My dear George,

I must write a line to congratulate you on the great success of the Mexlight meetings. This is a great triumph for ~~xxx~~ you all along the line, Mexico, Washington, New York, London, Brussels. I can't tell you how much I have admired both your handling of the situation and your infinite patience.

All our reports look as if we should win the Election, but you will know the result before you get this letter.

I hope to come over to the Air Force College at the end of April. I have accepted their invitation, which I greatly appreciated, but the final decision must wait upon events.

Yours ever

Swinton

G. Messersmith, Esq.
