Are Regular Features

What did they say about Annie Laurie?

WHETHER her clothes were in style or out of style nobody seems to have noticed. Did she ever invest in a permanent wave—who knows? Of all her charms that the poet might have mentioned just one has been sung for generations: "Her brow was like the snowdrift." Her complexion!

If you have any complexion difficulties—any skin trouble of any kind, don't fuss with greasy ointments, use MERCIREX. Your druggist has or can easily get a package of Soap and Cream for you. Mercirex will heal and clear your skin, and while you are using it, it does not advertise your troubles. It vanishes. It has a pink flesh-tint and a delicate perfumed odor—no druggy smell and nothing to smear the skin or stain the clothing.

MERCIREX is new and different. Read all of the booklet that comes with the package. In it you will find valuable information about keeping the skin clear and healthy and free from eruptions and body odors.

Mercirex Treatment is the result of scientific research on the skin, made in Delaware at the
