

Monday Feb. 26.

Dear Jimmy -

When sailing as you know today afternoon March 2. We get to New York Monday March 19. I will have to spend a few days in New York. I will have to spend at least 3 or 4 days in Washington. Graydon had said something about my going to a Board meeting in Toronto before I return to Mexico but I cannot imagine anything that requires me to be there for a meeting as I will have to go there the middle of June anyway for Board Meetings & the annual meeting. I will write Graydon that if it is not indispensable I would prefer not to go to a Board meeting in Toronto before I return to Mexico. If essential, we can have it in New York. I will return to Mexico by train as Maria wants to go that way. I will write you further - send love - about train accommodations for the end of March, or thereabouts. I would like to be in Mexico City

VIA AEREA - AIR MAIL

Before end of March.

Did our plans proceed in arranging
letter from Gokhale about being able to
spend over 90 days out of Mexico in 1951.
for Maria Thuyself. This is most important.
I have mentioned it several times in my
letters but if I recall you have not men-
tioned it in your letters. If he doesn't
get it yet, or can't get it very soon, Maria
& I will have to return to Mex. immediately
after our landing in New York and that
will be difficult & inconvenient. Please
send me a word on this.

Our stay has been most happy &
agreeable. These last days will be very
