BASKETBALL STARTS AT "OLD DELAWARE"

DAILY PRACTISES ARE WHIPPING A PROMISING QUINTET INTO SHAPE

At the first call for candidates for the varsity basketball team many men reported. Most of the men have had good experience and the outlook is indeed promising. Capt. Horsey and Wilson are the only two men in college from last year's team but with the material out Coach Baumgartner should be able to get a winning quintet. The men who are showing up well in practice are: Marston, who played scrub basketball last year and who looks good for a guard position this year; Ritz, a Sophomore, who also played scrub basketball last year and who will make a strong bid for a forward position; McCaughn and Alexander, both freshmen who have good experience in prep school; and also, Holland, M. Wilson, Roach, Barnard,

Tyson, Craig, and Carter.

The first game will be played with Stevens Institute at Hoboken, this coming Friday night and the following night with Pratt Institute in Brooklyn. Both of these games will be hotly contested as a rivalry exists between Delaware and Stevens and Pratt in basketball. The Coach has not decided as yet who will take the trip or who will start the first two games, but it is an understood fact in Coach Baumgartner's curriculum that because a man plays the first two games it does not necessarily go to say that he will play the remainder of the season.

Practise will be in earnest this week and the men who show up the best will take the trip.

Freshies Defeat Sophs 20-0

The Freshmen defeated the Sophomores in the annual game last Thursday on Joe Frazer Field by a score of 20-0. The contest was full of "pep" from start to finish. Although greatly outweighed by their opponents the Sophs put up a plucky fight.

The Freshies kicked off to Graves who ran the ball back ten yards. On the first play Alexander intercepted a forward pass. '21 advanced the ball to the one yard line but were held for downs. Ritz kicked to midfield and the quarter ended with the ball in the possession of the Freshmen.

In the second quarter the Freshmen ran a series of line plays and lost possession of the ball on a fumble. The Sophs were held for downs. A forward pass on the Sophs' 16 yard line. Alexander to Lord resulted in the first touchdown for '21. Alexander kicked the goal. The Freshies kicked off and the quarter ended with the ball in the possession of the Sophs in midfield.

In the third quarter Olcott kicked off to Vita who was thrown in his tracks. On the first play Young got away for a gain of forty yards. The Sophs held them for downs. A short forward, Ritz to McCardell, netted seven yards. The Sophs were then held for downs and Ritz kicked to the Freshmen's forty yard line. The Freshmen were again held for downs and were forced to kick, Olcott recovering the ball. Ritz threw a short forward pass to Olcott but failed to gain. Ritz threw a long forward pass which was intercepted by Spaid, who ran twenty yards for a touchdown. Alexander failed to kick the goal. Freshmen kicked off to Gordy, who failed to gain. At this time Lynch replaced Olcott who took Ritz's place at quarter. After a few line plunges the quarter ended with the Sophs in possession of the pig skin.

The fourth quarter opened with the Freshies holding the Sophs for downs. Olcott kicked to Young who ran the ball back five yards. The Freshies made a long forward, when well into the Sophs territory, Alexander to Foulk, which resulted in a touchdown. Alexander kicked the goal. Score, 20-0. This ended the scoring for the day. Alexander kicked off to McCardell

who failed to gain. The game ended with the pumpkin in the possession of the Sophomores in midfield.

The game was notable in that there were very few open plays,

No Thanksgiving Game

Cancellation of the football game by Mt. St. Mary's made Delaware's Thanksgiving Day an empty one from the standpoint of sport. The Emmitsburg College was under quarantine, which made it impossible to send a team. The cancellation came on Tuesday and it was too late to secure another team as the holiday attraction. A large attendance of alumni was expected as usual and the "old grads" were disappointed at not seeing their favorites in action. The cancellation was also a heavy blow to the Athletic Council treasury and other sports will likely suffer therefrom.

"Reserves" Play A Scoreless Tie With Wilmington High

In a game full of fight and tension, the Reserves fought Wilmington High School to a 0-0 score Thanksgiving Day. A good crowd was present despite the unfavorable weather conditions.

Straight football was used almost entirely, the condition of the field making end runs and open play impossible. The Reserves excelled in straight rushes but the "Highlets" excelled in the few end runs that were tried. The Reserves failed on several attempts at forward passes.

In the first quarter Wilmington advanced the ball by steady gains well into Delaware's territory. An intercepted forward pass gave Delaware the ball. The Collegians advanced steadily but a fumble gave the ball to the Highlets who were held for downs.

In the second quarter Delaware advanced the ball to within three yards of the goal line. A fluke pass to Cantwell and a recovery by Wilmington killed the Reserves' chances for scoring in that quarter. The whistle blew a few seconds later.

In the second half the Reserves received the kick and started down the field for what looked like a sure touchdown, but a fumble lost them the ball on ten yard line.

The hardest play was in the third quarter, High School holding the Collegians for downs and receiving the return kick pretty well in their own territory.

The fourth period saw the ball change hands several times with Delaware fighting hard for a touchdown. The ball was carried to Wilmington's five yard line and could have been put over in one or two plays but the whistle stepped in and blanked the contest.

Howard Alexander and Aker excelled in carrying the ball. Lord played a stellar game at end. Tolin's tossing of forwards and the running of Hayes and Elliot were the features for Wilmington. Line-up:

Former Delaware Student Injured At Camp Dix

Corporal Harry D. Suer, a member of the National Army unit, stationed at Camp Dix, Wrightstown, N. J., suffered a very painful accident recently when he fell and broke his leg. Harry was a student at Delaware College in the class of 1919 and was well liked by all. He was in the first contingent drafted from Delaware. Suer's accident occurred when he was leading his squad in a bayonet charge during a skirmish with the "enemy," attempting to leap a fence his foot caught and he fell heavily breaking his leg in two places. The student body wishes him a speedy recovery and good luck in his military career.

Student Council Holds Dance

The Student Council held the most successful dance yet given by that body on Thanksgiving evening. The dance was given primarily in honor of the football team which has struggled so loyally thru the whole season.

It was thought that the postponement of the game would materially affect the attendance. This proved, however, to be a mistaken idea as there were more couples present that evening than there ever have been at a Student Council dance. A spirit of utmost gayety prevailed among the eighty-five couples and every one greatly enjoyed the entire dance. A prominent feature

was the large number of people present from places outside of Newark. The floor was very good and the ladies were, of course, beautiful. The music was the very best that could be gotten and was of the type that simply made your feet itch to dance. Refreshments were served from the kitchen of the Commons. The series of dances given by the Council this year add much to the social life of the college and they should be supported by every student. These dances are effective get-together parties for the students and every one should enter into them with their whole heart.

Let the student body appear in such force that the Council will be compelled to seek another hall in order to justly entertain the dancers. We have all highly appreciated the use of Old College Hall this year for dancing as well as for eating and lounging. We come more and more to realize just what great fortune we have to be able to use this wonderful old building. The patronesses were Miss Rich, Mrs. Penny, and Mrs. Spiker.

Glee Club Rehearses Hymns

The Glee Club Meeting was held in Wolf Hall Thursday evening, December 6. The reason for the change was to prepare the members for a special service which is to be held in Wolf Hall (auditorium) Sunday evening, December 9. Under Mr. Carpenter's skillful guidance the men had no difficulty in learning the hymns. Bishop McDowell is to lead the services and it is considered an honor by the Glee Club to be chosen as choristers. After rehearsing the hymns several of the old familiar songs were sung and the meeting adjourned.

SIGMA NU HOLDS ANNUAL DANCE

About One Hundred Fifty People Present

On last Friday night the Delta Kappa Chapter of the Sigma Nu Fraternity held its seventh annual dance in Old College Hall. The affair was a brilliant success, and was thoroughly enjoyed by all present.

This was the first opportunity which any of the fraternities have had of enjoying the pleasure of holding their annual dance in Old College Hall. Through the kindness of the Student Council, as requested by the student body, the local chapters were granted the privilege of having their large dances in the new hall. Needless to say, the environment of the building and its adequacy for such purposes, aided materially in increasing the enjoyment of the occasion.

The decorations, on the whole, while of very simple nature, were quite attractive. They consisted mainly of banners tastefully arranged about the sides of the room. In addition to these, potted plants were placed in the windows. The simplicity of the decorations was thoroughly in keeping with the policy as adopted by the Student Council to be carried out in all of its dances for the year.

The music for the occasion was capably rendered by Ewing's orchestra. Between the parts of the program, refreshments were served in the west wing of the hall.

In all about 150 people were present including the faculty, many local and out of town guests, as well as the members of the chapter. The following ladies acted as patronesses: Mrs. C. A. Short, Mrs. C. C. Spiker, Mrs. C. B. Evans, Mrs. A. C. Mitchell, Mrs. E. Laurence Smith, Mrs. H. Hayward, Mrs. A. R. Cullimore, Dean Winifred J. Robinson, and Mrs. H. Rodney Sharp.

Bishop McDowell's Message

Services Sunday evening in Wolf Hall were opened by singing, followed by prayer. The Scripture lesson was then read by Dr. Rowan and the speaker of the evening, Bishop Wm. F. McDowell, was introduced by Dr. Mitchell.

Bishop McDowell's text was the story of Jesus' three temptations by Satan. The first temptation of asking Jesus to turn stones into bread, has several arguments in favor of yielding to it; for example, the purpose of satisfying hunger or of making something useful from something useless. But the reasons against yielding overbalanced the arguments. How was Jesus to use his powers? For his own advantages or toward the fulfillment of his task? Just such a question confronts all of us today in the crisis of our nation. If we use our powers for our own advantage (Continued on Page 3)

Better Co-operation

The action of the student body in taking off Friday and Saturday of last week is causing much comment among people of the State as well as among the faculty and students. Regardless whether this is favorable or unfavorable criticism it is now time for the students, at least, to drop the matter entirely. The act has been committed. If wrong, it is up to the faculty to judge what shall be done, and as men we should take our punishment in the right spirit. If right, nothing can be gained by gloating over the fact that we asserted what we considered to be our rights. There is nothing that we can boast of even if we were acting within our rights. It is the students conscientiously feel that they deserved the holidays because, for some, it might be the last Thanksgiving at home, they will now settle down to the regular routine of work and forget the whole affair. If, however, some students assume the attitude that they "put one over" on the faculty, no better proof is needed to show that the action was not taken because it was considered proper, but simply because they desired a vacation.

It must be admitted by all that the method adopted by the faculty has been fair and just. The committee of investigation has acted promptly, wisely, and impartially at all times. Whatever may be their decision, it cannot be denied that it will be rendered from the true merits of the case. Some may not agree as to its justice, that can not be expected, but all should abide by their ruling. The sooner the matter is dropped, the quicker will both students and faculty be benefitted.

Co-operation between students and faculty, for the betterment of the college, is not possible until all friction is abolished.

Help Locate Our Men

The Student Council is making an effort to find out the address of all Delaware men, in order that the

college and students can keep in closer touch with those who have entered the service, and at the same time to let these men know where their former college mates are located. Each week the Review is sent to all Delaware men in the service and the directory of enlisted men which is published in this issue will be placed in every edition of the paper. With the help of the students it is hoped that a complete and correct list can be obtained in a very short time. We wish to call to the attention of the students, particularly, this directory, and ask that if any of the addresses are wrong, or if any names are omitted they will at once inform some member of the Staff.

The Review on behalf of the student body wishes to extend thanks to Miss Beck for the services she rendered recently in connection with the Commons. The college would have been in a bad predicament when Miss Caldwell was called away had it not been for the fine spirit in which Miss Beck took up the work in addition to her usual duties at the Infirmary. In the few days that Miss Beck had charge of the Commons she won the complete confidence of every student.

This is one of the many times that Miss Beck has proved her interest in the students and it is this loyalty that has won for her an enviable place in the hearts of all Delaware boys.

The Selective Draft

The following letter, which was received last week by Dr. Mitchell, should be of the greatest interest to all the engineering students at Delaware who are included in the Army draft:

109 Night Letter, Rec'd. 8.44 a.m.
 Washington, D. C.
 December 4, 1917

Samuel C. Mitchell
 President of Delaware College
 Newark, Delaware

Have just been authorized by Secretary of War to request you to inform all your technical students that if they wait until drafted they can, upon summons to the draft camp, take with them letter from you stating their special qualifications, such letter to be filed with Occupational Census Questionnaire of War Department.

Under authority of this authorized telegram, Secretary of War also authorizes me to say that every effort will be made to use each student's special training in connection with specialized occupations in the army, so as to afford technical students of draft age fully as great opportunity through the draft as if they enlisted now.

Signed: HOLLIS GODFREY.

A Letter To The Review

154th Depot Brigade,
 Camp Meade, Md.
 November 23, 1917

Editor Delaware College Review
 Delaware College
 Newark, Delaware

Dear Sir: I have read with much interest your Editorial of November 20th, in regards to the question, "Shall We Have a Coach?"

To me there is but one logical answer to the question and that is, "If Delaware College wishes to turn out men who will be of value to the Nation in this present war she must not only educate, but train the men to withstand physical hardship." In order to do this work there must certainly be an Athletic and Physical Director.

Does the Faculty and student body know of the important stress which our Nation and our Allies are laying on the physical training of the men in the Service? At the present time the schedule of train-

ing prescribed by the War Department for the selected men in the National Army Cantons includes from three to four hours of physical training daily. In conjunction with this training, Wednesday and Saturday afternoons are devoted to athletic games and contests. Every man in Camp is not only urged but required to participate in these contests. In England the recruit is given a three months course in physical training before he is even taught the rudiments of Military drill.

In view of these facts the giving up of the Coach would not be a sacrifice, but a very foolhardy thing to even think of doing. It is certainly as equally important to develop the body as it is to develop the mind. It is practically impossible to have an organization without a leader and it is just as

impossible to have a systematic form of athletics and physical training without a director.

Wishing the best for "Old Delaware,"

Sincerely,
 James A. Crothers. '16,
 2nd Lieut. Inf. N. A.

The Review wishes to thank Mr. Crothers for his interest in college affairs and also desires that all Delaware men will find time to send letters to us in order that we may know how you are, where you are, and what you are doing. Every man in college is anxious and interested to hear from you all and by sending an occasional note to us we can all keep in closer relationship. It doesn't matter how you write or what you write, we want you to write something.

COLLEGE NOTES

The movement at Princeton to abolish the eating houses shows signs of coming to a successful conclusion this year. Only six of the seventeen clubs of last year have been reopened.—Vermont Clinic.

Many fellowships and scholarships which have a value of many hundreds of dollars, have been vacated at the University of Pennsylvania. This fact is due to the numerous enlistments of the holders into the national service. The rights for about a dozen research fellowships have also been given up by the holders. These entitle the students to from \$500 to \$1,000 each to pursue their studies, and the unusual situation of seeking holders has arisen. Many, who would have received fellowships upon entering their claims have made no attempt to do so on account of enlistment.

One of the latest social accomplishments instigated by war conditions is the establishment, in Paris, of a "university club" for

college men. The organization provides, in addition to its numerous and varied social features, libraries, music rooms and sleeping apartments.

Exceptional privileges to become familiar with the French pronunciation are afforded to Rutgers' students inasmuch as they may, of their own volition, attend a series of six or eight lectures on French civilization, culture, institutions and literature delivered in French by eminent professors. These lectures are given under the auspices of the New Brunswick Alliance Francaise.

Bishop McDowell's Message

(Continued from Page 1)
vantages, it is just so much that we take from our task.

The second temptation of Jesus, in which Satan dared him to cast himself down, to see if the angels

would bear him up, gave Jesus the chance to test God's promises from the standpoint of curiosity. We meet the same temptation today. It brings us face to face with God's promises and how we are going to use them. We must realize that the promises of God will not hold for any one who tests them for curiosity's sake, but will bear, the weight of the world when tested in confidence and obedience.

The third temptation, in which Satan proposed to make Jesus lord of all he surveyed if he would worship him, presented an easier way of Jesus' winning his world and of establishing his mission. But here it was wrong for him to win his world by yielding to it. By yielding to the same temptation in the past and present, men and nations fail in their mission. And it was the opinion of the speaker that a great nation of today had gone over to evil in order to gain its ends.

Dowell's message was that this story is repeated today in the life of every individual and that the results and rewards are the same. America faces these problems today as a nation. We cannot expect to escape the temptations; but we can resist them in the way of the Master to the fulfillment of the same ends.

Bishop McDowell was thanked for his talk and visit and the meeting was closed by singing and the benediction.

DELAWARE COLLEGE REVIEW

DELAWARE MEN IN THE SERVICE

Dean E. Laurence Smith has been busy for the last few weeks securing information concerning the location and branch of service of every Delaware man who has enlisted or who has been drafted since the beginning of the war. Up to the present date the list approximates 125 men. Practically every class since 1909 is represented in the service and there are even some members of the class of 1900 whose names appear in the list.

Below is the list of men and their location as far as has been secured by Dean Smith up to the present time:

FREE AUTOMOBILE DELIVERY TO NEWARK

For the purpose of fitting young men to take positions of responsibility in the business world and to fill them intelligently and efficiently, Delaware College has established a course in Business Administration as a part of the work of the Arts and Science Department. The course is conducted by Dr. Fred Clark, who came to Delaware this year from the University of Michigan, where he has been an instructor for several years. In addition to taking subjects which are designed to give a broad cultural training, the students in the new course will have work in economic problems and in the problems and practice of actual business.
