Dear Bonnie -

I intended to write earlier in the week but there is no news. I have been kept quite busy as I have spent a lot of time at the Company - and also in connection with this Cultural Institute. We are about to start building an auditorium that will cost \$100,000.00 and which we hope to finish in 8 months. I am preparing an application to The Avalon Foundation, which I think will give us the money for a three year period to bring 20 people a year here to lecture. The Avalon Foundation is also Mellon's foundation and it has a lot of money. A friend of mine is now president of the foundation.

There is plenty of news in the papers these days.
 One thing we know & that is that ruins mean
 nothing to the Saint - and they are out for
 world domination. We are a pretty naive people
 but I don't think we will be taken in by
 Kouschov's tricks.

I have it felt so hot this week but I
 am sure it is nothing important. Sam & Grace
 both have had some bad stomach upset, -
 Grace is better now I am trying to get Sam
 to have a thorough examination.

I have to go out for a short while
 this evening with Marion - who is playing
 bridge with friends. Ideals come home early!
 Tomorrow we go to Caernarvon and will
 have a house full of guests.

I hope the weather is better in Greenwich
 & that this finds you all well -
 Much love to you all from us both Truly
 Yours
 George
