Dear Dannie :

I have just received a copy of the statements issued by the National Trust Co. in Toronto and by the Board of the Barcelona Traction Co. with reference to what I understand was the intention in Spain to issue new shares to the holders of the Ebro Irrigation & Power Co. etc. I think it was timely and necessary in view of the information which I understand was available, to issue these notices. Nat Samuels when here told me that such statements would be issued and he gave me some of the developments in the Barcelona picture. I hope that when Mr. Bachrach comes back from his holiday, he can give me a brief statement of the developments in the Barcelona matter, as I have had no real information since the issuance of the statement while I was last in New York. I have been very much interested as to what repercussions the statement may have had in England and on the Continent and in Canada and other countries, as well as in Spain.

v Marion and I have just returned from a two days' stay in Cuernavaca and it was really magnificent there. The weather was wonderful. I am feeling very much better.

With all good wishes,

Cordially and faithfully yours,

George S. Messersmith.
