List new courses required for the new or revised curriculum. How do they support the overall program objectives of the major/minor/concentrations)?
(Be aware that approval of the curriculum is dependent upon these courses successfully passing through

the Course Challenge list. If there are no new courses enter "None")

New Course: MUSC183 Jazz Improvisation. This course will add needed study in jazz improvisation. This important skill is currently taught in other parts of the curriculum, so there is no effect on the objectives of the program.

Explain, when appropriate, how this new/revised curriculum supports the 10 goals of undergraduate education: <http://www.ugs.udel.edu/gened/>

The goals and structure of the minor have not changed; rather, the elements have merely been shifted from present courses to the new course. The support of undergraduate education goals for the new course are outlined in the New Course Application.

Identify other units affected by the proposed changes:

(Attach permission from the affected units. If no other unit is affected, enter "None")

None

Describe the rationale for the proposed program change(s):

(Explain your reasons for creating, revising, or deleting the curriculum or program.)

Currently students learn aspects of improvisation in their private study (MUSC181/182/281/282/283) and in their ensemble study (MUSC116 and MUSC321). The addition of this course will allow the students to approach this study in a more focused and systematic way. The new course will replace the fifth semester of private study (MUSC283), resulting in no change in the credit count, and no change in the overall structure of the curriculum.

Program Requirements:

(Show the new or revised curriculum as it should appear in the Course Catalog. If this is a revision, be sure to indicate the changes being made to the current curriculum and **include a side-by-side comparison** of the credit distribution before and after the proposed change.)
