

STRUCTURAL CONTOUR MAP FOR THE BASE OF THE COLUMBIA FORMATION
WRANGLE HILL - DELAWARE CITY AREA, DELAWARE

John W. Jengo, Peter P. McLaughlin, and Kelvin W. Ramsey

EXPLANATORY TEXT

Elevations are in feet (NAVD 88). Values preceded by the less than (<) symbol indicate boreholes with Columbia Formation present for which the elevation of the base of the Columbia Formation is less than that value; the values are bottom-hole elevations for where the base of the Columbia Formation was not encountered. NP = Columbia Formation not present in those boreholes.
