NUMBER 8

Town Election to be held April 5th

No Contests to Date

President and Six Councilmen to be Chosen

A town election will take place on Tuesday, April 12, in the Council room of the town building, between the hours of one and five p.m. The following officers will be elected:

President of Council, to serve for two years.

One Councilman for the Western District; term, 2 years.

One Councilman, Eastern District; term, 2 years.

Two Councilmen, Middle District; one for two years, and one for 1 year to fill unexpired term of Dr. George W. Rhodes who has moved out of the District.

NEW FIRE ENGINE TO BE SHIPPED NEXT WEEK

A letter was received yesterday by Fire Chief E. C. Wilson stating that the handsome new Stutz quadruple fire engine recently purchased by the Aetna Company, will be shipped on April 4. An operator will be sent to demonstrate and to enable the local company to give the machine a thorough testing before it is accepted. Should it prove satisfactory it will doubtless be housed with appropriate ceremony.

GRAND CASTLE TO MEET AT ROXANA

The Grand Castle, Knights of the Golden Eagle will meet this year at Roxana, Delaware, on Monday, April 4th. A large delegation from the local eyrie, Ivy Castle, No. 23, expects to attend. All past chiefs are invited and will no doubt be present.

DELEGATES TO STATE FEDERATION ELECTED YESTERDAY

Play Recital Instead of Regular Meeting Next Week

At a meeting of the New Century Club on last Tuesday afternoon Mrs. Peach gave an interesting portrayal of the characteristics of the early settlers of New England, and their influence on our present American life. She also described a number of places associated with the early history of New England.

At this meeting business of interest to all club members was transacted. Officers for the ensuing year were nominated. The election of officers will take place on April 19th. Delegates were elected to represent the club at the State Federation meeting to be held May 5th, at Smyrna.

Miss Grace Sage's Play Recital on the evening of April 5th will take the place of the regular club meeting for that week.

On April 12th, three directors of the Corporation are to be elected.

The president, at the meeting on Tuesday requested that on April 19th the chairman of each committee should present a written report of her committee's work for the year.

Miss Grace Sage will present "The Country Cousin" by Booth Tarkington on Tuesday evening, April 5th, in the New Century Club House. Miss Sage offers an exceptional entertainment. The musical program will include:

1. Instrumental Solo, Mrs. W. E. Holton.

2. Vocal Trio, Miss Cann, Miss Rohr, Miss Wilcox.

3. Vocal Duet, Mrs. J. P. Cann, Miss Rohr.

4. Instrumental Duet, Mrs. Dutton, Mrs. Foster.

Coffee, ice cream, cake and candy made by expert cooks, will be on sale.

W. C. T. U. TO MEET THURSDAY

The local branch of the W. C. T. U. will meet tomorrow afternoon at 2 o'clock, at the residence of Mrs. Clara Nickerson, East Main Street.

PRESIDENT OF STATE BOARD WILL NOT RESIGN

Is Unwilling to Embarrass School Situation at Critical Time

George B. Miller, President of the State Board of Education, will remain with the Board until the end of the fiscal year, July 1st.

Mr. Miller some weeks ago in commenting on proposed school legislation said that it would be impossible for him to serve of the so-called Citizens' law was passed. While the present bill which passed at the closing hours of the session provides for an appointive instead of an elective board, and separates the tax feature from the Administrative provisions, the fundamental principles are reported to be about the same as was in the so-called Citizens' bill. But Mr. Miller does not think he should in any wise embarrass the school situation during the present school year, so he will remain until July 1st.

A meeting of the State Board, he said, will probably be called early next week.

On being asked for comments on the present bill, Mr. Miller said that he had not been able at this time to read it, therefore could say nothing from first hand knowledge.

FORMER NEWARKER DIES SUDDENLY IN PHILADELPHIA

Mrs. Eleanor Armstrong Douglas, who has many relatives and friends in this vicinity, died suddenly in Philadelphia last Thursday. Interment was made yesterday at White Clay Creek cemetery. Mrs. Douglas was the daughter of Edward and Mary Armstrong who lived in Newark for many years.

QUEEN ESTHER CIRCLE TO MEET SATURDAY

The regular monthly meeting of the Queen Esther Circle will be held at the home of Miss Dorothy Hoffecker next Saturday afternoon at 3 o'clock.

MOVES TO NEW HOME

Dr. Bayard Murray moved on Thursday from his stock farm south of Newark, recently sold to Smith Brothers, of New York, to the McLoughlin property west of Newark, recently purchased by him.

Mrs. Ruth Steele, widow of George Steele, will return to Newark this week. During the latter months she has made her home with the family of Ed Steele at Head of Christians.

BASEBALL PRACTICE AT HIGH SCHOOL GOING WELL

The unusually open weather has made it possible for the High School team to get under way at an early date this season. There is enough material in the large squad which has been reporting daily to build up a team which will compare favorably with all secondary school teams in the section. Hoffecker will be missed in the pitching staff, but several candidates for his position look good.

With this one exception last year's team remains intact.

It is expected that Newark will put up strong competition for the silk banner offered by the State Interscholastic Athletic Association in baseball. A strong fight was made for the basketball banner but that was won by Dover High, however the football banner was won by N. H. S.

Manager LeRoy Crompton announces the following as the baseball schedule to date:

April 1—Calvert, at Newark.

April 8—Goldey, at Wilmington.

April 15—Wilmington, at Wilmington.

April 19—Goldey, at Newark.

April 22—DuPont, at Wilmington.

April 29—Middletown, at Middletown.

May 6—W. C. I., at Newark.

May 13—DuPont, at Newark.

May 20—W. C. I., at Dover.

May 24—Middletown, at Newark.

May 27th and June 3rd reserved for County and State Championship games.

SUMMARY OF NEW SCHOOL LAW

MANY CHANGES PROVIDED—SEVERAL OFFICES ABOLISHED AND OTHERS CREATED

VARIOUS INTERPRETATIONS OF LAW GIVEN

School Law provides for State Board of 4 Members and State Superintendent.

Abolishes County Boards and Superintendents.

Reduces number of school days.

Does away with transportation.

Increases powers and duties of State Board.

Creates State Tax Commission with Deputies.

Reduces Taxes on Real Estate.

Income and Corporation tax features for School Revenue.

What is the new School Law is a question heard on every side. Only the most vague and contradictory reports have been given out. No one's fault except no one knows just what is in it. Inquiries from men who worked for it, doggedly or enthusiastically, bring no results. They don't know. Men who voted for it contradict one another on its provisions.

Not until late last night was a copy available to The Post or any of its representatives. A nasty summarization is given below that our readers may be a bit familiar with some of its provisions. A more extended and careful review will be given later.

To take effect—July 1st, 1921.—An Act to provide for establishment and maintenance of a general and efficient system of free public schools.

Board—4 members—term 5 years—appointed by Governor—not more than two of same political party. Must have been a resident of State for 5 years.

Compensation—\$25 per day for each day's attendance at Board meetings. Traveling and other necessary expenses.

Offices—at Dover.

LOCAL LODGES ELECT OFFICERS THIS WEEK

Red Men and Odd Fellows Prepare for Year's Activities

At a regular council meeting of Minnehaha Tribe, No. 23, Imp. O. R. M., held on Tuesday evening, March 29th, the following named Chiefs were elected as officers for the ensuing term commencing April 1:

Prophet, Thomas A. Mullin; Sachem, William S. Armstrong; Senior Sagamore, J. Wesley Keith; Junior Sagamore, John Fossett; Chief of Records, Frank C. Jester; Collector of Wampum, Frank M. Smith; Keeper of Wampum, Clarence P. Denney.

Minnehaha Tribe was instituted April 8th, 1885, and the Tribe will celebrate its thirty-sixth anniversary by visiting the Red Men's Fraternal Home, on Sunday afternoon, April 10th. Only two of the original charter member, Thomas A. Mullin and John Frick, survive. Oriental Lodge No. 12, I. O. O. F. will hold election of officers tomorrow evening.

AETNA FIRE COMPANY HAS BUSY WEEK

Responds to Three Calls and Does Good Work in Saving Property

The unusual record of three fires within a week has provided considerable excitement for the townsfolk and has added much to the glory already achieved by the Aetna Fire Company, whose excellent work this week has been the subject of much favorable comment.

A destructive fire supposed to have been caused by a defective oil stove, almost completely destroyed the building on East Main Street, owned and occupied by Mancill Tweed and by the Bon Ton Hat Shop, last Friday evening. The blaze originated in the rooms occupied by the latter and had gained considerable headway in the inflammable millinery material before it was discovered.

An alarm was speedily sent in and the Aetna Company by prompt action kept the fire within the bounds of this building and prevented its spread to the adjoining properties.

The house was completely gutted only a charred shell remaining. The loss on the property is estimated at more than \$3000, while the insurance is only \$1200. The millinery stock was entirely destroyed together with about \$30 in money. The stock it is understood is covered by insurance. Miss Melson who was at the shop when the fire broke out, was completely unnerved. She was removed to her home in Middletown on Saturday.

On Monday a chimney at the home of David Boyle in West Newark caught fire. The blaze was extinguished before much damage was done.

Yesterday morning an alarm was sent in from the residence of Gussie Sullivan in the row of houses owned by Dr. Walt H. Steel. The damage here was also slight.

LAST OF ARTIST SERIES TO BE GIVEN SATURDAY NIGHT

The Song Recital by John Barnes Wells, which was postponed because of illness, will take place this Saturday night, April 2nd, at 8 p. m., in Wolf Hall.

WOMEN'S COLLEGE FACULTY MEMBERS STAR IN DRAMATICS

Last Wednesday evening the faculty at Women's College produced before the student body a playlet written by Miss Agnes Snyder. As in previous productions, much dramatic talent was revealed. Dean Winifred J. Robinson made a decided hit in the role of the instructor.

Methodist Church has Record Year

Pastor at Conference

Report Will Show Heavy Increase in Membership and Benevolences

As the result of the evangelistic services held during the past week at the Methodist Church 41 persons were received into membership last Sunday morning. In addition to these 4 were received by letter; 50 others have joined during the year, making the total more than 90 for the conference year just closed.

The pastor, Rev. Frank Herson, goes to conference therefore with a record of remarkable achievement.

The offering for benevolences this year totals \$2600, in striking contrast to that at the beginning of Mr. Herson's pastorate three years ago when the sum given for this purpose was about \$530. The pastor's salary has also been increased from \$1200 to \$2400. Upon the pastor's return from conference it is expected that an additional increase will be granted and that an automobile will be furnished. A flattering offer was tendered Mr. Herson this year by a prominent Wilmington church. He chose, however, to accept the unanimous call of the Newark church.

Local Preacher to Conduct Sunday Service

The services next Sunday will be under the direction of E. C. Van Keuren who was recently licensed a local preacher. Mr. Van Keuren is a member of the faculty at Delaware College. Previous to his accepting this position he held several charges in the Methodist church.

Mrs. Van Keuren was soloist at the Easter service last Sunday.

The sermon at the morning service was "What the Women Found at the Tomb." The title of the evening sermon was "The Complaining Christ."

VESTRYMEN AT ST. THOMAS' CHURCH ELECT RECTOR

Rev. Edgar Jones of St. John's Newfoundland, Chosen at Meeting Monday

Following a congregational meeting held last Monday at St. Thomas' Church, the vestry unanimously elected Rev. Edgar Jones of St. Thomas' Parish, Newfoundland, to the vacant pastorate of the church.

Mr. Jones was recommended by Bishop Philip Cook, who is personally acquainted with him, as an able pulpit orator and a rector who will satisfy the requirements of the local parish. According to a letter received from Bishop Cook relative to the successful candidate, and read by Dr. George A. Harter, junior warden, Mr. Jones is about 45 years old and married. He has labored with conspicuous success in the Northwest and in the parish now under his charge. His willingness to accept a parish in the United States is ascribed to the fact that his wife is a native of New York State who is anxious to return to the homeland.

During the course of the congregational meeting there was free discussion of the situation caused by the resignation of Rev. Walter Haupt and the necessity of immediate action was urged by prominent members of the congregation. A motion unanimously adopted, recommended to the vestry, the election of Mr. Jones. This body thereupon went into immediate session and carried out the wish of the people.

Dr. Harter was delegated to notify Bishop Cook, and Mr. Jones will be apprised of the action of the vestry immediately. He is expected to assume charge of parish affairs within the next few weeks.

The vestrymen present at the meeting were Dr. George A. Harter, D. Lee Rose, Levi K. Bowen, George Dobson, Charles Colmery, George Carter, and William D. Dean.

Our Country's Future

From the A. C. L., Peabody, Mass.

I want to see my country the first of all the earth—
A land where genius may glow wherever it has birth,
A land of sturdy manhood, a land of women fair,
Where opportunity's a job which every man may share.

I want to see my country supreme on land and sea,
An inspiration and a guide to all who would be free;
America an honest land, a happy land and true,
The guardian of a glorious past, the seeker of the new.

I know my country's courage can blaze the paths afar,
And carry hope to faltering hearts, no matter where they are;
I know her genius can shed its rays from pole to pole
And build of her a nation strong, a nation with a soul.

Beyond the horizon of time her rising glories glow,
A promise of the splendors that her future shall bestow;
Great wisdom shall be cradled here, with each succeeding age
Great men shall rise to write their fame on history's shining page.

I want to see my country grow greater with the years,
With more that makes for laughter and less that brings the tears;
America the free land, the land of mirth and song,
Too great to do a selfish deed, too big to shield a wrong!

For The Homemaker's Eye

To Mash Potatoes

Let them be thoroughly boiled; peel them, and take out all the specks and little hard lumps which are sometimes found. Beat them till quite fine in a wooden bowl or mortar, or break them thoroughly with a three-pronged fork; sprinkle a little salt, and mix them up smoothly with butter or boiling milk. Take care that the potatoes shall not be too wet, or they will become heavy and watery; great smoothness, lightness, and a rich taste are required in mashed potatoes; if required to be very fine, rub them through a colander or sieve before adding the boiling milk and butter.

Baked Bean and Onion Soup

When baked beans are left over from a previous meal they may be utilized in the making of a delicious soup. Put two cupfuls of the cooked beans into a saucepan, half a can of tomatoes, half a tablespoonful of sugar, one sliced Bermuda onion, two cloves and an inch of stick cinnamon. Cover with five cupfuls of cold water, add a handful of chopped celery tops and bring slowly to the boil. Cook until the beans are mushy and pass through a puree sieve. Thicken with a roux made from three tablespoonsfuls of flour blended with two tablespoonsfuls of melted bacon fat and stir constantly until the soup is thickened and very smooth. Season with salt and paprika to taste and serve with croutons.

Bread Jelly

Turn into a saucepan two cupfuls of broken bits of bread (different varieties are excellent), add two and a half cupfuls of boiling milk, half a teaspoonful of salt and simmer for twenty minutes, beating occasionally with a wire whisk. Then remove from the fire, add a quarter of a cupful of sugar, the juice and grated rind of half a lemon, a light dusting of grated nutmeg and half a cupful of chopped dates and seeded raisins. Mix well and pour into an ornamental mold. Chill on the ice before serving.

Vegetable Salad

Take cold boiled potatoes, slice half an inch or little less, then cut into very even dice about the size of a large pea. Boiled cold beats cut up and diced the same size. Cold cooked peas, also a little carrot cut as potato. The beauty of this salad is the neatness and precision in which the vegetables are prepared. Marinate in a good French dressing made of vinegar, oil, mustard, pepper, salt and a dash of paprika, for two or three hours in a cold place, mound carefully on serving dish, mask with boiled dressing or mayonnaise; garnish with ribboned or shredded lettuce.

Delicious Apple Omelets

To make two large omelets take the yolks of eight fresh eggs and beat very light with four ounces of powdered sugar and grated yellow from half a lemon rind. Add a pound of fine sifted flour, alternately with the whites of the eggs beaten to a stiff white froth. Mix well but lightly and then fold

in a cup of whipped cream. Bake in two large flat omelets in a moderately hot oven for five minutes, then carefully spread with rich, thick apple sauce; roll each omelet up and place them both on a heated platter, side by side; sprinkle with powdered sugar and slip in the broiling oven of your gas range for a few seconds, turning the flame down quite low. Serve at once.

Apple Roly Poly

Make the crust in the usual way, then spread it over with two cups firm smooth apple sauce to which add half cup of finely chopped or ground nut meats, half cup finely chopped raisins and a heaping tablespoon of preserved ginger chopped fine. Roll and put in floured cloth and boil or steam one hour. Any well-made pudding sauce may be used with pudding.

Sandwich Pudding

Mix a full half cup of soft butter with a pint of dry crumbs. Pare, core and slice six large apples. Put a layer of the crumbs in a buttered baking dish, lay over slices of the apple that have been dipped in cinnamon and sugar. Continue until dish is full then bake until the apples are soft. Turn over a small glass of apple jelly and put a meringue on top. Serve hot or cold.

BLUE BREAKS THROUGH THE GRAY

Thy sky may be grim and overcast,

And dull gray clouds hang low,
And stout trees bend before the blast

That test their fiber so;
And our feet may heavily go
Along a darkened way,
But oh, the change, so sweet, so strange,
When the blue breaks through the gray!

Such a wonderful, radiant gem-like gleam—

It seems that we never knew,
When sunshine poured in a golden stream.

How lovely is heaven's own blue!

Again from our wistful view
The clouds may hide its ray,

But steadfast and fair we know 'tis there
When the blue breaks through the gray!

Gone to "See" His Wife

The wife of a man who had enlisted in the navy handed the pastor of a church the following note:

"Peter Bowers having gone to sea, his wife desires the prayers of the congregation for his safety."

The minister glanced over it hurriedly and announced:

"Peter Bowers, having gone to see his wife, desires the prayers of the congregation for his safety."

The Call of Spring

Thou wak'st again, O Earth
From winter's sleep!—
Bursting with voice of mirth
From icy keep;

And laughing at the Sun,
Who hath their freedom won,
Thy waters leap!

BUSINESS SAFE

Business is coming back. An American cannot be a Pessimist unless he admits his ignorance of just what America is and has. A well informed American is an Optimist because of Facts.

The United States is the most productive country on earth. It leads all the rest of the globe in yields of the mine, the soil and the factory. This is not an idle boast of the campaign orator but a scientific-business fact. Judge Gary of the U. S. Steel Corporation presented this fact that is both surprising and impressive. Speaking before the Iron and Steel Institute, he said:

"Notwithstanding the United States has only 6 per cent of the world's population, and but 7 per cent of the world's land, we produce:
"20 per cent of the world's supply of gold.
"25 per cent of the world's supply of wheat.
"40 per cent of the world's supply of iron and steel.
"40 per cent of the world's supply of lead.
"40 per cent of the world's supply of silver.
"50 per cent of the world's supply of zinc.
"52 per cent of the world's supply of coal.
"60 per cent of the world's supply of aluminum.
"60 per cent of the world's supply of copper.
"60 per cent of the world's supply of cotton.
"66 per cent of the world's supply of oil.
"75 per cent of the world's supply of corn.
"85 per cent of the world's supply of automobiles."

In face of a marvelous showing like that, who can for a moment doubt the future prosperity of this country?

COMMENDS WORK OF FEDERAL BOARD STUDENTS

University of Wisconsin Reports Excellent Progress of Ex-Soldiers

The high grade of college work done by the 234 disabled soldiers who are now enrolled in the University of Wisconsin, under the auspices of the Federal Board for Vocational Education, is praised by Dean J. Phillips, assistant dean of the College of Engineering, who acts as their counselor, in a report recently prepared upon the university's work of training wounded men.

Additional revenue may be raised by any school district by levying an additional rate on real and personal property with the assent of the majority of voters in the district at a special election. Special districts may bond for permanent improvements up to 5 per cent of the assessed value with the assent of the majority of voters at a special election.

For Collection of School Taxes

Beginning November 1, 1921—a State School Tax Commission composed of Secretary of State, State Auditor and Special Tax Commissioner appointed by State Board for 4 years, salary \$4,000, with two deputies, \$3,000 each.

Duties

1. To administer and collect the personal income tax;
 2. To administer and collect the corporation tax.
 3. To administer and collect the Franchise taxes provided for in Article 8, Chap. 6, of Rev. Code.
- Note—After Nov. 1, 1921, when the new law is fully in force, the 1917 Income Tax Law, as amended in 1919, is repealed.
- There shall be available for school purposes:
1. Income Tax
(Beginning with year 1922.)
(a) 1% on net income not in excess of \$3,000;
(b) 2% on net income over \$3,000 and not in excess of \$10,000;
(c) 3% on income over \$10,000.
 - Exemptions — \$1,000—Single person. \$2,000—Married person. Losses not compensated by insurance. Insurance paid to individual beneficiaries, etc.

2. Corporation Tax
For the privilege of exercising its franchise in this State, any corporation doing business in the State—except those exempted—pays tax at 2½ mills on each dollar of actual value of that portion of its capital (including surplus or undivided profits) used and invested in this State during the preceding year.

CENTENARY MOVE- MENT REVOLU- TION- IZES CHURCH GIVING

Stewardship Principle Suggests Definite Proportion of Income

"We will now receive the usual offering," is as far as some

pastors and churches ever get in the great modern program of winning a distracted world to health, happiness and God," said Dr. Luther E. Lovejoy of Chicago, General Stewardship Secretary of the Committee on Conservation and Advance, at the Methodist Episcopal Church recently. "Had America responded with 'the usual offering' four years ago, when President Wilson called for sons, daughters and contributions, we should now be the abject servants of an arrogant 'war lord.' It was the unparalleled offering of a unanimous citizenship which saved civilization, and only a new and unusual citizenship of the Christian Discipleship will save the world.

"The remarkable Centenary achievement of the Methodist Church was made possible only by the principle of Christian Stewardship. This principle suggests, among other things, that every Christian set aside a definite proportion of his income, usually not less than a tenth, for benevolent purposes, including the local church and its foreign and home missionary enterprises. The Centenary offering of \$106,600,000 totalled seven times the former average annual giving to benevolent causes, and it is believed that at least forty per cent of this offering was due less to the great financial drive than to the silent influence of Christian steward-

ship. One New England pastor reports that his Sunday School collections have increased from an average of one cent to an average of twenty-five cents per scholar. While another minister reports the benevolent offerings of his church multiplied ten-fold.

"If every Methodist were giving a tenth of his income to the church we should have for religious purposes at least five times the amount we have today. America alone owns a quarter of the world's wealth. Government reports show that Methodist people receive an annual income of at least \$2,000,000,000. A tenth of this would provide five times as much as we give to religion, and ten times more than we pay to the Centenary.

"Be a nice little boy, and don't forget your penny for Sunday School," was the regular parental injunction on Sunday morning seventy-five years ago, when the country was new and pennies were scarce and precious. The same advice is still the old standby in the land of millionaires, limousines, silks and seal-skins, while many rich farmers and merchant princes are contributing little more to the starving world than their pioneer grandfathers gave in the days of struggle and poverty. Less than a postage stamp a day is the average Methodist contribution to the redemption of the world.

FORMER HIGH SCHOOL STUDENT WINS HONOR

Miss Irene Hedrick Wins Prize in Oratorical Contest

A story appearing in a recent issue of a Middletown, Pa., paper tells of the achievement of a former Newark High School student, Miss Irene Hedrick. In the tenth annual Hatz oratorical contest she won first prize. The account of the affair follows:

"The tenth annual James G. Hatz Oratorical Contest, held Thursday evening in the Presbyterian church, proved a great success, each one of the eight contestants taking his or her part well.

"The church was crowded with parents and friends of the High School pupils and the contestants. The front of the church was attractively decorated with potted ferns.

"The evening's entertainment was opened with music by the High School orchestra, in charge of Miss Ora Bachman, followed by a chorus, 'Song of Spring,' Pearson, by the High School.

"H. R. Garver, Principal of the High School, introduced the first speaker on the program, J. Walter Delmier, who spoke on the subject of 'Lincoln, A Man of God's Providence.'

"The remainder of the program was made up as follows: 'Let Us Restore the American System,' Eugene Laverty, Jr.; 'Patriotism,' Francis McCaillister, George Atwell, Norwood Messimer, Clifford Buckingham, Franklin Knotts, Herbert Knotts, Wilson Worrall, Walter Knotts, Robert Brown, Medford Jamison, Clifton Knotts, Ralph Buckingham, Raymond Davis.

"Clarence Davis, Norman Appleby, Courtney Cummings, Clark Messimer, Albert Stephenson, Jesse Patterson, Earl Messimer, Francis McCaillister, George Atwell, Norwood Messimer, Clifford Buckingham, Franklin Knotts, Herbert Knotts, Wilson Worrall, Walter Knotts, Robert Brown, Medford Jamison, Clifton Knotts, Ralph Buckingham, Raymond Davis.

"There will be seven candidates to the Order to start on their probation period at this meeting. They are:

"Mrs. George Carter, Mrs. E. Wilson, Mrs. D. Lee Rose, Mrs. M. K. Foster, Mrs. R. O. Bausman, Miss Marjorie Rose, Mrs. J. Herbert Owens.

"GOOD ATTENDANCE
AT GRANGE MEETING

Newark Grange met last night at Wolf Hall with a fairly good attendance. The committee in charge had arranged an interesting program as follows: 'The Shetland Pony Industry on Chincoteague Island,' R. C. Handy; recitation, L. B. Daly; address, 'Auto and Truck Taxes,' C. E. Phillips.

"A number of candidates received third and fourth degrees.

THE GARDEN

By Miriam Clark Potter.
There are voices in the garden
When the world is fast asleep;
You can hear them in the twilight
When the dusk is purple-deep.

"Sway," says the lily;
"I creep," says the snail.
"Jump," says the frog,
"And I hide," says the quail.
"Swim," says the little fish;
"I sleep," says the grass,
"Waiting for the rose light
When the dark shall pass."

There are voices in the garden
When the candles dim and die;
You can hear them in the tree tops
When the wind sings Rock-a-bye.

"Dance," says the firefly;
"I glide," says the bat;
"Shine," says the moonbeam;
"I blink," says the cat.
Fairy on the tree twig
Beside the baby bird
Laughs a bit and listens,
But never says a word!

Great Thoughts by Great Men

"With a good pen and ink and the paper on which to write down fine and strong ideas of Justice and Truth, one is, in a democracy like ours, King of the World."

"I believe in the stuff I am handing out; in the firm I am working for; and in my ability to get results. I believe that honest stuff can be passed out to honest men by honest methods. I believe in working, not weeping; in boasting, not knocking; and in the pleasure of my job. I believe that man gets what he goes after, and that one deed done today is worth two deeds tomorrow, and that no man is down and out until he has lost faith in himself. I believe in today and the work I am doing, in tomorrow and the work I hope to do, and in the sure reward which the future holds.

"I believe in courtesy, in kindness, in generosity, in good cheer, in friendship and in honest competition. I believe there is something doing, somewhere, for every man ready to do it. I believe I am ready NOW."

No greater blessing than the artistic conscience can come to any worker in art, be he sculptor, writer, singer or painter. Hold fast to it, and it shall be your compass when the sun is darkened. To please the public is little; but to satisfy your Other Self, that self which looks over your shoulder and watches your every thought and deed, is much. No artistic success worth having is possible unless you satisfy that other self.—Hubbard.

PROVIDE APPAREL OF NATIVE WOOL FOR VICE-PRESIDENT COOLIDGE

Starting with the object of providing Vice President Coolidge with wearing apparel of native wool, a Massachusetts farm bureau now plans to have the entire clip of wool owned by the association manufactured into cloth and sold locally.

After the national election, the farm bureau in Berkshire county, which had pooled its wool clip and had stored it with a cooperative

association, arranged with a local woolen manufacturer to have some of the selected wool woven into cloth. A tailor in the county made an overcoat for the Vice President from it.

The Franklin County Farm Bureau, not to be outdone in a matter of this sort, arranged to have made from selected wool a piece of cloth which was afterwards made into a suit of clothes, and presented to Mr. Coolidge. This bit of enterprise on the part of the Franklin county people suggested the idea of manufacturing all of the wool in their pool into cloth and selling it locally to farmers or others who might be interested, which would result in all wool growers getting a fair price for their wool, and the local

people having the satisfaction of wearing clothing made from virgin wool from their own sheep. Farm bureau officials regard this as a possible solution of handling at least a part of the wool clip held in the various county and State pools, especially in New England where the grower is so accessible to the woolen factories.

The scientific man was looking for information for his "facts and figures" notes. "How many people work in your office?" he asked the president of a large corporation.

"Oh," said the president, "I should say, at a rough guess, two-thirds of them."

Elkton Memorial Fund Growing

The committee having in charge the raising of the fund of \$10,000 for the soldiers' memorial to be erected on the Court House green in Elkton, have secured the sum of \$9,400 and the additional \$600 necessary is expected to be subscribed by April 1, the time set for the completion of the fund.

The committee started work in November last and the contributions have been voluntary on the part of the citizens of the county.

Agree On Farm Wage Scale

According to a resolution adopted at the forty-ninth annual convention of the farmers of Montgomery county, Md., held at Sandy Spring and attended by a large number of farmers, dairymen and others from all parts of the country and elsewhere, Montgomery county farmers, or a large portion of them, will hereafter pay but 25 cents an hour for regular farm work and 30 cents an hour for harvest work. While laborers are furnished meals, a charge of 25 cents each will be made.

Irish Spinning Mill for Smyrna

The Chesapeake Flax and Linen Corporation announced recently that a spinning mill in Ireland will be dismantled and brought to Smyrna. Operatives will also be imported here from Ireland. A report of the United States Bureau of Standards says: "Better linen can be produced from the flax grown in Delaware and Maryland than in any foreign country." This statement was the result of an investigation by the bureau of the product grown in this State.

A Comedy Cook

"And a red hot cook was he," sings the college glee club as they relate tunefully what happened on the memorable "Friday morn" when "the captain spied a lovely mermaid."

The "sea cook" serves often as a humorous figure in song and story. Raymond Hatton has made him "do duty" in the films. Mr. Hatton is Mugridge, the sad-eyed philosophic knight of the galley in the Paramount Artcraft adaptation of Jack London's "The Sea Wolf," which is coming to the Opera House Wednesday. He is a touch of comedy amid an atmosphere that is mostly grim violence and red-blooded adventure. Mr. Hatton enters into the portrayal of the "sea-cook" with unusual success and is said to fairly "get under the skin" of the role.

"The Sea Wolf" is declared to have been produced on an extremely large scale and to abound in spectacular scenes. Noah Beery has the part of "Wolf" Larsen and

The grandstand at the Havre de Grace race track has been lengthened to 500 feet, a concrete roadway three-quarters of a mile in length constructed from the main highway to the track, parking accommodations made for 500 autos, and stalls now available on the grounds within the track enclosure for 1042 horses.

EXPERTS TELL VALUE OF SOY BEAN CROP

Local Farmers Receive Desired Information on Subject

Farmers of Delaware who are increasing their acreage of soy beans each year are asking, "What value is this crop of the soil?" Chemical analysis shows that soy bean hay contains about 51 lbs. of nitrogen per ton. With two tons of hay as a fair yield each acre of soy bean hay would have in it 102 lbs. of nitrogen. Further evidence shows that about one-tenth of the nitrogen is left behind in the stubble and roots or about 12 lbs. per acre. Where the hay is fed to live stock and the manure returned to the land most of the above nitrogen would be returned back to the soil. Dr. Hopkins our best authority, says that about two-thirds of the nitrogen gathered by soy beans comes from the air, which will vary with the fertility of the soil. The more productive the soil the less nitrogen.

The Yield

What will soy beans yield and under what conditions can they be grown, is a question which has been prominent in the minds of

men gathered from the air and vice versa if the soil is poor. Therefore if the beans are used as above about 75 lbs. more nitrogen will be returned to the soil per acre as a net gain. At the present price of nitrogen at 30 cents per pound this increase would be worth \$22.50 per acre if purchased as nitrogen in fertilizer.

Several bushels of soy beans of the Wilson variety were secured from Delaware College. These beans were distributed among twelve farmers in various parts of the county who had expressed their willingness to conduct a demonstration. The following is the result of the demonstrations on which data has been secured:

H. L. Dilworth, Centerville, rolling clay loam, $\frac{1}{2}$ acre, 4 bushels, $\frac{3}{4}$ tons hay.

C. P. Dickey, Stanton, heavy clay, 1 acre, 1 bushel, 3 tons hay.

W. C. Maclary, Newport, low clay loam, 1 acre, 1 bushel, 4 quarts millet, 4 tons hay.

H. Deakyne, Deakyneville, heavy low clay, 1 acre, 1 bushel, $\frac{1}{2}$ tons hay.

J. D. Reynolds, Townsend, gravel clay, 1 acre, 1 bushel, 3 tons hay.

Robert Walker, Hockessin, clay loam, supplement silage corn with satisfactory results.

Eugene Deakyne, Deakyneville, clay loam, soil improving crop with satisfactory results.

In most cases the demonstration was conducted on practically the poorest soil on the farm, but in spite of that fact, some marked yields were obtained. If soy beans were cultivated as are other crops and fertilizer used, it is difficult to estimate the yield that might be grown.

Mr. Maclary reports that the growing of millet increases his tonnage and aids in curing the hay. Every demonstrator reports splendid results from feeding the hay to farm animals and it is especially commended as a roughage for dairy cattle.

It is regretted that it was not possible to harvest some of the plots for seed through the use of the new bean huller now on the market. Where it has been used in Sussex county it is reported to be about 70 per cent efficient and a great labor saver. With the perfecting of this machine the growing of soy beans both for hay and seed will become an established industry in Delaware.

cause to worry now is illustrated by the Easter sale by the Elton Florist, Spence, one of our advertisers last week. In less than five hours, one day last week, over 3,000 bulbous plants were sold. This is a record sale of our near flower man.
