Subject: RE: Changes for the human services major

UCTE met today and voted to approve the revisions in the proposal for the FCS Ed concentration for the HS major. The ECE major changes that were included in the revision you received last week were approved at the last UCTE meeting.

I think UCTE voted positively... But I'm copying Lynn Worden because she was actually at the meeting... Lynn?

>Hi Beth,
>One more thing... The UCTE had some suggestions for the concentration in Family and Consumer Sciences Education. I'll get you the revised document in the next day or two.

>>Subject: Changes for the human services major

>>
>>Hello,

>>Attached are the revised concentrations in Administration and Family Policy and in Clinical Services within the Human Services major. The University and Major requirements are now more clearly stated at the beginning. Also, the total credit counts are included. The revisions do not change the total required credits.

>>

>>At the end of the AFP concentration there is an e-mail copied from Dr. Aristigueta, who is the director of the School of Urban Affairs and Public Policy, giving us permission to add the course as an option. I apologize for not attaching it to the first draft. UAPP 225 does currently appear as an existing course in a search of the online catalog.

>>

>>The Honors GPA, etc. in the proposal are the same as the current honors requirements listed in the catalog - see >>http://academiccatalog.udel.edu/Pub_ShowCatalogPage.aspx?CATID=1457 The proposed change is dropping HDFS 465 as an honors requirement. It is still a course requirement, but honors students no longer have to take it as an honors section. I have attached part of an e-mail from Katharine Kerrane, director of the honors program, suggesting that 465 be dropped as an honors requirement. The remainder of the e-mail discussed a particular student, so I edited that out.

>>

>>Thank you for your assistance. Please let me know if anything is unclear or if you require additional information.
