## TEACHERS APPROVE LEGISLATIVE PROGRAM

### Local Faculty Votes Support Of Bills Before State Assembly

At its meeting on Wednesday, January 20, the faculty of the Newark Public Schools unanimously adopted a resolution to support wholeheartedly the legislative program of the Delaware State Educational Association, which is being presented for approval to the State Legislature during its current session.

The D.S.E.A. legislative program consists of three bills which are considered to be of utmost importance to the maintenance of a sound educational system in the State and community.

The first bill, the so-called Increment Bill, asks the State Legislature to enact the necessary measures which will provide sufficient funds to care for regular annual increments to those teachers who have qualified for them because of faithful service and educational improvement. This increment provision has long been an understood part of every teacher contract but the failure of previous legislatures to provide the necessary funds has forced its curtailment on many occasions.

The second bill calls for the passage of legislation which will provide for a cost-of-living increase of 15 percent on the salaries of school employees. These increases are to be based on salaries in September 1942 and to be retroactive to that date.

The third bill concerns teacher retirement and requests that enabling legislation be passed which will allow the proper authorities to set up a system for the regular retirement of those teachers who have served their State faithfully over a long period of years.

The Newark teachers are appealing to all organizations and individuals in the district, who are interested in the maintenance of a sound educational program and who are willing to support the above legislation, to contact their senator and representatives and to express to them their desires for the passage of the above mentioned bills.

## AIRPLANE OBSERVERS MEETING

### Major Percy Regional Director Gives Talk

Nearly the entire personnel of both the Possum Park and Chestnut Hill airplane observation posts were present on Tuesday evening at Wolf Hall to hear Major Donald B. Percy, regional director, ground observation section of the Air Corps.

F. Allyn Cooch, Jr., chief observer for the Chestnut Hill Post presided over the meeting and stated that the local posts had been started from a humble beginning early in June of 1941. Later in October tests were conducted and on December 7 both posts went into real operation with 24 hour service being maintained ever since.

Starting with about 30 volunteers the two posts now have more than 325 spotters and both posts are functioning 100 per cent.

Started with telephones inside wooden boxes out in fields, shacks were erected at both sites. During the past summer posts have received elevated observation posts equipped with telephones, stoves and all needed equipment. The posts are self supporting and during their existence have raised close to \$1,000.

Clark McKnight, district director of the Wilmington Air Raid Warning Center was present and gave a short talk about his department.

Major Percy likened the airplane observers to the eyes and ears of the Army and said that if we ever want to be in a real raid all we need to do is just let our system drop and the enemy will know it in no time. In England he said more than 100,000 persons had been killed or wounded by air raids.

The observers are doing sentry duty for all branches of the service. Major Percy told those present and much depended on the promptness and clarity of the messages sent in.

Miss Dorothea Rothwell, teacher of commercial subjects at the Newark High School has resigned to accept a position at the Butler, New Jersey High School and will leave the last of the month.

## SEGARS FUNERAL

Funeral services for Frank Segars, 60 years old, were held from the residence of the deceased, 107 So. Chapel Street, Wednesday afternoon with the Rev. H. Everett Hallman officiating. Burial was made in the New London Cemetery.

Segars, a watchman at the Continental-Diamond Fibre Co., died last Sunday. He had just completed making his rounds and, feeling tired, sat down to rest. He was found dead in his chair by fellow employees later.

Mr. Segars is survived by one son, Roy, who made his home with his father at 107 So. Chapel Street.

Re-Elected

D. A. McClintock

## McCLINTOCK REELECTED PRESIDENT OF C. OF C.

### J. E. Dougherty, H. Handloff And Geo. M. Haney Named Officers

D. A. McClintock was re-elected president of the Newark Chamber of Commerce for the third successive year at the annual dinner and election meeting held at the College Inn last Thursday evening. George M. Haney, a former president, was unanimously chosen vice president for 1943. Other officers named were Herman Handloff, secretary, and J. E. Dougherty, treasurer.

Mr. Handloff declined the post of secretary and his successor will likely be named at the next meeting of the Board of Directors. George F. Jackson, George M. Haney and R. T. Ware were re-elected as Directors at the general election and Herbert Hollingsworth was named to the Board replacing former vice-president Alfred Deck.

## SUPPORT PRICES RELEASED

### Support Prices Promised On White Potatoes

The United States Department of Agriculture has just released the 1943 support prices for the following products:

Sweet Corn — \$19.00 per ton.  
Tomatoes — \$27.00 per ton.  
Canning peas \$17.50 more per ton than the 1942 contract price — in most cases approximately \$90.00 per ton.  
String Beans — \$90.00 per ton.  
Support prices have also been promised on white potatoes but to date the price has not been released.

These support prices guarantee to the farmer that the price will not be lower than that set by the Government.

There will also be incentive payments for the following crops in order that the acreage will be increased: sweet potatoes, soybeans, sorghum, peanuts, flax and dried peas.

Since soybeans will be the crop the New Castle county farmers are most vitally concerned with, the incentive payment for this crop is as follows: an increase from 10 1-2 million to 12 million acres in the United States. A payment of \$15.00 per acre will be made to farmers on each acre over 90 percent of the farm goal to 110 percent of the goal. For further details contact the County Agent, Ralph L. Watson.

## Delaware War Relief Chest Drive Closes Friday

## P.T. A. TO MEET NEXT THURSDAY

### Schools At War Program Presented By Students

The gas shortage isn't expected to have much effect on the attendance at Newark's "Neighborhood Night" which will be held on Thursday evening at eight o'clock in the High School Auditorium. Officials of the Newark Parent-Teacher Association, which is sponsoring the program at the request of the United States Treasury Department, state that considerable interest is being shown in the unique program arranged to show what the schools are doing in the war effort.

Under the heading "Schools At War" program, an interesting and instructive evening has been planned by faculty members and students. Selected students will present short paragraph reports on what the schools have done and are still doing in the war effort. This information has been collected and assembled by Carleton E. Douglass, Superintendent and James Parsons, Assistant Superintendent of the Newark Schools. A practical demonstration of the Physical Fitness program in the schools will be given by a group of boys and girls. Selections by the High School Band and the mixed chorus will be given under the direction of Frederick B. Kutz, Director of Music. Members of the dramatic society under the direction of Mrs. Bant will present a short play entitled "Only Ten Percent."

The evening's program will close with a community sing. Mr. Kutz has arranged a series of familiar songs under the heading of Wars of Freedom Songs. G. Taggart Evans, President of the Parent-Teacher Association will preside.

## Local Banks Adopt Ration Banking System

Representatives of all the banks in rural New Castle county at a meeting held at the Farmers Trust Company in Newark on Friday evening decided to adopt the new Ration Banking System which is to be handled throughout the country by the OPA.

Representatives of the OPA were present and showed moving pictures of the banking of ration coupons and also answered questions put to them by members of the County Association, so that they will be able to take care of all customers when this system goes into effect on January 27.

## STANTON STUDENTS VACCINATED

### Friendship Lodge No. 4 To Install Officers

Dr. J. R. Downes, State Health Doctor, visited the Stanton School this week and vaccinated 140 people, including school pupils, children of pre-school age and adults. The school enrollment had practically been immunized previously, but since pupils of the 7th and 8th grade had not been done for several years, they were again treated.

A Birthday surprise party was given this week for George McCrone, Jr., son of Mr. and Mrs. George McCrone. The party was held in Odd Fellow's Hall, in celebration of his 20th Birthday Anniversary. George left on Thursday to be inducted into the Army. He received \$60 in money, as well as many other nice gifts. The birthday anniversaries of a cousin, Mrs. Claude White and another friend, Miss Ruth Argoe were also celebrated. Mr. Claude White, another guest, also left on Thursday for Army Service. Dancing, Music and Group singing was enjoyed. There was a large Birthday Cake for the guests of honor.

Friendship Lodge No. 4, Shepherds of Bethlehem, will install officers on Tuesday evening in the Odd Fellow's Hall at 7:30. The installation will be conducted by Lady Corrine Schaffer of Lady Miller Lodge No. 6, Wilmington.

## C. PAINTER IS NAMED SCOUT HEAD AT NEWPORT

### Krebs School Kindergarten Entertained At Party

Newport, Jan. 28 — Newport Boy Scout Troop No. 73 met in the Krebs School Friday evening, with Allen Spicher, Assistant Scout Master, in charge. Merrill Buterbaugh, Assistant Scout Master, also assisted in the conduct of the meeting. ## RESPONSE TO CHRISTMAS CARDS STILL COMING IN

Hundreds Of Cards, Letters Received From Service Men

The overwhelming response of gratitude from Newark men in service to the Christmas greetings and cards sent them by the Mayor's Committee has prompted Dr. John R. Downes, general chairman, to write the following letter to Newark citizens.

To the Citizens of Newark:

Though Christmas is some little time behind us, letters and cards are still coming from men and women, from Newark, who are in the armed forces, expressing their gratitude for the Christmas remembrances sent by the Mayor's Committee.

It may be explained that in an appropriate greeting card with two pictures of Main Street, was a Christmas check for two dollars. Also, inclosed was a return post card on which was printed an acknowledgment and space for signature.

In addition to three hundred or more cards, approximately a hundred letters have been received expressing their gratitude as the card was not an adequate acknowledgment.

It was through the generosity of the citizens of Newark that this undertaking was made possible; and if it were feasible for each contributor to read these letters, he or she would be, not only well compensated, but very gratified for doing his or her bit to send Christmas cheer to those from Newark who are in the service of our Country.

Though some letters have already been published, The Newark Post has kindly consented to print a few more examples of those which are still coming in.

Through me, the Mayor's Committee expresses its sincere thanks to you, as citizens of Newark, for your support.

Dr. J. R. Downes,  
Chairman, Mayor's Committee

Dear Folks,

When I received your card with photographs, and the substantial check, I'll have to admit my throat wasn't too clear and my eyes weren't quite dry.

To say thanks in any other manner, after expressing to you my feelings, would be superfluous.

You rang my Xmas bells!  
I'll see you later,  
Bill Holloway.

Dear Citizens of Newark,

I have received the check and the Christmas Greetings you have so thoughtfully sent me, and I wish to say that they were both deeply appreciated. It gives me a warm feeling to know that you, the people of my home town, are thinking of us.

The pictures of the old Main Street brought back memories of better times and gave all of the Newark Boys a genuine thrill. It gave us all an incentive to work even harder toward Victory in 1943. I am sorry I can't disclose what we are doing here, but I can truthfully say that all the Newark Boys are in good health and doing a splendid job.

Thanking you again, I remain  
Sincerely yours,  
Corp. Charles M. Gibb

Dear Friends:

I wish to acknowledge receipt of and express my most sincere gratitude for your so thoughtful check of December 24, 1942. The photographs of Main Street certainly bring back wonderful memories.

I am in association with boys from every section of the country, but my home town, I'm proud to say, is the first I know of to do quite what the folks of Newark have done for her sons. As one of her sons, I can assure her people that whenever efforts were expended, they shall not have been in vain or soon be forgotten.

Very truly yours,  
A/C H. N. Sheaffer

Dear Friends,

One cannot say how truly elated, deeply grateful and appreciative I was when I received your very considerate Christmas greeting. More than the check itself is the thoughtfulness and spirit behind it; the remembrance which more than anything else gladdens the heart of a service man away from home. I speak not only for myself, but particularly for those who are spending this season under far more trying conditions and much further away from home than am I.

Thank you, Citizens of Newark,  
Very truly yours,  
P. M. Goodwin, Lt. USNR

Gentlemen:

Just a few lines to tell you how much I appreciate your Christmas gifts from a fine town. I can use the money because it's the end of the month and my funds are low. The pictures of Newark will certainly serve as a fine reminder of a good town and the generous people in it. In all, I want to thank you and the people's contributions toward sending me the gifts. Thank you very much. Merry Christmas and Happy New Year to all in Newark.

Yours truly,  
Private Augustine F. Cosetti

## Learning a Swimming Aid

These four members of the Southern Women's Army Air Corps are learning how to use a barrack bag as a life preserver. At a center, they jump into a swimming pool, bringing the bags smartly down to them. Thus inflated, the bags will keep them afloat for a considerable time.

Dear Sir:

There are no words that I could write to try and tell you just what that Xmas gift meant to me, and the two pictures on the Xmas card sure did make me feel real good. It was a way of taking my mind off the army life for a few hours. How beautiful old State Theatre looked to me, and I will surely do many times the value of that check in damage to those yellow Japs and those hard-headed Germans. I am asking you to please render much thanks to the Honorable Mayor and his Committee, also the citizens of Newark. I am very proud to be able to represent the city of Newark in the armed forces of my country as a fighting son of freedom from dear old Newark.

Very truly yours  
Private Norman Jamison

Citizens of Newark,

Merely recognizing receipt, by the return addressed card doesn't express my appreciation for the spiritual and material gifts you sent my way.

Not being a come day go day person, glances at the snap shots bring back fond memories and keep thoughts of silver linings ever present. The check instead of cigarettes, to me, is more personal. This may be only coincidental, but I like to think someone responsible knew I didn't smoke and therefore each, on your list, received separate consideration.

Mother has moved since Father's death and my wife lives in Wisconsin, so I will probably not be a citizen of Newark again, but it will always be home.

Even out here the Library has books on Delaware, with one devoting ten or twelve pages to the "Old Home Town." This, now, is in my desk and the card with the photographs adorns the top, to stay until something more violent than a wind storm causes its removal.

A humble Native,  
Corp. John E. White

Gentlemen:

Through the medium of your Committee, I wish to express to the citizens of Newark my humble appreciation for the Christmas card and check which arrived yesterday.

My family have resided in Newark for only a little more than two years; and between finishing College and entering the Army, I spent only eight pleasant months in residence there. In that short length of time, I didn't have much opportunity to become well acquainted. Thus, I experienced, perhaps, a greater thrill than most of my Newark comrades-in-arms at receiving a Christmas remembrance from my fellow townsmen. I was deeply touched by your generosity and public spirit, and I shall never forget it.

It is seemingly little things like this that provide the extra bit of fighting spirit which decides the issue when battles hang in the balance. One of the most assuring things in a soldier's life (which normally is not too full of certainties) is the knowledge that those on the home front are behind him. It is manifoldly satisfying to a man to know that his entire town is morally reinforcing him. From the bottom of my heart, I thank you. I hope that, when the time comes, I may vindicate your faith.

Sincerely yours,  
Philip A. Beaman, Cpl. A.U.S.

To the people of a swell home town, Let me express, in deepest sincerity, my thanks to everyone at home for making Christmas a happier day for fellows like us in the service away from home.

Sincerely,  
Clement J. Lenhoff

Gentlemen:

Couldn't return the enclosed card without taking time to express my thanks to the Mayor's Committee for sending me Christmas greetings. The unique card (Main Street looks mighty good to me!) and check will be deeply appreciated by all members of the armed forces from Newark; and the gesture is a credit to the thoughtfulness of both the Mayor's Committee and the citizens of Newark.

Thanks again, and Merry Christmas to everyone.  
Pvt. Donald F. Hill

Dear Committee:

Allow me to take this means to thank you for your well chosen and timely gift received in yesterday's mail. If it were possible for me to tell you the effect this gesture created upon the minds of my fellow soldiers, I feel sure you would realize just how this kind thought has indelibly impressed my mind.

Wishing you a Merry Christmas and a Happy New Year, I am  
Sgt. Edward Morgan

### U. of P. Extension Courses Postponed to February 8

Owing to the closing of the Wilmington schools during the week of February 1st, the opening date for the Wilmington Extension Courses of the University of Pennsylvania has been postponed. These courses will begin during the week of February 8th, meeting Tuesday and Thursday evenings at 8:00 P. M. in the Wilmington High School.

Both of these courses are planned with special reference to the national crises. On Tuesday evenings Professor J. H. S. Bossard, Director of the Carter Foundation for Child Study of the University of Pennsylvania, will lecture on Social Changes in a World at War. On Thursday evenings Professor Sculley Bradley will lecture on American Life in Literature. Professor Bradley is the author of several volumes on American literature and history, and his lectures will emphasize the literary expression of the ideals of American life and democracy during the last century.

## AN OPEN LETTER

### What We Want And Why

The teachers of the State are asking for passage of the so-called Increment Bill.

Increments are contractual agreements, an understood part of the contract of all teachers who have not yet reached their maximum. They are not salary increases. We feel that each teacher in our State who has rendered faithful service and has improved professionally is entitled to a regular annual increment up to a certain fixed maximum salary. A program of this type set up on a sound financial basis would attract and hold better teachers, too many of whose services have been lost to our State because of the failure of previous legislatures to provide the funds necessary for its successful operation.

The teachers of the State are asking for the passage of a bill providing for a cost-of-living increase of 15% on all salaries of school employees up to \$2,900 annually, with an increase of 15% of \$2,900 for those few salaries between that figure and \$5,000. This increase is to be based on salaries in September 1942, and be retroactive to that date.

The cost-of-living has risen about 19.7% since January, 1941 and will continue to rise for the duration. Teacher salary schedules have not changed materially for many years. In fact, during the depression the already low salaries were cut 10% and 5%. Well over 300 out of the 1700 teachers in the State left their jobs during the past year, largely because of economic conditions. Unless this situation is changed immediately, our State will lose many of its best teachers and many of their positions will be impossible to fill. Half-way measures and stop-gap legislation will not be enough.

The teachers of the State are asking the Legislature to enact enabling legislation so that the proper authorities can set up teacher retirement plan which will enable those teachers who have served their State faithfully over a long period of years to retire to a well-deserved rest.

This particular bill has been proposed to several previous legislatures but has never been given much consideration. The teachers of the State are submitting it again at this time and requesting that it receive proper consideration and legislation which will enable teacher retirement to become a reality in the near future.

The teachers of Delaware fully realize that they have a definite obligation to their local, state, and federal governments during normal times, and a special obligation during times of crisis. Their past record of loyal service proves that the great majority of our teachers has faithfully fulfilled that obligation. However, we sincerely believe that these same governments have certain specific obligations towards their employees and we are asking them to see that these obligations are adequately met now before conditions grow worse, and the children of our community are needlessly deprived of the best education to which they are fully entitled.

We are asking all organizations and individuals, who are interested in assuring for the children of Delaware the educational program to which they are entitled, to assist in its procurement by contacting their local Senator and Representatives and expressing to them their wishes. The need is vital and time is short. Don't let your schools down with "too little and too late."

Legislative Committee  
Of The Newark Teachers

### THERE IS A DIFFERENCE

Captain Eddie Rickenbacker, after returning from his grueling experience in the South Seas and his inspection of fighting fronts, is the only man who has said what the American people needed to hear in connection with production problems. In the newspapers and in the news reels he said that if the soldiers could be transferred from the hell holes they occupy on the battlefronts, to our factories, and if the employees in the factories could be transferred to the battlefronts, production in this country would double in thirty days.

By the tone of his voice and his expression, you could see that he was disgusted with the Pollyanna talk about workers at home being classed as filling "battle stations."

Captain Rickenbacker emphasized that nothing the people in this country can do will in any measure equal what the boys on the battle lines are doing. They don't get overtime pay and they work day and night if necessary.

The people agree with Captain Rickenbacker. Just because some of us wear "tin hats" at home, we don't want to become swelled up with the idea that we are filling "battle stations"—we are not. Battle stations are where the bullets fly and men are dying; where men work as long as there is something to do; where orders are obeyed; where overtime pay and profits are not an issue; and where the perpetuation of liberty and freedom for the individual are the guiding stars.

Columbia University is having an art exhibition of works created by faculty members in their spare time. Five of the better pieces admitted, however, are three cartoons and two portrait drawings, not by a professor, but by Patsy De Vito, a wall scrubber in the university's janitor department.

An Eastern insurance official was puzzled by a letter from a field agent saying a certain applicant had been rejected because he had a "hot mamma". Investigating, he found that a Yankee stenographer had misunderstood a Southern gentleman who dictated the letter attributing the rejection to a "heart murmur."

## IN REVIEW

25 Years Ago

**Soldiers Entertained at Wright Home**  
Fifteen men, members of the Twentieth Engineers Corps, from the American University Camp at Washington, were entertained by S. J. Wright and family last Saturday evening.

The men were passing through Newark about eight p. m. in large army trucks, when they were delayed by tire trouble in front of the Wright residence. The weather was bitter and Mr. Wright, in hospitable fashion, invited them into his home. The M. A. McGovern restaurant was called and a lunch of sandwiches and hot coffee was ordered for the men, who, Mr. Wright learned, had nothing hot all day. Mrs. McGovern measured up to the occasion by serving the lunch at the Wright home just eighteen minutes after the order was placed.

**Delaware Man Wins Promotion**  
Captain Eugene Reybold of the Coast Artillery, United States Army, whose home is in Delaware City, has been promoted to major according to orders just issued by the War Department. Major Reybold who is now stationed at Fort Monroe, is 35 years old, being one of the youngest men in the service to obtain that rank. He is the son of J. F. Reybold of Delaware City.

He graduated from Delaware College in 1903 and during his last two years there, was major of cadets. Following his graduation he entered the services of the United States Government as an engineer in this district. At the time of entering the army he was in charge of the Cape May harbor construction work for the government.

Upon entering the army he went to Fort Leavenworth, Kansas, where he passed his examination, being fifth in a class of 90. He was one of three honor men at Fort Monroe last December, a year ago.

Major Reybold served on General Bell's staff in the Philippines and helped to build Fort Stuenkel. He was transferred from the engineering to the quartermasters department. Being young, aggressive and full of initiative, he is just the type General Pershing has asked to be assigned to the important work abroad in this war.

**Junior League Presents Gift**  
Members of the Junior League of the Newark Methodist Episcopal Church at their regular meeting last Wednesday presented Mrs. E. P. Roberts, wife of the pastor, Dr. Roberts, with three pieces of cut glass as a small token of their appreciation of her helpfulness while among them.

Dr. Roberts, on account of poor health, will retire from the ministry next March. He has recently purchased a home in Middletown where the family will live.

**Special License Ruling**  
According to a recent government ruling which prohibits the buying or selling of explosives without a special license, Magistrate L. W. Lovett of Newark has been appointed to issue them.

**Senator Wolcott To Speak Here**  
Senator Josiah O. Wolcott will deliver the annual address to the Delaware College Y.M.C.A. on Sunday morning, June ninth. The Honorable William Howard Taft, and Rev. John MacDowell of Baltimore, are other commencement speakers.

**Evangelistic Meetings Postponed**  
Owing to the necessity for coal conservation the series of evangelistic services being planned by a joint committee of the M. E. and Presbyterian Church of Newark, has been indefinitely postponed. All church services at the Presbyterian Church are being held in the basement until the present coal crisis is past.

**Teachers Present Resignations**  
Mrs. Angie B. Perkins, teacher in the fifth grade, Newark Public Schools and Miss Rebekah Whalen, teacher of English and History in the high school have presented their resignations. Mrs. Perkins will devote her entire time to her home. Miss Whalen will enter Johns Hopkins University for graduate work. The resignations of both teachers will take effect February first.

Miss Lulu Grantham, sister of Professor A. E. Grantham of Delaware College, a former teacher in Indiana, has been appointed to take fifth grade work. The appointment of the High School teacher will be made this week.

**Community Singing at Century Club**  
An open meeting arranged by the Music Committee of the New Century Club will be held in the clubhouse on Monday, January 28th at 8 p. m. An entirely musical program in which the audience will participate, has been arranged by the committee. Everyone who loves the old songs is urged to come. There will be solos, duets, and a male quartette, and best of all, a beginning toward real community singing which means so much in times of national crisis, to every nation. Everyone is urged to come and be a part of this movement.

**Beginners' Class Started**  
The second beginners' class of the school year began work at the primary building, Newark Public Schools, this week. The new class is in charge of Miss Marie Ritz. Due to the cold weather and extreme cold, only fifteen pupils have enrolled. A larger number is expected, however, before the enrollment closes, on February fourth. The Board of Education has fitted the new room with the most up-to-date primary seats, which are single, adjustable, and not fastened to the floor. They can be arranged about the room at the discretion of the teacher, enabling her to preserve a cheery, home-like atmosphere for the little tots, and avoid the military-like rows of the higher rooms.

## Chamber of Commerce Directors Meet Tuesday

Conforming with a resolution adopted by the Directors at the annual meeting, last Thursday, Directors of the Chamber of Commerce will meet on the first Tuesday of each month during 1943 instead of the customary second Monday in each month.

Directors named at the election last week will hold their first meeting Tuesday evening, February 2, at eight o'clock in town council offices. President D. A. McClintock will conduct the meeting.

## SERVICE TO AID FARMER IN FIGURING INCOME TAX

### Extension Dept. Offers Personal In Preparing Farm Returns

Personal assistance in preparing adequate summaries of farm business for Federal income tax returns will be given farmers by the Delaware Agricultural Extension Service.

Farmers may arrange to receive this help in properly summarizing expenses, receipts, and depreciation through county extension offices. This summary is necessary to fill out 1942 Schedule of Farm Income and Expenses, Internal Revenue Service Form 1040F, which must be used in preparing the farmer's individual income tax return, Form 1040. Instructions for keeping 1943 records will also be given.

A. D. Cobb, extension leader in agricultural planning, and Miss Louise R. Whitcomb, home management specialist for the Delaware Agricultural Extension Service, will assist county extension agents with this service and will be in county extension offices or other convenient places in the counties on dates scheduled by the county agricultural agents. Tentative schedules provided for the service in New Castle County during the weeks of February 1 and February 22; Kent County, February 8 and March 1; and Sussex County, February 15 and March 8. County agents will give farmers detailed information about dates and meeting places.

"This service will not duplicate or infringe on services of Bureau of Internal Revenue representatives — it is only planned to help the farmer in figuring his net farm profit. The farmer is entirely responsible for filing Form 1040, and any instructions needed for it must come from representatives of the Federal Bureau of Internal Revenue," says Mr. Cobb. Representatives of the Bureau of Internal Revenue have stated that they feel that this service will be of assistance to both farmers and their own field men.

Farmers interested in receiving aid should check with county extension offices when they can get help on figuring these records necessary in filing individual income tax return. Miss Whitcomb reports that a farm business account record has been prepared by the Extension Service for use of home demonstration club members and others.

### CROMPTON HOME

Corbit Crompton, former assistant postmaster at the Newark Postoffice, returned to his home here Friday after receiving his discharge from the Army.

Inducted last May, Crompton served nine months, most of which time he was stationed in the postal service.

## CHRISTIANA LIONS SELL WAR BONDS

### International Director Next Week's Speaker

Newport, January 28th — The Christiana Lions Club is continuing its War Bond Sales every Tuesday evening, and this activity is in charge of Powell Ford, Chairman of Bond Sales. At the meeting this week, Professor C. W. Cummings, Principal of the Conrad High School told of the exceptional stamp and bond sales being made at the Conrad High School every Tuesday. The sales there this week he said totaled \$900, with many of the rooms participating 100 percent. He remarked that one of the girls produced \$60 worth of pennies with which she purchased bonds, and that in all there were \$100 worth of pennies taken in.

Joseph Errigo was chairman of the program committee and presented Coach Munger of the University of Pennsylvania, who spoke to the Conrad Football Team on his principles of Football instruction, after which he showed two reels of football games in which his team had participated, having won all games. He stated that his team during the next season will of necessity be composed of younger men due to the older members now being in service.

Coach Nelson of the Conrad Football Team was also a guest, and spoke briefly of his team and its accomplishments during the past season.

Members were urged to be present at the meeting next Tuesday evening, at which time the guest speaker will be Mr. Charles Stevenson, International Director of the Lions Clubs. Professor Cummings announced that Director Stevenson will also address the Wilmington Lions Club next Tuesday at noon and the Claymont Club on Wednesday evening. Director Stevenson comes from New York, and is editor of the "Washington County Post," and is a very able speaker.

## J. P. Armstrong Dies Following Long Illness

John P. Armstrong, a retired insurance agent, formerly of Newark died Wednesday night at his home, 231 Mosley Drive, Syracuse, N. Y., after a lingering illness. He had lived most of his life in Newark, moved to Syracuse about three years ago.

Surviving him are one daughter, Miss Manuella M. Armstrong, one son, Paul A. Armstrong, and two grandchildren, all of Syracuse. His wife, the former Miss Regina Pie, died a number of years ago.

While living in Newark, Mr. Armstrong was one of the operators of the former Kiamensi Woolen Mills. He was one of the founders of the Newark Country Club and was instrumental in the construction of the golf course at that club.

The funeral services took place last week with requiem mass in the Church of the Blessed Sacrament at Syracuse. Interment was in the family plot in St. John's Cemetery near Newark.

### COUNCIL TO MEET

Mayor Frank Collins will conduct the regular monthly meeting of the Newark Town Council when that body convenes at council offices, 26 Academy Street, at eight o'clock Monday evening, February 1.

While only routine business is expected to come before the body this is the next to last meeting for the Mayor and three councilmen whose terms expire in April.

## Some Frozen Farm Machinery Released

The United States Department of Agriculture is releasing some of the farm machinery which has been frozen in manufacturer's factory stocks since October 31, Clarence E. Gendron, Chairman of the Delaware USDA War Board said today.

This action releases 80 percent of farm milk coolers of the immersion and tubular or surface type manufactured under War Production Order L-170, as well as all farm milk coolers of the same types in manufacturer's stocks as of October 31, 1942. The release permits regular transfers through trade channels, but requires rationing on sales to farmers.

Also released are irrigation turbines and centrifugal pumps. As with milk coolers, irrigation pumps are rationed by county farm rationing committees. Fred S. Wallace, Special War Board Assistant, urges farmers needing spring machinery to discuss their needs with their County War Board Rationing Committees.

need to be eating foods which may not have been our first choice in peace time.

The housewife can do much to make war time meals acceptable to her family. Here are a few suggestions.

Whenever you serve an unfamiliar or not too popular dish plan to have everything else in the meal well liked and familiar. That will help your family to accept the dish in question. For example, your family may never have eaten beef or veal heart. At the meal when you first serve it you would be wise to have their favorite vegetables and dessert.

Only small amounts of unfamiliar or less popular food should be served. It's good psychology to let people ask for seconds, rather than to fill their plates so full that they feel they can never finish what is on their plate. Then, whenever practical, cook just enough of this food for one meal so that they may have something different tomorrow.

If war time restrictions have changed your cooking methods, don't complain about it to your family. For example, you may now be using oleomargarine (with vitamin A added) for all cooking in place of butter. Unless you let it be known, it is doubtful if anyone will notice the difference.

It is quite possible to be well fed in spite of all war time restrictions, but only if we learn to use those foods which are most available to us.

# SHOTS by SURE SHOT

Well, a few weeks ago we predicted that with the bread not being sliced any more there would soon be a shortage of bread knives.

Our prediction has come true. Sunny Murray at Jackson's Hardware store stated today that they had sold out three times and did not know if they could get any more or not.

Leon Potts and Mr. Geist both stated that they have had a big run on knives for slicing bread and have both sold out several times.

More than likely the next thing to be rationed will be these bread slicers. If your bread knife should wear out you will be out of luck.

Now it is really a shame, but Major Percy who came to Newark from the First Fighter Command on Tuesday evening to talk to the airplane spotters told all us Old Bucks that this was a young man's war and all we were good for was to spot airplanes. I guess he is right. We old fellows just don't have the stuff any more. We are has-beens.

I would like to ask the folks that have made no sacrifices and who have never done anything to contribute to the war effort how they would like to get up out of bed some morning about 2:30 and go out into the cold and spend those hours from 3 to 6 in the morning looking for airplanes. Did you ever stop to think how many of these men and women are going to the spotting posts regularly and the great majority of them have only A ration cards.

Inasmuch as this column is on the sports page we are supposed to devote most of our remarks to that wonderful form of entertainment.

One afternoon recently while in the bowling alleys for the scores I noticed one of Wolf Hall's bowling stars playing with friend Adams. Now Adams would roll his ball down the alley and to all appearances it was going right into the gutter but before it came to the end of the alley it would curve around and down went all the pins. Big Ed tried it but he was not so hot.

That Cataldi boy at the high school told me the other day I mentioned all the boys but him. I am real sorry, because Buddy Cataldi is always in there fighting for all he is worth whenever he gets in the game. Buddy, I apologize, if I have said anything I am sorry for, I am glad of it.

The teams playing against Newark High have found that Wally is good and they seem to keep him seved up so that he can't make those high scores. In the game Tuesday afternoon that Carrow fellow never looked at the ball at all. All he did was stand in front of Wally with his arms spread out so poor Wally did not have much chance after the first period.

It is real hard to write about the various members of the team because they are all good even if they do not score. When we put someone on the back and leave out some one else, that guy is sure to be sore, but really, both the high school varsity and the Jay Vee teams played bang-up ball Tuesday afternoon.

Did Coach Bill Martin's wrestlers go to town with that Loyola outfit? Well, I guess they did. The Hen grunt and groan boys just took five of the bouts and won them all by falls. The Loyola boys took one bout by a fall and had to be satisfied with winning the other two by decisions which only gave them three points each.

Bill Laurelli really went to town in his bout. Laurelli does not believe in waiting, he just won his bout in 51 seconds. That is right young man, never give them a chance.

The swimming team coached by Joe Shields also gave a good account of themselves on Saturday afternoon before a packed stand. Leading off they won the 300 yard medley relay but only took second and third places in the next event which was the 220 yard swim. The 50 yard dash was better, they took first and second places. They also took first and second in the 100 yard dash and the 150 yard backstroke.

Winning first and second places in the diving event was easy because Swarthmore did not have anyone entered.

The 400 yard relay was another win for Delaware until Funk jumped too soon and the Hen team was disqualified, giving the event to the visitors. Well, a fellow has to treat his company right or else they might not want to come back.

Coach Adkins, we are still looking for the basketball team to get in the win column.

Something really should be done about the bus service between Newark and Wilmington. Since the O.P.A. has clamped down on the needless driving everyone is riding the bus because as you all know, O.P.A. or no O.P.A., the general public is not going to stay at home, rules and laws are only made for some one to try and break them.

But to be serious, the bus situation is really bad. We realize it is not the fault of the drivers nor the fault of the company operating the bus lines. The public is the one to blame. People in Wilmington get on a Newark bus to ride a few short blocks and anyone wanting to ride to Newark is out of luck. If they should be fortunate enough to get on, they are forced to stand all the way to Newark.

And there is another thing that we are faced with, the possibility of an accident. Should one of those busses have an accident, think of how many homes would have a crepe hanging on their doors.

### High School Phys. Ed. Instructor Gets Commission

Ralph A. (Irish) O'Connell, physical instructor at the Newark High School, successfully passed his final physical examination at Philadelphia Tuesday and has been commissioned a lieutenant, junior grade, in the U. S. Navy.

O'Connell, who has been at the high school for the past five years, was a former stellar athlete at the University of Delaware where he is considered by many to have been the outstanding basketball player of the history of the university. He also played baseball and football.

"Irish" was a graduate of Turtle Creek (Pa.) High School which institution also turned out Hugh Bogovich, Delaware's first four-letterman in more than a decade.

Lieutenant O'Connell will report for duty with the Navy on February 1 and will undoubtedly become a part of the physical fitness program of that branch of service.

His successor at the high school has not been named.

## RACE TRACK MAY OPEN

### Delaware Park Statement Issued

To correct any erroneous impression that may have gotten abroad, following is a statement of policy by the Delaware Park Executive Committee, consisting of William duPont, Jr., Donald P. Ross and Captain J. Simpson Dean, President:

"Public Opinion will continue to dictate Delaware Park's policy. There is no profit to the stockholders to run a meeting and no loss to them if the track is closed down. It should not be lost sight of, however, that all connected with the track realize an obligation to the State and National Government to produce taxes. Also the horsemen should be thought of, and the public has indicated its interest in Delaware Park. Plans have been made to go on in 1943. They will be carried out unless wartime circumstances prevent."

Coach Adkins, we are still looking for the basketball team to get in the win column.

Something really should be done about the bus service between Newark and Wilmington. Since the O.P.A. has clamped down on the needless driving everyone is riding the bus because as you all know, O.P.A. or no O.P.A., the general public is not going to stay at home, rules and laws are only made for some one to try and break them.

And there is another thing that we are faced with, the possibility of an accident. Should one of those busses have an accident, think of how many homes would have a crepe hanging on their doors.

Wally Dunsmore started the scoring right after the whistle blew and was followed by Cliff Lee who shot two field goals. Wally sank two more field goals and Don Huston added a two pointer to give the Jackets twelve points for the first period while the Hen freshmen were confined to a lone field goal made by Carrow.

In the second period the Jackets piled up 14 more points while the college boys only found the basket for two goals.

The school boys outscored the Hen freshmen in the third period although after Coach Gillespie put in his Jay Vees the Hens scored 7 points.

The Hen Fresh made a desperate fight in the final period and outscored the Jackets 14 to 9 but the lead gained by the Newark team was too much to overcome.

Don Huston paced the Yellowjackets in scoring 5 shots from action and one from the foul stripe for 11 points. Carrow was high for the losers with six points.

In the preliminary, Newark Jay Vees outscored the Freshmen Jay Vees in every period to take a 29 to 11 victory. Jim Davis was high scorer in this game with six points.

## REDSKINS NOSE OUT NEWARK 33-31

### Jackets Last Period Rally Fails

In a nip and tuck battle from start to finish, Conrad High School nosed out Newark High, 33 to 31, in their basketball game on the Newark High School floor Friday.

The Yellowjackets held a two-point edge, 8-6, at the end of the opening quarter, but the teams were deadlocked 15-all at the half as the Redskins displayed marked improvement in shooting.

Conrad jumped in front by outscoring Newark, 13-6, in the third period and was never headed, although the Yellowjackets rallied in the final quarter and moved within a point or two on several occasions, but they were never able to overhaul the visitors.

Bayard Horn was the high scoring operative in the Conrad victory with 13 points, while Cliff Lee and Wally Dunsmore paced Newark with 11 and 10 points, respectively.

In the preliminary, Conrad Jay Vees topped the Newark Jay Vees 16-14.

## NUTRITION WEEK OPENS JANUARY 25

Attention To Daily Diet Is Most Important

This week, January 25th to 30th, is Delaware Nutrition Week. Nutrition specialists call attention of workers and farmers to the great importance of eating proper foods in order to be able to continue to do their best work for Victory.

Miss Pearl MacDonald, extension nutritionist of the Delaware Agricultural Extension Service, says that special attention should be given to breakfasts and lunches. In many families, women as well as men are working all day at a regular job, and it may be difficult to have well-balanced and well-prepared meals. But their importance in those emergency days is greater than ever, both to keep everyone on his important job and to keep him in good health so that he can do the job at top efficiency.

Every individual needs three nourishing meals a day. Breakfast is sometimes neglected in the rush of work—it is one of the most important meals for getting the foods which are necessary to body health. Many people are carrying lunches these days, and too many of those lunches consist of the foods which are easiest to pack rather than the foods which will give most nourishment. "Make a special effort," says Miss MacDonald, "to have this meal contain as many as possible of the foods which the body must have. Don't forget that you can send hot soup or a hot drink in a thermos bottle, and vegetables in small containers. The first step in helping to win Victory is to keep yourself and family in good health, because without vigorous health you cannot be an efficient worker."

"Delaware's Daily Food Guide to Health" lists the foods which are most important to health. A copy of this Guide can be secured by writing to the Delaware Agricultural Extension Service.

## INTERCEPT OFFICERS FOR RADIO ARE SOUGHT

Civil Service Jobs Open To Applicants; No Age Limit

Civilian Radioteletype Intercept Officers to work with the Army Air Forces in effecting radio silence during air alarms are sought by the United States Civil Service Commission, Mr. Kee, Local Secretary announced today.

Positions in the Federal Communications Commission are located throughout the United States. Duties are to monitor radio stations during periods of radio silence conduct tests to check efficiency of control, maintain a continuous watch on distress channels, and perform other Federal monitoring assignments, Mr. Kee explained.

Salaries are \$2000 and \$2600 a year plus overtime compensation that, in view of the recently lengthened 48-hour work week, increases the basic salaries by about 21 percent.

Two to 4 years of appropriate college training in engineering, or in physics; or 1 to 4 years of appropriate radio technical experience are needed to qualify, Mr. Kee said. Provision is made for acceptance of appropriate amateur experience, or a course in a recognized radio institute for part of the required experience or education. Applicants must be able to transmit and receive in International Morse Code at the rate of 16 to 20 words a minute.

There is no written test and no maximum age limit. Complete information and forms for applying may be obtained from Mr. Ralph B. Kee, at Newark, Delaware, or from first- or second-class post offices. Applications will be accepted until the needs of the service have been met and must be filed with the Commission's Washington Office.

Applications are not desired from persons engaged on war work unless they may use higher skills in the positions sought. For War Manpower Commission restrictions on Federal appointments, see Form 3889 in first- or second-class post offices.

### Firmin Swinnen Here In Concert, February 11

Firmin Swinnen, the well-known organist and composer, will present a concert of organ music in Mitchell Hall, University of Delaware, on the evening of Thursday, February 11, at 8:15 p. m.

This is to be the first of a sponsored series of three recitals this season in which Mr. Swinnen will exhibit his distinguished talents for the benefit of the University and the public at large. As in the past, these concerts are a feature of the University Hour and are presented entirely free as a feature of that program.

## U. S. LIKELY TO TAKE OVER U. OF D.

Change Expected Next Month Hullihen States

The indications are that the facilities of the University of Delaware may be taken over by the Army or Navy within the next month.

Dr. Walter Hullihen, president of the university, said today that he believes it is hardly likely that the government would pass over the university in its expansion program, with the institution a state university, a land grant college, already receiving substantial assistance from the federal government, and a very strong engineering course offered.

The chairman of the executive council of the land grant colleges has been making a study of such colleges in the country, as it is the plan of the government to take over the facilities of all such colleges.

Dr. Hullihen explained that there is nothing definite about the government plans for taking over the university. It is thought, however, that if something is to be done that about it will be by the middle of next month, so that the government operation of the university would start at the beginning of the next collegiate term, the first week in May.

## FUNERAL SERVICES

99-Year Old Lady Dies On Monday

Margaret R. Crawford, 99 years old, died Monday at the home of her daughter and son-in-law, Mr. and Mrs. John H. Ferguson, near Strickersville.

One of the oldest residents in these parts, Mrs. Crawford lacked only two months of being one hundred years old. She was born in April, 1843. Her daughter, Mrs. Ferguson, is the only survivor.

Funeral services were held today from the R. T. Jones Funeral Parlor with the Rev. H. Everett Hallman officiating. Interment was made in the West Nottingham Cemetery, Md.

### C of C Elects

(Continued from page 1)

Mr. Haney presided over the organization meeting of the new Board which authorized Director's meetings to be held on the first Tuesday in each month during 1943, instead of the second Monday as was previously the custom.

The Board also passed a resolution prohibiting any donation, or contribution, during the calendar year. J. E. Dougherty, R. T. Ware and Geo. M. Haney were appointed a committee to bring the by-laws up to date and have new copies printed.

Horace V. Daniels, secretary of the Associated Petroleum Industries of Delaware, was the principal speaker of the evening and gave an interesting talk on the importance of petroleum to our world of today.

Other notables present called upon were: Mayor Frank Collins, Councilmen Hubert and Ramsey, Dr. Walter Hullihen, Chas. E. Grubb, M. James Parsons and J. E. Dougherty.

### Dr. Ingholt

rene sculpture.

At the invitation of the Committee on the History of Religion, of the American Council of Learned Societies, Professor Ingholt has consented to prepare for delivery before American academic audiences a series of popular, illustrated lectures in which the resources of his knowledge will be brought to bear upon the religion of Syria as it affects the religious development of the ancient Near East in general and the Old Testament in particular. Of these lectures, probably the most interesting to an American audience is his Men of the Bible in the Light of Recent Excavations in the Near East.

The public is cordially invited to attend this lecture, which will be given in Room 220, University Hall.

### Frozen Streets Make Traveling Perilous

Automobile and pedestrian traffic continued cautiously today as the result of slippery sidewalks and highways which had a coating of ice and snow when Tuesday's rain turned into snow and froze rapidly.

Town street employees were kept busy spreading cinders on inclines and intersections about town in an effort to keep accidents down to a minimum. Driving was hazardous and an immediate let-up in sight as the weather man foretold a "continued cold."

### LESSON-SERMON

"Love" is the subject of the Lesson-Sermon, of First Church of Christ, Scientist, Park Place and Van Buren Street, Wilmington, on Sunday, Jan. 31, 1943.

## HARRINGTON JOINS VFW POST

On Leave To Attend Officers Training School

Sergeant Harold Drexel Harrington of 94 Wilbur Street who is home on leave from Bob Cat Island is the first World War II veteran to become a member of the J. Allison O'Daniel Post No. 475, Veterans of Foreign Wars.

Sergeant Harrington who is 24 years old is the son of the late Mr. and Mrs. Harold D. Harrington. He is a member of Battery E, 198th Coast Artillery stationed at Bob Cat Island and has been returned to the United States to attend Officers Training School.

A graduate of the Newark High School, Sgt. Harrington was active in athletics having played on the football, baseball and basketball teams as well as on the track team.

Sergeant Harrington's father was a member of the local V.F.W. Post until his death.

### Kullman Recital

(Continued from page 1)

He won a scholarship at the Juilliard School where he studied for three years, then won a fellowship to the American Conservatory in Fontainebleau, France. Returning to this country, he joined the music faculty of Smith College. There he sang in productions of old operas of Handel and Monteverdi, performances which brought his voice and talent to the attention of New York and Boston critics. He resigned from Smith to join the American Opera Company. The next fall he went to Europe, making a Berlin debut in "Butterfly." Soon he became a great favorite of the Berlin and Vienna public, starring in the entire Italian repertoire. Next steps were Covent Garden and the Salzburg Festival—then New York and the Metropolitan!

Kullman's Metropolitan Opera debut was in "Faust," a triumphant first appearance which brought golden reviews. In "Carmen," "Bohème," "Rigoletto," "Tosca," "Traviata," "Meister-singer," "Love of Three Kings," and other operas he has confirmed and solidified his first success.

In Kullman's first American film, the "Goldwyn Follies" music lovers applauded him singing the Drinking Song from "Traviata." On the radio too, he is nationally popular. For thirty weeks he starred on the Palmolive Beauty Box Series over the Columbia network; he has also been on such hours as Hit Parade, Ford, Chesterfield, Maxwell House and Firestone.

Last summer he sang in South America for the first time.

### John A. Anderson Dies At Kemblesville

John A. Anderson, 80 year old resident of Kemblesville, died Saturday at his residence. Mr. Anderson was well known in Newark.

Funeral services were held Tuesday afternoon at 2 o'clock from the R. T. Jones Funeral Parlor with interment in the Head of Christiana Cemetery.

### Button,

Button...

It happened one night in a big hotel which had been taken over by the Air Corps, Major C. P. M. had lost a button off his cuff. Now the Major can hit a building with a bomb at 10,000 feet, but he can't thread needles worth a nickel!

Fortunately, help was not far away. Down to the switchboard operator went the Major. Into the needle went the thread and the button was soon on the cuff.

"Thank you, Miss," said the Major. "You're welcome, sir!" said the Bell girl. "It's a pleasure to help the Army."

One way we can all help the Army is by buying War Bonds. Another way is this: keep your telephone calls to the minimum. Make fewer calls. Keep them brief! Give vital war calls a clear track and a green light all the time. The Diamond State Telephone Company.
