PRICE FIVE CENTS

Local Workers Back Strike At Chrysler 100 Pet., Union Says

Go Out Here Monday; Same
Wage Rate As Other Plants
Is Chief Aim

Some 150 production and maintenance employees of the Chrysler parts plant here joined with about 85,000 Chrysler workers in other plants throughout the country in a strike Monday against the company.

All workers at the Newark plant are affected, except office employees and executives, who are continuing on their jobs. The Newark strikers are members of Local 404, United Auto Workers, CIO.

Thomas E. Staats, president of the Newark local, yesterday pronounced the strike here 100 per cent effective and said it would remain that way until "our just demands are met." He added that the strike was launched because the company has refused after months of negotiations to give us a workable contract.

Mr. Staats listed the major demands the workers here as:

Raises in pay to give us at least the same money as the Kansas City and Detroit plants.

A guaranteed pension—not the company's kind that can be taken away after five years, and is not backed up by money in the bank.

Prepaid life, health and medical insurance.

A fair national agreement, including a union shop, seniority protection and better vacations.

In a statement to the public, Mr. Staats said: "Our fight is with the Chrysler Corporation, not with you. We want to be fair and courteous with everyone. In turn, we expect your cooperation."

Mr. Staats has been appointed a member of the national negotiating committee, which will meet with company officials as soon as state and federal agencies have arranged for a conference.

March Of Dimes

Deadline Past But Donations
May Still Be Mailed

Although no figures are available yet, the response to the March of Dimes drive, which ended here Tuesday, appears highly satisfactory, according to Samuel Handloff, general chairman.

The outstanding contribution during the final week was a \$180.69 check from the Newark schools. The funds were raised by the pupils earlier this year in the schools' united fund drive.

Organizations and individuals still wishing to contribute to the drive may do so by forwarding their donations to Shakespeare, drive treasurer, at Farmers Trust Company.

The drive proceeds will be tabulated week and the final returns will be mailed in the near future.

Firemen Help Spoors
Serve Sunday Dinner

If you like your roasts well done, you should have been at the Stanley Spoors', 322 Wyoming Road, last Sunday night. They cooked theirs so thoroughly they had to call the Aetna volunteers to take it out of the oven.

Mrs. Spoors apparently just forgot about it, and when she finally went to take a peek, she found the oven on fire. It looked like the flames might spread to the whole kitchen, so the firemen were called. They got the blaze under control in a jiffy.

Total destruction: \$15 to the stove and one charred Sunday dinner.

The volunteers answered three other alarms the past week, all for field fires that caused only minor damage. The first came Thursday for a blaze on the Jesse Lloyd property at Cooch's Bridge.

The second took place early Saturday afternoon at Green's Meadow, on New London Road. The third was for a vacant area on Townsend Road.

Lt. Col. Layton A. Zimmer, head of the R. O. T. C. unit at the University of Delaware, was admitted to membership in the Rotary Club of Newark at its meeting Monday evening. Col. Zimmer has been stationed at the University of Delaware for the past four years and has been active in the affairs of the community.

During the war he served in the African and European theatres of operations. Prior to hostilities he was stationed in various places, including Hawaii and Panama. Jack Handloff, who presided, announced that Col. Zimmer's formal welcome into the club would take place at next week's meeting.

Symphonic Band In
Concert On Feb. 15

First Performance Of Season
For University Group

The first performance of the season will be given by the University of Delaware Symphonic Band, at Mitchell Hall on the evening of Wednesday, Feb. 15.

J. Robert King, band director for the concert, said it will be open to the public without charge, beginning at 8:15 p. m.

The symphonic band, with 50 pieces, is an extension of the marching band which plays during the fall season. Additional concerts are to be presented later this winter and spring.

Mr. King said that the program will range from the ultra-modern to the extremely conventional. Most of the program will consist of works originally written for band, but some numbers will include outstanding transcriptions of orchestral music arranged for band presentation.

Many of the same numbers will be played by the symphonic band in a program at Newark High School, at 1 p. m., Feb. 9.

Plan For Community
Recreation Program
Spurred At Meeting

3-Phase Effort Launched To Organize Year-Round Program Here

Newark's "dream plan" for a year-round recreation program moved a step nearer reality as a result of an open meeting sponsored last Thursday night by the Recreation Association in the Century Club building.

About 60 persons, including many civic club representatives, attended, and all agreed to get behind a three-fold plan to inject new life into the community's recreation program, now in danger of being dropped altogether.

The first step calls for an intensive fund drive this spring to finance an enlarged program in the summer. Unless this is done, the summer program will have to be curtailed or, possibly, discontinued, according to Ned McCully, president of the association, who presided at the session. He said that only a little over \$200 now remains in the treasury.

The second step, approved at the meeting, calls for the formation of a committee to draw up a master plan for a year-round program here to include a recreation center and playground to be supervised by a full-time, professional recreation director. The committee will also be charged with determining the cost of such a program, estimating the annual budget and the funds needed for the building program.

The third step will be an attempt to put the program on a sound financial basis, with an assured annual income. Hope was expressed at the meeting that the Town Council would be willing to support such a program, at least in part, with appropriations of public funds. These could be supplemented by community chest donations. It was felt that the Council would cooperate if sufficient public interest in such a program could be shown to exist. This latter could be determined, it was pointed out, by putting the question before the public in the form of a referendum at the town election in April.

Committees to carry out all three phases of the plan will be appointed by Mr. McCully from among those who attended Thursday's meeting.

Two New Ordinance Drafts May Get Initial Readings Monday

Recreation Proposal May
Also Be Discussed; Full
Agenda Faces Lawmakers;
Issues Listed By Mayor

Two new ordinance drafts and an amendment to the zoning law are scheduled to get their first and second readings at the first February meeting of the Town Council on Monday at 8 p. m.

Full details on the questions likely to be considered both at Monday's session and at the Feb. 14 session were outlined this week by Mayor Ford H. McBerty.

The first of the proposed ordinances will set up a plan to compel residents to lay sidewalks wherever necessary before their properties. The second will fix regulations under which temporary employees can be added to the town force. The zoning law amendment is expected to ease a troublesome situation in Read Village, where lot sizes and shapes require special regulations to permit the installations of garages.

Council may also discuss the plan for a town-wide recreation program proposed by the Newark branch, American Association of University Women. Copies of the AAUW's proposal are now in the hands of the lawmakers.

The Mayor's complete agenda follows:

General

"A draft of a suggested ordinance concerning sidewalks has been furnished to the Councilmen. This draft provides for dividing the Town into areas, which would be designated by drawing lots to determine the sequence in which sidewalks would be required to be installed. This draft should come up for discussion with the hope that agreement can be reached and an ordinance receive first and second readings."

"An opinion is expected from the Solicitor as to whether or not police officers are required by the Town Charter to be residents of Newark. The Police Committee has been asked to set up a suitable procedure for hiring an additional officer."

"A draft of an ordinance covering the conditions under which temporary employees may be added to the Town forces is expected to be available for first and second reading. Likewise, a draft of an ordinance concerning paid vacations and holidays for Town employees."

State Phone Official
Addresses Kiwanis Club;
Sketches New Advances

Fred L. Rudisill

Fred L. Rudisill, northern Delaware manager of the Diamond State Telephone Company, discussed new communication developments last night in a talk at the Newark Kiwanis Club meeting.

He gave facts on the new system of operator toll dialing, now being extended throughout the country, and explained that Newark, through the Wilmington toll switchboard, was among the first communities to participate in this new development. "We are looking forward to the day when toll calls will be completed in an average of one minute," Rudisill said.

The speaker also showed the Kiwanians a section of coaxial cable and explained its use in extending toll telephone service as well as television and radio relay systems which supplement (Please Turn to Page 8)

C. of C. Will Sponsor
3-Day Merchandising
Show Here In April

Don Savitch Is New President
Of Group; Henry Mote
Vice-President

Plans for a 3-day merchandising show at the local armory sometime in April were announced at the annual dinner meeting of the Newark Chamber of Commerce Thursday night in the Chimes Restaurant.

The show, first of its kind here in many years, will feature exhibits by local business firms.

Don Savitch, proprietor of the Eagle Furniture Company, was elected president of the Chamber succeeding J. C. Weinberg.

Henry Mote was named vice-president and W. S. Hamilton was reelected secretary-treasurer. The officers were elected by the Board of Trustees, following a vote by the general membership for four new directors. The latter are: C. E. Rittenhouse, Thomas Foster, Mr. Savitch and Mr. Weinberg.

The principal speaker was Dewitt Clement of the Philadelphia Chamber of Commerce, who outlined the operations of that body. Mayor Ford H. McBerty also spoke briefly, suggesting ways the local Chamber could participate in civic affairs.

Facts on the proposed University of Delaware football stadium here were given by Edward Reese, director of the stadium fund drive. He said the structure will not only be used for football games but for farm shows, band concerts and a variety of other affairs. He indicated that football will actually be a subordinate function.

Scouting Started Here In 1911;
Year After Movement Began

Next week when Boy Scouts of America mark the 40th anniversary of the founding of the movement, the Newark troops will be observing their own 39th anniversary.

Only one year after the scout movement was launched in this country on Feb. 8, 1910, the first Newark troop was formed under the leadership of Dr. T. F. Manns. It continued under him until 1917, when Lester Carg took over for a year, after which the troop was discontinued.

In 1922 it was reorganized under the leadership of the late John Shaw and in 1924, Dr. T. A. Baker became scoutmaster, continuing until 1929, when A. E. Tomhave assumed the leadership, with Dr. Baker staying on as his assistant. Vernon Steel, who served as assistant scoutmaster for several years under Mr. Tomhave, took over the troop from 1934 to 1941, when he was inducted into the army.

When organized in 1911, the unit was known as Troop No. 1. This was changed to Troop 55 in 1930, and, after Mr. Steel's departure, it was split into two units, Troops 55 and 56, with J. S. Steinhauer and E. C. Mahanna respective scoutmasters. The troops have continued active until the present, with A. W. Ayers currently directing Troop 55 and Alfred Ploger, Troop 56.

A sea scout ship for senior scouts was formed in 1945 with John Cronin in charge but this was disbanded in 1947 when the membership fell too low. A new ship, the Admiral Blandy, was organized in 1949 and at present is very active.

Outstanding events in local scout history follow:

1923—First Council-wide field meet here on ground where high school now stands.

1930—O. Daniel Post took over sponsorship of Newark scouting.

1932—Troop's first aid team won top (Please Turn to Page 8)

Annual Call Issued For Contributions To Visiting Nurse

More Aid Needed This Year To
Offset Rising Costs Of
Needy Work

The annual call for contributions to the Newark Visiting Nurse Association, one of the town's most worthy charities, was issued this week.

Donations in any amount will secure membership in the association and may be sent to C. C. Hubert, treasurer, on Delaware Avenue.

Rising costs have put an added strain on the association's fund reserves. For many years, the work has been supported by a comparatively small group of faithful contributors. More are needed this year, if the organization is to maintain the scope of its services.

Help from the visiting nurse is available to anyone in the community. Those who can afford to do so pay for their treatments. The needy cases are supported through the funds raised in the annual subscription drive currently underway.

An indication of the extent of the association's work is contained in the annual report recently released by Miss Alice Leak, local visiting nurse.

She handled 560 cases the past year, requiring a total of 2,746 visits, or an average of 2.38 a month. Ailments of almost every type are to be found on the list, from heart disease, the most common, to rare nervous disorders.

As your writer bids welcome to the month of February, she wonders how many persons have noted the many signs of spring which were apparent in the past month. Farmers have begun plowing for spring seeding, several robins have been seen in this area; and the pussy willows are shedding their coats. A yellow jasmine bush is in full bloom at the home of Frank Haggerty on Limestone Road. Yet one wonders if "Mr. Groundhog" will see his shadow today and go back to his winter quarters for that six weeks of cold snowy weather which old residents claim to be a true saying.

The White Oak 4-H Club at its meeting Thursday evening, started plans for National 4-H Club Week to be celebrated March 5-11. Tattall, Jr. A letter was read from the family in Poland, who received the club's CARE package.

Mrs. John C. Mitchell entertained the Waverly Club yesterday. Mrs. Henry C. Mitchell had charge of the program on "Famous Women." The members responded to roll call with items of interest on "Famous Women."

Mrs. Walter Cannon, president of Harmony School Parent-Teacher Association, attended the annual board meeting Monday evening of the Delaware Congress of Parent-Teacher held in the Legislative Hall at Dover.

Harmony rural school received much recognition in the winter edition of the Junior Red Cross Magazine recently published, for the work achieved by these pupils. Merit was given for the 100 per cent enrollment in the Junior Red Cross, for the Christmas boxes sent overseas, and for the report of activities as sent in by the school reporter, Sallie Evans. This is a fine record for a one-room school and much credit should also be given to the teacher, Mrs. Elsie W. Stradley. The school is sponsoring the March of Dimes Campaign and to stress this program, an original play was given last Friday afternoon at the school club meeting. Addie Case wrote the play entitled, "Joyce Gets Sick." Those taking part were: Joyce Cannon, Beverly Cannon, Sallie Evans and Addie Case.

A Founder's Day program will be given at the PTA meeting on Feb. 15. There will be a short pageant, "PTA Cornerstones," presented by the adults.

"The Police Committee may wish to report on traffic rules for school zones, referred to it last meeting. The committee is also expected to recommend a procedure for selecting an additional officer.

Street Committee

"This committee may wish to consider applying to the Red Men for reimbursement for the work done to date on Indian Road, since present weather conditions presumably do not permit final surfacing; of which the cost could however be closely approximated.

"The committee is expected to report on the request for removal of a tree on the corner of Corbit and New London Roads.

"Other reports awaited concerning the release of property by B. & O. Railroad to permit rounding at Elkton Road; the extension of Cleveland Avenue to Capitol Trail; the requested survey by traffic engineer William Miller covering conditions at Academy and Main; an alternative to the extension of Delaware Avenue; and the manner of handling Ray Street, the curbing and paving of which was stopped because the eighteen foot available width was considered inadequate.

Water Committee

"This committee may wish to report concerning the bill for a 3 inch water meter rejected by Weldin & Sons. Recommendations may also be ready concerning the policy to be followed concerning the furnishing of water to a contemplated laboratory on Elkton Road, near the Maryland line.

Sewer Committee

"The Town Engineer's report concerning the request of the University to connect into the East Park Place pumping station will presumably be ready for action; likewise a progress report concerning surveys for rights of way for the South Side Sewer project.

Electric Committee

"A report is awaited concerning the application for a street light on West Park Place, outside the Town limits, to be paid for by the adjoining property owner. This report, as concerns annual fee, will presumably apply also to the request from the American Legion that their sign be connected to the street light circuit, at their expense.

"The committee may be ready to recommend standard practices concerning the handling of minor requests for help, such as blown fuses. It may be ready to arrange a meeting with Danita concerning their complaint of excess charges for energy.

Town Engineer

"Reports awaited include: Water main for Russell property; curb and gutter, fire house; painting "greenhouse" at sewage plant; Caldwell Place, drainage; American Legion property, drainage; widening College Avenue between Main and Delaware; George Read Village—widening of Delaware Circle and Washington Streets, in relation to installation of sidewalks by owner; Haines Street Extension estimate; Cleveland Avenue Extension estimate; Town Office improvement; Police Office relocation to Town Garage.

"Authorized work on which progress reports would be of interest includes the following items: Automatic pumping at Water Plant; fluorine treatment at Water Plant—equipment installation, correcting of Pumping Station ammeter; voltage recorders at substation,

to indicate quality of service received; paving, entrance to Holton Place; rounding, corner of Corbit and New London Road; drainage correction, Main and Elkton; chlorinator enclosure, Water Plant; toilets, Water Plant and Sewer Plant; new pump, East Park Place pumping station; trash trucks safety device; water tower extending and reconditioning.

Introducing a Student—Harry Vernon Baker

Have you seen this well-dressed freshman in the halls or your classroom? He is Harry Vernon Baker, 16 years old, with brown eyes and blonde hair.

Vernon is a very interesting boy. You never can tell what he is going to do next. A few years ago he took a trip to Hopewell, Virginia, where he studied the battle fields of the Civil War. It took him a week to do it but he told me it was very educational.

When asked if he likes the "Yellow Jacket Buzz," he said, "Yes, very much." Vernon said he likes the candy and coke machines too, but said Vernon, "I like a certain blonde senior much better."

In the future Vernon plans to become a sports announcer. He said he would prefer announcing football games.

Vernon has played his trombone in the band for four years, but now in addition to that he has turned singer and joined the Mixed Chorus.

Newark Trounces Delaware City

The Newark Yellow Jackets had a very easy time last Friday in the Newark High School gym defeating Delaware City, 72-25. It was a poorly contested game with the first quarter the only period which resembled basketball. It was apparent throughout the game that it was just a question of how high the score would mount. The individual scoring leader was Bernard Blaney of Newark, who tallied 19 points.

LETTER TO EDITOR

Dear Sir:

Old fashion barber shop harmony? There ought to be a lot of it here in the old college town. There must be some chord blenders and tonal rustlers who would be delighted in bringing out the harmony that is possible by four male voices without accompaniment on such old favorites as: Moonlight Bay, Meet Me Tonight in Dreamland, Dear Old Girl and countless others.

If you sing lead, tenor, baritone or bass, drop a post card to box 60, Newark Post. Let's get a gang together and show that this old college town can produce along these lines.

Bill Davis.

Dear Sir:

I wish to thank the Newark Post for the wonderful service it renders the citizens of Newark in publishing the Newark telephone directory and distributing it free to all telephone subscribers.

We are often prone to take things for granted and accept without thanks the many favors that come our way but in this case I am deeply grateful to the publishers of the Post.

Sincerely,
Kate Henley Daugherty

Newark Cagers Drop 53-52 Count To Wilmington Chicks

Jitters At Foul Line Factor In Defeat; Local Club's Third Place Spot In Susky Standings To Be Challenged Tonight

The Newark AA cagers were edged out, 53-52, by the Wilmington Chicks in a Susquehanna League contest last Thursday at the Elkton Armory.

Despite the loss, their second to the Chicks this year, Newark retained its hold on third in the standings. Their position will be challenged tonight, though, when they face Delaware City at 9 p. m. at the Elkton Armory. A loss for Newark will shove them down a notch in the standings.

The decision in last Thursday's thriller did not come until the final two minutes of play, when Dick Grossman sank a field goal to put the Chicks ahead by a single point. The Wilmington club regained possession of the ball almost immediately and froze it for the remaining minute and 47 seconds to gain their sixth straight triumph.

Faulty foul shooting again cost Newark the game. Each team scored 24 field goals, but the Chicks had a one point advantage at the free stripe. Gene Schaeen was the high point producer for the game, sinking ten from the field and one from the foul line for a total of 21. Frank Wadman paced the Chicks with 13 points.

Young Miss Sandra White, aged three, spent the week with her grandmother, Mrs. Alonzo White, Jr., and Miss Jean White, in Matawan, N. J. While she was gone, her mother seized the opportunity to do the many things connected with preparing a newly purchased home for the advent of the owners. The Whites hope to move in within the next two weeks.

Next Sunday, Rev. Corbett will offer a sermon, "Love Never Fails."

The sympathy of the community is extended to Mr. and Mrs. Calvin Carlin in the death of their little son, Charles Wesley Carlin, aged five months.

Mr. and Mrs. Russell Eaton attended "The Torchbearers," a satirized comedy by George Kelly, in Philadelphia, last Saturday night.

We are sorry to report that there seems to be a good bit of illness in this territory. Mrs. Joseph Mekalian had a bad case of gripe last week, and this week the two boys, "Butch," and "Mike," have it. Include Mrs. Allan Stiff, better known to the community as "Scotty," in the group of indisposed.

Mrs. Albert Mote of Kemblesville has had a busy week taking care of two extremely ill girls, Florence and Joan Mote. Grippe again, and it looks like no school for at least a week, says the doctor.

J. A. Kalb was confined to bed last week with influenza.

So sorry to hear that Anson Garrett has been in bed since Tuesday with pneumonia.

Mr. Enos Ferguson came home from the Chester County Hospital last Saturday, after having given his family quite a fright by lapsing into a coma on the previous Tuesday. There wasn't time to wait for an ambulance, and acting on the advice of their doctor, the family "nearly ran the wheels off the car," to quote Mr. Ferguson's daughter, to get him to the hospital for treatment. Mr. Ferguson rallied nicely, and is at present convalescing satisfactorily, at his home. His daughter is acting the part of nurse, and she says Mr. Ferguson is really enjoying his many callers.

Rev. Myer is reorganizing the Boy Scouts of this community, on Friday night, February 3, at Kemblesville Hall. The Scouts are to be sponsored by a local church. A movie will be shown for the Scouts at the meeting. Be sure to bring all eligible boys.

Mr. Dwight Cook, brother to Mrs. George Jones, of Strickersville, died in New Mexico, of a heart attack last week. His funeral was held in Brockport, N. Y. Mr. and Mrs. George Jones left last week for New York, and planned to return Tuesday of this week.

The Flint Hill Methodist (WSCS) met last week at the Clement Mcmett home in Kemblesville, and Mullen home in Kemblesville, and learned at that time that they had cleared \$240 from the turkey dinner held on the 19th for the purpose of fixing up the interior of the Flint Hill Church. The next WSCS meeting will be held the third Thursday in February at the Ralph Hill home in Kemblesville.

The Kemblesville Methodist WSCS will meet with Mrs. George Mcmasters at her home in Kemblesville, Feb. 2 (Thursday), at 2 p. m.

Holy Communion will be offered at the Kemblesville Methodist Church next Sunday at 10 a. m. and all are welcome.

Mrs. Roland Crossan suffered a heart attack a week ago Friday, and one the following Monday, but is reported on the mend.

Guests at a Canasta party held at the J. A. Kalb home last Saturday night included the J. A. Kalbs, the D. Webster Comlys from Trenton, N. J., the Bill Nichols, the Roy Heaths, and the Richard Taylors.

Those nice square dances in the recreation room at the Pooles are getting to be quite a community affair. Guests last Saturday included: the William Wallaces, the Julian E. Wallaces, Mrs. Rebecca George and family, Mrs. Alma Pierson and family, the Dan Harkises, from Korner Ketch, Mr. and Mrs. Burton Owen, Mr. and Mrs. Bailless and family from Hickory Hill, Mr. and Mrs. Roy Connell and son, Vernon, Arnold Francois, Clara Wilkins, Mr. and Mrs. Andrew Hayden. The group has worked out a nice idea. The Pooles provide the room, and a different group provides refreshments each time, and a gay time is had by all.

Judging by the comments, everyone is tickled pink about the improvements being effected at the Landenberg Community Hall. But there is that little matter of cash. If we want that hall to be finished, \$47.00 was realized at a card party on Jan. 26. There will be another one Feb. 23, for the same purpose. A dance is planned for Feb. 9, to take place at the hall. Volk's Orchestra will play, there will be a figure caller, and can you think of a better way to spend that fifty cents?

The first organizational meeting of the Landenberg Men's Club was held Tuesday night, Jan. 31, at 8 p. m., at the Methodist Church.

national rating, Tomhave was scoutmaster at the time.

1935—Coch's Bridge Pilgrimage first held, eventually became a widely publicized affair, drawing troops from throughout this section. It was discontinued during the war and has never been revived.

1937—R. W. Argo, Newark scout, now an army officer, won national honor for a rescue in Massachusetts.

During war about 75 per cent of Newark's former scouts served in the armed forces, four were lost in action, two in the European Theatre and two in the Pacific.

The scout movement was founded in England by General Sir Baden Powell in 1908, with the aim of training boys in the principles of good citizenship, self-reliance and manhood. The movement grew rapidly and with three years it attained national scope. Today the enrollment is approximately 1,910,000 boys and about 625,000 adult.

negie Hall, in which he was assisted by 65 members of the Philharmonic-Symphony Orchestra. Offered a contract for an American tour for the coming season, Curzon accepted, but this was deferred for nine years because of the war. Throughout the war, he played day and night, all over Britain, and he tells of sometimes hearing a building nearby collapse when he was in the midst of a sonata.

When he returned finally to New York, Curzon reversed the procedure of his earlier visit: First he played at Carnegie Hall with the Philharmonic Symphony, and three weeks later he gave a Town Hall recital. This was late in 1947. A critic wrote then that he could recall only one performance—that by Rachmaninoff—"which approached Mr. Curzon's incandescent intensity, technical perfection, and beauty of tonal investiture."

Now in the midst of his second national tour, Mr. Curzon was heard recently in a recital at Town Hall.

His concert at Mitchell Hall will be his first appearance in Delaware. Tickets are available at the university bookstore in the Memorial Library at Newark until the night of the concert, when they will be available at the Mitchell Hall box office.

New Policy On Blue Cross Membership Applications

Although the taking of applications for Blue Cross non-group membership has been postponed pending final decision on proposed changes in surgical benefits, this policy will be changed to permit acceptance of applications by those whose requests for membership have been on file for some time.

This was announced today by Blue Cross officials, who explained that the postponement was decided on last November. They added that other applications for non-group membership will be honored if received during the period beginning Monday and continuing throughout Wednesday, Feb. 8.

Non-group membership is for those who are unable to belong through the usual channel of an employer or community group. The majority of Blue Cross members belong to such groups.

State Congressmen Invited To Drama Group Production

"Two Blind Mice," Feb. 9, 10, 11, Will Satirize Washington Bureaucracy

The University Drama Group, which will produce "Two Blind Mice" next week, has invited Delaware's Congressional delegation to view the lively lampoon of Washington Bureaucracy. Invitations have been sent to Senator John J. Williams, Senator J. Allen Frear, Jr., and Congressman J. Caleb Boggs. Mayor Ford H. McBERTY of Newark and Francis X. Gallagher, State Chairman of the Citizens' Committee for the Hoover Report, have also been invited.

"Two Blind Mice" will be given in Mitchell Hall on Thursday, Friday and Saturday evening, February 9, 10 and 11 at 8:15. Tickets for the production are now on sale and reserved seats may be obtained at Mitchell Hall each week-day except Saturday between 3 and 5 in the afternoon and 7 and 9 in the evening. They are also available at the Newark Department Store in Newark and the Greenwood Book Shop in Wilmington.

The "mice" in the Broadway comedy hit by Samuel Spewack are two ditty elderly ladies who continue to conduct a governmental bureau several years after it has been officially abolished. Before a resourceful newspaperman who comes to their aid runs the gamut in practical joking, the State Department, Army, Navy and Air Force are dragged into a colossal hoax, and the two old ladies get invited to tea at the White House and decorated by the French government.

Also involved in the hilarious proceedings are a young woman who gives rhumba lessons in a room next to the ladies' office, a colored man who operates a cleaning-and-pressing establishment in the basement, and a couple in the upstairs room who are about to have a baby.

Ruth Alford and Betty Kase will be seen in the title roles and E. C. "Curly" Mahanna will be their whimsical volunteer help-mate. Worth Tracy, Michael A. Kubicek, Col. Layton A. Zimmer and Milton Valentine will play the official observers, who struggle unhappily to write reports to their superiors explaining just what is happening in the lost bureau. Other roles have been assigned to Robert Kase, Betsy Elliott, Avery Gordin, Robert Squier, Paul Griffith, Lois Young, Lincoln Armstrong, Major John E. Arthur, Jr., Henry Weitz, Carl Jones, Taggart Evans and Ursula Betts.

The cast of "The Emperor's New Clothes" traveled to Delaware City last Sunday to give a performance of the play at the Governor Bacon Health Center.

Rudisill asserted that past improvements put in effect by Bell System had later improved service and reduced its cost. As an example, he cited the reductions in the toll charge to San Francisco. In 1920 the initial period cost \$18.05, in 1940 it was \$4.00, today it is \$2.50 (3 minutes, day, station-to-station).

Following the meeting, members of the club visited the Newark Central Office and were shown the dial equipment by J. S. Steiner, of the Diamond State Telephone Company, and a resident of Newark.

elected in 1948.

Mr. Boggs is at present engaged in a campaign to curb government expenditures and has advanced an 8-point program with this end in view. His recommendations include: adoption of the recommendations of the Hoover Commission report; revision of the federal tax structure to eliminate loopholes and inequities; study and revision of the federal grants-in-aid program; postponement of any unnecessary federal works construction; and undertaking of spending program only on the basis of ultimate cost rather than initial cost.

Mrs. Emmett C. Kauffmann is chairman and Mrs. Edith Tiffany will be hostess. Last year in Congress, Mr. Boggs served on the Expenditures in the Executive Department and the House Administration committees.
