VOLUME XXXVIII—Number 19

The Newark Post, Newark, Delaware, Thursday, July 10, 1947

PRICE FIVE CENTS

13 ON N H S STAFF TAKE NEW STUDIES IN SUMMER

Local Teachers
Are Undertaking
Advance Classes
During Vacation

When school is out the pupils play, but the teachers turn pupils and go back to school—at least that's the story of the Newark High School, where 13 faculty members are taking graduate work at various universities in an effort to keep abreast of the latest advances in their fields and in educational techniques generally.

Two instructors who earned master degrees this June are Eugene Keleher, art teacher, and Mrs. Mildred Miller, elementary instructor. Mr. Keleher, who is now serving as a counselor at a Y. M. C. A. camp in Pennsylvania, received his M. A. at the University of Pennsylvania, while Mrs. Miller, the former Miss Stalmecker, earned hers at Drexel.

H. Lewis Miller, high school science teacher, is currently taking advance studies in Chemistry at the University of Kansas City. His wife, also a faculty member here, is operating a summer day school there.

Three instructors, now taking graduate courses at the University of Delaware, are Miss Ann Chalmers, English; Mr. Miriam Nottingham, first grade; and Mrs. Florence Roberts, fifth grade. Miss Elizabeth Wotten, recently appointed to the English faculty, is also taking work at the university here.

Frederick B. Kutz, elementary school principal, is attending the summer session at the University of Pennsylvania, where he is working on his doctorate degree. Elsworth Hoffman, industrial arts, currently taking courses in ceramics at Millersville State Teachers College, and Walter Matt, physical education, enrolled in the Holy Cross football coaching school.

Another newcomer, William Morgan, who will assume his duties as business math instructor and basketball coach here this fall, is taking advance work at Millersville State Teachers College.

Principal of the New London Avenue School, Cornelius Morgan, and faculty member, Mrs. Olive Ryland, are currently doing graduate work at Temple University, Philadelphia.

POLICE LIST 33 ARRESTS FOR JUNE

42 Parking
Tickets Are
Also Issued

A total of 33 arrests were made by the Newark Police Force during June, according to Chief William Cunningham's report released yesterday. In addition, 42 parking violators were issued tickets in the 30-day period.

The breakdown on arrests is as follows: Speeding, 7; drunk, 10; assault with a knife, 10; disorderly conduct, 1; passing red light and passing on red, 2; resisting arrest, non-support, menacing bodily harm, reckless driving, no operator's license, double parking and larceny, one arrest for each offense.

Investigations were made as follows: 1. Breaking and entering, 2. Auto bicycle, 1. found and returned; 2. One case of larceny was cleared. Four cases were dismissed for lack of evidence. One person was held for Family Court.

The police car traveled 3,811 miles during the month and the motorcycle 1,100 miles. The police department received 289 calls.

Services On Thursday For Margaret Whiteman

Funeral services for Mrs. Margaret Whiteman, 75, of Newport, and a former resident of Newark, who died Thursday in the Memorial Hospital, were held Sunday afternoon. Interment was in White Clay Creek cemetery.

A former nurse, Mrs. Whiteman was the widow of Alfred Whiteman and had been making her home with a son, Charles C. Whiteman, of Newport.

She is also survived by two other sons, Clarence A. Whiteman of Newark, Pa., and Harry Whiteman of Newark; a brother, Walter C. Currinder, of Elkton, Md., and three grandchildren.

Town Treasurer Lists June Balance Of \$7,294

After June expenditures the town had a cash balance of \$7,294.24, Vernon Steele, treasurer, reported this week. Electric light returns for the month totaled \$3,185.15, while electric power receipts amounted to \$4,455.23 and water rents came to \$1,507.28. The over-all cash intake was \$40,523.01, less disbursements of \$33,228.77, leaving the balance of \$7,294.24. Included in the total income were the proceeds from two \$10,000 war bonds, which the town cashed to meet current needs.

Monthly clean-up days have been set for July 18 and 17 by town authorities. Residents are urged to have their waste ready for the town collection teams on the days appointed.

E-52 GROUP TO PRESENT 1-ACT PLAYS ON TUESDAY

Two Light
Comedies On
Playbill By
U. D. Players

The first summer playbill ever presented by the E-52 Players of the University of Delaware will be staged Tuesday night, July 15, in Mitchell Hall, Newark. It was announced today by Dr. C. Robert Kase, director of the Players.

Two light one-act comedies by Thornton Wilder and George S. Kaufman will comprise the playbill, but added to it will be scenes from two Shakespearean films—"Julius Caesar" and "Macbeth"—as played by a group of distinguished English actors. The films have been made available for the program by the British Information Service.

The plays will be an innovation in a twice-weekly series of motion picture presentations given during the summer session at the university for students and staff. These motion picture programs have been shown each Tuesday and Thursday evening.

The Kaufman play to be staged by the E52 group is "The Still Alarm," first presented about 15 years ago on Broadway with Clifton Webb and Fred Allen in the cast. This production will be directed by Robert Currie, of the University's English Department, who is to become director of dramatics at Muhlenberg University.

Thornton Wilder's style as found in "Our Town" will be seen in the second production, "The Happy Journey," and experimental vehicle which preceded the more famous play. It will be directed by William Whedbee, a member of the class in directing at the university, and previously assistant director for the E52 production "Storm" last winter.

The playbill curtain will be at 8:15 p. m. (EDT) on the 15th.

Casts announced for the two plays follow: "The Still Alarm," E. C. Mahanna, Gordon Cleaves, Robert Niemeyer, Roscoe Smith, and Joseph McVey, Jr.; and "The Happy Journey," Jacqueline Rofel, Marla Salkin, Robert Niemeyer, Stanley Anton, Audrey Bertram, and Robert Levine.

Open to the public, the stage-film program is scheduled for 8:15 p. m. Tuesday in Mitchell Hall. Admission is 50 cents except for Summer Session students, who are admitted free, and for the wives of veteran-students, who pay only a service charge of 10 cents.

ONLY THREE FIRE CALLS PAST MONTH

Ambulance
Made 45 Runs

Only three fires, causing a total of \$25 property loss, occurred in town during June, according to fire recorder, Charles E. Moore's report released yesterday.

The local volunteers also answered three calls in the district, and the ambulance made 45 mercy runs, covering 1,160 miles.

Things took a spurt the past week, however, when three calls were received, the first coming Monday when lightning struck a tree on the former Slack farm on South Chapel Street.

A odd blaze occurred at noon Tuesday when a dinner in the oven caught fire at the residence of Mrs. Minnie Hanks, 38 Corbit Street. The fire was extinguished before serious damage was caused.

DAILY POOL ATTENDANCE TOTALS 110 PAST WEEK

Beginners'
Class Jumps
To Enrollment
Of 67 Youths

Most popular phase of the summer recreation program here continued to be the various classes offered at the university swimming pool, where an average of 110 youngsters turned up daily in an effort to escape the high temperatures.

Enrollment in the beginner's class, probably the most valuable feature of the program being offered younger children, jumped to 67 the past week. The group now includes 35 boys and 32 girls.

The intermediates classes are drawing approximately eight boys and 12 girls, and the advance life saving course has seven entrants.

Program Director Harry Rawstrum also announced that several local swimmers are planning to enter the Delaware State Championship Swimming Meet at Canby Park on July 17. The group of about five veteran swimmers is working out daily at the pool.

Among those who intend to compete are Patricia Reybold, 100-yard free style, Dick Nutter, 50-yard free style; Arthur Oram, 100-yard free style; Gordon Cleaves, 50-yard free style and instructor Guy Tracy, the 400, 100 and 50-yard free styles.

Attendance at the youth canteen in the New Century Club building is maintaining a high average, Rawstrum said. Closed last Saturday night during the firemen's carnival, the center is now back on a full schedule, open three nights weekly on Tuesdays, Thursdays and Saturdays.

C. J. SEITZ ADDRESSES LIONS CLUB

President
Stoll Lists
Committees

Collins J. Seitz, vice-chancellor of Delaware, discussed "The Courts of Delaware" at the weekly meeting of the Newark Lions Club on Tuesday night.

Newly installed president, Dan Stoll, announced his committees for the coming year as follows:

Attendance, Shakespeare, Lewis, Worrall; Constitution, Brewer, Sinclair, Speicher; Extension, Curtis, Danby, Mumford; Finance, McBERTY, Lovett, Matthews; Lions Education, Shue, Tomhave, White; Membership, Trumbull, T. D. Smith, Shellender; No Drop, Case, Barczewski, Trumbull; Program, Rahn, J. Fader, Jones; Publicity, White, Clark, Davis.

Standing Activities: Blind, F. Fader, Cooper, Evans; Boys and Girls, Pickett, Marrs, F. Smith; Citizenship, Sinclair, Sheaffer; Dr. Downes; Civic Improvement, Swan, Handloff, T. D. Smith; Education, McVey, Cooper, Bing; Health, Silverman, Oram, Schultz; Safety, J. Fader, Staats, Engberg; Temporary Emergency, F. Smith, Beers, McFarlin; Welfare, Haney, Swan, Gregg; Rehabilitation, Roberts, Sheaffer, Poffenberger; Music, Steinhour, Rahn, Clark; Golf, Brewer, Cashell, Ross; Den and Dinner, Powell, F. Smith, Flanagan; Bowling, Tomhave, Hicks, Shakespeare.

CANCER CONTROL

Aid Group
Is Named

The state's cancer control program took a step forward this week with the appointment by the State Board of Health of an 11-member advisory committee to aid with the work which will be financed by a \$25,000 appropriation made by the General Assembly at its last session.

The appointment of the advisory committee to "serve in a consultant capacity to the State Board of Health relative to the promotion and operation of the cancer program of the State Board of Health."

\$18,900 IN BUILDING PERMITS GRANTED

Eight New
Construction
Projects Are
Authorized

Eight building permits authorizing new construction here to cost \$18,900 were issued by the Town Council during June. The largest went to John S. Cray for a one and a half story block dwelling on Orchard Road.

Others were granted as follows: Mrs. Roger Williams for an enclosed side porch, 126 E. Main Street to cost \$2,000; Elwood Wright for 2-room addition to dwelling at 158 North College Ave. to cost \$500; Church of the Nazarene for a \$1,200 one and half story frame building with brick veneer, 27 North Chapel St.; Irvin Wright for a \$2,000 frame bungalow on Church St.; David A. Lewis for a \$700 3-room addition to dwelling at 94 New London Avenue; George J. Laskaris for a \$500 frame garage at 213 East Park Place; Ralph Barrow for a \$2,000 block garage at 74 East Main Street.

Town Engineer Cleaver Price reported several additions to the municipal electrical system, including the installation of two 3-phase loops and one 3-phase transformer. The lines on Cleveland Avenue were extended to Barnard's Saw Mill and a transformer installed. Three street lights were renewed.

The water system also came in for repairs, with two new water taps being installed and two renewed during the month. One leak was also repaired. An overflow connection was made to the sanitary sewer on East Park Place near the Sewer Pumping Station. In addition, two obstructions were removed from the sanitary sewers, one on West Park Place and the other on South College Avenue.

All work on the greatly expanded Sewage Treatment Plant is now complete, he said, except for the installation of the sludge pump and the switch gear for the commutator.

A total of 18,658,700 gallons of water were consumed in town during June, he said, for a daily average of 621,990 gallons. This is a drop of 14,316 gallons below the daily average for the previous month and an increase of 400,500 over June 1946.

SCHUSTER NAMES NEW FARM AGENT FOR COUNTY

Appoints
Schabinger
To Succeed
J. Webster

The promotion of Edward H. Schabinger, assistant county agent in Kent and New Castle Counties, to agricultural county agent for New Castle County, has been announced by George L. Schuster, dean of the school of agriculture, University of Delaware.

Mr. Schabinger, a native of Felton, Del., and a graduate of the University of Delaware in 1939, served as assistant county agent with the Virginia Extension Service for two years, and has been with the Delaware Agricultural Extension Service since January, 1946. He succeeds John W. Webster, recently resigned.

Also announced by Dean Schuster is the appointment of Lester P. Nichols as research fellow in plant pathology. Nichols was graduated from Rhode Island State College in 1942, with a B. S. degree. He came to the University of Delaware in March, 1946, as a graduate assistant in the plant pathology department.

A six-weeks' leave of absence has been granted to W. C. Skolund, assistant research professor of poultry industry for graduate work in poultry and agricultural economics at Pennsylvania State College.

Miss Louise Whitecomb, extension home management specialist, and Miss Virginia Kirkpatrick, assistant extension editor, will attend a three-weeks' extension service summer school at Cornell University, July 7-27. Miss Whitecomb will study extension evaluation and rural housing, while Miss Kirkpatrick will take courses in news-writing and public relations, photography and other visual aids.

New Rotary Head

William S. Hamilton

HAMILTON IS INDUCTED AS PRESIDENT OF ROTARY UNIT

Rev. Wingate
Officiates At
Ceremony On
Monday Night

William S. Hamilton was installed as president of the Newark Rotary Club in ceremonies held Monday night at the banquet room of the Academy Restaurant. Officiating was the Rev. William Wingate, past district governor of Rotary from Salem, N. J.

Others inducted for a one-year term were: William S. Martin, vice-president; Clarence E. Ocheltree, secretary; and Vincent L. Mayer, treasurer. Installed as directors were: Lawrence W. Carothers, D. Kenneth Steers and Holger Schaumann.

Prior to the installation ceremonies, Mr. Wingate gave a brief resume of the mushroom-like growth of Rotary from a single club in 1905 to its present flourishing state with units established in countries throughout the world. Although Rotary suffered a setback during the war, it is now undergoing a revival, he said, and clubs disbanded in Nazi dominated countries are being reorganized. Mr. Wingate predicted a bright future for Rotary and foresaw its eventual introduction in still other areas of the world. The noted Rotarian recommended that the local club aid the general movement by adopting an aggressive program, centering chiefly on projects of benefit to the community at large.

Previously, President Hamilton outlined an ambitious program for the coming year, proposing such projects as the establishment of a student loan fund, expansion of Junior Rotarian activities, and a wider variety of guest speakers. He also suggested that the club consider as one of its major aims the purchase of an iron lung for community use.

The new president also urged improved attendance at meetings and advised the membership committee to stage a campaign for new members sometime during the year.

New committees were listed as follows:

Aims and Objects Committee: Hamilton, Martin, Schaumann, Carothers, Steers, Ocheltree.

Committees: International, D. K. Steers, chairman; Rotary Foundation, T. D. Mylrea; Vocational Service, L. W. Carothers, chairman; J. A. Kirk, W. F. Campbell, J. C. Weinberg; Club Service, W. S. Martin, chairman; Program, W. S. Martin; Attendance, Eric Newton, J. Handloff; Fellowship, J. A. Shields, R. L. Dann, J. H. C. Bryan; Classification, S. W. Smith; Membership, H. Wilson Price; Rotary Information, C. E. Ocheltree; Public Information, Samuel Handloff; Magazine, T. F. Manns; Music, T. D. Mylrea, piano; J. A. Shields, song leader; Club Bulletin, S. W. Smith, S. W. Pettit; Community Service; Holger Schaumann, chairman; Youth, Eric Newton, T. R. Silk, Holger Schaumann; Rural Youth, V. L. Mayer; Rural-Urban Work, J. A. Shields, H. W. Price; Crippled Children, A. J. Jackson, George F. Jackson, George N. Neighbors; Special Projects, J. Handloff, S. E. Dameron; Student Loan, S. W. Pettit, J. E. Nachod.

Program Committees for 1947-48: W. S. Martin, general chairman; Community Service, Arthur J. Jackson; July, Bryan, Campbell, Dameron; August, Dann, J. Handloff, S. Handloff; September, Hausman, G. Jackson, Jones, Kirk; Vocational Service, Lawrence W. Carothers; October, Manns, Mayer, Mylrea; November, Nachod, Neighbors, Newton; December, Pettit, Price. (Please turn to page 6)

COUNCIL TO LEND MORE SUPPORT TO DEVELOPERS

Adopts More
Liberal Policy
On New Home
Building Plans

A more liberal policy toward new real estate developments here was adopted by the Town Council at its July session Monday night, when it rescinded its former order requiring the owners and developers of such building projects to install all electrical, water and sewerage facilities as well as improved roads at their own expense.

The move will come as a boon to those planning large-scale home building projects in town, who formerly had to bear the cost of installing utilities to meet municipal standards only to find them over to the town without recompense once the homes were occupied.

Hereafter, town authorities will cooperate as far as possible with real estate developers in an effort to encourage the erection of much-needed homes here. Under the new plan, Council will deal with each case individually and lend its backing to projects which would make a worthwhile addition to the community.

The new policy was especially urged by Councilman Rodney Dann, who pointed out the town is steadily growing and that the Council's former ruling might act as a drag on community expansion. In the present emergency situation especially, he said, the Council should encourage new developments as far as possible.

Dann introduced the proposal to rescind the ruling and he was seconded by Council John F. Richards. The measure was passed without a dissenting vote by those present.

AETNA MEN WIN PRIZE IN PARADE

Take Honors For
Best Appearance
At Chesapeake

A marching unit from the Aetna Hose Hook and Ladder Company won a \$20 prize for the company with the best appearance in a firemen's parade at Chesapeake City on Tuesday evening.

The local company, one of the most active organizations in town during the summer season, is planning to join in a number of fire parades in communities throughout Delaware and nearby Pennsylvania during July and August.

Next Tuesday the volunteers are scheduled to march at North East.

Despite a frowning weatherman, the Aetna Carnival which closed here Saturday night, proved an outstanding success. The climax came Saturday night when a record crowd turned out for the chance of off of the grand prize, a new automobile. The winner was Carl Snellenberg, R. D. No. 3, Newark.

The remaining major prizes were also won by local people as follows: Electric washer, Mrs. L. W. Tweed, East Main Street; electric stove, Mrs. Edith R. Ottey; deep freeze cabinet, Paul Rinard; bowling ball, C. S. Cornog; and garden tractor, William Stigile.

Ground prizes on Friday night were won by Miss Kathryn Stafford, \$10; and Clifford Lee, \$25.

Rites Held Tuesday For William Lovett

Funeral services for William Lovett, husband of Matilda Lovett, were held Tuesday afternoon from the parlors of Ira C. Shellender. Interment was in Gracelawn Memorial Park.

Born in New London, Pa., Mr. Lovett learned the printing trade at Craig and Finley in Philadelphia where he was employed for 30 years. Afterwards, he came here entering the real estate business and also working as a compositor for the Press of Kells and later the Newark Post.

Surviving are two brothers, R. R. Lovett and Delaware Lovett and a sister, Mrs. Benjamin Eubanks. Mr. Lovett served several terms on the Town Council. He was a member of the Methodist Church.

RED CROSS SERVICE TO BE RESUMED

Red Cross' Inquiry Aid On Europeans

Persons seeking information about civilians in foreign countries may again apply to the Delaware Chapter, American Red Cross, which is resuming the service discontinued as a national program in August, 1945.

The Red Cross will accept inquiries and attempt to follow them up only after attempts to reach the persons concerned have been made through normal postal channels and have failed, according to Mrs. Harrison N. Church, director of home service.

Inquiries, she added, are then forwarded by the local chapter to Red Cross societies of the countries where the addressee was last known to reside. Local workers there start at the last known address and try to trace the missing relative or friend.

At this time the American Red Cross cannot accept inquiries about the location of persons in Germany as it has not been possible to make arrangements for that service in Germany, she pointed out.

During the war, the chapter handled hundreds of inquiries of the more than 1,750,000 civilian messages and inquiries that went through Red Cross channels to and from this country, the director said.

Mrs. Church explained that the Red Cross was the only agency that provided communication with residents of enemy countries but that this service was discontinued except for inquiries originating abroad, when normal mail channels with European and other countries were reopened. Resumption of service for inquiries originating in this country is being done at the moment.

cord-ing to Mrs. Harrison N. Church,

Rehabilitation Group Places 160,000 Disabled

The Office of Vocational Rehabilitation said recently more than 160,000 disabled civilians have been prepared for and placed in paying jobs during the last four years.

Michael J. Shortley, director of this branch of the Federal Security Agency, issued a statement on the fourth anniversary of legislation which led to establishment of his agency.

FOLWELL GETS PENNA. FARM POST

Appointed Agent For Indiana Co.

William H. Folwell, 3rd, June graduate of the Pennsylvania State College where he specialized in agronomy, has been named assistant county agent of Indiana County and will be associated with County Agent William C. Cochran.

His appointment, announced by County Agent Cochran, was made by J. M. Fry, State director of the Agricultural Extension Service, and became effective July 1.

Son of Mr. and Mrs. P. Donald Folwell, of Merion, Pa., and Newark, Del., he was graduated from Westtown School and has had two years of full time service on the farm.

In College he was vice president of the Ag Student Council, editor of the Ag Hill Breeze, student news weekly of the School of Agriculture, was a member of the Penn State soccer team, served on the All-College Cabinet, and took a prominent part in the work of the Penn State Players, student theatrical group. He was president of his fraternity, Sigma Phi Alpha, and belonged to Theta Alpha Phi, theatrical honorary fraternity.

He is a member of the American Jersey Cattle Club, and competed with entries from his farm in Delaware fairs for several seasons.

Total of 1,547 Patients Now in State Hospital

There was a total of 1,547 patients in the Delaware State Hospital, July 1, compared with 1,540 on June 1, and \$12,625.32 was received from the board of pay patients and other sources, Dr. M. A. Tarurians, superintendent, reported at the trustees meeting yesterday. Willard Springer, Jr., president, presided.

Of the 1,547 patients 773 were males and 774 females. There were 1,234 patients resident in the hospital, of whom 610 were males, and 624 were females. There also were 313 patients on trial visits, of whom 163 were males and 150 were females.

During June 35 patients were admitted, of whom 20 were males, and 15 females; 21 were discharged, of whom 10 were males, and 11 females and seven died, three males and four females.

Japanese Beetles Launch Annual Invasion Of State

The annual invasion of Japanese beetles was launched with blitz-like fury in Delaware during past week.

Brought rapidly to maturity by hot weather, thousands of the iridescent pests swarmed over flower and vegetable gardens in Wilmington and other Delaware communities at the beginning of this week.

In some areas the first swarms de-

scended on Sunday, and by yesterday the attack was on in full force. In Milford, for example, the annual Japanese beetle invasion was described as a heavy swarm with "all coming at once like bees."

Gardeners battled to remove the winged pests as quickly as possible from flowers and vegetables. One of the most popular weapons of counter-attack was simple can or jar of kerosene, into which the insects were dropped for extermination.

No Deliveries Made on Saturday During July and August

NEWARK LUMBER COMPANY

ALWAYS WHITE...ALWAYS BRIGHT...

no more clinging dirt or grime

DU PONT HOUSE PAINT CLEANS ITSELF!

Your house keeps its freshly painted look when finished with Du Pont House Paint. Dirt and grime can't become embedded—rains just wash them away!

SELF-CLEANING Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it, and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "self-cleaning" is gradual, the

wearing qualities of the paint film are not abnormally affected.

SELF-CLEANING Du Pont House Paint is as durable as it is beautiful... protects against rust, rot, and decay... gives lasting beauty and protection. Costs no more than ordinary paints—saves repainting bills! Call on a reliable painter for your painting jobs, and ask him to use Du Pont House Paint!

DU PONT

Super-Clear Varnish

For floors, woodwork, furniture

• Pale, tough, durable.

• Exceptionally high gloss.

• Resists hot and cold water.

PAINTS

PRICE HIKES CANCEL OUT WAGE RISES

Plant Workers' Wages Up 15 Pct. Since May 1946

Despite the fact that the average weekly wage of manufacturing plant workers is now at a record high of \$48.86, or 15 percent above May 1946 earnings, the increase has been more than offset by an 18 percent jump in consumer's prices during that period, according to the U. S. Bureau of Labor Statistics.

The present wage figure of \$48.86 is more than \$6 above the wartime peak and \$1.36 above April, 1947.

The durable goods industries have come within \$1 of their wartime high despite a drop of about six hours in the work week. Hourly earnings have risen 12 per cent since January, 1945, in that group of industries. The bureau's consumers' price index, however, has increased by more than 22 per cent since the wartime earnings peak, the BLS said.

In the non-durable goods industries, average weekly earnings in May were \$6.00 above the wartime high. The bureau said weekly earnings in these industries have shown considerable stability since the end of 1946 although wage increases have raised hourly earnings almost 5 per cent.

The \$48.86 average weekly earnings in all manufacturing in May represented an increase of 2.9 per cent over April. The average work week in May in all manufacturing was 40.4 hours, an increase of 1 per cent over April, while hourly earnings averaged \$1.21 or 2 per cent higher than April.

In the durable goods lines, weekly earnings averaged \$52.63 for an average work week of 41.1 hours. Average hourly earnings were \$1.282.

In the non-durable goods industries, weekly earnings averaged \$44.75. The work week averaged 39.7 hours and hourly earnings \$1.128.

The bureau, reporting earnings in various occupations, listed the bituminous coal miners' average weekly take-home pay as \$54.77 in April—a drop of 15.7 per cent from March but an increase of 80.6 per cent over April of 1946. There was a work stoppage in April this year, and a longer one in April, 1946.

Anthracite miners received average weekly earnings in April, 1947 of \$49.29, the bureau reported.

1947 WHEAT LOAN PLAN IS OFFERED

**Price Support
On State Crop
Is Available**

Price support in the form of wheat loans and purchase agreements will be offered in 1947 crop Delaware wheat, C. E. Ocheltree, State director of the Production and Marketing Administration, announced today in explaining the 1947 wheat price support program. Loans will be available on wheat grading No. 3 or better and on wheat grading No. 4 or 5 because of test weight only.

Purchase agreements will be offered to farmers not desiring the wheat loans and will enable the producer to hold his wheat until April 30, 1948 in the hope that an advance in the market price will bring him a greater net return. Farmers electing to use the purchase agreement, a new feature in the wheat support program, will be assured the government support price for the type and grade of wheat produced should the local wheat market break below this figure, Mr. Ocheltree explained. Both loans and purchase agreements will mature on April 30, 1948. The support price on Delaware No. 1 Red Winter Wheat stored in Baltimore or Philadelphia is \$2.16 per bushel. Delaware wheat classified as No. 2 garlicky is supported at \$2.08 per bushel.

Farmers may make requests for loans or purchase agreements at local county AAA offices from the time of harvest through December 31, 1947. Newark, Del., July 4, 1947.

High Grain Prices Due To Exports, Says Traders

The National Association of Commodity Exchanges and Allied Trades, Inc., called on the government recently to tell the public that grain prices will stay high as long as "the domestic bin is wrapped" for foreign exports.

This suggestion was contained in a letter to Senator Taft (R-Ohio) and Representative Wolcott of the Senate-Economic Committee.

Opponents of a free competitive economy, the letter said, "would have our people believe that the prices of today are the direct result of abandonment of OPA."

The situation has not been helped by the unwillingness of federal agencies to tell the people frankly that high prices are directly attributable to tremendous exports."

Electric Water System Jumps Farm Productivity

An abundant and dependable supply of water for family, livestock and possibly for use in irrigation and fire control is a necessity on every farm, says Jack F. Bell, agricultural engineer for the Delaware Agricultural Extension Service.

Running water in plentiful supply costs much less than the labor and time it saves, besides adding greatly in many ways to the productivity of the farm. Running water can easily step up the milk production of a dairy herd from 5% to 20%, and some farmers report even higher increases. A number of cleaning and scrubbing chores on the farm can be done more thoroughly and quickly with running water, saving time and energy to use more profitably on other chores.

A typical farm family uses more than 50 tons of water a year in the house alone—for cooking, cleaning, bathing and laundry. The average dairy herd will consume from 12 to 15 gallons of water daily per cow for both cows in milk and dry cows. It can be easily seen that hundreds of tons of water are needed yearly for the family and livestock as well as other chores on the farm. Without an adequate, dependable water system the family spends hundreds of hours pumping and carrying water that could otherwise be used on productive work.

Running water not only increases productivity but also improves living conditions 100 per cent from the health viewpoint making a running water system a must in every home and farm. Newark, Del., July 4, 1947.

COUNTRY HOME only three miles from Newark. Secluded, yet accessible the year around. Sixroom, frame dwelling in beautiful setting of shade and shrubbery. Knotty pine floors, Stream and spring. Poultry house, Double garage. Six acres. A real buy at \$7500.00.

Hold this chart before
your eyes on payday—

Here is one good way to sharpen your financial foresight.

Take a good look at the Payroll Savings Chart above. See that \$7.50 figure on top?

If you put aside that amount from your pay each week into U. S. Bonds—through Payroll Savings—it grows into the sum on the second line (\$390.00) by the end of one year. Quick as that!

Read on down—\$783.70 . . . \$1182.65 . . . \$1590.65 . . . \$2009.02—that's how much you've piled up by the fifth year with your \$7.50 a week.

(\$2009.02 may be a small figure on the chart, but it's certainly big in the things it can buy you!)

Take a good look at the next few figures—\$2437.89 . . . \$2879.52 . . . \$3341.90 . . . \$3825.15. They're growing bigger and bigger all the time!

Now fix your eyes on that bottom line for a real eye-opener—\$4329.02! Think of what a whopping sum like that could mean to you and your family! And you save it in only ten years!

Isn't it easy to see now how regular weekly savings—through Payroll Savings—can pile up money practically hand over fist for you?

Just to prove how financially foresighted you really are, why not put aside an extra bond into your Payroll Savings this month? Or pick up an extra one at any bank or post office!

Read this chart
right now!

SAVE EACH WEEK	AND YOU WILL SAVE		
	IN 1 YEAR	IN 5 YEARS	IN 10 YEARS
\$0.75	\$39.00	\$200.74	\$431.49
1.25	65.00	334.11	719.11
2.50	130.00	668.97	1,440.84
3.75	195.00	1,004.20	2,163.45
7.50	390.00	2,009.02	4,329.02
12.50	650.00	3,348.95	7,217.20

LETTERS TO THE EDITOR

Volunteer Fire Companies from four States, Maryland, New Jersey, Pennsylvania and Delaware, staged on Tuesday, July 1, a most creditable parade arranged by our own Fire Company in connection with their Carnival Week.

The Aetna Fire Company of Newark properly and in good taste did not participate, allowing the visitors all the applause, which was their due.

Every Company brought credit to their respective communities with their bands, their members and ladies' auxiliaries in line, and their fire-fighting equipment polished and shining to the "nth" degree.

The line of march was lined with onlookers not only from Newark, but also from the surrounding communities. Our police force handled traffic in an excellent fashion and the local weatherman held back the rain until the parade had finished, although he was undoubtedly unkind to the Carnival and the crowd who had planned to enjoy it and to contribute to the profits of our Carnival Committee.

What impressed the writer and others, I am sure, was the dignity and earnestness of the marchers, proud of their membership and of their equipment. For in the ranks we saw, ex-G. I.'s of both World Wars, who have resumed their connections with their own fire companies since their discharge from the Armed Forces. Others from civilian walks of life—youth and old—all impressed with the democratic idea of "To Serve and To Save."

The thought occurred to me what a pity it was that in a reviewing stand or along the line of march—Representative members of the 'U. N.' and more especially the Ministers of the Four Powers—Bévin of Great Britain, Beaulieu of France, Molotov of Soviet Russia, together with our own General Marshall, Sec'y of State to advise with them, were not present to see and understand the full meaning of democracy in time of Peace; for they would have seen men and women of all walks of life, so to speak, marching in unison—Republicans, Democrats, Management and Labor, forgetting their petty differences—but marching on in a demonstration of their willingness to serve others in their communities. They also would have seen implements of Peace in the modern equipment of fire fighting together with up-to-date ambulances ready and willing to answer any call of their neighbors at home.

They could not help but be impressed with the fact that hundreds of thousands of small communities throughout these United States have their own well equipped fire companies, volunteers who serve without pay—risking their lives in many cases, with only the one idea of "Service to Save."

C. A. MOORE.

STATE OF DELAWARE OFFICE OF SECRETARY OF STATE CERTIFICATE OF DISSOLUTION

To All Whom These Presents May Come,
Greeting:

Whereas, It appears to my satisfaction by duly authenticated record of the proceedings of the voluntary dissolution thereof, by the consent of all the stockholders as evidenced by certificate deposited in my office, the STANDARD ROYALTIES COMPANY, a corporation of this State whose principal office is situated at

No. 100 West 10th Street,
in the city of Wilmington, County of New Castle, State of Delaware.

The Corporation Trust Company, being agent therein, and in charge thereof, upon whom process may be served, has complied with the requirements of the Corporation Laws of the State of Delaware, as contained in 2033, Section 1, to 2246, Section 214, Chapter 65, of the Revised Code of 1935, as amended, preliminary to the issuing of this

CERTIFICATE OF DISSOLUTION
Now, therefore, I, William J. Storey, Secretary of State of the State of Delaware, do hereby certify that the said corporation did on the eighth day of July A. D. 1947 file in the office a duly executed certificate to the dissolution of said Corporation by at least two-thirds in interest of all the stockholders thereof which said certificate and the records of the proceedings aforesaid, are now on file in my office as provided by law.

In Testimony Whereof, I have hereunto set my hand and official seal, at Dover this eighth day of July in the year of our Lord one thousand nine hundred and forty-seven.

SCHUBEL-ZEBLEY WEDDING SOLEMNIZED

The marriage of Miss Edith S. Schubel, daughter of Capt. and Mrs. Charles M. Schubel of Sarrebourg, France, to Mr. Joseph Wildman Zebley, Jr., son of Mr. and Mrs. Joseph W. Zebley of Clover Valley, took place Friday afternoon, July 4, in the First Presbyterian Church, Newark, with the Rev. H. Everett Hallman, pastor, officiating.

The wedding music was played by Miss Nellie B. Wilson, organist. Miss Anna May Zebley, sister of the bridegroom, was maid of honor, and the bride's only attendant, Mr. Elwood H. Zebley, was best man for his brother. Ushers were Mr. George B. Haines, Mr. Arman Cocca of Wilmington, and Mr. George B. Zebley, Newark, another brother of the bridegroom.

The bride was given in marriage by Mr. Winfield Scott, Jr., of Seaford. Edwin Steel of Newark stood in the place of the bride's mother.

The bride's gown, which she brought from France, was of white crepe and lace with fingertip veil held in place by a bandeau of white roses. Her bouquet was of bride's roses and baby's breath.

Her going-away costume, which also came from France, was a gray suit with large black hat and black accessories. She wore a corsage of bride's roses.

The maid of honor was dressed in rose silk and net. She wore a short veil held by a bandeau of pink roses and carried an arm bouquet of pink roses and delphinium.

Mrs. Steel was dressed in white lace with white accessories and wore a corsage of yellow roses. Mrs. Zebley, mother of the bridegroom, wore a flowered brown and white jersey dress and corsage of yellow roses.

A reception followed at the home of Mrs. Steel, 154 South College Avenue, Newark.

After a wedding trip to Western Maryland, Mr. and Mrs. Zebley will live in Baltimore where Mr. Zebley is a law student at the University of Baltimore. Mrs. Zebley served four years in World War II, two of which were spent in the African and European theatres.

LOCAL FOLKS ATTEND WEDDING IN WASHINGTON

Misses Evelyn and Ida Kimble of 167 Main Street and Miss Edith Zebley, Mr. Joseph W. Zebley, Sr., Miss Anna Mae Zebley and Mr. George Zebley of near Newark attended the wedding of Miss Louise Kimble and Mr. Howard Larson of Milwaukee in Washington Saturday, July 5, which took place at noon in the Bethlehem Chapel of the Washington Cathedral.

Miss Kimble, who is the daughter of Mr. and Mrs. Seruch Kimble of Washington, D. C., had as her only attendant her sister, Mrs. Amos Jaquette of Pleasant Hills.

Following a luncheon at Hotel Statler, Mr. and Mrs. Larson left by automobile for Milwaukee where they will make their home.

Mr. and Mrs. Kimble are well known here, having spent all of their early life in this vicinity. Mrs. Kimble is the former Miss Hattie Zebley.

MISS MILDRED BAYLIS' ENGAGEMENT ANNOUNCED

Mr. and Mrs. Clyde Baylis, 77 East Delaware Avenue, have announced the engagement of their daughter, Miss Mildred A. Baylis, to Mr. Jack L. Weer, son of Mr. and Mrs. E. Clyde Weer, New Castle.

Miss Baylis is a graduate of the Newark High School and is associated with the Continental-Diamond Fibre Company.

Mr. Weer, who is a graduate of William Penn High School, is in business with his father after serving in the Naval Air Corps.

MISS KELLY HONORED AT CLUB MEETING

The July meeting of the Glasgow Home Demonstration Club was held on Tuesday afternoon of this week at the home of Mrs. Chester Ewing and was in charge of the president, Mrs. Steven Barczewski.

A farewell party was given Miss Nancy Kelly, Home Demonstration Agent, whose marriage to Mr. George Edward Barrow of Blackstone, Va., will take place on August 9. The members of the club presented Miss Kelly with four sterling silver candlesticks as a wedding gift.

Miss Kelly was in charge of the discussion for the month and spoke on color and accessories in the home.

There were 30 members present and three visitors which included Miss Gertrude Holloway, Mrs. John Holloway, and Mrs. Henry Mote.

The members of the club are planning for a trip to Washington by bus on August 12.

REGULAR MEETING LADIES' BIBLE CLASS

"The mysteries of the creative work of God when recognized would produce in us a spirit of humility and unswerving trust in such a God" is the subject for open discussion this week, Sunday, July 13, at 9:45 a. m. by the members of the Ladies' Bible Class of the Newark Methodist Church.

Help the attendance goal by attending and bringing your guests.

TWO EXTENSION STAFF MEMBERS AT CORNELL

Miss Virginia Kirkpatrick, assistant extension editor at the University of Delaware Department of Agriculture, and Miss Louise Whitcomb, extension home management specialist, left this last week-end to take a summer course at Cornell University, Ithaca, New York. The summer course will be in session from July 7 until July 20.

Miss Kirkpatrick will study news writing, public relations, and photography while Miss Whitcomb will study rural housing and evaluation of extension methods.

McFARLINS ENTERTAIN AT LAWN PARTY

Mr. and Mrs. Samuel McFarlin, 116 Haines Avenue, entertained at a lawn party on Thursday, July 4.

Guests included: Mr. and Mrs. William Satterfield, Wawaset Park; Mr. and Mrs. John Lloyd and Miss Irma Lloyd of Lindamere; Mr. and Mrs. Harry Slaw, Wayne, Pa.; Mr. and Mrs. Charles Robertson and Miss Carolyn Robertson of Norristown, Pa.; Mr. and Mrs. Samuel McFarlin, Jr., and family of Newark; Miss Betty Kilgown of Chester, Pa.; and Mr. Arthur Eastman of Newark.

PERSONALS

Mr. and Mrs. Harry Baldwin, of Cincinnati, Ohio, were guests this last week-end of Mr. and Mrs. Lloyd Hudson, of Orchard Avenue, Lumbrook.

Miss Ann Chalmers, Mrs. Maude Thoroughgood and Mrs. Helen Widdoes were recent visitors in Rehoboth.

Mr. and Mrs. Robert McFarlin and family of 82 Kells Avenue have left for a month's vacation in California where they will visit with Mr. and Mrs. Willard McFarlin of Beverly Hills. Mr. and Mrs. Claude McFarlin of Culver City, and Mr. Benjamin McFarlin of Los Angeles.

Mrs. Winifred Stairiker of Philadelphia was the guest of Mrs. William R. Hobson last week.

Mr. and Mrs. Andrew Cook of Charlotte, Michigan, were holiday guests of Mr. and Mrs. Harry Truitt, 42 North Chapel Street.

Mrs. William S. Hamilton of Kells Avenue was called to Gaylord, Michigan last week due to the death of her mother.

Sandra Calhoun of Kells Apartments is visiting her cousin, Jane Ringgold of Ridgely, Maryland this week. Sandra is the daughter of Mr. and Mrs. David Calhoun.

Mr. Seruch Kimble of Washington, D. C., is spending sometime with his sisters, the Misses Evelyn and Ida Kimble, 167 West Main Street.

Mr. and Mrs. Norval Robinson are receiving congratulations on the birth of a daughter, born July 10 in The Memorial Hospital, Wilmington.

Mr. William Durham, pressman at the Newark Post, is recuperating in The Memorial Hospital, Wilmington, following an operation performed last week.

DELAWARE FARM FRONT

The first full-grown codling moth worms were observed spinning up in Delaware apple orchards on June 22, and it is expected that the first moths of the new brood will emerge during the week of July 6. Thus reports the latest issue of the ORCHARD SPRAY NOTES, No. 11, prepared by the Extension Service of the University of Delaware. Directions for control measures for codling moth, Japanese beetles, peach tree borers and other fruit pests are given in the Spray Notes.

The 1947 spring pig crop on Delaware farms is estimated at 20,000 head, 5 per cent more than the 19,000 saved in the spring of 1946, but 5 per cent less than the 10-year (1936-45) average of 21,000 head according to a report of the USDA's Bureau of Agricultural Economics.

MISS NANCY KELLY'S ENGAGEMENT ANNOUNCED

Mr. and Mrs. James Smyth Kelly of Glade Spring, Virginia, announce the engagement of their daughter, Nancy Anne, to Mr. George Edward Barrow of Blackstone, Virginia.

Miss Kelly attended the University of Tennessee for two years and was a member of the Zeta Chapter of the Zeta Tau Alpha Sorority. She graduated from Virginia Polytechnic Institute with the class of '42 and went into extension work in Virginia, having served as home demonstration agent in Sussex and Greensville Counties and in Accomac County on Eastern Shore. For more than a year she has been with the Extension Division of Delaware as Home Demonstration Agent in New Castle County with office at the University of Delaware at Newark.

Mr. Barrow, son of Mr. and Mrs. George Barrow of Blackstone, is a graduate of the School of Pharmacy of the Medical College of Virginia. He is a veteran of World War II, a lieutenant in the U. S. Naval Reserve, and served in operations in both the Atlantic and Pacific areas.

The wedding will take place on August 9th in the "Old Glade" Presbyterian Church, Glade Spring, Va., with the Rev. H. G. Allen, pastor of the church, officiating.

Mr. and Mrs. Vernon Lovett and son, Rodney, have returned to their home in Lumbrook after spending a week with relatives at Lake George, N. Y. While in New York they visited with Mr. and Mrs. J. Thomas Pierce and family at their summer home along Saratoga Lake.

Record Costs But Low Output in Home Building

Government figures for the first six months of this year released recently indicate that 1947 may be a record construction year measured in money spent, but a failure in terms of actual housing built.

There was 63.2 more money spent on residential construction "put-in-place" in the first half of 1947 than in the same period in 1946, the Commerce Department reported, with home builders laying out \$1,338,000,000—an increase of \$729,000,000 over the comparable 1946 period.

But, with building materials up some 22 per cent, the number of homes started was only a few thousand more than last year. In addition the government-financed temporary housing program, which supplied homes for some 50,000 families in 1946, was scrapped this year.

The government has its sights on 750,000 new homes this year and some of the more optimistic experts hoped for 1,000,000. The goal now is 550,000.

Furniture Output Up; Prices to Stay High

The annual summer international home-furnishings market opened recently and officials said that although there would be a bigger and better supply of furniture, no appreciable drop in prices was anticipated due to recent increase in wage costs in furniture factories.

GUARD PLANS CAMP TRIP

Encampment
August 3-17

The 198th A. A. Group, Delaware National Guard, will hold its first field training trip since its reorganization at Bethany Beach from August 3 to 17.

Plans for the camp were discussed at a recent meeting of officers with Brig-Gen. Paul R. Rhinard, the adjutant general, presiding.

Decision will be made soon on whether the units of the guard will leave local armories for camp on Saturday, Aug. 2, in the afternoon or early the next morning.

It is probable firing practice at camp will be confined to 30 caliber rifles, .30 and .50 caliber machine guns, and 45 caliber pistols. It is considered unlikely any of the heavier ordnance will have arrived by that time, although directors and other range finding equipment are now arriving.

Famous Naval Hero Honored on Sunday

A crowd of 3,000 saw the presentation of a Congressional Medal to Admiral John Paul Jones—160 years late—Sunday and heard Fleet Admiral William F. Halsey assert Jones would brook no interference with the right of the American navy to go wherever required.

"Neither must we," Halsey added. Speaking at the bi-centennial celebration of Jones' birth, the admiral spoke of the Russian naval commission given the colonial hero by Empress Catherine II and approved by Congress.

Services On Tuesday For Ola M. Clark

Funeral services for Ola M. Clark, daughter of the late George M. and Annie Smith Clark, were held Tuesday afternoon here. The Rev. H. E. Hallman officiated. Interment was in Head of Christiana cemetery.

A member of the First Presbyterian Church, Miss Clark died Saturday after a long illness at her home on Elkton Road. She is survived by a brother, Frank Clark, Hare's Corner, and an aunt, Mrs. Anna Taylor, with whom she lived.

4 Rent Control Bill Regulations Outlined

Four salient points of the new rent control law were listed recently by John L. Walsley, area rent director. They are:

1. The 15 per cent increase—which means 15 per cent over the rental in effect before the new lease—is voluntary, not mandatory.
2. It must be a written lease signed by both landlord and tenant.
3. The effective date of the lease must be after yesterday—but not later than the last day of this year.
4. Leases must extend at least through Dec. 31, 1948.

Other details on the law will be explained following a conference of rent officials in Harrisburg recently. Mr. Walsley and Nathan P. Michlin, attorney, attended.

The last time we presided in this space we succeeded in alienating virtually the entire golfing population of this area with our remarks on their strangely popular pastime.

For days afterwards, we heard reports that savage bands, armed with niblicks and mashies, were on our trail, but we cunningly threw them off the track by donning a sports coat and crouching behind a racing form, thus blending ourselves imperceptibly with the human environment hereabouts the past month.

The furor rose to such heights that we could only sit back and wonder at our unsuspected power. The more so since it was the first time we can recall anyone going so far as to take us seriously. It was a novel and pleasant experience and one for which we thank any new-found enemies we may have acquired.

We had hopes, faint ones, that the incident would end our career here as a columnist. But, as you regretfully notice, no soap. "Wareabouts" is again suffering from a momentary loss of whatever it is he substitutes for inspiration, and we are forced once again to shovel verbiage into this bottomless pit.

Personally, we would prefer to leave this slot absolutely empty. A blank space would be a welcomed innovation in any newspaper, especially in these days of 30-page metropolitan editions morning and night. An empty column might become a popular feature, wherein the reader could recuperate from the vast flood of facts and try to sort out some of the confusion he absorbs. We often wonder what the human race can do in a day that's worth 30 pages of fine print. Maybe there really isn't a newspaper shortage, just an excess of printed matter.

This column wouldn't be complete, of course, without a new explanation of the "flying saucers." We have a theory, naturally. It is our belief that the soaring dishware is merely the result of a family tiff between Paul Bunyan and his gargantuan wife. We forget whether the legendary giant of the northwoods is supposed to be married or not, but he probably is, and Mrs. Bunyan, once aroused, could undoubtedly sling the kitchenware on a transcontinental basis—and at supersonic speeds.

Now that we've settled the burning issue of the day, we'd like to point out—as every up-to-date columnist should—a new danger which no one seems to have noticed as yet. Cast a few apprehensive glances, if you will, at the future of science fiction—that colorful section of current literature, which has prior rights on the rocket ship and the disintegrator ray. The headlong advance of science lately, hailed a bit hysterically as "the dawn of the atomic age," is threatening to put the science fiction boys out of business by the sure-fire method of inventing their fictitious paraphernalia.

Curious as to how the S. F. writers are meeting the challenge of science, we recently bought one of those brightly covered magazines whose stories can, in a few jet-propelled paragraphs, transport the reader several thousand years into the future and drop him, all eyes, in the humming, throbbing World of Tomorrow.

Here, we're sorry to report, things seem to be in the same old lurid rut. Space pirates are still terrorizing interplanetary life; the indefatigable Martians are planning another invasion of Earth, and an expedition of Earthmen—or more properly Terrestrials—is currently exploring Saturn where its members are threatened by a fascinating race of semi-human asparagus plants.

Technologically also, the World of Tomorrow seems to be bogged down. The magazine's cover depicts what appears to be the latest model rocket ship, soaring off into space. It is a conventional affair, cigar-shaped and spouting the usual blue-orange fire.

Through the porthole one can see the Man of Tomorrow himself—a lean, grim young Terrestrial, clad in gaudy tights and wearing an antennae sprouting headgear. He is accompanied by a shapely and equally grim young woman, who has obviously smuggled herself aboard in order to share the dangers of outer space with her boy friend.

It's not hard to guess what the pair are up to. They are racing to circumvent a Mad Genius, busy in a secret laboratory on a distant planet with a backhanded scheme for destroying mankind. Science fiction, it seems, still abounds with these naive old fables, who never wise up to the fact that they're doomed to be foiled in the end by the grim, young spoil-sport in tights.

Nowhere in the issue, though, was there a forthright attempt to face up to the threatening approach of science. What is needed, of course, is a revolutionary advance in fantastic thinking, which will carry science fiction safely beyond the clutches of reality. The S. F. writers need to give the World of Tomorrow a complete overhauling. Otherwise, where will they be when time machines, mechanical monsters, death rays and the like go on sale at the cut-rate stores.

They'll feel pretty uncomfortable watching their wildest dreams come true—and so will the rest of us too, probably.

UNOFFICIAL FIGURES SET STATE TAX REVENUE FOR RACE MEETING AT \$894,380

Tentative Tabulation Indicates Cut Of \$293,297 From Last Year's Returns; Fans Bet Well Over 25 Millions During 30-Day Session Ending Last Saturday

The state will receive approximately \$894,380 in tax revenue from this year's 30-day meeting at Delaware Park, according to unofficial tabulations. This figure is about \$293,297 short of last year's pari-mutuels proceeds.

Unofficially the record shows that racing fans bet about \$25,553,732 during the 30-day season which ended at Delaware Park on Saturday—or some \$8,379,924 less than the record \$33,933,656 wagered during 1946.

SOFTBALL LOOP STARTS SECOND HALF

Newark A. A. Downs Fibre Company, 5-3

Only one game marked the opening of the second half in the community standings, took over Continental by a being rained out or forfeited.

In the single encounter Newark A. A., which finished second in the first half letties had command of the situation 5-3 margin last Wednesday. The Athletics swamped the Knights of Pythias, 14-5, from the start, getting two runs in the opening frame against one for the Fibremen.

In the final contest of the first half played the same evening, Curtis Paper swamped the Knights of Pythias, 14-5. Two runs in the first inning plus two 6-run outbursts in the third and sixth gave the Papermen their lopsided victory.

Amateur Bird Lovers Mystified by Albino

There's a new member of Mrs. Mildred Sammons' bird family but no one seems to know its name. It's an albino and it knows a good thing when it sees one, the good thing being Mrs. Sammons' habit of feeding birds.

Mrs. Sammons, something of an authority on birds because of her long interest in them, believes the albino is probably a starling. But other bird experts believe it is a sparrow or a finch.

Unlike most albinos, Mrs. Sammons observed, it has been welcomed by other birds in the flock to share her hospitality.

Kenmore Meets Aberdeen In Twin-Bill On Sunday

Last year's championship Aberdeen team will meet Kenmore on DuPont Field next Sunday, July 13 in a double header. The first game will start promptly at 1:30 p. m.

The Kenmore A. A. and Hickory Hill (Pen-Mar League) clubs battled for 15 innings on July 4 afternoon in a game that was called at the end of the fifteenth on account of rain with the score deadlocked at 9 to 9.

The game started out as a slugfest with each team scoring eight runs in the first four innings, both Lahman for Kenmore and Bryan for Hickory Hill were shelled from the mound and the remainder of the game turned out to be a pitcher's battle between Joe Steel for Kenmore and Paul Pools for Hickory Hill.

The score:
Kenmore A. A. 2 6 0 0 0 1 0 0 0 0 0 0 0 0-9 22 3
Hickory Hill 0 2 2 4 0 1 0 0 0 0 0 0 0 0-9 10 3
Batteries—Kenmore, Lahman, J. Steele and A. Spratt; Hickory Hill, Bryan, Poole and Golden.

ANDERSON TAKES GOLF CROWN HERE

Veteran Linksman Defeats Richards

George Anderson, pudgy, 27-year-old for the Newark Country Club golf old Newark linksman, defeated B. F. (Sankie) Richards five and four Sunday championship.

Almost ten years ago, Anderson, better known then as "Longball," defeated Bob Stewart for his first major victory on the local links.

In Sunday's match, Anderson played tight golf on the first nine in the 36-hole contest, but ended with a 36, one over the regulation figure. Richards took a slight edge in the early stages, earning a par 35 for the first round, but the match play was even.

Highlight of the back nine came when Anderson sank his third shot on the long 13th for an eagle. As the boys moved into the finish of the first 18 holes, Richards had a 73, two over par, and was four down. Anderson had a brilliant three under par 33 for a total of 69. Richards was visibly nervous, while Anderson putted calmly.

At the end of the 27th hole, Richards was six down, but suddenly rallied. His attempt fell through, however, when he missed an 18-inch putt on the 32nd hole.

Newark's County Nine To Meet Elmhurst Here Sat.

Newark will meet Elmhurst in a doubleheader on the Continental Field this Saturday afternoon beginning at 2 p. m.

The game is a New Castle County League contest, and the local team is not to be confused with the Newark club in the Susquehanna League.

NEWARK DROPS 3 IN ROW OVER HOLIDAY WEEK-END; FACES N. E. HERE SUNDAY

Kenmore Downs Newark, 6-7, In First Game of July 4 Twinbill; Rising Sun Takes Second, 11-2; Elkton Triumphs Here Sunday, 8-1

Newark took an abrupt nose dive in the Susquehanna League standings last week, losing both games in their holiday twinbill as well as their Sunday clash here with Elkton.

Next on the schedule is a game here Sunday with North East. Closest encounter in last week's disastrous series was the morning game on July 4 when Kenmore nipped the locals, 7-4. Newark led until the seventh when the opposition suddenly came through with four big runs. Although Newark had two more chances at bat, it failed to muster a

single score. Kenmore earned its victory on only seven hits against 11 for Newark.

In the afternoon game here, Rising Sun scorched the home club by a 11-2 count. The Marylanders took the lead with a two-run burst in the second, piled up eight more in the fourth and coasted to the victory. McCormick allowed the visitors 15 safeties, while his teammates pounded out seven.

On Sunday, league leading Elkton advanced its championship ambitions at the expense of Newark in a handy 8-1 fashion. Elkton jumped to a two-run lead in opener and scored in alternative innings thereafter. Kennedy did the hurting for Newark and gave up 16 base blows. Newark's batsmen were not idle, collecting 10 safeties, but had trouble punching out hits when they were needed.

BEDOU AND GARIBALDI IN MAT FEATURE

Grapplers To Meet Tonite At Armory

Gino Garibaldi, also known as the St. Louis Slicer, will take up the armament with Emir Bedou, the Arabian prince who has proven so successful here as a wrestler, in the feature bout tonight at the State Armory.

Bedou scored his fifth straight win last week by pinning Chick, Gino's younger brother, with a Japanese leg lock, one of the most painful of all wrestling holds. It was the severe pain from the hold which forced Chick to concede the bout to the swarthy Arabian grappler.

Gino, who is no shrinking violet in or out of the ring, has promised to fix Bedou this week and thus avenge his brother.

Chick will be on the same show, and so will get a chance to see how his brother fares with Bedou. The younger Garibaldi will clash with Stu Hart, the handsome young Canadian grappler, in the 45-minute semi-windup bout.

Hart has just returned from a swing through the southern circuit, where he fared very well.

In the main preliminary, half-hour, bout Jim Szikszay of Ontario will meet the Bronx Butcher, Abe Stein, in a rough-and-tumble bout that promises to be action-packed from start to finish.

Sandor Kovacs, the Hungarian bad boy, meets Joe Montana, Camden, in the second half-hour bout, while Marvin Mercer, the Reading, Pa., wrestler with the reputation as one of the cleanest grapplers in these parts, takes on George Brockman, Washington, who is rated as one of the up and coming young men of the trade.

The first bout is scheduled to start at 8:45 o'clock.

Cites Communist Danger Army Leaflet For Troops

The Army is having printed for distribution to troops a pamphlet which says the American Communist Party is an agent of Russia and Communism is a danger to democracy.

The War Department confirmed this but said the pamphlet is not due for publication for several weeks.

Proof sheets will be airmailed to theatre headquarters abroad for reprint and distribution to troops overseas. Other copies will be distributed to soldiers at home.

The booklet was described as No. 180 in a series of "Army Talks." The department said the front page carries a picture of the Statue of Liberty with the hammer and sickle casting a heavy shadow over the symbol of democracy.

SHERIFF'S SALE—By virtue of a writ of Lev. Fac. No. 20 September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware.

ON THURSDAY, THE TWENTY-SIXTH DAY OF JUNE, 1947,

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

ALL that certain lot or parcel of land with a three story brick dwelling house thereon erected, situate in the City of Wilmington aforesaid, bounded and described as follows, to-wit:

BEGINNING at a point on the westerly side of Adams Street between Ninth and Tenth Streets at the distance of one hundred and twenty-four feet and one inch northerly from the northerly side of Ninth Street, thence westerly parallel with Ninth Street and through the middle of the partition wall dividing this from the house adjoining on the south one hundred feet to a corner, thence northerly and parallel with Adams Street twenty feet and one inch to another corner, thence easterly and parallel with Ninth Street one hundred feet to the said westerly side of Adams Street, and thence thereby southerly twenty feet and one inch to the place of Beginning. Be the contents thereof what they may.

BEING the same lands and premises which James S. Grant and wife by their Indentures bearing even date herewith, not yet recorded, but intended forthwith to be in the office for the Recording of Deeds & c. at Wilmington, in and for New Castle County, did grant, convey and assure unto the said William Harold Murphy, in fee.

Seized and taken in execution as the property of William Harold Murphy and Lilian Bird, formerly Lilian Murphy, wife of William Harold Murphy, Mortgages, and to be sold by ELMER C. TAYLOR, Sheriff.

Sheriff's Office, Wilmington, Del., June 11, 1947.

SHERIFF'S SALE—By virtue of a writ of Lev. Fac. No. 48, September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware.

ON SATURDAY, THE TWENTY-SIXTH DAY OF JULY, 1947,

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

ALL that certain lot, tract or parcel of land, lying and being in the City of New Castle County of New Castle and Delaware, known as No. 737 bounded and described as follows, to-wit:

BEGINNING at a point on the Northeast side of Center Street at the distance of twenty-eight feet and fifty-eight one hundredth feet Southeast from the point formed by the intersection of the said Northeast side of Center Street with the Southeast side of Eighth Street; and passing through the center of the party division wall between the house on this lot and the house erected on the lot adjoining on the Northwest side to a point; thence Southeast, parallel with Center Street, fourteen feet and one hundredth feet to a point; thence Southeast, parallel with Eighth Street and passing through the center of the party division wall between the house on this lot and the house erected on the lot adjoining on the Southeast,

sixty feet to a point in the aforesaid Northeast side of Center Street; and thence Northwesterly by the same fourteen feet and one hundredth feet to the first mentioned point and place of Beginning. Be the contents thereof what they may. Seized and taken in execution as the property of William J. Sharpe and Mildred C. Sharpe and to be sold by ELMER C. TAYLOR, Sheriff.

Sheriff's Office, Wilmington, Del., July 3, 1947.

SHERIFF'S SALE—By virtue of a writ of Vend. Exp. No. 49, September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware.

ON SATURDAY, THE TWENTY-SIXTH DAY OF JULY, 1947,

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

ALL that certain lot, piece or parcel of land with the buildings thereon erected, known as No. 919 Gray Street, in the City of New Castle County of New Castle and State of Delaware bounded and described as follows, to-wit:

BEGINNING at a point on the Northerly side of Gray Street at the distance of one hundred forty-two feet seven and one-half inches, more or less Westerly from the Westerly side of Ninth Street; thence Northerly parallel with Ninth Street and passing through the center of the party wall between the house erected on this lot and the house on the lot adjoining on the East sixty-nine feet to a point; thence Westerly parallel with Gray Street fifteen feet eight and one-half inches, more or less to a point in line with the center of the party wall between the house erected on this lot and the house on the lot adjoining on the West; thence Southwesterly through the center of said party wall and the center of a two feet wide alley and parallel with Ninth Street sixty-nine feet, more or less to the aforesaid Northerly side of Gray Street; and thence thereby Easterly fifteen feet eight and one-half inches to the place of Beginning. Be the contents thereof what they may. With the free use and privilege of said alley in common with others entitled thereto forever.

Seized and taken in execution as the property of Carrie E. Taylor and to be sold by ELMER C. TAYLOR, Sheriff.

Sheriff's Office, Wilmington, Del., July 3, 1947.

7-3,10,17.

SHERIFF'S SALE—By virtue of a writ of Fi. Fa. No. 15, September Term A. D. 1947 to me directed will be exposed to Public Sale at the Court House, Southeast Corner of Eleventh and King Streets, City of Wilmington, New Castle County, Delaware, ON SATURDAY, THE TWENTY-SIXTH DAY OF JULY, 1947,

at 9 o'clock A. M., Eastern Standard Time, the following described Real Estate, viz:

All those two certain lots pieces of parcels of land situate at Gordon Heights in Brandywine Hundred, New Castle County and State of Delaware, being more particularly bounded and described as follows, to-wit:

No. 1. BEGINNING at a point in the Northwesterly side of Grandview Avenue, distant one hundred and thirty feet Southwesterly along said side of Grandview Avenue from the Southwesterly side of Haines Avenue; thence Northwesterly, parallel with Haines Avenue and along line of land of Ewing Thompson, one hundred and fifty feet to a point; thence Southwesterly along land now or formerly of George Lowery thirty feet more or less to a point in line of land of Security Title Company; thence Southeast along said line of land of Security Title Company seventy feet more or less to the Northwesterly side of the River Road; thence Northwesterly along said side of River Road to its intersection with the Northwesterly side of Grandview Avenue; thence Northwesterly to the place of Beginning. Be the contents thereof what they may.

No. 2. BEGINNING at the intersection of the Southeast side of River Road with the Southeast side of Grandview Avenue; thence along said side of Grandview Avenue South forty degrees, fifty-seven minutes West one hundred forty and less to a point in the boundary line of land formerly of the E. I. du Pont de Nemours and Co.; thence Northwesterly along said line of land formerly of the E. I. du Pont de Nemours and Co. to its intersection with the center line of River Road; thence Northwesterly along said center line of River Road to said place of Beginning. Be the contents thereof what they may.

Seized and taken in execution as the property of Harry A. Roberts, Administrator of the estate of Francis J. Meredith and to be sold by ELMER C. TAYLOR, Sheriff.

Sheriff's Office, Wilmington, Del., July 3, 1947.

7-3,10,17.

HOTSPARKS

By George B. Wiggins
THANKS A MILLION!

From week to week, we've tried to use this space of ours to air our views on topics which we hoped would lead more of our friends to pause and read. And, your response has been so good that we'd be ingrates if we should not take this time to say to you, friends, what would we do?"

And, in all sincerity, if you would lighten the burden of your household chores, investigate the new Premier Vacuum. This ally of cleanliness and enemy of dirt will enable you to put your home in order in record time. For a demonstration, drop in to the NEWARK ELECTRIC CO., 173 East Main Street, Tel. 6872.

"YOU BET! IT'S THE BEST BETHOLINE EVER"

and **HERE'S WHY...**

Chief chemist Gustav Bornscheuer, in an official motor fuel analysis of improved Betholine, says:

"This is the best Betholine we have ever made. During the war several new types of compounds were used in making 100 Octane aviation fuel. The exclusive Betholine formula contains a large proportion of these compounds. Improved Betholine has exceptional starting and accelerating qualities, a low gravity and a higher octane value than any Betholine ever produced. It ranks first among motor fuels in this territory."

A great **PREMIUM** motor fuel—now better than ever. **PROVE IT.**

Check the extra mileage, the extra antiknock protection. Feel the extra power, extra pep, extra smoothness. It's economical to buy the best, and with motor fuels that means improved Betholine.

POULTRY HANDBOOK RELEASED

Extension Pamphlet Is Mailed

The second edition of the Delaware Poultry Handbook has recently been released for distribution and over 4,000 copies mailed to poultrymen and others interested in the poultry industry, according to J. Frank Gordy, secretary of the Delaware Poultry Improvement Association.

This publication is one of the annual activities of the Delaware Poultry Improvement Association, a state-wide organization having as its major objective the promotion and improvement of all segments of the poultry industry. The handbook contains timely information on poultry raising, focuses attention on the importance of poultry production, promotes the welfare of the poultry industry, and affords a means for commercial concerns of the industry to advertise their products.

Such topics as New Castle disease, breeding better broilers, processing and marketing Delaware dressed poultry, hints for hatching egg producers, and turkey raising are treated by representatives of the University of Delaware's School of Agriculture, State Board of Agriculture and other State agencies. This year's handbook was edited by W. C. Skoglund, assistant research professor of the department of poultry and animal industry, and J. Frank Gordy, extension poultry specialist, both with the University of Delaware.

Any person interested in receiving a copy of the 1947 Delaware Poultry Handbook should address his request to J. Frank Gordy, secretary, Delaware Poultry Improvement Association, Newark, Del.

Services In Afternoon At Head Of Christiana

Services will be held in the afternoon at the Head of Christiana Presbyterian Church this Sunday. Sunday school will begin at 1:30 p. m., followed by the regular church service at 2:30 p. m.

Patrick Morgan, superintendent, will be in charge of the Sunday School. The classes will discuss "God in His World." Classes for all ages are offered. All are welcome.

A sermon on "Is Church Attendance Worthwhile?" will be given by the pastor, the Rev. Evan W. Reese, as the 2:30 p. m. church service. The Junior Choir will sing a special number, "Life's Railway to Heaven," and the Senior Choir's selection will be "I Am Happy in Him."

The Westminster Fellowship will be held at 6:45 p. m. The monthly business meeting will be held and officers elected. Junior Choir rehearsal will follow. All young people and adult advisors are urged to be present.

TREE CARE IMPORTANT

Expert Lists Suggestions

Feeding a tree is like feeding a starving person—the food must be slowly absorbable and not a shot in the arm.

Quickly soluble nitrates cause weak, sappy growth which often makes a tree susceptible to winter injury, storm damage and shallow root growth. Such conditions are not desirable in winter or mid-summer when drought conditions may prevail. Vincent H. Lamarche, area manager of the Bartlett Tree Expert Company, said today.

"Often a tree, both deciduous or evergreen, does not have root systems capable of absorbing such food quickly," he explained. "As a result most of the feeding is wasted."

A tree should be fed with a well balanced tree food, and this is important, said Mr. Lamarche, because soils where construction of homes, driveways, paths, walls or a change in drainage has occurred cause a drastic depletion of the organic materials, which are normally supplied trees to flourish. "Certainly, a tree food must be well balanced," he added, "so that it is slowly absorbable, giving the tree a steady supply. It should be applied sufficiently below the ground to anchor and assist the roots in obtaining moisture."

DEL. POLICE PENSION CUT IS POSSIBLE

Fund Now Operating At Deficit

Additional income to supplement the Delaware State Police pension fund, which has been operating under a deficit, is being sought by Atty. Gen. Albert W. James. The pension board has no operating reserve, according to Maj. Herbert Barnes, board member.

Monthly income from state police assessments and the state for pension payments to 24 retired state police total about \$900 and the expenditures for pensions are \$2,600 monthly. Funds for retired members' pensions are derived from two per cent of police salaries matched by two per cent provided by the State Highway Department, under the original state pension fund.

This amounts to collection of about \$450 a month from the state police, an equal amount from the highway department or \$900 all together. The 24 state police on pension receive from \$75 to more than \$100 a month, totaling \$2,600 to \$2,700 monthly. The 1947 Legislature had appropriated \$11,500 to make up a deficiency for the 1946-47 fiscal year. A bill submitted by Senator Paul E. Burkholder of Dover which would have appropriated \$62,000 for each of the next two fiscal years to the State Pension Board, passed the Senate but, failed in the House.

There is now no fund to make up the difference between the income for the pensions from the state police and highway department and the expenditures.

The board may pay out pensions on a basis of receipts, on a proportionate basis, with the retired members receiving a share of the pension to which they are entitled. The board may also apply to the state for sufficient funds from the \$50,000 annual appropriation of the state to care for emergency situations.

NOTES FOR HOUSEWIVES

Furniture Care Vital

"Regular care is the only way to keep your furniture looking like new," says Louise R. Whitcomb, extension home management specialist for the University of Delaware. Miss Whitcomb cautions that if dust is allowed to collect on highly polished surfaces it will scratch the surface and recommends frequent dusting, particularly of places where there is personal contact such as arms of chairs, door knobs, table tops, books and magazines.

In caring for mahogany and walnut furniture, polish once a week with a mixture of equal parts of linseed oil, turpentine and vinegar. The vinegar tends to enrich the color of the wood, the turpentine loosens the dirt and also helps the oil to get into the wood thus preventing the wood from becoming dry. Use a soft cloth to apply this mixture and remove any excess with a second clean polishing cloth. This polish will darken light woods such as pine or ash. Beeswax mixed with turpentine is recommended instead for those woods.

Miss Whitcomb recommends that dust cloths be washed frequently. To treat a dust cloth for general dry dusting, add one or two tablespoons of kerosene or linseed oil to a quart of rinsing water.

Additional information on care of house furnishings is contained in the circular, "Time Savers for Housecleaning Days", No. 23, now available at county extension offices in Newark, Dover and Georgetown.

FIGHT OVER TOWN VOTE HANGS FIRE

No Decision Yet; Opposition Asks New Vote

No decision has come as yet on the legal action contesting the legality of election last April 8 in which more than 100 residents are challenging the town's right to set registration days far in advance of the election.

The first argument in the case was held last week in Superior Court by Judges George Burton Pierson, Jr. and Frank L. Speakman.

Attorney Daniel Herrmann of Lynch and Herrmann, Wilmington, representing the non-property owners who instituted the case, asked that a new vote be held and that the newly elected councilmen be ousted.

The councilmen in question are Norman E. Battersby, George E. Ramsey and Rodney H. Dann. They are represented by Judge Percy W. Green of Wilmington and Attorney J. P. Cann, city solicitor here.

More than 100 residents qualified to vote except for payment of capitation taxes have signed a document claiming their attempt to pay taxes and vote was refused by town officials.

The controversy does not center on the capitation tax, it was said, but on the town's right to set registration days almost a year in advance of the election.

Corn Price Hits New High Of \$2.04 Bushel

The price of corn for delivery this month hit an all-time high of \$2.04 a bushel on the Board of Trade recently. It was the fifth time in two weeks the July quotation had reached a new high. The market broke slightly just before the close, however, and trading finished at a \$2.02 3/8 a bushel for July, with all corn futures 2 3/8 higher to 1 1/4 of a cent lower.

HOME NEEDS OUTLINED

Adequate Storing Space Necessary

Adequate storage and working space is as necessary in a well-planned bathroom as in a modern kitchen, says Miss Louise R. Whitcomb, extension home management specialist for the University of Delaware.

In helping Delaware farm families plan more convenient homes, Miss Whitcomb and the home demonstration agents find that like most old kitchens, many bathrooms were built without provision for adequate storage or working space. Even in planning new bathrooms, floor and wall space is often wasted—for example, the space under a washstand could hold a cupboard for soap or cleaning supplies.

Some of the upper wall space in the bathroom could be put into roomy cupboards to hold towels, bathing and dressing supplies. Lower wall space might hold a built-in bench for dressing, while counters on either side of the wash bowl would be convenient for bathing the baby, doing hand laundry, or holding shaving and dressing supplies.

In some homes, a downstairs bathroom can be made out of an old pantry. This is especially convenient if there are older people or young children in the family.

If planned for upstairs, the bathroom should have an entrance from a hallway and be conveniently located for all bedrooms.

Further information on bathroom and general house-planning may be obtained from the Extension Service, Newark, or from the county extension offices in Newark, Dover and Georgetown.
