CLUBS
ACTIVE YOUNG DEMOCRATS

The Young Democrats is composed of members who are interested in the study of both political and social problems. They feel that as responsible citizens, they should study and investigate the pressing problems of our nation. The club even tries to recommend solutions to these problems. The members have been quite active this year in state as well as national affairs.

AGRICULTURAL CLUB

The Agricultural Club's objectives are to create enthusiasm and to promote a greater interest in agriculture. It provides a full program of meetings and socials, and also hopes to provide some knowledge of the field's technique and to give everyone a good time. The group sponsors field trips, the annual club-faculty picnic, a father-son banquet, and serves as host on Future Farmers of America day.

ALPHA CHI SIGMA

Beta Kappa is one of fifty collegiate chapters of Alpha Chi Sigma, the national professional chemical fraternity. In addition to social activities, the chapter promotes safety in the chemistry laboratories, presents guest speakers on subjects of general interest in the fields of chemistry and chemical engineering, and sponsors annually an open house for high school students interested in studying chemistry or chemical engineering. Dr. Mosher, chemistry department head and a member of the professional branch of the fraternity, is the chapter's faculty advisor.
AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

The student chapter of the American Institute of Chemical Engineers promotes professional development through activities involving its members and the faculty. The monthly meetings are augmented by guest speakers representing large engineering concerns plus field trips. The year of activities was brought to a close by the annual picnic for members and faculty.

A.I.E.E.

The A.I.E.E. meets monthly at which time notable men from industry speak on subjects of current interest to electrical engineers. The purpose is to acquaint the student engineer with recent progress within the profession through periodic publications and shop talk with professional men. The group also enjoys films and field trips to nearby industries.

THE AMERICAN SOCIETY OF CIVIL ENGINEERS

The American Society of Civil Engineers is the student chapter of the professional society, A.S.C.E. Lectures, field trips, movies, and convention attendance sponsored by the A.S.C.E. acquaint the students with the work of civil engineers. The chapter is instrumental in presenting the annual Engineer's Ball, and its displays and illustrations add to the University Open House.

A.I.CHE

A.I.E.E.

A.S.C.E.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

Mechanical Engineering students who are interested in extending their knowledge of engineering compose this organization. A dynamic program offers its members information about current progress within the field through regional conferences with other ASME chapters, field trips to industrial plants, guest speakers, and movies. They sponsor the Engineer's Ball and an annual picnic.

CANTERBURY CLUB

Canterbury Club has been quite active on campus this year. Under the leadership of Reverend Thomas Ludlow, the group tries to provide fellowship and worship for Episcopal students here at Delaware. Bi-monthly meetings feature banquets, communion services, guest speakers, and field trips to her outstanding men of the Episcopal faith.

CANTERBURY ASSOCIATION

COSMOPOLITAN CLUB

The Cosmopolitan Club embodies both foreign and American students with mutual interests of promoting fellowship, understanding, and goodwill among people of different countries. It also aids the foreign students in making a more successful adjustment to campus life. The monthly meetings feature movies, lectures, and panel discussions. The highlight of the year is the colorful presentation of the Festival of Nations, a program of music and dances of the many countries.

Under the leadership of Veita Pethoung, President of the Club, the organization resembles the United Nations in miniature.

CANTERBURY CLUB

**DELAWARE CHRISTIAN FELLOWSHIP**

The Delaware Christian Fellowship is an interdenominational religious organization. It provides programs which promote spiritual growth in everyday living. Weekly meetings of students of all faiths include group singing, talks by guest speakers and the students themselves, and socials. Area meetings are held once a month where the group meets in Philadelphia with other students from various colleges. Other activities include conferences, Bible study meetings, and summer camp. The DCF welcomes interested persons to participate with the group in promoting better Christian fellowship.

**D.S.T.A.**

The Delaware Student Teachers Association is an organization for all those interested in the teaching profession. Monthly meetings are held to further student interest in teaching as a career. Frequent trips are taken. The D.S.T.A. is in charge of the education showcase in Allison Hall.

**ENGINEERING COUNCIL**

The Engineering Council coordinates student activities for the School of Engineering. All problems, questions, and projects, are discussed and acted upon at the meetings, at which such projects as the annual semi-formal dance and the publication of the "Slipstick" are undertaken. Members are representatives from the Technical societies, Tau Beta Pi, and the Student Government Association.

**INTER VARSITY CHRISTIAN FELLOWSHIP**

**D.S.T.A.**

FIRST ROW: Barbara Petsch, Shirley Stotz, Margaret Zeisler, Ellen Hoffman, Elaine Crittenden, Pat Simpler, Carol Barnes, Nancylee Hostin. SECOND ROW: Nancy Torbert, Eunice Harry, Carol Ann Hoch, Shirley Darrell, Marjorie Pears, Audrey Hall, Charlotte Pryer, Barbara Fox, Louise Cranmer, Dot Leroy, Priscilla Peterson, Susan Powl. THIRD ROW: Betty Callahan, Laurel Kam, Isabel Zippe, Barbara Morgan, Judy Baldwin, Doug Roberts, Helen Wilson, Peggy Ramsey, Jeanele Molitor, Marlon Van Hart, Janet Culver.

**ENGINEERING COUNCIL**

4-H CLUB
The campus 4-H Club is open to students who have participated formerly in 4-H activities. Its aim is to further 4-H clubs in Delaware and to promote leadership. Members publish "Diamond State 4-H'er" three times a year and sponsor a state wide 4-H square dance. Monthly meetings, bowling parties, and picnics keep interest at a peak.

FRENCH CLUB
The members of the French Club are students who have more than a passing interest in the French language. Their advisor is Dr. Roberts of the French department. Although many of the members are French majors, an invitation is out to all students who have interest and the desire to further their knowledge in this interesting subject. They have regular meetings and have many entertaining as well as informative features. Activities are planned to develop abilities, widen cultural interests and broaden social experiences.

FRIENDS FELLOWSHIP
Under the guidance of Dr. Mary Russell, the Friends Fellowship meets every other week. These meetings not only unite the Quaker students in closer fellowship, but also enable them to more fully understand the principles of Quakerism. The meetings have consisted of discussion, guest speakers, and visual aid materials. The Friends Fellowship encourages individual attendance of local meetings for worship. As a group, they have attended both Wilmington and Mill Creek Meetings.
GOLD KEY SOCIETY

Founded in 1947, the Gold Key Society is an organization of the managers of the varsity sports. The club’s insignia is a Gold Key with a blue ‘D’ superimposed on its face. Students must manage a varsity sport for at least a year before they are eligible for membership. The Gold Key Society greets visiting athletic teams and attends to the needs of those teams.

HOME ECONOMICS CLUB

The Home Economics Club with about eighty members is an affiliation of the American Home Economics Association. The president this year was Barbara Cubberley; and the other officers are Barbara Shank, vice-president; Mary Hoover, secretary; and Dolores Lloyd, treasurer. Miss Joan Lundy is faculty advisor. The main projects are food sales in the dormitories and selling Christmas corsages. Programs and activities, under the leadership of Nancy Marsteller, were planned to develop professional attitudes and abilities, widen cultural interests, and broaden social experiences.
LUTHERAN STUDENTS ASSOCIATION
D. Huren, E. Simpson, Pastor Hugus, W. Rudrow.

MODERN DANCE CLUB

LUTHERAN STUDENT ASSOCIATION
The Lutheran Student Association guides Lutheran students in furthering their knowledge of God and in solving everyday problems. Meetings, which are held every two weeks, are one of two general types. Occasionally, a student or a visiting pastor will present a topic speech, which the students then discuss. At other times, the members have a Biblical study period, at which the meaning of a certain passage is brought out.

THE MODERN DANCE CLUB
Dance is a means of expression. It is the Modern Dance Club's ideal to promote this expression within individuals and to give them an opportunity to practice this through dance.

The Modern Dance Club is comprised of approximately thirty girls chosen every year. They work under the direction of Miss Adrienne McNaughton of the Physical Education Department. Each year they work on technique and choreography, applying these skills in the form of dances which are presented annually in a concert — this year's is entitled "Man."
MUSIC CLUB

The Music Club has become an increasingly active and popular organization this year. The membership was enlarged to fifty-two members which included all of the university's music majors and minors, as well as others who were enthusiastically interested in music. At the first meeting important business was consummated, and the club enjoyed a concert by the Manny Kline Jazz Trio. The second meeting was held in December at which Miss Janice Olson entertained with a recital.

At the three remaining meetings, the Music Club enjoyed programs presented by the Orpheus Men's Chorus; Loudis and Gaddis duo-pianists; and the staff of the university.

NEWMAN CLUB

The Newman Club fosters the spiritual, intellectual, and social interests of the Catholic students. The monthly meetings feature panel discussions, guest speakers, talks by the chaplain, and social programs.

Highlights of the year include the semi-annual communion breakfasts, the Christmas party for the orphans, and a spring dance and picnic.
PSYCHOLOGY CLUB

The Psychology Club was sponsored last year by Psi Chi, the honorary psychological society. Membership is made up of undergraduate and graduate majors in psychology. The club seeks to promote interest in the field, and to bring together those students and faculty members who have a mutual interest in psychology. The group enjoys guest speakers, discussions, and social functions at their monthly meetings. Activities also include a field-trip to a nearby hospital or institution. In the spring, the club holds its annual picnic.

SOCIOLOGY CLUB

The Sociology Club seeks to promote interest in the field of sociology and to bring together in fellowship all interested students and faculty members. Movies, guest speakers, panel discussions, field trips and dinners are some of the club activities. The highlight of the year is the annual field trip to New York City.
UNIVERSITY RELIGIOUS COUNCIL

Members of the U.R.C. are representatives elected from each religious group on campus. The most outstanding of the U.R.C.'s activities was Religious Emphasis Week, in which internationally and nationally-known clergymen, representing the three major faith groups on campus, as well as local ministers, faculty, and students, all participated.

WESTMINSTER UNIVERSITY FELLOWSHIP

The Presbyterian Church is the sponsor of the Westminster Fellowship, which is composed of a membership of Presbyterian University Students. Its schedule includes a weekly Sunday evening supper and fellowship hour, a Sunday morning discussion group, a monthly lecture series, and a monthly Communion Breakfast. The chaplain is regularly available for counseling.

UNIVERSITY RELIGIOUS COUNCIL

FIRST ROW: Cynthia Pease, Thomas Spackman, Eugene Wollaston, Ruth Levey, Carol Ann Hoch.

WESTMINSTER

WEEKEND ACTIVITIES

The Weekend Activities Club was formed in an effort to promote informal social events during the inactive periods in campus life. Under the able leadership of Frank Garosi, the group has planned dances and co-rec nights. These are usually held on Friday nights, when there is no other event scheduled and they provide the impetus to the dorm residents to stay on campus during weekends. It is also an invitation to the commuters to join in on campus fun.

The Club is trying to help do away with the name “Suitcase College” which has been applied to the University of Delaware.

Road Tests Prove

NEW SINCLAIR POWER-X PROVIDES MORE POWER

In a series of road and laboratory tests equivalent in duration to about four years of typical driving, an independent research organization proved that new Sinclair Power-X Gasoline with X-Chemical provides more power and lower operating cost because it: Eliminates harmful combustion deposits...drastically reduces spark plug fouling. Sinclair Power-X increases power in older cars, retains peak power in new cars. See your Sinclair Dealer and Power-up with Power-X in your car.
