VOLUNTEER DONATIONS OF BLOOD NEEDED

December 12 Is Next Date Set For Local Blood Donors

Tuesday, December 12 has been set as the next date for blood donors from Newark and vicinity and the chairman of this committee, Mrs. R. L. Burnett is making this announcement in advance so that many volunteers may send in their names or phone them to her at Newark 2320.

Doctors have a quota of five pints of blood for every soldier in combat, but thus far they have only been able to store up two pints for every man in action. It is stated that this blood plasma is especially needed now as the fighting increases on so many fronts.

An editorial in the soldier's own paper "Stars and Stripes" states "It Takes Blood to Win the War" and declares there isn't enough blood being given by the folks back home for the blood bank in the European Theater of Operations. Whole blood as distinguished from dried plasma can now be transported to Leyte Island in the Philippines 48 hours after being drawn from a donor in San Francisco.

Beginning this week whole blood is being flown in light weight refrigerated units aboard large Navy transport planes to the ocean's war fronts.

Burkholder Is Guest Speaker; Sam Handloff Is Toastmaster

The Newark Rotary Club held their annual Inter-City Ladies Night at the Newark Country Club on Monday night with about 130 persons attending. E. Newman Rose, president of the club presided.

Samuel Handloff acted as toastmaster for the evening and introduced the members of the visiting clubs from Elkton, Maryland, Middletown and New Castle.

Past District Governor E. Paul Burkholder was the principal speaker of the evening and he stated that Fellowship in Rotary was not enough, a good club must render service to the community. All communities have need for community betterment and the Rotary Club in a community can do much to improve conditions.

The world is getting better, slowly but surely, he stated and Rotary can contribute materially to this onward and upward movement.

At the speakers table were Mr. and Mrs. Fred Evans, president of the Newark Lions Club; Mr. and Mrs. J. T. Elliott, president of the New Castle Rotary Club; Mr. and Mrs. Wilson Price, president of the Middletown Rotary Club and Harry Smith president of the Elkton Rotary Club.

Honorable Roberts of New Jersey, District Governor of the 184th District of Rotary was also present and gave a short talk.

GOV. BACON DESIGNATES NOVEMBER 23

4th Thursday Proclaimed As Thanksgiving

Gov. Walter W. Bacon will adhere to the national law and proclaim the fourth Thursday of November, Nov. 23, for observance of Thanksgiving in Delaware, placing this state among 39 states which will confine their celebration of the holiday to that date.

The Governor in disclosing his intention, pointed out that he had made a survey of the states and that in addition to the overwhelming majority of states which will abide by the federal law, all of the states adjacent to Delaware, with the exception of Virginia, will have their Thanksgiving on Nov. 23.

Eight states will have their Thanksgiving on the last Thursday, while one state, Georgia, will observe the holiday on both Nov. 23 and Nov. 30.

Governor Bacon in his determination to proclaim Nov. 23 as Thanksgiving in Delaware expressed the feeling that in as much as national legislation had been passed to provide a definite date for the holiday after Presidential proclamation had started fixing the third Thursday of the month, it seemed desirable that proper deference be paid to the objective of that act, which became effective on Dec. 26, 1941.

The national law directs that the President set the date as the fourth Thursday in November. There are four states — Florida, Georgia, Idaho and Nebraska — in which state law fixes the last Thursday in November as Thanksgiving and therefore the governors of those states have no opportunity of choice.

To Mobilize Economic Resources Of Foreign Areas

Dr. Joseph S. Gould, Professor of Economics and Head of the Department of Economics and Business Administration of the University of Delaware since 1929, who has been on leave from the University, serving with the Board of Economic Warfare in Washington since shortly after Pearl Harbor, has been selected for a mission to the China-Burma-India area and will leave this country shortly on the important errand.

To Appear Here

Miss Grace Castagnetta

PIANIST AT MITCHELL HALL NOV. 21

Music Society Sponsors First Event On Program

The qualities of fun and sound musicianship will be found in the piano recital to be offered by Grace Castagnetta at Mitchell Hall on November 21, at 8:15 P. M., under the auspices of the Newark Music Society.

This artist combines these qualities in her recitals. The fun in her program is the skilled and spontaneous improvisations which she creates on a group of notes or a theme suggested by the audience.

Miss Castagnetta, who is American-born, studied here and abroad and has concertized on both sides of the Atlantic. Not only has she taken her place among outstanding women pianists of her day, according to the New York Times, but she is a popular guest artist on the radio as well and has an enthusiastic following.

Although petite in appearance, Miss Castagnetta's personality is at once fascinating and striking and her appearances leave a deep impression on every audience before which she plays, whether in the role of pianist or improviser.

A Message to Employees of Continental-Diamond Fibre Co.

NEWARK PLANT

We are taking this means to impress upon you the importance of the election to be conducted at this plant on Tuesday, November 21, 1944, by National Labor Relations Board. In this election, you will decide if you want to continue your present relationship with your employer, or if you want to have for your exclusive bargaining unit, District 50, United Mine Workers of America, John Kmetz, President; Kathryn Lewis, Secretary-Treasurer; or International Brotherhood, Pulp, Sulphite, and Paper Mill Workers, George W. Cook, International Representative.

Whether or not you signed a card makes no difference in this election. That does not obligate you to vote in any other way than your conscience dictates. Your vote will be a secret one. You may vote as you please. We believe it is a personal obligation of every eligible employee to vote because **THE RESULT WILL BE DETERMINED BY A MAJORITY OF THOSE WHO ACTUALLY VOTE REGARDLESS OF HOW MANY ARE ELIGIBLE. FAILURE TO VOTE IS ALMOST THE SAME AS A VOTE FOR THE CHOICE YOU DO NOT WANT.**

The result of this election will decide the type of leadership you think is best for your future with this Company. Will you continue to entrust that future to leaders many of you have known since the Company was founded? Or would you prefer strangers? Who are these strangers? And why have they suddenly become interested in your welfare? Do you know their background? Can they make promises and keep them? Can they provide jobs for you?

Everyone is interested in their pay envelope and we are interested in yours. We have always paid wages equal to or better than the standard in this community and we do that now. Furthermore, we are now making a job evaluation study in this plant to determine the relationship of each job to others and for the purpose of establishing uniform pay for jobs of equivalent worth. We established a cost of living wage increase plan at this plant in December, 1941, and paid increases under this plan until we were refused permission to do so by the National War Labor Board. Two requests for permission to make increases were made to the Board in 1943 and both were denied. You have been told that increases of 15% in average wage rates were permitted by the Wage Stabilization Plan and that reliable sources indicate average wage rates will be raised 23% above January, 1941 levels. Your average wage rates at this plant have already been increased far in excess of 23% since January, 1941.

Everyone is interested in job security. Here is the record of your job security at Newark, based on those eligible to vote in this election:

60% were here before the War. In this group,
 3% have been in our employ over 30 years
 8% have been in our employ over 25 years
 9% have been in our employ over 20 years
 7% have been in our employ over 15 years
 19% have been in our employ over 10 years
 19% have been in our employ over 5 years
 35% have been in our employ over 3 years

235 are in the service of their country. Four have gold stars opposite their names. When our permanent employees return from the service, their jobs will be waiting for them. That is a debt we owe them and that is a debt we intend to pay. They are not eligible to vote in this election unless they are here on furlough and present themselves at the polls. Those unable to vote are bound by the decision you make for them.

You have been told that the Company is making enormous profits. We are a publicly owned company and statements on our operations are available, not only to our 3,800 stockholders, but also to the general public. Many of you own stock in the Company and receive our statements regularly. For each \$1.00 of income, the Company paid out the following during the periods indicated:

	1941	1942	1943	1944 (9 months)
For material and supplies	\$.486	\$.464	\$.501	\$.503
Wages of employees	.302	.361	.367	.384
Taxes	.145	.111	.084	.072
Salaries of officers	.014	.014	.011	.011
Total paid out	.947	.95	.963	.97
Left for stockholders	.053	.05	.037	.03
Total income	\$1.00	\$1.00	\$1.00	\$1.00

Finally, we would like to repeat the policy of this Company with respect to the activities of its employees outside of working hours. We do not consider membership or non-membership in any union, lodge, church, social or political organization by an employee any of our business. **WE WILL NOT DISCRIMINATE AGAINST ANY EMPLOYEE BECAUSE OF THEIR MEMBERSHIP OR NON-MEMBERSHIP IN ANY OF THE ABOVE. YOU DO NOT HAVE TO JOIN A UNION TO CONTINUE EMPLOYMENT IN THIS PLANT.**

As indicated on the form of ballot which appears in the notice of election, you can vote for either Union, or for neither. **YOU SHOULD VOTE YOUR PREFERENCE IN THIS ELECTION WITHOUT FAIL, AS THAT IS THE ONLY WAY THE WILL OF THE MAJORITY CAN BE TRULY EXPRESSED.**

SHOTS

by J. H. (Sureshot) Rumer

Anything appearing in this column is purely the opinion of the writer and does not express the views or policy of the paper. Any exceptions should be taken up with the writer.

A letter was received by Sureshot asking when the Newark Firemen were going to invite their wives to the annual turkey banquets that the company has each year in the fire house.

The answer to that \$64 question should be given by Fire Chief "Skinney" Elmer Ellison. Our Fire Chief is really the answer to a maiden's prayer, BUT — Elmer just don't like for the women to clutter up the fire house.

The fire company don't have quite as many women-haters since Corb Crompton got married but there are still several fellows in the fire company who are afraid some woman will come along and vamp them into what is sometimes considered a Holy State of Matrimony.

Folks, leaving all joking aside — What would be nicer than to see Bob Cook, Chief Elmer, Joe Lutton, Woodrow Singler or some of the rest of the Baatchelor Boys pushing a baby coach or walking the floor some cold winter night with a baby in their arms. They would pray for the siren to blow then.

We have been told that after Ira Shellenner gets done cooking those turkeys that they are more delicious than any woman ever fixed one. Then there is that Jack Tweed fellow who is head of the kitchen help. Jack just don't seem to care much about women — except a certain one who he is married to. Then Kip Moore, another member of the committee in charge of the dinner just might not want his wife to see him with an apron around his waist helping with the dishes and such — He might be afraid that his wife would want him to help around the house.

Benny Badders and Les Braune have both decided to sneak some of the choice pieces of turkey in their pockets to take home to their dearly beloved.

Well women have the right of voting, they have the privilege of staying out late at nights and now it is time for them to be made welcome at the fire house. Possibly they could ring the fire bell on meeting nights louder than someone rang it the last time. The by-laws state that the fire bell should be rung each meeting night a short time before the regular meeting hour. Let's hear the old bell ring.

Well, the season started yesterday by bumping off the bunnies and from all the banging we heard early yesterday morning some one must have a lot of shells despite the so-called shortage. Possibly the Black Market is doing a good business. Why worry about the price when you all make so much money. The main thing is for the poor rabbits to worry. With all the gunners who have purchased hunting licenses some of the bunnies are sure to get hurt.

It is a wonder the OPA don't think up some fool idea of making the public send in points for all the game they shoot.

A certain well-known Main Street merchant went gunning early yesterday morning and after killing quite a quantity of game suddenly decided that he had done real well and should secure his license. He then rushed into the local magistrate and all out of breath said that he forgot about having to buy a license. I really think he wanted to be sure he got his money's worth before spending his buck-and-a-quarter. Who was this fellow? Well, he runs a paint store, but it would not be fair to tell his name, the game warden might get him.

A lot of the fellows are telling great stories about their gunning—gunning season sure does make fibbers out of a lot of poor shots. There is always a gang of those great game hunters hanging around Jack Singler's Store (Free Ad) and a fellow can always be entertained with a fish story or two.

NEWARK HIGH SCHOOL TEAM DROPS HARD FOUGHT GAME TO P. S. DUPONT 20 TO 0

Scrappy Yellowjackets Hold Heavier duPont Team To One Score In First Three Periods; Dinahs Score Twice In Closing Minutes Of Ball Game

Held to a single touchdown through the first three periods by a scrappy Newark High eleven, P. S. duPont High's Dynamiters came through with two more scores in the last minutes of the game to defeat the Yellowjackets, 20 to 0, Friday afternoon at the duPont stadium.

Newark's lighter but game Yellowjackets got off on the wrong foot soon after the battle got under way when an attempted punt by Tommy Silk was blocked by the Dynamiters' forward wall and was recovered by P. S. duPont on the three-yard line.

Bob Bradley picked up two yards on the first running play by the Dynahs and Harry Van Newkirk, plunging full-back, smashed through on the next for a score. Bill Pritchett place-kicked to give the Dynamiters a 7-0 lead they held until the final quarter when they sealed the victory with two more quick scores.

P. S. duPont's first period score acted as a stimulant to the Yellowjackets through the second and third periods and part of the fourth. Although their own offensive was held pretty much in check by the Dynamiters' line, Newark put up a great defensive battle through and, aided by several costly penalties on the Dynahs for holding and clipping they managed to check several scoring drives.

The Dynamiters' line played good ball throughout but the backfield failed to function as well as in previous games, partly due to the fine line play of the Newarkers and the backing up of the secondary that closed in quickly to smother the ball carriers when they passed the line of scrimmage.

Fumbles, too, played a part in checking the Dynamiters on a couple of occasions. Late in the final period they took over on their own 43 and with Van Newkirk and Bradley carrying on ground plays which were mixed with passes by Harry Loose that brought the Dynahs down to the Newark 14 before a fumble checked the attack.

Newark, however, failed to take advantage of this break and Silk's attempted punt from the 10-yard line was blocked by Jim Willis, the ball rolling into the end zone where Earl West recovered for the second P. S. duPont touchdown. Van Newkirk converted the extra point by placement.

With only minutes to go after the ensuing kick-off, Don Taylor recovered McCormick's fumble on the Newark 18 to set up the final score of the contest. A pass, Shockley to Bob Higman, put the ball on the Newark five and Chuck Gaunodis smashed over in two plays for the tally.

The lineups:
Positions Newark P. S. duPont
Left end McKenry Durstein
Left tackle Butterworth Fortunato
Center R. Davis Freedman
Right guard Talucci Pritchett
Right tackle Wells Baker
Right end Lomax Lamb
Quarterback Vansant Moore

Letters To The Editor

Dear Sureshot:

When are we Wives of Firemen going to receive our invitations to the Firemen's Annual Turkey Banquet?

Now, I am sure that this letter will cause those fire-fighters to raise a howl! When I mentioned it to my husband, who is the lord of our mansion? he pulls that gag about women's place is at home.

If I remember rightly there was another fireman's wife who wrote a letter about this same matter some time ago but nothing has been done about it. Of course, I can see where it would be unhandy for the wives to belong to the company because then they would have to wear pants and some night when the fire siren blew both 'mom and pop' would reach for a pair of britches and if the wife got the pants first pop would have to wear one of his darling wife's dresses to the fire. (Or go in his B.V.D.'s)

I read in the papers where the Lions Club and the Rotary Club have "LADIES NIGHT" but the firemen seem to be different from any other group (in Newark). They just don't want their wives around the fire house. We women would like to hear from some of the firemen and get their views as to just why we are not wanted at the fire house.

Shame on you firemen.
Another Fireman's Wife.

I, WILLIAM J. D. 1944, at 9 o'clock A. M.

IN TESTIMONY WHEREOF, I have hereunto set my hand and official seal, at Dover, this tenth day of November in the year of our Lord one thousand nine hundred and forty-four.

Received for Record

It is expected that there will be considerable reduction in the number of gunners a-field largely due to the great number of young folks who are serving in the armed forces and there are a great number of gunners who are employed in war industries which will keep them from their favorite sport.

Greatest of the handicaps they are faced with is the shortage of ammunition. It is reported that shells of the proper size may be obtained on the black market at prices that are reported to range as high as \$3 per box.

Game is reported as being very plentiful largely due to the restocking program carried on by the State Game and Fish Commission and it has been stated that this has been an ideal breeding season for both rabbits and pheasants.

Among the game becoming legal to take today are: Rabbits, with a legal bag limit of six; quail, with a bag limit of 12; pheasants, a bag limit of two; birds, and woodcock, a legal bag limit of four birds. The seasons on rabbits, quail, and pheasants will close Dec. 31 while the woodcock season will close Nov. 29. In each case not more than two days' bag limit is allowed in a hunter's possession at any one time.

Every Monday night is the regular meeting night of the Knights of Pythias.

The graduating class of War Bond College in 1954

There's no such college, of course. But you get the idea.

Take that good-looking boy, third from the left, in the last row. That's Paul White. He's only 11 years old today. Ever since the war began, his parents have been buying War Bonds regularly. When the time comes, some of those bonds will pay his tuition, will make it possible for him to begin a college education which will end with "B.A." after his name.

It hasn't been easy for the White family to buy War Bonds. The knowledge that they were helping their Country and their boy at the same time inspired their saving. They worked it out with pencil and paper. Every pay day, regular as clock work, they put money in their bank account. At regular intervals, they bought War Bonds out of their savings. And at the end of 10 years—well—it would do your heart good

to see the happy smiles on Mother's and Dad's faces at commencement time.

\$3 plus \$1 equals \$4. Sounds like grade school days, doesn't it? It also describes what happens when you buy War Bonds. You put up \$3 and Uncle Sam gives you back \$4 in ten years. But you get more than this. You have the satisfaction of knowing that you are helping your Country when it needs your help most. And as you buy War Bonds regularly you are launched on a plan for saving which will permit you to plan your spending at that future time when your dollars will be able to buy more.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP

FIRE LOSS IS SLIGHT

Sparks Cause Afternoon Blaze

Sparks from a rubbish fire set fire to a two-story frame barn back of the Newark Department Store early Monday afternoon and when the firemen from the Aetna Hose, Hook & Ladder Company arrived with two engines the roof of the barn was in flames.

The firemen, under the supervision of Fire Chief Elmer Ellison quickly erected ladders to the roof of the buildings and played two streams of water from the booster tanks of the engines on the fire.

The fire was discovered by Aaron Handloff, proprietor of the Newark Department Store who turned in the alarm to the fire company. Damage was slight due to the prompt arrival of the firemen.

Afternoon Services At The Head Of Christiana Church

Services will be held in the afternoon at the Head of Christiana Church on Sunday, November 19. Sunday School will be held at 1:30 P. M. and the church service will begin at 2:30 P. M.

Frank H. Butterworth, superintendent, will be in charge of the Sunday School hour and the lesson topic to be discussed by the various classes will be "Christianity and Democracy".

The pastor, Rev. Evan W. Renne, will preach at the church service on the subject "God's High Calling To Greater Advancements". The choir will present special Thanksgiving music.

On Tuesday, November 21, at 8 P. M., a special Thanksgiving service will be held in the church. A fine program of music and readings has been arranged. The offering will go toward the Presbyterian War Time Service Fund. All are cordially invited to attend these services.

Selective Service Drops Its 1-A (L) Classification

Selective Service this week discontinued the limited service classification 1-A (L) because, it reported, the Army and Navy for a considerable time have been calling only for men of combat caliber.

Local boards also were directed to place all men 38 or older in Class 4-A, a classification formerly reserved for men 45 or more.

Selective Service reported that all honorably discharged servicemen will be retained in Class 1-C, a category formerly covering men already in service or those discharged for physical or mental disability.

"Soul and Body" is the subject of the lesson-sermon of First Church of Christ, Scientist, at Park Place and Van Buren Street, Wilmington, on Sunday, Nov. 18, 1944.

Top Price For Turkeys At Retail Is 53 Cents

The top ceiling price for dressed turkeys sold at retail will be 53 cents a pound a Delaware OPA official said this week.

This is the price of dressed young turkeys, in any of the three weight classifications — light, medium and heavy. The ceiling on drawn young turkeys varies from 60 to 63 cents, depending on the weight group.

Ceilings are a few cents lower for old turkeys.

The embargo on Delaware turkeys was lifted November 6th, freeing turkeys for sale to civilians.

Until then all turkeys on the Delaware Peninsula and in certain other districts were reserved for government

procurement agencies, which have been buying them for the armed forces.

Those boxes you see our boys carrying at the front lines — food, medicine and ammunition — are made of paper board and corrugated paper. They have to take all the shocks and strains of shipment to the earth's four corners.

The raw material for that heavy paper is dangerously scarce. Our troops need waste paper of all sorts but they desperately need corrugated paper, paper board, brown paper bags, newspapers and magazines.

Never throw any waste paper away. Never burn waste paper. It's all as important as powder in this war.
