Dear George:

You will find herewith an English translation of Adenauer's letter which I promised to send you.

I gave a copy to General Eisenhower, who was very much impressed and asked for additional copies. I know that all top people in Washington received copies and that most of them were very interested in seeing these blunt statements which could only have been sent to a friend.

With affectionate regards to you both,

Sincerely,

YJ.

PS.- I am also enclosing a copy of the original in German. The P.S. of Adenauer's letter was left out of the copies distributed to other persons and is for your personal information.
