Minor Damage Sustained  
In Auto, Poultry Farm,  
Grass, Chimney Fires

Last Thursday was a hellfire day for the Aetna firemen. At 10:10 a.m. an alarm was received concerning a fire in a chicken house owned by Burris & Phillips on the Cooch's Bridge Road, and things hadn't quieted down before another alarm was received—at 11:30 in the morning, reporting a grass fire in Roseville Park.

At 12:03, 12:05, and 12:06, while the fire-fighting equipment was still hot, alarms were turned in on a fire at the Pencader Poultry Farm—also on the Cooch's Bridge Road. All fires were extinguished with little or no damage to the property concerned.

The first chicken house fire was caused by a turkey—a dead one—which was being well singed with flaming paper. The paper was tossed outside and set the nearby grass ablaze. Trash burning was responsible for the others.

On Saturday, at 7:55 a.m., a chimney near Glasgow was reported on fire and was controlled by the Newark firemen with no damage to the property. Later, a little after 9 o'clock, an alarm was received from the same location, reporting that the walls of the house were badly hot. Again, the firemen responded and removed portions of the weather boarding in their investigation. No fire was discovered.

An automobile belonging to Ernest Miller, caught fire on the Pleasant Valley Road, Tuesday night a week ago, and the Aetna volunteers put out the blaze after some damage to the front seat and wiring of the vehicle.

## New Stamp Issues Offered At Newark P. O. March 2

Postmaster F. Allen Cooch announces the sale of two special commemorative issues of U.S. postage stamps at the Newark Post Office, March 2.

One of the new issues, commemorating the Washington Territory, is green and portrays an early pioneer family gazing at a typical territorial scene embracing an expanse of water with mountain ranges in the distance. ## Parents Group To Hold Meeting For Youth Program, Election

The events pertaining to the youth of Newark in the past few months have brought out the need for the parents in the area to get together as a unit to see what part they should take in supporting existing facilities and organizing programs of activity and discussion in relation to the young people.

This growing feeling, that there was a need for the parents to act, brought about a meeting on January 27th of 24 parents at Bellemont School. It was decided at this meeting that there was a definite need for such a group. All present were asked to think over how they felt such a group should function and what its problems would be. On February 4th, a second meeting was held with many more parents present. At this time a committee was formed to consider the various suggestions and to work out a program for the consideration of the group as a whole. On February 9th and again on February 23rd this committee met and outlined policy and plans. It was decided to call an open meeting of all interested parents at the City Council Building on March 2nd at 8:00 P.M. All are urged to attend and their views on subjects under discussion will be welcomed.

The Committee consists of the following parents: Charles R. Otto, Acting Chairman; Mr. and Mrs. William Carter; Mrs. Stephen Barczewski, Jr.; Mr. and Mrs. Albert Lackman; Dr. Robert Brink; Mrs. Edward Boutin; Mrs. Jerome Weinberg; Mrs. William O. Skold; Mrs. William McNetter; Sergeant Leroy C. Hill; Mr. Norman Ford; and Rev. Richard H. Smith.

The Committee recommends establishment of minimum sufficient organization to maintain a permanent group of parents to provide an avenue of common discussion toward family guidance and civic improvement in the direction of Newark youth's social structure. It is stressed that this is to be a coordinated and cooperative group, open to all parents, and that any problem which a parent may face as an individual may be taken to a member of the committee and any information which the Parents Group may have, which is pertinent or helpful, will be made available to him.

The meeting on March 2nd will be for the purpose of election of officers, establishment of a program, and selection of a name.

## University To Give 5-Day Run Musical Starting March 10

"Bloomer Girl" contains more music than any musical they have done during the last few years, according to a statement made by Thomas B. Pegg, director of the production which is being presented at the University of Delaware for five days beginning March 10. The statement is significant in view of the fact that the two musicals referred to were "Finian's Rainbow" and "One Touch of Venus."

"Bloomer Girl" contains Evelina, the song which held first position on the Hit Parade for so long, as well as the popular songs, "The Eagle and Me" and "Right as the Rain." In addition to the songs and dances, it even contains a scene from the old melodrama, "Uncle Tom's Cabin." The story, is based on that of the famous Dolly Bloomer, the suffragette who was largely responsible for doing away with hoop skirts and introducing bloomers for women.

Although the musical is given two more productions than usual, there is always a large demand for tickets. Those interested in making reservations are urged to do so by mail. Box Office opens March 9.

## NATIONAL BROTHERHOOD WEEK

Last week was formally proclaimed "National Brotherhood Week" and it began like most any other week, with a rainy Sunday.

Generally, the spirit of brotherhood was, if not well observed, at least not violated to any great extent for the simple reason that most of us were at home, out of contention, unexposed to public differences. But that's true with most Sundays.

Monday was different. Mondays and what they entail—getting up ahead of any natural inclination to do so; going to work when some of us may have other preferences—are not calculated to promote fraternal sentiment.

That bonhead brother, driving like a decrepit snail up front, was holding up the last minute work parade. Or that flatfoot policeman, regulating the traffic signal, was giving the cross street traffic all the best of it. Boss, employee, teacher, pupil—all were difficult from varying points of view—and the spirit of National Brotherhood Week degenerated after Opening Day.

But the proclamation and token observance wasn't entirely wasted. Serious consideration was given to the subject of Brotherhood by those responsible for dedication of the week. The clergy, the newspapers, radio, and television played upon the theme, and nearly all of us were exposed to its significance. And some of it sank in, consciously or otherwise.

We have been doing things the hard way since time began and we're still cooking up complicated cure-all prescriptions for the world's ills despite the simple, universal panacea that was given to us in the Second Commandment.

## HISTORICAL REVIEWS OF THE NEWARK AREA

by Ethel M. Hill

From time to time, Mrs. Hill's articles concerning Newark's interesting historical background will appear in the pages of the Post. Your comments and suggestions will be appreciated by the writer.

When I was five years old my family moved to a little farm of 39 acres on the Unami Trail—about half-way between Hop Yards and Crawford Rankin's place.

To me this seemed a very lovely home because on each side of the walk to the front steps was a square box filled with pink geraniums. Even now, I love pink geraniums. Beside the kitchen porch was an open well, walled up about two and one-half feet above ground. A windlass with a rope and "the old oak bucket" could be lowered to the water and drawn up full, but my father lost no time putting in a pump.

The rooms of the house each had a fire place and the kitchen had a special, large one with crane and pot hooks. Skillet with five-to handles rested on iron tripods while food was being fried.

When we lived there, the neighbors—the Hopkins and Thompsons—each had visiting Indians from Carlisle to help with the summer work, while we had only Maggie, the hired girl. And Maggie told us wonderful stories, one of which follows.

At Minquaon: lived an old Scotchman who had been studying perpetual motion. He made a gold watch in which he felt sure he had placed a spring carrying out the idea of perpetual motion. Fond of his children, he permitted the baby to play with the watch, the baby swallowed it, and died as a result. This was in 1740.

"If you go to the right grave in the London Tract grave yard," Maggie said, "and stoop down with your ear close to the ground, you will still hear the tick-tick of that watch to this day."

But we never could find the right grave.

It is almost impossible to realize that such changes have taken place in a neighborhood. The Louvers building covers all of that hill which, when I started to school in 1886, was a wilderness except for one old log house. How well I remember Grandmother Chambers sitting in the doorway smoking her clay pipe. We stopped for a few minutes while going home from school and she would recite poems for us. One I shall never forget.

"Down in a green and shady bed,  
A modest violet grew.  
Its stalk was bent, it hung its head,  
As if to hide from view."

At the foot of this hill was a watering trough fed by a spring in Nevins' field. Here everyone stopped to water their horses as they traveled the road to Tweed's Mill.

At the crossroads, or the north-west corner, was the blacksmith shop. It was there that the Indian who lived in a log house in Harkness' Woods, in 1810, came asking the blacksmith to fix his gun. The smith answered that he would be glad to do so but that he had no coal for his forge. The Indian picked

up a bag and left, but after a short while he returned with a bagful of coal. Later, an intensive search was made near Tweed's Mill, on Abe Mote's farm, and on the Hominy Mill Road, but no coal was ever found.

Few persons today can tell you where the Hominy Ridge Road is. It is the road, now closed, just at the edge of the duPont place. Along this road, beside White Clay Creek toward Newark, was a mill that ground much corn. Beside it was a log house, the home of the miller. Many years ago all the boys from Milford Crossroads School used to go down the Hominy Ridge Road to find glass pencils—little six-sided pieces of clear glass about 3-16-in. thick and sometimes as much as 6-in. long.

When I started to school at Milford Crossroads, the school house was an old stone building with windows, three on each side, five feet from the floor so that pupils could not see the teacher going along the road. Later, when the school commissioners decided to have an up-to-date brick school building, my father built it.

Since the construction of Louvers, the old brick building on the corner is gone and the old log house which was the home of John Moore, the blacksmith, has been moved back from the road. This is the last of 25 such log houses that were occupied by families I knew. They had been built by the Swedes between 1845 and 1850 when the land was first taken over.

## OUR DEMOCRACY—by Mat

### The GOLD IN THEM THAR HILLS

THE RESERVES OF IRON ORE, THE OIL UNDER GROUND, THE TIMBER IN THE FORESTS, THE FERTILITY OF THE SOIL, THE POWER IN THE STREAMS—AMERICA HAS ALWAYS BEEN RICH IN NATURAL RESOURCES, BUT IT IS THE PEOPLE WHO HAVE CONVERTED THESE INTO NATIONAL WEALTH.

THE LASTING VALUE OF NATURAL RESOURCES DEPENDS ON HOW WELL THEY ARE USED AND CONSERVED, AND THIS IN TURN DEPENDS ON THE INVENTIVENESS, SKILLS AND THRIFT OF THE PEOPLE.

IT IS WHAT MEN AND MACHINES ADD TO OUR NATURAL RESOURCES THAT MAKES UP THE BIGGEST PORTION OF OUR NATIONAL WEALTH. THRIFT HAS A PART IN THIS TOO, BECAUSE THE MONEY PEOPLE PUT INTO LIFE INSURANCE AND SAVINGS HELPS PROVIDE THE TOOLS OF PRODUCTION.

## Haverford Upsets Hens, 58-56 To Delay Delaware Title Win

### Delaware Swamps Temple Swimmers For Seventh Win

#### Mayer Sets Taylor Pool Record As Krusberg Cops Indiv. Scoring Honors

The University of Delaware men swam off with most of the honors at Taylor Pool on Saturday to defeat the visiting Temple Owls, 65-19. This was the seventh dual win of the season for Coach Harry Rawstrom's team, and the Blue Hens took first place in every event.

Capt. Art Mayer set a new Taylor Pool record of 1:03.1 with a 100-yd. back stroke time in the medley relay.

Charlie Presnell won diving honors with 83.3 points to remain undefeated for the season, and Loria Krusberg copped individual honors by winning the 220 and 440 free style events.

Delaware's team of Mayer, Wagner, and McDaniel won the opener, the 300-yd. medley relay, and Bill Reybold came in third behind the winning Krusberg in the 220 free style.

Dick Goodley sprinted to victory in the 50-yd. free style race and Zutz picked up a third for the Hens.

Jack McDaniel won the 150 individual medley and McKinley took third place honors behind the first place turned in by Presnell in the diving show.

McKinley and Goodley finished one, two in the 100, and Mayer and Zutz repeated in the 200-yd. back stroke.

Wagner and DiMalo finished in the same order in the 300-yd. breast race; and Krusberg and Reybold picked up win and place honors over the 440 stretch.

Goodley, McKinley, DiMalo, and Presnell copped the final 400-yd. free style relay to give Delaware an impressive win.

The Hens play host to Lafayette on Saturday, at home.

### Delaware Wrestling Squad Drops Decision to Mules

While Delaware's varsity cagers, swimmers, and trackmen were celebrating their season win percentages Saturday, Coach Alden Burnham's wrestling team ran out their string at five consecutive wins by dropping a close match to the Mules at Muhlenberg, 18-16.

The Blue Hens' matmen travel to Bucknell for a tussle with the Bison this Saturday.

### U. of D. Trackmen Beat West Chester In Informal Meet

#### Blue Hens Rally After Slow Start to Turn Back Visitors In Preliminary Show, 59-54

Coach Ken Steers unveiled his 1933 Delaware trackmen Saturday in an unofficial meeting with the West Chester State Teachers' and although the Hens failed to win a first place spot in the first four events, they did win the track meet, 59-54.

Delaware's team of Holcomb's, Flynn, Mulcahy, and Baylis won the mile relay in a time of 1:21.7 and the Hens performers took first, second, and third in the following shotput event, with Butcher, Hunter and Graham.

Versatile Ronnie Watson, Delaware's golf captain, jumped to first place in the broad jump event, covering a distance of 20'4-1/4", and Fouracre ran to the honored spot over the mile in a time of 4:56.5.

Holcomb and Mulcahy finished two and three in the heart-breaking 440 and Walton and Flynn came in, two and three, in the 50-yd. dash.

### Newark Trips Colonials, 50-40 to Extend 10-Game Win Streak

#### Hurm Sinks Field Goal In Final Seconds For Jacket Victory; Billy Cole Rates Sam Gray Most Dangerous Opponent

The Newark High School Yellowjackets were assisted by the visiting Colonials of Wm. Penn High in providing the local fans with severe cases of the "hens" in Newark, Tuesday night. Trailing by one point as the Colonials squeezed out a 10th consecutive win, Newark squeaked out the 50-49 official score.

In the Junior Varsity contest, more thrills were dispensed and with the same result, Newark's JV's took victory.

The Colonials rolled to victory in the first quarter, piled on more of the same in the second quarter to hold a 20-0 time lead.

The text of Coach Ray Cawley's between-halves talk has been divulged, but it must have been good one. The Yellowjackets have been suffering point average and a steady decline in performance that has put them in the back of the pack in the quarter this week after.

In the final period, the Colonials played their hearts out, piled on more of the same, and Dale MacLean scored a touchdown in the final minutes to give them the win.

On Friday night at Camden, the Colonials held a 14-0 lead with an eye on the game, but the Yellowjackets, led by Sam Gray, came back and won the game, 14-13.

Gray, the most dangerous opponent, was the star of the game. He was all over the place, particularly in the backfield, and he was a lot of defensive guard.
