RITZ HOTEL,

LONDON, W. 1.

REGENT 8181

March 20. 49

Dear Jimmy,

I am sending the Blue Book
and Form 5 of my wife, and
the Blue Book and Form 5 of
myself herewith. I got your letter
some time ago saying the letter
had been rec'd from Government,
and that I should return the
above for appropriate notation.
I wrote you I was sending these
under separate cover, but I

How not done so, as deep
are really full with so many
curators. I do not wish to
trust these documents to the
mails as there is so much
nuisance in getting duplicates
if lost, but I am sending
them herein. Please ask
Wheatley to do the necessary
and the documents can be
sent to me by registered
mail to New York in
Care of Harris. It will be

necessary for Whately to ask
Government to lengthen the
relations but I am sure
they will do it.

I have still not abandoned
idea of being able to sail
for New York on the 6 April but
feel sure I can't do it, &
that I can't leave earlier
than the 14 April on the

America.

I have ~~to~~ not sent
herewith the forms that I have
+ I had to fill in at Golconda
Cin before we left (the record
form before each departure) as
I can see that it is not needed in
connection present operations.

All good wishes

Kindly

J. W. Mansfield
