

**\$10,000 For Study Of Parking
Approved By 6-1 Council Vote**

Newark Parking Authority Request For Survey Funds Approved; Plat Accepted For Dual Home Development; Martin Submits Calendar Year 1967 Financial Report

A \$10,000 appropriation for a survey to justify a multi-million dollar building proposed by the Newark Parking Authority; the plat for six building lots and duplex houses in the Marlin Ridge Development on White Clay Drive; and Director Albert K. Martin's financial report for the year ending last Dec. 31, were approved at the regular meeting of Newark City Council last Monday night.

The \$10,000 expenditure for the Newark Parking Authority is to include a feasibility study by Wilbur Smith and Associates, consulting engineers of Winston-Salem, N.C., and necessary property appraisals for construction and independent mortgage financing of a multi-story building in the central business district for public parking and office rentals. The measure was approved in a 6-1 vote over Councilman Arthur P. Mayer's dissent.

Evening School Chief

Dr. John E. Allen

The Marlin Ridge plat presented by Maule Builders, Inc., for six building lots with duplex houses in the RD-zoned area on White Clay Drive was approved in a 6-1 vote over opposition by Councilman Olan R. Thomas "on the basis of other residents. White Clay Drive residents are opposed to this," Thomas declared, objecting to the proposed 26-foot wide street for the new development with attendant traffic problems.

Edward J. Sobolewski, attorney for Maule Builders, pointed out that his client "has the right to build the proposed houses," but added "I will go on record that the street will be widened to 30-ft" as proposed by council to prevent traffic congestion.

City Solicitor Clyde M. England, Jr., stated that the "developer has tried to go along with almost everything that has been proposed for him," and Councilman Frank J. Osborne, Jr., added "I feel that the developer has met all the requirements and I don't know how we can deny his request."

Councilman David H. Doehli declared that opposition appeared due to "personal prejudice in the neighborhood," that the plat was "a good plan," and that council "ought to approve it."

And Marlin Ridge was approved by a 6-1 majority.

Financial Report

With presentation of Finance Director Albert K. Martin's municipal financial report for the year ending last Dec. 31, council approved an anticipated deficit reserve of \$441,274 in earned surplus for future projects, plus an unappropriated surplus of \$214,213.

Martin reported city expenditures for the 12 months in 1967 at \$2,810,664, and revenues of \$2,839,969 for a profit of \$29,305; a surplus carry-over of \$136,918; and a \$54,200 transfer from capital improvements reserve to the proposed bond issue.

An ordinance to permit accessory use parking on A-areas was conditionally zoned land directly behind the business zoned land at 287 East Main Street was approved unanimously for Delaware Engineering and Design Corp. at a final reading.

The scheduled final reading of proposed ordinance for city acquisition of 9.923-acres of land in the South Chapel Street-Diamond Street Industrial Park-Kennedy Turnpike area, was deferred until March 11.

Action on the request of David Gallo for public access to his Park 'n' Shop Property at Apple and Sunset roads, was delegated to City Manager Edward R. Stiff.

Solicitor England pointed out that the "land was zoned commercial in the first place, and not residential as has been thought up until now," England said that access can be regulated to provide for the public welfare.

Barred

Concerning the barricade placed at the previous access from Apple Road opposite Sunset Road after protest by residents of the area, Councilman William M. Coverdale said that the city manager has control over driveway openings, and that the site was "barricaded on the false basis that land was residential." He cited "other instances of access over residential land."

Thomas advised council that Gallo was "trying to provide parking without city help," while city assistance was being requested with parking in other areas.

Decision was referred to the city manager in a 5-1 vote opposed by Councilman William E. Frame in Thomas' temporary absence.

Action on deferring city assessments levied against the Ethel Vasevich property fronting on West Park Place, with improvements to shuttling Willa Road, was postponed preparation of an ordinance permitting exceptions to present assessments laws.

Diana Frazier Wins Honor

As Scholar At Delaware Diana Frazier, daughter of 623 Academy Street, Newark, has been named to the dean's list as a nursing major at the University of Delaware.

She graduated from Newark High School last June, winning the Computer Science Award.

Local Legislator Dies

Jacob A. Correll

**Ex-State Senator,
GOP Legislator
J. A. Correll Dies**

Former state senator and representative Jacob A. Correll, 71, of 209 West Chestnut Hill Road, Newark, died last Thursday at Wilmington General Division after a long illness.

Mr. Correll, a Republican, served as senator from Newark from 1958 to 1960, when he was defeated in a reelection bid. He served in the House from 1963 to 1964.

Retired 13 years ago from the Purina Feed Corp. as district salesman, Mr. Correll had worked for the company since 1936. Since he retired, he had owned Correll's Feed Service in Kirkwood.

Mr. Correll was past patron of the Eastern Star, past master of Hiram Lodge 25, AF&M, Newark, a charter member of Pencader Grange and past president of the Men's Bible Class of Newark Methodist Church.

He was a member of the local VFW and American Legion posts; Chapter 6, Royal Arch Masons; St. John's Commandery; Lulu Temple of the Shrine; the Grand Lodge of Delaware and the Shrine Club of Delaware.

Surviving are his widow, Mrs. Elizabeth Correll; five sons, Jacob A. Jr. and Richard C., both of Newark; Robert H. of Houston, William H. of Bel Air, Md., and Henry B. of Bear; two daughters, Mrs. Dorothy C. Davis of Chesapeake City, Md., and Mrs. Evelyn C. Miller of Oxford, Pa.; 29 grandchildren and nine great-grandchildren.

Services were conducted Monday morning at the William J. Warwick Funeral Home, Newark, with interment in Head of Christina Cemetery.

In lieu of flowers, the family suggests contributions to the Delaware Heart Association, 1925 Lovering Avenue, Wilmington or to the Newark Methodist Church.

To Stay In Delaware

David M. Nelson

Delaware athletic director, David M. Nelson said that he had withdrawn from the picture at the University of Michigan, his alma mater, as a replacement for Fritz Crisler.

Nelson was considering the No. 1 possibility to take over when Crisler, who coached him in football, retired.

Nelson said he had notified Michigan President Robert Fleming of his decision.

"I told Mr. Fleming that the Nelson family's roots are too deep in Delaware," the Admiral said.

"This is where our friends are and this is where our home is. It is always an honor to be considered by a place like Michigan, but I have given it a lot of thought and decided to stay here."

Nelson was interviewed at Michigan in November.

Nelson, 47, has been athletic director at Delaware since 1951, and was head football coach through 1965 when he was succeeded by Harold Raymond.

**Mayor Handloff, Councilman Mayer File
For Reelection With Next April 9, Vote**

Mayor Norma B. Handloff and Dr. Arthur P. Mayer, councilman for the fifth district, announced last Monday that they will seek reelection in the municipal election to be conducted next April 9.

"The greatest honor that has ever come to me has been the privilege of serving the people of Newark as their elected mayor," Mrs. Handloff said.

"In small cities like Newark we have the unique opportunity to demonstrate the real meaning and the real value of the democratic system as we have grown to know and love it and as we want our children to know and love it. It is in cities like Newark that the citizen has the great opportunity to participate in his government and in doing so, to constitute and shape it into one that is truly responsive to his needs."

"As my two years in office approach their close, I know . . . there are no easy answers to any of our problems, nor are there any quick or inexpensive ones. The mark of a mature and responsible citizenry is that it is willing to make long-range plans and to implement them with full knowledge of the cost of the many other factors involved."

Mayer Handloff continued.

"In Newark, these two years, we have developed a fine roster of trained and dedicated administrative, professional, and sub-professional employees. We are beginning to progress toward realization of plans for job classification, pay, pension and retirement system are constantly under scrutiny with a view to bringing them into line with advancing costs of living."

"Two-way channels of communication have been opened and maintained up and down the line with state and county government, the University of Delaware, and the numerous planning agencies with which we must deal."

"And now I ask for the opportunity to help in bringing Newark's long-range plans closer to fulfillment by serving as mayor for the next two years . . ." Mrs. Handloff concluded.

Handloff said he will question the State Highway Department and the Delaware Turnpike Authority to see how continuation of local tolls serves best interests of the state.

Last October, Hart asked the attorney general whether the turnpike authorities could legally retain their exemption from taxes even though several 100 yards of the highway east of the Newport interchange was toll-free.

The attorney general's opinion, which Hart received Saturday, says: "If the highway department decided to collect a toll for the use of a certain portion of the turnpike while allowing usage of other parts of the turnpike without charge it would appear to be within the authority granted to the department by law."

The statute exempting the road from taxation requires that authority over the turnpike "will be in all respects for the benefit of the people of the state for the increase of their commerce and prosperity, and for the improvement of their safety, health and living standards."

Hart maintains that tolls are a disservice to Delawareans who travel the turnpike.

Revenues from the automatic toll machines are only one-tenth of the revenue from interstate travel, he claims, and this means that local tolls could be scrapped without any great financial loss.

Although traffic consultants have warned that the highway would be clogged by local traffic if tolls were eliminated, one of the original assumptions behind the Delaware turnpike was that other routes between Newark and Wilmington would not be greatly improved, Hart said.

Revenues from the automatic toll machines are only one-tenth of the revenue from interstate travel, he claims, and this means that local tolls could be scrapped without any great financial loss.

No-Toll Champlain

Wm. F. Hart

**Toll-Free Travel
Action Continues
For Hart Project**

The attorney general's office has ruled that toll-free travel on several 100 yards of the Delaware turnpike does not affect the highway's tax exemption.

The ruling was made in an opinion submitted to Ben William F. Hart, Jr., Councilman for the fifth district, who has been campaigning for elimination of tolls for motorists who enter and leave the road at local interchanges.

Hart said he will question the State Highway Department and the Delaware Turnpike Authority to see how continuation of local tolls serves best interests of the state.

Last October, Hart asked the attorney general whether the turnpike authorities could legally retain their exemption from taxes even though several 100 yards of the highway east of the Newport interchange was toll-free.

The attorney general's opinion, which Hart received Saturday, says: "If the highway department decided to collect a toll for the use of a certain portion of the turnpike while allowing usage of other parts of the turnpike without charge it would appear to be within the authority granted to the department by law."

The statute exempting the road from taxation requires that authority over the turnpike "will be in all respects for the benefit of the people of the state for the increase of their commerce and prosperity, and for the improvement of their safety, health and living standards."

**Car No. 1,500,000 At Newark
Assembled By Chrysler Corp.**

Local Auto Assembly Plant Rolls White Plymouth Fury From Line Yesterday At Noon As One-and-Half-Million Cars Are Produced Since 1957 Conversion From Tanks

One and a half-million automobiles have been produced at the Newark assembly plant of Chrysler Corp., with No. 1,500,000 rolling off the local assembly line yesterday at noon as Plant Manager C. E. Fowble, Jr., presided at press luncheon ceremonies for the occasion.

The first car produced at Newark on April 30, 1957, was a Plymouth, and No. 1,500,000 also was a Plymouth.

Chrysler Leader

C. E. Fowble, Jr.

A four-door white hardtop Fury III Fowble has been Chrysler assembly plant manager at Newark since December, 1963, and the one-millionth car was produced under his direction on July 6, 1965. The half-million mark was reached in December, 1961.

The Newark plant was constructed in 1951 by Chrysler Corp. to install military tanks and conversion to an automobile assembly plant began in 1956.

832 Cars Per Day In 1967, the Newark plant produced 196,832 cars, and normal production includes 32 cars per hour, a total 832 per day with two 8-hour shifts.

Chrysler's Newark assembly produces a full passenger car line including convertibles, or Plymouths, Fords, Dodges, and Monacos; and Chrysler-Newport and New Yorkers.

The plant provides an annual payroll of some \$42-million, and employs about 5,200 persons.

With a floor space of 1,500,000 sq. ft., a square foot for each car produced from April 30, 1957 through yesterday noon—the plant assembly lines are nearly five-miles in length.

Priscilla Anne Harmon, daughter of Mr. and Mrs. Jesse Harmon of Valley and Southwood roads, Hockessin, has the honor of being the first woman candidate for the ministry to be sponsored by the New Castle Presbytery.

She has just finished her undergraduate work majoring in religion at Oberlin College in Ohio and begins her work at Princeton (N.J.) Theological Seminary this semester, studying for her bachelor's degree in theology. She graduated from Alexis I. du Pont High School.

Mrs. Harmon is a member of Red Clay Creek Presbyterian Church where she is the first woman to enter the ministry field in its 246 years of history.

Bertha Kirk and Mrs. Melvin Weaver presented the program on "Choosing Lamps for the Home" for the Three-in-One Home Economics Club last Thursday at the home of Mrs. Robert P. Major in Eastern Heights.

Mrs. Major will have charge of the March 14 program on "Changing Roles of Today's Family." Red Clay Creek Presbyterian Church.

The Rev. William J. Evans, pastor, started a series of sermons last Sunday on the theme "Saviours of

the World." They will continue through February.

Red Clay men's group will meet next Monday at 8 p.m. in the social hall when the film "A Time for Burning" will be shown and discussed.

The Morning Church, was discussed by the Junior High Fellowship last Sunday.

Boy Scout Troop 29 and Cub Scout Pack 29 attended services last Sunday in observance of Boy Scout Week. Martin Kees of Troop 29, participated in the worship service.

The second Christian faith forum for adults will be held next Tuesday at 8 p.m. with staff members explaining the Christian education, music, and service ministries of the Presbyterian Church.

Miriam Church will meet next Wednesday at 8 p.m. at the home of Garrett Foster in Cynwyd Club Apartments.

Mrs. Arthur Eastman of Limestone Acres, will be hostess to Ruth Circle next Tuesday at 8 p.m.

Edward Shurts is the leader of the adult church school class which meets each Sunday at 9:15 a.m. He replaces Norman Howe.

An all-day sewing for the Needlework Guild will be held in the social hall next Monday from 10 a.m. to 2 p.m. Articles will be pre-cut by Mrs. Marvin Stankowski, director, ready to be assembled. Materials for children's clothing may be donated. All women of the church are invited.

Book reviews of best sellers highlighted the Waverly Club program, last Wednesday at the home of Mrs. John Goynne in Cooper Farms with Mrs. Paul Cobb, co-hostess.

"Confessions of Nat Turner," written by William Styron, was given by Mrs. George Parrie but prepared by Mrs. Ralph Blair. The book "Nicholas and Alexandra" by K. Marcy, was presented by Mrs. Goynne.

Mrs. Joseph Mitchell reviewed "The Day After Tomorrow" by Catherine Marshall and "I, Roberta" by Elizabeth Gray Vining.

The three contests being sponsored by the Delaware State Federation of Women's Clubs were announced as creative writing on the theme "Build With Youth's For a Better World," book reviews, and poetry.

A family, safety, and leadership conference will be held March 6 at Capital Grange Hall in Dover.

Mrs. Warden Glass told about air pollution, and Mrs. Alex Mitchell reported on the flood of foreign students to be educated in the United States.

Greetings were read from Mrs. F. Ealy who is in Florida.

Mrs. Ernest Lomas, president, had a poem on "Spring Housecleaning" by W. Jenkins.

Mrs. Edward Pierson was a guest. Next Wednesday, the club will have Janet Reed, clothing specialist, guest speaker. Mrs. J. Mitchell, hostess, will be assisted by Mrs. Laurence Parrish, Jr.

The Springers' Lane Home Economics Club reviewed a film on "The Natural Look-How to Achieve" last Wednesday at the home of Mrs. Richard Blevians. There were 17 members in attendance.

Mrs. Orville Anderson and Mrs. Fred Budnik attended sessions on blues and African violets during February and Home Week.

Next Wednesday at 8 p.m. a project meeting will be held at the home of Mrs. Warren Bunting in Limestone Acres. The groups will make place cards for the Home for Aged Women and white swan table decorations.

Roberta Lidunas of Oak Hill, spoke to members of the Hockessin Friends Fellowship of his native land, Latvia, last Friday at the monthly supper session.

The speaker came to America in 1930 and described his childhood and war years in Europe.

Phenezer Methodist Church. Clark Hoffman will be the discussion leader for the adult free discussion church school class this Sunday and February 25. The subject will be "The Parables of Jesus."

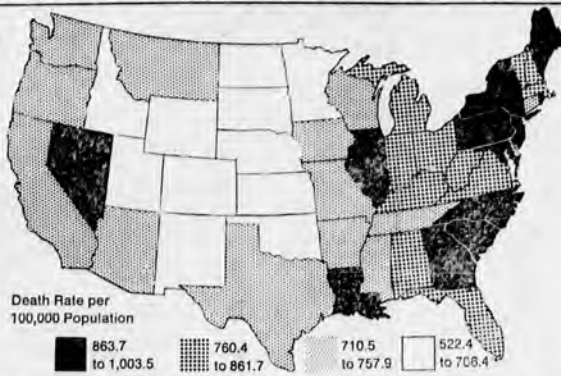

Last Sunday, William J. Warwick, funeral director, discussed Christian burial.

The annual laymen's retreat for the Wilmington district at Duxton Manor, Methodist Retreat Center near Weston, Md., was attended last weekend by Melvin Dempsey and Daniel E. Harris.

Helping Hand Circle will meet next Tuesday at 8 p.m. at the home of Bertha Kirk at Lumbrook, Dorothea Knotts has devotion.

This evening, Mite Circle will meet at the social hall Mrs. Clifton Knotts is hostess, with Mrs. Lillie Watery and Mrs. Ralph Whitman.

Cardiovascular Death Rate Varies Widely by States

MAP OF CONTINENTAL UNITED STATES shows, in four groupings, by states, the extent to which death rates (males, aged 45-65) from heart and blood vessel diseases fluctuate from area-to-area. Note that all lowest-ranking states lie west of the Mississippi River. Age, sex, hereditary background, dietary habits and degree of urbanization are among possible causes for variation. Nationwide attack against these diseases is supported by the Heart Fund Campaign, conducted here during February.

co-hostesses. Mrs. Whitman will have charge of the program.

G. Wallace Caulk of Woodside, master of Delaware State Grange, visited Harmony Grange last Monday and told of the grange council being organized last night at the new Agricultural Building in Dover.

The purpose of the council, he stated, is to promote public relations and legislative issues in Delaware.

The annual state scholarship dinner was announced for March 2, at Capital Grange Hall in Dover.

Mrs. Edward Heller, lecturer, was chosen to represent Harmony at the Middle Atlantic Lecturer's Conference, April 3-5, at Rehoboth.

Mrs. Harold Pierce had the needlework and sewing contest ruled and entry blanks for members to enroll in each. She announced a gift of \$5 sent to the grange CARE project for the young farmer's institute in India.

Plans were started for another pot-luck supper and games party to be held Feb. 26, at the hall.

Grange women started a Women's Activities Club last Tuesday which will meet the first Tuesday of each month.

A program attended by Mrs. H. Pierce on safety in the home was based on poisons. Articles on the three classifications of poisons were read by Mrs. W. H. Narvel, Frank Cooper, and Mrs. Herbert Brown.

Mrs. Leroy Parker conducted a spelling bee on poisons.

Mrs. Pierce explained procedure for making and using to be attached to fishing nets in the winter-time. Her sons had made over 2,000 bags.

State Grange Prince and Princess W. H. Narvel, Jr. and Aline Pierce, both officers and members of Harmony Grange, are making visits to granges throughout the state. Last week, they were at Bethesda, Capital, and Center. This week, they are going to Central and Milford granges.

St. Philip's Lutheran Church on Kirkwood Highway, is beginning a new ministry during the Lenten season. Each Wednesday, a worship service will be held from 12:10 to 12:25 p.m. at the church.

After the service, luncheon will be served for a small fee. This worship period has been planned for the benefit of the many employees and shoppers in this commercial area.

There will be a World Day of Prayer service at Cedar Methodist Church on Friday, March 1, at 11 a.m. Nearby church women have been invited. A light lunch will be served to adults and children, free.

Wynadanza Home Economics Club will meet next Wednesday at 10 a.m. at the home of Mrs. Joseph C. Eastburn at Eastern Farms with Mrs. Warren Gregg and Mrs. Howard Perrier, leaders.

Ruth Pierson of Southwood Road, suffered a broken right arm recently.

Hockessin Fire Co. Auxiliary will hold its February business session next Monday at 8 p.m. at the fire hall.

Limestone Presbyterian Church. Arrangements are being made for a family night supper to be served here on Sunday, Feb. 25, at 5:30 p.m.

A barbeque supper will be served this Sunday from 4 to 7 p.m. for the benefit of Boy Scout Troop 29.

Union Grange will meet next Tuesday at 8 p.m. at the home of Mr. and Mrs. Daniel E. Harris, Penn Manor Farm.

Caroline W. Young Dies At Age 80

Mrs. Caroline W. Young, 80, of 249 East Park Place, Newark, died Jan. 31, in Wilmington General Division following a brief illness.

Originally from Philadelphia, she was the widow of John R. Young, Jr. and had made her home in Newark for the past four years with a daughter, Mrs. Ruth Young Buggy.

Other survivors include a son, John R. III, of Franklin, Pa., and two other daughters, Mrs. Albert R. Young of Collingswood, N.J., and Mrs. Marjorie Y. Lapp, of Turfville, Pa., and 10 grandchildren.

Services were conducted Saturday afternoon at Oak Lane Baptist Church, Philadelphia, where she was a member. Interment was at West Laurel Hill, Philadelphia. Friends called at the William J. Warwick Funeral Home, Newark, on Friday night.

Three new homes are being erected in the development known as the Old Hobson Farm along Lancaster Pike.

Grading has been started in the Arnold development along Limestone Road. Forms have been laid for two houses. This property will be remembered as the Hicks Farm.

Registrations for students entering the first grade in Stanton Central, Lora Little, Montwood, and Heritage elementary schools in the Stanton district will begin this week and continue through April 12.

Central Jr. High Pupils Take Part In A Day In Rome

Ninth graders at Central Junior High School held their first "Roman Day" recently.

While most of the planning was done in the ninth grade class, World Civilizations I, the activity included participation of other groups—English, social studies, Latin, art, music, home economics, physical education, and cafeteria.

The purpose of the day was to unify all facets of Roman life so that the children might take part in a day in ancient Rome.

For World Civilizations I students, the day began with a trip to the planetarium for the program "Ancient Skies."

In the afternoon, the film "Julius Caesar" was shown in the Forum (known heretofore as the auditorium).

After the close of the school day the program included Roman theatrical presentations: Roman athletic games; film strips of ancient Rome; a Roman military demonstration; discussions of Roman philosophy; exhibits of Roman art; exercises in ancient mathematics; explanations of Roman medicine; discussions of Roman literature; ancient orations and lectures in Latin—all culminated in a Roman banquet.

Central Junior High School Principal Edmund A. Anderson believes that such a day is "a very meaningful and useful experience for students."

"Their interest was shown very clearly by the number of those who stayed after school to take part in all of the activities right through the dinner hour," Anderson said.

Documented in an inspiring new book

One hundred years of healing through prayer

This book presents an impressive record of authentic cases of outstanding physical healings and spiritual regeneration through Christian prayer. It is a timely response to today's renewed interest in spiritual healing. The reader will find many instances where the individuals who experienced the healings explain the spiritual awakening which brought about those healings. This book commemorates the Centennial of the discovery of Christian Science in 1866 by Mary Baker Eddy. It is offered in a spirit of sharing the hope and joy of ordinary lives deeply touched by the Christ.

JANE CAROL MANDT WEDS DENNIS QUEIN

Miss Jane Carol Mandt became the bride of Dennis Quein at 2 p.m. Saturday, Feb. 10, in the Newark Methodist Church.

The Rev. W. Kenneth Hoover officiated at the ceremony followed by a reception at the Newark Country Club.

The bride is the daughter of Mr. and Mrs. Fred W. Mandt of 812 Lehigh Road, Newark. The bridegroom's parents are Mr. and Mrs. Earl Quein of Elkton, Md.

Given in marriage by her father, the bride wore an ivory satin gown accented with Alencon lace and a chapel train. As a headpiece she had an ivory Alencon lace mantilla. She carried a cascade of gladioli, yellow roses and lily-of-the-valleys.

Maid of honor was Miss Theo Swann of Newark. Bridesmaids were Miss Lorna Stewart of Clarksville, Tenn., and Cape Kennedy, Fla., and the bride's sister, Miss Victoria Mandt.

Best man was Jay Robinson of Elkton. Ushers were Phil Keen of Elkton and Phil Prout.

The bride is a graduate of Newark High School and Austin Peay State University, Clarksville, Tenn. She is a teacher in Bowie, Md.

The bridegroom is a graduate of Elkton High School and is attending the University of Maryland. After a wedding trip to the Pocono Mountains, they will live in Hyattsville, Md.

FANNIE DEMPSEY BRIDE TO MR. SPAHR

Mr. Arthur Brown of Calvert, Md., formerly of Newark, announces the marriage of his daughter, Mrs. Fannie Eulalia Dempsey of Calvert Gardens, New Castle, on Feb. 7, to Mr. Russell Spahr of Lenoirville, Pa. The ceremony was performed by the Rev. William Archer at Oakes Methodist Church.

The couples attendants were Mrs. Dempsey's daughter Connie and son Robert.

A reception followed in the church hall.

After a wedding trip, the couple will reside in Overview Gardens.

ALBERTA UVEGAS WEDS DEAN PARKER

Miss Alberta Darlene Uvegas and Dean Parker were married Feb. 2, in Evangelical Presbyterian Church, Newark.

The bride is the daughter of Mr. and Mrs. Albert Uvegas of Bear, Del. and the groom is the son of Mr. and Mrs. Orville Parker of Penn Acres.

The Rev. LaVerne Donaldson officiated at the ceremony which was followed by a reception in the social hall of the church.

Given in marriage by her father, the bride wore a gown of organza with chantilly lace trim and a detachable train. Her illusion veil held by a crystal pin crown.

Mrs. Marilyn Fuller of Quarryville, Pa., was her sister's matron of honor and bridesmaid was Miss Joan Naska of New Castle. Maryellen Tiffany of Scranton, Pa., was junior bridesmaid.

William E. Jackson was best man for the groom and others were James Dunsow of Newark and James Kreish of New Castle.

The couple will reside in Manor Park Apartments.

DARLENE BAKER WILL WED THIS SUMMER

Mr. and Mrs. E. Vincent Baker of Newark announce the engagement of their daughter, Miss Darlene Ruth Baker, to Robert F. Hart.

He is the son of Mrs. Eldred Hart of Great Bend, N.Y., and the late Mr. Hart.

Miss Baker is a graduate of Newark High School and is a senior at Houghton College, Houghton, N.Y.

Her fiancé is a graduate of Carlebach High School after serving four years as a Naval intelligence interpreter, he is studying law enforcement at Coe College, in Douglas, Ariz.

After a summer wedding they will live in Douglas.

Mr. and Mrs. Robert A. Wires of 11 Merriman Road, Newark, announce the engagement of their daughter, Miss Carol Lynn Wires, to Wayne A. Loveless.

He is the son of Mrs. Marie Loveless of 1602 Washington St., and Samuel Loveless of Marshallton.

He has served in the Navy and is employed by Van Demark and Lynch Co.

Miss Wires is a graduate of Christiana High School and is employed by Hercules Inc.

A May wedding is planned.

SALLY BARNES ENGAGED TO RONALD BRAYMAN

Mr. and Mrs. Vincent J. Barnes of 1006 Mistletoe Lane, Newark, announce the engagement of their daughter, Miss Sally Barnes, to Ronald L. Brayman.

He is the son of Mr. and Mrs. Albert L. Brayman of 406 Apple Road, Newark. He was graduated from Newark High School and Mifflin Valley College. He is in the Air Force.

Miss Barnes was graduated from Christiana High School and is employed by Almar.

PENNY PARTY PLANNED WELCOME WAGON

The popular Penny Party is here again for members of the Kirtwood, Newark Welcome Wagon Club. Susan R. Sturt advises. The party will be the main attraction of the meeting of the club next Wednesday at 8 p.m. at the Herschel Carriage on Route 27.

The evening will begin with dessert and coffee, followed by the business meeting. Drawing for Penny Party treasures will then take place, and if time permits, a card session will end the evening.

Girls having time to donate to the party are asked to contact Carol Pugmire, ways and means chairman.

The Welcome Wagon is holding a ladies card party at the Garden Quarter Recreation Center on March 11, 8 p.m. Tickets can be purchased from Ann Laidacker.

SARA ELLEN AUSTIN WEDS JANUARY 28

Miss Sara Ellen Austin became the bride of Byron Hugh Jefferson on Jan. 28 in the home of her parents, Dr. and Mrs. Ruben V. Austin, with the Rev. Marvin H. Hummel officiating at the ceremony.

The bridegroom's parents are Mr. and Mrs. Riley T. Jefferson of Lincoln, Del.

Miss Patricia Coffey, sister of the bride, and James K. Jefferson, brother of the groom, attended the couple.

Mrs. Jefferson is a graduate of Newark High School.

Both are students at the University of Delaware where he is a member of Lambda Chi Alpha fraternity.

Following a reception for family and friends, the newlyweds left on a trip to Florida.

BOOKS IN REVIEW By Percy Maddux

HAND-TAMING WILD BIRDS AT THE FEEDER. By Alfred G. Martin. Illustrated. Round Wheelwright Co., Freeport, Maine. 160 pp. \$2.50.

"How to do" books are generally of interest only to people who want to know how to do whatever it is but "Hand-Taming Wild Birds at the Feeder" by Alfred G. Martin is more than a guide book for people wanting to tame birds. It is a book with a long message for all.

With the author does tell his method of taming wild birds, although it is probably true that reading this book is no guarantee of actually taming any birds, since there are other factors involved than merely going through the motions. He tells you what to do—it is up to you to try it and see what luck you have.

Most of the book consists of anecdotes of what he actually did in certain cases and what the results were. He gives us a good many pointers about birds.

Do not hold out an empty hand to a bird, he says, but if you do that, and the bird may feel that is what you too have in mind. "Hand-Taming Wild Birds at the Feeder" by Alfred G. Martin is a small, hard-cover book, measuring less than 8 1/2 by 5 1/2, but it is a charming nature book, easy to read and understand, and it will give you a new insight into birds.

HONG KONG IN PICTURES. Prepared by James Nash. Sterling Publishing Co., Inc., New York. 64 pp. 164 pictures and map. Paper. \$1.00.

In 1841 the British took from the Chinese the crown colony of Hong Kong for commercial purposes. It is an island on the south coast of China 40 miles from the Portuguese Macao, 90 miles from Canton. The peninsula of Kowloon on the mainland a mile away is also part of Hong Kong. The two together comprise 33 square miles. In 1898 the British took a 99-year lease from China of additional mainland and islands, the additions being known as the New Territories.

FLIPPER FLIPS FOR THE HEART FUND.

Betty Forman, soloist at Christ Church, Greenville, will present a program of English and German art songs accompanied by Ethel Tucker, pianist. This Friday at 10 a.m. during the Music at Communication course being taught by Pat Kuntz at the Newark YWCA.

Guests may attend this special program for nominal admission fee.

St. Nicholas Mission To Open Kindergarten

St. Nicholas Episcopal Mission at Christ Church Hill and Old Newark roads will open a Christian Kindergarten next September, with a staff headed by Betty Gray.

Registration forms may be obtained at the parish office from 9 a.m. to 1 p.m. next week, the Rev. David Shoen, vicar, reports.

Mary Ludlow Wins Honor As South College Scholar

GENEVA, N.Y.—Mary H. Ludlow of Newark, a freshman at William Smith College here, has been named to the dean's list for having a term average of "B" or better.

The daughter of the Rev. and Mrs. Theodore Ludlow of 116 Amstel Avenue, she graduated from the Newark High School.

Easy-To-Make Turkey Enchiladas

This recipe for Turkey Enchiladas can be made a day ahead and kept in the refrigerator or better yet, can be frozen. When the enchiladas.

Turkey Enchiladas
1 package (2 lbs.) Giblet
Gravy and Sliced Turkey
1 cup chopped onion
1/2 cup chopped green pepper
2 tablespoons melted butter or margarine
12 tortillas (4 1/2" diameter)

Heat oven to moderate (350°). Heat gravy and turkey 30-40 minutes. Meanwhile cook onion and green pepper in butter until clear. Dip each tortilla in hot oil for an instant. Drain on absorbent paper. Remove turkey from gravy. Add tomato sauce and chili powder to gravy. Heat until smooth. Place one turkey slice on each tortilla. Spread with small amount of onion mixture. Top with some cheese. Roll each. Place in shallow 2-quart baking dish. Pour gravy over. Sprinkle on remaining cheese. Heat 20-25 minutes or until hot. Yield: 6 servings. Note: If refrigerated, heat, covered, in hot oven (450°) 30 minutes and uncovered for 5 minutes. If frozen, heat without thawing and covered in hot oven (400°) for 1 1/2 hours, then uncovered 10 minutes.

Delaware Symphony Band To Offer Sunday Concert

The University of Delaware Symphony Band will present its first formal concert of the season this Sunday, Feb. 18, at 8:15 p.m. in Mitchell Hall.

The 46-piece ensemble under the direction of J. Robert King, associate professor of instrumental music, is composed of students who won positions through competitive audition.

David Blackinton, instructor in brass, featured soloist, will perform Concertino for Trumpet and Band written by American Composer Martin Malvern.

Sunday's program is open to the public without charge.

Cure Toothaches Before They Start

In bygone days, some people believed that kissing a donkey would cure a toothache. Others believed that a sprig of parsley hung around the neck would prevent a toothache. While modern dentistry has dispelled odd superstitions, there are still misconceptions about dental health.

During the week of Feb. 4 through 10, the nation will observe the 20th anniversary of National Children's Dental Health Week. Its purpose is to provide sound dental health information to children and parents, and to remove misconceptions about dental health.

Today, people don't go around kissing donkeys, but some still believe that dental caries (decay)—the cause of a toothache—can be cured. It can't. Dental decay can be removed from a tooth and the tooth filled. And, with proper care—by cleaning the teeth after meals and by cutting down on sweets—the decay possibly won't recur.

Decay can be prevented—not by parsley, but by fluoridation. Countless studies of children in fluoridated communities have proved that fluoride in the water prevents decay by about 65 per cent. And, if fluoride is not in the water, the dentist can either paint a child's teeth with a fluoride substance, or he can prescribe dietary fluorides. The American Dental Association says some fluoride toothpastes are recognized as effective in decay prevention.

Here are some important facts about dental health:

—Baby (primary) teeth are important. They save the proper eruption space for permanent teeth and are necessary for chewing, speech and appearance.

—Milk does not prevent decay. It helps the teeth form properly.

—Sweets are a causative factor in decay and their consumption should be limited, probably to meal times.

—A great proportion of children have some type of gum disease. If untreated, the disorders will become more serious as the child grows. Gum disease is the greatest cause of adult tooth loss.

—Destroyed tooth enamel cannot be repaired. If a tooth stops aching, this means the pulp has been infected—an indication of real trouble.

Very few people are "immune" to dental decay. Approximately 98 per cent of the population suffers from caries. But regular toothbrushing, fluoridation and routine dental care will greatly reduce decay. 4-6

Old-Fashioned Split Pea Soup

Soup and Salad Suppers make for relaxed weekend meals the year around, to be enjoyed by family and "company" alike. The soup, of course, should be substantial—a main course in itself—served with a fruit salad that doubles as dessert. This simple basic recipe can be used for dry peas, whole or split, also for lentils. Of variations there is no end, so this "recept" may well become a "Specialty of the House."

Basic Recipe For Split Pea and Lentil Soups

1 pound (2 1/2) cups green or yellow split peas or lentils
8 cups cold water
Meaty ham bones
1/2 cup chopped onion

1/4 cup dried celery
1/2 cup dried raw carrots
1 large bay leaf
1 teaspoon salt
1 fat garlic clove, if desired

Combine in heavy kettle with a tight-fitting lid. Bring water to boiling point. Cover. Reduce heat. Simmer for 2 hours, stirring occasionally. Split peas and lentils require no soaking. Dry whole peas need soaking.

Most recipes suggest that the cooked soups be sieved. Must this "always be"? It's a chore and seems unnecessary. Split peas will "cook up" more than lentils. Use a potato masher if you feel the need of some puree. Try "straining" with a strainer. These are very thick soups which need a bit of thinning. But use them "condensed" if to be frozen. There will be about 8 cups of the thick soup. Thinned to the desired consistency, count on 10 to 12 servings of a hot meal more than a cup each.

To thin: For Dry Pea Soup, stir into the slowly-heated soup a small amount of hot water, light cream or undiluted evaporated milk. For Lentil Soup, chicken broth, tomato juice, diluted cream of tomato soup, or water may be used. Lift out the bay leaf before freezing or serving.

ST. ANTHONY'S SPORTSMEN

The 17th annual sports banquet of St. Anthony's Catholic Club at Fournier Hall in Wilmington last Thursday evening featured a Goose who never laid an egg, golden or otherwise — and this lack of egg-laying performance was in appropriate keeping with that of the gentlemen referred to on occasion — and in jest, please — as the "Wilmington Mafia of St. Anthony's."

Last Thursday's banquet and program was the 17th ace dealt by St. Anthony's sportsmen, with Joseph J. DiLuchio as general chairman; Notre Dame's perennial-director of athletics Ed "Moose" Krause as talented toastmaster; and a grand guest galaxy of sports stars including Leon "Goose" Goslin of Baseball's Hall of Fame; pro football's Jim Ringo of the Eagles; Jim Kautsavage of the Giants; Willie Richardson of the Colts; and Tom Brown of the Green Bay Packers; the NBA's Larry Costello of the Philadelphia 76'ers; and First Baseman Bill White of the Phillies.

We followed Goose Goslin's exploits as a home run and outfield star for the old Washington Senators in the time of Walter "Big Train" Johnson, on a crystal set back in the very early days of radio when the nation's capital was blessed with vacant lots where boys played unorganized baseball in every neighborhood. And a boy grown into manhood, met an almost unchanged Leon Coslin some 1,000-miles away from Washington where the Goose was in Florida spring training at Lakeland with the pennant-winning Detroit Tigers of Mickey Cochrane in 1934-35.

And the heavy-hitting Goose was a major factor in the Tiger defeat of the Chicago Cubs in the 1935 World Series.

The trail is a long one from the crystal set in Washington to Fournier Hall last Thursday night, and we are grateful to Alex Petrillo, Bill Panero, and the other gentlemen of St. Anthony's Catholic Club, and to Goose Goslin for an autographed program as a memorable milestone along the wonderful way.

City Council

Business Tie-Up

Thomas urged "that the city manager draft a notice to all department heads and employees — that requests or directions from the mayor and councilmen be received only through the city manager," citing "many instances during the past

several months where not only one person would be tied up for a long period of time, but in some cases, a whole department."

England advised Thomas that his "motion says no more than what the charter implies," and Mayor Norma B. Handloff added that "your objective may have been accomplished by airing this."

The mayor stated that "some com-

William L. Appleby Of Christiana Dies

William L. Appleby, 91, of Christiana died Jan. 30, at Wilmington General Division after a short illness.

He lived in Christiana all his life, and was a member of the Christiana Methodist Church.

Mr. Appleby was employed at Delaware Park before his retirement.

He is survived by a brother Harry of Red Lion, and a granddaughter. His wife, Mrs. Emma Appleby, died 12 years ago.

Services were conducted Saturday afternoon at the Robert T. Jones Funeral Home, Newark, with interment in Christiana Presbyterian Cemetery.

Elizabeth Remy Attains Dean's List At Pembroke

Elizabeth Remy, daughter of Mr. and Mrs. Russell Remy, Jr., of 201 Beverly Road, and a graduate of Newark High School, has been named to the dean's list at Pembroke College, Brown University.

Miss Remy is a member of the Class of 1968 at Pembroke and a candidate for a bachelor of arts degree in history.

ART CENTER

Beginning last Friday, the Delaware Art Center, 2301 Kentmere Parkway, Wilmington, is presenting a new exhibition "Contemporary Painting from New York Galleries, through March 3.

The Art Center is open Monday through Saturday from 10 to 6, free of charge.

citizen and the mayor do channel

requests for service through the city manager."

Doehliet's proposal that background material accompany all items submitted for Section 4 of council meeting agenda, was defeated in a 3-4 vote with opposition by Councilman Coverdale, Mayor, Osborne, and Thomas.

"I believe that getting the so-called 'background material' is the cause of another council member's concern over a member of council overburdening the staff to the extent of tying up a whole department..." Coverdale concluded.

Doehliet replied that Coverdale had received "my background material and had time to prepare a length rebuttal."

Upon Doehliet's motion, the solicitor is to amend the local ordinance with inclusion of the Los Angeles ordinance regulations for consideration at the March 11, meeting.

Doehliet's request for a city staff report on alternatives for financing

SPOIL YOUR VACATION?

Hungry little boys make tourists blink—and there are millions of hungry children around the world. This little Latino boy is one of the luckier ones. NEW NOTE: COPYRIGHT REVISION A LONG BUT NECESSARY PROCESS

New York (NAP)—Congress, to its credit, has enacted a joint resolution extending until December 31 of next year copyrights which otherwise would expire this year on more than 57,000 songs ranging from the classical to many of the mainstays of that great American institution—the barbershop quartet.

Certainly no American who sings or listens to such folk classics as "I Wonder Who's Kissing Her Now," "Down By The Old Mill Stream," "Alexander's Ragtime Band," or "Shine On Harvest Moon" would want to see their talented composers go unrewarded for commercial performances of these great hits of Americana.

Performance rights almost everywhere else in the Western world bring the composers or their heirs royalties for life and a substantial period thereafter. Presently in the United States a copyright is valid for only twenty-eight years and must be effectively renewed for another twenty-eight years—the maximum term for a copyright in this country.

For twelve years Congress has been endeavoring to en-

act a general revision of the copyright laws to replace archaic provisions enacted in 1909 before the advent of electronic reproduction. This measure, on which the House has already voted favorably, would extend the period of copyrights to the life of the composer plus fifty years so that heirs may enjoy some of the benefits of his talents as they do the benefits of talents of other professionals and of businessmen.

Today, moreover, composers receive no royalties for use of their works in another American institution—the jukebox. This, too, would be corrected in the long overdue general revision of copyright laws.

While many commend Congress for the interim extension, there is reported to be widespread hope that the general revision bill will receive urgent and early consideration in the second session of the 90th Congress. For those who contribute so significantly to our American heritage and culture are fully as entitled to modernization of the laws affecting them as are other important segments of the American economy.

Food Fair Reports 1967 Price Drops For Home Table

Recent disclosures of a decline in food prices in the 1967 cost-of-living index served to focus attention on some meaningful price roll-backs last year that benefited housewives in their weekly food purchases.

The decline in the cost of food for home consumption, reported by the U.S. Department of Labor, was led by cutbacks that included major price reductions in poultry products, pork, citrus fruits and some varieties of seafood.

Researchers at the more than 300-store Food Fair supermarket chain headquartered in Philadelphia, said their records showed that chicken prices during the year averaged out to around two or three cents a pound or about 10 per cent less than in 1966.

Turkey prices showed an even greater decline. At the height of the holiday season, starting with last Thanksgiving and extending through to Christmas and New Year's Day this year, prices ranged between five and 10 cents a pound less than the year previous.

The supermarket chain said the situation on lower turkey prices is still continuing. Prices in January of this year were as much as eight cents a pound less than January, 1967.

Pork products during 1967 also registered a sharp decline averaging out to about six to seven cents a pound less than the preceding 12 months.

Lamb, too, was reported slightly lower. Beef and veal, while in good supply, were slightly higher than in 1966 due to increased costs for labor, packaging and transportation.

Seafood made another contribution to the record of price reductions with some types of fresh and frozen fish notably halibut and swordfish, and shrimp and oysters, in full season, selling below '66 prices.

Early in 1967, a much heavier than usual citrus fruit crop in Florida brought about sizeable reductions in orange and grapefruit prices, the Food Fair study showed.

The Department of Labor cost-of-living index for the year also pointed up that food for home consumption, which declined 3 per cent overall, was one of the few major commodities in the average family budget that registered a reduction in the index for 1967.

Other goods and services that led the way in price rises included home ownership that was up 3.9 per cent; fuel and utilities, 12 per cent; clothing, 3.6 per cent for men and boys and 4.8 per cent for girls and women; footwear, 4.9 per cent; and medical care up 7 per cent.

Suff said that he could provide figures for the public hearing on the bond referendum, but Doehliet's request was rejected in a 3-4 vote. "I'm impressed that you don't want to know the facts," Councilman Doehliet concluded as the meeting was adjourned at 10:30 p.m.

Harry B. Todd, 71 Dies On Saturday

Harry B. Todd, 71, of 54 North Harmony Road, Newark, died in Delaware Division last Saturday after a long illness.

A native of Greenwood, he had lived in New York where he worked in apartment maintenance until five years ago.

He is survived by his widow, Eva of Newark; a daughter, Mrs. Alice Jenkins of New Castle; two sons, Albert of Wilmington and Horace of New Castle; 12 grandchildren; three great-grandchildren, one sister, Mrs. Reba Merritt of Millsboro; two brothers, Joseph of Newark and Wilson of Greenwood.

Services were held Wednesday afternoon at the Fleischauer Funeral Home, Greenwood, with interment in Hollywood Cemetery, Harrington.

News of Bear

Mrs. J. Leslie Ford, Correspondent
Phone 328-6484

Mr. and Mrs. Wesley Henderson of Red Lion, are receiving congratulations on the birth of a son on Monday at Wilmington General Division.

Mrs. Howard Slaughter of Smyrna spent Wednesday with her mother, Mrs. Anna Harrington.

Mr. and Mrs. Robert Natale of Fairwinds Trailer Park, Bear, are receiving congratulations on the birth of a son on Sunday at Wilmington General Division.

Mrs. Ann Clarke of Bear, has received word that her brother, Marine Lance Corp. Robert C. Anderson, was killed in action in Vietnam on Feb. 3.

Army Pfc Charles R. Laws, 18, whose parents live at Middletown, was assigned to the 407th Engineer Co. near Cam Ranh Bay, Vietnam, on Jan. 10, as a welder. Private Laws, a 1967 graduate of Middletown High School, is the grandson of Mr. and Mrs. Charles B. Laws of Bear.

Pencader Grange held its semi-monthly meeting on Monday evening with worthy Master J. A. Correll, Jr., presiding. Lecturer Melvin Brooks announced that the next meeting will be held Feb. 19, with music and dancing by Ronald Martinez. Mrs. Joseph T. Laws, Jr. will speak on the order of banking. Family music night will be held

March 4, and the grange will serve a banquet on Feb. 27, for the Delaware Herd Improvement Ass'n. Mary Hicks of Porter Road, Bear, was crowned Queen of Hearts at Christiana Junior High School on Friday night. Sue Shanor was runner-up.

The Bear Home Economics Extension Club will meet next Monday at noon at the home of Mrs. Dora Walther, with Mrs. Joseph Maroussek leading a program on "Adopt the Meats to Fit Family Needs."

Mrs. Marie Weaver, 67, a part-time telephone operator at Delaware Division, died there Monday night. A former resident of Red Lion, she lived in this area for 50 years.

Mrs. Weaver was a member of the Red Lion Methodist Church, the WSSC, Bear Home Economics Extension Club, and Order of the Eastern Star.

McDaniel Awards Citation Honoring Lima Bean Expert

Officials of the University of Delaware college of agricultural sciences honored Robert E. Wester, senior horticulturist of the Agricultural Research Service, U.S. Dept. of Agriculture, at Delaware Farm and Home Week.

In presenting the award, Dr. William E. McDaniel, dean of the college of agricultural sciences said: "This citation of merit is awarded in recognition of outstanding achievements in lima bean breeding which contributed to the industry of Delaware."

"On behalf of lima bean growers and processors of Delaware, the staff of the Delaware Agricultural Experiment Station and extension service and your many Delaware friends, I present this certificate of merit to honor you and to express to you the great appreciation of the people of Delaware."

Wester developed lima bean varieties resistant to heat, nematodes, downy mildew and anthracnose.

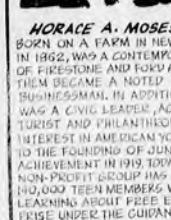

AMERICA'S LEADERS...by Thompson

HARVEY SAMUEL FIRESTONE

WAS BORN ON A FARM IN OHIO, IN 1868. HE STARTED MANUFACTURING RUBBER TIRES THAT MADE HIM FAMOUS IN 1890. HE ESTABLISHED THE FIRESTONE TIRE AND RUBBER COMPANY IN 1900. WHEN FIRESTONE DEVELOPED A STRAIGHT-SIDE PNEUMATIC TIRE, A LARGE ORDER FOR IT FROM HENRY FORD IN 1906 SENT HIM ON HIS WAY.

HENRY FORD WAS BORN IN 1863 ON A MICHIGAN FARM. AS A CHILD HE WAS FASCINATED BY CLOCKS AND WATCHES. THE FIRST AUTOMOBILE COMPANY HE FOUNDED IN 1899 FAILED, BUT HE TRIED AGAIN AND SUCCEEDED. BY 1927, THERE WERE OVER 15 MILLION MODELS OF HIS FAMOUS MODEL T FORD SOLD!

HORACE A. MOSES, BORN ON A FARM IN NEW YORK IN 1862, WAS A CONTEMPORARY OF FIRESTONE AND FORD AND LIKE THEM BECAME A NOTED BUSINESSMAN. IN ADDITION HE WAS A CIVIC LEADER, AGRICULTURIST AND PHILANTHROPIST. HIS INTEREST IN AMERICAN YOUTH LED TO THE FOUNDED OF JUNIOR ACHIEVEMENT IN 1919 TODAY, THIS MOVEMENT GROUP HAS MORE THAN 140,000 TEEN MEMBERS WHO ARE LEARNING ABOUT FREE ENTERPRISE UNDER THE GUIDANCE OF LOCAL BUSINESSMEN.

Donoho, Rylander To Teach Course On Sport Injuries

Delaware Trainer C. Roy Rylander and team physician Dr. C. R. Donoho will teach a course in the care and prevention of athletic injuries.

Designed for coaches, team physicians, trainers, officials, school nurses and health personnel, the course will be given in six weekly sessions at Delaware Field House in Newark.

Classes will meet Tuesday nights from 7 to 9:30 beginning Feb. 20. Both instructors will be present at each session.

Topics will include pathology of injuries and repair; basic procedures;

Performance Evaluation Slated In 10-Week Course

A 10-week course in employee performance evaluation will start at the University of Delaware next Monday.

Teaching the 7 to 9 p.m. class will be Thomas E. Diggins, deputy director of personnel, Aberdeen (Md.) Proving Ground.

The course is directed at corporate officers, line managers, personnel administrators, and other staff executives interested in applying performance appraisal techniques to improve employee performance.

Registrations may be arranged by calling the division of extension.

Each session will stress practical information—what to do and what not to do—as well as repair and prevention techniques.

Registration may be arranged by calling the extension division at the university.

Topics will include pathology of injuries and repair; basic procedures; ankle, shoulder and elbow, knee, and head injuries; effects of heat, trunk, thigh, wrist and hand injuries.

Each session will stress practical information—what to do and what not to do—as well as repair and prevention techniques.

Registration may be arranged by calling the extension division at the university.

THE GRAVEYARD OF THE ATLANTIC

Though called Sable Island—a moving spit of sand south-east of Nova Scotia—it is really "The Graveyard of the Atlantic."

Since its discovery some 450 years ago, this rocky, treacherous island has trapped and destroyed at least 500 ships claiming 10,000 lives. The island, which moves eastward about one-eighth of a mile a year, is lined by wreck upon wreck.

Today, according to the famed Disaster Books in the Marine Library of the Atlantic Mutual Insurance Company, \$2,000,000 in gold is believed hidden in ships' strongboxes scattered in the sand and surf.

Hardly distinguishable from the ocean on an overcast day and surrounded by vicious eddies, Sable Island is a deadly ambush.

"Where one day there is open sea," notes Atlantic Mutual's Disaster Books of the shifting, elusive island, "the next will find sandy shoals upon which any boat drawing more than a few feet of water will come to grief."

The history of Sable Island opens with a shipwreck. In

14 Commissioned In ROTC Program As 2d Lieutenants

Fourteen mid-term graduates at the University of Delaware received second lieutenant's gold bars at ROTC commissioning exercises last week.

While some of the new officers will get deferments to attend graduate school, all have an obligation to serve two years of active duty with the Army.

The commissioning was performed by Lt. Col. Lewis S. Selby, professor of military science at Delaware.

Students commissioned Monday completed degree requirements during the semester just ended.

About 65 ROTC commissions will be awarded in conjunction with

the June commencement.

"All you hear about is war.
Where is God?"

PHOTO BY ORMOND GIBBS

We've hardly known a time when there wasn't war, or rumor of war.

And with the difficult ideological problems of today's world, the issue of war versus peace is more complicated than ever.

One thing is certain. God is impartial in his caring for peace.

But how do you search for peace—in yourself, and in the world?

You may find some surprising

approaches developing in your church or synagogue.

And with your help, your place of worship can, after all, become an important voice in establishing our country's moral position in matters that profoundly affect every one of us.

You're only one person, it's true. But you don't have to be alone in your beliefs.

And it's beliefs like yours that can change the world.

Presented as a public service by:

THE NEWARK POST

You're in good company! February birthdays include George Washington's on the 22nd, Abraham Lincoln's on the 12th and Thomas Edison's on the 11th.

These famous Americans had many things in common. Most important to us were their great ideas and great personal initiative. Edison's ideas, for instance, helped build the electrical industry that

has contributed so much comfort, convenience and delight to our lives. His initiative created the idea of investor ownership of the nation's electric power companies.

And today with investors, companies and customers all working together in the traditional American way, you can be sure your electric service will always be high in value and low in price!

Vannan's Debaters At Christiana High First In Tourney

Christiana High School's debate team coached by William P. Vannan, social studies teacher, took first place in a debate tournament at Brandywine High School.

Members of Christiana's team are Darryl Carmine, Danny Rathford, John Ufford, and Julie Vannan. John Ufford of Christiana was judged top speaker at the tournament.

The debate topic was "Resolved: That Congress should establish uniform regulations to control criminal investigation procedures." Brandywine, Saint Hedwig's Corpus Christi, and Skyline high schools, competed in the tournament sponsored by the Delaware Speech and Debate League.

NOTICE OF PUBLIC HEARING ON A PROPOSED BOND ISSUE FOR THE CITY OF NEWARK

A Public Hearing will be held in the City of Newark, New Castle County and State of Delaware on February 19, 1968 at 8:00 P. M., Eastern Standard Time, in the Council Chambers of the City of Newark, pursuant to and in accordance with Section 407.2 of the City Charter in order that the Council of the City of Newark may present to the Freeholders of the City a proposal for the borrowing of the sum of Two Million One Hundred and Eleven Thousand Dollars (\$2,111,000.00) for the purpose of providing new Electric, Water, Sewer, Street, Park and Recreation and Municipal Building Facilities.

The Public Hearing on February 19, 1968 is required by the provisions of the City Charter before the Council may direct that the question of the desirability of a bond issue be submitted to a referendum.

Ready Credit

Ready-Credit is Delaware Trust Company's new low-cost loan plan that turns your checking account into a loan-maker. Taken in sensible doses, it can solve a lot of your everyday money problems. Here's how:

● You can use Ready-Credit to write a check whenever the balance in your account won't cover the cost of the purchase. You can even arrange to write a check without touching your account balance.

● Ready-Credit is a quick, confidential low-cost loan plan. Only you and we know you're using it. Some customers say it's just like having a banker in your billfold.

● You don't have to be a Delaware Trust customer to discover the advantages of Ready-Credit. Just decide how much cash reserve you'd like to have on hand, and then come in and talk it over at the bank where "people make the difference..."

THE NO-CALORIE DIET

No fats, no carbohydrates, no proteins, no nothing. That's the kind of diet (or close to it) 10,000 men, women and children in underdeveloped countries are dying on every day.

Simply because there's not enough food to go around. And not enough know-how to grow more.

What you know about farming (or what we can teach you) can mean the beginning of the end of starvation to people in the 50 nations where the Peace Corps works. What you know about planting, for instance. Or irrigating or fertilizing or crop rotation or growing livestock. Or anything else you can help them help themselves with.

What will you get out of it? Two years of being completely on your own in a completely strange environment. Hard work and challenge and frustration. But maybe for a lot of people you'll have changed a diet of ignorance into one of knowledge. Sickness into health. Despair into hope. And can you think of a better diet?

Write: The Peace Corps, Washington, D. C. 20525

Fulghum's Jackets, Mann's Vikings Tie For 2nd In Conference Basketball Race

Coch Francis Fulghum's Yellow Jackets and Coach Al Mann's Vikings are tied for second place with 8-3 records behind 10-1 P. S. du Pont in the Blue Hen Conference A-Flight basketball race, with Newark walloping Conrad and Delaware, and Christiansa conquering Dickinson and the Redskins in their last outings.

Fulghum's raggers defeated Conrad 80-68 last Tuesday night at Newark, and the Yellowjackets romped over the Lions at Delaware by 103-91 last Friday.

Mann's men beat visiting Dickinson 45-29 on Tuesday, and edged the Redskins 48-46 at Conrad on Friday.

Newark plays winless Dickinson away this Friday night in an entente. B-Flight Gunning-Bedford next Tuesday at 8 p.m., with Jayvee games beginning at 8:30.

Christiana plays the 4-6 Bulldogs at Brandywine on Friday, and hosts B-Flight McKean Tuesday night beginning with 8:30 Jayvee contests.

Brandywine Races Slated For Record 100-Nights In '68

Brandywine Raceway, which pioneered night pari-mutuel harness racing in the Delaware Valley with a slim 21-night card back in 1953, will race 100 straight nights this season, longest in the track's history, and eight more nights than 1967.

The Delaware Harness Racing Commission, through Chairman Joseph R. Pittard, announced that Brandywine will have a Monday, May 13, opening, and operate through Thursday, Sept. 5.

Brandywine's schedule includes the night of Labor Day, marking the 16th anniversary of the Wilmington oval's founding on this September holiday.

Brandywine last season raced 92 consecutive nights—then the longest. Both the mutual handle and attendance figures were all-time records.

From 1954 through 1956, Brandywine conducted 30-night seasons, and from 1957 through 1959 there were meets of 40 nights.

In 1960, there was a 58-night meet, while from 1961 through 1965 the track operated for 80 nights.

A 75-night split meet was held in 1966.

The few states in which timber wolves are making a last stand, the five major timber wolf counties generally show the highest deer hunting success ratio in the state.

"Obviously," he says, "the relatively few wolves left in Minnesota are not harming the deer herd. The deer's biggest hazard is overpopulation."

Mech's feature article on the timber wolf, illustrated with an outstanding series of full-color photographs, runs under the title of "That Valuable Villain" in the current issue of National Wildlife.

Published six times per year for associate members of the National Wildlife Federation, the 48-page magazine also features a wide range of articles and news about conservation, natural history, outdoor recreation, and natural beauty.

Dan Peterson Hens Suffer First Loss In Middle-5 Play

Leading 43-40 at the halt, Coach Dan Peterson's Fighting Blue Hens suffered their first setback of the season in losing an 88-67 nod at Bucknell last Saturday night.

Although the loss thwarted Delaware's chance to clinch the Middle-5 championship, the Hens are assured of at least a tie for the title with a 6-1 record. The Hens' over-all mark is 12-4.

Bucknell is 9-9, but has won nine of its last 13 starts.

"The loss was a tough one," Peterson admitted, "but after the game I started going over our accomplishments this year. They're nothing to be ashamed of, that's for sure."

"First, we've got the best record of any Middle Atlantic Conference team. Second, we're the only team to have won six Middle-5 games. Third, we've already clinched a tie for the Middle Five Championship."

Peterson pointed in 24 points for Delaware to gain scoring honors. Barnett added 16, Charley Parnell 14 and Mark Wozniak 13. Wozniak also hauled in 15 rebounds.

Trailing by seven points with two minutes left, the Blue Hens made a frantic charge, but their surge ran out of steam. Ken Barnett and Loren Pratt scored all points in the late rally.

With seven seconds remaining and the Hens down 88-67, Barnett stopped to foul line and calmly netted the first shot of a one-and-one. The 6-foot-8 center purposely missed the second, but snatched off his own rebound and tossed in a basket.

Peterson had ordered the miss, hoping to pick up a foul on the follow shot.

The Hens, scheduled to play at Temple last night, host Rutgers this Saturday with a freshman test at 6:30 p.m.; play Monday night at Glassboro; and return home against Franklin & Marshall next Thursday night with an 8:15 variety contest following the Blue Chick opener.

Blue Chick Cagers Elect Dennis Bohn As Team Captain

Dennis Bohn, a key member of last year's Philadelphia City championship basketball team at North Catholic High School, has been elected captain of the Delaware freshman squad.

Bohn, who scored 372 points last year in helping North Catholic to the league and city titles and a 27-4 record, was elected by his teammates on this year's fresh squad at Delaware.

"Denny will make an excellent captain," Coach Don Harnum says of Bohn. "His contributions to the team cannot be measured statistically. He plays with an aggressive, winning attitude that has infected the entire team."

Bohn, an All-Catholic choice, is joined on Delaware's starting front line by four other Philadelphia area products.

OFF AND RUNNING by John I. Day A Weighty Tome

In much the same way that thousands of people are "bird watchers," Mrs. Irene McCallis, of Chester, Massachusetts, is a "horse watcher." She would probably have difficulty finding her way to the pari-mutuel betting window, but she has no problem finding her way around the back stretch to visit a favorite horse. A one-time editor of a thoroughly interesting book, "The Thoroughbred Racehorse," in his foreword, Joseph A. Faxon, senior advisor to the Thoroughbred Record, says "This subject has never before been explored so thoroughly."

While perhaps restricted in its appeal, the book is already a collectors item, having been printed in a limited edition of 500 signed and numbered copies. In reviewing the book, Mr. Kilroe observed, "This is a scholarly book, but written with an unobscured grace."

Viking Captains Gerry Hopper, John Hall Win As Klimek Matmen Lose 2 Stright

Co-Captains Gerry Hopper and John Hall at 133 and 138-lbs., and John Horney, 145, won three straight decisions for Coach Ken Klimek's Vikings at Mt. Pleasant last Saturday night, but these were the only points scored by Christiansa in losing 40-9 to the Green Knights.

The Vikings were defeated 31-12 at Dickinson on Wednesday last week with Roger Heide, 120, Horney, 145, and Fred Walters, 154, winning four decisions for 12 points.

Forfeiting the opener and six points at Mr. Pleasant, Christiansa's Don Hopper was edged 2-0 by King at 103-lbs.; Richard Mumford, 112, lost 6-4 to Anderson; and Brant Perkins, 120, dropped a 5-0 decision to Barclay.

Keen was pinned by Gunther in 5:54 of the 127-lb. event, and then Hopper, Hall, and Horney put Christiansa on the scoreboard with back-to-back decisions, a 6-0 win over May, a 4-3 nod over Mulhern, and Horney's decision over Schrock.

Walters was defeated 11-4 by P. Mulhern at 154-lbs.; Frank Forshey was pinned by Parks in 1:59 of the 165-lb. event; Mike Burke was pinned by Bicker in 1:26 at 180-lbs.; and Heavyweight Dennis McAlexander was pinned by Potts in 3:09 of the finale.

Against Dickinson, after the 95-lb. forfeiture, Christiansa's Bob

Patsy Van Name Scores 18 Points As NHS Girls Win

The Newark High School girls varsity basketball team defeated the Bohemia Manor visitors 56-28 last Friday, with Patsy Van Name plying the Newark offense with 18 points. Pat Walters was runner up with 12.

The Newark Jaycees defeated the Bohemia Manor junior varsity girls 22-13, with Cheryl Steimer's seven points setting the pace.

Playing for the Newark varsity were Kathy Devenney, Patsy Van Name, Pat Walters, Babs Johnson, Karen Lewis, Jody Faulkner, Peggy Hart and Kris Ciesinski.

Newark Jaycee performers were Pat Billingsley, Kathy Hauty, Libby Hogan, Nancy Maslary, Barb Hogan, Jan Pfautz, Cathy Pivovar, Cheryl Steimer, Carol Thompson, and Cindi Wilson.

Bob Hannah's Hens To Play 26-Games On Diamond Route

Delaware's baseball team has an ambitious 26-game schedule this spring, including a six-game southern trip.

Coach Bob Hannah's Blue Hens will open the season at home against Syracuse on March 25, and have games scheduled with Monmouth and Philadelphia Textile before embarking on their southern tour during spring vacation.

The Hens, 10-9 last year, will meet Davidson, North Carolina (twice), Lynchburg, Catholic U, and Georgetown on the southern trip.

Hannah's team will also play 12 Middle Atlantic Conference university division games, including doubleheaders with Gettysburg, LaSalle and St. Joseph's plus home-and-home contests with Lafayette and Lehigh.

Hannah, starting his fourth season as the Hens mentor, will welcome pitchers and catchers to indoor practice at Delaware Field House on Feb. 5. The rest of the squad will report shortly thereafter.

Brian Harrington Run Record 2-Mile For Hens

Senior Brian Harrington featured an impressive victory for Coach Jimmy Flynn's Blue Hens in a quadrangular meet at Delaware Fieldhouse last Saturday.

Harrington set a Delaware indoor record of 9:28.3 in the two-mile. The Hens won with 72 points, double and total of second-place Ursinus.

Bob Locke, Ed Roth Attain Perfect Scholastic Marks

Fourteen varsity athletes were named to the dean's list for their outstanding academic achievements at the University of Delaware last semester.

The list includes two men—swimming Capt. Bob Locke and basketball forward Ed Roth who attained perfect 4.0 averages.

Locke, a freestyle record-holder, has an outstanding cumulative average of 3.81 in his senior year.

Different men excel in different ways.

Marcantonio's 6-2 Yellowjackets Face Klimek's Vikings In BHC Season Finale

Coach Andy Marcantonio's 6-2 Newark High School Yellowjackets meet Coach Ken Klimek's Vikings in the Christiansa gym this Saturday night at 7:30 to conclude the regular Blue Hen Conference wrestling season. Jayvee matches at 6:30 will precede the varsity bouts.

Christiana, 1-6-1 for the season, has been handicapped by lack of a 95-pounder for six-point forfeiture losses in each opening event.

Marcantonio's matmen walloped Dickinson 30-13 in the Newark gym last Saturday afternoon, and in a home stand on Wednesday night last week, whipped Wilmington High School's Red Devils 38-9.

Trojans, Ratykis Lead YMCA Loop Basketball Teams

At the half-way point in the Western Branch YMCA Hi-Y and Tri-Hi-Y league basketball schedules, the Trojans are setting the pace in the Hi-Y league with a 5-0 record and 3-0 Ratykis is on top of the Tri-Hi-Y loop.

In last week's Hi-Y games, the Trojans defeated the 4-1 Templars 25-16 to take over sole possession of first place. Tom Crowley paced the Trojan win with a dozen points.

The 3-2 Spartans behind Fred Funk's 24-point effort upset the 2-3 Trutons 60-52 and moved into third place.

Finally, the 1-4 Gladiators humped off the winless Corinthians 33-30. Dan Stinski pounded in 34 points to pace the Gladiator win.

In Tri-Hi-Y action, the defending champion Almetta Blue Bombers (4-1) defeated 3-2 Alpha Psi Omega 19-11, behind Patsy Jo Cronin's eight point performance. Gamma Phi Beta (3-1) routed winless Omicron Omega 40-1. Ems Omsick tallied 20 points in pacing Beta to victory.

Unbeaten Omega Chi edged the 1-4 Quintaniles by 7-4, and Tau Theta Psi (2-4) scored their second win of the season in defeating Sigma 7-4.

League-leading Ratykis, with Bridgette Vincent scoring 13 points, defeated the Thailans 23-3.

Almetta stopped Sigma 18-4 to boost their record to 4-1. Nora Burns paced Almetta with seven points.

Funk (Spartans) and Suzanne Mangold (Almetta) continue to pace the Hi-Y and Tri-Hi-Y in scoring for the fourth week.

15-Year-Old Carol Thomson Thrill In Sunpapers Track

Carol Thomson of Newark — at 15, one of the top girl track prospects in the nation — finished third in the 50-yd. hurdles last Saturday in the Baltimore Sunpapers All-Eastern Indoor Games.

Carol is a member of the Delaware Track and Field Club.

JULIE ANDREWS MARY TYLER MOORE "THOROUGHLY MODERN MILLIE" — IN COLOR —

Newark Notes

by GIBBY YOUNG LOCAL WRESTLING Delaware's wrestling teams host powerful Gettysburg this Saturday at 1:30 p.m., and the two local high schools conclude the regular Blue Hen mat season with Coach Andy's Yellowjackets meeting Ken Klimek's Vikings at the Christiansa gym at 1 o'clock.

The Yellowjackets are 6-2 in the Blue Hen Conference race, and Klimek's Vikings—suffering for lack of a 95-pound competitor—have suffered through a 1-6-1 season. But there will be some real wrestling when these rivals meet.

How to Solve Golf Problems

THE AGGRESSIVE SWINGER AND THE RELAXED STYLIST You will never see two golf swings that look exactly alike, but all good golfers get into very much the same position at that crucial moment...contact with the ball. In Arnold Palmer and Julius Boros you have a perfect contrast between the aggressive swinger and the relaxed stylist. A clear difference is in their take-away. Arnie's hands, arms and club all move away with no break for the first few feet.

GENE SARAZEN JIMMY DEMARET CO-HOST 'SWWG'

Boros' hands pull back first with the clubhead following. Arnie completes his backswing with a big turn of his shoulders. His thrust into the ball is what makes his action so distinctive. In contrast, Boros works everything from the inside. His hands drop down; his left side doesn't turn as much and his right elbow is in close to his body. (See Julius Boros vs. Arnie Palmer—Eleuthera, Bahamas—February 10.)

Cougar...

Delaware Valley Comparison Special!

Stop in today, and compare our Cougar... pound for pound and dollar for dollar the most completely equipped luxury sports car in America.

GEORGE MILLER FORD, Inc.

303 East Cleveland Avenue, Newark, Del.

COMPARE THE FACTS!

	V-8 Engine	Overall Wheel-Base	Weight
COUGAR	Standard	100.2"	3230 lbs.
CAMARO	Optional at extra cost	104.0"	3105 lbs.
FIREBIRD	Optional at extra cost	108.8"	3258 lbs.

The chart above isn't an unfair comparison... unless you own a Camaro or Firebird. Because not only is our Mercury Cougar longer, more powerful and more luxurious than these other cars... it also has several standard features. In fact it has several standard features that can't even be had on the other cars.

And we're making it easier than ever to p.y.n... Only

TOP CAT SPECIAL FEATURES:

- Hideaway headlamps
- Sequential rear turn signals
- Standard V-8 engine
- Foam-cushioned bucket seats
- Wall-to-wall carpeting
- Special sound insulation package
- Ford Motor Company Lifetime Design Safety Features including new front seat shoulder harness and much, much more.

And we're making it easier than ever to p.y.n... Only
