The P.T.A. is conducting a membership drive during September. Lacher also announced. A faculty committee is in charge. All parents of Newark School children are eligible.

Town officials and department heads were guests yesterday morning at the first assembly of the current term at the Newark High School.

The program was designed to acquaint the pupils with the organization of the community government and the nature of the facilities offered the public by various municipal departments.

A few of the guests spoke briefly outlining the functions of their departments.

Those present were: Mayor C. C. Hubert, William Cunningham, chief of police, Elmer Ellison, fire chief, Dr. J. R. Downes, health department, Edwin T. McCully, recreation association, Wilmer E. Shute, schools, Dr. Carl J. Ross represented the university.

## REFUSE CANS TO BE LIDDED

An order requiring all residents to place garbage in solid metal containers with tight fitting lids and kept covered at all times was issued by the Town Council this week.

The order is being drafted in ordinance form by town attorney J. Pearce and will be up for adoption at the October meeting of Council. After passage, all violations will bring arrest and penalties.

The move resulted from recommendations made by U. S. Health inspectors after their survey here last week on the prevalence of the common fly. The federal agents reported that the largest concentrations of the insects were found around open garbage cans, especially after they had been emptied by collectors.

Also mentioned was the fact that many residents are using wooden boxes for storage of metal cans with corrosion. All will bring penalties under the new rule.

## BUSINESS MEET HELD BY ROTARY

Four Major  
Committees  
List Work

Reports by four major committees marked the monthly business meeting of the Newark Rotary Club held Monday at the Academy Restaurant.

Through the efforts of the Community Service group, headed by Holger Schaumann, the Pennsylvania Railroad station will remain open until after the last train at night to permit passengers use of the phone. Heretofore, the station has been kept closed to prevent vandalism, and many late arrivals in Newark have been unable to phone for transportation to town.

Mr. Schaumann also reported his group plans to revive the activities of the Junior Rotarians this year. High School seniors will be invited to dinner meetings from time to time, and a program will be staged in the spring.

Rodney Dann discussed health conditions in the Wilson-Corbin Streets area and exhibited pictures on depicting the shocking situation there.

William S. Martin, chairman of the Club Service committee, reminded the members that a five-week attendance contest between the local unit and the New Castle Club will begin with next Monday's meeting. The losers will be hosts to the winning club at dinner. Eric Newton, Jack Handloff and Wilson Price are directing the local contest.

Reports from the Vocation Service headed by Larry Carothers and International Service under Ken Steers were also heard.

## 25 ANNUAL FALL DAHLIA AND FLOWER SHOW READY

Woodcrest  
To Be Scene  
Of Event On  
September 18

Final plans for the twenty-fifth annual Dahlia and Fall Flower Show sponsored by the Delaware Dahlia Society were made at a meeting in Belmont Tuesday evening and was attended by members of the society living in Newark.

The show will be held Thursday, Sept. 18th and Friday, Sept. 19, in the auditorium of the Conrad School in Woodcrest, Richardson Park.

Since the show has been held there, Newark gardeners have won from a third to half of all the awards and it is hoped that they will support the show just as effectively this year.

In order to give an equal opportunity to everyone, the dahlia exhibits are divided into three classes to take care of Beginners, those with small patches of fifty hills or less and an open class for the more experienced growers. The various classes include not only the huge exhibition types of dahlias but also the miniatures, ball type, pompoms and other varieties. Special awards will be given for the largest and for the smallest dahlias and a medal will be given by the American Dahlia Society for the most perfect bloom over 8 inches diameter.

Classes have also been provided for fall flowers, seed pods, berried shrubs, houseplants, wild flowers and artistic arrangements of all kinds. A complete schedule of exhibits may be obtained from local members of the society, Elmer Ellison, Harry Hill, Dan Krapp, Albert Starkey, or Arthur Eastman.

There is no admission charge and visitors are welcome. While the beetles and the hot and dry weather has played havoc with many gardens over the entire area there will still be enough blooms to make a show worth going to see.

## Lions Express Regret On Death Of Shellender

William Kurt, credit manager of the News-Journal Company, was the speaker at the weekly Lions Club Session on Tuesday night in the Country Club. Program chairman was Ed Shakespeare.

The meeting opened with a silent prayer for Ira C. Shellender, and resolution expressing the regret of the members on his demise was drafted and adopted.

The club recently contributed \$100 toward the purchase of uniforms for the high school band, it was announced.

A record total of 13 building permits calling for new construction to cost \$44,177, were issued by the Town Council during August. Town Secretary Vernon Steele reported this week.

Two new water taps were installed and two connections to the sanitary sewer were made. Also, three leaks were repaired and one service renewed. The water main on Chambers and Benny Streets is sixty per cent complete, the report stated.

During the month 19,094,400 gallons of water were pumped for a daily average of 615,948 gallons. This is a decrease of 1,083 gallons daily from the previous month.

## 'BUZZ' WINS HONORS FOR NEWS WORK

"Yellow Jacket Buzz," the student publication of Newark High School has won high honors in the 1947 Critical Service.

According to a letter received from the Executive Secretary of Quill and Scroll, "the judges of this year's service, under the auspices of the Medill School of Journalism, recognize your paper (Buzz) as one of the outstanding achievements and bestow upon it the International Second Place and Rating shown in the score book," a total of 816 points out of a possible 1,000 points.

Buzz was highly commended for its News Staff Operation, and for the excellent quality of its pictures. Last year's plan of throwing the spotlight on one important activity in each number of the paper was considered excellent approach.

The judges stated that the Buzz provides its staff many educational and journalistic values.

Miss Dorothy Draper is the editor-in-chief; Miss Esther Fouracre is Associate Editor, and Bob Gregg is business manager. Mrs. Amelia Maby is faculty adviser.

## VARIETY OF CLASSES TO MARK LOCAL HORSE SHOW

Money Awards  
And Trophies;  
3 Flat Races  
Are Scheduled

The estate of Mr. S. E. Dameron will be bustling with activity as the third annual Newark Horse Show gets underway on September 20.

There are classes for hunters, jumpers, fine harness horses, three and five gaited horses, Tennessee walkers, ponies, and children's classes. Towards the end of the day there will be three flat races, a pony race of 1/2 mile, with a trophy for the winner; a race for non-thoroughbred horses of 1/2 mile, with \$10 first prize, \$5 second prize, and \$3 third prize; and a mile race for thoroughbreds with the same prizes.

The judges will be Mr. Humphrey Finney, Towson, Md., editor of "The Maryland Horse" monthly magazine, and well-known auctioneer at Pimlico Paddock Sales, and Mr. Victor Noyes, of BelAir, popular judge, and owner of a fine stable of hunters himself. Two of his better known horses are Balkon, fan and War Krem, who appeared in the Salisbury, Md. Horseshow, May 31, taking the championship and reserve championship ribbons.

The Newark Horseshow is now a member of the American Horseshow Association. This means that in certain classes the winners will be credited with 5 points for the blue ribbon, 3 for the red, 2 for the yellow and 1 for the white. At the end of the show, the totals will be added and the horse with the most points declared Hunter or Jumper Champion for the show. The second best will be declared Reserve.

The ringmaster will be Mr. R. K. Boughers, Jr., of Eaglesville, Pa., instead of Mr. Bernard McDevitt, as previously announced. Concessions will be handled by the Catholic Church. Ringside parking spaces, \$5 each, are available from Miss Eve Boden, of Newark.

The afternoon's program will include organized games for boys, girls and adults. Those attending are advised to bring their own picnic supper. Free ice cream will be served.

In the event of rain after one o'clock Saturday, the picnic will be cancelled.

## DRIVE ON UNSANITARY AREAS HERE IS PUSHED

Health And  
Town Chiefs  
Meet To Plan  
Joint Action

Fully aroused over the deplorable living conditions found in the Wilson and Corbin Streets area, here, the Town Council reviewed the situation in detail at its September meeting on Monday night in an effort to reach some decision on how to attack the problem.

Councilman Rodney Dann, who has been making daily inspections of homes where unsanitary situations are reported, distributed photographs to the members showing conditions in buildings unfit for human habitation.

As a safeguard to public health, he urged that action be taken immediately and that either minimum health regulations be enforced under threat of severe penalty or that buildings and outhouses be torn down where necessary.

The discussion among the members centered on what agency had the power to enforce such a program. Mr. Dann suggested that either a Newark commissioner of public health be appointed with full authority to clean-up the situation permanently or that state authorities be called in.

A joint meeting of town officials and local Board of Health members was held last night in an effort to outline a complete plan of action.

At Monday's session Mr. Dann also proposed a plan for improving the colored area generally recommending that a sidewalk be laid along Corbin Street to the school, and proposed that the town purchase the vacant lot at the corner of Corbin and New London to be equipped and maintained by the public as a park and playground. The lot now, he said, is littered with junk and debris of all description.

It was pointed out that Council has no authority under the present charter to purchase lands for such purposes or to use public funds for the project.

To date the Council's clean-up program has resulted in the issuing of a number of warrants. However, Dann stresses that such action had not proved effective in the past.

Last week the local Board of Health issued an order requiring all residents along New London, Church Street, Corbin, Wilson and Chest Streets to connect with the sanitary sewer before October 1.

This plan hit a snag the past week, however, due to the shortage of plumbing supplies. Plumbers, it is claimed, cannot secure the equipment and complete the work in all places before the deadline.

New trustees starting a three year term are: Ford McBerty and Richard Cooch. Carryovers serving two years are: George Haney and Bob Lewis; one year, Allyn Cooch and Harold Sheaffer.

A Legion letter addressed to the Town Council asking that citizens of the town be permitted to draw up a new charter and stating that the Legion is anxious to cooperate was read at the session.

The new officers will be formally installed on October 14, when, it is hoped, Department Commander Dr. Carl J. Rees will officiate.

**\$16,068 Cash  
On Hand At  
August's End**

A total of \$16,068.16 cash on hand was reported by Town Secretary Vernon Steele at the September meeting of the Council on Monday night.

With large expenditures looming on the current street repair program, the sewer line project and the large-scale renovation of the town's electrical system now underway, the Council authorized the cashing of another \$10,000 War Bond in order to meet municipal obligations for the coming month.

Electric light receipts for August totaled \$6,896.22, plus electric power receipts of \$3,707.65 and water rents of \$7,445.23 were reported by Steele. Property tax receipts amounted to \$1,086.94 and personal taxes came to \$1,177. Cash balance plus receipts for August was \$36,603.22, less disbursements of \$20,535.06 for a total cash on hand of \$16,068.16.

A license to sell dairy products here has been issued the Rosehill Dairies, it was further announced. The company's headquarters is in Wilmington.

### Farm Youth Group Adopts New Title

### First Grade Pupils Get Reading Tests

All beginners in the Newark Schools were given reading readiness tests this past week. The purpose was to determine the varying degrees of reading readiness displayed by the children.

Studies in recent years have shown that many children at the age of 6 are not ready to read. In some cases the muscles of the eye have not even learned to focus properly. Other similar physical growths have been retarded or social contacts have been limited.

## The Sports Post

By Sean N. Hurd

Every year, come September, the millions of sports fans throughout the nation find themselves in a greater dither than ever before in their efforts to keep their eyes on the sports scene.

Not so many years ago this situation was far less troublesome. Then baseball rounded out its season in September and football entered the picture in October. Now, however, 'tis much different.

This year, for example, before you ever had an opportunity to tear the month of August from your calendar, one major football upset had already been recorded when the Western All-Stars turned the tables on the highly favored Chicago Bears by a 16-0 count before a sweltering capacity crowd in the Windy City. Only a week later the play for pay gridders gained some measure of revenge when the New York Giants overpowered, 21-0, a highly touted Eastern All-Stars team which included the Army's Messers B and D—as well as Arnold Tucker.

Yet, while all this pigskin activity was going on, baseball was desperately striving to retain the desirable spots on the nation's sports pages.

Coming closer to home, let's see what is occupying the thoughts of Mr. Pfann, the local sports enthusiast.

We find that he is running a great risk of never being able again to focus both of his eyes properly upon a single object. For when last we met him, one eye was concentrating on the Wilmington Blue Rocks who, by a fast finish, nailed down second position in the Interstate League. Mr. Pfann was heard muttering to himself, "How will the Blue Rocks do in the Governor's Cup play-offs?" And as he thought of their quintet of sluggers all above the 300 mark, in the persons of newly-crowned Home Run King Eddie Samicki, and his cohorts Mike Romello, Jim Turner, Jesse Levan and Eddie Murphy, his hopes were high. And they went higher as his thoughts turned to young Curt Simmons, the sensational strikeout boy, and Chuck Dommer, who twirled 16 innings to record double-header victories for the Rocks over Lancaster less than two weeks ago.

But where was that other roving eye? Yes, it was on football, all right, but here the situation was even worse. He took a quick glance at the reports on the promising prospects of the Clippers and then, so as to miss nothing, hastily swung that orb toward Frazer Field where, since September 2, the University of Delaware's Blue Hen gridmen have been working out twice a day. "And well they may," he said as he envisioned those who comprise the toughest card ever arranged for the Delaware eleven.

In that quick glance at Frazer Field, Mr. Pfann got a glimpse of many things. He saw a group of fifty-odd huskies going through their paces. He recognized most of them as Hen grid veterans and realized at once—with a grimace—that these men will receive precious little help from any newcomers this year because the university has adopted for the first time a freshman rule barring promising frosh from inter-collegiate competition.

With a sharp lookout over the nearly three score running through dummy scrimmage, he also saw Bill Murray, the Blue Hen's tall tactician who is even more taciturn than ever. For Willy Will has plenty to worry about as the reports come in from the football encampment of PMC's almost completely revitalized Cadets whom Murray's charges will face under the aegis in the opener at Wilmington Park on September 27.

And as our friend bewilderedly tried to decide on what to concentrate, he got a final glimpse of the stalwarts who will co-captain the 1947 edition of the Delaware Blue Hens when they attempt to extend their undefeated skein beyond the total of 31 games which it has already reached. These able linemen he recognized at once as Jack Messick, who only last week was chronicled in Frank Bookhouser's column in the Philadelphia Inquirer, and Walt (Moose) Marusa, who in 1946 became the first Delaware griddier to be selected as the "Player of the Week" by Philadelphia's famous Maxwell Club.

Mr. Pfann moved along, deeply engrossed in the same problem faced by a host of sports followers everywhere, not wanting September to pass by, but anxiously awaiting October.

AUTHORIZED KEEPSAKE DEALER

Most men, accused of being hen-pecked, would deny it vehemently, as would we—but, in our own case it seems extremely near the borderline when we have to stay home and do the dishes while the "little woman" goes to play golf . . . and that with another man to boot.

The passing of Ira C. Shellender will be deeply felt and regretted by his multitude of friends. "Shelly," as he was affectionately known, lived a peaceful, serene and unobtrusive life, doing much good in his adopted community of which he had become a truly integral part.

We've heard it predicted that the '47 P. M. C. eleven is loaded for bear and gunning for the Blue Hens in the season opener at Wilmington Park, September 27 . . . but, we don't necessarily believe all we hear and this particular rumor strikes our skeptical ear.

However, we do (regrettably) believe that the Hens long string of victories will be rudely shattered—and more than once—this season . . . but that they will go down graciously and only after a creditable performance in the face of superior foes.

Incidentally if you haven't gotten your reserved season seats yet, you're liable to be out of luck unless you're satisfied to take what's left. And it does seem a shame that even the Wilmington ball park isn't large enough to accommodate the thousands of rabid fans who enthusiastically follow the university's gridiron fortunes.

We understand that the current version of Yellowjackets bids fair to earn its share of games this year and we certainly hope so for N. H. S. has always had a reputation for fielding a scrappy combination that asked no quarters from any of them . . . and the '46 season was a severe jolt to interested followers of the high school eleven . . . but if Coaches Matt and Ott's endeavors are any criterion, 1947 will be a different story.

What he's captain of we don't know but we do know that Rodney Dann is making himself a host of friends and supporters by his progressive activity as a member of the Town Council . . . of course, those affected may not altogether agree with us but we're sure his actions are promoted by keen, sincere and unselfish interest in Newark's future.

Albeit, publication of uncompromising pictures and the accompanying article about the Newark colored section, in Sunday's Star, definitely seemed unnecessary to us and certainly didn't reflect any credit on Newark.

For women who wear open-toed shoes there is a flexible plastic toe guard that fits snugly over the tip of the foot, keeping stockings and toes dry . . . where to get them is another question.

Bill Gray, of whom it cannot accurately be said that there is a better mechanic in town, and his boys have opened their own auto repair service in a large, modern, new building at 197 South Chapel Street—where you'll always get courteous, economical and prompt service if we know Bill . . . and we think we do.

"The Moneyman" and "Prince of Foxes," currently leading actions best-seller list, are right up our alley when it comes to reading material. But we thought "Dirty Eddie" (a reputed story of Hollywood) was a bust.

If there's one thing we despise it's a hypocrite.

A sally we thought worth repeating was heard one day last week when one man talking to another (sometimes erroneously accused of being "tight") remarked: "What do you want to do, be the richest man in the graveyard?"

A home delivery service consisting of door-to-door delivery of Coca-Cola, Root Beer and Canada Dry—and the pick-up of empties—will soon be inaugurated here and find a tremendously welcome reception if we're any judge . . . and why not when you'll only pay the regular retail price of each commodity and get the personal service all for free.

Some people can be agreeable if caught off guard.

The Laskaris DeLuxe Candy Shop, reopening this week after a complete remodeling job, resplendent in its brilliant new appearance . . . both inside and out.

And now the cry is "Hold That Hemline" as many amusing stories (all patently publicity) ballyhoo the pros and cons of the new style long skirt which women will adopt if some of the smart chicks start the ball rolling.

BUT when it comes to shortening the length of men's trousers that's another thing and a big BUT for men aren't as style-gullible as their female counterparts and won't be stampeded into anything they don't like regardless of style or the consequences.

While it takes all kinds of people to make up this world, there are far too many of some kinds.

Candy Cupboard candy—on sale locally at Fader's—can't be beat at any price . . . when it's fresh.

Something new is being added at Rhodes Drug Store . . . and we think you'll like it.

With days getting shorter and the discontinuance of "daylight saving time" scheduled this month, it's gonna be tough readjusting ourselves to it becoming dark at six o'clock.

## HENS TO OPEN WITH P.M.C. IN NIGHT CLASH SEPT. 26; FOUR TEAMS DRILL DAILY

### 18 Lettermen And 28 Holdovers In Varsity Squad Of Fifty-Five Under Murray; Precision Smooth Outfit Gradually Taking Shape

There is no secrecy surrounding the power project now underway on Frazer Field here where another potent gridiron precision instrument is being assembled by Coach William D. Murray.

The skilled team designer, whose previous models have built up a thirty-one game undefeated record, has a pool of 55 experienced candidates from which to put together his 1947 aggregation in time to face P. M. C. in Wilmington on Saturday, September 27.

When they take the field that night to place the longest undefeated streak in the nation on the balance, it is confidently expected the 1947 Hens will shape up as another of the precision-built, well-drilled units that Murray and his staff are in the habit of producing.

Among the 55 now being trained for first-line duty are 18 lettermen and 28 others who have seen varsity action. Important cogs missing are Paul Hart, Tony Stalloni and Buck Thompson, but the Hen understudies have learned their roles well and are expected to fit easily into the vacant slots.

Murray's chief aides again are W. (Shack) Martin, backfield coach, and Joe Brunansky, line coach, Delaware. After adopting the freshman eligibility rule for the first time, is sponsoring a freshman football team under Coach Marty Pierson. By the same token in losing potential freshman players, Murray now has a squad completely versed in his double wingback system.

As the Blue Hens drop their three weakest opponents of the 1946 season, they add two new foes: Maryland and Washington and Lee. Last year, counting a post-season Cigar Bowl game against Rollins College, Delaware scored 358 points to opponents' 45. No fewer than 24 members of the undefeated '46 squad scored.

Heading the veterans taking the field this season will be co-captains Jack Messick, of Media, Pa., a center, and Walt (Moose) Marusa, a guard. Backfield men will include Billy Cole and Gerald (Doc) Doherty, fleet halfbacks, who averaged 12.1 and 11.5 yards, respectively, on rushing last season. The team's average at rushing during the regular season was 6.2 yards a try, and 114 first downs were rolled up. The Blue Hens' ace punter, Joe Coady, of Minersville, Pa., again will be in the backfield, where last year he averaged 39.8 yards per kick.

Tony Sorti, Ted Zink and Mariano Stalloni are also stand outs among the backfield material.

Entries in Field Trial

## PIGEON CLUB HOLDS RACE

### Jones' Bird Turns In Fastest Time

A flight of 145 birds from 11 lofts were liberated at 12:05 p. m. by Mr. H. L. Wetherall in Manassas, Va. ## School Cafeteria May Be Expanded

During the summer the Newark school cafeteria was equipped with an acousti-celotex ceiling. The noise experienced previously has been appreciably reduced, and the cafeteria now presents a much more wholesome surrounding for the children's lunch hour.

The cafeteria was taxed to its capacity opening week. Indications are that arrangements will have to be made to care for the overflow group using the cafeteria facilities.

## 45 JACKET GRIDDERS START DAILY DRILLS UNDER COACH MATT; PROSPECTS ARE GOOD

### Many Holdovers From Last Year's Squad Provide Wealth Of Veteran Material; Light Workouts Feature First Drills; To Open With Brown

Forty-five Jacket grid candidates, many of them experienced holdovers from last year's squad, are now undergoing daily drills under Coach Walter Matt on the high school athletic field.

With a core of veteran players to work with, Matt says prospects for the coming campaign are bright, and he expects the Jackets to hold their own against all opposition.

Light workouts were stressed in the opening sessions, with some attention being given to blocking and tackling.

Matt's optimism this year is based principally on the fact that he no longer has to speed valuable time on the bare fundamentals and can begin to stress the fine points of the game.

With some four weeks still remaining before the season's debut with Brown Vocational on October 4, Matt expects to give the Jackets some polish and precision, qualities which last year's eleven lacked. The opener will be played on Brown's field.

Coach Matt has been working with the line while Assistant Coach Ott is the new mentor of the backfield.

The candidates are Endo Moore, Raybold, Lehman, Evans, Harrison, Shad, fer, Ware, Cosetti, Wollaston Hackett, Italiano, Inmenen; Schultz, Hinkle, McCormick, Knauss, Smith, Trevitt, Newton, Ewing, Haman, Brown, Ferro, C. Gray, Tyler, McKee, Barczewski, Anderson, B. Gray, Palmer, and Barrow; backs; Wollaston, Rumer, T. Davis, Correll, Ford, Records, R. Davis, Papp, Williams, Bell, Buckingham, Oram, Murphy, and Gregg.

## Big engines... long trains

## mean lower cost to you!

But union leaders want "half-trains"—double crews!

Big locomotives are built to do a big job in the big country which is America—a big job in peacetime as in wartime. They are built to pull long trains.

Long freight trains can handle more goods at less cost—to you—than short trains.

Long trains mean fewer trains—fewer chances for accidents—fewer interruptions to traffic.

But a few railroad union leaders oppose long trains—among their current 44 demands for changes in rules is one limiting the length of freight trains to 57 average cars. Why do they demand this?

For "safety," they say. But is it? Government figures show definitely that long trains mean greater safety to railroad employees and public alike.

Then, if safety is not the real reason—what is the reason behind this demand?

It is to make more jobs which are not needed—to get more pay! This "made work" would be sheer waste. Think of big, modern locomotives using only half their power.

For this waste, you—the public—would have to pay. Higher costs mean a lower standard of living for everybody. Nobody wants that!

## Here's the record...

In the quarter century... 1921-1946...

Average length of freight trains has gone up.....	39%
Average speed of freight trains has gone up..	39%
The rate of injuries to railroad employees has gone down.....	60%
Average wages paid railroad workers have gone up.....	84%
Price of railroad materials and supplies has gone up.....	58%
Railroad taxes have gone up.....	76%
But the average charge by railroads for hauling a ton of freight one mile has gone down.....	23%

## NHS STARTS NEW COURSE

### To Give Music Appreciation

A course in music appreciation has been added to the Newark High School curriculum, Ernest Wilder, director, announced this week. The course was adopted on the basis of recommendations made following the educational survey here last term.

Mr. Wilder also revealed the high school band will play for six football games this season. The new uniforms will arrive by September 29, he said, and will be used for the first football game against Brown Vocational.

The band consists of sixty members including four color guards, eight twirlers, and the majorette. The following girls are twirlers, Betty McCommons, Patsy Harvey, Jane Foster, Dot Filton, June Gatto, Anna Mae Foster, Dot Hawthorne, and Fay Hurst. The color guards are Jane Wagner, Charlotte Bookhamner, Joan Leahy and Joyce Buckingham. The majorette is Alice Morrison.

## JOINT PLAY PRODUCTION

### Crafters To Work With Drama Group

The University Drama Group is considering producing a play in conjunction with the recently organized teenage group The Crafters. Plans are to stage the drama some time during the Christmas season.

The proposal is now awaiting acceptance by the Crafters and the Executive Board of the drama group.

If the play is produced, the cast will include members of both groups, with the Crafters acting as apprentices to the older players.

The play tentatively being considered is the enchanting fairy tale, "Many Moons" by James Thurber, a three act fantasy with the version by Charlotte Chorpenney.
