Sunday, Feb. 4

Dear Jimmy -

I have your letter of Feb. 26 for which I thank you. I also have a letter from your Mother which I appreciate but please tell him I'm not writing him now as I am sure, and hope, you show him my letters.

I wrote a long letter to you looking this morning but the real news must wait until I get to New York so the details are too great and the matter so important and my memoranda cannot be inserted to the mail. I closed

Telegraph little from B.A. or write  
for many reasons but I can say  
now that the tick went very  
well, the log jam which was  
terrible is broken, and Brown & I  
feel we are on the way. I  
am sorry to have been away  
from home and my job so long,  
but it has been worth while  
for my Country, the Argentine  
and I strive for all of us in  
the Americas and for the people  
undoubtedly in so important a  
field. That sounds contrastive

but that is the estimate of  
others.

The dinner Wednesday night  
with the President & Mrs. Leon  
at the Embassy was interesting  
and happy. Brainerd and I  
saw the President and Corripio  
Thursday morning at 10 to run  
things up & pack up program.  
Friday morning arrived from  
Montevideo and immediately  
we had a 3 hour talk at the  
Embassy residence which was

K  
Most satisfactory. I got to  
the boat Friday afternoon really  
exhausted. The story in B.H.  
was anything but a holiday,  
but I will have a good rest  
on this return trip to New York.

I'm not surprised at what  
you say in the orchestra matter,  
and I somehow deemed that  
it was a definite move to  
get rid of Charing and that is  
for the good. I will do something  
when I get back to New York.

I'm sorry to hear about your

father but I may be a little  
help when I get to New York.  
The news I can bring him should  
be a good physical & mental  
 tonic. Besides I can get  
him to Mexico City for a little  
while.

Thanks for the telephone.  
The Cumulative phone doesn't  
keep me. It does Marion - but  
not me apparently. I was  
about over 90 days all three

years so far so I have no  
accumulation. I'm not going to  
take any risks in this matter.  
I think I will send ~~the~~ my papers  
to Mexico City as soon as I arrive  
in Guatemala and ask Larraz to  
be able to get them fixed up  
in a few days and it is  
important enough for some one  
to fly to Puerto to deliver  
them to us before we cross  
the border. I want my papers  
in shape before I cross the

board and have the proper  
instructions put on also when  
entering new ports.  
I will tell to you in telephone  
from N. Y. the day of my arrival.  
He has too much experience  
in these matters to take risks  
I will not take any.

I got the draft of the report  
and it is helpful but I can't  
really do much with it until

The Weymouth - and when  
 from Pedreggi sheets & still  
awaiting details it's all

not - for he can give a  
 draft. I wonder if some  
 people realize that we  
 don't own Company - but have  
 bond holders, share holders, and  
 a Board of directors. If I  
 get a draft at his which  
 I doubt I can have a lot  
 done by the time I get to

New York. I'm going to have  
a long time before returning  
to Mexico.

I still don't understand  
why we do not get these  
Concessions back from Ecuador.

Let me know status in a  
letter for me in New York.

Something stinks. If the

lawyer is only me in Ecuador

18  
is trying to play tricks  
and the law, it is just  
going to be too bad all  
around. We can't delay  
much longer telling the  
bank and then there  
will be hell to pay  
for some one and more  
than one party.

We are even to get  
home. It's nice to work

but you, Louie + I must  
 both learn that we can't  
 do everything - even if  
 it isn't done.

Best to Lou + you. Hope  
 the family is fine. Best to  
 the Marys, Bernice, from  
 Marilyn, Genevieve, and the  
 Staff. Tell from above and  
ask to take care of the  
 when. Mi God Mandy

6 o'clock, again.

Warren & I are fine  
but I got in the boat  
really so tired out that  
I still can't sleep well &  
you know that when I  
can't sleep - I'm tired.

All the Best

Truly yours

Warren
