United Nations Day Dinner Success For Service Clubs

Speaker Brian Meredith Expounds Need For Critical
Interest In World Affairs By Citizens

More than 175 members of Newark service and civic clubs attended a dinner meeting Tuesday night at the Masonic Temple in observance of United Nations Day.

Principal speaker of the evening was Mr. Brian Meredith, from the United Nations headquarters, who recently returned from an assignment in Korea.

Mr. Meredith spoke on the topic "The United Nations at Work in Korea" and expanded this subject considerably by responding to numerous questions from the audience.

Keeping up of a critical interest in the world and United Nations affairs is the way the ordinary citizen could help the United Nations was the theme of Mr. Meredith's address.

He described the UN effort in Korea as the "greatest companionship" of men from many lands who are resisting the aggression there; and he touched upon the practical work in non-political ways being carried out in many parts of the world by the many committees and agencies affiliated with the parent organization.

Mr. Meredith described the United Nations as a machine for maintaining international relations and for taking prompt international action that could not be allowed to run down. He warned that there might be failures or delays, but the peoples of the world who made up the UN had to keep on trying and could not relax in their efforts to cooperate.

Dr. Herbert Dorn, professor of Economics at the University, headed the program committee and prior to introducing the speaker of the evening pointed out the necessity of an organization such as the UN. Dr. Dorn quoted Adolf Hitler's personal interpreter as saying that Hitler admitted to the fact that if the nations of the world against which his acts of aggression were indirectly committed had taken unified action, then he would have been forced to withdraw.

Mr. Holger Schaumann, President of the Rotary Club, gave the welcome address and introduced the members of the program committee.

Prayer and invocation was given by Rev. Everett Hallman and music was provided by Mrs. William S. Martin.

Five Appointments Made This Week To Newark High Staff

Designation Of Capitol Trail
Site Pending Release
Of Restrictions

Designation of the site for the proposed new Capitol Trail School has not been determined. Supt. Wilmer E. Shue said this week, because the local building commission has not yet been released from restrictions previously imposed by state officials.

Upon receipt of such release selection of an architect and site for the 15-room Capitol Trail building will be promptly selected by the commission.

Three new teacher appointments made this week leave only two vacancies, both on the elementary faculty, at the Newark schools.

The newcomers to the staff are: Mrs. Martha Wilson, high school English; Albert Brayman, high school mathematics, and social studies; and Mrs. Deat Condra, elementary school.

Mrs. Wilson, former elementary school secretary here, has five years teaching experience. A native of Dalmatian, Pa., Mrs. Brayman also has five years classroom experience. Mrs. Condra, native of Columbia, Mo., has been engaged in elementary work for nine years.

Named to the school's administrative staff are: Mrs. Clara Truitt, Lovett Avenue, as secretary and bookkeeper; and Mrs. Milton Young, also of Newark, part-time stenographer. Mrs. Truitt once before served in the school office for a number of years, resigning in 1945.

The two remaining elementary staff vacancies probably will not be filled until additional classrooms are provided with the reopening of the old Main Street school following completion of repairs there. This work has again been delayed, Mr. Shue said, due to a hold-up in the delivery of materials.

Three Minor Auto Accident Reports Filed By Local Police

Slippery Highways Blamed
For Two Of Three
Incidents

Mrs. Charles M. Cooper, Capitol Trail, suffered neck injuries and shock last week as a result of an automobile accident involving a car in which she was a passenger. Treated at the Delaware Hospital and released, she is recovering at her home.

Mrs. Ann Crunden was driving her car, accompanied by Mrs. Cooper, along the wet street at 8:25 a.m. when, forced to stop in a line of traffic, it was struck in the rear by another car driven by Miss Alberta Johnson, Eastburn Heights. Police estimated damages to the Crunden car at \$125 and the Johnson car at \$15.

Another accident occurred at 11:45 a.m. Saturday when a car driven by Bernard P. Doordan was struck by a truck driven by Anthony Sacuski, Locustville, Pa., as Doordan attempted to back out of the Newark Auto Sales driveway. Damage was estimated to the Doordan car as about \$450 by police who also placed the probable damage to the truck at about \$200.

Arthur Booth, colored, of Glasgow Road, was knocked from a bicycle he was riding on the wrong side of the wet road at 12:45 a.m. last Friday, when hit by a car being driven northwardly by James T. Mattson, 117 East Delaware Avenue. Bruised and shaken up, Booth was brought to police headquarters, where he was released by the local ambulance.

Madrigal Singers To Entertain AAUW Next Monday Night

University Group Directed By
J. Robert King

The University Madrigal Singers, one of a very few groups which sing early madrigals, some dating from the 16th century, will entertain the Newark Branch, American Association of University Women at its opening meeting next Monday night. The meeting will be held in Warner Hall at 8:15 p.m.

J. Robert King, associate professor of music at the university, is the director of the group which has given four programs in the year since it was organized. According to Mr. King there are only two or three professional madrigal groups in the country, although in some other universities similar amateur combinations have been formed. The music comes from western Europe written from the sixteenth through the eighteenth century.

Other members of the group are: Mrs. Marvin Fenema, Mrs. David Bushnell, Miss Mildred Gaddis, Mrs. J. A. Gerster, Miss Elizabeth Crook, Mrs. Henry Lee, Mr. Fenema, Robert Powell and Mr. Lee.

Mrs. L. A. Grettum is chairman of program for AAUW. Mrs. Arthur Johnson, arts chairman, has arranged for the concert.

Danita Hosiery Co. Asks \$17,000 Refund For Power Consumed

Claims Overcharge Caused
By Defective Meter
In 1947 to 1949

An ordinance establishing a planning commission for the City of Newark and prescribing its duties and powers was given its initial reading at the bi-weekly meeting of the Council of Newark, Tuesday evening. Councilman Frank Durnall presided over the session in the absence of Mayor Wallace Johnson, who is on vacation.

H. C. Boden, Eugene Slitz, A. F. Fader, L. A. Grettum, C. S. Maddock and E. L. Overbey comprise the six-member Planning Board recently appointed by the Council. It shall be the commission's duty to survey, plan and regulate traffic, right-of-ways, fire hazards, public improvements, location and areas of structures, viaducts, parks, and playgrounds, etc. Three members of the commission shall serve for one year and three are to serve for two years. Thereafter all terms shall be for a period of two years.

City Engineer Carl S. Rankin presented to Council a claim by Danita Hosiery Company for a \$17,000 refund on electric power consumed from June 1947 to December 1949. Danita claimed that the overcharge was caused by a defective municipal meter installed at its plant.

Admitting the defective meter, Councilman Rankin stated that his calculations placed the overcharge at approximately \$8,000 and said he would fight the \$17,000 Danita claim unless a satisfactory compromise is reached. He Solicitor John P. Sinclair and the Light Committee were authorized to endeavor to effect a settlement with Danita.

A discussion of the proposed extension of Delaware and Cleveland Avenues disclosed that City Supervisor Neide had conferred this week with State Highway officials who are receptive to the plan and hope to make necessary funds available in the very near future. It is impossible, Councilman Neide said, for the town to attempt this \$100,000 project on its present 30-cent tax rate and local traffic will have to suffer temporary inconvenience until state aid is forthcoming.

Supervisor Neide was instructed to work out new stops for the buses operated by Delaware Coach Co. to eliminate their scheduled stop at the Academy and Main Street Intersection. Councilman Durnall was authorized to contact candidates for special police duty on Cleveland Avenue and the Police Department was instructed to enforce restrictions against traffic violations throughout the city.

The Delaware Power & Light Company has been requested by Council to evaluate its lines on South College Avenue to enable Council to make electric current available to the Hugh F. Gallagher, Jr., Silverbrook Development of 52 homes on Glasgow Road. Bids were also authorized on extending water lines to serve this area. The proposed new Building Code will be given its final reading and come up for passage at the November 6 meeting of Council.

A request to rezone a lot facing the University Gardens Apartments, on the East side of Elkton Road, owned by William Swan, to business property was opposed by a petition of ten adjacent property owners. Samuel Handloff, representing University Gardens Apartments, and Dr. Harold Feeney, a nearby property owner, voiced objections to the rezoning. Mr. Swan appeared in his own behalf. The request was referred to the newly appointed planning board after Councilman Rankin expressed the view that such a step should be a part of a larger plan to extend all of the city's business restrictions.

City ash collections will begin Monday, October 22, and continue on each Monday thereafter. Ashes must be placed on the curb in non-combustible containers not too heavy to be lifted by collectors.

Newark Passes Halfway Mark In Red Feather Fund Campaign

Those Not Contacted At Home May Make Contributions
To Mr. Johnson At Rhodes'

Contributions to Newark's 1951 Red Feather fund campaign passed the halfway mark early this week. It was announced by George M. Worrlow, general chairman, who at the same time urged all campaign workers to renew their efforts during the final week of the drive.

The purpose of the Red Feather campaign is to raise funds to finance throughout the coming year the operations of 25 health, welfare and character building agencies serving the people of Northern Delaware. A part of these funds will also be used for U.S.O. activities wherever our men and women in uniform are stationed.

In reporting on the Red Feather campaign of the United Community Fund, Mr. Worrlow expressed satisfaction with the progress made during the first week. He emphasized, however, that the drive can be completely successful only if our volunteer workers make a strong finish in this final week. We must see that every resident of Newark is made familiar with the sound purpose of this campaign and is given an opportunity to contribute.

In order to make giving easier for newcomers to Newark who might not be solicited directly and for families who may be away from home when

Public Invited To View Work Of Italian Artists At University Art Show

The Art Gallery of the University of Delaware is now exhibiting a collection of original paintings by Contemporary Italian Artists. This exhibition, circulated by the American Federation of Arts, is a selection of paintings from the Giuseppe Verrocchi Collection, Milan, Italy. It was shown first in Venice's Royal Palace in the summer of 1950 and again at the Milan Fair in the spring of 1951. It comes to the University from its first showing in this country at the Time-Life International in New York. Many well-known Italian painters are represented. There is great variety in mood and style. This is demonstrated by the vigorous painting entitled "Vulcan Forge" by DeChirico and the classically serene one called "The Boat of Faggots" by Donghi. This exhibition will be on view during library hours through October the twenty-ninth.

All interested persons are most cordially invited to view this exhibition.

Cameli Flowers Win 4 Firsts, 2 Seconds In Annual PRR Show

Local Grower Recognized
After 14 Years Of
Hard Work

Phillip Cameli, a track foreman for the Pennsylvania Railroad, recently was notified he had won four first and two second prizes in the employees' section of the Pennsylvania Railroad Garden Club's Fall Flower Show, held Sept. 6 and 7 in Thirtieth Street Station, Philadelphia.

Mr. Cameli also took the second award in the special beautification contest.

The awards mark the climax of 14 years of flower growing for Mr. Cameli, who started to work on the grounds at Stanton when he was transferred there in 1937.

A veteran of 42 years' service with the Pennsylvania, he joined the railroad when he was 14 years old, when he lived in Baltimore. Later he was transferred to Wilmington, and for a time worked in Philadelphia.

He took time enough from his railroad career to serve in World War I, where he took part in the engagements at Meuse-Argonne, and St. Mihiel.

When Mr. Cameli was sent to Stanton, C. E. McVey, station agent for Stanton and Newport, had a garden there. Mr. Cameli and other men helped him with it, and at his death, Mr. Cameli says, "I just took over."

He didn't enter any competitions for 11 years though. Then, in 1949, he entered the beautification contest, which is held yearly for employees of the railroad who have developed and planted areas where they work on their own time.

Banks To Stay Open Till 8:30 Fridays

An increasing demand for after-working-hours banking facilities is responsible for an announcement, made last week, that local banks will extend their Friday night service, effective tomorrow evening.

With both local institutions closed on Saturdays, the working man has little chance to do his banking other than the one evening a week banks are open. So, in order to more adequately serve this phase of community banking requirements, the Farmers' Trust Company and Newark Trust Company have jointly announced that both institutions will be open each Friday evening from 6:30 until 8:30 instead of closing at eight o'clock as they formerly did.

It is hoped that the extra half-hour will suffice to meet local conditions. If not, further steps to alleviate the situation will be taken.

NHS Triple Effort Marks Cooperation In Safety Program

Safety Inspection, Fire Drills
And Essay Contests Are
Conducted

The Newark Public Schools have made a triple effort to participate in the Fire Prevention Work this year. Students are writing essays which will be judged and winners selected. Fire drills were held in all school buildings last week with Fire Chief Elmer Allison, Chief of Police William Cunningham, Sergeant Leroy Hill in attendance.

The high school building which houses in excess of one thousand students, was emptied in one minute forty-five seconds. The elementary building which houses between six and seven hundred students required one minute thirty-seven seconds for evacuation. The New London Avenue Building with one hundred students was cleared in the record time of thirty-six seconds.

The third phase of fire safety involved a complete inspection of the school buildings. Each building principal was given a form containing 33 items. The principal was asked to check each item which evaluated safety factors and conditions in the building. Such items as exit doors opening outward; doors equipped with panic locks; exit doors free from obstruction; interior stairways enclosed; heating plants properly insulated; provision of fire extinguishers, etc.

These complete inspection reports have now been filed with the Department of Public Instruction in Dover.

Life With Father To Open Theater Season Next Week

Number of Local Residents
In Play Opening
Wednesday

The Newark theatrical season will be officially opened next week when the E-52 Players begin their 20th season with a presentation of the play with the longest Broadway run in theatrical history, "Life With Father." It is hoped that the three performances at Mitchell Hall, Wednesday, Thursday and Friday, October 24, 25 and 26 will offer ample opportunity for the community and the students to see one of America's finest comedies. Special notices have been sent to a list of new residents of the community provided by Mrs. Samuel Handloff, director of the Welcome Wagon.

All seats for the three performances are reserved. Local residents may secure their tickets in advance either at the Newark Department Store or at the box office in Mitchell Hall from 3:30 to 5 p.m. and 7 to 8:30 p.m., daily.

There is more than usual interest in this production because of the number of local residents who are taking part in the play. Dr. Cyrus L. Day, resident of Newark for many years and a member of the English Department at the university is playing the title role of father, to whom he is distantly related. Dr. C. R. Kase, also a resident, directs the production in which his daughter, Judith, plays the part of Mary. Bill Colburn, son of Provost of the University, Dr. Allan P. Colburn, plays one of the sons and Fraser Jones, grandson of one of the town's oldest residents, Ernest Fraser of W. Main Street, plays the part of the youngest "Day" child. Joy Murray, daughter of a prominent recent resident, William D. Murray, now football coach at Duke University, plays the role of Annie, one of the Day's maids. Others from Newark include Herman Middleton, technical director of the show.

New DuPont Building Near Newark Named Louviers

The new DuPont office building now under construction near Newark has been named the Louviers Building, it was announced yesterday by F. G. Tallman, Jr., director of the company's Office Building Department.

The name Louviers is of French origin and thus follows the pattern that was established in the naming of the company's original office building, the DuPont Building, and its second unit, the Nemours Building, both in Wilmington. Louviers is a town in northern France near the family estate of the company's founder.

Work on the new building which will provide space for some 2,000 DuPont home office employees, is now well under way, and it is expected that it will be ready for occupancy in the late fall of 1952.

Service Clubs Back Forum Trip Again

Five Newark High students along with a member of the faculty will attend the Herald Tribune Forum for high school students in the Gold Ballroom of the Waldorf-Astoria in New York City on October 23. The session will be held from 2:00 to 5:00 p.m.

Students chosen to attend are Irene Klahr, James Draper, and Richard Dayton, seniors, and Margie Fry, Junior. Faye Meredith will represent the Yellow Jacket Buzz staff in the special press section at the meeting. Miss Jeannette Thoroughgood, sponsor of the "Buzz" will accompany the group to the forum. NHS Sports Round-Up

Newark after losing a 7-6 decision with Salesianum, came back to win over Wilmington High's Red Devils, 13-12, on Friday night, October 12, at Newark. Wilmington stood undefeated in eight games when they went into this game.

After losing the toss, the Red Devils kicked to Newark to open the game. Jerry Leahy took a poor kick and went to the 40-yard line. On a series of plays Newark's Dan Palmer got a first down. Then Dave George fumbled and the Red Devils recovered. On Wilmington's first play Frank Stewart threw for a 3-yard loss. After failing to move the ball they kicked and Albert Jexyk made an excellent block so Blaney could run the ball back. Newark, after losing some ground, was forced to kick; but Wilmington's line came in and Frank Stewart elected to run, behind good blocking, which moved the ball for a first down. Stewart was injured on the play and was taken from the game.

On the first play in the second quarter, Dan Palmer, Newark fullback, got 5 yards on a run through center. Joe Thorpe, a junior, was injured on the play and Neil Kline was sent in to take over the duties as center. Art Boulden, a junior, was shifted from center to guard. The Dick Lawson on a run line plunge got a gain of 5 yards for a first down.

On a fake kick, Frank Stewart made a bad pass to Blaney, who fumbled on a reverse and the Red Devils recovered. After a series of fumbles by the Red Devils' backfield, Jerry Leahy recovered the ball on WSS's 47-yard line. Then Dave George passed to end Bill Knotts ten yards. Art Boulden injured his leg on that play and Ferris Lee took his place in the line-up at guard. Newark got a first down on a penalty, ruffing the kicker. This ruffing injured Dick Lawson, and John Smith, a sophomore, went in for Lawson as right halfback. Wilmington, after a series of first downs, moved to Newark's five-yard line. WSS's Raymond, left halfback, fumbled the ball on Newark's one-yard line and again Jerry Leahy recovered to end the first half, with the score 0-0.

Newark kicked to Wilmington to start the second half. After the Red Devils couldn't make a first down they kicked but it was blocked by Don Sharpe. Then on a pitch-out from Dave George to John Smith, Newark gained 7 yards for a first down. Bunnly failed to make a first following this and Dave Hurm went in for Bill Knotts, making a fine tackle to stop the Red Devils' halfback for a one yard gain.

With a few exchanges of the ball, the Devils made a 60-yard drive from their 40-yard line, led by Ventresco, the right halfback, and scored from the one-foot line to lead 8-0. They attempted to run around end for the extra point but failed to achieve it. They then kicked to Newark; Dan Palmer took the ball to the 25-yard line to end the third quarter.

Blaney then showed his All-State quality by making a 75-yard run down the side lines to set up the Yellow Jacket T.D. Dave George after two plays handed the ball to Blaney who side-stepped the Red Devils' linemen to score and tie up the ball game. Wilmington blocked the kick.

Newark kicked off to Wilmington and the WSS man was dropped at the fifteen yard line. Wilmington then took to the air and moved up the field. Janicki, Wilmington's quarterback, then passed into the end zone but his toss was incomplete. From here the Yellow Jackets took over at the 30-yard line.

After a time-out, Newark's quarterback, Dave George, gave the ball to "big" Dan Palmer, the Y.J.'s fullback, who smashed through the Red Devils' line by an opening made by Don Bramble and Albie Sparks for a 60 yard gain for a T.D. to move the score to 12-4. Bunnly Blaney then converted for the extra point. After a long drive of passes and runs, Ventresco scored again but failed to get the vital extra point. Newark won 13-12.

Newark Seeking Fourth Win Of Season In Wm. Penn Tilt

Coach Billy Cole Still Looking For First Win Over Spasato Coached Eleven; Kickoff Sat. 2 P.M.

Newark High School's high flying Yellowjackets, surprise winners last week over a highly touted Wilmington High School eleven, will be out to continue their winning ways Saturday when they meet William Penn High School at New Castle. The afternoon affair is slated to get under way at 2 p.m.

Coached by Billy Cole, former Blue Hen backfield star, the Colonials were knocked out of the undefeated ranks last week by Friends School, 31-6. Prior to this defeat they had knocked off on successive weekends two Maryland opponents, Havre de Grace and Bel Air.

Saturday's encounter will mark the third time Newark teams under the direction of Fred Spasato have met those coached by Billy Cole, his backfield mate for three seasons at Delaware, and Cole will still be trying for his first win. Both previous meetings have resulted in one-sided victories for the locals.

Despite the bruising battle with the Red Devils last week, the Yellowjackets will be at full strength Saturday with the exception of the center position where Arthur Boulden, taking over for first string center Marshall Young, is on the doubtful list with a sprained ankle. With both Boulden and Young on the mend, Neil Kline will be called on to man the important pivot post.

Held well in check by a rugged Wilmington defense for the first half last week Bunnly Blaney, Newark's winged footed backfield star, got the Jacket attack going with a sizzling dash of 50-odd yards down the sideline before he was hemmed in by the Wilmington safety man and one of the Wilmington blockers. With the pulled legments in his leg responding to treatment Blaney is once more at full strength and that means trouble for any Newark opponent.

In Jimmy Trabauda, speedy little broken field runner, the Colonials have an offensive threat of their own. Despite the fact he was held scoreless in last week's loss to the Quakers, Trabauda brought the New Castle followers to their feet several times with his punt returns. Given sufficient running room this little speedster could give the Newark plenty of trouble.

Rose Tree Course Set For Challenge Cup Race Saturday

23-Jump Timber Race, 3 Flat Events On Program

Though, at time of writing, all of the entries for the Rose Tree Races on Saturday, have not been tabulated, those that came in the Saturday mail assure a banner meeting. Practically an equal number will be received this morning. The surprise of the entries is the fine field indicated for the Rose Tree Hunter Challenge Cup three mile timber event. Ten great timber horses are listed with three or four more a probability. This will mean a very exciting race as the horses must jump 23 fences on their three mile journey. Indeed, excitement should reign all afternoon as in addition to this thrilling jumping race, there are two brush steepchases at two miles, one for maidens and the other a handicap. Regular fans should get out and see something in the racing line that is not given at the local tracks. These jumping races are the most dangerous and exciting of all horse races.

Flat enthusiasts are not neglected on Saturday as there are three. These are at six furlongs, one mile and one mile and a half.

Rose Tree feels that the entry should result in one of the finest race meetings in many years. The first race will start at 2:00 p.m. and the meeting will be held rain or shine.

Audio-Visual Aids Program Enlarged In Local Schools

H. Lewis Miller, N.H.S. Teacher, Is In Charge Of Program

The Newark Public Schools have continually enlarged their audio-visual aids program since 1948 when named as Pilot School No. 8 by the National Education Association Department of Secondary Teachers.

During last year the school was very fortunate and indeed happy to receive a generous donation from the Newark Rotary Club. The entire donation was used to buy audio-visual aids and equipment. Also through the cooperation of the students, parents, friends of the school, and teachers, the school won a television set through the local Acme store. During the study hall periods, many of the students saw the world series baseball games.

In addition to the television set, the school owns and uses the following audio-visual aids and equipment: maps, globes, exhibits, specimen objects, posters, filmstrips, displays, sound films, 4 sound film projectors, 2 filmstrip projectors, record players, 3 opaque projectors, 5 projection screens, 1 tape recorder, 2 microphones, 1 motion picture camera, and 1 reflex camera.

The audio-visual aids coordinator is Mr. H. Lewis Miller, chemistry and physics teacher.

Blue Hens Out To Avenge Last Year's Trouncing By Temple

Contest At Wilmington Park On Saturday Night To Mark First Delaware Appearance of Kawa's Owls

Sporting identical records of three wins against one loss, the University of Delaware Blue Hens and the Temple Owls will meet at Wilmington Park Saturday night at 8:15 p.m.

Regardless of which team wins, tail feathers are due to fly. Last week the Blue Hens sharpened their spurs against an outclassed troop of Kaydets from Pennsylvania Military College while Temple knocked off Albright handily. Sitting in the stands at Wilmington Park last week was a whole covey of Owl scouts and if Dave Nelson has any tricks up his sleeve, they will have to be something not used against P.M.C.

Blue Hen Booters Outkick Bucknell At Lewisburg, 2-1

Dos Santos And Schmidt Goals Win Opener Over Bisons

The University of Delaware's soccer team, which hadn't won an opening game since 1948, the same year it last defeated Bucknell, came from behind at Lewisburg, Saturday, to rack up a thrilling 2 to 1 win over the Bisons.

The losers scored after 10:05 of the first quarter when Doc Shelley sifted through the Blue Hen defense and banged one home. That was the extent of the Bisons' scoring as Co-Capt. Nelson Wilcox and John Kinter constantly got Delaware out of trouble. Wilcox was especially efficient.

Delaware roared back to tie the contest when Jan Dos Santos, diminutive left inner, booted home a penalty kick. After six minutes of the second quarter, Delaware apparently took a lead on Andy Schmidt's goal as the third quarter began, but Delaware was ruled off sides and Dos Santos provided what proved to be the winning goal as he took a cross from Co-Capt. Hal Betts and faked the goalie out of position to score again.

The Bisons tried desperately to tie up and received a penalty kick with only 30 seconds remaining, but the nervous Jimmy Douglas blasted the ball outside the goal.

The game was Delaware's first in the Southern Division of the Mid-Atlantic State Conference. Next Wednesday Coach Whitey Burnham's men take on another Conference rival, Western Maryland, on Frazer Field, Newark.

The lineup:
Bucknell: Goalkeeper: Martin
Backfield: RP: Kinter
THorne: Collingwood
Williamson: RH: DiFrancisco
Work: LF: Wilson
Purnell: CF: Vansant
Cloud: LH: Betts
Manning: OR: Patton
Brooks: IR: Schmidt
Shelley: CP: DosSantos
Douglas: IL: Jamison
Sodie: OL: Jamison

SCORE BY PERIODS
Bucknell: 1 0 0 1-1
Delaware: 0 2 0 0-2
Delaware scoring: DosSantos (2), Bucknell scoring: Shelley.
Delaware substitutions: Dore, Robbins, Bucknell substitutions: Kober, Rott, Tais.

This was followed by Dick Dayton and Sylvia Field acting out the song, "Dearie." The audience's eyes became filled with tears as they laughed until they cried at the melodrama in which Stewart Carswell was the mother, Floyd "Pidgeon" Croll was the daughter, and David "Farmer Boy" George was the daughter's beau; the waxed mustache villain was Robert Clark; the drunken father was Thomas Burke; the bartender, Dick Dayton, and the minister, Vernon Baker.

Music was offered by Ernest Lloyd and Vernon Baker who played guitars and sang "Detour" and "Hey, Good Looking." Annette Ely and Ruth Mary Cooper played "I Get Ideas" on the clarinet and flute. James Draper recited a very appropriate poem, "Old Mother Hubbard." The program was closed with the entire class singing "Daisy." Gertrude Delp acted as announcer for the entire presentation.

R.O.T.C. Offers Scholarships To Boys

An excellent opportunity to obtain a four year scholarship to one of the fifty-two colleges or universities was

offered to boys from grades eleven and twelve by Lieut. Commander Wm. K. Paynter of the Naval Reserve Wednesday morning in the high school auditorium.

Lieut. Commander Paynter spoke on the opportunities given to high school graduates by the Naval Reserve Officers' Training Corps. By this plan the Navy pays tuition for boys who win these scholarships in state competition. The boys are allowed to take almost all courses offered by colleges plus a course in Naval Science. During this time they will have the rank of midshipmen. They will be required to make three summer cruises as well.

Upon graduation from college they must enter the Navy for three years and at the termination of their three years they are free to go into any business.

Most boys showed much interest in this conference and the short movie shown by Lieut. Commander Paynter.

Band Practices New Formations

When you hear that music off in the distance it's usually the Newark High School band showing its ability to do a good job. The band this year is made up of sixty-four members. The members range from the sixth grade to the twelfth grade.

William McLain was chosen as lib-

rarian and Robert George as assistant librarian.

This summer the band held several bakes for raise money so that the band would be able to go to all football games.

Mr. Ernest Wilder is introducing a lot of new formations for the band to perform at the games. Some of the formations are as follows: the campus, U.S.A., banjo, and the trumpet.

Some activities that the band will participate in are a French fries sale on Friday, October 26 at the football game, and tomorrow a bake sale in front of Jackson's Hardware Store and Tweed's Market on Main Street. The proceeds will go to the upkeep of the band.

After football season is over the band will start working on its yearly concert.

Student Teachers Return To University Classes

Several seniors from the University of Delaware finished their student teaching at Newark High School last week and returned to their own classes at the University on October 15, having spent six weeks with the faculty and students of Newark High.

Miss Arlene McGee, majoring in physical education, commented that she liked the job of teaching better than she thought she would, because everyone at Newark was so friendly; Miss Sue Conway, an English major, said the students at Newark are normal and friendly. Some of the student teachers may return to see how the classes they have taught are progressing throughout the school year.
