be given for a parade which will open
the largest and most elaborate observ-

of Newark. The program will be in
two parts, the parade, which will
march through the principal streets of
the town, making a stop at each cem-

ware State Memorial Library, at
which Mayor Frank Collins will pre-
sides and Governor C. Douglass Buck
will be the principal speaker. The
services at the library will start at
10 o'clock, standard time. Yesterday
afternoon and evening, members of
the Newark Post of the Veterans of
Foreign Wars and the American Leg-

graves of veterans of all wars.

begin at the Newark Armory, Acad-
emy street and Delaware avenue.
Major R. G. Buckingham, the sole
surviving Civil War veteran in the
community, will be honorary marshal,
and will hold the post of honor in the
parade. There will be five service
contingents in line besides Major
Buckingham, representing the G. A.
R., the Newark troop of Boy Scouts,
and a large body of Newark school
children. Three bands will furnish
music for the march, and there will
be three floats, provided by the Wil-

Spanish-American War Veterans.
There will be nearly 1000 in line.

PREPARE FOR CARNIVAL

The carnival committee of the Aetna
House, Hook and Ladder Company is
rapidly completing plans for the an-
nual Carnival, which will be held from
July 19 to 27, inclusive. A Hupmobile
Six and a Ford Coupe have already
been purchased, as well as two fine
suits of furniture, a dining-room and
a living room suite.

The carnival this year is planned to
be larger than ever before, and be-
sides a merry-go-round, it will have
a ferris wheel. The booths will be
rented and will all be the same. The
Continental Band has been engaged
for the entire week.

The Aetna Company is also prepar-
ing for the State Convention of Vol-
unteer Firemen, to be held in Wil-
mington, July 10 and 11. Aetna has
engaged Robinson's Band, of Wilming-
ton, for the month-long parade on July
11. The Aetna headquarters during
the convention will be at Engine
House Number 1, on Tatnall street,
between 10th and 11th streets.

Sell Out Poppies

The Newark posts of both the
Veterans of Foreign Wars and the
American Legion made a
clean and complete sale of their
allotments of poppies. The For-
eign Wars Veterans started
their sale of the official "Buddy
Poppies" on Monday, May 20,
and sold the last poppy, last
Saturday night. They had been
allotted 1,000 poppies. The Wom-
en's Auxiliary of the American
Legion was in charge of the
sale of the official Legion Pop-
pies and started, last Friday.
Yesterday the Auxiliary dis-
posed of its last poppy, having
distributed between 1,700 and
1,800.

In both cases the proceeds
from the sale of the poppies go
to various official agencies for
the help and care of disabled
veterans. Part of the income
from the sale of the "Buddy
Poppies" goes to the Orphans'
and Widows' Home, at Eton
Falls, Michigan, which is main-

DELAWARE SONS VISIT COLLEGE

See May Day Exercises, Ball
Game; Congressman Hous-
ton Banquet Speaker

Nearly two hundred members of
the Philadelphia Sons of Delaware
made a pilgrimage to Newark, last
Saturday, to pay their annual visit to
the University of Delaware. They were
entertained at the Women's College
by the May Day exercises, and then
went to Fraser Field to see the base-
ball game between Delaware and
Drexel. Following that was the an-
nual banquet in Old College.

The delegation of visitors was met
by members of the faculty who es-
corted them to the May Day exercises
and the ball game. The faculty com-
mittee was composed of A. G. Wilkin-
son, business administrator of the
University; Prof. George L. Schuster,
and Deans G. E. Dutton, Winifred
Robinson, R. L. Spencer and C. A.
McCue.

Daniel W. Simpkins, president of
the society, presided at the dinner and
introduced the two main speakers,
who were United States Representa-
tives Robert G. Houston and Major I.
B. Carson, of Philadelphia.

Major Carson gave a humorous talk
entitled "All In A Day's Work." Short
addresses of welcome were made by
Mr. Wilkinson, Dean Robinson, Dean
Dutton and Mayor Frank Collins of
Newark.

Congressman Houston spoke on
"Some Bits of History About the Old
Home State," and during his discourse
detailed some interesting historical
events in the early days of Delaware
not generally known. He called atten-
tion to the commemoration of the first
landing of the Dutch in Delaware at
Lewes, which was provided for by the
passage of a bill at the recent session
of the State Legislature. The com-
memoration exercises, to take place
within a few years, will celebrate the
300th anniversary of the landing of
the Dutch at Lewes.

In his introductory remarks Con-
gressman Houston told of his work in
Congress and explained what was be-
ing done in regard to the new tariff
law.

Miss Helen G. Knowles, of Seaford,
soprano, who won the State award in
the Atwater Kent contest, sang sev-
eral solos and instrumental music was
provided by the student orchestra of
the University.

During the dinner it was announced
that A. G. Wilkinson had been elected
an honorary member of the Sons of
Delaware of Philadelphia.

The organization provides a scholar-
ship for a student of the University
and the recipient is generally present
at the dinner. Ralph Stephenson, son
of Rev. R. K. Stephenson, formerly of
Smyrna and Wilmington, present
holder of the scholarship, was unable
to be present due to serious illness
which probably will force him to re-
main out of college next term also.
President Simpkins is expected to
name another student for the scholar-
ship next term, sometime this week.

VETS ATTEND SERVICES

The J. Allison O'Daniel Post, Vet-
erans of Foreign Wars, began their
Memorial Day observance last Sunday,
when as a body they attended Mem-
orial services in the morning and even-
ing. In the morning they attended the
services at Ebenezer Church, and
Sunday evening, joined the Wilming-
ton Veterans' post at a service in St.
Paul's M. E. Church, Wilmington.
Other bodies which attended the ser-
vices at St. Paul's were: the G. A. R.,
Sons of Veterans, and the P. O. S. of
A. The various orders attended with
colors.

The pastor of St. Paul's, the Rever-
end Abram S. Woodward, invited
Colonel S. J. Smith to share the pulpit
with him and to offer the opening
prayer. Colonel Smith is the chaplain
of the Newark Veterans' post, and
past national chaplain of the Vet-
erans of Foreign Wars.

The Diamond State Telephone Co.
has through the Newark Chamber of
Commerce, paid all expenses incidental
to the accident on May 10 in which
one of the company's trucks and Con-
stable William Wideman's motorcycle

The motorcycle was the property of
the Newark Chamber of Commerce.

ark Memorial Day Observance,

exercises at the Memorial Li-
brary, will be fully covered in
next week's edition.

CROWD ATTENDS W.C.D. MAY DAY

"A Gypsy May Day" One Of
Most Picturesque Pageants
Ever Given Here

Perhaps the most unusual and pic-
turesque May Day celebration ever
held at Women's College took place on
Saturday afternoon, when more than
one hundred fifty students partici-
pated in "A Gypsy May Day." The
pageant was held in Red Men's Grove,
with a larger crowd in attendance
than has ever been seen at such a
function at Delaware.

The story is that of a Gypsy band
gathered for a jubilee in their camp
to celebrate May Day, and their fes-
tivities in honor of the Springtime.

The pageant opens with an ensem-
ble of freshmen and sophomores, in
colorful gypsy garb, and the mem-
bers of the May Court singing "Play
Gypsy, Dance Gypsy," a vivacious
gypsy song, in keeping with the mood
of all assembled there.

The maidens, chosen for their
beauty by each tribe, wait about the
throne for the queen who comes forth
to be crowned Queen of the May. Miss
Helen Stayton, attired in a regal gown
of black, rose, and gold, very capably
executed the role of queen. She was
crowned by Miss Theresa Scott, maid

SMALL DECREASE IN EGG LAYING

Egg Record Club Report Show
Slight Percentage Decrease
In Bird Average

Over 57,000 chickens were reported
on by their owners during April as
shown by that month's summary of
the Delaware Farm Egg Record Club
recently compiled by H. S. Palmer,
Extension Poultryman, and sent to
poultrymen of New Castle County
through the County Agent's office at
Newark. One hundred sixty-seven
farms reported for the month.

The average production during the
month of the pullet flocks was 17.4
eggs per bird, that of the hens 16.4
and of the mixed flocks (pullets and
hens together) was 16.9 eggs per bird.
This compares favorably with the
April, 1928, report, which showed that
the pullet, hen and mixed flocks laid
17.6; 16.3; and 17.8 eggs respectively.
The highest production for the month,
28.5 eggs per bird, was made by a
mixed flock of 110 birds.

Mr. Palmer in his summary includes
a resume of articles by Dr. E. E.
Tyzzer of Harvard University, on
Coccidiosis in Chickens. Dr. Tyzzer
has written the following on control
measures of this disease.

Control Measures. The total elimi-
nation of coccidia from commercial
flocks is probably impractical. What
should be sought for are such hygienic
conditions as will insure against large
doses of infectious material being
present, and at the same time, keep up
the vigor and well being of the birds.
Under such conditions, infection takes
place gradually, and the birds are
eventually fully protected. This end is
more readily accomplished in small
or moderate sized flocks than with
great numbers with more or less
crowding, and under semi-natural,
rather than under wholly artificial sur-
roundings. Although the disease-pro-
ducing coccidia require about two days
outside the body for the spores to
ripen so as to become infective, fre-
quent cleaning cannot be depended
upon to eliminate the infection alto-
gether, but does serve to keep it with-
in bounds.

The Milk Treatment. In case of an
outbreak, milk is quite generally used,
and its value appears to lie in that it
is a nutritious and appetizing food
that helps to tide the birds over a
critical period. It is not specific in
that it prevents infection or destroys
the coccidia. There is one objection to
the use of large amounts of milk in
that through its effect upon the in-
testine, the discharges become watery,
with the result that the brooder quar-
ters are likely to become damp and
chilly.

SUMMER SCHOOL OPENS JUNE 17

Primarily Teacher Training
School; Appropriation To
Cover Expenses Of
Delaware Teachers

It was announced last week that the
annual University of Delaware Sum-
mer School, under the direction of
Professor W. A. Wilkinson, would be-
gin session on June 17 and close on
July 26. The School is conducted
under the general direction of the
School of Education, and is essentially
a teacher's training school. Its pri-
mary purpose is to give teachers an
opportunity to utilize a portion of
their summer vacation in further
study and preparation for their work.

The School charges no tuition to
residents of Delaware, and a nominal
tuition fee of \$15 is charged to non-
residents. The appropriation to op-
erate the school this year is \$15,000.
From this the expenses of public
school teachers who attend the school
will be paid as far as possible. Each
will be allowed one round trip fare
from their home to Newark, and \$55
for room and board.

There are no examinations or other
regular requirements for admission to
the Summer School. All persons who
hold a teacher's certificate or have
passed, in whole or in part, the State
Board examinations are eligible to at-
tend. All other persons must satisfy
the director of the Summer School
that they are able to pursue with
profit the courses for which they wish
to register. Admission by the director
is not a guarantee that the State
Board will reimburse the student for
Summer School expenses. Only those
who comply with the rules of the
State Board concerning attendance at
Summer schools may expect such re-
imbursement.

The courses offered in the Summer
session are, with one or two excep-
tions, identical with or the equivalent
of courses given in the University
during the regular academic year.
Credits earned in these courses are
therefore applicable, according to the
aims of the student, toward the earn-
ing of either the elementary teacher's
diploma or a college degree. In order
to insure the regular standard of
thoroughness that is maintained dur-
ing the regular session, the normal
amount of credit that may be earned
in one Summer session is limited to
six credit hours. No student will be
permitted to register for more work
without permission from the director
of the Summer School and this per-
mission will be granted only to those
students whose previous records dem-
onstrate clearly their ability to do a
superior grade of work. Under no
circumstances will any student be
permitted to carry more than eight
credit hours.

LEGION GIVES CONCERT TO DISABLED VETERANS

Last Sunday afternoon, the Lt. J.
Allison O'Daniel Post, American
Legion, and its Ladies Auxiliary gave
a concert to the disabled World War
veterans at the government hospital
at Perry Point. The Continental Band
accompanied the Legion to provide in-
strumental music. Fully 100 Legion-
aires, members of the Auxiliary, and
friends made the trip.

The hospital authorities limited the
concert to about an hour and then
conducted the visitors through the
buildings. The Perry Point Hospital
has now 1,100 veterans and over 300
on the waiting list. There are 87
similar hospitals in the United States
with 1,000 bed capacities, and all are
crowded to the limit. It has been
forecast by experts that within the
next 10 years the hospital capacity
for the care of veterans will have to
be doubled.

LEGION CARD PARTY

The American Legion card party,
held Tuesday night in the Legion
Post rooms in the Old Academy Build-
ing, was well attended. There were
about 20 tables of bridge and 500. The
following, in the order of their scores,
took the prizes for bridge: Dr. Seth
Hurdle, Wayne C. Brewer, Mrs. James
C. Hastings, Mrs. Thomas Ingham,
Paul D. Lovett, Elizabeth Scotten,
Mrs. Seth Hurdle, Mrs. J. M. Barnes
and Mrs. A. F. Fader.

Mrs. C. K. D. Lewis, Orville Little
and Mrs. W. K. Gillespie won the
first, second and third prizes, respec-
tively for 500.

NEWARK TAKES STATE CROWN

Undefeated Junior High
School Nine Defeats Felton
For State Championship

The Newark Junior High School
slugged its way to the state crown in
the D. I. A. A. Elementary League by
smothering Felton 13 to 3 at the Dover
base ball park Tuesday. Newark's ac-
complishment is outstanding in that
they played through the entire season
undefeated.

Miner, of much repute, was sent to
the showers when the Newark's heavy
artillery added 7 additional runs to the
score in the fourth. Jackson, of New-
ark, pitched his usual sterling game

ANTI-PISTOL LAWS IRRATIONAL

In attempts to curb crime well-meaning people often advocate laws to make the sale and possession of small arms illegal.

It is interesting to note just what effect anti-pistol laws have had in practice. In New York, which has its drastic Sullivan law applying to small arms, there is no dearth of crime. The underworld which does not pause at robbery and murder, is not stopped by a felony law against gun ownership.

Large American cities are hot-beds of crime. Yet most of them have anti-pistol laws of some kind.

As a matter of fact, the most reprehensible and best organized criminal activities, gang outrages, employ machine guns and automobiles almost exclusively, because of their greater destructive possibilities. It is not worthy that in a number of communities where strict anti-pistol laws are in effect, machine guns are openly sold.

A citizenry which owns guns and knows how to shoot them is a strong protection against underworld depredations. Laws which make protection difficult for the law-abiding, defeat their own object and aid the criminal class.

If thou hast never been a fool, be sure thou wilt never be a wise man.—Thackeray.

The Nation's Tribute To Its Martyrs

Once more we bow in respectful silence while we pray for those brave soldiers who have given their lives that others might live.

Their shining example should inspire us, the living, to the highest ideals of nobility, courage and kindness.

Now, on Memorial Day, our souls should be filled with the spirit that animated those martyrs who have fought our causes and preserved our national entity.

MAY 30, 1929

Memorial Day

Today the people of Newark, its institutions and organizations, unite to pay respect to the heroic dead, and to reverently consider the significance of the sacrifice these dead have made. The memorial program planned is elaborate in its background, but in its essence it is powerfully and poignantly simple.

The parade with its colors, uniforms, martial music, floats; the services with the brief words of prayer and eulogy; the placing of a tribute and the final salute and, "taps"; all symbolize but a supreme love. "Greater love hath no man than he should lay down his life for a friend."

These dead whom we gather to honor had that supreme love which prompted them to the supreme sacrifice. The love of their nation and the people, who are the nation. We are the friends for whom they laid down their lives that we might live in peace and freedom and prosperity.

The thought of this love is brought to us today, and we should carry it away as an inspiration. These dead died that we might live, and we should make our living worthy of the sacrifice.

A Town Memorial

The possibility of a permanent memorial for the Town of Newark has been discussed at several recent meetings, and a number of organizations in the community have funds collected for such a purpose. These funds and the Memorial Day contributions will be deposited with Mr. J. E. Dougherty, temporary treasurer of the Permanent Memorial Fund. A general meeting will probably be called within the next few weeks, and at that time a committee will be elected to prepare plans for a Town Memorial.

At a general Memorial Day meeting, held last week, the permanent memorial idea was broached, and one suggestion was that the Old Academy Building be designated as a permanent memorial, and that the fund be used to repair and maintain that historic building. The suggestion is deserving of serious thought, as the Old Academy is probably the most historic spot and structure within the town. The only objection to the idea is that the Academy grounds are not large enough to accommodate such exercises as those which are being held today at the Memorial Library.

Newark is rich in historic tradition and it should have some spot and some monument or building which would adequately reflect this tradition. The Memorial Library could serve as such, except that Newark has to share it with the rest of the State. A number of other ideas have been advanced, and out of them all will probably come a plan which will provide the Town of Newark with a suitable and permanent memorial.

Dear Editor,

I notice in your valuable paper that someone has learned how to enjoy the climate.

You will confer a public benefit if you will publish the formula in the Newark Post.

of honor to the court, in a striking gown of red and gold. Members of the Court, chosen from each class, made a colorful background, attired in costumes of various colors. Those of the court included: Senior Honored Maiden, Lillian Steele; Senior attendants, Katherine Gray and Virginia Swain; Junior Honored Maiden, Dorothy Standley; Junior attendants, Pauline Thornley and Esther Pearson; Sophomore Honored Maiden, Florence Long; Sophomore attendants, Margaret Vessels and Dorothy Kraemer; Freshman Honored Maiden, Dorothy Callaway; Freshman attendants, Frances Jefferis and Mary Jane Davis. A series of dances following this scene includes the See Saw, The Tight Rope Walkers, The Cock Fight, The Jumping Rope Dance, The Gypsy Jubilee, Kamarinskai, Flemish Folk Dance, and Kamarno and Czebohar.

The next group of dances gives a picture of the Romanians of Russia, Hungary, and Bohemia. A rye and his rye in the persons of Miss Jean Kuselle and Miss Ruth Wood gave a particularly clever presentation of the Russian Mazurka, ceasing only to listen to the violin of a Hungarian gypsy. Then there is a Czardas filled with gypsy sorrow and gladness, and a rugged Bohemian dance.

From the beautiful land of Spain have come minstrels who add much to the gaiety of the occasion. The leader of this group of wanderers receives special attention from the fortune teller, who, as she dances, throws him

a rose. The role of the fortune teller was played by Miss Sarah Goldstein who distinguished herself by her able execution of the Andalusian Gypsy Dance.

One group after another dances in happy abandon, for this is the day when old acquaintances are renewed and all gypsies make merry. These dances include the Sorrentino and Santiago, La Mancha, Forrester's Dance, Gypsy Frolic, Flower Girl's Dance, the Maypole Dance, Morris Dance, and finally, the duet dance number, the Betrothal Dance, interpreted by Miss Barbara King and Miss Sarah Goldstein.

The pageant closes with a gypsy caravan scene. The Queen and her attendants go off on a hay wagon to again continue their travels, followed by the entire gypsy band.

To Miss Beatrice Hartshorn, head of the Department of Physical Education at the Women's College, and to Miss Agnes Thoms, her assistant, much credit is due for the successful presentation and direction of this pageant.

NEWARK HONORS SOLDIER DEAD THIS MORNING

(Continued from Page 1.)

Spanish-American War float will carry two veterans of that conflict in uniform, and the World War float will carry a soldier, a sailor and a marine. The third float will be a decorated open touring car to carry disabled veterans.

The line-up of the parade will be as follows: Grand Marshal; Company "E", Delaware National Guard, on foot, acting as escort to Major Buckingham; Major Buckingham; R. O. T. C. colors and band; R. O. T. C. unit, University of Delaware; Spanish-American War Veterans; Veterans of Foreign Wars colors and band; Newark and Wilmington Posts, Veterans of Foreign Wars; Newark American Legion colors and Continental Band; American Legion; Newark Boy Scouts; Newark school children.

The line of march will be down Delaware avenue to Chapel street, north on Chapel street to the Methodist Cemetery, through Choate street to Main street and west on Main street and Elkton road to the Episcopal Cemetery. It will then go back on Delaware avenue to the Library for the exercises.

At each cemetery a firing squad

from the Newark Veterans of Foreign Wars, and buglers from the American Legion and the Veterans will fall out. A salute will be fired and "taps" sounded.

Services

Mayor Frank Collins, of Newark, will preside at the services at the State Memorial Library. The University of Delaware has provided a speakers' stand and between 700 and 800 seats for spectators.

As the parade concludes its march at the Library, the Delaware R. O. T. C. unit will remain in formation and then give a review to Governor Buck. After Governor Buck makes his address he will present commissions to the 2nd Lieutenant in the Officers' Reserve Corp, U. S. A., to the R. O. T. C. graduates of the University of Delaware.

Colonel S. J. Smith, past national chaplain of the Veterans of Foreign Wars, will open the services with an invocation. Major R. G. Buckingham will recite "Lincoln's Gettysburg Address." Governor Buck will make the address of the day and present the commissions to the R. O. T. C. graduates. Ira S. Brinser, superintendent of the Newark Schools, will give a "Eulogy to the Dead."

The placing of the tribute to the dead this year will differ from that at previous Memorial Day exercises. The tribute will be a United States Flag, made of cut flowers and coming from all the organizations in the community. It will be placed on the book containing the names of the boys from Delaware who were killed in the World War, and which is in the rotunda of the Library. Elizabeth Morrison, the four-year-old daughter of Mr. and Mrs. J. S. Morrison will carry the tribute and place it on the book. She will be escorted by two Boy Scouts. While she is placing the tribute on the book, Mrs. S. J. Smith will sing, "Sleep, Soldier Boy, Sleep."

During the exercises there will be several band selections, and the assemblage will sing one verse each of "America," the "Battle Hymn of the Republic" and the "Star Spangled Banner." The services will be concluded with a salute by the Veterans' firing squad, and "Taps" sounded by four buglers; two from the American Legion and two from the Veterans of Foreign Wars.

Plan Permanent Memorial

The parade line-up and the program of services were tentatively arranged by a committee appointed by Mayor Collins, and finally approved at a general meeting of all the organizations of the Town. The Mayor's Committee was composed of Councilman Herbert Henning, Wayne C. Brewer, chairman of the American Legion Memorial Day Committee, and William Rupp, state commander of the Veterans of Foreign Wars. The general meeting was called last Friday night in the Post rooms of the American Legion, in the Old Academy building. Councilman Henning presided. The parade line-up and the program services were discussed and, after some slight rearranging, were approved.

After the program was disposed of there was a discussion of a proposed permanent memorial for the Town of Newark. It was decided that instead of the various organizations contributing flowers on Memorial Day, that each should give money, and that this be put into a fund for a permanent town memorial. A single floral tribute for the Memorial Day service was to be purchased from this fund. Several organizations reported funds on hand for such a purpose, and J. E. Dougherty was appointed temporary treasurer to receive contributions to the fund.

Mrs. Ernest Frazer, representing the Cooch's Bridge chapter of the Daughters of the American Revolution, made the suggestion that the fund be used to repair and refurbish the Old Academy Building, and that it should stand as a permanent memorial for the Town.

It was decided to hold another meeting in the near future, and at that time to appoint a committee to submit plans for a permanent memorial.

The following organizations and institutions sent delegations to the meeting, Friday night: Knights of the Golden Eagle, Odd Fellows, Red Men, Heptasophs, Faculty Club, University of Delaware, Newark Public Schools, Methodist Church, Veterans of Foreign Wars, Daughters of Rebecca, Pythian Sisters, Daughters of Pocahontas, Daughters of the American Revolution, American Legion, Council of Newark, Aetna Hose, Hook and Ladder Company.

LOWER COST AND BETTER SERVICE

While the cost of living today is two and one-half times what it was in 1890, the cost of electricity is one-third of what it was at the time, according to a review just issued by the National Electric Light Association.

With the exceptions of 1918 and 1925, electricity has decreased in cost every year since 1890. The average price of electricity for domestic use in the United States is now 15 percent under pre-war prices, though the cost of living is 70 percent above.

Compared with 1919, the first post-war year, the cost of electricity has decreased 15 percent. It is estimated that electricity represents but one percent of the family budget.

Of even greater importance is the fact that electric service has improved in direct proportion to the decrease in cost. This was made possible by the principle of mass production—small profits and a large turnover. The small plants, with their high cost and their comparative inefficiency, are rapidly disappearing and their place is taken by the great interconnected systems.

It is not stating the case too strongly to say that our industrial and social progress has been dependent on the progress made by the electric industry. And what has been accomplished for the city home is now being accomplished for the farm home by the smallest communities.

TORTOISE LOST IN AIR

Railway, street car and even airplane officials are accustomed to finding articles such as umbrellas, bags and purses that forgetful passengers leave in public conveyances. Recently, however, a stranger than usual was made in one of the Imperial Airways' Paris-London air liners, a small live tortoise, carefully encased in a cotton wool and resting in a cardboard box.

The shell of this tortoise was studded with rubies, emeralds and other jewels, making the pet a valuable object. The stones formed a geometric design. The tortoise was found to be the property of a woman passenger, who later reclaimed her strange pet.

To go a little further, according to the John Price Jones Corporation, of New York, fund raising consultants, the charitable gifts in the United States during the year 1928 amounted approximately to \$2,330,600,000. This surpasses the gifts of the year previous which amounted to \$2,219,700,000. Here are some figures worth meditating over for a moment. More than two and a quarter millions in a year for charitable purposes! Isn't this doing pretty well for a nation of dollar chasers, for a nation which our European brethren like to caricature as Shylocks?

The greatest amount of the contributions, we are told, went to religious denominations as in the past, but large gifts were made to organized charity relief, for educational purposes and for the advancement of health. Certainly even the most critical one will have little fault to find with this method of spending money.

Certainly no other nation has ever equalled this record in charitable giving. And be it remembered that in the past, when the occasion warranted, the American people have not hesitated to open their purse strings and give to alleviate the sufferings of unfortunate people in other lands as well as in America. The socialist of course

OXEN STILL USED

BY THE KOREANS

From time immemorial tilling the soil has been the principal occupation of the Korean people. Methods of cultivation preclude the use of mechanical devices, and, as the native horse is too small for farm labor, the farmer's main beast of burden is his ox or cow. These animals plow his fields, haul his heavy loads and turn his mill.

The last service which Korean cattle render their masters is to be slaughtered for food or for hides. Since the expulsion of Buddhism by the Yi dynasty in the fourteenth and fifteenth centuries, the people have been accustomed to the use of meat as an article of diet, particularly on all ceremonial occasions.

As most of the farmers live in small isolated communities, the cattle market becomes his "social centre," combining his club, newspaper and debating society.

It is well that there is no one without a fault, for he would not have a friend in the world. He would seem to belong to a different species.—Hazlitt.

He makes no friend who never made a foe.—Tennyson.

DELAWARE PLACES 4 IN MIDDLE ATLANTIC MEET

The University won placings in four events in the Middle Atlantic Track and Field Championships, held Saturday afternoon at Haverford College. Haverford won the team trophy, with Alfred second. The Delaware placings were: Collins, 4th in the javelin; Benson fifth in the discus; Sloan tied for third in the pole vault; and the Delaware Freshman relay team placed fourth in the Freshman medley relay.

The institutions competing were: Haverford, Alfred, Rutgers, New York University, Lafayette, Delaware, Johns Hopkins, Swarthmore, Dickinson, Union, Muhlenberg, Gettysburg, Ursinus and Manhattan. (New York University did not compete in team scoring, but entered a relay team in a special 2,400 yard race, and set a new world's record of 4:52 2/5 for the distance.)

ELECTRIFYING A NATION

While the electric industry was conceived to furnish light, it now furnishes motive power for from 65 to 70 per cent of manufacturing facilities of the country, according to Vice-President Farrar of the Electric Bond and Share Company.

The 3500 power companies in our country serve 22,000,000 customers and are reaching on an average of 2,000,000 more each year. Output doubled in the six-year period from 1909 to 1915, and during the following six years again doubled.

To meet this expansion, millions of plain, everyday American citizens have invested \$9,500,000,000 in electric securities and are expected to invest another \$900,000,000 this year to build new projects and extend lines to every nook and corner of the land, like the rural mail delivery system.

It is the penalty of fame that a man must ever keep rising. "Get a reputation and then go to bed," is the surdest of all maxims. "Keep up a reputation or go to bed," would be nearer the truth.—Chaplin.

RECORD BUSINESS FOR HAMMOND MOTORS

The newly completed open-air market for used cars at the Hammond Motors Company, Thirty-seventh and Market streets, Wilmington, was thrown open for the public yesterday. This large tract of ground, occupying as much space as the buildings of the Hammond Company, has been graded to street level and cemented. Forty machines can be advantageously displayed there. Flood lights have been installed, and at night the display is as brilliantly lit as the new Oldsmobiles and Vikings, which are in the showrooms of the Hammond Motors Company.

Business with this concern is far ahead of that for last year, total sales so far being as great as the sales made up until August in 1928. The company is enjoying the best business in many years.

In addition to being agents for Oldsmobile and Viking, the Hammond Motors handles two types of speed boats. They are the Sea-Sled and Speed-Craft. The business in this department has also been coming along very well, and Maxwell O. Hammond, president of the company, is well pleased with the response. A large part of the business is attributed to the recent show held in the lobby of the Du Pont-Biltmore.

ARTIFICIAL STONE CO. NOW ART STONE CO.

Due to the increase of business in its cast stone department, the Art Stone and Tile Company, formerly the Artificial Stone and Tile Company, at 2500 West Fourth street, Wilmington, is operating on a capacity schedule. Products are being supplied for the Kell Motor Company's Building, at Eleventh and Tenth streets; the Hazel tire agency, on Eleventh street above Orange; the M. E. Church at Elam, Pa.; the store and apartment building in Richardson Park, being built by Dominick Cantera, for A. Dentino; for the Delaware County National Bank Building, and the Chester Red Garage, both in Chester. Most of the above contracts are for stone trim. The Art Stone Company is also furnishing cast stone trimming for the Jones Concrete Products Company, which is doing work on a building for the Baldwin Locomotive Works, at Eddystone, Pa.

In addition to all this work, the tile department has been exceedingly busy, and the regular force of workmen, augmented by several men, is now on an overtime basis. Its largest contract, in this department, is for all the tile work in the Emelia P. Warner School, at Eighteenth and Van Buren streets. Tile is being set in all toilet rooms and terrazzo in being laid in the corridors and lobbies. Another tile job is that for three baths in the Merchler residence, being built at Brandywine Summit, Pa., by the Brandywine Construction Company.

the Claiborne-Annapolis Ferry Company, was awarded Cann Brothers and Kindig, printers, of Twelfth and Washington streets, Wilmington, last week. They will contain brief descriptions of points of interest. The ferry line is noted as the most historic route in America. Cann Brothers and Kindig have guaranteed delivery of this order in three weeks.

Another large award received last week was 300,000 sets of printed forms to be mailed throughout the East by a local concern. Each set will consist of 5 pieces of printed matter. One hundred thousand of these sets will be addressed by hand, the remainder by typewriter. Postage alone will cost \$2,000. Because of its night and day shift, the plant will be able to deliver the order on contract time.

The firm is now making a specialty of bank forms, and last week received an order for 50,000 statements for a local financial institution. Absolute accuracy is essential, as these statements are used in automatic machines. A daily contract which this firm has is for the printing of the baseball score and racing results sheets. Copy is handed into the office at 6 o'clock and at 7.30 it is ready for delivery.

Successful Poultry Woman Denies She Is Lucky

Says Common Sense Makes Dollars

But let her tell you about it: "Since starting to raise poultry a year ago, most people call me lucky. My 17 hens averaged twelve eggs daily. In March we purchased 108 baby chicks and today have 97 husky seven-week-old birds."

"My hens are always fed the best I can buy, and I found B-B Jersey Mash and B-B Scratch Feed suited them most. Because of my success with this line of feed, our baby chicks have had only B-B products—Chick Starter, Growing Mash and Scratch Feeds."

"Having selected the best feed, I faithfully followed the directions for use. The proper feed and the proper use of this feed offer the whole explanation for my so-called luck."

"It is good judgment in the choice and use of feed, that brings success in poultry raising and not luck."

You too can have Mrs. Gray's "Luck" if you use Bull-Brand Feeds. We guarantee biggest egg production or refund your money. Start having good luck today. Maritime Milling Co., Inc., Buffalo, N. Y.

WHEN NEW ENGLAND HAD ITS "LIBERTY TREES"

In 1763 The Boston Chronicle published the "Liberty Song," by John Dickinson of Delaware, and soon after there was a "liberty tree in almost every town in New England. The trees were already growing and were noted for their size or beauty. Most celebrated of these was the great elm at the corner of Essex and Washington streets in Boston. The Sons of Liberty met secretly under its shadow, and when the stamp act was passed effigies of the deputy collector and the members of Parliament responsible for its passage were hung from its branches and left to dangle there until cut down by indignant Tories.

When the act was repealed the tree was decorated with bright ribbons and lighted lanterns, and the following inscription was placed on the trunk: "This tree was planted in 1614 and pruned by the Sons of Liberty Feb. 14, 1766."

A SUPERLATIVE BEARD

The longest beard recorded in history—or at any rate up to the time of the publication of Arvine's Cyclopedic in 1883—was that of John Mayo, painter to the Emperor Charles V. Though he was a tall man, it is said that his beard was so long that he could walk upon it. He was proud of it, and usually fastened it with a ribbon to his buttonhole. Sometimes he would untie it at the command of the Emperor, who took great delight in seeing it blow in the faces of his courtiers.

Christiana

Children's Day services were held in Salem M. E. Church last Sunday evening, when the children presented an excellent program of songs and recitations.

Similar services will be held in Christiana M. E. Church on the evening of June 16, and in the Presbyterian Church on the same date at three o'clock in the afternoon.

Mr. R. Earle Dickey will preach at the morning service in the Methodist Church next Sunday. In the afternoon Rev. Dr. H. W. Ewing, of Newark, will preach at Salem Church.

Following the business session at the meeting of the Presbyterian Ladies' Aid Society last Wednesday evening, a musical and literary program was carried out, as arranged by Mrs. Charles M. Appleby. Mrs. Appleby was to have presided at this entertainment, but was unable to be present, owing to the serious injuries which she sustained in an auto accident earlier in the week. The program was as follows: Several songs by the Society; recitations by Irene, Mildred and Rachel Morrison, Raymond Lewis and Sylvia Phelps; musical selection by Katherine Dance; readings by Elsie Walker and Dorothea Rothwell; guessing contests enjoyed by all present.

There was an unusually large attendance at the meeting of the Methodist Social last Thursday evening, at the home of Mr. and Mrs. Gregg Lynam, in Stanton. Mrs. H. V. Lynam was chairman in charge of the program, which was varied and interesting.

The play, "Tea Toper Tavern," given recently in the Presbyterian Church here, will be repeated in Red Lion M. E. Church on the evening of June 6, at 7:30 o'clock, standard time. The original cast will remain intact for this second performance, and they are all hoping for as warm a reception at Red Lion as they had here at Christiana.

The last of a series of square-dances was held in the Firehouse last Friday evening, but for some reason there was not so large an attendance as at some of the others.

At the regular meeting of the Ladies' Auxiliary of the Fire Company last Tuesday evening, a part of the program was furnished by the school orchestra, under the direction of Mr. Frank Mayer, of Newark.

The Girl Reserves met Tuesday evening at the Methodist Church, with Miss Ruth Kemp, of Dover, and Mrs. Preston W. Spence, Jr., present as advisors. Preparations were made for the Mother-Daughter supper, which the girls are planning to give Wednesday evening, June 5, in Eagles' Hall. The mothers will be the girls' guests for the evening, and it is rumored that the ladies are to be royally entertained.

Both teachers and pupils are still working hard preparing for the graduation exercises, which will take place in the Methodist Church, Friday evening, June 7. A most cordial and urgent invitation is extended to everybody in the community to attend these exercises. There will be a special speaker for the occasion, and music will be furnished by our own school orchestra, which has pro-

gressed so rapidly under the instruction of Messrs. Barker, Mayer and Chalmers, of Newark.

The regular monthly meeting of the Christiana Improvement Association, with which is combined the Parent-Teacher Association, will be held in the schoolhouse next Tuesday evening, June 4.

Mrs. Charles M. Appleby is still a patient in the Homeopathic Hospital in Wilmington, suffering from injuries received in an auto accident ten days ago, when the car in which she was riding with her husband was struck by another car at the intersection of the Basin and Hare's Corner Roads. She sustained severe lacerations of the scalp, a fractured collarbone, two broken ribs, and numerous painful bruises. X-rays from time to time, however, have shown the bones to be knitting nicely, and she is resting as comfortably as possible under the circumstances. Her many friends are wishing for her a speedy recovery.

Mrs. Rachel Davis spent last Wednesday with her sister-in-law, Mrs. James Appleby, at her home here. Mrs. Davis is one of Christiana's real "old-timers," but at present she makes her home with her daughter, Mrs. William T. Harrington, of Bear.

Mrs. Oliver Rothwell spent the week-end with friends in New Jersey. Mrs. A. P. Howell, of near Strickerville, was the guest for several days last week of the family of her son, Mr. Wm. Howell, of this place.

Mr. and Mrs. A. H. Vincent had as guests, on Sunday, Mr. and Mrs. Geo. McCarna, of Wilmington.

Miss Lois Phelps was overnight guest, last Thursday, of Miss Elizabeth Richards, of Newark.

During the past week Mrs. John W. Moore has been entertaining her cousin, Mrs. Bertha Lacey, of Washington, D. C.

Miss Dorothea Rothwell visited, over the week-end, at the home of her cousins, Mr. and Mrs. Harvey Macclary, near Corbit Station.

John Moore, Jr., is the proud possessor of a new roadster, a Chevrolet Six, a birthday present from his parents, Mr. and Mrs. John W. Moore.

Mr. and Mrs. Howard Vincent, of Elkton, visited, Sunday, at the home of Mr. and Mrs. William Howell.

Miss Florence M. Appleby is spending some time at the home of her brother, Mr. Charles M. Appleby, near Christiana.

Miss Margaret Walker, of Newport, spent the week-end with her cousin, Miss Frances Lacey.

Mr. and Mrs. Asa Smith entertained the following guests on Sunday:

WE want your help in selecting a good selling slogan for our popular loaf of FADERS' QUALITY BREAD. Make a game of it, like "Ask Me Another" or Cross-Word Puzzles! Have all the folks sit down together after dinner and try their hand at bread slogans. Or "go it alone" like our New York to Paris flyer, Lindbergh! See what kind of a writer or an advertising man you would make. You'll find it interesting pastime—and perhaps a profitable one.

Some Hints for Slogan Writers

Observe the first law of the advertising man—"Know your product." In other words, get a loaf of FADERS' QUALITY BREAD, if you are not already familiar with it, and find out for yourself what outstanding qualities it has. Test it in every way possible. Do everything to it you ever did with bread. Toast it. Make sandwiches with it. Try it with jam. Spread peanut butter on it. Eat it just plain. You will be so delighted with its appetizing flavor, its soft smooth texture and its other exceptional qualities, that ideas for slogans will start flowing at once.

Try to write such a slogan, that if you read it in a newspaper ad you would want to go out and buy this delicious wholesome loaf. A pencil, paper, and a little thought on FADERS' QUALITY BREAD may win you one of these cash prizes:

You have a chance to win one of these
three cash prizes:

1st Prize \$25:2nd Prize \$10:3rd Prize \$5

These Are the Few Simple Rules

1. Anyone can compete except employees of Faders' Bakery.
 2. The slogan must not contain more than six words.
 3. Each person may send in as many slogans as he or she likes.
 4. All entries must be in our hands before 6 p. m. Wednesday, June 19.
- The Judges are George W. Griffin, Ira S. Brinser and Warren A. Singles.
- The prize winners will be announced in this paper on Thursday, June 20.
