## SALVAGE COMMITTEE ASKS PAPER FOR DEFENSE

Organization  
Takes Initiative  
In U. S. Victory  
Salvage Drive

Getting the jump on other communities in this area, Newark is far ahead of nearby towns in the formation of an efficient organization for the collection of scrap paper, rags, rubber, etc.

Work actually has begun last week when cards asking residents to save all their scrap paper, bags, twine, etc., were printed and distributed throughout town. Similar announcements were made at the theatre, New Century Club and before other groups in an endeavor to urge local people to save this type of material for collections which will be begun soon.

The committee, composed of Mrs. Joseph C. Beatty, chairman, Mrs. Arthur H. Haroldson, secretary and Robert J. Boyd, treasurer, met with Harry L. Bonham, chairman of the Newark Council for Civilian Defense, Tuesday evening and formulated tentative plans for collection, storage, etc.

It is planned to have trucks make regular scheduled collections from both residential and business districts. The material collected will be stored locally and sold each week. Proceeds from the sales will be placed at the disposal of the Defense Council for use as the need arises. A complete schedule of collections will be published next week. In the meantime all residents and store keepers are urged not to sell or give away their scrap paper, boxes, string, rags, etc., but to hold them for the Newark Committee.

Our part in the Victory Salvage Drive, as stressed by Lessing J. Rosenwald, Chief of the Bureau of Industrial Conservation, is outlined as follows:

"Scrap is needed to win this war. Waste paper marches to the front in cartons carrying munitions, food and armament parts. . . this enormous job of salvage is one in which every person can help."

## MOVIE VOTE TO BE HELD WITH TOWN ELECTION

Eligibles Limited  
To Taxpayers And  
Those Who Have  
Already Registered

Residents of this town will settle the Sunday movie controversy when they go to the polls for the regular municipal election on Tuesday, April 14. It was decided by the Council of Newark at its regular monthly meeting, Monday night. Only taxpayers and those who registered to vote in the fall will be eligible to cast ballots.

This measure nullifies the motion adopted at the December session which provides for three registration days and made eligible all residents of the town for more than one year who were 21 years of age or over. It was pointed out that considerable expense would be saved by settling the Sunday movie question and the town election at the same time.

The motion, presented by Councilman Herman Wollaston, was adopted unanimously by all members present, including George Ramsey, George F. Ferguson, Charles C. Hubert, and John F. Richards. Mayor Frank Collins presided over the session.

The treasurer reported a cash balance on hand of \$11,304.31. The Jan. 1 total was listed at \$8,954 with receipts amounting to \$13,210.77 and disbursements, \$10,860.46.

Receipts were listed as follows: Electric, \$7,703.06; power, \$3,273.22; water, \$1,884.27; property taxes collected, \$104.40; penalty on property tax, \$2.92; toll calls, \$2.65; magistrate's fines, \$106.50; sale of maps, .50; miscellaneous accounts receivable, \$44.47; service charge, light, .50; water tap installed, \$18; sale.

# YOUR CAR IN WAR TIME

IN these times, your car becomes something else than a personal possession.

It is, in a very real sense, an implement of national defense.

As such, it is your duty and ours to keep it at its best and to get from it the absolute maximum of effective usefulness built into it.

Especially if your car is built by Ford, no one in the world can help you more with that most important duty than we can.

Genuine parts are important and we have them. Trained workers are important and we have them. Right service at the right time and in the right amount are important and we are in a position to give them.

And, perhaps above all else, our position as direct appointees of the Ford factory assures an honesty of attitude toward you, your money, and your car. That is what our very existence as Ford Dealers has been built upon.

## Sure we've got Coal priorities

Nearly everything you read about these days has something to say about priorities. Some have priority on steel, aluminum, copper, etc., etc. Well, we got one on Hollingsworth. Having handled the same kind of dependable anthracite in the same mine for many years, our supply tells New Yorkers have no fear about not getting enough of this old time coal. That means a lot when you realize that there is a big demand for coal like ours because of its quality. Quality in coal means real economy.

## JUST CALL US 'EARLYBIRDS'

Call it war-time, call it daylight saving time, call it advanced time or call it what you will, the fact remains that on Sunday night you'll lose one hour's sleep and arise an hour earlier, by the sun, on the morning of Monday, February 9, 1942.

By presidential decree and subsequent legislation which will designate advanced time throughout the nation as "war-time", all clocks will be turned forward one hour at 2 A. M., February 9, in order to permit more daylight time for workers, thereby conserving electric power for domestic consumption and defense production.

Advanced time is not new to Newark. We have had it during summer months for the past several years, and to the advantage of the majority although it may have worked undue hardships on a few tillers of the soil. Now, we'll have it summer and winter for the duration—and six months thereafter.

Personally we like it. And, if we must have it we might just as well all like it. One feature, which we feel will be a definite improvement over former summertime arrangements, is the fact that it will be a nationally advanced time and uniform in all parts of the land.

This will eliminate the differential in time between Newark and Dover, Newark and Elkton and other points which failed to adopt the daylight saving method in past summer months.

If saving an hour's daylight daily will help step-up production and save vital electrical power, thereby increasing and strengthening our war-time production schedules, we're quite willing and happy to become earlybirds especially if the earlybirds (being us) get the worms (the worms being the Japs).

## CHALLENGE EXTRA-ORDINARY

I AM THE BIGGEST DEFENSE INDUSTRY IN THE COUNTRY.

I employ 1,050,000 workers.

I require 880,000 executives.

I run 275,350 plants.

I have 28,041,100 units in the making.

I will turn out 1,450,000 units this year.

WHAT ARE THESE UNITS I WORK ON?

They are the defense workers; the soldiers, sailors, airmen, marines; the professional men and women; the politicians; the diplomats; the cabinet; the president; all the ordinary people; all the wonderful people; the old, the middle-aged, the young—all have gone through my hands.

The young! I am working on them now? The young for whom the struggle is waged, whose future is at stake. Yes, they are in my hands.

I AM THE SCHOOL.

Let no traitor poison the well-spring of our national life. Let no appeaser deny the urgency of my need. Let no saboteur curtail the essential service I must render.

You say I am not among the priorities?

I AM THE PRIORITY.

## SCOUT ANNIVERSARY

For ten million men and boys in America this week, February 6 to 12, is an anniversary. Thirty-two years ago the Boy Scouts of America was founded. The groups of twelve to fifteen year-olds who rallied to the Scout banner during that first year was small. But each year saw more and more boys being touched by the Scout Oath and Law.

The first year a scattered few Scouts—61,495 all told—had the advantages of Scouting. But by 1915 almost a half million boys had enjoyed the great game of Scouting—262,043 were active and a slightly smaller group had "graduated", as it were.

The growth of the Boy Scouts of America has been steady ever since. Each year more boys came within influence of Scouting. Naturally many boys joined the ever increasing number of young men who had been Scouts. And because they had been Scouts they were better citizens. This number continues to grow until today ten million men and boys represent the circle of direct influence of Scouting.

Thus it is that not only are the million and a half active Boy Scouts and Scouters celebrating the thirty-second birthday of Scouting, but the eight and one half million alumni of Scouting also have a claim in the birthday festivities.

Save a dime a day and one dollar on your birthday. At the end of a year for your \$37.50 you can purchase one \$50 (maturity value) Defense Savings Bond.

## Let Your Answer to Bombs Be—BONDS!

We are fighting enemies who will stop at nothing. With our homes, our very lives at stake, shall we stop short of giving our dimes and dollars for Defense? Buy Defense Bonds and Stamps every day, every week. Buy as if your very life depended upon it. It does!

## SOLDIERS GET FREE TREATMENT

### Chiropractors To Treat Service Men Free Of Charge

Members of the International Chiropractors Association have voted to give free services to all members of the army and navy for the duration of the war, it was announced here today by Dr. T. M. Swan, local representative of the association.

"Many chiropractors are serving their country," Dr. Swan said. "Some enlisted; others have been drafted. Some have gone into the medical corps, where they are serving as technicians, and others are in the various active branches."

"Chiropractic is not officially recognized by the military establishment—and yet chiropractors are being called upon time and time again to use their skill in keeping the army and navy physically sound. In the maneuvers in Louisiana, chiropractors, serving in the ranks, were frequently called upon to adjust soldiers and officers who were ill or who had been injured. In the last world war, practitioners of this science achieved unusually high results in handling cases of influenza."

Dr. Swan said that the federal government had recognized chiropractic after the last war by sending hundreds of ex-service men to chiropractic colleges under the vocational guidance establishment. The International Association, he declared, is seeking to prevail upon the government to include chiropractic services officially in the army and navy.

can do his part for Victory.  
The administration of this salvage program has been entrusted to the Bureau of Industrial Conservation. It is the job of this bureau to organize and coordinate collection of waste in every State, city and town in the

country. Organizations within local defense councils are being set up at the request of the Bureau of Governors of each State and they in turn are busy setting up committees on the local defense councils through mayors of their various municipalities. . . . in a very short period waste and scrap materials will pour back to industry in a volume never before equaled.

Enumerated below are some of the most essential things to save: waste paper, wrapping paper, cardboard cartons and boxes, paper bags, newspapers and magazines are needed to make paperboard to pack food, airplane and tank parts, shells and ammunition. Waste rags, cast-off clothing, draperies, mattresses, burlap bags, pillows and even discarded carpets will play an important part in our Victory salvage parade.

THANKS TO PROMPT AND CONSIDERATE action on the part of President Roosevelt, a couple of Delaware crabs, namely E. Emery Adams and Edward C. Bardo, have been granted a corner on the asparagus market and don't you small fry who're bothered only with the routine headaches think they won't need 'em all.

IF YOU'RE A BANKER who has been a falling market wiper out all your investments or a merchant whose business has been gutted by fire, you know just how these two gentlemen feel as they survey the remnants of a squid just emerged from a tussle with a familiar ogre—Mid-Year Examinations.

Couch Adams, whose cagers have copied only two decisions in six starts this year, now finds himself deprived of seven athletes, three of them varsity men, who failed to measure up to the scholastic standards set up by the powers that be. And if you don't think that's gonna hurt—think again, brother.

Couch Bardo, whose swimming squad wasn't hit quite so hard numerically but suffered just as severe a blow, is now mourning the loss of four boys all of whom were active members of the team. An idea of the toll taken by this insidious opponent can be gained by the fact that the list of victims included the only diver on the squad, the only backstroke performer, a sprinter, and a distance man. All four figured prominently in the Hens' outstanding but futile battle against Swarthmore and the victory over Gettysburg, the only two meets thus far this year.

AS FAR AS THE SCHEDULES ARE concerned, both teams have merely scratched the surface. Only six of 16 basketball games have been played while the swimmers have even farther to go with seven dual meets and the Eastern Collegiate Swimming Association Championships still on the slate.

Courageously, both teams and both coaches will finish out the season, but from the way things look, even one victory in the remaining contests will be as welcome as flowers that bloom in the spring, tra la.

Asked to share one of their aspirations with a poor, old lady whose head was wracked with neuralgia pains, both coaches shook their heads sadly and explained that they were all earmarked for home consumption.

After hearing their story, she agreed with them.

## FORMER CHAMPS HONOR JOE LOUIS

Jack Dempsey, Gene Tunney, George E. Ruppert, Private Joe Louis and James J. Braddock, display the trophies awarded to the World's Heavyweight Champion at the annual dinner of the Boxing Writers' Assn., held in the Jacob Ruppert Brewery, New York City. Former champ, Gene Tunney, received a desk set for his fine work in training men for service in the Navy.

## CASUALTY LIST HIGH AS MID-YEAR EXAMS TAKE ANNUAL SPORTS TOLL

### 11 Athletes Forced To Sidelines Following Tests; Group Includes Seven Cagers, Four Swimmers; Hen Courtmen Slated For Action Tonight

Eleven athletes, including seven members of the basketball team and four swimmers, have been forced to the sidelines as a result of mid-year examinations held last week at the University of Delaware. The loss cuts deep into the hearts of both squads and although both schedules will be completed, little hope for victory is nourished on the rocky road ahead.

Three members of the varsity quintet, two of whom alternated at a starting position, were named among the basketball casualties. Two of the remaining four saw extensive action in varsity encounters, while the other pair were junior varsity performers.

Among the cage victims were: Harold (Buck) Thompson, prominent end on Bill Murray's undefeated football team and starting center for the cagers; Howard (Jabbo) Jarvis, a sophomore grid end, and Barney Runcie, a freshman, who alternated on the varsity quintet; Fred Spasato, a halfback, and Wade Pitt, an end, who were frequently called on for substitute court duty, and Bill (Red) Hogan, backfield ace, and Verd Short, members of the junior varsity cage combine.

As a result of mid-year's devastating attack on the Blue Hens, only three varsity men, Capt. Freddie Mitchell, Conrad Sadowski, and George Barlow, remain. Benny Crescenzi, a letterman from two years ago, will be brought up from the junior varsity ranks to fill one of the vacancies.

Touched less numerically but nevertheless vitally by scholastic failures was the swimming squad which loses four prominent performers, Bill Thistlewaite, and Bob Bush, both freshmen, the only varsity diver and backstroke man, respectively, on the roster, and a pair of sophomores, George Grier, a distance swimmer, and Ralph Newman, a sprinter.

Under the scholastic setup at Delaware, students must pass 75 per cent of their subjects to be eligible for intercollegiate competition. They will be given an opportunity to make up this work within the next three weeks.

Although football will probably not be affected since students are permitted to make up work and readjust schedules during the summer, reverberations will probably be felt in spring unless the athletes establish their eligibility before that time. Most conspicuous loss will be the versatile Hogan who led the Blue and Gold baseball team with a batting average of better than .400 last year.

Ten tilts, starting with Drexel Tech tonight at Philadelphia, remain on the Delaware basketball card, while the tankers are slated for seven meets and the Eastern Collegiate Swimming Association championships.

The Hen courtmen will be seen in action here, Saturday night, when Randolph-Macon provides the opposition. Delaware's swimming team will make its home debut on Saturday, Feb. 14, when Johns Hopkins invades the local pool.

## JACKET CAGERS DROP THREE STRAIGHT

### Claymont, Smyrna, Brown Vocational Hand Newark Quintet Defeats

Newark High School's basketball forces went on the skids after running up two straight conquests and embarked on a losing streak which thus far includes setbacks at the hands of Smyrna, Brown Vocational, and Claymont.

Led by Bob Jacobs, who accounted for 13 points, Smyrna rolled up a 28-19 advantage on the home court to break a Jacket two-game win streak. The invaders grabbed the lead in the opening minute of the contest and remained in front throughout thereafter. Smyrna led 6-2 at the end of the first period and outscored the local club 10-5 in the second to lead 16-7 at halftime.

Don Huston led the home club's scoring with five points.

An undefeated Brown Vocational quintet, which has since run its victory streak to 11 games, handed Newark a decisive 55-20 reverse on the Wilmington court, Monday night.

Held even through the first period which ended 6-all, Brown hit its stride in the second stanza and held a 21-8 edge at the half-way mark. With Nick Szostkowski leading the scoring, the lead mounted to 40-16 in the third quarter, and in the finale, the Jackets were outscored 15-4.

Lefty Riley, with five points, was top man for the Jackets.

Led by Lou Minutola and Marv Vernon, Claymont dropped the local club by a 42-17 count, Tuesday night. The winners moved into an 8-1 lead in the first period and were never headed.

Minutola topped the scoring by tabbing four field goals and four fouls for 12 points, while Vernon accounted for 10. Riley was high for Newark with five points.

## WILMINGTON HOUNDS TAKE TOP HONORS IN EASTERN CLUB'S MONTHLY TRIALS

### Concord Kennel Entries Feature Events Staged On S. Hallock duPont Estate, Milford Cross Roads; Brook Beauty, Maryland Dog, Takes 15-in.

Wilmington hounds dominated the regular monthly sanctioned field trial staged Sunday by the Eastern Region on the S. Hallock duPont Estate, Milford Cross Roads. Only out-of-state entry, BrookMar Beauty, owned by George M. Salisbury, Md., emerged on top, walking off with honors in the 15-inch class.

Concord Spike and Concord Spot, both sired by Field Champion Spot and owned by Charles T. E. Fisher, Jr., of Wilmington, took second and third places, respectively, in the 15-inch class.

Due to the large entry in the 15-inch class, this group was divided into sections, both winners having standing.

Section B, third, Sure Drive owned by Dr. Elliott D. Roy, Jr., of Va.; fourth, Haig's Josephine, owned by Mrs. Dorothy Zydalski, Baltimore, Md.; fifth, Dorothy Zydalski, Baltimore, Md.; sixth, Arthur M.
