August 16, 1948

Mr. George S. Messersmith,  
The Mexican Light and Power Company, Limited,  
2A, Calle De Gante No. 20,  
Mexico, D. F.

Dear George:

Upon arriving at the office this morning I found your letter of August 10th with enclosed copy of your letter of the 11th to Andre Meyer.

Also upon my arrival at the office I found that Andre Meyer had called me three times this morning and I rather imagine that your letter had disturbed him. When I telephoned him I found him to be extremely upset, but after a chat with him he has agreed to be patient until we talk again. I told him that I had an appointment this morning with Mr. George Woods of The First Boston Corporation and that thereafter I was going to communicate with you, and I felt that the matter should remain in abeyance until you had had an opportunity of hearing from me. For this reason I am enclosing a memorandum covering everything which has occurred since we last talked on the telephone when you were in Washington. I think it will be extremely interesting to you. I am sending a copy of it to Dannie. Mr. Ehrlich, who has been in communication with me about the subject matter of the memorandum since your departure, has also asked me for a copy of my report to you and accordingly I am giving him a copy of the memorandum also.

I feel that this matter can be entirely smoothed out and that you will be very satisfied to see that everything is harmonious.

I note that you expect to be here in the relatively near future, but I think you should let me have your views on the enclosed memorandum as speedily as possible because The First Boston Corporation would like to know what you wish to do.

Faithfully yours,

Enclosure.
