PRICE FIVE CENTS

Chest X-Ray Program Reveals 100 New Cases Of TB In State

Total of 308 New Cases of TB Reported for Delaware
At 50th Annual Meeting of Anti-Tuberculosis Society;
Free State-Wide X-Ray Program Aids Health Campaign

As a direct result of the Statewide Chest X-Ray Survey conducted in Delaware last year, some 100 new cases of tuberculosis were discovered, while a total of 308 new cases were revealed through the efforts of both public and private agencies, the Delaware Anti-Tuberculosis Society reported.

Directors of the society held their 50th annual meeting in the Hotel Rodney on Tuesday night.

The society's annual report, which was presented at the meeting, showed that the survey had revealed 100 new cases of tuberculosis, while a total of 308 new cases were revealed through the efforts of both public and private agencies, the Delaware Anti-Tuberculosis Society reported.

The survey was conducted by the Delaware State Health Department, under the direction of Dr. J. H. Lewis, Jr., state health officer.

Contributions Set New State Record In Cancer Crusade

American Cancer Society
Reports \$94,349.95 Total
Received From Delaware

The 1954 Delaware Cancer Crusade resulted in total contributions of \$94,349.95, which is the greatest amount ever contributed by the people of Delaware to the American Cancer Society.

This was reported by Samuel B. Bird, chairman of the Crusade, who pointed out that last year, when the previous high figure was set, the total was slightly under \$93,000.

The Delaware division, American Cancer Society, will make plans to put the contributions to the best possible use in the fight to control cancer, Mr. Bird said. He added that the 1954 results show again that Delawareans are vitally concerned with the cancer problem and are determined to do their share to have it solved.

As it has been for many years, Delaware was one of the first states to reach its quota and it is believed that per capita contributions here will turn out to be among the highest in the nation.

Included in the total of \$94,349.95 was \$20,416 from New Castle County; \$12,621 from Sussex County; and \$8,016 from Kent County.

Among other large Crusade division totals were: Special Gifts, \$17,547; Memorial Gifts, \$4,221; Wilmington Residential \$4,088; Office Buildings, \$6,521; Industrial Division, \$3,247; and Wilmington Financial, \$2,044.

Robert H. Dutton Elected President Of Newark Rotary

New Officers Installed
By Rev. Thomas Wingate
Who Presided At Founding

Officers and directors of the Newark Rotary Club were installed Monday night by the Rev. Thomas V. Wingate of Churchtown, N.J., who traditionally presides at the annual meeting of the club.

Most taxpayers will find their assessments upped considerably. Last year's total property valuation for tax purposes in the city was \$12,500,000. The new figure of \$23,536,610, almost double last year's assessment, will go on display July 19 through August 2 at Rhodes Drug Store on Main Street.

The new assessment is based chiefly on the latest county figures, Mr. Long said. The latter, he pointed out, were arrived at by a firm of experts hired to make the county survey, using modern valuation techniques. Property in Newark, including homes and commercial establishments, erected after the latest county survey were assessed directly by Mr. Long for the city books.

Mr. Long explained that Rhodes Drug store was selected as the site for display of the books because that has been the practice for years. "Most people know that is where they will find the books," he said, adding that it would not be practical to display them at the Council offices because "then we would have an unofficial appeal day every day during the two-week period."

The time and place for the display of the books will be advertised in at least 10 places in the city as is required by the municipal charter.

Local Firm Rallies To Rebuild Plant After Plane Crash

New Two-Story Building
Raised From Burned Ruins
Of Newark Lumber Co.

A new two-story building is rising from the blackened dust in the north east portion of the Newark Lumber Company's fire-stricken yard, and A. L. Dollins, manager of the firm, stated that completion of the structure is expected within 30 days.

The new building will be used as a temporary paint and hardware store and office headquarters with lumber storage space on the second floor.

Paul Hawthorne, local builder, is constructing the 24x107-ft. floor plan building which will replace a lumber storage shed destroyed by the airplane crash fire in May.

Mr. Dollins also announced plans for construction of a new 60x100-ft. single story, clear span building in the northwest corner of the lumber yard, designed for complete fork-lift operation, and equipped with 20-ft. doorways.

The brick store and office building fronting on Main Street, is to be rebuilt. Dollins stated, with many revisions. Architect E. Wm. Martin, is currently working on rebuilding design.

Additional floor display area will be included in the architect's plans. The offices are to be relocated in the building, and the front doors and show windows will be of new design, Mr. Dollins disclosed.

Sheared Propeller Shaft Crash Cause Air Force States

Lumber Company-Aircraft
Accident Explained After
Investigation By Board

The Air Force has announced that the trouble with the two-engine C-45 which crashed into the Newark Lumber Company May 23 began when the left propeller shaft sheared off in flight.

Since the accident, in which the two pilots of the craft both successfully parachuted to safety, an official Air Force investigating board has been looking into the causes of the crash.

The board's report said that after the shaft sheared off, "the propeller itself then cut in two the right underside of the fuselage, causing the plane to explode."

With the wind blowing in from the right side and the explosive-like noise coming from that side, the officers feathered the right propeller in order to try to restart the left engine," the report continued.

However, the report said that when it became apparent that the power had failed on that side also, and after several attempts to start the engine had failed and with the plane then at a near minimum altitude for safe bail-out, the pilots set the controls so that the plane would head in a direction away from the lighted area and jumped from the ship.

(Continued on page 2)

Two Parked Cars Damaged In Prospect Avenue Crash

Three automobiles were damaged last Thursday evening at 6:25 o'clock, when two cars parked on Prospect avenue were struck by an automobile operated by Harry W. Warner, RD 1, Newark, who was making a left turn from North College onto Prospect avenue.

Patrolman Robert Young of the Newark Police Department investigated the accident.

The unoffending parked cars belonged to Martin and John Sullivan, of 4 Prospect avenue.

New Church Construction Proceeding At Brookside

The Rev. Edward C. Fish, pastor of the new United Presbyterian Church group at Brookside, has announced that construction of the new church building is well under way, with occupancy of the structure expected some time in December.

The basement has been excavated and footings are ready for the pouring of concrete, the pastor stated.

Timothy J. O'Connell, Richardson Park contractor, is in charge of the church construction.

Sanborn-Named Chief Warden In CD Recruitment Campaign

Joseph Sanborn, 131 South Chapel Street, has been named Chief Warden for Newark's Civil Defense organization. Police Sergeant Leroy Hill, deputy CD director, announced yesterday.

A recruiting drive for 36 qualified persons to fill out the warden unit is now underway, Sgt. Hill added.

Under Newark tentative CD wardens, the city has been divided into nine zones. Each will have a head warden and three neighborhood wardens, all under Mr. Sanborn.

The latter will undergo a training course either at the federal CD staff college at Olney, Md., or under state CD officials. The remaining personnel in the unit will be trained either locally or by county CD officials, Sgt. Hill said.

In an emergency, the warden's job will be one of the most important in CD, Sgt. Hill explained. The warden is the "eyes and ears" of the entire organization. On-the-spot reports of damage and casualties will originate with the warden, and such reports will form the basis by which the CD headquarters at both the county and state levels will gauge extent of the emergency situation.

Level-headed, reliable persons are needed for the job, Sgt. Hill declared. They also should be well-known in their neighborhood and thoroughly familiar with its geography. Wardens will be expected to map their areas, conduct a census of the occupants of every house, and with this foreknowledge, the warden will be able, among other things, to direct rescuers in an emergency and account for missing persons.

The warden also will be expected to serve as a counselor on Civil Defense matters to every home owner in his area. He will pass along the latest CD information and, after he has been properly trained, he will help his neighbors prepare their home defenses and select shelters.

Tax Rate Lowered To 50 Cents With Increase In Assessment

Council Adopts Municipal Budget of \$327,400 As City
Tax Rate Is Reduced From 70 Cents Per \$100; Deficit
Of \$65,000 Forecast As Net Revenue Provides \$261,400

Somewhat higher tax bills for Newark property owners and a bigger city deficit at the end of the current operating year were foreshadowed in a new municipal budget adopted Tuesday night by the City Council.

The tax rate was lowered from 70 to 50 cents on \$100 of assessment, but city taxpayers can take small comfort because they will have to pay out more in hard cash due to a hefty increase in the assessment.

The budget, which covers the operating year ending February, 1955, lists net cash requirements of \$327,400, including net operating costs of \$170,000, capital expenditures of \$107,000 and a carry-over deficit of \$50,400.

But it provides for net revenue of only about \$261,400, including property taxes of about \$113,000 and profits on utilities of \$146,000. Thus, the year-end deficit next February, if the budget is followed to the letter, will be around \$66,000.

The lower tax rate of 50 cents will be applied to the new assessment figure of approximately \$23,000,000, which will result in about \$11,500,000 in tax revenue. This is somewhat above the approximately \$9,200,000 raised last year in property taxes.

The increase in the tax yield despite the lower rate is possible because the city assessment of around \$23,000,000 is almost double last year's valuation of about \$12,500,000.

Other income
In addition to the tax revenue, the new budget also lists net income of \$146,000 from the sale of electric power and light and water, plus sewer charges.

The vote on the new tax rate was a close 4-3, with Mayor Wallace Johnson's ballot being required to break a tie and announce the 50-cent rate. Opposing the rate were Councilmen Frank Scott, Harry MacLary and Dr. John R. Downey.

The vote on approving the budget drew only one dissent. That was from Councilman Ditch.

In a desperate search for ways to solve the city's financial difficulties, Council discussed but took no action on such measures as (1) a new bond issue, (2) the establishment of a mercantile license for business firms.

It also was pointed out that the budget is merely intended as a guide to city financing and Council could pursue other measures during the current year as it went along.

City Manager Provision
The \$107,000 budget item for operating costs includes projected salaries for a city manager and a city inventory clerk. Council wrote the items into the budget Tuesday night, listing up to \$12,000 in annual salary for a city manager and \$3,000 in salary for an inventory clerk. Neither post has been filled as yet.

The \$107,000 proposed for capital expenditures covered the following items: new streets, \$70,000; Delaware Avenue extension rights of way, \$10,000; purchase of water rights at the proposed West Park Place well site, \$5,000; files, \$1,000; two police cars, \$3,000; police equipment, radio, \$600; purchase of lines from the Delaware Power and Light Company, \$10,000; civil defense, \$3,000.

Fatality Accident Driver Arrested by Local Police

Arrested by Newark Police last Wednesday morning at 1 a.m., for driving without a license at Main and Academy Streets, 24-year old Charles J. Wilson of Montclair has been sentenced to three years in the New Castle County Workhouse.

Wilson, who was seriously injured in the head-on crash that took the life of Mr. Wm. Wideman in Capitol Trail last Sept. 20, was fined \$200 and sentenced to three years in the Workhouse by Clarence S. Foster, Newark magistrate after his arrest by Newark Police.

Appearing before Judge Daniel L. Herrmann in Superior Court at Wilmington last week, Wilson received the more severe sentence in view of his recent violation of the law, coupled with his past record.

High School Vocal Teacher Accepts Supervisory Post

Mrs. Mary Jane Streepy, vocal instructor of Newark senior and junior high school pupils for the past two years, has resigned to accept a position as supervisor of music in the Philadelphia public school system.

Mrs. Magdalene Coghill, who has been teaching music at Rising Sun, Md., for the past two years, has been appointed as Mrs. Streepy's successor. Mrs. Coghill is a graduate of Columbia University, the Juillard School of Music, and has taught at Buffalo College, the Horace Mann School, and the University of Florida.

Vacation Time The Newark Post will not be published on Thursday, July 22. All members of the staff will be taking their annual vacations. The office and plant of the Newark Post will be closed from Saturday, July 24 through Sunday, July 25, inclusive.

Commercial printing orders will be received and processed as usual until July 24, with deliveries to be made the week following vacations.

Assistant professor of mechanical engineering at the University of

Capitol Trail News

Marjorie M. Bishop, Correspondent
Kirkwood Highway
Phone 6218

Life is full of surprises at times. Take last week for instance. Jet planes whizzing overhead, heavy machinery rolling out the surface of the Medall playground—workers busy erecting new homes—cars rolling past, full of families seeking a change from the routine of modern life—while with this background of modern living, the correspondent was surprised to see a groundhog stroll across the yard. Then within minutes, what should appear but a pheasant! Add to this the awkward little newborn lambs in the flock of Herman Hopkins and the picture is complete!

Mr. and Mrs. Willard Johnston, Milford Crossroads, have returned from a vacation trip to Maine. Mrs. W. Southard Jones, Red Mill Road, spent the past week end at Camp Meade, Md., with her husband.

Mr. and Mrs. David Anderson, of Philadelphia, are visiting Mrs. David Anderson, Jr., on Harmony Road. We are sorry to report that Miss Hazel Johnston, of Milford Crossroads, was forced to cancel plans for a trip to Nova Scotia, because of illness.

Thomas Davis, of Hillandale Farm, is enjoying a vacation at home this week.

Tempe Frothingham, of Arlington, Va., is visiting her aunt and uncle, Mr. and Mrs. Elmer Gallagher, Kirkwood Highway.

Roseville Park. E. M. Baird, president of the Roseville Park Civic Association, reports that a large group of children are enjoying the weekly arts and crafts sessions which are being held each Tuesday from 2 to 4 p.m. on the point for children from 5 to 12 years of age.

There were 41 children present for the first session, and 37 for the second, with Mrs. Charles Raymond.

and Mrs. Herbert Smith assisting Mr. Kelechava.

This worth while project is being sponsored by the Newark Recreation Association. Any who would like to volunteer to assist for one afternoon may call Mr. Baird at Newark 3508.

Roseville Park Branch Library. Residents are reminded that the Roseville Park Branch Library is located at the home of Mr. and Mrs. Charles Raymond, Laurel Ave. and is open to the public on Saturday from 10 a.m. to noon.

White Clay Creek Presbyterian Church.

The Rev. and Mrs. James H. Bishop were honored by a reception at the church last Saturday evening in celebration of the fifth anniversary of Mr. Bishop's pastorate at White Clay Church. A beautiful Seth Thomas electric clock was presented to the pastor and his wife by Mrs. Florence Reed, president of the Evening Circle, on behalf of the congregation.

Much credit is due the Evening Circle for sponsoring the celebration, which was particularly delightful because it came as a complete surprise to Mr. Bishop.

Harold Stanley, church trustee, acted as master of ceremonies. The group singing and Eucharistic liturgy was called upon to speak representing the session, as the oldest elder, Frank Butterworth spoke as the newest elder.

Two solo were sung by Mrs. John W. Milburn, of Barksdale, "Savior of Galilee" by Morris and "Erewhile" by Leslie. Mrs. Milburn is a member of the choir of the Head of Christiana Presbyterian Church and was accompanied by Miss Romaine McCormick.

In stating his appreciation for this expression of thoughtfulness on the part of the congregation, Mr. Bishop said that he and Mrs. Bishop had found great joy in their work at White Clay church and that he felt that the church had a great future.

The Young Adult Fellowship at their meeting last week voted to hold their annual picnic on their regular meeting day, Tuesday, Tuesday, August 2, at 6 p.m. on the church grounds.

In the opening session of the church school last Sunday the junior class of the vacation school showed some of their work done in connection with the study of the church. A movie was explained by Southard Jones and the International clock was shown by Dale Wimmer.

Adult Classes

The two adult classes of the school are planning to follow the recommendation of the church committee on Christian education and of the session, to use the official Presbyterian curriculum, the faith and life course on the life of Christ, beginning in October.

Three members of the school are representing White Clay church at West Nottingham summer camp for Junior Highs this week. They are Pat Stanley, Audrey Butterworth and Joyce Weaver—all members of Mrs. Anderson's class.

Members of Miss Ellen Gallagher's primary class were entertained at a hot-dog and marshmallow roast on Monday, from 4 to 7 p.m. at the home of Mrs. Thomas Davis, Hillandale Farm.

Members of the Evening Circle and their children are planning a picnic to be held at the cottage of Mrs. Peter Furness, near Port Hernan, on Tuesday, July 20. The group will leave from church at 10 a.m. The hostess will provide the beverage and dessert. Frank Butterworth, assistant church school superintendent, announces it was voted last Sunday to hold the annual Sunday School Picnic at Lenape Park. The date elected was Saturday, July 24. On Sunday, July 18, in the 11 a.m. service, the pastor will preach on "Through Closed Doors—the Revelation of the Spirit."

EXPLORER SALE

Explorer Post 251 will hold a bake sale in front of Abbott's shoe repair shop tomorrow, July 16, beginning at 10 a.m. Cakes, pies, and "what-not" will be for sale. Advisor Roland Gibson advises.

A handful of patience is worth more than a bushel of brains. —Dutch proverb

Consultant States Plan For Proposed Hospital Project

Dr. R. E. Trussell Speaks Before Medical Center Bd. of Trustees in Newark

Dr. Ray E. Trussell, medical director of Hunterdon Medical Center at Flemington, N.J., presented a preliminary plan for the program of the proposed Southern New Castle County Medical Center at a meeting of the latter's trustees in Newark last week.

In presenting his 25-page mimeographed report, which he emphasized is "for comment only," Dr. Trussell gave a brief outline of its contents. He has been consultant to the Delaware group on an "informal" basis for two months.

The report is in two main sections, one on problems of establishing a comprehensive medical center and one offering an approach to solving the problems. The report is based on interviews with persons in the area to be served and on Dr. Trussell's experience at Flemington.

No "Medical Hotel"

He told the trustees that "the comprehensive medical center, such as you seek to establish, is the only kind of hospital I believe in. I can no longer accept the idea of a hospital being a medical hotel."

Under the program he outlined, the hospital is only a part of the medical center. There is also a building for county public health services and a center for health promotion, disease prevention, limitation of disability through therapy, and rehabilitation. To serve the community best, he said, a medical center should affiliate with a university medical school.

Introduced by Dr. Gliwa

Dr. Trussell was introduced by Dr. Edward F. Gliwa, New Castle County public health officer. Dr. Gliwa said the proposed facility is needed in southern New Castle County, and supported Dr. Trussell's plan that it include space for the public health services.

Dr. Trussell stressed that his report is only a general estimate of the situation in southern New Castle County, with some idea of what can be done to establish a medical center. He urged the trustees to decide definitely on their program by early fall so that architects can begin drawing plans for the center.

Elmer Kleppinger, executive director of the proposed hospital, reported the crash of the plane which crashed on the right engine had caused a cylinder head to blow.

It was also noted in the report that previous reports of the accident indicated that the right engine had failed first.

"However, after diligently searching the wreckage and locating the propeller almost 12 miles from the scene of the accident, it has been ascertained that the beginning of the trouble was with the propeller of the left engine," the report concluded.

The pilots of the ill-fated plane, which was on a training flight from Mitchell Air Force Base, New York, were Capt. Leroy Hansen, 32, of Salt Lake City, Utah, and Capt. Howard N. Franklin, also 32, of Medford, Mass. Both landed safely in Newark after parachuting from the crippled plane.

The explosion and fire which followed the crash of the plane, gutted the Newark Lumber Company, located on East Main Street.

Dean Squire Visits ROTC Cadets in North Carolina

Dr. Francis H. Squire, dean of the University of Delaware, was invited by Lieutenant General Floyd L. Parks, commanding general of the Second Army at Fort Bragg, N.C., to make the official summer visit to the University of Delaware's ROTC cadets who are training there.

Dean Squire is spending three days at Fort Bragg beginning July 13 and a number of officials from other colleges and universities will be there at the same time to visit with their respective cadet groups.

City Strike

(Continued from Page 1)

The mayor said Commissioner Downes had told him that the police department had no objection to a 40-hour week for other city departments during the summer, so the Mayor had issued the executive order.

The mayor and other city officials said they were mystified as to the source of the rumor about the strike threat.

They explained that only one person is assigned to keeping the office open on Saturdays through the year. This duty is divided between two women, both long-time employees, who work on alternate Saturdays, 40-hour week for other city departments during the summer, so the Mayor had issued the executive order.

Neither women, it was said, had in any way hinted at going on strike if the office was not closed during the summer. The fact that it now has been closed by order of the mayor means that the women will lose the four-hour pay they collected for working alternate Saturdays, it was pointed out.

Other city employees affected by the closing order are chiefly in the engineering department, and some of them had threatened to strike, it was said. Most are on the hourly wage roll and also are losing their Saturday morning pay. The closing of the office does not cost the city anything in wages, it was pointed out.

Councilman Coverdale had stressed the point that the closing of the city offices was an inconvenience to the public and to councilmen who might want to check city records for their constituents.

Concert Violinist

Melvin Ritter

Three brilliant Town Hall recitals have established Melvin Ritter, American violinist, as a leading figure in the University of Delaware summer concert series on Monday, July 19, at 8:15 p.m., as one of the elect among the younger generation of artists before the Newark public. Discharged from the Army in 1946, Melvin Ritter promptly won the National Music League Award, and since has toured the United States and Canada in recital, as well as with symphony orchestras, with Christopher Lynch, tenor, and as a member of the famed Reginald Kell Players.

The public is invited to attend this program without charge.

Firm Rebuilds

(Continued from Page 1)

Business is now being conducted from temporary offices established at the extreme southern end of the lumber yard, and members of the firm voiced their appreciation for the cooperation extended by other lumber dealers and by the public.

An Air Force twin-engine C-54 developed trouble over the city of Newark on the night of May 23, and when the pilot and his companion parachuted to safety, the plane crashed into the front part of the Newark Lumber Company yard with a resulting fire that completely gutted the brick building and destroyed the sheds and stored lumber in the immediate area.

Prompt and efficient action by the fire and police departments prevented further damage and the firm was conducting business shortly after the accident without loss time for the employees.

It is the hardest thing in the world to be a good thinker without being a good self-examiner. —Shaftesbury.

Childless Couples Exceed Families In Hospital Usage

Hospitalization Service Benefits To Husband-Wife Members Top Family Bills

Married couples—on the average—use more hospital service than families, it was revealed in a study conducted by Group Hospital Service, Inc.

Strange as it seems, married couples belonging to Blue Cross use more hospital service than entire families with children, Harold V. Mayhew, managing director of the Blue Cross-Blue Shield organization, reported today.

The average couple would run up more hospital bills than the average family, which consists of about twice as many individuals. Yet this is a fact, and there are reasons for it, he said.

Elderly Couples

One potent reason is that many of the couples whose hospital bills are paid by Blue Cross are elderly couples whose children are grown up. And older people run up more and bigger hospital bills than younger people, on the average. If the married couples covered by Blue Cross were all young married people without children, the financial result would be different.

The study is one of several continuing statistical studies being conducted by Group Hospital Service on the extent of use of hospital and medical services by its members—who are nearly two-thirds of the population of Delaware. The studies are used in the agency's continuing effort to provide Delawareans with the widest possible hospital and surgical-medical coverage for the lowest possible cost, through the non-profit Blue Cross-Blue Shield Plans.

Three Contracts

Currently under review is the system of having three types of contracts: Blue Cross offers a single-person contract, a two-person contract, and a family contract. Some Blue Cross Plans in other places, notably New York, Maryland and Washington, D.C., have narrowed this down to two types—the one-person contract and the family contract.

The study being made locally shows that there is a discrepancy between the rates charged for two-person and family contracts, and the amount of hospital service used by members having those types of contracts.

The board of directors of Group Hospital Service is expected to consider the results of the study at its next meeting.

Also to be considered by the board are the latest figures on bills paid by the Blue Cross and Blue Shield plans as compared with income in dues from members. Hospital costs have risen since the plans last raised their rates in 1951.

At the last board meeting, an operating deficit was reported but the reserve was deemed sufficient to hold off a rate increase at least for some months.

New figures—not yet available—will be submitted to the board for consideration at its meeting later this month.

News of Bear

Mrs. Leslie Ford, Correspondent
Phone: New Castle 6481

Postmaster Harvey Burris of Bear has received word from the United States mail inspector for the post office to be open the following hours: 7 to 11 a.m. and 12:30-4:30 p.m. daily. The post office will close Saturdays at 2:30 p.m.

Frank Conly is a patient in Memorial hospital, Wilmington.

Miss Emma Jane Shirling celebrated her 18th birthday on Saturday. She entertained friends in the evening.

Mrs. Julian Laws was operated on Thursday at St. Francis hospital, Wilmington.

Mr. and Mrs. Raymond Davis of Newark visited with his sister, Mrs. Annie Harrington, on Saturday.

John T. Craig Jr., 18 year old son of John T. Craig, of Bear, recently enlisted in the Air Force for four years. He is a graduate of Newark high school and is a former student of the University of Virginia.

The Bear Home Demonstration Club will meet at the home of Mrs. Walter Sweetman on Monday, July 19. The topic will be "Care of the Hair." A speaker from the Medical Center will talk at 1:45 and members are urged to be present.

The Ford and Barr reunion will be held at the home of Mr. and Mrs. Wilbur McMullen at Perryville, Md., on Saturday, July 24, with dinner at noon. A business meeting, social, entertainment and refreshments will be offered in the afternoon.

Mrs. Wesley Wollaston of Newark visited with her brother, Walter Cross, on Thursday.

Miss Judith Moore has been confined to her home this week with the measles.

Mr. and Mrs. Raymond Davis and Roland Ecklund of Newark and Mrs. Annie Harrington spent Sunday with Mr. and Mrs. Howard Slaughter, of Smyrna.

Mr. and Mrs. Harry B. Moore spent Sunday at Rehoboth.

Mrs. Laura Simmons, aged 67, and widow of Horace Simmons, died at the home of her sister, Mrs. Lee Reynolds, on Monday morning. She was a daughter of the late James and Emma Hatten.

Besides her sister she is survived by one brother, Clarence, of St. Georges, several nieces and nephews.

Services will be held from the Getchall Funeral Home, New Castle, with interment in St. Georges cemetery.

Christiana Calling

Sylvia P. Jones, Correspondent
Phone New Castle 6876

Trips and visits are news in and around Christiana, as everywhere, now that summer vacations are in full swing.

Mr. and Mrs. Howard L. Schulz have returned from ten days in the mountains of North Carolina.

Orville, Ralph and Miss Annis Cleaver, and Mrs. Ruth Robinson enjoyed a five-day motor trip through Virginia, West Virginia, Kentucky, and Ohio last week.

Ralph Leasure and son, Ralph Jr., of Whippany, N.J., spent several days with Mr. and Mrs. Olan Cleaver recently.

Mrs. Charles Foose substituted in the Christiana post office while Postmistress Mary Butler took several days' vacation last week.

A worthwhile vacation activity is represented by Miss Abigail Greene's work as a junior aide at the Newark-Brownie day camp.

Abigail is on hand this week and next to help with the 80 girls who have registered for activities at Camp Minquill from July 12 to 23.

"Living Out-of-Doors" is the theme for this year's program, which will include craft work with natural materials and out-door cooking.

Walter Lynam, who sustained two broken ribs in a haying accident on June 19, has almost completely recovered from his injuries.

Alden Smith is recovering slowly at his home. He broke his right arm and hip in a fall from a tree on June 8. Mr. Smith was a patient at the Wilmington General hospital for three weeks, and will be confined to a wheel chair for several more weeks.

Mr. and Mrs. James T. Moore and family have moved to their new home on Churchman's Road.

Foreign Exchange Student On July 16 Klaus Mueller of Dortmund, Germany, will leave the home of Mr. and Mrs. Howard Greene, where he has been a guest since last August. Klaus has been attending Friends school in Wilmington as one of the 600 foreign exchange students sponsored by the American Field Service in the United States this year.

Klaus, with fellow exchange students, will enjoy a three-week bus tour of the mid-west before sailing from Quebec for Rotterdam on August 13 aboard the Castle Felice. As guest speaker before the Newark Kiwanis Club last week Klaus gave his impressions of his year in America.

The Christiana Community Association has suspended monthly meetings for the summer, and has scheduled its first fall meeting for October 5. With the re-opening of school in September the association plans to resume sponsorship of teen-agers' dances in the school auditorium on Friday nights. This activity is being sponsored during the summer in the fire hall by the Ladies Auxiliary of the Fire Company. Another dance will be held in August.

At the end of the previous fiscal year the general fund balance was \$76,093.98, but it was more than offset by a \$100,000 short-term loan to meet current expenditures.

The current unencumbered balance, in view of county revenue collecting officials, provides the Levy Court with the best start for a new fiscal year in the past 10 years.

Levy Court commissioners are confident they will be able to balance the budget despite a 21-cent tax rate cut. The cut was made possible by the general reassessment of properties throughout the county.

What this country needs is more people raising beans, and fewer spilling them.—L. H. Kurtz.

5th Annual Picnic For "Old Timers" Scheduled Aug. 4

The fifth annual Old Timers Picnic will be held in the Josephine Memorial Gardens of Brandywine Park from 2 to 7 p.m. on Wednesday, Aug. 4.

The picnic is open to all persons over 65 years old. Invitations are being sent to some 2,000 persons. Applications are available at the Recreation Promotion and Service Office, 101 West Fourteenth Street, Wilmington.

There will be entertainment, which in past years has included such features as old car rides. Past picnics have attracted as many as 800.

Persons attending are asked to bring box suppers. Desserts and cold drinks will be furnished by the committee in charge.

Fear Opposes Admitting Communist China To UN

United States Senator J. Allen Fear has renewed his stand against admission of Communist China into the United Nations.

In his weekly statement Mr. Fear declared his opposition to recognition of the Red Chinese. He stated, "I am strongly opposed to granting admission of Communist China as long as that country continues its policy of aggression and as long as it fails to permit individual freedom among the millions of Chinese people."

Mill Creek Hundred News

Phone: Hockessin 7798
Sara Pennington Evans, Correspondent

The Limestone road is surely a busy thoroughfare these days since all traffic from the Lancaster pike, Route 41, is being detoured into this highway. The new by-pass on Lancaster pike is being built and thus the pike is closed at Kaelin, Pa. and at Centerville road. By the time this detour is lifted, the Limestone road may need to be rebuilt due to the extreme heavy truck traffic.

The Winodausis Home Demonstration Club will hold its annual picnic next Wednesday at the home of Mr. Dale Seymour. A covered dish luncheon will be served at noon. Recreation will be in charge of Mrs. Linda Lindsay.

Waverly Club members and their families will enjoy the annual picnic and covered dish supper, Saturday at 6:30 p.m. at the home of Mr. and Mrs. Laurence B. Parrish, Jr., near Kennett Square, Pa.

Thirty-nine youths from the Hockessin area are receiving free swimming lessons for a two-week period at the Yorklyn pool. Howard Street is the instructor.

Mr. and Mrs. Roy Trout of Creek Road, are receiving congratulations on the birth of a son, Roy, Jr., July 10, at the Delaware Hospital. The Trouts have three daughters.

As one travels along Brackenville road from the Limestone road to the Lancaster pike, one notes the building on progress. A new frame house is being erected by the Tweedys. Another home is almost completed which is owned by the Hitches. The old Brackin home is being renovated and remodeled by the McDewitts.

Red Clay Creek Presbyterian Church
Plans for the proposed new educational addition can now proceed since the congregation has approved the trustees borrowing necessary funds for the construction work. The fund campaign raised \$37,100.45 in cash and three year pledges early in June.

The proposed addition has been included by Robert M. Walker and includes 14 classrooms, a church office, a basement for storage and the heating system.

The rapid growth of the community around the church has demanded these additional church school facilities. Three years ago, the church had a new wing added.

The building committee comprises C. Warden Goss, Robert M. Walker, Earl Woodward, Herbert W. Pierson, and Leroy Parker.

Richard and Larry Ulmer and Dale Nowland are spending this week at the Presbyterian junior-high summer camp at West Nottingham Academy, Col. Md.

Next week, the following girls from the church school will attend the same camp: Barbara Gregg, Cynthia Harmon, Geraldine Edwards, Sallie Evans and Sally McGonigal.

Red Clay Creek Boy Scout troop held a swimming meet last night at McVaugh's Pit at Hockessin in charge of John Macadam, Edward Smith, scoutmaster; Al Symonds, and Richard Annand, Saturday, the patrols will hold a treasure and compass hike starting at 9 a.m. and returning at 3 p.m. Next Monday at 8 p.m. the troop committee will meet at the home of Ralph Klair.

R. M. Walker, J. Robert Frederick, and C. W. Goss are in charge of the annual church school picnic at Lenape Park on Aug. 5.

The wedding of Miss Clara Miller, daughter of Mr. and Mrs. Frank Miller on Duncan Road, and Robert Henderson took place Saturday afternoon in the Red Clay Church with a reception following in the church school auditorium.

Corner Ketch
Mr. and Mrs. Melvin Dempsey are vacationing this week at Wildwood, N.J.

Kenneth Woodward has had the measles.

Union Grange No. 1 will hold a picnic on July 31 at the home of Mr. and Mrs. Daniel E. Harris, Berkley Farms.

Mermaid
Joane and Dale Nowland have returned from a visit to their aunt and uncle, Mr. and Mrs. Marshall Golt near Lewisville, Pa.

Mr. and Mrs. Warner Naudain and sons, Ray and Lynn, have been vacationing at Stone Harbor on the Atlantic ocean.

Citizens' Corner

Newark League of Women Voters
Phone 8-1615

The League of Women Voters neither supports nor opposes any political party or candidate. Its purpose is to help Mr. and Mrs. Citizen to vote intelligently by supplying necessary information on a non-partisan basis. Readers are urged to phone their questions to Newark 8-1615, or drop a postcard to the Citizens' Corner, c/o The NEWARK POST. Please sign complete name and address, although your name will not be published.

Q: I have recently moved to Newark from Baltimore. What must I do to vote in Delaware?

A: You must be (a) a citizen of the United States; (b) 21 years old or before Election Day; (c) a resident of the State one year; the County for 3 months; and the election district for 30 days, before Election Day; (d) listed on the registration books.

Q: I have voted in every election for the past 30 years, including the town election in April. Now my neighbor says I have to register again. I thought I was permanently registered. Who is right?

A: Your neighbor is. The 1953 General Assembly nullified all previous registrations for general elections. Unless you register again locally on October 2 or 16, or in Wilmington the first 15 days in Sept., you will be unable to vote in November. The town election in April is entirely separate from this.

Q: Where can I see a voting machine?

A: Voting machines will be on display in each Hundred for at least two weeks between now and November. If you wish to a club or group of any kind, the League of Women Voters will be glad to demonstrate a portable model machine at one of your meetings and give every member a chance to try it. For this service, call the League at Newark 8-1615.

The covered dish picnic supper held by the Harmony Juveniles Saturday night was successful. There were 46 members and guests present including Mrs. Charlotte Lansdale, state juvenile matron; parents, and officers of Harmony Grange.

Following the supper in the grange hall, Mrs. J. W. Pennington, juvenile matron, welcomed the guests. John Naudain, juvenile master introduced the juvenile officers.

Robert B. Walker, Jr., master of the adult order, extended greetings and Mrs. Lansdale congratulated the group on their work and discussed the activities this year. She told of the scrapbooks on "Trees", stressed community service work, urged the girls to enter the sewing contest and showed the boys a model for the hole-in-one game.

Mr. and Mrs. Charles March, Miss Carolyn March and Joseph Ireland of Chester, Pa. were visitors on Saturday afternoon at the home of Mrs. L. H. Pennington.

Ebenezer Methodist Church
The parsonage committee headed by Mrs. Wilbur Hollingsworth will have charge of the baked goods sale tomorrow in front of the Newark Department store.

The annual jubilee is being planned for Aug. 7 at the church house this year. An outdoor stage will be erected and the baked ham supper will be served on the lawn.

The event is scheduled to be an all-day affair. Games, contests, pony rides, free lemonade will all contribute to the enjoyment of the youth.

There will be a snack bar with hot dogs, hamburgers, and soft drinks, and the program will feature an amateur talent show.

Entries in the show will be received by Nelson Payne and there will be cash prizes for the contestants awarded by popular applause.

The Methodist Youth Fellowship meeting Sunday night discussed the Bible, in a session conducted by Nelson Payne.

A hot dog roast was held last night at the Pike Creek recreation site. Ralph and Zelma Crossan entertained the group.

Twenty members of the Booster Circle enjoyed an outing and picnic at Port Herman, Md. on Saturday. The group went swimming.

The fun month committee met last Wednesday night and planned for the club's annual outing on Aug. 18 at White Crystal Beach, Md. Members are to meet at the Agricultural building at Newark at 9:30 o'clock. Each one is to take a box lunch and the trip will be made in private cars. Sandra Naudain is the committee chairman.

Mrs. Irvin Klair of Limestone Road, entertained Mr. and Mrs. Eugene Klair and daughter, Mr. and Mrs. Roland Klair of Carelsie, Pa. last Saturday night.

Newark Night Play New Amstel Group To Offer Special

Two-for-One Ticket Plan For Local Theater-Goers At Tomorrow Night Show

Friday night will be Newark Night for the New Amstel Players' presentation of Noel Coward's comedy, "Blithe Spirit", at the Opera House.

Residents of Newark can purchase one ticket for either front or rear orchestra and receive an accompanying ticket free. Producer Larry Perron said Newark theatre-goers can get their tickets either by making a phone call to New Castle 7912, or at the box office tomorrow night.

The play stars William Berger as Charles Condomine; Lynn Fitzmaurice, Ruth, his wife; Helaine Kopp, Elvira, spirit of Charles' first wife; Mel Berger, Dr. Bradman; comedienne Viola Swayne, Madam Arcati, the medium; Nina Stroup, Mrs. Bradman; and Louise Bachinger, Edith, the maid.

Miss Bachinger, a Salem, N.J., high school graduate of 1952, is making her first theatre appearance.

Mack Bing, lauded for his previous work in "Gigi" and "Dear Barbarians," directed "Blithe Spirit."

Next week's play will be a comedy, "Lady Behave."

Trailer-Flat Car Freight Service Offered by B&O

The "TOFCEE" (trailer-on-flat-car) Service of the Baltimore and Ohio Railroad will begin operation on July 20, it was announced today by H. E. Simpson, B&O president.

The new service will offer rail charges substantially the same as those of the common carrier truck lines.

AFS Scholarship Program Outlined For Kiwanis Club

The growth of the international scholarship plan of American Field Service was described by John K. Conant, AFS representative, at last week's meeting of the Newark Kiwanis Club.

The interchange of teen-age students between countries is designed to help promote good will among the people of various nations, he said. Mr. Conant introduced four students who have studied in the United States during the past year.

BINNS NEWARK "Old Fashioned" HOMES

5 Sample Homes Ready for Inspection

We never dreamed we would open our second section so quickly. But one look at the bonus features tells you in a glance why our first section was a complete sellout.

As a result, this community has developed overnight into one of the finest in the state. For example, all the streets are completely paved, with gutters and curbs.

From a family standpoint this quaint college town has every possible convenience and opportunity — with 3 brand new public schools, a new high school and, of course, the famous University of Delaware.

Come out today. Make your selection from 5 completely decorated sample homes.

Will you sell or trade your present home? We will be glad to discuss with you the possibilities of selling your present home—or trading it in on the purchase of a Binns Newark Home.

Traffic Tree Toll Heavy As Drivers Roam From Roads

Even Parked Cars Wreak Havoc As Trees Soak Up Leaking Crankcase Oils

Trees can't jaywalk, but they're major targets for motorists just the same, and those in between the lanes of Delaware's U.S. 113 are being removed.

Thousands of trees are maimed or killed by auto every year. The toll is especially heavy in summer, when the hot sun is at its peak.

Gasoline being leaked, spilled, dripped and poured on trees is a major cause of their death. The oil is a victim of dripping crankcase oil. From a tree's standpoint, even a single drop can be dangerous.

But motorists aren't the only ones to blame. In the summertime, the heat is just as rough on trees as the oil is.

Damage to trees has been listed as a common method of tree abuse which they are frequently asked to give up. The damage has been done. These include:

Wrapping bare and young saplings for hangers, swings and clotheslines directly around trunks and branches instead of attaching to harmless hooks secured in the wood.

Brushing the bark by running a lawnmower too close to the trunk.

Spraying too close to trees with insecticides or other chemicals detrimental to tree health.

Harshing trees or cutting food away from them so that leaves and branches are scorched.

Through these and other careless practices, humans harm countless numbers of trees every spring and summer. Best way for a home owner to avoid injuring trees accidentally is to remember that his leafy friends live, breathe, eat and are hurt by harsh treatment.

Tips On Transplanting Of Trees Offered As Quick Shade Service

By ALBERT S. WALTON
Sandy Brae Nurseries

Quick shade is a major need for the new home owner, and many have gone to much trouble to transplant large trees from nearby yards, only to have them shrivel their leaves and die. This article is offered in the hope that the advice contained in it will help to prevent such mishaps.

The tree is selected for size and attractiveness. It is even more important that it be chosen for environmental compatibility. For example, trees like elms, beeches, tulip poplars, and dogwoods require well-drained soil with some sand in it. They will rarely thrive in clay soil.

For the latter condition, select willows, oaks, maples, locusts, aspens or ashes, which are not so fussy, and do well in either sandy or clay soil.

For good grass growth, thriving shrubbery or perennial undergrowth, the tree, avoid surface-rooting trees like maples, willows, poplars, elms or beeches.

After the tree has been chosen, it should be root-pruned in the spring. This is done by cutting through the roots somewhat close to the trunk, using a sharp spade or saw, making certain each cut is clean. The cut roots are then examined in the fall of the same year. The presence of a thick mass of small, slender roots with intact ends, growing out from the cut edges, indicates that the tree can be safely transplanted. (Note: unless it is the type that cannot be transplanted in the fall.)

Should this new feeder root system look poor, wait another year. It is foolhardy to dig up a tree, no matter how large a ball of earth goes with it, if it lacks enough un-injured roots within the ball to carry out root function after transplantation. This is so because the passage of water and soil salts into the roots can take place only at that part of the root which is adapted for this function, usually at the very ends of the smallest roots.

The longer the roots, the further away are their ends from the trunk, and the harder it is to include enough of these in a ball of earth. This is especially true of forest trees, since intense competition often results in the development of very long, far-reaching roots.

During the period of waiting for feeder root growth, it is a good idea to insure best results by fertilizing and watering in dry weather. Root-stimulating hormones are an excellent aid in the root-pruning process, and should be used immediately after cutting the roots as well as after the tree is moved.

It is also desirable to cut back the branches to the extent required for an adequate balance between the respective sizes of the two systems, root and branch.

U.S. Air Defense General To Speak During CD Forum

State-Wide Civil Defense Forum To Be Held July 20 At Bacon Health Center

Brigadier General Kenneth P. Bergquist, deputy for operations of the U.S. Air Defense Command, will be among the speakers at the state-wide Civil Defense forum on July 20 at the Governor Bacon Health Center, D. Preston Lee, state CD director, announced yesterday.

General Bergquist, who will come here from the air defense command headquarters at Colorado Springs, will give visitors to the afternoon forum an up-to-the-minute briefing on this country's preparations against an air attack.

He will outline the plan for defending the continental U.S., including the 24-hour radar watch, and will tell why it is impossible for the Air Force to make a one hundred per cent "kill" of attacking planes.

The forum, open free to the public, will start at 12:30 p.m. with colorful displays and demonstrations covering every phase of Delaware's Civil Defense preparations. Governor J. Caleb Boggs will greet the guests at 2 p.m. and introduce the speakers.

WARMTH FOR COOLTH
Add Hot Summer Hints: Bathing and showers with lukewarm instead of breath-taking ice-cold water not only are easier on the body but they're also more cooling. In the middle of the day, try soaking your hands and forearms in cool water for several minutes, also splashing your temples and face. Just letting cool water run over your wrists will help a lot.

It's easy finding reasons why other folks should be patient.

Family Heirloom Exhibits Planned at Lewes Museum

Two special summer exhibitions of some of the rare family heirlooms have been placed on view in the museum of the Zwanendael House at Lewes.

One is of paperweights of ornate designs used around the middle of the nineteenth century, and the other includes rare pieces of copper, gold-toned, and silver lined china.

They will remain on exhibit throughout the resort season. Visitors will be welcomed daily from 10 a.m. to 5:30 p.m. and on Sundays from 12:30 to 5:30 p.m. The museum is closed on Mondays.

Newark, Delaware, Thursday, July 15, 1954

IN HOMETOWN AMERICA

THE FOOD BUSINESS TODAY

The Wall Street Journal recently featured a news article on what is happening in the retail food business. It emphasizes facts that are of wide public interest.

Food sales have been soaring. A new record was established last year and a further advance was recorded in the first quarter of this year. But profits are far from record levels, and are generally so small that if they didn't exist at all we would hardly notice the difference. According to the Journal, a sampling of 18 food chains of all sizes showed that 1953 profits amounted to only a fraction over one cent on each dollar of sales.

The paper also points out that the chain systems don't dominate the food business, and aren't running the independents to the wall. Indeed, the proportion of the business accounted for by the two groups has barely changed in two decades. Way back in 1933, the independents did 63 per cent and the chains 37 per cent. Last year the division was 64 per cent and 36 per cent respectively.

What the current situation proves is that fair and open competition serves the best interests of all, including the consumer.

NEWARK IN REVIEW

Twenty-five Years Ago

Firemen's Carnival

The 19th annual carnival of the Aetna Hose, Hook and Ladder Company will open tomorrow night and continue each night except Sunday until July 27.

There will be a merry-go-round, a ferris wheel, 20 booths and a bandstand. Included in the prizes to be given away are a Buick six, a Packard sport coupe, an electric refrigerator, a dining room suite, a 9x12 rug, a living room suite, and various other household furnishings.

Thursday, July 23 will be Firemen's night, featuring a competitive parade with visiting fire companies.

Shooting Fray Culprit

Town Officer Wm. Cunningham made a hot early Saturday morning when he stopped a car with two passengers traveling through Newark with improper license tags. The demeanor of the men aroused suspicion and the men were held pending communication with Maryland authorities. It was disclosed that one of the men was wanted for the shotgun shooting of a man in Cokesbury, last Friday night.

Maryland police came to Newark for the prisoner who waived extradition and was taken to Elkton and jailed pending the outcome of the shooting. The victim is in serious condition from the shotgun charge which tore off a portion of his leg.

Barn Consumed

A fire that started at about 10 o'clock this morning, destroyed a large barn on the farm of Samuel Pearson, near Pleasant Hill.

The Aetna Hose, Hook and Ladder Company responded promptly but little could be done to save the building which was well ablaze.

The barn was filled with this year's crops, farm machinery and equipment and the damage is estimated at \$20,000, with insurance coverage in the amount of \$7,000.

No livestock was destroyed, and the damage is believed due to spontaneous combustion.

The Mill Creek and Cranston Heights Fire Companies also responded to the call.

Memorial Committee

The Town of Newark Permanent

Honored

Dorothy W. Cunningham

The wife of Newark's Chief of Police, Mrs. Wm. H. Cunningham of 201 East Park Place, was recently honored by officials of the Conowingo Power Company for her 25 years of service with the firm. Mrs. Cunningham was presented with a wrist watch award by J. Frank Blake, Jr., Conowingo manager.

4-H Clubs Advised Of Opportunities At Fair Exhibits

Kent-Sussex Fair Offers 120 Exhibition Classes For Delaware 4-H Members

There are many opportunities for 4-Hers to take part in the Kent-Sussex Fair at Harrington, July 20-24.

Samuel Gwinn, state 4-H club leader, states that there are 120 different exhibit classes in canning, frozen foods, clothing, home improvement, baking, eggs, vegetables and entomology. Members may also exhibit in the junior dairy, poultry or home science classes and should contact their local club leaders or county 4-H agents as soon as possible if they desire to enter exhibits.

The state 4-H demonstration contest will be on Wednesday, July 22 starting at 10 a.m. Winners of the county demonstration contests will present demonstrations in clothing, dairy foods, dairy production, home improvement, poultry, foods, poultry production, soil and water conservation and vegetables. The state 4-H judging contest will be held on Friday, July 30 starting at 10 a.m. Club members 12 years of age and older may judge in the following project areas: clothing, baking, food preservation, vegetable, dairy, poultry (live birds and eggs) and swine.

The state 4-H Tractor Operators Contest will be held on Thursday morning July 29, starting at 10 a.m. All club members in the state are urged to participate in the state either by exhibiting their project, entering a judging contest, or by giving a demonstration, according to Mr. Gwinn.

All entries in the 4-H club classes must be filed with the County 4-H club agent on or before July 19.

Sports

A new amateur record for the Newark Country Club golf course was set Saturday when S. H. Stradley, Jr. won from P. I. Crow, C. H. Hopkins defeated C. O. Houghton, 5 and 4; J. M. Terrell stopped A. D. Cobb, 2 and 1; P. F. Pie Jr. defeated J. L. Crooks, 3 and 1; W. E. Holton eliminated W. Bradford, Sr., 3 and 2; and P. F. Pie Sr. defeated W. R. Powell, 5 and 4.

Social

The Misses Anne and Agnes Frazer, Evelyn Stoll and Martha Wolcott were recent visitors at Cape May.

Mr. and Mrs. Clark Rankin and son, Bruce, have been visiting Mr. Rankin's parents at Clark's Summit, Pa.

Miss Catherine Whiteside, the daughter of Mr. and Mrs. Charles Whiteside, of New Castle, became the bride of Joseph Gregg, the son of Mr. and Mrs. Joseph Gregg, of Cleveland Avenue, Newark, Tuesday afternoon. Miss Agnes Tidwell, of New Castle, was the bride's attendant and Paul Dinamore, of Newark, was best man.

Herman Renshaw and Leonard Eubank spent the week end at Rehoboth.

Earl Dawson and family left town on Wednesday for a vacation at Trappe, Md.

Mrs. Harold Tiffany, Miss Elizabeth Tiffany, Dennis Strahorn, May Malcolm, and Louise Dameron motored to Camp Otonka, at Dagobro on Wednesday.

Mr. and Mrs. Thomas Ingham have returned from Newport News where they witnessed the launching of the "Pennsylvania".

Laurence Brown and Curtis Potts have gone to Plattsburg, N.Y. where they have enrolled in the Citizens' Military Training Camp.

Mrs. Wm. J. Rowan and Miss Violet Rowan will leave this week for a stay at Wildwood.

Miss Grace Wells, of Elkton, was a dinner guest at the home of Mr. and Mrs. Joseph McVey on Wednesday.

Mr. and Mrs. Thomas A. Potts and son, Stanley, left Tuesday by automobile for Ocean City, Md., where they will spend several days.

Miss Virginia Dameron spent the week end with friends at the Shock cottage in Rehoboth.

Newark Newcomers Discover City Welcome Mat Out--And Like It

Newark newcomers from Middletown, Horace N. Stanley and family, of 12 Prospect avenue, express their appreciation for the friendly welcome accorded them as strangers moving into town.

"Everyone has been so helpful and friendly," Mr. Stanley reports, "beginning with the cordial welcome extended us by Mrs. G. Taggart Evans and Mrs. Carolyn Thomas, professional hostesses for Greeting, Inc., and the Welcome Wagon. These ladies," say the Stanleys, "gave us a newcomer's feeling of belonging—that he is a part of the town—and the sponsors of this greeting service have proved equally cordial."

Mr. Stanley, a widower, has two sons in the U.S. Air Force—one in Korea and the other in Japan; a married daughter living in Brooklyn, and one daughter at home. Mr. Stanley is associated with General Motors.

Newark folks are friendly. Most people are, if their neighbors give them a fair chance. And it's nice to have such friendly overtures appreciated with such acknowledgment.

Welcome, stranger!

Veterans' Corner

Information Service Provided by The Veterans' Administration

Q—I'm planning to take farm training under the Korean GI Bill, but I found out I'll have to pay \$3 a month tuition. My cousin, a World War I veteran, trained, and the Government paid his tuition. Why the difference?

A—Your cousin trained under the World War I GI Bill; you will be training under the Korean GI Bill. They are separate laws, and each operates differently. Under the Korean GI Bill, you pay all training expenses yourself. But you get a single monthly allowance to help do this. Under the World War I GI Bill, the VA paid a veteran's training costs.

Q—My husband was killed in Korea, and I've been receiving monthly indemnity payments of \$125. Will those payments stop if I re-enlist? I have a contract to buy a house, and I need the money.

A—You will have plenty of time to get your GI loan. The Korean GI Bill has provisions that will not expire until ten years after the end of the present emergency.

Q—I'm planning to take flight training under the Korean GI Bill. Will I be allowed 20 days absence? I'll be allowed the same as veterans taking trade and vocational courses.

A—No. Under the Korean GI Bill, you will be paid on the basis of flight instruction actually received, and nothing more. You will not be paid for absences.

Liberty, when it begins to take root, is a plant of rapid growth. —Washington.

Facts About Forests

Only one-fourth of the area of the United States is forested. The best suited for growing trees.

Reforestation is the best way to increase the supply of timber.

Forests are a source of many products, including paper, lumber, and wildlife.

Forests help to prevent soil erosion and provide a natural habitat for many animals.

Forests are a source of recreation and provide a beautiful landscape.

Farmers Cautioned Against Accidents At Harvest Time

Agricultural Engineer Cites Safety Council's Tips For Harvest Safety

Harvest time is accident time on the farm, according to Bryon L. Bonduant, engineer for the Agricultural Extension Service at the University of Delaware.

Bonduant says haste and carelessness increases the chances for accidents during harvest time. Accidents increase during the "rush of harvest" with the use of high speed cutting mechanisms, shafts, chains and gears.

The first step to safe operation of harvesting machinery is to put it in good condition before the harvest begins," Bonduant points out.

He lists the following safety rules for harvest safety:

1. Always be alert — never take a chance.
2. Always stop all machinery before oiling, adjusting or unclogging.
3. Avoid wearing floppy or ragged clothing.
4. Start smoothly and slow down for turns and rough ground.
5. Avoid operations too close to the edge of ditches or embankments.
6. Small children are definitely out of place around harvesting machinery.
7. Avoid jumping off equipment before it has come to a full stop.
8. Remember to look both ways as you approach a highway and cross with care.
9. On a highway obey the signs and rules of the road and don't forget to use headlights and tail-lights at night.

The operator of the machine must be alert and observe the safety rules — never take a chance.

The Federal Government operates more than 100 business-type activities, and has stores inventories comparable to those of all private enterprises, according to an intermediate report of the Congressional Committee on Government Operations.

The report goes on to assert that the Government is the largest insurer, the largest lender, the largest tenant, the largest holder of grazing land, the largest owner of grain, the largest warehouse operator, the largest shipowner, and the largest truck-fleet operator in our land.

When one analyzes the reasons given against the facts for the initiation or continuation of business-type activities in the Government, the report points out, "the conclusion is reached that they are frequently excuses. For example, cost is often given as the reason for starting or continuing an operation such as coffee manufacturing, rope manufacturing, paint manufacturing, etc."

"When agencies are asked for comparative cost analyses on which conclusions are based, it is frequently found that either the statement is incorrect, that adequate costs have not been kept, or that all elements of direct or indirect costs are not included in the statement, which are obviously designed to prove a point."

Main St. School Building Removed For New Usage

The Main Street elementary school building is being removed and will be used for administrative office space and for evening business meetings in lieu of the central building.

Administrative offices will be occupied by William E. Shuck, Newark public school superintendent; Frank R. Mercer, newly-appointed administrative assistant; by Mrs. Clara Truitt, bookkeeper; and Mrs. Elizabeth Young, secretary, by the time school opens in September.

The local Board of Education approved renovation of the building at their recent meeting, and school authorities have announced that substantial savings may be realized by utilizing the building board room for evening business sessions instead of using the larger, central building, with attendant heat and light costs.

Public Speaking Classes Offered Starting Aug. 18

The University of Delaware's extension division has announced a special course in public speaking to begin August 18.

The course will run for ten meetings beginning August 18 including September 2, 8, 15, 22, 29 and October 6, 13, 20, 27. It will be taught in the Wilmington High School.

Registration for the class, which is of special interest to Korean veterans, will be held from 7 to 7:30 p.m. on August 18 immediately before the first meeting. Class sessions are scheduled to run from 7:30 to 10 p.m.

The course symbol will be D-2815.

The instruction carries two undergraduate credit and the fee for the entire course is \$20.

WURRA, WURRA!

There was the fellow who had the worry habit so bad that he couldn't find time to concentrate on a single one of his worries. That worried him—so he resolved to stop worrying altogether during the week, and save up all his worries for Friday night.

Having done so, he found that when Friday night came, he hadn't anything left to worry about!

Extension Service Suggests Summer Thirst Quenchers

Fruit Juices, Cold Milk Provide Added Pep, Cool Refreshment During Heat

Hot summer weather brings many calls for something cool to drink. The youngsters beg for a thirst-quencher after play. Dad calls for an after-work cooler, and you want a refreshing beverage to serve guests who drop in. All are looking for the same thing—a cool drink to give the much-needed pep that most of us need during the summer.

Some suggestions to "hit the spot" are made by the Agricultural Extension Service, University of Delaware.

The juices of most fruits—apples, lemons, limes, grapes, pineapple, cranberry, just to mention a few—when served alone or in combination, help to give pep and energy. They contribute valuable vitamins which increase resistance to disease and tend to erase that tired and listless feeling. In addition, each kind of fruit offers its special flavor toward making each cooling drink different in taste appeal.

Another delicious summer drink that's hard to beat is a glass of cold milk. An 8-ounce glass of milk gives you about 10 per cent of the protein, 30 per cent of the calcium, and 25 per cent of the riboflavin you need each day, besides some vitamins A and B. And you get all of this for about six cents. Milk shakes of various flavors are the delight of young and old.

To make a "fruit shake," slice one-inch blocks of frozen fruit into tall glasses. Add milk, until each glass is about half full. Then fill the glass with vanilla ice cream and stir.

"Orange egg punch" is another drink that's held in high favor. Beat two egg yolks. Add 1/4 cup of sugar, 1/8 teaspoon salt, 1 cup of orange juice, and 4 teaspoons of lemon juice. Mix well. Then add 2 cups of milk and blend by beating or shaking. Finally, beat the two egg whites until stiff and fold into mixture just before serving. Serving with gaily colored straws, it's a real party beverage.

If you're counting calories, use skim milk and add fruit juice for flavor. Beat the juice and milk mixture with a rotary beater, pour over chilled ice, and serve at once.

OUR DEMOCRACY—by Mat

CARE-FREE, NOT CARE-LESS VACATIONS

IN THE NEXT THREE MONTHS, MILLIONS OF AMERICAN FAMILIES WILL BE TAKING VACATIONS. EARNED THROUGH THE YEAR, THESE RESPIRES FROM ROUTINE CAN MEAN RECREATION—RE-CREATION.

WHETHER THE PURPOSE BE DIVERSION OR REST, VACATIONISTS CAN BE CAREFREE IF THEY HAVE BEHIND THEM A BACKLOG OF SAVINGS AND LIFE INSURANCE. THEY CAN BE CAREFREE WITHOUT BEING CARELESS—THEY CAN DRIVE SAFELY, GUARD AGAINST FIRE, RESPECT THE SUN'S RAYS, AVOID DESTRUCTION OR LITTERING OF PUBLIC PARKS. AND, BY TAKING THINGS EASY, BOTH IN BODY AND SPIRIT, THE FAMILY WILL RETURN REFRESHED FOR THE MONTHS AHEAD. THAT'S A VACATION.

party beverage. If you're counting calories, use skim milk and add fruit juice for flavor. Beat the juice and milk mixture with a rotary beater, pour over chilled ice, and serve at once.

CITY OF OPPORTUNITY

Newark with its fantastic growth, creates many opportunities for investments. We all admit that it is not a "mushroom" growth, but is substantial and well planned.

You will find many opportunities for investments in Newark Real Estate. It's safe—as the future will prove. YOU CAN HELP NEWARK BY BUYING AT HOME. WHY NOT? WE HAVE FINE STORES.

COUNTRY HOME

With 14 acres of high elevation, very productive land, on the beautiful Pennsylvania hills, only 12 miles from Newark. 3 room dwelling, with bath and central heat, large bank barn, poultry houses, tobacco shed and other out-buildings—all in excellent condition. Laura B. Simmons Resident of Bear Dies at Her Home

Mrs. Laura Batten Simmons, 67, widow of Horace E. Simmons, died Monday at her home in Bear.

Mrs. Simmons was born near Newark and had lived in this vicinity all her life. She was a lifelong member of St. Georges Methodist Church. Her husband died five years ago.

Surviving are a sister, Mrs. F. Lee Reynolds of Bear, at whose home she had an apartment, and a brother, Clarence Batten, St. Georges.

Funeral services were held yesterday afternoon at the Gebhart Funeral Home, New Castle, with interment at St. Georges Cemetery.

Home from shopping, Mrs. Simmons had her purse and hat on the chair and herself into a chair.

"The Morgans are buying a new car," she announced. "Last week it was a new TV set for the house. And where do the Morgans get the money to spend like that? I don't know about what he makes."

"So" murmured George, looking up from his paper.

"So we get along on what we get—where do the Morgans get the money to spend like that? I don't know about what he makes."
