary building and the appointment of a superintendent. Jos. M. McVey, on behalf of the Board, stated that the Board had not come to any decision as to a superintendent.

CUB CIRCUS SATURDAY

Event Opens With Parade

A joint meeting of Newark Cub Pack No. 55 and 56 committees together with Den Chiefs was held at the Methodist Church Friday evening to discuss the annual Cub circus to be held on the lawn in the rear of the Public Library building, Academy Street.

Plans for the circus include a parade to begin at 4:00 P. M. taking a route starting from Academy and Delaware Avenues on Delaware Avenue to South College Avenue turning north along Main Street to Chapel and along Chapel Street to Delaware Avenue then to the circus grounds. The circus will be open between 6 and 8:30 P. M.

There will be attractions for both old and young — pony rides, side-shows, hot-dog stands, hamburger stands, lemonade, soft drinks, cake, pie, candy and an exhibition of Cub handicraft work.

COLBURN REELECTED RED CROSS CHAIRMAN

1945 Officers Are Chosen At Area Meeting Last Week

Dr. Allan P. Colburn, professor of Chemical Engineering at the University of Delaware, was reelected chairman of the Branch Area No. 1, Red Cross, which includes Newark, at the annual meeting of that organization held at the New Century Club last week.

Mrs. Walter Hultihen was named vice-chairman for Newark with Mrs. May R. Leasure again chosen as vice-chairman for Glasgow. Mrs. R. Earl Dickey, Christiansa, was elected secretary and Miss Edwina Long, Newark, was chosen as treasurer.

The Board of Directors for 1945 were named as follows: Dr. John R. Downes, Mrs. Walter Hultihen, Mrs. Ralph W. Jones, Mrs. J. Fenton Daugherty, Dr. Allan P. Colburn, Dr. E. M. Schoenborn, Mrs. Robert Lewis, Miss Edwina Long, all from Newark; Wilson Price, Mrs. May B. Leasure, Mrs. Harry McCormick, Mrs. Myra McElwee, Mrs. Flora Laws, from Glasgow; Miss Mary E. Webber, Mrs. R. Earle Dickey, Mrs. William Elliott, from Christiansa; Ralph W. Hawthorne, from Ogletown; Mrs. Clarence J. Highfield, Mrs. Charles Diehl, Mrs. Robert Goodrich, from Bear; Mrs. Anna Cameron, Mrs. A. D. Ward, from Milford Cross Roads.

DRAMA CLUB REVUE AT BAINBRIDGE LAST WEEK

Local Group Entertains Patients At Navy Hospital

The University Drama Group traveled to Bainbridge last week to present its Main Street Revue for the benefit of patients at the U. S. Naval Hospital there. 26 members of the Group and guest artists made the trip by bus last Thursday.

Main Street Revue, especially designed for the entertainment of patients in Army and Navy Hospitals, consisted of 12 acts. Members of the Group presented a short skit entitled "Drama Interlude" by Eugene Honeel and absurdist Tony Louis playing the mood music. The Main Street Harmonizers comprising Mrs. Marion Keyes, Mrs. Dorothy Potts, E. C. Mahanna, and C. R. Humphries sang a clever parody to the tune of "The Man on the Flying Trapeze." G. Taggart Evans acted as Master of Ceremonies and did a burlesque of Shakespeare. Mrs. Virginia Schoenborn gave an interpretation of Maurice Chevalier and Mrs. Dorothy Potts sang a parody on "No Love, No Nothing". Messrs. Humphries and Mahanna were funny in their hillbilly version of "Beside Mae Muecho".

Miss Dorothy Catts, Miss Audrey Garey, and Prof. Anthony Louis of the University were guest artists.

The revue was under the direction of Dr. and Mrs. C. R. Kase. E. C. Mahanna was musical director and L. Parker Thomas wrote the lyrics for the parodies. Mrs. Thomas designed the scenery.

Those making the trip to Bainbridge were Mr. and Mrs. E. C. Mahanna, Mr. and Mrs. Taggart Evans, Miss Dorothy Catts, Mrs. Virginia Schoenborn, Mr. and Mrs. L. Parker Thomas, Mrs. Dorothy Potts, Mr. and Mrs. C. R. Humphries, Miss Audrey Garey, Prof. Anthony Louis, Miss Leah Otley, Mrs. Marion Keyes, Avery Goddin, Mr. and Mrs. Robert Squire, Miss Marian Riker, Dr. and Mrs. C. R. Kase, Miss Wanda Gilmore, Mrs. Paul Musselman, Mrs. Maude Boli, Miss Louis Detjen, and Mrs. Doris Moore.

PFC. CORNELL CITED

Pfc. Henry Cornell, 35 Thompson Circle, son of Mr. and Mrs. Norman Cornell, is a member of the 31st Quartermaster Company, which was awarded the Meritorious Service Unit Plaque for outstanding devotion to duty in the performance of exceptionally difficult tasks in Dutch New Guinea and on Netherlands East Indies. Before entering the service Pfc. Cornell was employed at the Continental-Diamond Fire Co. and thus far in the war has seen action in three major battles.

Lions To Ask Council To Build Swimming Pool

President-Elect T. D. Smith called to order the weekly dinner meeting of the Newark Lions Club, held Tuesday evening at the Country Club, with Frank M. Smith as program chairman for the evening.

Putnam T. Stearns, the guest of Frank Smith, asked the club to consider the building of a children's swimming pool in Newark. The club decided to cooperate with the Jr. Chamber of Commerce and to ask its Committee on Civic Improvement to discuss with Town Council the possibility of constructing a pool and playground here.

A. F. Fader announced War Bond Sales for last week amounting to \$628.75 for a 7th War Loan total of \$9,429.75 and a grand total of \$313,885.00. E. F. Matthews, a Lion Cub, was president at the meeting.

CLUBS PLAN A PROGRAM OF SUMMER RECREATION

New Century Club To Be Available To Youngsters

The recreation committees of the Rotary Club and New Century Club of Newark have completed plans for a summer program for the young people of the community. The program will continue for six weeks beginning with Monday, June 25th.

On Monday, Wednesday, and Friday evenings from seven to eleven o'clock there will be open house at the Century Club. Pingpong, badminton, deck tennis, and other games in demand will be available. It is hoped to have refreshments available — the only feature for which there will be a charge as admission is free.

On Tuesdays and Thursdays during the day there will be an interesting program of activities centering about the Century Club which will be planned especially for boys and girls from eight years of age up. On one of these two days each week a special project will be offered, such as a bicycle hike with box lunches, a roller skating party if possible, and so on. Instruction will be available in how to play tennis and badminton and it is hoped that a tournament can be arranged for those young people who may be interested.

The committees consider the community fortunate in having Miss Ann Chalmers, a member of the high school faculty, as director of this program. She will be assisted by a committee representing the two sponsoring groups and, also, committees from the young people themselves.

APPEAL DAY AT COUNCIL ON MONDAY

Tax Appeals To Be Heard June 25th

A Court of Appeals, complaint day or call-it-what-you-will day will be held at Town Council offices Monday, June 25, between the hours of 1:00 P. M. and 6:00 P. M.

Town property owners who are dissatisfied with their real estate assessments should appear at the council office between these hours and make their complaints known to the Board. No complaints will be entertained other than at the time and place stipulated above.

Those who have not yet observed the town assessment book for 1945 taxation purposes may see it during business hours at the Council office, 26 Academy Street, or at Rhodes Drug Store after 5:00 P. M. weekdays, on Friday and Saturday of this week.

Four registration days for non-property owners was held by the council during June. They were on June 4, 9, 13 and 16 when non-property owners were required to register to become eligible to vote in the town election next April. These registration days were for town elections only.

Property owners are not required to register but must pay a capitation tax which is billed to them annually.

WASTE PAPER DRIVE

The Junior Chamber of Commerce will collect waste paper in Newark on Saturday, June 23. Residents are urged to cooperate with the Jaycees in this undertaking by having all available waste paper bundled and placed on their curbs not later than noon. It is suggested that all newspapers be tied together.

REALISTIC INFANTRY SHOW GIVEN ON TUESDAY

Close To 2,000 See Thrilling Exhibition Amid Thunder Showers

The Infantry Show, promoting interest in the 7th War Loan Drive, demonstrated Tuesday evening on Frazer Field the tactics used in modern warfare as practiced by that great group of armed services — the Infantry.

The show opened with the demonstration hand to hand combat between two persons; one with a gun with bayonet attached, and the other unarmed. The one with the gun would charge at the apparent helpless man but with expert skill the one unarmed wrestled the weapon from the grasp of the attacker with ease and was ready to cut down the enemy with the bayonet. There are 12 members in a squad of infantrymen with a cost in dollars of \$7.-\$17.00 to equip all of them up to the point of actual combat. There were several weapons shown with the Automatic Rifle FOB exhibited by three infantrymen. This gun fires 550 rounds of ammunition per minute. Also demonstrated by infantrymen were the .30 caliber light and heavy machine guns. There were .60mm mortar guns and 81 mm mortars; the latter weighing 138 lbs. The bazooka, in use much by the infantry in both the European and Pacific Theaters, fire rockets which are capable of piercing tanks and pill boxes. In demonstration also was the deadly flame thrower used so extensively in the war against Japan. After firing short blasts on each of the guns and presenting them, there was a short intermission which concluded the two divisions of the show.

At this time Paul R. Rinard, Adj.-Gen. of Delaware, spoke and then introduced Maj.-Gen. John W. O'Daniel. General O'Daniel gave recognition to the splendid performance in progress and said that these were the weapons the infantry depended so much upon and urged those present to buy and continue buying Bonds so that as many weapons and ammunition needed in the remaining fight would be available. General O'Daniel compared the war with Japan with a football game. That we must be aware of a strong comeback as might happen in a football game where in 12 minutes of play a team is able to score a touchdown; on the kickoff after the score a fleet quarterback could take the ball and run the length of the field in a matter of sixty seconds the score would be tied.

The second half of the exhibition consisted of a mock battle with the infantrymen approaching and attacking supposedly Jap-held strongholds in the form of pillboxes. Jap snipers, hiding in brush, were picked off and the infantrymen crawled the length of the football field with electric mines exploding to represent mortar fire. At the extreme end of the field was set up a structure to represent a Jap Stronghold and it was worked on first by the two flame-throwers who did a good and realistic job and then by the infantrymen with rifles. The show came to a conclusion with the American flag being raised over the "captured" position.

SCOUTS AT CAMP FIRE

Committee Is Presented

Members of Boy Scout Troop No. 55 conducted their weekly meeting around a campfire on Chestnut Hill last week. This was the first of several such meetings planned for the summer months. The highlight of the meeting was the presentation of members of the newly organized Troop Committee to the boys and their leaders. The presentation of these men was made by W. K. Gillespie, chairman of the Troop Committee.

The following members of the committee were introduced to the Troop: A. B. Eastman, Dr. G. Cuthbert Webber, Arthur Oram and Carl Rankin. R. M. Thompson, Dr. Paul Rice and Jay Steinhauer are also members of this committee but were unable to attend the meeting.

The meeting was in charge of Scoutmasters Bill Skold, and Dr. Pete Reinhart and Senior Patrol Leader Sam Tajuci. Mr. Eastman was called upon to tell a story, which he did to the delight of the boys; after which each patrol put on a brief skit.

After closing exercises by the troop, the gathering in Indian fashion wended their way from the woods to the cars provided for their return trip.

VICTORY'S
HOME FRONT
by Fay Cartledge

ANNA'S RESTAURANT HOME COOKING CENTER: PARTIES IN SKY BLUE ROOM

Reputations are built over a period of years, as a general thing, but this is not true of Anna's Restaurant, on the southeast corner of 2nd and Union Streets, Wilmington. The place opened June 14 and it is already literally the talk of the town.

Home cooking is an actuality here. Delicious American and Italian dishes are featured and every care and consideration employed to make service distinctive. The fact that such high

standards are being followed by Mrs. Anna Iannini and her husband, Fred, during the present difficult war period gives evidence to the fact that their endeavor will be even more extensive and unique when the war is won.

Superb is the word for the cuisine at Anna's Restaurant. Home cooking that brings out the best in every prepared dish has already gained a legion of customers for the restaurant which is entitled to be called famous right now.

Italian foods are enjoyed by most of the customers, but good old American dishes are served, too. Steaks and chops are always on the menu which shows surprising variety under existing circumstances.

In the Sky Blue Room parties and banquets are held under ideal conditions.

Mr. and Mrs. Iannini formerly directed the Venice Restaurant in New York City.

KRUEGER BREWERY CO. HAS PLEASED PUBLIC WITH BETTER BEER SINCE FIRM WAS LAUNCHED 87 YEARS AGO

A product that has stood the test of time bears the name of Krueger's, for the famous brew has been a favorite since before the Civil War. It was in 1896 that some men of foresight banded together to form the original brewery and the experience they put to use has been a tradition with those who followed directing the firm's activities.

Main offices of Krueger's Brewery Company are still in Newark, N. J., but the firm's location at 506 North DuPont Street is well known throughout the Wilmington and general Delaware areas. In July, 1944, the old company purchases Delmarva Brewing Company which maintained headquarters at the

du Pont Street address. In continuing the principles and methods of the Delaware firm the company from Newark held the extensive patronage of the business and added many new customers on its own score.

With two breweries in operation—at the original New Jersey location and Wilmington—Krueger's has spread its name and fame farther afield than ever before.

Donald W. Goulet has followed the ideals of Krueger and Delmarva as general manager for the local enterprise. He has kept the standards of service that have stood the test of time with both concerns and has the wholehearted

approval of his customers.

With the company for the last eight years, Mr. Goulet knows how to direct his aides and maintain a thorough policy of service for the benefit of those who want the best.

Draft and bottled beer are produced. Prepared for the taste that is discriminating, the products of the plants have maintained a standard right up to par even in the face of wartime difficulties. Post-war years will find an even wider acceptance of Krueger's for that is the plan of the company.

Brewing is an ancient trade, brought up to date by Krueger's—a credit to its management.

SERVICE-MINDED CRANSTON STATION RELIED ON BY WAR WORKERS DAILY AS PURE OIL LINE IS FEATURED

The service stations of America had a large task thrust on them when war came. In providing a thorough and exacting endeavor that left nothing to be desired insofar as service and personal willingness to see the job through to completion is concerned the line of activity came in for a greater share of attention than ever before.

Proud and happy to have had a part in this vast undertaking is Cranston's Service Station, Lancaster Avenue and Monroe Street, Wilmington, which has completed to date an impressive wartime record and looks ahead for further opportunities to serve its customers well.

William B. Cranston upholds the high ideals of the Pure Oil Company in every instance. The products of the firm are accepted everywhere as standard and the loan station is a fine example of the accomplishments of the company and its dealers.

Pure Oil, Pure Oil, Pure batteries and Yale tires are in stock at the Cranston location. Lubrication is an important service of the enterprise, while tire recapping is featured.

Mr. Cranston gives particular attention to every "lube" job. He ascertains that every working part of the automobile requiring oil or grease is reached

and thoroughly lubricated. The firm also includes checking batteries and general once-over that means an extra to wartime drivers.

This is a best and ample schedule, probably the most important phase of endeavor is the automobile repair work which is provided. Cranston for repair and the time product is turned back to the customer with the guarantee of an experienced management behind it.

Established five years ago, the firm has behind it the 14 years experience of Mr. Cranston.

RADIOEAR OF WILMINGTON DEALER WEARS THE FAMOUS DEVICE HIMSELF; WAR WORKERS FIND AID REAL BOON

Men and women who are getting the job done for Uncle Sam on the home front must have good hearing and it is a testimonial to Radioear that so many of them wear the famous device which has opened a new world to thousands of users.

Radioear of Wilmington, 501 West 21st Street, is directed by William H. Speakman, authorized dealer. He can attest to the merit of the product since he wears one himself. Mr. Speakman knows what it means to have the pleasure of this busy workaday world opened anew and from his own personal

experience can recommend Radioear.

Manufactured at Mt. Lebanon, Pa., the product has been on the market 24 years. It combines so many improvements and engineering accomplishments that it actually represents the work of dozens of technicians and scientists who have delved deeply into the requirements of a successful hearing aid before coming up with the present superior product.

Mr. Speakman has jurisdiction over all of Delaware and the Eastern Shore area, too.

Mr. Speakman assumed the authorized dealership here February 1, but his experience spans the last eight years. He knows and believes in Radioear and has proven his sincerity by going over his vast territory to prove the many outstanding elements of the famous device.

Fitted individually and to meet the specific requirements of the client, Radioear has the appeal that a distinctive scientific instrument should hold for folks who are in need of it. The war has brought out the vital value of the product built on experience.

BOWLING IS A SUMMER RECREATION AND PLACE TO ENJOY SPORT FULLY IS BRANDYWINE BOWLING CENTER

There is no season on bowling. It is a wholesome, healthful recreation designed to help keep men and women physically fit under pleasurable conditions.

Brandywine Bowling Center is open for the summer season and invites individuals, teams and leagues to make the most of its 16 superb ABC Brunswick alleys, free instruction, ample locker facilities and unrestricted parking.

The sports headquarters at 98 Vandever Avenue is under the management of Joe "Bud" Reisenberger well known

in the metropolitan area and a bowling enthusiast of long standing. No one is long a stranger to bowling when they visit the Brandywine Center for regardless of how little they know of the game they become proficient under expert instruction. Many bowlers have been "made" right here since 1937.

During his 27 years in bowling, Mr. Reisenberger has gained a wealth of knowledge concerning the best methods of teaching people to get the most out of their visits to bowling alleys and this practical knowledge is applied

daily at Brandywine.

Looking ahead to the coming Fall evenings, Mr. Reisenberger advises leagues to book nights at the alleys now, for the last-minute rush often results in disappointments for those who hold off too long before making definite plans to form a league and bowl regularly.

Brandywine Bowling Center is open daily and Sundays at noon.

A spirit of good fellowship and welcome are always much in evidence here.

FUN FOR EVERYONE IS DAILY GOAL OF NEW DEEMER BEACH MANAGEMENT; PICNIC GROVES AND RINK INVITING

Fun for all and all for fun. That's the daily life of Deemer Beach, on River Road a mile south of New Castle. In a war period such as the one through which we are now passing, outdoor recreation is one of the chief interests of every American. Enterprises like the famous amusement location provide healthful, wholesome, memorable days.

Open every day in the week, Deemer Beach came under the able management of Gus Schuman January 1. He has incorporated some new ideas and amusement plans, but the basic patron-winners have been retained.

Families find the picnic groves at Deemer Beach affording a rare opportunity to eat in the out of doors where

food tastes better and the pleasure of having the family together in such a setting is out of the ordinary.

The roller rink is a big attraction here for it affords the youngsters and oldsters some healthful recreation amid a spirit of fun-making that cannot be outdone. For the duration, it will be necessary for skaters to bring their own "wheels". Tuesday and Saturday nights the rink is open for three hours beginning at 8:30. Friday night takes the crowd back to the early days of this nation, for an old-fashioned barn dance is held and everyone joins in. Music is supplied by the Lehigh Valley Boys, heard on Thursday evenings at 7:45

over WILM broadcasting from Deemer Beach.

Amusements brighten the eyes of the youngsters at the Beach for the merry-go-round, a variety of other rides and many attractions are all part of the fun plan.

Mr. Schuman also conducts Deemer Beach Inn, where regular dinners, platters and sandwiches are served in variety. Fishing, crabbing and boating are enjoyed here.

For a good time and a pleasure-packed day or night for the entire family, Deemer Beach is the place. Happy Summer days are each a vacation when Deemer Beach is the headquarters for the outing.

DISCOUNT AND CREDIT CORP. HELPS FOLKS MEET FINANCIAL PROBLEMS—OLD CUSTOMERS APPROVE SERVICE

Residents of the New Castle County area have a friend in need in Discount and Credit Corporation, 200 West 9th Street, which is being relied on by the third generation of customers, in many instances. Its service in the small loans field has won the acclaim of all who want the best. Helpful, friendly, exacting endeavor characterizes the business.

Since 1914 Haldeman C. Stout has been identified with banking and loans. His work as president of the company on 9th Street has resulted in gaining for him the recognition one deserves whose

efforts are outstanding in the interest of customers.

Mr. Stout not only extends his customers a small loan service but gives advice, makes suggestions and shows folks the way to purchase homes at a minimum cost in fees and other expenditures. In short, he is the friend of everyone who visits his office.

Loans are made on personal signatures or automobiles. The confidential, friendly, helpful service method prevailing is the type clients appreciate.

It is interesting to note that seven out of every ten persons who come to the

offices of Discount and Credit Corp. are recommended by old customers of the firm.

In 1934, Discount and Credit Corp. was established. It was a dark year for the American public for the depths of the depression had been reached. The company made friends with business men and has never relinquished its interest in providing them with a complete and reliable service the years that have followed.

No wonder the concern is one of the largest of its kind in the state.

ARTESIAN WATER CO. WARTIME SCOPE MEETS DEMANDS OF CUSTOMERS OVER MANY TOWNS THROUGHOUT THE STATE

Combining methods of business service with that invaluable natural beverage that has never been equalled, Artesian Water Company, du Pont Road and Ashton Street, Richardson Park, has a record of unusual aspect to its credit.

The business was established in its present home community in 1906 and for the last 19 years has been under present ownership. But the association of W. Howard Taylor goes back to the very beginning of the company for he has served as general manager during all these years.

To him, the job of keeping the supply of artesian well water moving constantly to fill the demands of homes,

schools, institutions, business houses and war plants, is of greater consequence now than ever before and his interest in the task at hand never wavers.

From Wilmington to beyond Stanton and from Elsmere to Marshallton the company supplies the pure, natural drink of drinks. Cedars and Faulkland are served, too.

Every method and measure of service that it is possible to install to assure the best for customers has been incorporated in Artesian Water Company. The firm has compiled a record of estimable proportions through all eras since 1906 to maintain a superior standard. This

has not always been an easy task but the company has the respect and esteem of its customers as evidence of its capable manner in which its work is accomplished.

Mr. Taylor personally directs work of keeping customers supplied. From the Richardson Park office the firm's location at 902 Tenthon Street, Wilmington, the job of maintaining prompt, reliable and exacting activity goes on steadily.

War plants have benefited materially from the products of Artesian Water Company and in serving the front effort in this manner the company is serving Uncle Sam, also.

CENTURY OF HUMANITARIAN WORK MARKED BY HOME FOR AGED WOMEN

The true aspect of humanitarianism is found at Home for Aged Women, Gilpin and Harrison Street, Wilmington, which has a century of endeavor behind it and looks ahead to even further accomplishments.

A non-sectarian institution, the home has been a haven for hundreds in their twilight years and all have found peace and contentment, attention and service beyond their fondest expectations.

A group of women with a keen personal interest in helping others directs

the entire program at Home for Aged Women and their concerted efforts have been responsible for the standing of the institution in the area.

From its beginning, the home has been under the management of women.

Contagious or mental cases are not admitted, but the program of the institution is wide in its scope of acceptance and limitations are few and far between. Every comfort and aid that can be installed has been incorporated in Home for Aged Women to make the days spent here by those seeking rest

and peace just as pleasant as they can be.

Mrs. J. Merriek Horn is president, with Mrs. Charles W. Bush and Mrs. Charles I. Kent, first and second vice-presidents, respectively.

Mrs. J. Burton Pearson serves as recording secretary and Mrs. Joseph Holton Jones as corresponding secretary. Chairman of the finance committee is Mrs. Floma Edge Ladley, with Mrs. A. J. Abrams as treasurer and Mrs. Estelle W. Shockley, matron.

DIAMOND STATE BUS LINES EXTEND SERVICE TO MANY TOWNS IN STATE

Communities are drawn closer together and more accomplishments in business and industrial activities result when good transportation facilities are at hand.

Diamond State Bus Lines has a record of extensive proportions to its credit in providing ample transportation for the metropolitan area and its environs.

Since 1930 the company has operated buses throughout the region, extending service from 11th and West Streets,

Wilmington, to Arden, Ft. du Pont, Christiansburg and Delaware City. Thousands of riders—war-busy men and women with important work to do on the home-front ride the buses of the firm while shoppers and visitors find the full range of activity a boon to their needs.

Just operating buses in a day to day service plan has not been the sole ambition of Diamond State Bus Lines. The company employs careful, capable, courteous chauffeurs and each is in-

terested in further enhancing the fine record of the concern. Even in the press and rush hour activity, Diamond State Bus Lines drivers do their work efficiently and well.

Edward Roche is the man who planned the service and put it into force. Back in 1916, Mr. Roche became identified with his present work and has gained a wealth of knowledge in the transportation field during the ensuing years.

EXACTING ENDEAVOR MARKS CAREER OF MAGISTRATE J. HENDERSON SMITH

A sincerity of purpose that is appreciated by fellow officials and the general public has been much in evidence in the career of Magistrate J. Henderson Smith, Richardson Park.

Since five years before the turn of the century Magistrate Henderson has called Delaware his home state. He is proud of all it stands for and conducts his work as a member of the minor judiciary in a manner which reflects this interest and following of precedents that have made Delaware justice known and recognized everywhere.

On April 19, 1941, Governor Bacon appointed Magistrate Smith to the bench. The state's chief executive had good reason to make the appointment for civic activities, business success and a willingness to always help the other fellow characterized the man. So well did Magistrate Smith serve out his first term that the governor reappointed him June 5 for another four-year tenure on the bench.

Magistrate Smith has always been interested in his community and state and has kept his activities apace of the

requirements of the day as evidenced by his willingness to do everything he can to contribute to complete victory for our arms in this little corner of democracy.

In private life, "Judge" Smith is licensed insurance broker, handles fire insurance and other policies for property owners.

He is secretary of the Five Building and Loan Association, member of the F. and A. M. and O. F.

PLATING SERVICE OF THOMAS-THIEL AIMED AT BACKING VICTORY NEEDS

Plating is provided in the fullest possible scope at Thomas-Thiel, Inc., Beech and Anchorage Streets, Wilmington, with a war program in force that has stood the test of time. It is interesting to note in the overall picture of victory to date how capably American industry converted to meet the requirements of an embattled Uncle Sam. Thomas-Thiel, Inc., was part of this plan.

All but one percent of its production today is devoted to war needs. It remained for the firm to set the pace in

many instances with its unusual and capable endeavor to provide so well for the requirements of busy industrial plants doing work, too, for the nation.

Chromium, nickel, silver and other types of plating work are completed by the firm in its day to day schedule with a capable personnel showing as much interest as the able management in getting the job done.

For 15 years the company has served its area in a manner which reflects the

experience and expertness behind the war called for some new ideas and Thomas-Thiel, Inc., is worthy of the acclaim gained by the completion of the assigned task.

Harry S. Thiel, president; Lawrence N. Thomas, secretary, and Albert J. Thiel, treasurer, direct the work with a concern.

Post-war years will find the high standards being met here in the industrial requirements of the reconstruction period.

FAMILY MUTUAL LIFE INSURANCE CO. PROGRAM EMBRACES FULL SCOPE OF PROTECTIVE NEEDS. NATIONAL ASPECT OF SERVICE IMPORTANT NOW

It seems that service is the keynote of success behind the program of Family Mutual Life Insurance Company. If this is a true expression it is also one of the greatest truths, for the firm has aimed its every principle of endeavor at providing adequately and completely for those who need insurance protection—protection that covers just about everyone in the United States.

Service is a peculiar element. Many claim to have it. Few actually do. But the entire career of the firm at 601 Shipley Street, Wilmington, service has been a dominant characteristic. Probably the best testimonial to the way it has met needs and fulfilled the express demands of its policyholders is seen in their own acclaim of its work. Men and women who are protected by the firm's policies are not a localized or minor group. They include folks in every walk of life and many prominent names are on the lists of the company.

Rendering a valued protective service in life insurance throughout the state of Delaware is but one of the important factors that have brought permanent success and public approval for Family Mutual Life Insurance Company. Life insurance is sold by the company's own agents in Delaware, but the scope of the firm's endeavor is nation-wide for hospitalization policies are sold by mail everywhere.

Chartered in 1908, Family Mutual is a Delaware institution, but its influence has been extended from coast to coast and border to border with men and women feeling a greater sense of protection as a result of holding a policy of the firm.

Progressive strides have been made by the company during its long career but its work has never been more important than right now. War brings a greater sense of responsibility. Men and women take up new duties. We see changes in our own lives and those of our fellow-Americans. It is in this period of conflict and crisis that such firms as Family Mutual Life Insurance Company rise to new heights of importance.

The smooth-working concern has left nothing undone in its quest for a service that the public would accept as standard and appreciate forever. It has been careful in choosing agents and officials and the result has been a group of satisfied policyholders.

Directing the concern are: Dr. S. B. Pawley, president; Lawrence Watson, vice-president; and N. A. Hickman, treasurer.

They have made that word service so important that the very spirit of capable endeavor it represents is imbued in every company employee.

ODD FELLOWS AT CHURCH

Oriental Lodge No. 12, I. O. O. F., attended church services last Sunday at St. Thomas Episcopal Church. The Rev. Andrew W. Mayer, pastor, delivered the sermon.

Under the direction of Henry F. Mote, the lodge has been enjoying a weekly radio program and quiz contest which has been a topic of much interest to members.

PERFECT RECORD

Councilor Roland Marine presided over the weekly meeting of American Flag Council No. 28, Junior Order United American Mechanics, held in the Odd Fellows building Saturday night when the lodge voted to purchase \$500 in the 7th War Loan Drive. This gives the lodge the distinction of having bought \$500 worth of bonds in each of the seven War Loans.

Service Of Adolfo Mazzetti Extended To Customers All Over Delaware Area

The full scope of modern endeavor of Adolfo Mazzetti has gained the recognition that a leader deserves, for in general contracting Mr. Mazzetti has left no stone unturned to provide his customers with a thorough and complete endeavor.

General contracting and building is contained in the ample roster of the firm at 201 South Lincoln Street, Wilmington. From here, Mr. Mazzetti extends to customers throughout Delaware and nearby states a service that has added to its public acclaim since its inception.

Fraim's Dairies Promotes The Health Interests Of Hundreds Of Customers

The task that has been accomplished by the dairies of America since the beginning of the war is one of the heartening chapters in home front endeavor. It reveals a sincerity of purposes that is a class by itself and holds the distinction of giving everything possible to protect the health of the nation in a critical period.

Playing an important part in the dairy business is Fraim's Dairies, Inc., Vandever Avenue and La Motte Street. During the last 40 years many changes have come to the dairy business, but Fraim's has kept up with all of them, installing the best means and methods in all its work to assure maximum satisfaction.

Building, remodeling, repairing and general rejuvenating of homes, business establishments and institutions is contained in the ample complement of the firm.

Mr. Mazzetti credits much of his success to the experience he has in the work for he has been identified with his present endeavor for the last 25 years. He established his own firm here in 1928.

Milk is brought from local farms within a 25-mile radius of Wilmington. Wholesale and retail distribution is maintained throughout Wilmington and nearby suburban areas.

Clarence Fraim is the directing head of the business and has the co-operation of his personnel in producing a superior line of vital dairy products at a time when it is needed most.

Best Of Care Is Assured For Patients Of Modern Thompson Convalescent Home

Commanding a place of high esteem in the medical profession and families of friends of its guests, Thompson Convalescent Home has combined elements of service and satisfaction to assure the recognition it rightfully deserves.

The Wilmington location at 1705 Scott Street was established in 1905 and ever since its principles have been the type that enjoy the approval of all who come in contact with the home for so many folks who are ill or convalescing.

The scope of Thompson's Convalescent Home is wider than that of most similar institutions for it accepts cancer and mental cases, while aged and post-operative patients are admitted.

Mrs. Isabel Thompson has directed the enterprise capably since it was established largely because she has an experience in the field going back over the last 30 years. This long period of faithful service in a great humanitarian endeavor has won her a legion of friends among her guests.

Sandra Slenderizing Salon Aids Women To Keep In Good Condition With Ease

One of the most complete and satisfactory services of its kind is provided by Sandra Slenderizing Salon, 818 West 10th Street, Wilmington, which holds the confidence of the public and approval of the women.

Methods employed here are far above average and deserve the commendation they receive. It is evident that Mrs. Sandra Williams learned her profession while her versatility has been in evidence since the salon was opened two years ago.

Formerly identified with Charles of New York City, Mrs. Williams has a wealth of acquired knowledge in the field which stands her in good stead now. For the last 20 years she has been associated with her present activity. Slenderizing is a chief service here, with reducing methods including competent massage. Slimming the body and improving facial contours by advance means are accomplishments of which the salon is justly proud.

Steam baths and Swedish massaging are stressed.

Electrolysis is included in the full scope of service at Sandra Slenderizing Salon where all work is by appointment.

MATTHEWS SPEAKER AT GRANGE

Banker Talks On Post-War Farm Factors

Edward F. Matthews, of the Newark Company spoke Monday evening at the Grange on factors affecting farmers in the post-war period. He discussed the seven major problems that will concern agriculture, namely: the situation of government owned surplus, rationing and price controls, the situation of agricultural prices, import and export trade to farmers, migration and settlement, adjustment of production and maintaining the domestic market for farm products. He also discussed many houses would need maintenance after the war, but advised that selling war bonds before maturity would finance these repairs.

Added to the literary program was a solo by George Henry, of Wilmington, a Father's Day poem by A. Margaret Mitchell and vocal solo by Mrs. Ernest Lomax accompanied by Miss Hannah Mitchell. Harold Worthmaster, Norman Dempsey and the business session preceded the lecturer's hour. It was decided to hold a picnic Aug. 6 at 6:30 p. m. at the Park, with a covered dish supper. Mrs. William H. Naudain gave a report of the New Castle County Grange.

SHIPYARDS NEED HELP FOR REPAIR

Both Skilled And Unskilled Workers Needed

"The Battle of Repair is on and workers from this area are needed to win it," the Civil Service Commission declared today in announcing intensification of the program to recruit skilled workers and helpers for jobs at shipyards at Pearl Harbor and the West Coast.

A total of 30,000 workers are required. Of this number 15,000 are electricians, machinists, sheetmetal workers, coppermiths, riggers, radio machinists and other skilled workers. A similar number of semi-skilled and unskilled workers are urgently needed and every community is called upon to help furnish them.

The Civil Service Commission and the War Manpower Commission's U. S. Employment Service which are recruiting workers for the Navy are making arrangements to move workers to the areas where they are most urgently needed. These arrangements include free transportation, provisions for housing and both single and married men, and good salaries.

Detailed information on how to enlist in the "Battle of Repair" may be obtained by calling on your local Civil Service Commission representative at Newark Post Office, the U. S. Employment Service Office at 601 Shipley St., Wilmington, Del., or any first or second class Post Office.

NEW POINT SYSTEM FOR TEACHERS APPROVED

Pension Plan Gives Priority To Disabled

A point system by which the retired and disabled teacher's pension act may be made workable was approved Saturday at Dover by the State Board of Education.

This plan for determining preference for teachers qualifying under the retired and disabled teachers pension act was recommended by Dr. Harry V. Holloway, state superintendent of public instruction. The legislative act provided an appropriation of \$25,000 for each of the next two years, sufficiently to pay only 69 pensioners at \$30 a month. Dr. Holloway advised the board that approximately 100 can qualify for pensions, or 31 more than there are funds provided.

Dr. Holloway's point plan provides first that teachers having quit teaching service because of physical disability be given first preference in awarding the pension allotments, and continues:

The State Board of Education is designated as the agency to make investigations to determine the eligibility of applicants.

The board decided on Dr. Holloway's recommendation, to hold a special meeting at Rehoboth Beach July 20 to consider problems in connection with the proposed Brown Vocational School or schools in the lower part of Delaware with \$500,000 bequest for the purpose under the will of the late H. Fletcher Brown.

Salary Schedules

The board approved salary schedules submitted by the Wilmington, Alexis I. duPont, Newark, Georgetown, Laurel, Milford, and Claymont districts.

Dr. Holloway reported that under an opinion of Atty.-Gen. Clair J. Killoran the amount of increase for employees under the general salary increase bill will be on the basis only of the salary paid from state funds, in cases where salary is paid partly from state and partly from federal funds. This means a lesser increase for those employees so paid.

J. O. Adams, business manager was authorized to make necessary temporary emergency adjustments for providing facilities for transportation of children in cases in which the contractors desire to terminate their contracts for the next school year.

The board members, sitting as the Board of Vocational Education, deferred action on a proposal to seek approval of the Permanent Budget Commission for transfer of \$3,500 from the \$10,000 fund set up in the State Emergency Appropriation Act for reconversion training.

Report was made that the Permanent Budget Commission has approved an \$800 transfer of funds for continuation of school canning centers during June and the government has made a special grant of \$4,380 for continuation during July, August and September.

WEE - TOT SHOP INFANTS AND CHILDRENS WEAR

Including everything for the infant to 14 years old. Hand-made Maderia dresses, slips and pillow-cases. Sweaters and bonnets. Blankets. Complete Layettes. Pretty Spring and Summer Dresses for Girls.

Newark, Delaware, Thursday, June 21, 1945

PUTTING SKIDS UNDER SIDNEY

A new organization with worthy purposes bears the promising name of "The Peoples Political Action Committee", and it has selected Sidney Hillman and his CIO-PAC as targets to shoot at. But don't get the idea that the Peoples Committee is simply going gunning for big game. Its basic plans and objectives are broad, constructive and in the interests of better America. It couldn't be anything else inasmuch as it is the offspring of The Peoples Committee To Defend Life Insurance and Savings, which has gained favor with the public through its successful efforts in helping the people to preserve and safeguard their life insurance and hard-earned savings.

All constructive public efforts are founded for definite purposes, and it is easy to understand why an organization that has done outstanding service for the people in solving their insurance and savings problems, has recognized the dangers to the labor unions and their members resulting from the destructive activities of Hillmanite politics.

Mr. James D. Zurcher, chairman of the new Peoples Political Action Committee was the active head of the labor division of the life insurance organization in Governor Dewey's Presidential campaign and he has been closely identified with the CIO. In a statement issued this week, he said:

"I am a member of a labor organization and I firmly believe in labor being organized. But my associates and I will not subscribe, or be a party to Sidney Hillman's efforts to use the American labor movement, or any part of it, to further his own ambitions which have now become world-wide. We believe his ambitions and those of his associates are inimical to the American way of life—the best that has yet been devised by man at any time or anywhere. Encouraged by what Hillman considers as his success in the last Presidential campaign, he has announced that his enterprise has become a definite fixture in American political life, and an increasingly powerful one."

"We know all too well what such a pressure group can accomplish. In addition to those in official life who have been kowtowing with him, we know that the tendency of all too many others, Republicans and Democrats, will be to placate him. Politicians being human, will tend to seek his support. Our plan is to perfect such a counter-organization that it will be highly unprofitable for any public man either to seek or accept his support."

FROM PLANES BACK TO AUTOMOBILES

The automotive industry shut-up-shop when it hastily prepared the way to engage all its facilities in the torrent of war materials that did not reach the peak until war production climbed to \$1,000,000 an hour.

Now, the same great industry has tackled pre-reconversion with might and force that compares with the preparatory work of the military strategist. It requires considerable time, exceptional skill, relatively few men, and it must be done well in advance of any actual changeover from one type of production to another. Reconversion is similar to actual military offensive. For this is the period which sees the plans and preparations translated into actions employing thousands of men.

Time is an essential ingredient in preparing to achieve either military or industrial objectives. To reach the civilian production goal, certain actions must be taken six months in advance, others three months in advance, and still others thirty days in advance of the zero hour when reconversion operations will commence.

With 15,000 parts to consider in the average automobile, these technicians will review the manufacturing process of each of the parts going into their company's product.

At this stage, they must consider the thousands of suppliers of parts and subassemblies who served the company in peacetime, and must try to calculate how many of them can become suppliers again by the time the over-all assembly process is ready. For those who will not be ready, alternate sources must be found.

CARE OF MUMPS

As soon as mumps is suspected put the patient to bed and keep him away from others. Call a doctor for even a slight case, since serious complications sometimes develop, says the State Board of Health, which states that 119 cases of mumps have been reported in Delaware since the first of January, as compared to 63 cases reported for the first 4 months of last year.

Mumps is a "catching" disease characterized by the swelling of glands, usually those situated behind and below the ears. It is common among children, but also occurs among adults. Normally it develops from 2 to 3 weeks after exposure.

Before the usual mumps swelling appears, there may be slight fever and sometimes earache, sore throat, or vomiting. The swelling usually develops first on one side, and in from 2 to 4 days the other side may swell. There is soreness and dull aching pain around the ear. In boys and men, especially, complications involving other glands may occur.

The patient should stay in bed as long as there is fever, usually for a period of about 2 weeks. Be sure to have him under the doctor's care.

Mumps is thought to spread by direct contact through the discharges from nose and mouth (droplet infection), and possibly indirectly through articles freshly soiled from such discharges. Mumps is "catching" for a period beginning several days before the first signs of illness in the patient and lasting until the swelling about the ear has entirely disappeared.

To protect others, keep the patient at home and by himself until the swelling is entirely gone. Be sure to disinfect all articles used by the person having mumps. Boil the dishes, wash the bed linen separately, and sun and air the room well before it is used by anyone else.

PRACTICAL PEACE

General Dwight D. Eisenhower has not only won the praise and applause of his own United States, but of all the United Nations. He uttered a classic phrase that will be preserved in "Bartlett's Book of Familiar Quotations", unless we miss our guess.

Eisenhower told the world the other day that the European War has been a holy war, more than any other war in history. And here is his classic: "All of us who are right thinking want the common man of all nations to have the opportunities that we fought to preserve for them."

You can search through the records of the League of Nations, the Dumbarton Oaks and San Francisco Conferences, and you will have to admit that Eisenhower has been as outstanding and gallant in expressing the exact spirit of Democracy, and in choosing his words, as he was almost perfect in fighting the battles for peace in Europe.

In The WEEK'S NEWS

NO JAP TRICKS—Two Marines cover a Jap soldier removed from his hut in the Marianas, prepared to fall any possible trick for which the Japs are noted.

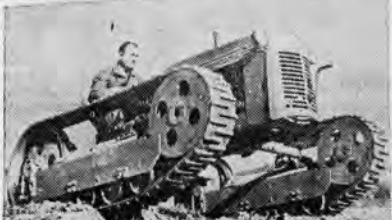

ONE-LEGGED, ONE-ARMED BASEBALL MEN—Burt Shepard (left) of the Washington Nationals, who has an artificial right leg as a result of amputation in Army Aviation service, and Pete Gray, one-armed rookie of the St. Louis Browns, when their teams met recently.

DELAWARE FARM FRONT THIS WEEK

Jap Beetle Restrictions In Effect

Shipments of fruits, vegetables, and cut flowers from the area heavily infested with Japanese beetles are subject to restrictions of the Federal quarantine during the period of heavy flight of beetles. Beginning June 7, shippers were required to comply with certification requirements in moving these products from the area including Sussex County, Delaware. On June 21 such requirements became effective for the remainder of the heavily infested area, including Kent and New Castle counties. County shipping point ceilings for early apples of the 1945 crop have been increased by 68 cents per bushel (from \$2.85 to \$3.53) on account of adverse growing conditions, according to OPA.

Ceiling prices that applied to processor's sales of fruits, berries and vegetables packed in 1944 will apply to sales of those items packed in 1945 until further notice.

Delaware price supports for early and midseason potatoes are U. S. No. 1 midseason potatoes are U. S. No. 1 grade, new or uniform clean bags, loader, \$2.30 per hundredweight (for second-hand bags, a ten cent reduction); U. S. Commercial Grade, 80 per cent or more U. S. No. 1 quality, 40 cents less; U. S. No. 2 Grade or No. 1, Size B, \$1.15 per hundredweight.

Monthly shortage allowances that may be added to maximum base ceiling prices for processed poultry now go into effect three business days after the regularly scheduled seasonal price changes become effective for live birds rather than at the same time.

Slaughterers now subtract \$1.40 per 100 pounds (30 cents less than present subsidy on live hogs) from quoted Chicago price for live hogs to determine base ceilings for whole dressed hogs.

WPB Declares Liquor Holiday During July

Distillers have been released from turning out industrial alcohol during July. This will mean more than 50,000, 60 proof gallons of beverage spirits for warehousing, thus re-releasing existing stocks for retail shelves.

The liquor "holiday" will be the third since the industry converted to industrial alcohol production in October, 1942. Production in each of the first two—in August, 1944, and January, 1945—exceeded 50,000,000 proof gallons.

Pvt. William S. Frazier With Supply Group In Germany

The "cease fire" order ending hostilities in Germany and the European theatre of operations meant a new life and a new job for fighting men in foxholes, but the soldiers of the Services of Supply, V-E Day and the days that have followed have meant simply the continuance of a back-breaking job which will end when America's last soldier shoves off for home.

Pvt. William S. Frazier, with the 15th U. S. Army in Germany, is a member of the 10th Quartermaster Battalion in Germany that sits on the end of a supply that stretches from American farms to the mess table of the 15th Army.

VACATION SCHOOL AT M. E. CHURCH

Daily Program Emphasizes The Study Of Bible

The 1945 Vacation Bible School which is being held in the Newark Methodist Church for a twelve day has sessions each morning, Monday through Friday, from 9 to 11:30 o'clock. The theme of the School this year is—"Learning More About the Bible." The following courses are being taught in four separate departments: Kindergarten—Beginners—"Jesus Our Friend"; Primary—"Stories of Jesus"; Junior—"We Would See Jesus"; Intermediates—"Teachings of Jesus".

The program throughout emphasizes the study of the Bible. The boys and girls learn how to find references in the Bible; they are given opportunity to read the actual text of the Bible; and they are expected to learn memory passages as they are found in the Bible. In addition, there are expressional activities each day centering about the Bible lessons they have learned in their Bible study hours.

A Parent's Night will be held at the close of the school to which all parents will be invited to come for a demonstration of the work accomplished and a presentation of the Bible materials covered and the Bible passages learned in the various departments of the Bible School.

All boys and girls not attending some other Vacation Bible School are cordially invited to attend.

LESSON—SERMON

Subject of the Lesson-Sermon: Is The Universe, Including Man, Evolved by Automatic Force? On: Sunday, June 24, Wilmington: First Church of Christ, Scientist, at 201 Van Buren Street, Morning Service 11:00 A. M., Sunday School 11:30 A. M., Wednesday evening Service 8:00 P. M.

U. S. Says Shortage Of Food Exaggerated

The Department of Agriculture in an official publication, said that "The many rumors you have heard about the acute food shortages have been exaggerated."

"Prospects are that food production in the United States in 1945 may not be as great as in 1944," the fortnightly inter-office magazine "U. S. D. A." declared. "In fact, it may be 5 or 10 per cent below 1944."

"Nevertheless," the publication continued, "U. S. Food supplies would still be 25 or 30 per cent above those of the five pre-war years."

Civilians Promised Slightly More Butter

Civilians can look forward today to slightly more butter but somewhat less cheese in the next three months.

The War Food Administration's third quarter dairy allocations gave civilians 7,000,000 pounds more butter than the 329,000,000 pounds consumed during April, May and June.

The cheese quota of 92,000,000 pounds will be 20,000,000 pounds shorter than during the current three-month period.

NEWS ABOUT LOCAL BOYS IN SERVICE

Petty Officer, William G. Schaen, has returned to New York after spending a seventeen day leave with his parents, Mr. and Mrs. George Schaen of 82 Kershaw Street.

Word has been received that Sergeant Ray Edmondson, U. S. M. C., has arrived safely overseas somewhere in the Pacific. His brother, Staff Sergeant, Wallace Edmondson, is stationed at St. Petersburg, Florida. They are the sons of Mr. and Mrs. Raymond Edmondson of Cleveland Avenue.

Lieutenant (j. g.) Robert P. Sheaffer has reported to San Francisco, California for reassignment after spending thirty days leave with his parents, Mr. and Mrs. C. Harold Sheaffer. He was aboard the U. S. S. Saratoga when it was bombed on February 21, just off Iwa Jima where they were giving the Marines support as they landed. Previous to this he had taken part in the Tokyo raid when they bombed Tokyo, Yokohama and Nagoya and at this time they were about 80 miles off the coast of Japan. Lieutenant Sheaffer is a pilot on a Hellcat, one of the Navy's fastest fighter planes.

Warren C. Lamborn A. M. M. Second Class has returned to California after spending a fourteen day leave with his mother, Mrs. E. B. Lamborn of Newark. He has just completed eighteen months duty on a carrier in the Pacific when he participated in six major engagements. He wears the American Defense Ribbon, two Bronze campaign stars on the Philippines Ribbon and four bronze stars on the Asiatic Pacific Ribbon.

He is a graduate of Newark High School and prior to his enlistment in the Navy in December of 1942, he was employed by the Continental Fibre Mill.

Mrs. Archie A. Bare of Blue Hen Farms has received word from her brother, Private First Class Clarence W. Lloyd, that he is now in the Philippines. This is the first word in five months and was at that time stationed in New Guinea. An older brother, Private First Class Charles E. Lloyd is somewhere in England and recently spent a few days on furlough in London.

Mrs. Helen G. Van Sant, Newark, and Miss Betty E. Potts of Elkton, Maryland are spending this week at Karanac Lodge, Delaware Water Gap, Pennsylvania.

Miss Dorothy Pierson of near Hockessin is spending two weeks with her cousins Misses Doris and Jean Pierson of near Newark.

Mr. Randolph Lindell who was a patient at the Wilmington General Hospital returned to his home last Sunday.

Mr. Randolph Lindell who was a patient at the Wilmington General Hospital returned to his home last Sunday.

Miss Helen G. Van Sant, Newark, and Miss Betty E. Potts of Elkton, Maryland are spending this week at Karanac Lodge, Delaware Water Gap, Pennsylvania.

Master David Otley of Nottingham Road has been ill with tonsillitis. He is the son of Mr. and Mrs. E. Orville Otley.

Misses Mary Elizabeth and Dorothy Daugherty were guests this past weekend of their parents, Dean and Mrs. J. Fenton Daugherty.

Miss Pauline Goodman, niece of Mr. and Mrs. Archie Bare of Blue Hen Farm left last week-end to spend a vacation with her family in Wagoner, North Carolina.

Miss Lois Mae Tomhave, a senior at the University of Delaware, was awarded the Pillsbury Home Economics Bookshelf for having the highest scholastic standing in the class of Home Economics.

Mrs. Clifford Moore who has been a patient for several weeks in the Wilmington General Hospital for an operation on her knees has returned to her home on Cleveland Avenue.

Mrs. R. T. Ware and daughter, Sue, of 20 Linden Street left Tuesday for a visit with Mrs. Ware's father, Mr. J. M. Cadle of Corbin, Kentucky.

Rev. and Mrs. Evan W. Renne of Nottingham Road are receiving congratulations on the birth of a daughter born June 17, at the Memorial Hospital, Wilmington.

Mrs. Embree S. Brown, Mrs. Stirling Brinkman and Mrs. Ella Cox all of Elkton Avenue are spending a vacation in the Great Smoky Mountains and Eastern Tenn. visiting relatives. They will also visit in Johnson City, Tenn.

Mr. and Mrs. J. Pearce Cann, Orchard Road, and grandchildren and Mrs. Charles B. Evans, left Wednesday for a two weeks visit at Flanders Hotel, Ocean City, New Jersey.

Mr. and Mrs. C. R. Van Sani of Elmhurst and Petty Officer Oliver F. Watkins were dinner guests on Sunday at the home of Mr. and Mrs. W. Ellis Brown, Appleton, Maryland.

Mr. and Mrs. J. P. Wright and Miss Edna Sampson left Tuesday for a short visit to Atlantic City, New Jersey.

Miss Helen G. Van Sant, Newark, and Miss Betty E. Potts of Elkton, Maryland are spending this week at Karanac Lodge, Delaware Water Gap, Pennsylvania.

Miss Dorothy Pierson of near Hockessin is spending two weeks with her cousins Misses Doris and Jean Pierson of near Newark.

Mr. Randolph Lindell who was a patient at the Wilmington General Hospital returned to his home last Sunday.

Morning Services At Head Of Christiana Church

Services will be held in the morning at the Head of Christiana Presbyterian Church on Sunday, June 24. Sunday School will begin at 10 o'clock and morning worship will be held at 11 o'clock.

Frank H. Butterworth will be in charge of the Sunday School with the lesson topic "The New Church in The Pagan World" to be discussed by various classes.

The pastor, Rev. Evan W. Renne, will deliver the sermon at the 11 o'clock service on the subject, "Our Unfailing Ally". The church choir will sing. All are welcome.

Two Stenographers Wanted For University ASTP Work

George C. Hedin of the U. S. Civil Service Commission announces that two Stenographers are needed by the Army Service Training Program at the University of Delaware. Applicants should apply to Woodrow Singles, Local Secretary of Civil Service Board in the Post Office at Newark for their written examination. The position requires experience in dictation and typing. All Federal workers have a forty-eight hour work week with overtime pay for the last eight hours.

After having completed their examination, applicants may contact the Representative of the Civil Service Commission at the U. S. E. S. office, 601 Shipley St., Wilmington, Delaware.

Sgt. S. E. Cole Cited With The Presidential Ribbon

A public relations release dated May 2, has just been received from Headquarters of the Third Armored Division in Germany stating that First Battalion Headquarters of the 36th Armored Infantry Regiment has announced that Staff Sergeant Samuel E. Cole, son of Mr. and Mrs. Tolbert A. Cole, 48 Choate Street, has been awarded the Presidential Citation Ribbon for outstanding service in combat against the enemy somewhere in Germany.

Atlantic City To Have Track Ready Next May

Racing at the Atlantic City track will start May 15, 1946, if necessary materials can be obtained by Sept. 1, John B. (Jack) Kelly, president of the Atlantic City Racing Association, said recently.

Grading and the removal of tree stumps has been under way for some time, he said, at the track situated 13 miles from Atlantic City in Hamilton township on the Black Horse Pike.

Contracts let thus far have amounted to about 20 per cent of the estimated cost of \$2,500,000, he disclosed, adding that nothing has been done regarding construction of the track itself or the clubhouse.

White Clay Creek Church Regular Services Sunday

The regular service of worship of the White Clay Creek Presbyterian Church will be held Sunday, June 24th at 11 a. m. The third message of the series of three on the subject of Prayer will be delivered by the minister, Hendrick A. Van Dyke. The title of this week's sermon will be "The Necessity of Prayer." The choir will provide music.

Sunday School meets at the regular hour of 10 a. m. This week will bring to a close the twelve week survey of the Scriptures. The title of this week's lesson will be "Trustees of the Promises."

A cordial invitation is extended to the members and friends of White Clay Creek Community to worship here regularly.

Mr. and Mrs. Norris C. See are receiving congratulations on the birth of a daughter, born June 18, in the Wilmington General Hospital.

Prof. A. E. Tomhave of 20 West Main Street is attending a meeting at the Regional Poultry Research Laboratory at Lansing, Michigan.

WareAbouts

With our wife gone to the hills for a couple of weeks, we're open for dinner engagements provided they're fashionably late — say about eight o'clock. That should give us time enough to get home from the days labor at Delaware Park.

Hot as it is, we kinda wish we could go to the hills or someplace a little cooler. We're afraid however that we'll eventually go to some place warmer.

The number of representative citizens and taxpayers present at the special School Board meeting last Friday night was one of the most wholesome and encouraging things we have heard of recently. It's definitely good that such interest was manifested. We only hope that this interest won't lag but that it will continue to be manifested at the regular monthly Board meetings.

While we're on the subject of 'boards' — the Court of Appeals of the Newark Town Council will sit at council offices Monday afternoon from 1 until 6 o'clock to hear appeals of taxpayers from 1945 assessments. Anyone not satisfied with their 1945 assessment should appear before this Court of Appeals and make their opinion known. That's what the Court of Appeals is for — so don't feel backward about going down and saying your piece.

Racing took a holiday in Delaware on Monday with no horses in action in this state. Saturday was also a 'dark' day at Delaware Park in deference to the star-studded program conducted at Pimlico where Polynesian again took the measure of our favorite Pavo, proving that his victory over the Jefferson's sprinter in the New York was no fluke.

The Delmarva Matinee Club furnished equine sport on Saturday with the years first appearance here of trotting and pacing horses on the Huber Track at the S. E. Dameron farm. Evidence of the appeal of harness racing was given by the approximately 2,000 who crowded the half-mile oval just outside of Newark to watch the events.

We're sure that we express the feeling of all local horse racing enthusiasts when we express our sincere regret at the death of Jockey Ray Fiochi, 18-year old Vineland, N. J. lad. Young Fiochi has been riding in the eastern circuit for the past several years and while not one of the more accomplished jockeys he was a good, clean, conscientious rider who always tried to do his best.

He died in the Delaware Hospital last week as a result of a severe brain concussion received when his mount, Strolling Don, fell and kicked him in the head during the running of the last race at Delaware Park on June 2. This was the first — and we hope the last — fatality at Delaware Park.

Notice where the mother of two children in Elkton was fined last week for letting the youngsters violate the Elkton curfew law and stay out after ten o'clock. There are instances where children should be permitted on the streets after ten o'clock, but in our opinion, they are few. Newark might do well to enact a similar ordinance — it certainly would tend to reduce some of the misadventures of youngsters in town who haven't any business on the streets alone anyhow at that time of night.

Sufficient publicity has undoubtedly been given the return of Newark's beloved "Iron Mike" who gained international fame and publicity for himself, his native town and his command by his efforts in the recent European conflict. We cannot refrain from a word of congratulations. While we have not the privilege of General O'Daniel's acquaintance, we are proud to live in the town he has served so admirably and extend a hearty "Well done and welcome home".

If you ever made a study of great men you'll notice that they don't try to be great all the time, but do a lot of coasting in between their 'greatnesses'.

The "Here's Your Infantry" show on Frazer Field Tuesday evening was exceptionally well put on with a good crowd in attendance to see the doughboys exhibit their death-dealing weapons used in modern warfare. Pouring rain, that commenced about 8 o'clock, failed to dampen the enthusiasm of either the performers or patrons.

Highlights of the show, in addition to the exhibitions, was the personal appearance of General O'Daniel who addressed the audience, urging their participation in the 7th War Loan and commending the infantry group staging the show.

Corporal John F. Trimble did a fine job of announcing the proceedings over the public address system despite difficulties encountered frequently with the sound equipment.

Philippine Medal To Pfc. Albert H. Bell

With the Second Engineer Special Brigade, Southern Luzon — For his part in the Philippine operations, Private First Class Albert H. Bell, has been awarded the Philippine Liberation Ribbon. Bell, whose mother Mrs. Myrtle Bell, lives at 39 Prospect Avenue, has also been presented the Bronze Arrowhead.

A member of the 502nd Engineer Boat and Shore Regiment, which has participated in thirty three combat landings in the Pacific theatre, Bell waded ashore on Luzon Island with mine detecting apparatus, and helped rid the beach of enemy mines, thus permitting the impatient tanks to rush southward toward Manila.

Arriving in Australia in February of 1943, Bell and his comrades helped train Australian forces for amphibious warfare. Bells' four stars on his Asiatic Ribbon denotes action in New Guinea, Bismarck Archipelago, and the Philippine operations.

RICH \$15,000 NEW CASTLE HANDICAP IS DAYS FEATURE EVENT AT DELAWARE PARK

Six Stake Events With Purses Totalling \$62,500 Added Left To Be Run During Remaining Eleven Days Of Summer Meeting

Delaware Park swung back into action Tuesday after two off-days, Saturday and Monday, with attendance and average daily wagering showing a slight increase for the first days of the week. Several horses that have been quartered at Delaware Park ran on the Preakness Day card at Pimlico Saturday with Rounders, an easy winner here earlier, coasting home three lengths ahead of He Rolls and Gay Bit in the Dixie Handicap. E. K. Bryson's Director J. E., also a winner at Delaware Park, accounted for the six furlong closing dash, beating Blue Wings and Sophocles, all of which have been in action at the Stanton oval.

Steeplechasing was inaugurated at Delaware Park Wednesday with the running of the Rose Tree Purse, a two-mile event over the jumps. The second of Delaware Park's rich stakes, the New Castle Handicap, \$15,000 added, will be run as the feature event this afternoon, with three-year olds and upwards fillies and mares competing over a one-mile and one-sixteenth course.

W. L. Brann's outstanding three-year old filly, Gallorette, winner over Reece and Be Faithful in the Pimlico Oaks, Saturday, will undoubtedly be favorite if she starts, which is problematical due to her heavy weight impost. Nancy's Ace, world record holder over six furlongs, trained by Hilton Dabson, I. Bleber's Beatie S and Moon Maiden, Brookmead Stable's Dare Me and Foxcatcher's Surosa are other eligibles that may furnish major competition in the New Castle.

Others comprising the field include Balu Empress, Nita Jean, Tintia, Hygro's Ginger, Snow Maid, Expression, Outlandish, Rampart, Letmenow, Laurentia, Guard Ship, Satin Nose, Blue Deck, Mrs. Ames, Leslie Grey, Miss War, Aunt Sis, Plucky Maud (winner here last year and C. V. Whitney's pair of Legend Bearer and Silver Smoke provided they make the trip down from Belmont where they have been in action.

With eleven more racing days before Delaware's thirty day summer meet is concluded with the July Fourth Holiday program, there are six more stake events on the program with purses totalling \$62,500 not including added money and additional war bond awards of fifty percent of each purse being contributed by the track. The six remaining stake events are:

Saturday June 22—The Sussex Handicap, \$15,000 added, for 3-year olds and upward over a mile and one quarter, Wednesday, June 27 — The Georgetown Steeplechase Handicap, \$10,000 added, for 4-year olds and upward over the two mile course, Thursday, June 28 — The Delaware Oaks, \$10,000 added, for 3-year old fillies at one mile and one furlong, Saturday, June 30 — The Dover Stakes, \$7,500, for 2-year olds, five and one-half furlongs, Tuesday, July 3 — The Indian River Steeplechase Handicap, \$10,000 added, for 4-year olds and upwards over two and one-half miles, Wednesday, July 4 — The Diamond State Stakes, \$10,000 added, for 3-year olds at one mile and one furlong.

LOCAL BOYS PROMOTED

Promotions have been received by two Newark boys, both foster sons of Mrs. Etta Wilson, 52 Kells Avenue. One lad is serving in the Navy and the other with the U. S. Army Air Forces.

Frank A. Dunn, known locally as 'Leon' Dunn, 18 years old, has been promoted to carpenter's mate third class in the Navy. Young Dunn enlisted in the Navy last June but was not called for service until he became eighteen in September. He received his basic training at Sampson Naval Training Station, Sampson, N. Y.

Paul Montague, turret gunner with the Air Force in England has just been promoted to Staff Sergeant. Sergeant Montague was reported missing in action on March 14 when his plane was shot down over Germany but with the aid of Polish and Russian troops he made his way safely back to England. He has been in the service for the past two years.

Election of Officers at Osceola Lodge No. 5, Knights of Pythias next Monday night.

Be Seen' You

Legion Game With Local Players Postponed Twice

Practice game between the Legion team and a group of local ball players, first scheduled for Monday night and because of rain and wet grounds postponed until the following evening, will not have been played in time for publication for this week's edition. When played, however, the result will be published as this is about the only practice sessions the Legion team has available which serves as good testing ground prior to their entrance into a league playing for the championship of the state. The first practice game played by the Legion and locals ended in a 3-2 defeat for the Legionnaires.

LAST MEETING PRIOR TO OPENING OF LEAGUE

Managers And Captains Urged To Attend Today

The Playground Baseball League, almost sure to get underway next week, will conclude its meetings prior to the beginning of play with a gathering of managers and captains of the various teams and those boys between the ages of 10 and 14 who are not yet connected with a team but who desire to play. The meeting will be held at the home of Mr. T. R. Silk, Haines and Lovett Avenue, this evening at 7:00 p. m.

The final entries will be gone over as well as those who are eligible, and the managers are requested to bring along a complete list of his players. Rules will be gone over and the schedule will be drawn up. If there are enough boys not attached with any team as yet, there is a possibility of having six teams comprising the league. Along with the list of names of players, the managers are also asked to have available the players' ages.

Mr. Joseph Bryan, head of the Rotary committee sponsoring the baseball league, and Mr. Silk will have charge of the meeting. The managers known so far are: Eugene Schen, Danny Hamilton, Don Truet, Art Mayer, and Charles Manning.

Retail Price Ceilings For Meat Are Listed

Three million leaflets listing retail price ceilings for meat in some independent stores will be distributed to shoppers throughout the country soon.

Announcing this Price Administrator Chester Bowles said the leaflets will provide the public with a "simple and powerful weapon to help us smash the black market in meat."

The booklets will list only the top prices which may be charged by independent stores with annual gross sales of less than \$250,000. These are the highest permitted for any store.

SEVERAL LOCAL BASEBALL PLAYERS PLAYING IN FAST AND ORGANIZED LEAGUES

Conway, Whiteman, And Gregg Playing In Susquehanna League; Silk, Schaen, And Davis In Pennsylvania - Maryland League

Six local baseball players, four of last season's high school players and two more experienced men are playing organized this summer in two separate leagues.

Six teams comprise each league with the Susquehanna League containing Chesapeake City, Rising Sun, Triex of Elkton, Darlington, Northeast, and Havre de Grace. Those in the Pennsylvania - Maryland League are Lewisville, Elkton, Foxcatchers, Landenberg, Hill, and Eastlake.

RED MEN'S ADOPTION

All-American Degree Given

The Improved Order of Red Men and Degree of Pochontas held an open air adoption last Saturday night, June 16, on the farm of Alfred Davidson, one mile South of the Black Cat tea room on duPont Highway. A class of 25 members from various Tribes of Wilmington and New Castle received the All-American Degree conferred by Manitou Tribe No. 18, under the direction of Alfred Porter of Wilmington. John K. Winters was in charge of the music and operated the public address system.

Ceremonies were begun with the Team being led into their positions by Norris Pratt as Color Bearer, accompanied by his 11 year old son, Lester, mascot from Minnehaha Tribe No. 23. Both were dressed in full sashem regalia of the Sioux Indians. Two hundred members and visitors from Maryland and Pennsylvania witnessed the ceremonies.

Sponsored by the State Propagation Committee, a meeting will be held in Wilmington in September while another in the future will be held in Newark on the lawn of the Red Men's Fraternal Home sponsored by Minnehaha Tribe No. 23 of Newark.

Tom Silk, third baseman and ball hitter with over a 300 batting average for the high school season, is playing in the infield for Lewisville of Penn-Mar League. Bob Gregg, caught for the school team this season, is alternating between the field and infield for Chesapeake City of the Susquehanna League while Whiteman, experienced ball player the past several years and who was in high school, is pitching on the team with Gregg and who last Sunday went nine innings to beat Havre de Grace, 5-1. Eugene Schen, stellar second baseman on last year's Championship Legion team and holding down the keystone sack of the present Legion team, will be playing his favorite position for the Elkton of the Penn-Mar League. This year Schaen held down the short position for the school squad at Conway, another player with considerable experience, is playing for Rising Sun in the Susquehanna League.

A couple of weeks ago he pitched a beat Chesapeake City by an 8-4 score. Brandon Davis, who pitched last year for the Yellowjackets, will be back for Elkton of the Penn-Mar League. Both Leagues are faster than high school ball but the Susquehanna League is the faster of the two. Results of the games these fellows are known, their success — or failure — although we're sure they will win out fine, will be made known week to week. Of course, when the respective teams face each other and a case of local vs. local, there may be some mishap, but we hope for the best.

MILK VALUE
CITED FOR
MANY USESJune Being
Observed As
Dairy Month

During June, National Dairy Month, we will for us to refresh our minds on the value of milk from the nutritional standpoint as well as the importance of the dairy industry to the welfare of our country.

The value of milk and milk products is recognized now. But the importance of milk as a source of excellent food has perhaps not been emphasized enough, says Miss Pearl McDonald, Extension Service.

However, with meat and even chicken at present in short supply, milk can be used in many ways — to make the casein or curd part of the diet, as one of the best proteins. Milk is milder in flavor than meat and fish, but the protein in milk is as good a job of keeping the body and other tissues in repair.

Milk can be used in many ways — to make breakfast cereals and in yeast bread and quick breads or in cream of vegetable soups, in creamed vegetable dishes.

These days of many food shortages, it is sometimes difficult to provide a balanced meal. However, a liberal use of milk will help to make good use of minerals, vitamins and proteins in the diet and if to this liberal use we add an abundant supply of vegetables, with emphasis upon green leafy and leafy vegetables, and yellow and orange, we will be fairly sure of nutritional protection, says Miss McDonald.

For this reason every effort should be made to maintain the dairy industry in Delaware. It not only is an extremely important factor in maintaining good nutrition for our people, it is also important to the economic welfare of the State.

100 File Quarterly
Income Tax Payments

More than 8,000 persons have filed their federal quarterly estimated income return payments at the Delaware district office, Bureau of Internal Revenue, Postoffice Building, Norman collector, said this week. The returns totalled approximately \$1,000,000, Mr. Collison disclosed. The office was heavy at the last minute, as many persons mailed returns before the deadline.

Why the Biggest Job in town carries no pay!

WHAT is the biggest job in your town—in anybody's town, between May 14th and June 30th?

It's that of the man or woman who will ask you to buy extra War Bonds in the 7th War Loan.

It carries no pay because the people who are doing this work are good Americans. In addition to buying extra Bonds themselves, they're willing to give their time to a job that's as important as anything outside the battle lines.

It's important—and it's big. Making our quotas in the 7th War Loan is a man-sized job for everybody.

Uncle Sam needs 7 billion dollars from individual Americans in the 7th! That's a bigger quota than ever before. It's bigger because this is really 2 loans in 1—last year, by this time, we had bought Bonds in 2 Loans instead of one.

And it's bigger because the need is bigger. We're building up a whole new air force, with new jet-propelled planes and even bigger bombers. We're building more tanks, mortars, and everything for the increasingly bitter struggle with Japan. And we're paying the

mounting cost of victory—taking care of wounded men who are arriving in this country by thousands every month.

So—be ready when one of these War Bond workers comes to you. Open your door, your heart, your purse—for the 7th War Loan.

Help America to make its quota—by making yours!

FIND YOUR QUOTA...AND MAKE IT!		
If your average wage per month is:	Your personal War Bond quota is: (cash value)	Maturity value of 7th War Loan bonds bought
\$250	\$187.50	\$250
225-250	150.00	200
210-225	131.25	175
200-210	112.50	150
180-200	93.75	125
140-180	75.00	100
100-140	37.50	50
Under \$100	18.75	25

All Out for the mighty 7th War Loan!

This is an official U. S. Treasury advertisement—prepared under auspices of Treasury Department and War Advertising Council.

CRAWFORD APPOINTED NEW DEAN OF WOMEN

Virginia U. Graduate To Take Post On August 1st

The appointment of Dr. Gwendolyn S. Crawford as Dean of Women at the University of Delaware was announced Monday by Dr. W. Owen Sypher, acting President. Miss Crawford is a graduate of Wilson College, magna cum laude, and received the degrees of Master of Arts and Doctor of Philosophy at the University of Virginia, majoring in Economics. She has taught Economics both at the University of Virginia and at Wilson College, where she is now serving as student adviser about curricula and extra-curricular life.

Miss Crawford comes to Delaware recommended by officers and faculty members of both Wilson College and the University of Virginia, including President Paul Swain Havens, of Wilson, Professor George T. Starnes, of Virginia, under whom she did her graduate work, the Dean of Women at Virginia, and Dr. T. R. Snavely, Chairman of the James Wilson School of Commerce at Virginia. In her visits to the campus at the University of Delaware, Miss Crawford made a favorable impression upon faculty, alumnae, and students.

Dr. Sypher stated that in seeking a person to fill the position of Dean of Women, the Trustees of the University looked for a comparatively young woman who had worked in a Department of Study but who had some administrative experience and who could therefore shift from teaching to administration. In addition to serving as general counselor for women, the Dean will be adviser to the academic deans and directors of Divisions as to programs of study of individual women, as well as advisory officer for women in connection with Placement Bureau. She will also act as chairman ex officio of the Advisory Committee on the Education of Women, which was appointed by Hon. Hugh M. Morris, President of the Board of Trustees of the University. This committee represents various phases of women's activities in Delaware and is composed at the present time of Mrs. J. P. Patonovic and Mrs. Robert O. Bausman representing the alumnae of the University, Mrs. George W. Rigby representing the American Association of University Women, Mrs. Clarence Fraim representing the State Federation of Women's Clubs, and Mrs. Norman C. Hedges representing the State Granges. An organization meeting of this committee will await the coming to the campus of the newly-appointed Dean.

Miss Crawford will assume the duties of the position of Dean of Women about August first.

HAY SHOULD BE CUT NOW

Early Cutting Saves Protein

It's time to cut red clover and timothy hay, advises Claude E. Phillips, Forage Crop Specialist of the Delaware Agricultural Extension Service.

"For years, I have observed," says Mr. Phillips, "that many farmers postpone their haying operations until all other work is caught up. This practice is of doubtful economy, even in current labor shortage, particularly for dairy farmers. Analyses have shown that the protein content of both clover and timothy decreases rapidly after full bloom and hay made much after this stage is of low quality."

"For most economic production of milk," continues Phillips, "it is essential that dairymen have a generous supply of good legume hay, high in protein. Clover and timothy hay is excellent for dairy cattle if cut at the right stage but if allowed to go to the seed stage before cutting the hay is but little better feed than straw and fodder. So cut it now and remember that 60 to 75 per cent of the protein is in the leaves. If these are not to be lost by shattering the hay must be cured quickly and put in the barn with just as little handling as possible. If this is done dairymen will be assured of high quality hay for next winter."

Closing Exercises Of Daily Vacation Bible School

The closing exercises of the Bible Presbyterian Daily Vacation Bible School will be held on Friday evening at 7:30 p. m. in the Red Men's Fraternal Home, corner of S. College Avenue and W. Park Place. The school has enrolled over 70 students to whom the course has proved very interesting.

Regular services will be held on Sunday morning, June 24, at 10:00 a. m. The Sunday School hour will convene under the direction of Mr. H. Floyd Yarnall, supt. At the morning worship service, the Sacrament of the Lord's Supper will be celebrated, after an appropriate communion meditation by the pastor. Also at this service will be the ordination and installation of newly elected Elders and Deacons. The Elders are Mr. George J. Groh and Mr. H. Floyd Yarnall, and the Deacons are Mr. Harry Beers, and Mr. Gustavus Blackson, Mr. August Folvonnin and Mr. Clarence Smith.

In preparation for the communion service a special service will be held on Thursday night at 8:00 p. m. The service will be held at the Red Men's Home.

Iron Mike

Continued from Page 1

J. Wilson, on East Main Street. "Iron Mike," as he is known throughout the AEF, returned with a brilliant record of achievement. After landing in England, almost three years ago to the day, he was assigned to the Allied Force headquarters, European Theatre of Operations. He was placed in command of the American Invasion Training Center in the British Isles, and led one of the units of the Eastern Task Force in the invasion of North Africa. His leadership in the capture of Algiers won for him promotion from Colonel to Brigadier General. In December 1942, he was attached to the Fifth Army Headquarters and organized the Fifth Army Invasion Training Center which prepared the army for the invasion of Italy. In November 1943, he was named Deputy Commander, Third Infantry Division, in the North African Theatre of Operations. Following the Battle of Salerno, he received his second star and was placed in command of the Division. When the Seventh Army was organized for the invasion of Southern France, General O'Daniel was first immersed in the training program and later directed operations in the second D-Day landings between Marseilles and Nice.

Then followed the Seventh Army through France, when the armies raced on, liberating town after town. During this campaign, General O'Daniel was awarded the Third Degree Legion of Honor and the Croix de Guerre and palm and at the same time General de Gaulle conferred upon the entire division the French army Croix de Guerre. In March of this year, the Third Division spearheaded the crash into the Siegfried Line. They ripped a 1600 yard gap through the first two rows of the "dragon's teeth," the four foot concrete pillars built by the Germans to impede the tanks. The infantry attack had been preceded by a three and a half hour artillery preparation, in which hundreds of guns were employed.

ed. The first three hours were devoted to spaced harrasing fire, but in the half hour after that cannoners threw everything as fast as they could recording more than 15000 rounds in thirty minutes. The Third later swept on to Zweibrücken, Schweinfurt and Nurnberg. It played a large part in the capture of Nurnberg. It advanced 90 miles in 36 hours to capture Salzburg and Berchtesgaden where the men of the Third raised the American Flag. Previously, they had captured Augsburg, and was the first division to reach Munich. During a period of nine days, while the men were undergoing a brief respite from combat, 1553 medals, or one for every ten in the division, were awarded for outstanding services. On March 6th, according to a Washington news release, the Third Division held approximately one-third of all the Congressional Medals of Honor awarded to Infantrymen in this war. Among Congressional medal of honor winners, in the Third, was Sergeant James P. Connors, of Wilmington. General O'Daniel has recently been decorated by the Russian and Italian Governments.

John W. O'Daniel was born in Newark. He attended Delaware College and has been awarded the Bachelor of Arts degree by the University of Delaware. He served as corporal and sergeant in the First Infantry, Delaware National Guard from July 19, 1916, to February 5, 1917, during the Mexican Border crisis, and was honorably discharged on February 15, 1917. He was commissioned a second lieutenant of infantry in the Regular Army on Oct. 26, 1917. He served with the 11th Infantry, Camp Forrest, Tennessee. He went overseas with his regiment to serve with the American Expeditionary Forces in France, from April 7 to December 21, 1918. During the period between the two World Wars he attended the various schools for officers; also held numerous administrative posts, organizing training centers for officers and acting as instructor. From December 10, 1941, to June 6, 1942, he was assistant chief of staff, G-3, Plans and Training Officer, of the Third Army and Director of Junior Officers Training Center, San Antonio, Texas. He was then assigned to headquarters, Amphibious Training Headquarters, European Theatre of Operations. He is recognized as a foremost authority in every phase of Infantry operations.

ed. The first three hours were devoted to spaced harrasing fire, but in the half hour after that cannoners threw everything as fast as they could recording more than 15000 rounds in thirty minutes. The Third later swept on to Zweibrücken, Schweinfurt and Nurnberg. It played a large part in the capture of Nurnberg. OLDER YOUTHS ORGANIZE

Group Seeks Educational Development

About sixty older youths of New Castle met at the St. Georges School last week to discuss possibilities of a countywide organization for their own educational and social development. Ed Altan, Eastern States Supervisor, from Washington, led the discussion.

The following officers were elected to serve until September when the annual election will be held. Norman Collins, Middletown, president; Thomas Ware, Farnhurst, vice-president; Hannah Mitchell, Hockessin, secretary; Frederick Heinold, Townsend, Treasurer.

Young men and women, married or single, between the ages of 18 to 35 years are eligible for membership. Former 4-H membership qualifications are not necessary. The group plans educational and social functions through which they hope to develop more friends. Membership is open to all those interested in rural life and is sponsored by the New Castle County Extension Service.

Mrs. Fred Cooper, of Newark, led those present in folk games at the conclusion of last week's meeting.
