No. 26

## Party Weekend To Top Fraternity Calendar

Four campus fraternities will hold their annual weekends beginning tonight. Kappa Alpha, Alpha Tau Omega, Pi Kappa Alpha and Sigma Phi Epsilon will fill the three days with dinners, parties, picnics and dancing for the brothers and their dates.

KA will begin its weekend with a banquet and dance at the Brandywine Country Club tonight. The Melody Knights will furnish the dance music, and the brothers will crown the KA Rose and name the outstanding senior and fraternity member. The fraternity brothers will also give the Goober Gorman award for the best tall story teller in the chapter. They will also honor the outstanding pledge. On Saturday the brothers will have a KA house party, and Sunday will feature a picnic.

Alpha Tau Omega will lead off the weekend with a dinner dance at the North East Yacht Club where the Dream Girl of ATO will be crowned. On Saturday there will be a house party, and the brothers will select the Sweetheart of ATO from the girls pinned, engaged or married to members of the chapter. On Sunday the ATO's will have a picnic at Camp Matahoo.

Pi Kappa Alpha will have a formal dance at the Newark Country Club tonight. Music will be by the Stardusters. Social chairmen Mike Sacco and Bob Pillow will present the Dream Girl Cup. A house party Saturday night will climax the Pike weekend.

Sig Ep is also having a formal tonight. It will be held at the Kennett Square Country Club, where they will crown "The Girl of the Golden Heart." Saturday will find the fraternity men and their dates at a house party; on Sunday they will attend a picnic at Jack Miller's farm.

## Graduates To Hold Picnic Saturday

The picnic held annually by the university's graduate students will take place this year on Saturday, May 8, at Camp Matahoo, rain or shine.

This announcement was made last week by Thyrgve Meeker, president of the Graduate Council. Some 120 people are expected for the event.

## Undergrads Eligible To Apply For Student Advisor Positions

Mr. Charles Jacot, head resident advisor of the men's dorms, has announced that applications are now being accepted from juniors, seniors and graduate students for appointment to positions as resident advisors in the men's dormitories for the next school year.

The University of Delaware has dormitory accommodations for approximately 350 men. Each year, to carry out the personnel functions necessary with this large a group, a number of resident advisors are appointed. While heretofore these men have been drawn largely from the ranks of graduate students and faculty men, in 1954-55 the program will be expanded

## Dr. Sommer To Lecture Philosophy Club May 13

"The Structure of the Image" will be the title of a lecture to be delivered by Dr. Frank Sommer to the Philosophy Club at 8 p. m., May 13, in the Brown Hall Lounge.

Dr. Sommer's talk will be concerned with the interpretation of modern art.

The Philosophy Club's meetings are open to interested persons from the students and faculty.

## Sophomores, Freshmen To Draw For Dormitory Rooms On May 10 And 11

Room drawing for women students in the dormitories for the 1954-55 school year will continue next week. It will take place in the women's faculty room in the basement of Warner Hall. Students will enter by the north stairway of Warner Hall and leave by the faculty room outside exit. An exception to this will be made on May 11, when the present freshmen will draw numbers in the lounge of Warner Hall.

On May 3, the present juniors drew their numbers, and on May 4 they selected their rooms. In order to eliminate confusion, only one roommate came and selected the room. At this time she brought with her her number as well as that of her roommate. This plan of only one roommate selecting the room will continue throughout the entire room drawing.

Monday, May 10, all sophomores will draw numbers. All students whose names begin with letter A-M will draw between 7:30, and letter N-Z will draw between 7:30-8. On Tuesday, May 11, numbers 1-45 will select rooms between 7:30, and numbers 45-on up will select rooms between 7:30-8.

On Tuesday, May 11, all freshmen students whose names begin with letters A-L will draw numbers between 7:30, and all students whose names begin with M-Z will draw numbers between 7:30-8. Numbers 1-50 will select rooms at 7:30 on May 13 while numbers 50-on up will select rooms at 7:30-8.

All students are reminded of the deposit of \$25.00 which must be paid to the Business Office before May 15. Unless payment is made, the room reservation made at room drawing will be cancelled.

Any organization desiring funds from SGA that has not been contacted by the treasurer should write to Box 1, college post office.

so that there will be undergraduate men (juniors and seniors) considered for these positions.

The responsibility of the adviser is to actively assist in creating and maintaining in the residence hall a type of living environment fostering the greatest educational, social and cultural values for students. Because of the large number of freshmen students in the dorms, advisors pay particular attention to adjustment problems of the critical first year at college.

To be considered, an applicant must:

1. Intend to be enrolled at the

## SGA To Ask Newark Council To Remove Parking Meters

Photo by Whitaker

Springtime has exhibited its full effects in the picnics of UD fraternities, as shown above. Here Charlie Ingram, Jim Roberts and Gil Farrow under the effects of the warm days, liven things a bit with some touch football at a recent picnic.

## Shearing Quintette Concerts To Feature Progressive Jazz

Progressive jazz is the basic theme of the concerts the George Shearing Quintette will present tonight, May 7, in Mitchell Hall. The concerts will begin at 7 and 9 o'clock, respectively.

George Shearing, the blind pianist, has gained honors both in the United States and Great Britain and has won numerous music polls including a British jazz poll in which he was "king" for seven consecutive years. The other members of the group have also won separate polls as solo instrumentalists.

## University Drama Group To Produce Hit 'Angel Street'

"Angel Street," a mystery thriller, will be produced by the University Drama Group in Mitchell Hall on May 13, 14 and 15. Patrick Hamilton's play was originally produced in London under the title of "Gaslight," and besides being a hit production there and on Broadway, it was a motion picture success.

Two guest actors are appearing in leading roles. Helen Stanwood, a teacher in the Mount Pleasant School and a graduate of Philadelphia Dramatic School, is cast as Bella Manningham, the feminine lead. Jay Davis, of Middletown, plays her husband, Jack Manningham. Mr. Davis is a product of the Hedgerow Theatre and has had much experience in summer stock.

Members of the drama group cast in the play are Ernest Sutton as Inspector Ross, Janet Kalb as Elizabeth and Peggy Smith as Nancy, the maid.

Miss Ann Wooten of the Newark High School faculty is directing the production, her first for the Drama Group, and Daniel McVey has designed the set.

This will be the last production this season for the Drama Group, whose "Bell, Book, and Candle" was presented in February under the direction of Mr. Herman Middleton of the Department of Dramatic Arts and Speech.

Students may secure tickets by presenting their activities cards as for all plays in Mitchell Hall. The box office opened May 3 and will be open daily from 4 to 5, and from 7 to 9, except for Saturdays and Sundays.

To George, progressive jazz means that the melody and the music are homogeneous, not heterogeneous as many people define pop. Shearing plays only as much progressive music "as the public can accept." He maintains, though, that jazz should have no sharply defined boundaries.

Tickets, which will sell at the box office at \$1.25, have been on sale in the basement of the library for three weeks at \$1.00. As notices of the Quintette have been sent to various schools and other groups, it is expected that a large percentage of the audience will be people outside the university. The definite number of tickets sold so far is not known as the Review

Ted Zutz, the chairman of the committee for the performance, has congratulated ticket chairman Joan Ross for a good job on sales.

## Selective Service Exam Offered For Last Time

Selective Service National Headquarters announced that it has authorized a special administration of the College Qualification Test on Thursday, May 20, 1954, for the benefit of students prevented by illness or other emergency from attending one of the regular administrations on November 19, 1953, and April 22, 1954. May 20 is the last date upon which the College Qualification Test will be held during the present academic year.

Although applications postmarked May 10, 1954, or earlier will be accepted, students wishing to apply are urged to secure, complete and mail their applications at once. Early filing will insure a test and other necessary supplies for the student at the center he selects or at a nearby center, according to Educational Testing Service, which prepares and administers the College Qualification Test.

## Menser Appointed Leader Of Group Chosen To Speak

President Dave Menser has been appointed by the SGA to head a committee of students delegated to negotiate with the Council of Newark for the removal of the parking meters being installed on South College Avenue.

A large portion of the SGA meeting on Thursday, April 29, was devoted to a discussion of the problem created by the action of the Council in placing parking meters on a street immediately adjacent to the university campus. It was concluded that the meters would aggravate the already acute parking problem facing students of the university, and a committee was appointed to present the students' case to the Council.

Serving with Menser on the committee are Wayne Kirkland, Jack Mealy, Stan Lowicki, Marianne Reinke, and Bob Cunningham.

Arrangements were made for the committee to attend the Council meeting this week; but were called off Tuesday as prior business would occupy all of the Council's time. The meter question has been referred to the Police and Traffic Committee of the Council. It is expected that the student representatives will appear before that committee in the near future. It was inferred from the Council's request that any action by the Council would follow the report of the Police and Traffic committee.

At the SGA meeting, President Menser announced that he had written a letter to the mayor protesting the installation of the meters. In the discussion that fol-

(Continued on Page 10)

## State Department Selects Delaware For Korean Pilot

Lt. No Kum Sok, the 22-year old North Korean pilot who has been paid \$100,000 for flying the first MIG jet into United Nation's territory, has applied for admission to the University of Delaware.

Although this news was just released Sunday, the university was contacted some time ago by the Department of State which had selected the U. of D. as the preferred institution for the young Korean pilot to continue his education. Lt. No will be on campus in a few weeks for an interview in connection with his application.

Last September 21, when he landed a MIG-15 jet fighter at the Kempo Air Base in Korea, Lt. No gained international fame and \$100,000. At that time he had no idea as to how or when the money would be turned over to him.

After being flight tested on Okinawa, the MIG was dismantled and shipped for further testing to the Wright-Patterson Air Force Base at Dayton, Ohio.

## Campus To Obtain Film Of Hydrogen Bomb Test

The documentary film on the recent Pacific hydrogen bomb test, which has been given nationwide television coverage, is coming to the Delaware campus.

The Engineering Council of the university will sponsor a showing on Monday, May 10, at 7:30 p. m. in the Brown Lab auditorium.

The council has invited all students to attend.

## Never a Dull Moment In The Life of Dr. Lane

Meet Dr. Lane of the psychology department. A native of Salem, Massachusetts, Dr. Lane attended Tufts College in Massachusetts. He received his master's degree and doctorate at Ohio State University. After receiving these degrees, Dr. Lane taught at Ohio State University and George Washington University before coming to Delaware in 1947. Besides teaching, he has been part of numerous psychological testing programs for the Navy and industries. He was recently associated director of the National Research Council project in Aviation Psychology. This study involved hearing and vision.

Dr. Lane is very active in his field. He is a fellow in the American Association for Advancement of Science, a fellow in American Psychological Association, secretary of the Eastern Psychological Association and a past president of Delaware Psychological Association. He has written a text in elementary psychology. At present Dr. Lane is a member of the Cultural Activities Committee and O.D.K. He is working on problems of aging.

His interests are numerous and varied. Dr. Lane likes all types of music, from "Shearing to Bach." At present he is busy with his gardening. He enjoys many sports such as horseback riding and badminton, but his favorite sport is swimming. Dr. Lane recently gave up his pilot's license. "I did not have anyone to fly with me," he jested.

During his lifetime Dr. Lane has lived in Massachusetts, Washington, California and Ohio. Both he and his wife enjoy traveling and have traveled in the United States, Mexico and Canada. Besides teaching his six year old son to box and keeping up with the interests of his four year old daughter, Dr. Lane finds time to work on a new book.

## Iglehart Of NYU To Address Artists At Clothesline Fair

Robert Iglehart, professor of Education and chairman of the department of art at New York University, was chosen as speaker for this year's Clothesline Fair Lecture which will be given Sunday, May 16, at 3 o'clock. Mr. Iglehart will speak on "Art in Contemporary Society."

The annual Clothesline Fair will be held on May 20, and the work of Delaware Artists will be exhibited and sold at the City Building in Wilmington. Members of the Delaware Art Center's staff and adult students will also give demonstrations of the various techniques of weaving, sculpturing, silversmithing and ceramics.

A preview of the work to be featured at the Fair will be shown at the Hotel DuPont, May 18, 4:30 until 10 p. m. and again May 19, 9 a. m. until 5:30 p. m.

## Dot Pierson Wins Presidency In Recent Home Ec Elections

The recently elected officers of the Home Economics Club will be installed on May 12 by Marjorie Shank, the outgoing president. Dorothy Pierson will be the next president. Janet Clay will succeed Sally Ann Lewis as vice president. Barbara Shank will replace Barbara Wynn as secretary and Sally Ann Lewis will take over Mary Ann Simpson's duties as treasurer.

These new officers will be assisted by the committee chairmen. The program committee next year will be headed by Betty Mae Snowberger, the publicity committee by Joan Russell, and the project committee by co-chairmen Barbara Cumberly and Barbara Wynn. Nancy Precious will be the reporter for the Journal of Home Economics, and Ann Short will be the editor of the Needle and Haystack next year. The Home Economics representative to the

## WEC To Sponsor Tea For Parents Saturday, May 15

An informal tea for parents, alumni and friends will be given by the Women's Executive Council after the May Day program on Saturday, May 15, on the green behind Warner Hall. Dorothy Brugge and Jean Ross are in charge of the tea.

May Day, a tradition which began more than 25 years ago when Women's College was separated from Delaware College, is sponsored by the Women's Executive Council. The theme this year, "Uptown, Downtown," features dances prepared by dorms to depict shop windows along Main Street. Some of the dances include "Dill Pickle," which takes place before a delicatessen; "Beautiful Doll," in front of a cosmetic shop; "Blue Violins," by a music store; and "Anchors Aweigh," before the Naval Recruiting Station.

The Modern Dance Club will present four dances from the annual Modern Dance Concert, and the seniors will conclude the program with the traditional May Pole dance for Queen Jane Banks and her court.

The queen and her court will be guests of honor at the "May Frolic," a semi-formal dance Saturday night from 8 to 12 p. m. This dance will be the last big social event of the season and the first big job for Brad Barnes, social chairman of SGA. Jim Bradford is in charge of chaperones. Other committee chairmen include Dick Knoll, lighting; Brad Barnes, tickets; and Barbara Lillquist, decorations. Tickets are \$2.50.

## Naval Commander To Lecture Psi Chi

"Operation Frostbite" will be Commander Ellsworth Cook's topic when he speaks at the annual meeting of Psi Chi on May 10 at 8 p. m. in Old College Lounge. Dr. Cook is in the U. S. Navy Medical Service Corp and was one of a team of scientists from the Armed Forces and the U. S. Public Health Service who went to Korea to study frostbite problems.

S. G. A. will be Mary Ann Simpson.

The installation of the 1954-55 officers will be part of the program at the annual Home Economics Club banquet, which will be held at the Newark Methodist Church on May 12. At this time the senior Home Economics students will be initiated into the American Home Economics Association by Mrs. Gertrude Holloway Johnson, president of the Delaware State Home Economics Association and secretary of the National Home Economics Association. The speaker for the evening will be Mr. Louis P. Shannon, Eastern Manager of the Extension Division of the duPont Company. Following this service, awards will be presented by Marjorie Shank to one member of each class who has contributed most to the club activities in the past year.

## Young Democrats' New Head Speaks Against McCarthy

By GLENN DILL

Dick Greenstein, newly-elected president of the young Democrats of the university, recently stated his disapproval of McCarthy and his current appearance in the Senate investigations.

"I think the facts so far show that McCarthy and his aides did use undue influence, and Schine took advantage of that. But I'm afraid that the results of the investigation will achieve nothing conclusive," was Greenstein's comment.

In connection with world affairs, the campus political leader stated that "Mr. Dulles seems to be carrying out Mr. Truman's policy of containment; but I'd like to see President Eisenhower instead of Mr. Nixon and Senator Knowland take the lead in guiding the actions of the United States."

"The only thing I've heard from Ike lately is that he's still playing golf."

Greenstein continued with a prediction that the Democrats will win decisive victories in the congressional elections next November. "If President Eisenhower continues his present policy," Greenstein prophesied, "then the Democrats will gain a majority in

(Continued on Page 8)

## Education Institute Opens Opportunity In Foreign Study

Programs for junior year and graduate study abroad are listed in *Group Study Abroad 1954-55*, a pamphlet recently published by the Institute of International Education, 1 East 67th Street, New York City.

The study opportunities for American college students are in Denmark, France, Germany, Italy, Mexico, Peru, Spain, Sweden and Switzerland.

The general purpose of the junior year programs is to give the American student an opportunity to live in another country, to acquire fluency in another language, to understand the culture of another people and at the same time to earn credit toward a bachelor's degree from his own college in the U.S. All junior year programs listed in *Group Study Abroad* are under the supervision of an American faculty member who supplements the regular university courses with lectures, reports and examinations.

Smith College offers junior year programs in Paris, Geneva, Florence and Madrid. Both men and women may apply for the Italian and Spanish programs. In Paris, Florence and Madrid the students will live with local families.

Sweetbriar College offers a junior year in France. The Rosary College Foreign Study Plan offers work for junior year women at the Institute de Hautes Etudes in Fribourg, Switzerland. Reid Hall in Paris will take a group of junior college graduates who wish to spend an academic year in Paris to gain further knowledge of French civilization. Wayne University arranges a junior year in Munich.

Mexico City College offers a junior year program for Americans, as well as four-year college work and graduate courses. Mexico City College was founded in 1940 to provide an opportunity for American students to study in Mexico under American college methods and standards and obtain credit toward a degree at their home college.

(Continued on Page 8)

## National Magazine Discusses Ford Foundation Scholarship

"Is there a right age for college?" "What can be done for the bright student who is unchallenged in high school?" "Can students who haven't finished high school keep up academically and socially with those who have?"

These are just a few of the questions considered in June Mademoiselle article on the Ford Foundation scholars, unusually intelligent 14- to 17-year-olds who have leap-frogged the last year or two of high school and landed in college.

## KA Old South Ball To Open Order's Half-Century Fete

Kappa Alpha, the University of Delaware's oldest campus fraternity, will celebrate its fiftieth anniversary starting tonight with its annual Old South Ball at the Brandywine Country Club in Wilmington. The formal dinner-dance commences the annual spring weekend.

On April 29, 1904, the Beta Epsilon Chapter of the Kappa Alpha Order was formed in Old College Hall by four students at the university. The original members were Joseph Truxton, William Lawton, Bassett Fergusson and Joseph Groves.

Since the founding, KA has grown into one of the largest campus fraternities. At the present time there are fifty-five active members and twenty-one pledges.

The original fraternity house is now Purnell Hall, a campus administrative building. The present house was purchased in 1946 and is located at 19 Amstel Avenue.

Among the chapter's alumni are J. Caleb Boggs, Governor of Delaware; the late Admiral Wm. Blandy, head of the A-bomb tests at Bikini; and Dean of the university graduate students, Carl J. Rees.

## Gettysburg College Students Honor Mothers During Annual Weekend Celebration, May 1, 2

Gettysburg College held its annual Mother's Week-End on the campus Saturday and Sunday, May 1 and 2. This two-day program, begun in 1925 by President Emeritus Dr. Henry W. A. Hanson, is given in honor of the mothers of Gettysburg students.

According to N. Ronald Pease of Mechanicsburg, Pa., chairman of this year's activities, the schedule called for visits by the mothers to their sons' and daughters' classes. Scheduled events also included the annual May Day exercises, a baseball game and tennis match with Franklin and Marshall, exhibits by various departments of the college and an open house at the college radio station.

Saturday night's program featured an assembly in the Eddie Plank Memorial Gymnasium.

## UD Represented By Seven Members Of A.S.M.E. At Regional Meeting

The University of Delaware branch of the American Society of Mechanical Engineers was represented by seven members at the Region Three Student Conference held at the University of Rochester, Rochester, New York, on May 1 and 2.

The prime purpose of the conference was to select the best technical paper submitted by a student of the engineering schools in this region. Although there are twenty engineering schools in the region, only fourteen submitted papers in the competition. Each representative was chosen at a similar judging between a number of papers submitted by students to each school.

Bob Haley, the winner at the University of Delaware, presented his paper on "The Development of the Hydro-ski for Water Based

They hold scholarships from the Ford Foundation's Fund for the Advancement of Education; all have been rigidly screened for emotional and social maturity as well as advanced intellectual ability. This report is the first comprehensive study by a national magazine on how this program has progressed since its inception in 1951, and how the "Fords" themselves have gotten along.

The pros and cons of this early admissions plan, carried out by twelve colleges, are many. Chief among the problems is whether younger students will be social misfits with their own and with the opposite sex. The Ford girls seem to be having no trouble with social adjustment, happily date college seniors, med students, and even young businessmen. The boys, however, generally seem to have a harder time. At Oberlin boys interested in athletics felt handicapped by size. One Wisconsin boy proposed giving scholars a pamphlet on "Fordmanship" or "How to Conceal Your Age without Actually Lying About It." Yale referred to their group's "relative immaturity socially," but added that they passed to a point where they were "admirably indistinguishable from their classmates."

As scholars the Fords have proved sensational. Sophomore Fords who took the Graduate Record Examinations of general education came out in the top one per cent of the nation. In general

(Continued on Page 9)

## Hedger Becomes Canterbury Prexy

The Canterbury Club of the university climaxed its year's activities with the election of officers at a recent meeting in St. Thomas Episcopal church. Spen Hedger succeeds Dick Saunders as president of the club.

Nancy Hurdon was chosen vice president; Dick Lawrence, treasurer; and Custie Straughn, secretary.

Plans were laid for next year's activities, which include regular church breakfasts, social events, lectures and trips to conferences. Although this meeting brought the club's year to a close, communion for students will be continued for the remainder of the semester on Wednesdays.

Accompanying Mr. Haley were Bob Challenger and Art Holveck, the respective student branch chairman and the chairman elect. The other members who made this trip were Fred Herlock, Ed Fogel, Earl Miller and Chick Connell. The judges were Mr. Arthur Hamilton, Jr., Consulting Engineer and Research Director of Todd Company; Mr. E. Roy Birkicht, Division Leader at Kodak Park, Eastman Kodak Company; and Mr. Richard Boutsos, Chief Engineer of Mixing Equipment Company.

Two other conference awards were won by the group, however: a plaque for having traveled the greatest number of man miles and a twenty-five dollar cash prize for having the highest percentage of its Student Branch membership in attendance.

# Quiz Program To Give Away European Trip As First Prize

Interested in a two-week's all expense paid trip to London and Paris — for two? Well, here's your big chance. How to start? Just by being in the studio audience when "Gulliver's Travels" goes on the air over WILM.

This program is put on at 8:30 every night, Monday through Friday; four contestants compete each night, Monday through Thursday, and on Friday nights the four daily winners compete for position as one of the finalists.

If anyone is wondering just how to become a contestant, directions are just be there; participants are chosen by lot from the audience. It is these nightly winners who compete for weekly finals on Friday night. The doors open at 7:30, so be there then!

Weekly finalists battle it out for the Grand Prize. It is the last week in June that the 12 finalists (ten Friday winners and two runners-up who have accumulated the highest score) will compete for the big prize—the trip to Europe. So the chance is open till then, and everyone has an equal opportunity.

The questions are easy; there are daily prizes for all contestants; also there are door prizes for the studio audiences. The hosts for the show are Joe Pyne and Charlie Purnell. Clubs can attend the program as a group, but should make reservations if more than 30 plan to attend.

# RUSSIAN NEWSPAPERS MAKE OWN POLICIES ACCORDING TO EDITOR

(Editor's Note: The following is one of a series written by the editor of the Minnesota Daily after a recent trip to Russia.)

By DEAN SCHOELKOPF  
Editor, Minnesota Daily

(ACP)—Four-page newspapers with almost no advertising, no comic strips and with daily front page editorials are the rule in Russia.

All the papers we saw, from Pravda and Izvestia right on down to the smallest provincial papers, follow that same pattern. They are issued once a day, and sell for 20 kopeks (five cents).

We talked to seven newspaper editors during our trip and found the most interesting one—and a typical Russian newsman—to be I. M. Malutin, editor of the Baku, Azerbaijan, Worker. The Worker has a circulation of 90,000 and a staff of 60 persons.

Editorials in the paper deal with "all questions of interest to the Soviet people," Malutin told us. He said he determined editorial policy, and with the rest of the Soviet press he is currently trying to "educate" readers into a friendly attitude toward the United States.

"You can't find a phrase in our papers against the American people," he said. "We are trying to help friendly relations between nations."

Malutin was bitterly critical of the American press. Since World War II, he said, the American press has reflected Soviet life non-objectively and has been full of different kinds of propaganda for war.

"I would like to read the American papers," he said, "but they reflect the USSR in unfriendly terms." We asked him how long it has been since he's seen an American newspaper or magazine, and he said three years.

# Ted Zutz Reveals Plans For Senior Weekend, June 10

Plans for a four day Senior Weekend were announced recently by the class president, Ted Zutz. The affair will be initiated with the Senior Ball on Thursday, June 10, and will be terminated with the commencement exercises on Sunday, June 13.

The Senior Ball will be held from 9 p. m. until 1 a. m., Thursday, June 10, in the Gold Ball Room of the Hotel DuPont. This dance, formal with corsage optional, is open to all seniors graduating in February '54, June or September.

The senior class party is scheduled for 9 p. m. on the following day at the Italian-American Club in Kennett Square, Pennsylvania. A dance band will be present for the benefit of the seniors.

Saturday, June 12, features the senior class picnic to be held at Crystal Beach Manor. This is, in the words of class president Zutz, "the final splurge of the class of '54 and will require only a date, a bathing suit and a blanket . . ."

The final day of the college career for the class of '54 begins with a baccalaureate sermon in front of Hullahen Hall. This will be followed by a twelve o'clock luncheon in Kent Dining Hall. Final commencement exercises, scheduled for 3 p. m., will be held in front of Hullahen Hall. Immediately following the exercises is a reception for the graduates by the president of the university.

Seniors are reminded by the class president to place their orders now for the senior luncheon tickets currently on sale at the university bookstore.

# Men's Dining Hall Is For The Birds

The swallows have come back to Capistrano this spring, but they have also come back to the U. of D. During Wednesday evening's 6:15 meal, about 10 of these feathered rascals, often known as "bam swallows" or "chimney sweeps" filed through the open doors of Commons and decided to "dine" with the rest of the students. Unfortunately, for them, they did not bring their meal tickets with them, and they were not allowed to eat the wholesome meal which was prepared. They did manage to fly into the walls, however, and take on the characteristics of "punchy" boxers.

One or two of the "sweeps" managed to fly directly into the platters of a few fellows. This all seemed to add a more tangy zest to the meal. Others were captured and discarded. After the meal a few still remained, and there are still some birds left in Commons' belfry.

# Britannica Offers All-Expense Trip As Contest Prize

A ten-day, all-expense paid trip to Washington, D. C., as the guest of Encyclopaedia Britannica will be the prize for the foreign student, studying in the United States, who writes the best essay on the subject of "How to Strengthen Democracy in the Free World."

The competition is the climaxing event in the year-long "International Forum" produced Fridays over the Kate Smith Hour on the National Broadcasting Company's television network. Ted Collins, producer of the Kate Smith show, originated the "International Forum" to give students from abroad who are studying in American colleges the opportunity to speak to the nation on how their countries and the United States can better work together in the interests of peace under freedom.

On the Friday programs youths from more than a score of foreign nations, who are studying in American colleges, have appeared with Ted Collins and Kate Smith to review their impressions of the United States.

Any student from abroad who is studying in an American college or university may enter the current essay competition, which was jointly announced today by Mr. Collins and Robert C. Preble, president of Encyclopaedia Britannica. The essays must not be more than 1,000 words in length and should give the writer's own views of how to strengthen democracy in the free world. Contest entries should be addressed to: International Forum Contest, Encyclopaedia Britannica, 425 North Michigan Avenue, Chicago 2, Illinois.

Judges of the competition are Mr. Collins and Mr. Preble, co-chairmen; and the following:

Paul Hoffman, Chairman of the Board, Studebaker Corporation, former ECA Administrator; Robert M. Hutchins, Associate Director, Ford Foundation, former Chancellor, University of Chicago; George Stoddard, Special Advisor to New York University, former president of University of Illinois; Beardsley Raml, world-famous economist, author of pay-as-you-go tax bill, former Chairman of the Board, R. H. Macy Company; Albert W. Sherer, vice president, McCann-Erickson, Inc., advertising agency; Dr. J. T. Rettaliata, president, Illinois Institute of Technology; Henry Commager, noted historian, Columbia University; Hans Kohn, political science expert, City College of New York; Allan Nevins, two-time Pulitzer Prize winner for biographies, Columbia University; and Harold D. Lasswell, political science expert, Yale University.

# Lohman Moves Up In USN Squadron

ENSIGN RICHARD LOHMAN

Lieutenant Junior Grade Richard Lohman, president of the University of Delaware class of 1953, is now serving as assistant personnel manager of Tactical Air Control Squadron One, it was announced recently.

Dick, a business administration major in college, left the Wilmington reserve unit to attend the Reserve Officer's Candidate School at Long Beach, California. After receiving his commission in August, 1953, Lohman entered training at the amphibious base in Coronado, California.

After completing his amphibious training, Dick was assigned to his present squadron at Alameda Naval Air base in California.

Duty carried him, on board the Mr. McKinley, command ship for Pacific amphibious forces, through such oriental spots as Japan, Formosa, Hong Kong and the Philippines.

Lohman's current address is Tactical Air Control Squadron One, A.P.O. San Francisco, California.

While a University of Delaware undergraduate, Lohman served as senior class president, junior class president, a member of the talent club, Canterbury Club, freshman football team, Junior Musical, Sophomore Musical, "Twelfth Night" and student house director of Harter Hall.

# Chem. Frat Initiates 17 New Members

Following their journey around the sacred hexagon in front of Evans Hall, 17 pledges were initiated recently into Alpha Chi Sigma, the professional chemistry fraternity.

The new members of the society are George P. Ching, John E. Eiper, Perry M. Forman, John F. Haugh, Stanley E. Katz, Frank J. Kushibab, Milton D. Leighton, Theodore E. Majewski, Thyryge R. Maker, Frank H. Nickel, Jr., Richard W. Perry, Irven H. Rinard, Joseph H. Ryan, Wayne C. Schar, Alec D. Steele, Jerome S. Luloff and Harvey Scott.

# Wherever You Go In Engineering you'll find LUFKIN Measuring Tapes

In every industry engineers need specialized measuring equipment — that is why Lufkin, world-wide specialist in measuring devices, makes nearly 8,000 different tapes, rules, and precision tools. In highway, railroad, oil, mining, surveying, forestry, and construction work, engineers specify Lufkin "Chrome Clad" steel measuring tapes to get the most on-the-job durability. In swamp, brush, desert, gravel pits, and wherever a tough dependable tape is an absolute must, Lufkin "Michigan" babbitt metal chain tapes are preferred. City engineers and construction engineers use the Lufkin "Wolverine." The line in the Lufkin "Western" is the same weight as chain tapes, but subdivided throughout, making it ideal for heavy field work. Lufkin "Lucas" mine tapes resist rust and corrosion. In the oil fields "Chrome Clad" tapes are standard as they withstand hard use, fumes, and corrosion — they are used for gaging, tank strapping, and measuring standing casing.

When you go out on the job specify Lufkin measuring tapes — you will find one for your every measuring need. Send today for your free catalog.

**THE LUFKIN RULE COMPANY**  
311 SAGINAW, MICHIGAN

THE LUFKIN RULE Co., Saginaw, Mich.

Please send me your illustrated catalog of measuring tapes and rules.

## Club El Scrounge

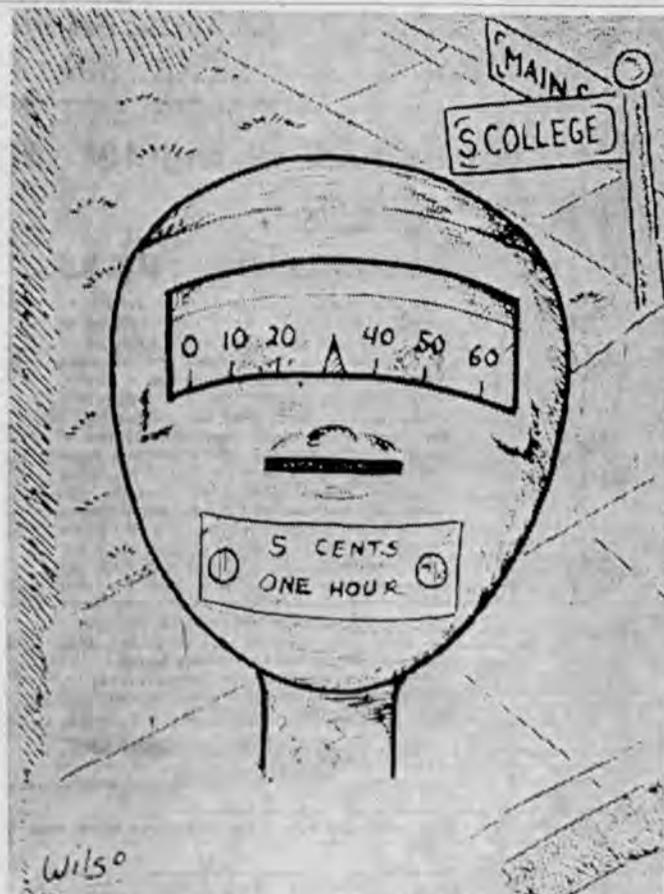

### Friday Night Strutters Ball

The proposal of "Friday night Student Union" became a reality last week as the 8-11 session eased away from the starting gate in a cautious but nevertheless promising fashion. This was in keeping with the recent SGA suggestion that the scrounge be opened on Friday evenings for dancing, lounging, and general relaxation.

Its beginning, meager as it was through lack of publicity and conflicting social events, can prove to be a concrete addition to the student calendar. The fountain, while somewhat lacking in the variety offered by competitive night spots, does offer economy and convenience. Tunes from the phonograph are musically deficient only in physical comparison. Atmosphere is difficult to pinpoint, but can certainly be aided by the presence of a number of students.

This move by the student government is a gesture aimed at creating a more versatile, informal social life here at Delaware. If successful, it will most assuredly be perpetuated and improved in future years. If otherwise, it will pass along the path trod by rejects of the past: a flowery prediction of the project by the *Review*, a quick demise, and a short-lived memory in the minds of the students.

W. G. D.

## Our New Neighbor?

## Down Beat ★ Star Time ★

Gene Krupa, together with drumming partner Cozy Cole, recently opened the doors to the Krupa-Cole drum school in New York, which offers complete courses on all percussion instruments for both beginning and advanced students. One of the two drum stars will always be on hand at the school, and as soon as Gene fulfills current commitments he plans to devote most of his time to the project.

GENE KRUPA

The Chicago-born percussionist began his drumming career as a boy of 13 with a dime-dance grind group called the Frivoleans and also jobbed with various other small units around the Windy City. Gene's show business career was interrupted temporarily by his decision to study for the priesthood, but after a year at St. Joseph's College in Rensselaer, Ind., he returned to the drums, joining the band of Joe Kayser.

In 1929, Gene made the big move to New York where he teamed up with Red Nichols' outfit, and after three years with Red he joined Irving Aaronson and later Mall Hallett. It was from Hallett's orchestra that Gene went with

## 'Neath The Arches

By MICKIE BLAINE and  
DAVE MENSER

The big social news around the quad is of course the weekends.

The Theta's Dance was held at Shaeffer's in Chesapeake City. Penny Ernest was elected Theta Chi Sweetheart. We heard that it took a while getting the house party started Saturday, but once it started it really rolled. The picnic was at Cueball Martin's in North East on Sunday. The old grads were in such a hurry to get to the picnic that two cars boiled over. We understand that several new types of shampoo were tried by the Theta Chi girls. Whether or not they were a success will be known in a few days.

The Apes had a terrible schedule set up for the weekend. They held their dinner dance at the Brandywine Country Club, and Sue Hoyt-ash was named Sweetheart. On Saturday nite a terrific house party was held up on the hill. The big day was Sunday; since nothing tiring had been done previously, horse-back riding was planned for the morning, and a picnic was planned for the afternoon. It's no wonder that we haven't seen the Apes around campus this week.

The Sigma Nu's held their dance on Friday night out at the Italian-American Club. Peggy Brenner was chosen White Rose Sweetheart. She certainly looked surprised when she stuffed some food in her mouth just as they announced the Sweetheart. Clyde Bessick and his boys really gave some jump to the house party Saturday night. The singing on the lawn served to cool them off after a twirl. The picnic was held out at Art Vandepoele's on Sunday. Some good card games, ball games, uke playing and water fights were the order of the day.

We're looking forward to more of the same for next weekend!

## Fear On The Campus?

### We Don't Believe It

A recent article by Andre Fontaine in *Redbook* magazine contends that students and faculties of American colleges have been intimidated by the hazy phenomenon of McCarthyism. Mr. Fontaine found, through personal interviews, that students are becoming afraid to ask questions on controversial subjects, afraid to join or support unpopular causes when they believe them to be right, and afraid to criticize our political and economic ways or try to improve them.

These conclusions are supported by a number of statements by students and by the description of conditions on some campuses, such as the University of Michigan, where, it is reported, a state police investigator takes down the names of those attending meetings of "liberal" or "leftist" groups; or Contra Costa Junior College in California, where the Great Books course discussions are put on tape as a record of the students' reactions to Karl Marx's "Communist Manifesto." A *Redbook* press release claims that "such actions will undoubtedly inhibit a student's self-expression and thinking and is an offense against their freedom."

We don't believe it. Although no specific action of the sort mentioned has taken place at Delaware, students at this university are subject to the same general pressures that prevail everywhere; yet we have found no occasion to become alarmed at the suppression of student or faculty opinion on our campus.

We have heard free-swinging informal pro and con discussions on Communism, Korea, McCarthy and a multitude of other political issues among Delaware students and faculty; but not once have we sensed or observed any fearful restraint on the part of the speakers. These same issues have been the subject of debates and smoke-talks sponsored by the SGA and a variety of other campus organizations; but we have not felt an atmosphere of fear surrounding any of them.

It may be argued that our views are limited by the Delaware campus or that our students and faculty are exceptionally courageous. We don't believe that either. We do believe that the practices cited at Michigan and Contra Costa are an affront to common sense rather than an offense against the freedom of anyone with the strength of their convictions and the courage to make them public.

Fear on the campus may become a problem in the college community, but it will not be solved by sentiment or melodrama. The solution lies in straight thinking and plain talking. That is such an obvious solution that we cannot believe that American students and teachers have abandoned it.

R. C. C.

## Taken For Granted

By JACK GRANT

The International Relations Club, under the leadership of Dr. Herbert Dorn and Marvin Balick, deserves much credit for their program on April 27, featuring Dr. Eugene Buresch, director of the Austrian Information Service in New York City.

At an interval in world history when international relations are of such significance that the survival of our own country and our way of life cannot be taken for granted, it is amazing how such a lack of interest in world affairs can exist in a university student body. Although the meeting with Dr. Buresch was intended for university students, only about 30 out of the 125 in attendance were students. Even though this service by the International Relations Club to the university is hardly recognized by the majority of students, let me say that the purpose of the club is fulfilled by the real satisfaction of those who were present.

However, now to the matter at hand. Dr. Buresch opened his lecture by sketching the history of Austria from the fifteenth century to the post-World War I era which, he emphasized, left Austria with only seven million people. It was due to economic maladjustments that the Austrian people were left open to the extreme doctrines of Marx and totalitarianism. As a result, their democratic institutions were weakened, and this in turn weakened their patriotism. Consequently, Dr. Buresch stated, "the second World War years were sadder for Austria than for any other country." Dr. Buresch then dwelt on modern Austria and its problems, which he seemed to believe stemmed partly from the Yalta and Potsdam Agreements. As a result of these agreements, all German property in Austria was turned over to the Russians. The fact remained, however, that the Germans had no right to claim much of this property from the start. Part of this property included natural resources, such as oil, which are used to this day by the Russians. This was the major factor which gave the Russians such an economic stronghold in Austria. Dr. Buresch called it a "mockery of justice."

Although the Russians have such an economic interest in Austria and even though Austria stands today as "the eastern-most outpost of the western world," its people have rejected Communism as shown by their election of only four Communists out of 165 parliamentary seats in the last elections. Dr. Buresch concluded his lecture by saying that Austria must not fall to Russia. Although he doesn't believe that the Russians will withdraw their occupation because "her position in satellite countries would be weakened," he does believe that the people will continue to defend their freedom as they have done since the war.

To me the mention of Yalta and Potsdam and their effect on post-war Austria were of more significance than anything else in Dr. Buresch's lecture. It was a tragic addition to the absurdities of Yalta, where a balance of power and equalization of strength had the priority over principles, justice and the safeguarding of civilization.

# Fraternally Speaking: The Greeks...

## Alpha Epsilon Pi

Order and sanity have returned to Quality Hill after one of the best and most hectic weekends ever.

Starting with that now infamous black-death punch at Lenny Rosenbaum's coat-tail party, the weekend progressed to the Brandywine Country Club for a dinner dance. For those who can't remember, several awards were made at the dance. Sue Hoytash was chosen as the new AEPi Queen. Jerry Spivack was chosen as the outstanding pledge and Ted Zutz was the outstanding senior athlete.

Congratulations to the new officers who were elected last week. Guiding the Ape tribe next year will be: Mal Silverman, master; Gordon Pizor, Lt. master; Jerry Spivack, scribe; and Dick Paul, exchequer.

Also congratulations are in order to the new brothers recently inducted: Dave Collins, Stan Sirkin, Jerry Spivack, Hilly (S. J.) Handloff and Jerry Rothstein.

The last comment should be saved for a vote of sincere thanks to retiring master Carl Goldberg for a job well done.

## Phi Kappa Tau

Congratulations to Bob Ferguson who was initiated into Alpha Zeta last Monday night, also to Boyd Cook and Bob Horne who will be initiated into Omicron Delta Kappa next week.

This year's Domain Conference was held at Muhlenberg College. At the conference Phi Tau chapters in this section of the country met and exchanged ideas so that each chapter might improve itself. Those attending the meeting were Dan Strecker, Bob Ferguson, Dave Ewing and Russell Winselar.

Congrats are extended to our two newly initiated brothers—Bob Dryden and Don Bunnell.

Also in line for congratulations is Harry Menser who pinned Jean Tull.

After dropping some close games, the softball team beat Sigma Nu.

## Delta Tau Delta

Last Wednesday night saw the initiation of Brother No. 110 of Delta Upsilon—Jack Grant. Glad to have you with us, Jack! We're sure you'll enjoy your stay.

Sports Dept.: Congratulations to Tom Mulrooney, who has finally made it to the number two position on the Delaware tennis team. Now Brother Jebens really has something to shoot for. Laurels to the Delt participants in intramural tennis and badminton championships. Seems that every one is doing well.

Social Dept.: Nothing much, except a journey to President Mealey's cottage at Port Herman by Brothers Mealey, O'Neill, Pollock, France and Wilson for the express purpose of sanding the bottom of a boat. It turned out that the old suds finally won out over the boat, however, and when the brothers returned home, there was no doubt in anyone's mind that they at least had a good time!

## Alpha Tau Omega

Tomorrow brings the beginning of the ATO weekend with a dinner at the Northeast Yacht Club and a formal dance afterwards. On Saturday there will be a house party of which our talented pledges will be in charge. A picnic for the chapter will be held on Sunday at Camp Mattahoon, thus ending this long-awaited for occasion.

Brother J. Grant Lowe has been selected secretary to the university's Student Branch of American Institute of Electrical Engineers. Also brothers Meeker, Perry and Steele have been initiated into Alpha Chi Sigma, honorary chemical fraternity. Congratulations are also due our president, Art Holveck, and Brother Bill Harkins who have been tapped into Omicron Delta Kappa, honorary leadership fraternity.

The brothers and pledges last week serenaded Miss Mickey Mayo who was recently pinned by Brother Andy Talley.

## Sigma Phi Epsilon

It's finally come! The weekend for which Sig Ep's suffer through eight months of school. It's the time of the year when guys bring out their pearl pins, shine 'em up and give 'em away. Yes, at long last it's here, Sig Ep Weekend, 1954. Things are starting off tonight with a bang, as the men and their dates don their formal attire and journey to the Kennett Square Country Club. There the "Girl of the Golden Heart" will be crowned. As to who it will be this year, it is still a big secret.

On the agenda for Saturday, the dates will take over the house and plan for the house party. If last year is any indication, then we had better start looking for a new house!

Congratulations go to Brother Bill Reybold as he chalked up an-

other university record. He beat the record of the mile run which was established thirty-two years ago.

## Sigma Nu

As Sigma Nu Weekend faded away, the brothers again pulled out the books and started studying; but not without many wonderful memories of a wonderful weekend. Highlighting the White Rose Formal at the Italian-American Club Friday night was the crowning of Miss Peggy Brenner as our White Rose Queen.

Saturday night saw Clyde and his boys really whooping it up at the Snake House. Thanks to the nice weather there was dancing on the lawn and just about everywhere in the vicinity. Sure hope the heat didn't bother everyone too much.

It was nice to see Fred Brown, Charlie Koenig, George Ester and many other brothers again. Jack Holston made the journey from Temple University, and it seems as though the spring weather got to

him. Congratulations Jack on your pinning of Jackie Hackett.

Congratulations also to Frank Buhl who is now a pledge of Sigma Nu.

## Kappa Alpha

The flying saucer scare is over, but Saturday afternoon another threat hurled itself upon the Kastle. Flying bricks! While the pledges were diligently trying to paint the rear of the house, "Uncle Billy" bet several other brothers that nothing could pull the old chimney down. Armed with a chisel, house manager "Steve" Roberts began pounding away. Several other brothers tied a rope around it and played tug-of-war. Soon it fell, and "Steve" nearly fell with it. On hitting it created a miniature moat across the driveway. Anyone need any used bricks? Besides "Hoffer?"

After the loss of our collie, "Dixie Lee," certain brothers felt the need for another mascot. At least prexy Keene did, for he unloaded

one right in the midst of us. It is of the popular "Heinz" hound breed, 57 varieties.

Congratulations to Lymer Sipple who is now engaged to Grace Hurd. We are glad to welcome Dave Tompkins as a member of the pledge class.

## Theta Chi

A very nice weekend, indeed, was enjoyed by the brothers and pledges of OX. The dinner-dance at Schaeffers on Friday was acclaimed by all to have been, perhaps, about the best formal we have ever had. Our appreciation goes to Brother Don Monaco and his boys for the fine entertainment. After a more or less "unorganized" house party Saturday, the troops tripped down to Brother Walt Martin's private beach for an afternoon of singing, softball, revelry and swimming—all in the best of Theta Chi traditions.

Congratulations are in order for our newly initiated brothers: Ethan Stenger, John Regan, Harold Ladd, Joseph Major, Alvin Sparks, Joseph Piascinsk, Robert Messick, Joseph Thorpe and Allan Tomczyk.

We understand that the pinning of Nancy Young to John Micich was never mentioned in this column.

**"IT'S TOASTED"**  
to taste better!

**WHY** do thousands of college smokers from coast to coast prefer Luckies to all other brands?

**BECAUSE** Luckies taste better.

**WHY** do Luckies taste better?

**BECAUSE** Lucky Strike means fine tobacco. And that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—brings fine tobacco to its peak of flavor... tones up this light, mild, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother.

**SO**, Be Happy—Go Lucky. Enjoy the better-tasting cigarette—Lucky Strike.

**LUCKIES TASTE BETTER** Cleaner, Fresher, Smoother!

# Captain Bill Reybold Smashes Mile Record With 4:18.6 Run

## Hens Down Hopkins And PMC; Bow To Ursinus By 2-1 Score

Delaware's improving baseball team extended its winning streak to four games last week when they pounded Johns Hopkins 17-3 and trimmed PMC 5-3, but the streak and the week both ended on a sour note Saturday as Ursinus squeaked out a 2-1 win at the Hen's expense.

The Hens must have been saving their hits for a rainy day, because in the Hopkins game a light sprinkle of rain brought seventeen hits off the bats of the previously weak hitting diamondmen. Tom Redfield led the attack on the helpless Hopkins hurlers with four safeties, while lanky Dal Green contributed a triple and two singles. The game was much closer than the 17-3 final score indicates, as the three runs the Blue Jays touched pitcher Dave Woodward for in the fifth gave them a 3-2 margin. The Hens came back with seven in the sixth and four each in the last two innings to give Woodward his second win of the year.

Against P.M.C. portly southpaw Ed "Moose" Morrow started shakily, allowing the cadets two runs in the first inning but after that showed his Michigan form as he blanked the Chestermen the rest of the way. Delaware tied the score when Green opened the fourth with a single, stole second and rode home when Fred Klies muffed Don Miller's grounder. Miller scored an out later on Lou Romagnoli's single. Delaware broke the 2-2 deadlock in the fifth as Morrow singled and was forced out at second by Zaiser. Zaiser stole second, took third on an infield out and was singled across by Redfield. This proved to be the winning run, but the Hens added one each in the eighth and ninth for insurance. Morrow struck out seven and walked only one in picking up his second win of the year.

Against a good Ursinus club which brought a seven game winning streak with them, the Siemenmen again were unable to bunt. Dal Green threw good ball for the Hens' sixth straight well-pitched game, but got little help offensively. It was Green himself who was responsible for the only run, as he hit a 400 foot triple off the wall in right center in the fifth inning to score his battery mate Bob Trivits who had singled before him. The Bears tied the score in the seventh when Allenbach

(Continued on Page 7)

## University Trackmen Set New Marks This Season

Record-smashing performances by Delaware trackmen are highlighting the spring sports season at the university's Frazer Field.

Already four records have been eclipsed, two by varsity and two by freshman performers. Most brilliant of these achievements was a 4:18.6 mile run by Captain Bill Reybold.

Weight man Steve Butcher is the second varsity athlete to contribute a new mark this season and turned the trick with a shot put toss of 45 feet, seven inches, in the opening meet of the year against Swarthmore. Butcher also broke his own record at the Baltimore Relays on April 24 with a throw of 45 feet. Earlier this season he broke the indoor mark in a Carpenter Field House practice meet with a toss of 46 feet, 1 3/4 inches.

Frank Davidson, a sensational freshman prospect from Wilmington, holds two new marks for yearling competition. His first was established on April 17 against Bainbridge Naval Prep when he leaped 20 feet, 2 1/2 inches, bettering by two inches a record set by Bill McWilliams in 1950. He posted a new 880 standard of 2:03.1 on April 27 as the Delaware frosh defeated Johns Hopkins' freshmen. The previous mark, 2:04.8, was set by Tom McKenna in 1949.

## Blue Hen Of The Week

BILL REYBOLD

After the Hen cindermen returned last week from their duel encounter with Johns Hopkins, Delaware had in its midst a miler with national standing. This fact was of little surprise to coach Ken Steers or the remainder of the team, for they all knew Bill Reybold's capabilities. The day was not a perfect day for track, but Bill still turned in a 4:18.6 mile, which broke the old Blue and Gold record set back in 1928 by some twenty seconds.

A letter-winner in crosscountry, swimming and track, Bill came to Delaware from the local high school of Newark. The art of breaking records is nothing new for the senior aggie who holds many Blue and Gold track records.

In campus activities Bill is about as versatile as he is in his athletic abilities. The presidency of the Intramural Council, vice presidency of the Sigma Pi Epsilon fraternity and vice presidency of Scabbard and Blade are only a few of the many extra-curricular activities with which Bill is associated.

In the entire history of track at Delaware there has probably never been anyone who reached such national acclaim and has deserved it so much as "hustling Bill" Reybold, this week's Blue Hen of the Week.

## DIAMOND DUST

DIAMOND DUST: Although the Hens didn't get Dal Green any runs against Ursinus, they gave him good defensive support with Bob Trivits and Andy Wagner standing out.

Not to second-guess coach Siemen, but changing Gary Buckwalter, who hadn't hit in four games, for Bob Trivits, who had hit the ball soundly all day including a fine single, didn't seem very good strategy in the crucial ninth.

Sergeant Jack Sullivan deserves a little credit for the fine shape he's had the Frazer Field diamond in for this year's games.

Jimmy Zaiser and Tom Redfield, the team's two speed merchants, have an individual base-stealing contest on with the stakes a milkshake a steal.

When Buddy Kimmel got the last two outs for the tiring Green against Ursinus, it marked his eleventh appearance in fourteen games, an unofficial school record.

The ever-growing list of athletic nicknames is still growing with the latest one being "Baumholtz" tagged on outfielder Frank D'Armi.

The Hens play Haverford tomorrow at Haverford.

Individual Leaders				
	Batting	Kimmel	400

D'Armi	1	0	0	.000
Kelleher	1	0	0	.000

Bill Reybold will attempt to break more track records tomorrow afternoon against F. and M. on Frazer Field.

## Raymond Of Michigan To Succeed Gene Stauber As Backfield Coach

Harold R. Raymond has been announced as the new backfield coach at the University of Delaware. His appointment to the Blue Hen coaching staff was disclosed last week by head football coach and director of athletics David M. Nelson.

Raymond is the third member of Delaware's coaching staff to have graduated from the University of Michigan. He is a native of Flint, Michigan, and attended Flint Northern High School where he captained the football team and played baseball. In 1944-45 he served in the Air Corps Cadet program before enrolling at the University of Michigan from which he graduated in 1949. While there he played guard and quarterback for the football team and captained the baseball team.

HAROLD R. RAYMOND

During his association with the University of Maine, Black Bear football teams have twice won or tied for the Yankee Conference title and twice captured the state championship. Head coach Harold Westerman describes his departure as "a great loss to the University of Maine." Raymond was also highly recommended by his Michigan coaches Fritz Crisler and Benny Oosterbaan. The newly-appointed coach is no stranger to members of the Dela-

## Win Over Hopkins Gives Track Team Fifteenth Victory

The Blue Hen track team has now extended its winning streak to 15 meets over a three year period. Number 15 was picked up Wednesday when Delaware spilled Johns Hopkins by a score of 73 2/3 to 56 1/3. Although Don Manger and Robin de la Barre of Hopkins showed outstanding running form, the Hens won easily.

The big event of the afternoon was Bill Reybold's running of the mile in 4:18.6. Pushing hard all the way, Bill shaved 10 seconds off the Delaware record—the record for the mile was 4:28 and had been standing since 1921. The amazing thing about this feat is the fact that Reybold wasn't pressed by a runner of either team; he crossed the finish 300 yards ahead of runnerup Bo Fouracre. Also, the condition of the track and the weather were far from ideal; the track was sloppy, and a slight drizzle was coming down.

Bill Reybold now holds two individual records for Delaware men: the half mile and the mile. He also makes up one fourth of last year's record-shattering mile-relay team. In the final three heats of the season, Bill will attempt to set new marks in the quarter mile and the two mile. Coach Ken Steers and the track squad feel that he will do just that.

In the other events the Blue and Gold cindermen were just as brilliant. Steve Butcher continued his incessantly winning ways as the only double winner of the day; Steve took home first prize in both the shot put and the discus. At this point it seems as though Butcher will be top scorer on this year's squad.

Dick Saunders leaped to the top rung in the high jump at a height of 5 ft. 8 in. In this same event John Simpson added to the Hen scoring by tying for second spot. Dick and John have consistently finished in the 1, 2 spots in the high jump throughout the season.

Bill McWilliams again came through with a win in the pole vault. Bill, who recently joined the team after his discharge from the Army, has been a consistent scorer.

In the broad jump Mike Fervor posted his first win in varsity competition. Mike had been running the high and low hurdles until just recently. This fact is largely responsible for his success at broad-jumping.

Donnie Marini, co-captain of the '54 Hen harriers, added to the Delaware scoring by finishing in the place position in both the two mile and the quarter mile. Dan has shown improvement throughout the season; he is expected to fill Captain Bill Reybold's shoes next season.

Other important contributions to (Continued on Page 7)

## Blue Hen Lacrosse Team Loses Sixth To Drexel; Brosius Scores Twice

Paced by attackman Ed Newman's five goals, Drexel Tech handed the Blue Hens their sixth defeat of the year by the score of 8-4. The Hens' record now stands at 1-6.

Drexel started the scoring early in the first period. Newman then scored two quick goals to push Drexel well ahead.

The Hens were again led by Pete Brosius who scored two goals. Wayne Kirklin and Bill Gurney scored the other two goals for the Hens.

Tomorrow the stickmen will play host to Hofstra College of New York with game time scheduled for 2 p.m. Last year Hofstra handed the Hens a 19-2 defeat. In the morning the freshmen Hen stickmen will play Hofstra freshmen. The Blue Hen chicks will be led by Bob Tait, who scored six goals against Swarthmore in their last outing.

## WHITE LEADS TENNIS SQUAD TO VICTORY

The varsity tennis team last week journeyed to St. Joseph's. Led by captain Frank White, the Blue Hens defeated their opponents in a close match, 5-4.

White beat Aschenbrenner 6-0, 6-0; Mulrooney lost to Neil, 8-6, 4-6, 2-6; Hoey beat Carideo 4-6, 6-3, 6-2; Veale beat Fisk 6-4, 8-6; Schupp lost to O'Neill 3-6, 8-10; and Daniello lost to Wankmuller 2-6, 6-2, 2-6.

In the doubles play White and Hoey defeated Aschenbrenner and Neil 7-5, 6-2; Mulrooney and Daniello lost to Fisk and O'Neill 6-4, 1-6, 2-6. Veale and Schupp beat Carideo and Bartlett 6-4, 6-3. The victory leaves Delaware with a 2-1 record.

On Friday the team played host to Johns Hopkins on the South Campus courts. Johns Hopkins showed a very impressive team, defeating the Hens 6-3.

White beat Jennings 6-2, 6-4; Mulrooney beat Shapiro 6-2, 6-1; Hoey lost to Yost 1-6, 1-6; Veale lost to Smith 6-8, 6-3, 4-6; and Schupp lost to Greenberg 3-6, 3-6.

In the doubles matches White and Hoey defeated Jennings and Haberman 6-3, 6-4; Mulrooney and Veale lost to Yost and Kelson 3-6, 0-6. Schupp and Daniello lost to Bower and Shapiro, 4-6, 3-6. The final score was 6-3, with Johns Hopkins emerging the victor.

# SPOTLIGHT ON SPORTS

By DAVE TOMPKINS

A Michigan athlete has once again invaded the university's coaching ranks. This time it is Harold (Tubby) Raymond, who was recently appointed backfield coach of the football team, taking over the position left vacant by Gene Stauber. If Raymond runs true to the standards already established by the other U. of M. graduates (Coaches Nelson, Wisniewski and Lude), he should be a great asset to the university. Since he has had plenty of coaching experience in baseball as well as football at the University of Miami, he could prove to be a valuable assistant to Coach Bob Sieman. Regardless of his qualifications, Raymond will have a difficult time in filling the shoes of Stauber, who was instrumental in molding the great UD football teams of the past two years.

Little did I know when I penned last week's column that Bill Reybold was going to break the mile record before the paper came out. Reybold trimmed nearly ten seconds off the previous mark set in 1921. In addition to shattering the university record, Reybold's time was also the best ever recorded on Johns Hopkins field where the meet was held. Too bad he's a senior. He will probably attempt to set new records also in the 440,

## Capt. Bill Reybold

(Continued from Page 6)

the Delaware scoring were made by: Dave Sharp, who finished in the third spot in both the discus and the 100-yd. high hurdles; and Jim Flynn, who continued his sizzling pace by placing in the 100-yd. dash and the 220-yd. run.

Tomorrow at Frazer Field, the Hen track squad will attempt to stretch its streak. Also, Bill Reybold will be running the quarter mile in hopes of setting a new record.

## 880 and two-mile events before the season is finished.

The baseball team has really shown its stuff during the past week. The offensive punch that has been lacking throughout the season finally came through. Batting averages have soared with Kimmel and Redfield leading the pack at .400 and .340. Pitching and defense were again sharp. Keep up the good work, boys — you may win the pennant yet!

### QUICKIES

**Pete Brosius lead the Blue Hen lacrosse squad in scoring with 10 goals. . . No wonder the baseball team lost to Ursinus! Look who was pitching against the Hens — Art Ehlers, Jr., son of the general manager of the Baltimore Orioles. . . Watch Frank Davidson go places on the varsity track team next year.**

## Intramural Highlights

Intramural softball got under way this week with 13 teams battling it out for early leads. All nine fraternities are competing along with the "Atomic Sentinels," "The Clowns" and the "69ers."

### The standings:

A. T. O.	3	0
Theta Chi	3	1
69ers	3	1
Sigma Nu "A"	3	1
Kappa Alpha "A"	3	0
D. T. D.	2	2
S. P. E.	2	2
Kappa Alpha "B"	1	2
A. E. Pi	1	3
Pi K. A.	1	3
The Clowns	1	3
Atomic Sentinels	0	3
P. K. T.	0	4

Scores on intramural tennis "A" tournament are not yet completed, but forging ahead are: Tom Metz (KA), J. W. Lewis (SN), George King (TC) and Harry Tetlow (KA).

In tournament "B" Ken Whittington (KA), Frank Gyetvan (TC), John Farley (KA) and George Bachelor (KA) are waiting to play the third round elimination.

## Bob Waples' Initial Win Proves Fruitless As Hen Golfers Lose To Hopkins

Last Friday the Newark Country Club was the scene of another defeat for the Blue Hens' golf team. The loss came at the hands of Johns Hopkins whose previous record was no wins and five losses. Delaware's record for the season now stands at one win against four losses.

Delaware matched points with Johns Hopkins in the individual matches, each team winning three of the six. Johns Hopkins, however, took all three of the best balls; these points supplied the three point margin in the 6-3 score. The spot light of the match fell on Delaware's Captain Bob Waples, who came through with his first win of the season by downing Joel Fine, 3 and 2.

### Summaries:

Captain Bob Waples, Delaware, defeated Joel Fine, 3 and 2; Bob Harris, Johns Hopkins, defeated Tom Parvis, 7 and 5; Johns Hopkins won best ball, 2-1. Dave Farone, Delaware, defeated Dick

Moore, 1 up in 19 holes; Bill Blair, Johns Hopkins, won best ball, 3 and 2.

Al Birtch, Johns Hopkins, defeated John Farone, 5 and 4; Jack Becker, Delaware, defeated Marion Barlow, 4 and 2; Johns Hopkins won best ball, 2 and 1.

Today the golf team plays host to the University of Maryland. After successive losses the Delaware fans can look for a new lineup, as the match gets started at 2 p.m. at the Newark Country Club.

## Hens Down Hopk.

(Continued from Page 6)

singled and went all the way to third when Romagnoli erred on a throw to cut Allenbach down stealing. He scored on Lapp's single through the middle. Ursinus went ahead in the eighth when Popovich walked, moved to third on Burger's single and scored on pitcher Ehler's single.

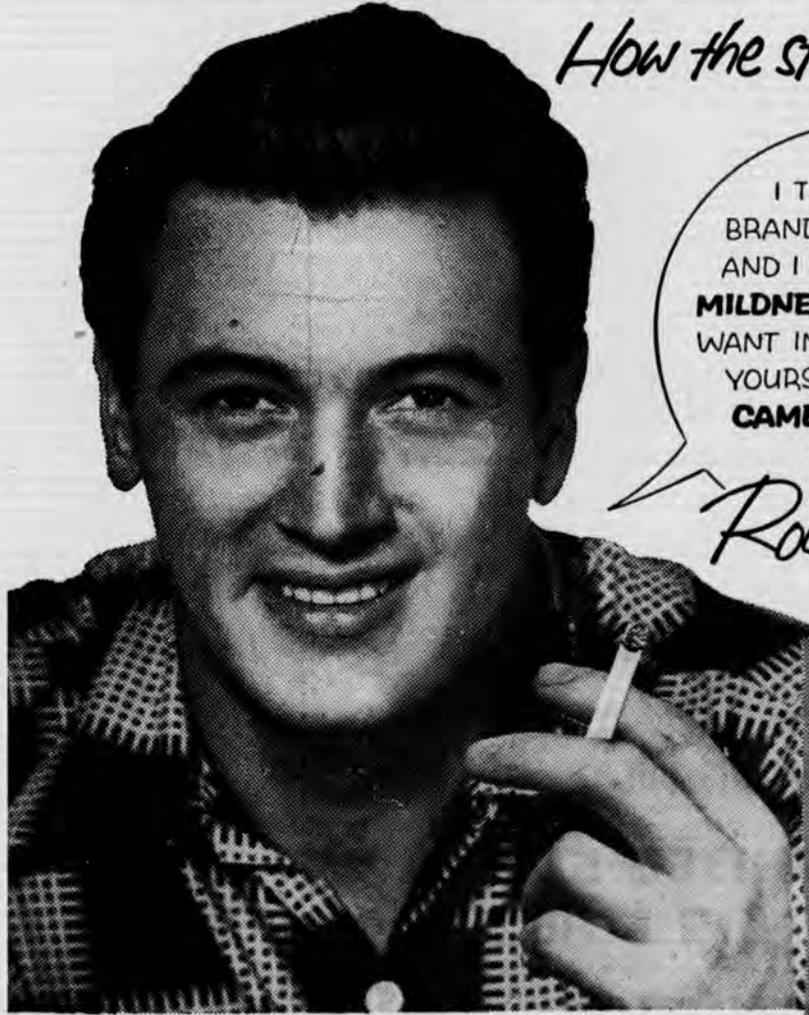

In the ninth it looked as if Delaware would at least tie it up when Andy Wagner walked and moved to second on a neat sacrifice by Serpico. Romagnoli then got a bloop single to left, but Wagner was unable to move because it was

undeterminable if it would be caught. With two on and one down Gary Buckwalter was sent up to hit for Bob Trivits and promptly hit into a double play. The loss snapped the Hens' streak at four and brought the season's record to 7-7. Ursinus' record is now 9-1 with the only loss coming at the hands of P.M.C.

**Typing And Shorthand Skills Help Secure Jobs**

"Too much emphasis cannot be placed on the value of shorthand and typing skills to the liberal arts woman graduate," says Mrs. Geraldine Wyatt, director of the UD Placement Bureau.

Developing this theme—Mrs. Wyatt adds that "the possession of these skills is the key which opens the door to employment in business and industry for many new graduates." These words of advice from one who knows should carry special weight for underclassmen, with pre-registration scheduled from May 12 through 20.

The demand for college graduates with secretarial training is unprecedented and exists in every field of endeavor. Salaries are excellent. Too few graduates are aware of the genuine opportunities available in the secretarial field and the attractive possibilities for career development to which these may lead.

**Group Study**

(Continued from Page 2)

Middlebury College offers graduate courses in Paris and Madrid. Graduate women may study music and art at the Pius XII Institute, Villa Schifanoia, Florence. The University of San Marcos in Peru gives graduate work in Peruvian literature, economy, history, geography, archaeology and Spanish.

Americans may take graduate courses conducted in English at universities in Sweden and Denmark. The University of Stockholm has an International Graduate School for English-speaking students. The Danish Graduate School for Foreign Students is held at the Universities of Copenhagen and Aarhus.

Group Study Abroad can be obtained from the Information and Counseling Division of the Institute.

**Young Democrats**

(Continued from Page 2)

both houses by virtue of the fact that they have been the supporters of his measure, rather than his own party."

An early campus organizational meeting is planned by president Greenstein. In an interview with this Review reporter, he outlined a six-point program in preparation for the November elections.

Prominent speakers, both local and regional, will be invited to the campus under the auspices of the Young Democrats. The campus AYR will be challenged to debates on political issues. The campaign will be promoted throughout the campus.

An attempt will be made to produce an awareness of the issues involved. Closer cooperation will be attempted between the state organization and the local group.

*The Spartan Band that held the pass,  
 The Knights of Arthur's train  
 The Light Brigade that charged the guns,  
 Across the battle plain  
 Can claim no greater glory than  
 The dedicated few  
 Who wear the Wings of Silver  
 ... on a field of Air Force Blue.*

**For Fellowship...High Adventure...and a Proud Mission...  
 wear the wings of the U. S. Air Force!**

In days gone by, young men in shining armor ruled the age. Today, a new kind of man rules the age—America's Knights of the Sky, the Air Force Pilots! They rule from on high, in flashing silver-winged Air Force jets... a gallant band that all America looks up to! Like the Knights of old, they are few in number, but they represent their Nation's greatest strength.

If you are single, between the ages of 19 and 26½, you can join this select flying team and serve with the finest. You will be given the best jet training in the world, and

graduate as an Air Force Lieutenant earning \$5,000 a year. Your silver wings will mark you as one of the chosen few who ride the skies in Air Force jets.

As an Air Force pilot, your kingdom is space—a jet is your charger and your mission is the highest. You are a key defender of the American faith, with a guaranteed future both in military and commercial aviation.

Join America's Knights of the Sky, new men of a new age. Be an Aviation Cadet! For further information, fill out this coupon.

A limited number of positions as Psychiatric Aides are available to college graduates at one of America's foremost psychiatric clinic-hospitals. If you are interested in psychiatry, psychology, personnel work, teaching, or social work, this is a valuable opportunity for practical on-the-job experience in the basic areas of human relations. You will also enjoy the benefits of living in a stimulating atmosphere with congenial people. You will have complete room, board, recreational and social facilities plus a cash salary. For further information, write to: Barbara St. John, Director of Personnel, The Institute of Living, 160 Retreat Ave., Hartford, Conn.

### Fraternity Elections

#### Silverman Wins AEPi Mastership In Recent Election

Mal Silverman, an education major, was elected master of Alpha Epsilon Pi on April 29.

Mal, a first semester senior, was pitcher in the fraternity's intramural baseball season, was social chairman of AEPi and was in the Interfraternity Playbill. During the past two summers he attended Marine camp at Quantico Marine Base, and upon graduation he will go into the service. Mal came to Delaware in his freshman year but transferred to Panzer College in New Jersey where he stayed for two years.

To begin his official duties, Mal was presented with a bottle of Heinz 57 Catsup at the dinner dance on April 30.

The other officers elected are: Gordon Pizor, lieutenant master; Jerry Spivak, scribe; Hillel Handloff, corresponding secretary; Dick Paul, exchequer; Bill Kates, sergeant at arms; Mal Silverman, IFC representative; Stan Sirkin, IFC alternate, Jerry Rothstein, first executive council alternate; Dave Collins, second alternate for executive council; and Tom Katman, executive council member at large. The committee chairman has not been appointed yet. Gordon, a sophomore pre-med student, is the national ad manager for the Review, is in the photography club, was IFC alternate and is house manager of the fraternity this year.

#### SN Elects Dahlen New Commander For 1954-55 Term

Sigma Nu celebrated its annual weekend last week under its newly-elected commander Dean Dahlen. The election of officers for the 1954-55 year was held on April 23.

DEAN DAHLEN

Dean, who succeeds Dan Enteline as commander, is a mechanical engineer and will graduate in the class of '55. He hails from Wilmington and has been active in intramural sports and is a member of the American Society for Mechanical Engineers. Dean is also the alternate representative to the Inter-Fraternity Council.

Thomas Bratton, Jr., will serve the chapter as lieutenant commander. Tom is an Arts and Science major in the present junior class. He is a member of the Pre-law club as well as the Varsity Club. Tom has competed on Whitney Burnam's wrestling team and is also an intramural participant.

The treasurer elected for the coming year is Bill Lotter, who is from Springfield, Pa. Bill is a mechanical engineer in the class of '56. He is a member of A. S. M. E. and the varsity wrestling team.

Charlie Paski will serve Sigma Nu as recorder for the next year. Charlie has been writing the Greek column for the fraternity. He is an

active member of the Newman Club, Biology Club and Pre-Law Club.

#### Sigma Phi Epsilon Elects John Tuley As New President

The president of the Sigma Phi Epsilon Fraternity for the coming year will be John Tuley. The new officers took over the Sig Ep house on the first of April.

John is a chemical engineer from Naguatuck, Connecticut, and will be a senior next year. Before being elected to the presidency of the fraternity, he served as house manager. John played varsity basketball and lacrosse last year but has devoted his sporting skills to intramurals this year. He is a member of the AICHE, the campus engineering club.

Other officers elected by the members of Sig Ep include Dick Knoll, vice president; Don Daniello, secretary; Don Boyce, comptroller; Don Williamson, historian; Pete Kelleher, house manager; and Bob Goodrich, steward.

The new vice president, Dick

JOHN TULEY

Knoll, previously served as secretary of the fraternity. He is a business major and lives in Glendolden, Pa. He was recently elected to be treasurer for the senior class.

Bob Goodrich will be in charge of the Sigma Phi Epsilon kitchen and dining room. He succeeds Ray Hoopes as steward. Sig Ep and Alpha Epsilon Pi are the only fraternities at Delaware with dining rooms.

### Ford Foundation

(Continued from Page 2)

Fords have a bent for math and science; over half hope for careers in science.

It is still early for conclusive results despite the apparent success academically of students participating in the early admission programs. Some educators feel that the speedup does not make up for the loss that may be felt by young Fords who are unable to participate in some of the social activities of their older classmates.

## Engineers of virtually EVERY type are needed on the Boeing team

Mechanical, electrical, civil, aeronautical—in fact, graduates in virtually every field of engineering—find rewarding career opportunities here. There are openings in design, research, in the many phases of production, and for physicists and mathematicians with advanced degrees.

All engineering careers at Boeing have one thing in common: they provide plenty of opportunity to get ahead. Regular merit reviews are held. Advancement is keyed to your individual ability, application and initiative.

The aviation industry offers you a unique opportunity to gain experience with new techniques and new materials. It offers a wide range of application, from applied research, to product design and production, all going on at the same time.

What's more, you can expect long-term career stability in the aviation industry. Boeing, for instance, is now in its 37th year of operation, and actually employs more engineers today than

even at the peak of World War II. Besides designing and building the world's most advanced multi-jet aircraft (the B-47 and B-52), Boeing conducts one of the nation's major guided missile programs, and such other projects as research on supersonic flight, and nuclear power for aircraft.

Boeing engineering activity is concentrated at Seattle, Washington, and Wichita, Kansas—communities with a wide variety of recreational opportunities as well as schools of higher learning. The Company will arrange a reduced work week to permit time for graduate study and will reimburse tuition upon successful completion of each quarter's work.

For full details on opportunities at Boeing and for dates when interviewers will visit your campus,

consult your PLACEMENT OFFICE, or write: JOHN C. SANDERS, Staff Engineer—Personnel Boeing Airplane Company, Seattle 14, Wash.

### Resident Advisors

(Continued from Page 1)

university as a junior, senior or graduate student for the school year 1954-55.

2. Have at some time spent at least a year living in a college or university dormitory. Experience in working with groups, in counseling or in personnel work is desirable, but not essential.

3. Have maintained at least a 2.5 average in all academic work taken at the University of Delaware.

4. Be prepared to have personal interviews with at least two university staff members.

Appointments are made for a full school year, and as remuneration for their services, resident advisers receive assignment to a single room in one of the men's residence halls with remission of room rent charges. In some instances, dependent on experience, advisers

**W. B. Bridgewater**
