

**ENGI**

CIVIL MECHANICAL  
CHEMICAL ELECTRICAL

*school of*  
**ENGINEERING**

**R. L. SPENCER**

**R. L. Spencer**, Dean of Engineering, is an Iowa State College alumnus who revels in music and furniture making. Fourteen years of teaching at Delaware College gives him a fondness for that profession. His dislike—committee work. Dean Spencer is a New Englander and is married.

**Allan P. Colburn**, Associate Professor of Chemical Engineering, has been teaching at Delaware College five years. A Wisconsin alumnus, Dr. Colburn's hobbies are sketching and amateur economics. He is married.

**T. D. Mylrea**, Civil Engineering and University of Illinois alumnus, appreciates music of "the higher type" to any other hobby. Born in Newark, Professor Mylrea has been teaching at the U. of D. nine years.

**Milton G. Young**—Coopersburg, Penna., gives us Professor Young. He graduated from Lehigh University and also attended Harvard doing graduate work. He has been here at Delaware only three years and already is well-known and liked by everyone.

His hobbies include Photography, Music and Sports. He has a definite liking for Bridge and Dancing.

Professor Young is married and has two children, a boy and a girl.

**GEORGE EDWARD BARLOW, JR.**—George, a Mechanical Engineer, hailing from Wilmington, Delaware, has been seen many times on athletic teams here at the university. "Broadway" has played four years of varsity basketball and two years of football, being elected Captain of the former his Senior year by his teammates. In addition to being active in athletics he has been a member of the Newman Club, Derelicts, and the A.S. M.E. A member of Sigma Phi Epsilon, he was elected Vice President of the Senior Class.

**ROY VERNON ANDERSON**—A chemical engineer from Georgetown, Andy has been an active member of the American Institute of Chemical Engineers. During the past year he has been vice president of that organization. Roy has been active on the Rifle team, in the University Band, and on the track team. He has also played intramural basketball. He is enrolled in the Advanced Military class. Roy is one of the happy husbands of the Senior class.

**CHARLES WILLIAM CARPENTER**—Wilmington is the home town of Charlie. A great deal of his time is spent at Evans Hall where he pursues a Degree in Electrical Engineering. He is a member of the A.I.E.E. and served as secretary and treasurer of that group during his Junior year. A member of the University Band, he was recipient of the U. of D. BAND prizes in his Freshman and Sophomore years. This year he was elected to Tau Beta Pi. Charlie is a member of the Advanced R.O.T.C. Corps and is Captain of the band. He is a member of Sigma Phi Epsilon fraternity.

**BUFORD EDWARD CLINE**—Chemical Engineering, New Castle, Del.

**HUGH MICHAEL BOGOVICH**—Bogey has truly been the most outstanding man on the campus at Delaware for many a year in its hallowed history. He has the honor of being the first athlete to attain mention on an All-American team, being nominated to the starting post on the little All-American chosen by the sports writers of the country. He was a member of the A.I.Ch.E. and the Blue Hen Club. He was President of the Student Council in his Senior year and also President of his Senior class. He held the office of Treasurer of the Council in his Junior year and also was Vice President of Theta Chi fraternity of which he was a member. He played four years of football and was a Tri-Captain in his Senior year. He also played four years of baseball, serving as a stellar southpaw. He was elected to the Blue Keys and Derelicts.

**CLAUDE ALBERT BUNNELL**—"Bun" is a Chemical Engineer from Harrington, Delaware. He has been out for the track team since his Freshman year, and has been a member of the American Institute of Chemical Engineers all four years.

**CLAYTON WILLMONT DERRICKSON**—Clayt is an Electrical Engineer and a member of the A.I.E.E. He served as vice president of that group during the past year. Clayt plans to serve in the Signal Corps when he finishes his work at the University of Delaware.

**SEBASTIAN VINCENT CRESCENZI**—One of Delaware's most versatile cagers, whose speed and deception make up for his size, is diminutive Benny. Benny is comptroller of the Sigma Phi Epsilon fraternity and is also serving as Secretary of the Senior Class. The highlight of Benny's academic career was reached this year, when he was extended membership in Tau Beta Pi. Benny's other activities include intramurals and membership in the Spartans, Derelicts, and the Newman Club. Upon graduating, Benny will take over the Halls of Montezuma in true Marine style.

**WILLIAM THOMAS DRENNEN, JR.**—Bill, a Chemical Engineer from Carney's Point, New Jersey, has shown considerable activity in intramural basketball, baseball, and ping pong. He also pursued these sports in connection with Sigma Nu fraternity, of which he is a member, having served as chaplain in his Junior year. His interest in the A.I.Ch.E. gained for him the chairmanship of the committee in charge of the organization's annual banquet last January.

**FRANK JOSEPH FICADENTI**—"Fic," who lives in Penns Grove, New Jersey, is an Electrical Engineer and a member of the A.I.Ch.E. He participated in both varsity and intramural wrestling. Frank is a member of the Signal Corps Reserve.

**WALTER JOHN DOUGHERTY**—The president of A.I.Ch.E. for the 1942-43 term is Walt Dougherty. Walt has also been active in Fraternity affairs, being secretary in 1941, and playing on two of K.A.'s intramural teams—football and softball. He is also a member of the Engineering Council, and comes from Wilmington.

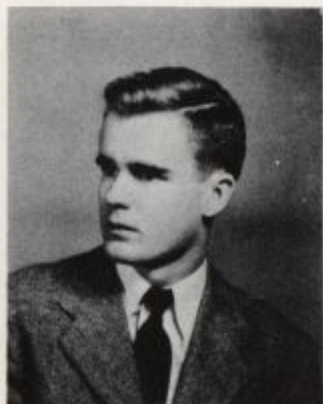

**ROBERT JOHNSON FORMAN, JR.** — Electrical Engineering, Elsmere, Del.

**ROBERT HENRY GOLDEY**—Bob is one of those boys who is active both scholastically and otherwise. A Chemical Engineer, he is a member of the A.I.Ch.E. for which he has served as Treasurer. He is a member of the Sigma Nu fraternity and was their Chaplain for a year. Bob has been honored by both Tau Beta Pi and Pi Mu Epsilon. Speaking of honors, Bob also made the Spartans and the Derelicts. Bob played golf for three years and was captain of the squad last year.

**HARRY HORWITZ**—Harry is an Electrical Engineer. A member of the A.I.E.E., he served as the chairman of that group's Publicity Committee during his Senior year. Harry has played intramural football and basketball. He is enlisted in the Navy E-V Plan.

**ELBERT DAWSON GREEN**—An active Chemical Engineer, "Bert" was a member of the A.I.Ch.E. during each of his four years. He participated in intramural archery and was a member of the R.O.T.C.

**PIERCE HOLLINGSWORTH**—Serving as secretary his Junior year and vice president his Senior year, Pierce has been an active member of the American Society of Mechanical Engineers. Of course, he is a Mechanical Engineer. Along the sports line, Pierce was a member of the track team during the past two seasons. Also, he played intramural football and basketball. A member of the Advanced Military class, he is in the Officers' Club. Pierce lives in Hockessin, Delaware.

**DAVID WALTER LOCKE**—Dave, a Mechanical Engineer, has been a member of the American Society of Mechanical Engineers since his first year of college. Also, he has been manager of the track team the past three seasons. Last fall he managed the first Delaware cross-country team. For his scholastic accomplishments in the Engineering School, he was elected to membership in Tau Beta Pi. Dave, who lives in Wilmington, is taking the Advanced Military course.

**WILLIAM STANDISH MILLER, JR.**—Bill is a Mechanical Engineer and he lives in Marcus Hook, Pennsylvania. Bill is a member of the Pi Mu Epsilon and the Tau Beta Pi honorary fraternities, and he was Vice President of Tau Beta Pi his Senior year. He was Treasurer of the Junior Class and Senior Student Council Representative. Bill was also a member of the A.S.M.E., Officers' Club, Derelicts, and the Advanced R.O.T.C. Being a bit athletic-minded, Bill played three years of intramural basketball.

**JAMES STANLEY JOSEPH**—Jim, a Chemical Engineer who lives in Wilmington, was a member of the A.I.Ch.E. for four years. He believed in mixing music with figures, and he was a band member for four years, a member of the University Choir for three years and a member of the University orchestra for two years.

**ALPHEUS QUINLEY MOWBRAY, JR.**—This austere, misogynous Maecenas of Mechanical Engineers has been a shining light among the slide rule wielders during all his four years at Delaware. A Sigma Nu, "Moe" numbers among his collegiate achievements the Vice Presidency of the Junior Class, President of the A.S.M.E., Sigma Nu Recorder, and membership in the Spartans, Derelicts, and Tau Beta Pi. He has always had a hand in intramural softball and basketball and, like many others, will graduate with a commission in the R.O.T.C.

**DAVID ALLEN PARVIS**—Easy-going, towheaded "Wimpy," the man who is never in a hurry, is a member of the A.S.M.E., Sigma Nu and was on THE REVIEW staff in '38 and '39. He played varsity basketball in his freshman and sophomore years and has always been active in all three major intramural sports. His behind-the-scene talents at Mitchell Hall have won him a niche on the E-52 roster. A lover of peace and security, bridge and chess, he should certainly live to be a fat and jolly old gourmet.

**ROBERT MASON POLLOCK**—Bob is a Mechanical Engineer from Staten Island, New York. He was a member of the A.S.M.E. for four years.

**WALTER PAUL PAUL**—No, you're not seeing double, that's his real name. A Chemical Engineer from Audubon, New Jersey, Walt is probably best known for his feats on the football field. A star since his Freshman year, Walt was one of the tri-captains of last fall's undefeated team. Recently he was elected to the Derelicts honor society. Walt is in the R. O. T. C. and during the past term he was a battery captain.

**JOHN CULVER PHILIPS**—Jack, a Chemical Engineer who lives in Wilmington, was a member of the A.I.Ch.E. for four years. Jack was president of Tau Beta Pi and a member of Pi Mu Epsilon honorary fraternities. He was also Vice President of the Sophomore Class. Jack's studies couldn't keep him from athletics. He was a member of the Track Team for three years and won two letters. He also played soccer for one year and intramural basketball and football. Jack recently was elected to the Derelicts, senior honor society.

**CARL RAY SCARBOROUGH**—Ray is a Chemical Engineer from Milford, Delaware. He is a member of the A.I. Ch.E. and, as an Advanced Military student, a member of the Officers' Club.

**ELMER FREDERICK SCHUMACHER, JR.**—Bud, Mechanical Engineer from Wilmington, had the distinction of being elected to the presidency of Theta Chi in his Junior year. For extra-curricular activities he offers manager of the swimming team and membership in the University choir. Bud is a member of the Advanced course, R.O.T.C., and was elected to the Derelicts in his Senior year.

**CLARENCE STORY REBURN**—Plagued by unhandy first and middle names, Reburn promptly changed them both to "Pete" when he was 2 years old and has thus been labeled ever since. He has seen plenty of service in the Student Council, most prominently as Social Chairman in his senior year. He is a Mechanical Engineer and an officer in the R.O.T.C., in which capacity he won the Coast Artillery Medal in his junior year. Outstanding in fraternity sports, he garnered the Intramural Award last year. Pete is a Sigma Nu, a Blue Key, and a Derelict. The Army's gain will certainly be Delaware's loss.

**WILLIAM ADAMS SCHUSTER**—Bill, class of '43, was expected to follow in the footsteps of his Dad, Dean Schuster, and enter the school of Agriculture, but instead selected Electrical Engineering and distinguished himself in that school. He was a member of the swimming team in his Freshman year. He joined the A.I.E.E. and was elected to the presidency in his Senior year. He was a member of Theta Chi fraternity and joined the Enlisted Reserve Corps, expecting to get into the Signal Corps upon graduation.

**ALBAN PEOPLES SHAW, III**—Chub, when he graduates, will take two degrees—Mechanical and Electrical Engineer. He has been a member of the Student Council for two years, a member of A.S.M.E. for three, and a member of A.I.E.E. for two. Al is also a Derelict. He is vice president of Kappa Alpha, as well as being Social and Pledge Chairman. He comes from Wilmington.

**RICHARD ALTON TYBOUT**—Dick is best remembered for his work as a cheerleader. He was captain of Cheerleaders during his Junior and Senior years. He is a Chemical Engineer from Wilmington and he is a member of the Tau Beta Pi honorary engineering fraternity. Dick was president of the Debating Team in his Junior year. After college Dick will be in the Coast Artillery, since he is a member of the Advanced R.O.T.C. unit.

**JAMES MARTIN SHORT**—Hailing from Millsboro, Delaware, Jim is a Chemical Engineer. He is taking the Advanced R.O.T.C. course.

**EUGENE FONES SNYDER**—For four years an active member of the A.S.C.E., Gene became secretary in his Junior year and president in his Senior year. He was active in dramatics during his Freshman and Sophomore years. Gene has registered in the Marine Corps Reserve.

**JAY DALLAS WINGATE**—To quote "Sleepy" Wingate: "We Civil Engineers have got to have at least nine hours' sleep every night." In his Senior year, Jay was Vice President of the A.S.M.E., and President of the Kanacker Club—a secret organization. Sleepy won his letter in varsity soccer. He also played intramural basketball and football. Being a topnotch advanced military student, Jay has hopes of entering the Army Engineer Corps.

**CHARLES STEELE BLACKSON**—"Blackie," who lives in Elsmere, Delaware, is an Electrical Engineer. He is a member of the American Institute of Electrical Engineers.

**ROBERT TALMAGE WALLS**—"Walzey," a Mechanical Engineer and a member of A.S.M.E., is also a Tennis and Ping Pong player of no mean ability, having earned a letter during his Freshman, Sophomore, and Junior years. He was also active in intramural sports, participating in Basketball and Volleyball his Junior year, and Football, Badminton, and Ping Pong in each of his first three years. "Walzey" would be a firm supporter of a billiard team—if we had one.

**JOHN WESLEY CARROW, III**—Jack is a Civil Engineer who comes from St. George's. During his Freshman and Sophomore years, he was a member of A.I.Ch.E., and at present he is a member of A.I.C.E and of the circulation staff of THE REVIEW. He was a member of K.A.'s intramural football team, and is taking Advanced Military.

**HERBERT THOMAS CHANDLER**—Herb is a member of the A.S.M.E. from Wilmington, Delaware. He played Junior Varsity Baseball in his Freshman year, and intramural football.

**VERNON WARREN COFFIN**—Vern is an Electrical Engineer who comes from Wilmington. While the study of English takes up much of his time, Vernon still finds time to be an active member of the Sigma Phi Epsilon fraternity. Along the sports line, Vernon's main interests are swimming and intramural football. Vern is a member of the Enlisted Reserve Corps.

**WILLIAM FLETCHER CLARK**—Bill is another one of the Wilmington boys. He is taking Civil Engineering, and he belongs to the American Society of Civil Engineers. He was secretary of this organization during his Junior year. "Clarky" is in the Advanced Military course, and a member of the Officers' Club.

**WILLIAM BERNARD CLEMENTS**—Bernie is an Electrical Engineer and a member of the American Institute of Electrical Engineers. He was a Freshman basketball manager. During his Sophomore year, Bernie was a member of the University Choir. He comes from Milford, Delaware, and is an Advanced Military student.

**WILLIAM PATRICK DUGAN**—From Wilkes-Barre, Pennsylvania, Bill is a Mechanical Engineer. A member of the American Society of Mechanical Engineers, he was Corresponding secretary of this organization his Junior year. Also, Bill was Treasurer of his Junior class, as well as a member of the University Choir and the University Band. He is taking the Advanced Military course and is a member of the Officers' Club.

**STERLING AYERST DUNBAR**—Ayars is an Electrical Engineer. Since his Freshman year he has been a member of the American Institute of Electrical Engineers. His home is in Elkton, Maryland.

**JOSEPH FRANCIS COLEMAN, JR.**—Joe, a Mechanical Engineer from Annapolis, Maryland, is a master of the hot piano, being a member of the college orchestra in '39. He was also a member of the A.S.M.E. and won the Theta Chi Intramural Sports cup in '40. He is a member of that fraternity and held the office of Vice President in Sophomore year. He was a member of the wrestling team and was quite active in intramural athletics. Joe was also a Blue Key. He is a member of the Enlisted Reserve Corps.

**JOHN ROBINSON FENIMORE, JR.**—John is an Engineer in the A.S.M.E. He now is a reservist in the Coast Artillery. John comes from Bellamoor.

**JESUS FERNANDEZ**—"Gee" Fernandez, a Civil Engineer, calls Punta Arenas, Chile, his home. He has played on the University soccer team for three years, and last year played intramural volleyball. He is a member of the Spartans, and of the A.S.C.E.

**RICHARD BANKS HOOTS, JR.**—New Castle, Delaware, is home to Dick, a Chemical Engineer. For three years he has been a member of A.I.Ch.E., and this year he is a member of the circulation staff of THE REVIEW. He is a member of K.A. fraternity, and is an officer in the R.O.T.C. Corps.

**JAMES KERWOOD GOTTSHALL**—Jim is another one of those musically inclined engineers. When he isn't singing, he usually can be found devoting some time to his Chemical Engineering. Since his Freshman year, Jim has been a member of the University Choir and the R.O.T.C. and University bands. Jim is a member of the Theta Chi fraternity, and was recently elected president of that organization. He is taking the Advanced Military course.

**THOMAS REESE GRIFFIN, JR.**—An outstanding Chemical Engineer, T. R. was elected to Tau Beta Pi during his Junior year. He has participated in a variety of extra-curricular activities. He is a member of both the University and Military bands, A.I.Ch.E., and is a columnist for THE REVIEW. Tom is a member of the Sigma Phi Epsilon fraternity, and besides playing on the Sig Ep baseball and track teams, the also served as fraternity Historian. Tom is enlisted in the Army Reserve Corps.

**JAMES EDWARD JOHNSON, JR.**—A Civil Engineer from Penns Grove, New Jersey, Jim is a member of the American Society of Civil Engineers. Last year he was a member of the tennis team. Jim is a member of the Sigma Nu fraternity, and is signed up in the Naval Reserve under the V-7 plan.

**JAMES SETH HOPPER**—Jimmy came all the way from upstate New York to reap honors in the Engineering school as a Chemical Engineer. He joined Theta Chi fraternity and served as Secretary during his Junior and Senior year. He was very active in intramural sports. Recently, Jim became a member of the Blue Key society.

**JOHN WILLIAM LEE**—"J. Lee," a transfer student from the University of Maryland, is quickly making a name for himself at Delaware. Johnny hails from Wilmington and is a Junior, Civil Engineer. Jack is a member of the A.S.C.E., Sigma Phi Epsilon fraternity, and Soccer team. The Sig Eps recently elected Jack secretary for the coming year. As soon as his eligibility rules are lifted, Jack intends to take a crack at the Swimming and Wrestling teams; swimming and wrestling being the sports he excelled in while at Maryland. Jack's plans for the future are to be decided by the Navy.

**WALTER JAMES LILLEY**—Walt, a Junior Chemical Engineer, hails from Claymont, Delaware. Walter has been very active on the Delaware campus. At the present time he is serving as Secretary-Treasurer of the A.C.S., Marshal of the Sigma Phi Epsilon fraternity, and Radio Guild member. He was recently appointed comptroller of the fraternity for the coming year. Walt has also participated in the University Band, Debate Club, and Track Team. Walt plans to enter the Meteorological Corps of the U. S. Army when he graduates.

**HERBERT FREDERICK JOHANSON**—Herbert has been given the unusual name of "Swede"; nobody seems to know where the name originated, but it has stuck with him through his career at Delaware. He is a member of the A.I.Ch.E. and is active in intramural football and basketball.

**JAMES ROBINSON KELLY**—Big Jim, a quiet, amiable Chemical Engineer from Lewes, claims among his list of campus activities membership in the A.I.Ch.E., president of his sophomore class, varsity swimmer, and membership in Sigma Nu fraternity, of which he is treasurer. He has also played intramural baseball and been a swimmer. He is on call for naval duty under the V-7-G plan.

**CHARLES MILLER, JR.**—Charlie is working for a degree in Mechanical Engineering and is a member of the A.S.M.E. Coming from Wilmington, Delaware, he has been a very active member of Sigma Phi Epsilon fraternity, serving as House Manager his Junior year and Vice President his Senior. Charlie is active in intramurals and is enrolled in the Naval Reserve Corps.

**SEYMOUR BERNARD MATUSOFF**—An Electrical Engineer from the great Wilmington metropolis, "Matt" is an ardent participant in intramurals. He belongs to the Electrical Engineering Society and the Officers' Club. He is Sergeant-at-Arms of the Sigma Tau Phi fraternity.

**VANCE MITCHELL, JR.**—Mitch is a Civil Engineer who calls New Castle, Delaware, his home. In this, his junior year, he is serving as treasurer of the A.S.C.E. and as a member of the circulation staff of *THE REVIEW*. He is another K.A. who is in advanced R.O.T.C.

**ARTHUR MILLMAN**—"Art" came to us from Dover High School. Though one of those hard-working Chemical Engineers, he has found time for a great variety of extra-curricular activities. Mitchell Hall patrons will remember his sparkling performance in Thurber's "Male Animal" and football fans will remember his gridiron skill. Track and swimming also occupied Art's attention in 1940. In 1942-43 he was elected to the Student Council, and the secretaryship of the Campus branch of the A.I.Ch.E. Tau Beta Pi and Pi Mu Epsilon were both easily within Art's scope and he was elected to these honorary fraternities in 1942. Recently Art was elected to the Blue Keys. Now he is training to be a Coast Artillery officer in the Advanced R.O.T.C. class.

**WILLIAM DREXEL PIERCE**—Drex is a varsity soccer man, and an intramural baseball and football player from Richardson Park. In his freshman year, he was a member of A.I.Ch.E., and during his sophomore and junior years, a member of the A.I.C.E. He is also in Advanced Military.

**URBAN FRANCIS PIZZALA, JR.**—It was only natural for Urban to acquire the nickname of "Pizz" as soon as he came to Delaware. He enrolled as a Mechanical Engineer. In his Junior year he became the Student Assistant in Physics. He played intramural football for several years.

**ALBERT AUGUSTUS NEWCOMB, JR.**—While Al is famous for his football skills, he also does all right in other fields too. Naturally, the first that comes to one's mind is the Women's College. Al was one of the Tri-captains and quarterback of Delaware's undefeated football team. He also plays on the baseball team. Al is a Mechanical Engineer, and a member of the A.S.M.E. He was recently elected to the Blue Key honor society.

**CLARENCE WARNER PERRY, III**—Electrical Engineering, Wilmington.

**THOMAS ARTHUR SAUNDERS**—Tom is a Mechanical Engineer from Wilmington. He served as a member of the Junior Prom Committee. He has taken an active part in intramural football, basketball, baseball, and tennis. Tom is a member of the Sigma Nu fraternity. He is taking the Advanced R.O.T.C. course.

**FRANCIS HAMM RAUGHLEY, JR.**—Franny's ambition in life is to become a successful chemical engineer. He has had quite a lot to do with the A.I.Ch.E., having been a member of that body ever since coming to Delaware. He is now serving as its Treasurer. Franny played in the University orchestra in his Freshman year, and also found time to be a member of the swimming team during the same year. At present he is enrolled in advanced R.O.T.C.

**RICHARD GRAHAM SILVER**—Electrical Engineering, Granogue, Del.

**GEORGE TOWNSEND SINGLEY, JR.**—Known to his friends as "Sing Lee," George keeps himself busy with his Mechanical Engineering studies. He is taking Advanced Military and is a member of the Officers' Club. Also, he is a member of the A.S.M.E., and he played on one of the intramural football teams. George lives in Wilmington.

**ARNOLD PAUL SCHUELER**—A. P. is a chemical engineer coming from Wilmington. Having a "band-bug" in his blood stream, he lent his services to both the R.O.T.C. and University bands during his Freshman and Sophomore years. He is at present a member of A.I.Ch.E., Pi Mu Epsilon, and has recently been newly elected President of Tau Beta Pi, the engineers' honorary fraternity.

**JACOB STAIR, III**—Jake, a chemical engineer, comes to the University of Delaware from Rosemont, Pennsylvania. During his first two years he was on The Review staff and in the Debating Club. Also, he played some intramural basketball. He is a member of the American Institute of Chemical Engineers.

**RICHARD WALTER TAYLOR**—Dick, a Civil Engineer and a member of the A.S.C.E., was about the first of his class to stand before the altar and say "I do." Dick is the boy who could always be found behind a bass drum beating out the time for the University Band. He is enrolled in the Advanced Military course.

**PETER JOHN ZANNONI**—Pete is K.A.'s chapter Archivist. He comes from Wilkes-Barre, Pa., and he is a Chemical Engineer. He has been a member of A.I.Ch.E. for three years.

**JOSEPH THOMAS TYNDALL**—Electrical Engineering, Georgetown.

**CARL DERWOOD WRIGHT, JR.**—Carl is an Electrical Engineer from Bellefonte. He served K.A. in the Student Council during the first term of his Junior year, serving as Treasurer. He was also on the Junior Prom Committee. Recently, Carl was elected to the Blue Keys. In addition to these positions, he is also athletically inclined, being an intramural sport man of no mean ability. He was fraternity purser, too, during the first term of his Junior year.

**EUGENE DOMINICK DiSABATINO**—Wilmington, Delaware, is the home town of Sabby. He is enrolled as a Civil Engineer and is a member of the A.S.C.E. Athletics have had a large place in his extra-curricular activities and include varsity soccer and golf, in addition to intramurals. Sabby has served as Historian and Social Chairman in Sigma Phi Epsilon fraternity and was a member of the Newman Club.

**ROBERT CRAIG GRAY**—"Bob" who hails from Wilmington is a mechanical engineer. He is a member of the A.S.M.E., serving as secretary his junior year. He has also participated in intramural sports.

**RALPH MARTIN NEWMAN, JR.**—"Dizz" or "Shufflin," as you will, is a Delaware Mechanical Engineer that hails from the nation's capital. "Toad" is best known around school for his work as student postmaster. Ralph is also serving as Secretary of the Sigma Phi Epsilon fraternity and Treasurer of the A.S.M.E. Dizz is also a member of the Swimming Team and Officers' Club. As for intramurals, he has been active in Football, Volley Ball, Basketball, and Softball. Ralph looks forward to attending Anti-Aircraft School at Camp Davis when he graduates.

**ROLAND EUGENE HERBENER**—Although Electrical Engineering takes up much of Gene's time, he still is able to take an active part in Mitchell Hall activities. He is a member of both the Footlights Club and the E-52 Players. During his Junior year Herbie served as vice president of the Players. He was elected to the Spartans and Blue Keys honor societies.

**MARTIN TAYLOR PIERSON**—Marty is one of those football playing Civil Engineers. He has been on the football and track teams ever since his Freshman year. Marty is enrolled in the Navy V-7 plan.

**HENRY ARTHUR MITCHELL, JR.**—An embryonic Ford is this Lincoln-like genius of Mechanical Engineering, patron saint of maimed and crippled timepieces, motorcycles and jalopies. "Hen," tall, naive and nuttier than a fruit cake, is a Sigma Nu, an officer in the R.O.T.C. and a member of the University Band. He has been active in intramural Swimming and Basketball and the A.S.M.E., and if there had ever been a Tinkers' Club on the campus, "Hen" would have been president.

## THE ENGINEERS

The School of Engineering is the University of Delaware's oldest school. And with age comes tradition. The Engineers, more commonly called "The Slide Rule Boys" because of their extensive use of this instrument, are as colorful as any group on the campus. Many stories are circulated of their supposedly slow minds; but investigation has proven that though their minds work in slow motion, they possess a goodly amount of knowledge. The boys are all geniuses at figures (including numbers) and we are told of the brilliant diplomatic deal made by a former student in Mechanical Engineering.

This particular young man was given seventeen hammers by a foreman and told to distribute them to workers in this manner: Department A was to receive one-half the total number of tools; Department B was to receive one-third; and Department C, one-ninth. With rapid mental calculation (sans slide-rule), he found that it was impossible to divide the hammers whole. So not wishing to embarrass the foreman

and imperil his job, he dashed to the nearest hardware store to purchase one more hammer, making eighteen. He proceeded to divide as follows:

- One-half, or nine, to Department A
- One-third, or six, to Department B
- One-ninth, or two, to Department C

Adding nine, six, and two, our hero found that it made seventeen, so he returned the remaining hammer to the store, contented that he had won his little battle. The next day he was fired for shopping on the Company's time.

But not to slight the Chemical, Civil, and Electrical Engineers in this feature, may we add that at this very moment one of these three is calculating the above problem with furrowed brow and shaggy white slide-rule.

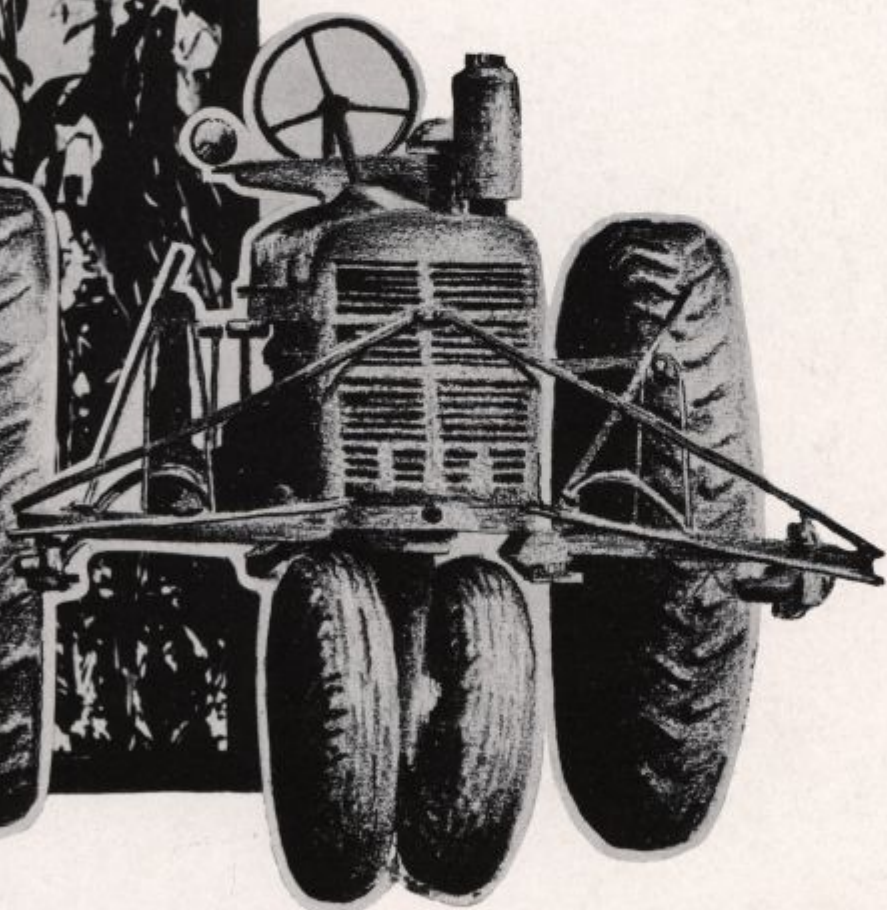

In all seriousness, though, more power to the Engineers! Their materialistic touch furnishes a better world—a more comfortable life.

# AGRI

# CULTURE

**GEORGE L. SCHUSTER**

Dean of Agriculture, **George L. Schuster**, is one of Delaware College's "older" profs teaching here for twenty-two years. Ohio State is proud of her agricultural son as is Anderson, Indiana. Besides serving as Dean, he is director of the Experimental Station and Director of Extension Service at the University. Music is on the Dean's must list as is woodwork and antiques.

**Thomas A. Baker**—Gardening takes up most of Dr. Baker's spare time, although he also finds the time to participate in ping pong games. Nothing is more enjoyable to him than curling up with his pipe and relaxing. He was born at Trumansburg, N. Y., graduated from the Cornell University and has been teaching here at Delaware for 24 years. Dr. Baker has a noticeable dislike for hypocrites. He is married and has two charming daughters.

**Eugene Paul Brasher**—Professor Brasher hasn't been with us long, coming to the University two years ago. He is another professor who has made his career take the place of a hobby. Being a horticultural expert, he is very fond of vegetable gardening.

Professor Brasher graduated from the University of Missouri and did graduate work at the Pennsylvania State College.

He was born at Orrick, Missouri and is married.

**Henry C. Harris**—A native North Carolinian, Dr. Harris has been teaching at the University of Delaware since 1928. He attended the University of North Carolina and did graduate work at Cornell University. Being an Agronomy professor he naturally has a hobby of collecting rock and mineral specimens and in his spare time he putters around his garden. He is happily married.

**Clarence E. Stevens**, Ag Mechanics, likes people who are always looking for new and better ways of doing things. Prof. Stevens is a Penn State product, married, and has one daughter. Photography is his hobby.

**Thomas Franklin Manns**—Our noted Plant Pathologist and Soil Bacteriologist can claim many towns as his home town. He was born in London, Ontario, in 1876. Since that time he has lived in North Dakota, the Philippine Islands, Ohio and Newark, Delaware. He is a graduate of North Dakota State College and did graduate work at the University of Pennsylvania for his Ph.D.

Dr. Manns, who has been teaching here at Delaware, came to us in 1912. There is hardly a country in the world that he hasn't visited, going to Japan, China, Philippines, Malay States, India, Suez, Italy, and Canada. He dabbles in photography for a hobby and is also very much interested in inventions.

He likes the "common" man and has a dislike for the "Super" race.

Dr. Manns is married and has four sons.

**EDWARD EUGENE BUTLER**—"Aggie" is an Agriculture student from Seaford, and he and the College Commons will be remembered together since he was headwaiter his Senior year. "Aggie" was also Junior and Senior Student Council Representative, a member of the Ag Club, a Spartan, Derelict, a member of the Officers' Club, and a member of the Advanced R.O.T.C. He was on the varsity track squad in his Freshman and Junior years and he played one year of intramural basketball and football.

**ROBERT OTIS BAUSMAN, JR.**—Tall, lanky, swivel-jointed, perpetually jovial, Bob has always been a mainstay among the Aggies. A resident of Newark and a Sigma Nu, he has been active in the Aggie Club and News and was a member of Coach Ed Bardo's track team in his freshman and sophomore year but now confines his athletic activities to Greek-letter basketball. His curt, crisp commands are currently keeping Battery A hopping.

**JAMES EDWARD LEGATES**—"Zip" is an Aggie from Harrington, Delaware, and has been active in the Agriculture Club all four years of school, serving as secretary and president of that organization. He served on both The Review and Blue Hen staffs, and was I.M.A. representative on the Student Council one year. Ed was also active in varsity and intramural sports. Every year saw him an outstanding member of the soccer team and the last two he has been a starter on the Blue Hen basketball team. In recognition of his extra-curricular and sports he was elected to the Spartans, Blue Keys, and Derelicts. He is now enlisted in the Marine Reserve Corps.

**NORMAN PAUL MAXWELL**—Norm Maxwell is the boy that runs and runs and never stops. As captain of the University of Delaware's first cross-country team, Max has led the boys home at every meet. He has also used his long distance abilities as a member of the track team during his last three years. Norm played on the soccer team his Sophomore and Junior years. As an Advanced Military student, he is a member of the Officers' Club. Coming from Lancaster, Pennsylvania, Max is a student in the Agriculture School.

**ROBERT OLIVER COOKE, JR.**—Cookie is another Wilmington Agriculture student. He is a member of the Aggie Club and last year he was Secretary of the club. Cookie likes the Air Corps, and he has already enlisted in that branch.

**RICHARD JOHN ELSAESSER**—Although his field was Agriculture and he was a member of the Aggie Club for four years, being vice president in his Senior year, Dick has shown much interest in sports. He was manager of the 1941 and 1942 undefeated football teams, which is a real distinction. He also played, for four years, intramural football, basketball and softball.

**RICHARD PAUL REED**—Dickie is an Aggie from New Castle, Delaware. Basketball is Dickie's favorite sport, and it should be for he has been on the squad ever since his Freshman year. He has been a starter the last two seasons. Dick is a member of the Aggie Club.

**NATHAN VICTOR PLAFKER**—Wilmington, Delaware gives us an Agronomy student who has no worries. Wrestling in his spare time and participating in intramurals relieves him from his heavy duties as a dramatist and Editor of the Aggie News. He belongs to the Ag Club and is a member of the Sigma Tau Phi fraternity. He is also a member of the Officers' Club.

**NORTON DUNGAN WORTHINGTON**—"Dunc," a dynamic little Aggie from Woodbury, N. J., has never grown large enough to pay anything but children's prices at the State. He's as versatile as they come with a finger in almost every pie on the campus. He is manager of the basketball team, a Sigma Nu and Marshal thereof in '42 and a member of the Aggie Club. He has played intramural softball, basketball and ping-pong and has served in a host of editorial capacities in editing the Aggie News. Size has never hindered this pocket-sized wit, whose imitations of stump speakers and football referees have rolled more than one gathering flat on the floor.

**PHILIP JOSEPH DOHERTY**—Phil is one of the several members of his class who found that the Armed Services had a greater call for him than college did. He left school last December, and is now in the Army. While in school, Phil was a student in the Agriculture school. He has earned his letters in baseball and swimming. Also, Phil captained the intramural football champs his Junior year.

**ROBERT BANCROFT WALKER, JR.**—A student in the school of Agriculture, Bob was an active member of the "Aggie Club," being treasurer in his Senior year. He was a member of the 1939 Rifle team and a cross-country runner in his Senior year. He is registered in the Air Corps Reserve.

**ROBERT HARRIS GILBERT**—Bob, a student of Agriculture, is a member of the Aggie Club. He is also in the R.O.T.C.

**WILLIAM CRAWFORD KENNARD**—Bill, who lives in Newark, is an Agriculture student and a member of the Ag Club. Bill is in Advanced R.O.T.C. and he is also a member of the Officers' Club. Using his height to an advantage, he played two years of intramural basketball.

**GEORGE SAMUELS**—Another Wilmingtonian, "Getz" is an Agronomy major. He is a member of the wrestling team, the Ag Club, Radio Guild, Footlights Club, E-52, and Blue Hen Staff. He was Associate Editor of the Aggie News and is a member of the Blue Keys honor society. A Sigma Tau Phi man, he is a member of the Officers' Club.

**WILLIAM SMITH PHILLIPS**—Bill is a member of the Agricultural school, hailing from New Castle. He joined the Aggie Club in his Freshman year and has been an active member ever since. He is a cadet in the Advanced R.O.T.C.

**BYRON SAMONISKY**—Byron is Editor of the Blue Hen. He comes from Wilmington, Delaware, and is majoring in Agronomy. He is past Bursar of the Sigma Tau Phi fraternity and at the present is Vice Chancellor of the same organization. He has been on the baseball and basketball squads and also spends much of his spare time in intramural competition. He has also participated in Dramatics, and is a member of THE REVIEW Staff and the Ag Club. He has belonged to the Spartans honor society and at present is a member of the Blue Keys. He is also a member of the Officers' Club.

**JOHN ROBERT SCHABINGER** — "Bob" or "Schabby" is an "Aggie" from Felton. Ever since his Freshman year he has been a loyal member of the band, and the circulation staff of *The Review*. His sophomore and junior years he was a member of the Agriculture Club and a student air raid warden.

**JOHN LAWRENCE WEBB** — Larry is an Ag student who hails from Wilmington. He played in the band for two years, and now serves as an officer in the R.O.T.C. corps. He is a K.A., an intramural sports enthusiast, and a member of the Ag Club.

**WILLIAM ALLEN HANCOCK** — "Barney" is another Newark student. Taking the Agriculture course, he is a member of the Aggie Club. He is probably best known for his activities on the gridiron. As a varsity center, he has seen much action on Delaware's football field. Barney has also been a member of the baseball squad since his Freshman year, as well as a member of the Blue Hen Club and the University Band. He is taking Advanced Military and is Captain of Battery B.

**JAMES WILLIAM WALTER** — Jim Walter, from East Orange, New Jersey, is taking the Agriculture course. He is a very active member of the Aggie Club, of which he now serves as vice president. Jim is also a member of the Circulation Staff of the Aggie News. During the past year he has been writing the Aggie News column for *THE REVIEW*. Along the sports line, Jim has been out for soccer the last three years, playing on the varsity the last two years. He was a member of last spring's golf team, and has played intramural softball. Jim was recently made a Blue Key.

School of

arts &

science

**Albert Sherman Eastman**, Chemistry Department Head, has been teaching at Delaware College for twenty years. Dr. Eastman, whose hobbies were golf and tennis before Father Time necessitated bridge as a substitute activity, likes Pepys' Diary. He is married, resident of Newark, and received his Ph.D. at Princeton.

**Carl John Rees**, Mathematics Department Head, received his Ph.D. at the University of Pennsylvania and has been teaching at the U. of D. twenty-two years. Happily married, Dr. Rees enjoys athletics and gardening. He is a member of the distinguished honorary mathematics fraternity, Pi Mu Epsilon.

**W. Owen Sypherd**—A native of Maryland, Dr. Sypherd attended the Delaware College and received his A.B. degree in 1896. After completing his studies at the Delaware Institution he attended the University of Pennsylvania where he conferred with his S.B. degree in 1900. In 1901 he received his A.M. degree at Harvard and reached his goal of Ph.D. also at Harvard in 1906.

Aside from teaching English, Dr. Sypherd makes a hobby of playing golf. He likes, "a person who knows and knows that he knows." He dislikes "a person who does not know and does not know that he does not know."

**J. Fenton Daugherty**, Head of Physics Department and Social Czar of the University, is a philatelist, Ph.D. North Carolina, and a Delaware College prof since 1929. "Doc" Daugherty is married and has two daughters.

**Kermit W. Oberlin**, Psychology Department Head, is a pacifist at heart. He rates war as his chief dislike and photography as his hobby. Dr. Oberlin is a Harvard grad, married, and has been teaching at Delaware College for fourteen years.

**Francis H. Squire**—Dr. Squire has been teaching at the University of Delaware since 1931. As this story goes to press he is the head of the history department, although it is rumored that he will be leaving soon, obtaining a commission from the Navy.

Dr. Squire is very interested in school athletics and is seen frequently at Delaware athletic events.

He is happily married.

**Robert Graham Caldwell**—Professor Caldwell comes to us from the University of Pennsylvania. Naming his home town as Philadelphia, Pa., it seems that the University of Pennsylvania would be his natural choice for college. Professor Caldwell has been teaching Sociology for six years here at Delaware.

Professor Caldwell is happily married.

**Charles N. Lanier, Jr.**—Acting head of the Economics department, he hails from Birmingham, Alabama, and has been teaching at the University of Delaware for the past three years. He attended Davidson College and Vanderbilt University.

Dr. Lanier is a very ardent spectator at all kinds of athletic events.

He is the father of two girls.

**Edwin Colby Byam**—Dr. Byam, our language department head, has been a member of the faculty of the University of Delaware for 18 years. He was born at Chelmsford, Mass., and graduated from Boston University. Graduate work was completed at Harvard and the Johns Hopkins University. Dr. Byam is unmarried.

**Charles Conger Palmer**—Head of the "Pre-Meds," is a staunch follower of the Ohio State Buckeyes. Dr. Palmer is an Ohio State grad and has been teaching at Delaware College twenty-five years.

**Frederick Courtland Houghton**—Born in Newark, Professor Houghton graduated from the University of Delaware, and then did graduate work in biological sciences at the University of Pennsylvania. He has been here since 1928.

He is interested in motion pictures, gardening, and fishing. Professor Houghton is unmarried.

**ANGELO FRANCIS BALDINI**—"Buzz" comes to us from New Castle, Delaware. He is taking the Economics course. "Buzz" was a member of both the Economics Club and the Newman Club. He is in the Enlisted Reserve.

**PERRY ELWOOD BURKETT**—Aside from being a first rate student in business administration, "Buck" Burkett will be remembered as a shrewd captain and organizer in the realm of intramural sports. In the season of '41, he lead his team to 11 smashing victories and the school championship for intramural football. "Buck" played four years of intramural football, two of basketball, and three of badminton. He also played varsity baseball during each of his four years. He was a member of the Economics Club, THE REVIEW staff, and the R.O.T.C. battalion.

**SAMUEL BERNARD ABLEMAN**—Bernard is a Chemistry major from Wilmington. Besides his activities with the American Chemical Society, Bernard has devoted much time to the Debating Society. He also spends much of his spare time in Mitchell Hall, sometimes doing sound effects and more often taking pictures.

**RICHARD THOMAS CANN**—Dick is a pre-law student from Wilmington. A member of the Kappa Alpha fraternity, he has always been active in both fraternity and college affairs. His Junior year he was elected to the Blue Keys and to the Student Council. He has served as president of his fraternity this past year, and previous to that he was treasurer. All four years he was very active on Kappa Alpha football, basketball, and baseball teams. He was recently elected to the Derelicts society. Dick is enrolled in the Advanced Military Course.

**WALTER WILLIAM DWORKIS**—"Dwork" is a Pre-Law student who has been very active in campus affairs. He has been a member of such organizations as the Footlights Club, Humanist Society, Blue Hen, Review, Student Council, Cauldron, Radio Guild and E-52. He was Vice President of the Student Council, Co-chairman of the Honor Societies Committee, Sigma Tau Phi Social Chairman, Historian, and Secretary. He participated in intramural baseball and basketball. He was elected to the Blue Keys and Derelicts honor societies. Walt is now a reserve in the U. S. Marines.

**ROBERT GEORGE FURMAN**—Herky, who lives in Wilmington, is an Arts and Science student. He is also a member of the Economics Club, since he is majoring in Business Administration. However, most of the students' memories of Herky are centered about the athletic field. He played varsity football for three years and he was a member of the varsity Track Team for two years.

**MORTON EDWARD EVANS**—Mort, a pre-law student in the Arts and Science school, lives in Wilmington. His extra-curricular interest was captioned by interest in Mitchell Hall, where he was a member of the Radio Guild and the Playbill.

**LOREN HILL FRYE**—Loren is a transfer student, coming to the University of Delaware at the beginning of his Sophomore year. He is taking a general Arts and Science course. He was a member of the University Band for two years and of the University Choir for one. He was a member of the football squad his Junior year.

**NICHOLAS FRANCIS GIACOMA**—Nick is a pre-law student from Wilmington. He was an active member of the Newman Club. His Freshman year Nick was tennis manager. He also played in some of the intramural leagues.

**PAUL CALVIN GERNER**—"Cal" is president of the Intra-Fraternity Council and Commander of Sigma Nu, where he is affectionately known as "The Great White Father." He played varsity football in his freshman year; was Treasurer of his house and a member of the Student Council as a junior. Also, he was a member of the Derelict society. His name has graced almost every Intramural sport roster and he will graduate with a commission in the Coast Artillery. Numbered among his idiosyncracies is a perpetual concern over a receding hairline and the unique habit of planning out dates beforehand with mathematical exactness. To versatile Cal life is just one big chess game.

**JAMES COLBURN MOFFETT, JR.**—"Bearcat" Moffett, from Pennsville, New Jersey, is taking a Pre-law course. He has been a member of the Newman Club, played intramural football and basketball. Jim is signed up with the United States Army Air Corps.

**DALLAS CLARKE REUTTER**—"Dal," a student in the Arts and Science school, is taking the Business Administration course. During his Freshman year, he was on the fencing team. The past two seasons he has been on the wrestling team. Dallas is taking Advanced Military and is a member of the Officers' Club.

**WALLACE LIPPINCOTT, JR.**—Wally, a pre-law student from Chester, Pa., has divided his time well between his one-and-only and such things as intramural plays at Mitchell Hall, intramural swimming, baseball and football; and his activities in Sigma Nu fraternity which include being marshal and lieutenant commander. He aspires to Coast Artillery branch of the armed forces.

**RICHARD GOVE McHUGH**—Arts and Science, Wilmington.

**ROBERT FRAME SIEMAN**—"Woody," a Foreign Service major, comes from Wilmington, Delaware. He has been quite active in athletics, playing basketball, soccer, track and tennis in addition to various intramurals. His Senior year he was Captain of the soccer team. Robert served as Sports Editor of THE REVIEW and assistant Sports Editor of the Blue Hen. A member of Sigma Phi Epsilon fraternity, he served as their Historian his Junior year and was House Manager his Senior year. Also, Bob was a Blue Key and a Derelict. He is enrolled in the Advanced R.O.T.C. Corps.

**JOHN MULVEUA RYAN**—Jack is a Business Administration student, coming from Wilmington, Delaware. He has been quite active in the various societies existing on our campus. Jack has been a member of the Economics Club, Debating Society, Newman Club, and The Radio Guild. He is also a member of Sigma Phi Epsilon fraternity. His military affiliation is being a member of the Enlisted Reserve.

**WILLARD FRANCIS SMITH**—"Smitty," a chemistry major, was a member of the American Chemical Society for three years, being president in his Senior year. He is in the Advanced Military class.

**ROBERT FREDERICK WIDEMAN**—Bob is one of the "town" boys around the college. He is taking the Economics course in the Arts and Science school. Bob has been a member of the Economics Club since his freshman year, and of the Officers' Club since his Junior year. He is taking Advanced R.O.T.C.

**JOHN WALTER ANNAND**—"Big John" is one of those rare individuals who is at present studying to be a doctor. He was vice president of his class during his Sophomore year, being also a member of the Spartans. He is a member of the Radio Guild, and was a swimmer on the varsity during his Freshman year. Right now John is a reserve Second Lieutenant in the Medical Administrative Corps.

**STIRLING McCULLOUGH BRINKMAN**—As an English major, Stirling devotes much time to extra-curricular activities along that line. Several of his literary works have appeared in the Cauldron. Last year he served as Associate Editor of that publication.

**HOWARD ROBERT SMITH**—Genial Howie Smith comes to us from the capital of the Empire state and has distinguished himself both in his studies and extra-curricularly on the campus. He was a member of the Track team for three years and the Cross Country team in his Senior year. He played football in his Frosh year and was a member of the Soccer team in his Junior year. He is a member of Theta Chi and also served on THE REVIEW staff. He was elected to the Spartans in his Soph year and served on the Blue Hen staff. He is in the Advanced R.O.T.C. course.

**FERDINAND BARNUM**—"P. T.'s" varied activities are scattered among several different fields. He has served on the Cauldron staff, as an Alumni Contact Officer and as a member of the soccer and wrestling teams. Ferd, a Pre-Med student, is a member of the Sigma Nu fraternity and the Blue Keys society. He has shown his interest in the Army Administrative Corps by joining that branch on a reserve status.

**STANLEY HERBERT BELL**—Stan comes to us from Wilmington, Delaware, and is majoring in the Arts and Science chemistry course. He has been active in intramurals and dramatics. He is a member of last year's intramural prize-winning play, "The Glittering Gate." He is also a member of the Sigma Tau Phi fraternity and has been their Sergeant-at-Arms.

**WILLIAM EDWIN BIRD, III**—Bill is taking the Business Administration course in the Arts and Science School. He is signed up with the Army Enlisted Reserve Corps. Bill lives in Wilmington, Delaware.

**ALFRED HASTINGS CAREY, JR.**—"Hase" has always been an active student on the campus. He has been Drum Major of the R.O.T.C. Band, and has played in both the University and Military Bands. His activities broaden still further to include serving on the Junior Prom Committee, in the Economics Club, and acting as Sigma Nu House Manager. Football, basketball, and baseball comprise his intramural specialties. Hast is a major in Business Administration and Advanced Military student.

**NORMAN AUSTIN BUNIN**—"Bucky's" laboratory course for his English major has been E-52, and he has given Mitchell Hall a number of splendid performances. Since his Freshman year he has been a member of the Footlights Club, his Sophomore year he was elected to the E-52 Players, and his Junior year he acted as chairman of the Play Selection Committee. He has also been Feature and Managing Editor of *THE REVIEW*, a member of the Cauldron staff, the Blue Keys, and the Humanists. Norman is a member of the Sigma Tau Phi fraternity. He has signed up with the Army Enlisted Reserve Corps.

**ROBERT JOSEPH CAVANAUGH**—Arts and Science, Wilmington.

**ARTHUR SAULSBURY CARROLL, JR.**—Art, a member of the Advanced R.O.T.C., served on the board of the Cauldron and was actively engaged in Radio Guild work. He was a member of Theta Chi and elected to Vice Presidency in his Junior year.

**EDMOND AMERIGO CARULLO**—During his four years at Delaware, "Ed" majored in business administration. His versatility in sports is shown by his record on the gridiron, diamond, and the mat. Ed played varsity football four years, baseball three years, and showed great skill at wrestling. He was also a member of the University Choir during his freshman and sophomore years. In addition to playing intramural basketball, he was a member of the Newman Club and the Blue Hen Club.

**RODNEY WAYNE DILLMAN**—Rod is the campus artist. He has been on the art staff of the Cauldron for the past two years, and he is the Art Director of this issue of the *BLUE HEN*. Rodney is taking an Arts and Science general course and is in the Army Air Force Reserve. His home is in Wilmington, Delaware.

**LEWIS HAYES DICKERSON**—Another sojourner from the down-state area, Hayes's wide range of interest in campus activities has lead him to participate in the Economics Club, University and R.O.T.C. bands, intramural football, basketball, and baseball. He was a Sigma Nu reporter and is now social chairman of this fraternity. He is also a member of the Student Council, Officers' Club, and Blue Keys. His course is Business Administration.

**SIDNEY HAYES DAVIDSON**—Arts and Science, Elmhurst, Del.

**SAMUEL LEE FRANKEL**—A pre-medicine student in the Arts and Science school, Sammy comes from Wilmington. He has been a loyal member of the swimming team since his Freshman year. Sam is enlisted in the Army Air Corps Reserve.

**EDWIN GOLIN**—From Wilmington, Ed has been Feature Editor of The Review and of the Blue Hen, past Editor of the Freshman Handbook and a member of the Junior Prom Committee. He is active in the Radio Guild, Dramatics and Intramurals. He is a member of the Blue Keys and Corresponding Scribe of Sigma Tau Phi.

**RUSSELL FRANCIS DINEEN**—Mathematics is both the hobby and major study of Russell Dineen. His skills along this line are so good that during his Junior year he was elected to Pi Mu Epsilon, the national honorary mathematics fraternity. Russ was an active member of the Newman Club. He comes from Wilmington, and has decided to let the Army Reserve Corps control his destiny.

**JAMES FRANCIS HENRY, JR.**—Turk seems to be one of those people who likes to run things, being enrolled as a business administration major in the school of Arts and Science. The Newman Club claimed his attentions during the first two years of his college career. Besides being a member of the Officers' Club, he is wrapped up very definitely in advanced R.O. T.C. work. Turk hails from Wilmington.

**WILLIAM HENRY HOLLINGSWORTH, JR.**—Bill is taking Business Administration in the School of Arts and Science. He lives in Wilmington, Delaware.

**EDWARD VINCENT LOWER**—Ed has been the coach of most of the intramural sports for the Sigma Nu fraternity for the past couple of years. He also held the office of Recorder in that fraternity. He is a major in Business Administration. Ed comes from Wilmington.

**JOSEPH GORDON JARRELL**—A product of Goldsboro, Maryland, Jumpin' Joe is enrolled as a chemistry major in the Arts and Science school. He was a member of the band his Freshman year and was formerly House Manager of Horter Hall. Jumpin' Joe's specialty is in the sports field, however, since he is a member of the swimming team and has participated very effectively in track and soccer.

**GEORGE LIMPEROS**—Known to his friends as "Limp." A major in chemistry and an active member of the choir his sophomore year. George is enrolled in the advanced R.O.T.C. course. Varsity soccer and track have been his forte in school athletics.

**WARNER J. MERRILL, JR.**—Jay, a psychology major, is a Wilmington boy. He is corresponding secretary of Kappa Alpha this year, and he is also circulation manager of *THE REVIEW*. This year, too, he is serving as a member of the staff of the Cauldron.

**HARRY RAYMOND MCKENRY**—Mac, a member of the Arts and Science school, has served actively as a competent manager of the baseball and basketball teams and played actively in fraternity intramurals, being a member of Theta Chi fraternity. He was also an important element on the Junior Prom Committee and helped make it an outstanding success.

**ROBERT PILNICK**—A native Newarkian, Mike is enrolled in the Business Administration course. He is in the Economics Club and participates in intramurals. Robert is a member of the Sigma Tau Phi fraternity.

**ROLAND VINCENT REED, JR.**—The "Deacon," so named because of his comforting influence during exam time, hopes to be a good doctor. With his wide range of activities he should have something in common with all of his patients. Roland has been a cheerleader ever since his Freshman year, and he was just elected captain of that group for next year. His Junior year he was Associate Editor of *THE REVIEW*, a member of the Blue Keys, and was elected Secretary of the Student Council. He has also been active in the Radio Guild and the University Choir. "Deacon" goes in for sports, too. He has been a member of the soccer team the past three years and has participated in intramural swimming, volleyball, basketball, and baseball. During the past year, he has served as Guard in the Sigma Phi Epsilon fraternity. Recently he was elected President of the fraternity. He is a Junior officer in Advanced R.O.T.C.

**CHARLES MONROE OBERLY**—Charles, a student in the Arts and Science school, came to Delaware from Colgate in his Sophomore year and was promptly elected to the office of Vice President of Theta Chi fraternity upon his initiation. He was active in Fraternity intramurals and is a member of the Naval Reserve Corps.

**HEINZ JOACHIM OTTO**—Heinz, who comes from New York City, has an unusual, but interesting, major for Delaware students—Ancient Languages. In 1940 he was a member of the swimming team and The Review staff. He has been a member of the Radio Guild since its organization. Heinz is now in the Army Enlisted Reserve Corps.

**MORTON HERBERT SCHULMAN**—The "Mad Chemist" hails from Wilmington and is a member of the Officers' Club. He is Bursar of the Sigma Tau Phi fraternity and present Editor of the Freshman handbook. He is active in intramurals, Dramatics, the Radio Guild, and a member of the Blue Hen staff as well as being a member of the Blue Keys honor society.

**JOHN BENNETT ROBINSON**—Jack, also known as "Ra-Ra," is an Economics major from Seaford. Besides his activities with the Sigma Nu fraternity, he was a member of the Economics Club, the University Choir, and the Derelicts society. Along the sports line, Jack was a varsity swimmer one year, and a track and soccer manager. He plays intramural football, swimming, and baseball for his fraternity. Jack is enrolled in the V-7 Naval Reserve.

**GILBERT JOSEPH SPIEGEL**—Economics takes up most of Gil's time, although he has found time to be active in Intramurals, Economics Club, Mitchell Hall, Review Staff and is manager of the wrestling team. A member of the Blue Hen Staff, he is also a student council member. "Turtle" belongs to the Sigma Tau Phi fraternity. He is a member of the Blue Keys honor society.

**BENJAMIN MORRIS SIMON**—Arts and Science, Wilmington.

**JOHN RICHARD WARREN**—Jackie, as he is called by his classmates, comes to us from Wilmington, Delaware, and is an Economics major. Although President of Sigma Phi Epsilon fraternity, he finds time to hold a membership in the Economics Club, Newman Club, and be Chief Headliner for THE REVIEW. Jack has been active in intramurals and was a member of the Swimming squad his Freshman year and on the soccer team his Senior year. Also, Jack is a member of the Derelicts society. He is a member of the V-7 Naval Reserve.

**ARNOLD ELLIOT WELLS**—Orson is a pre-law student who resides right here in Newark. He is interested in the musical activities of the University, particularly, having been a member of the band since his freshman year, and of the choir since his sophomore year. Orson has also seen some hectic action on the technical crews at Mitchell Hall, and is a member of the Economics Club. Being just as versatile as they come, he has taken an active part in baseball, plus intramural football and basketball, to say nothing of his barking orders in advanced R.O.T.C.

**ARTHUR HARVEY STEWART**—"Stu" is an Arts and Science student from "Long Island." He has been manager of the football team for four years, thus receiving his letter. He served for the Radio Guild and THE REVIEW Staff. He was treasurer of the Sophomore class and president of the Junior Class. Stu has served well on the Theta Chi softball and volleyball teams. He is a Spartan and Blue Key and a cadet in the Advanced R.O.T.C.

**BERNARD MAXIMILLIAN TANNEN**—A business administration major from Wilmington, Delaware, Berry finds time for many extra-curricular activities. He is associate editor of the Blue Hen and a member of the Junior Prom Committee. Bernard is also in the Radio Guild, the Economics Club, and the Officers' Club. He is active in intramurals and was House Manager of the Sigma Tau Phi fraternity.

**DONALD ALFRED YOUNG**—Don, a chemistry major in the Arts and Science school, lives in Wilmington. Being musically inclined, Don played in the University Orchestra his Freshman year. He is a member of the American Chemical Society, and served as president of that organization during the past year.

**HENRY McCOMB WINCHESTER, JR.**—Hank, one of Delaware's best dressed men and second best bow-tie authority, is now serving as Vice President of the Junior Class and Marshal of the Sigma Phi Epsilon fraternity. He has just been elected vice president of the fraternity. "Sensible Henry's" campus activities include membership on the Junior Prom Committee, Officers' Club, Blue Keys, Newman Club, and Review Staff. Hank's original plans were to enter graduate law school but he will settle now for a commission in the army when he completes the Advanced R.O.T.C. course.

**WILLIAM BENJAMIN ZOLPER, JR.**—"Big Ben," a Junior in the School of Arts and Science, hails from Wilmington. For two years Ben has been a mainstay in Choir and Spanish Club activities. Last year Ben won his monogram in swimming and also captured the Delaware State Championship for the 220-yard freestyle event at the Y.M.C.A. in Wilmington. Ben is also an active member of the Sigma Phi Epsilon fraternity. Being enrolled in the Navy's V-1 plan, Ben hopes to take his place on one of Uncle Sam's battlewagons as soon as he finishes his studies at Delaware.

**HARRY M. ZUTZ**—"Buddy," a pre-med, is also from Wilmington. He is Chancellor of the Sigma Tau Phi Fraternity and Business Manager of THE REVIEW. Harry is also Secretary-Treasurer of the Inter-Fraternity Council. He is on the Blue Hen Staff and is a member of the Blue Keys honor society. He is also active in intramural competition.

**CARL HOLLEY ALLEN**—Carl, whose home is in Chicago, Illinois, is enrolled in the Arts and Science School and is pursuing the Foreign Service curriculum. "Scoop" has been affiliated with THE REVIEW since his Sophomore year, and served as Editor-in-Chief his Senior year. Carl also finds time to be active in the University Band, of which he is captain. His other activities include the Choir, the Athenian Society, and membership in the Blue Keys and Derelict honor societies. "Scoop" is a member of the Sigma Phi Epsilon fraternity and served as Guard his Junior year. He is a member of the Advanced R.O.T.C. Corps.

**DAVID SNELLENBURG**—Dave is one of the E-52 Players' best actors. He has been seen on the Mitchell Hall stage many times since coming to Delaware College. Dave has also served on the staffs of the Review, the Blue Hen, and the Cauldron. He was a member of the Radio Guild. Dave is in the Arts and Science school.

**JOHN WILLIAM NASSIVERA**—The athletic type, Jack is well known for his prowess in wrestling, having been a member of the wrestling team for two seasons. He was also a member of the 1942 Badgers, intramural football champs. Jack served as the secretary of the house council of Brown Hall in 1942. He is enrolled in the pre-medical course.

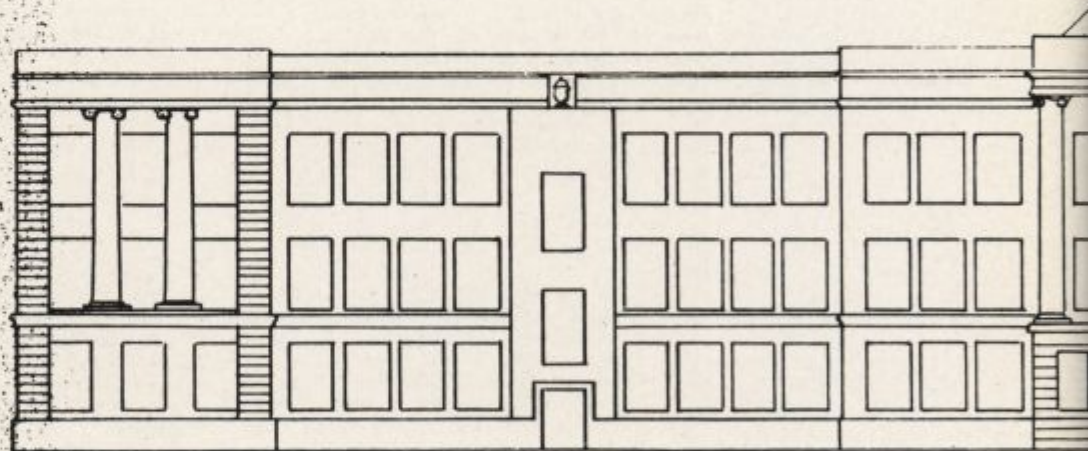

**ANDREW JACKSON CULVER, JR.**—Jack is an Arts and Science student from Wayne, Pa. In his Junior year he was elected a member of the Blue Keys. Jack was president of the I.M.A. during his Senior year and Vice President of the organization in his Junior year. He was Treasurer of the Radio Guild for two years and Secretary of the E-52 Players during his Senior year. Jack was recently elected to the Derelicts honor society.

**GEORGE LEE BAER**—"Bugs," a native of Georgetown, Delaware, is a Physical Education major. A great deal of his time has been spent in representing our school on the athletic field. He has played varsity football since he enrolled and also was on the track team his last two years. He was a member of the Spartans, Blue Keys, and Blue Hen Club, of which he is secretary. Bugs is a member of Sigma Phi Epsilon fraternity and served as Pledge Chairman his Senior year. He is a member of the Enlisted Reserve Corps.

**OWENS STUART WEAVER**—"Buck" is a Pre-Medicine student from Wilmington, Delaware. Since his Sophomore year he has been a member of the Debating Society. During the past year he has been a member of the University Band.

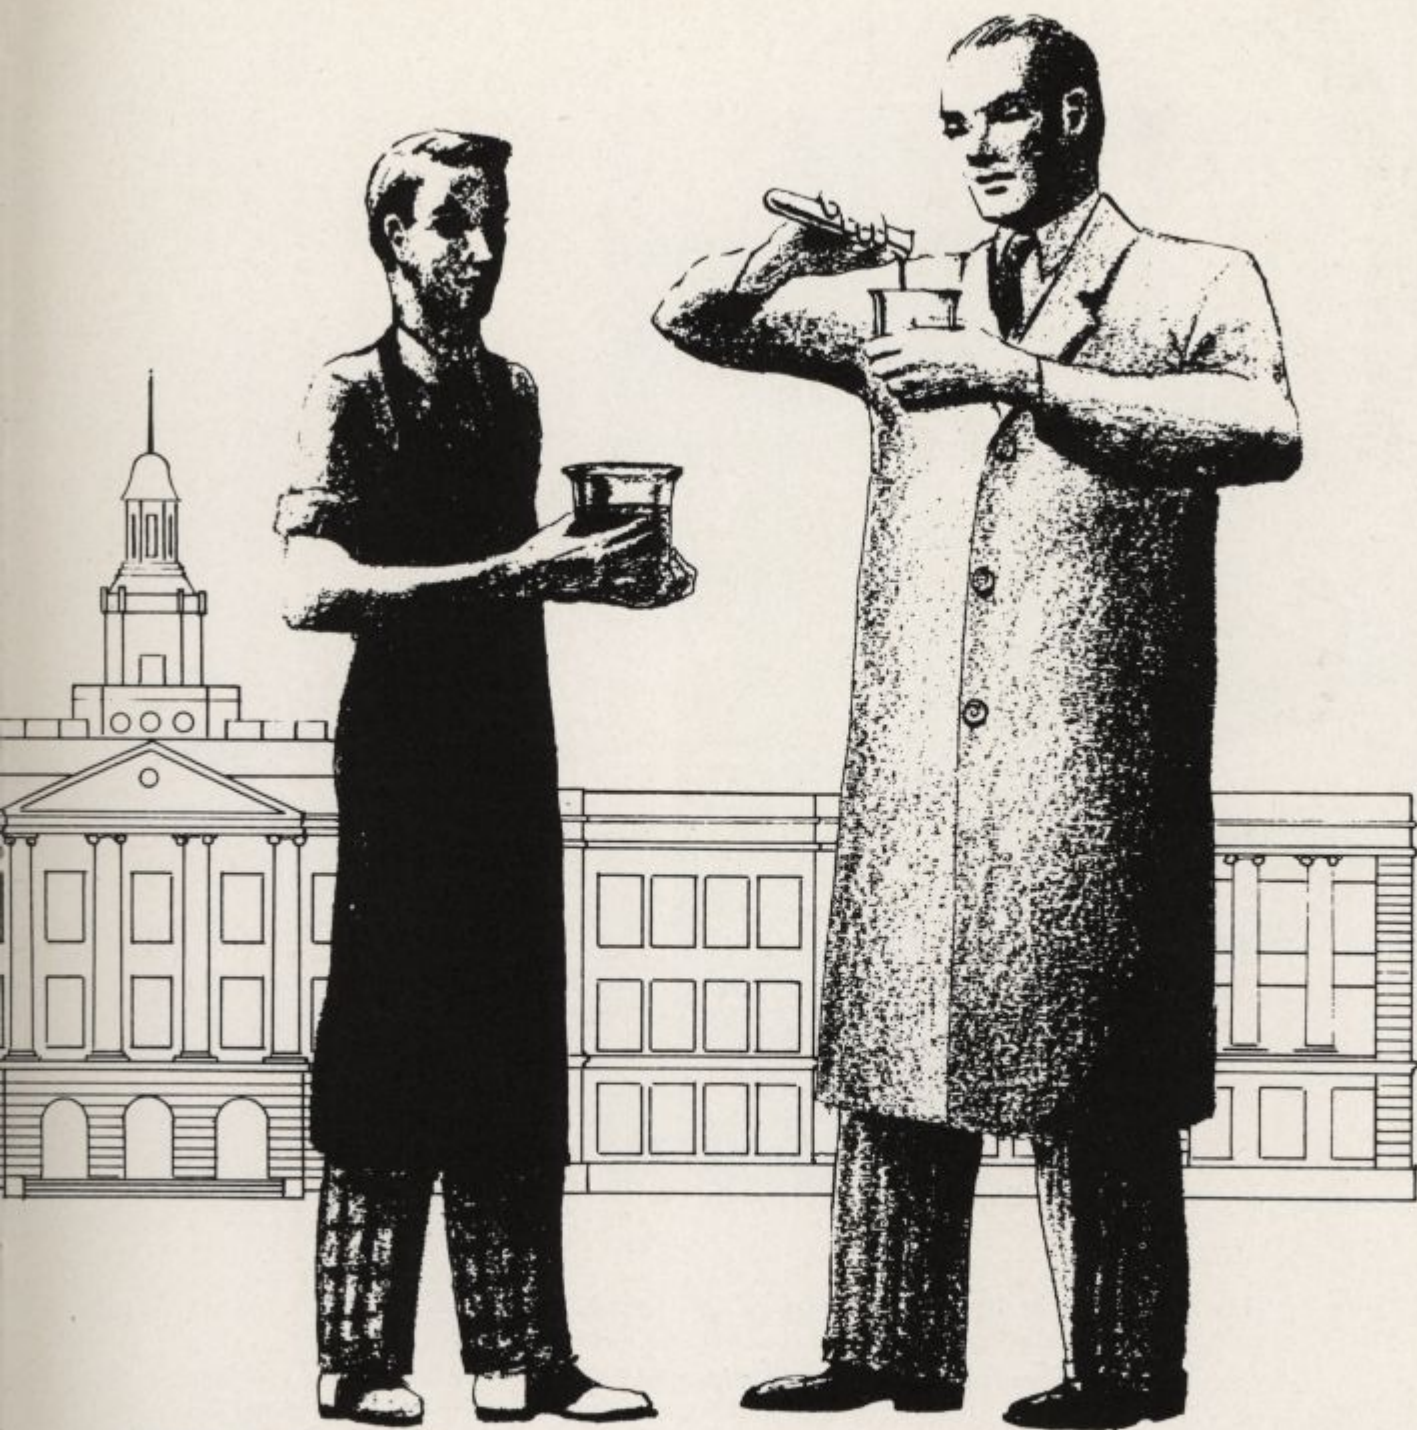

**MARVIN ZEITZ**—"Ziggy" hails from the chocolate town of Hershey, Pa. He has played on two of Delaware's undefeated football teams, as well as being a member of no mean calibre of the track and wrestling teams. But his interests are not only athletic, for he sings in the college Glee Club, and is a member of the Radio Guild. He is also in the advanced course in R.O.T.C., and in the Blue Keys society.

*School of*

# EDUCATION

**WILLIAM ALBERT WILKINSON**  
Dean of Education

William Albert Wilkinson is a quiet individual who heads the School of Education. Well liked by his students for twenty-four years, Professor Wilkinson is a University of Missouri alumnus, married, and prefers gardening to any other hobby.

**R. W. Heim**, Professor of Vocational Education in the School of Agriculture, sent us a list of some twenty-six distinguished positions held by him in and about the University. In summary, Professor Heim is an alumnus of Penn State and Columbia; taught at Delaware twenty-three years; likes teaching, gardening, hunting; and is married.

Silent **William D. Murray**, Physical Ed Head and coach of Delaware's record-breaking, undefeated football team, learned his Southern drawl at Duke University. Coach Bill is married and has three daughters.

**PAUL WASHINGTON HAMBLIN**—"Ham" is an Aggie from down Millsboro way. He has been an active member of the Aggie Club. Paul is taking the Advanced Military course and is a member of the Officers' Club.

**BRUCE GREENLEE FRAZIER**—"Fearless Frazier" is Felton's representative in the Agriculture School. Tooting a horn, Bruce was a member of the R.O.T.C. Band, and last year he played in the University Band. In 1942 he played J.V. baseball and the same year he was a member of the Aggie baseball team. Bruce has been a member of the Agriculture Club since his Freshman year.

**HOWARD LLOYD JONES, JR.**—Lloyd Jones, from Smyrna, Delaware, is a member of the class of 1943. When he's not directing plays in Mitchell Hall, he studies English toward his degree in Secondary Education. Besides his activity in dramatics, "Jonesie" has been active in the Debating Society, the Humanist Society, and the Athenaeum Society. During his senior year he served as News Editor and Copy Editor for THE REVIEW and was elected to the Derelicts society.

**WILLIAM MARCONI LAURELLI**—A Physical Education major from Wilmington, Bill spends most of his time north of the Training House. When he wasn't instructing a gym class, Bill could be found on the football field or the wrestling mats. He was a guard on that great Blue and Gold football team that went two years without a defeat. His wrestling accomplishments are many. He won both Junior and Senior titles as champion of the 155-lb. class in the Middle Atlantic Collegiate Association. In the same class, he won Mason-Dixon title last year. He was also on the track team, and he played intramural softball and basketball. Bill was elected to the Spartans and Derelicts honor societies. A member of the Advanced Military class, he was captain of Battery C.

**HARRY ROSS HILLYARD**—Harry, a History major from Elkton, devoted much of his interests to dramatics. He was a member of both the E-52 Players and the Radio Guild during his Junior and Senior years. He was also a member of the Footlights Club, serving as vice president his Junior year and president in his last year. As a member of the I.M.A., he became Social Chairman in his Junior year. Harry was also a member of the Blue Key honor society.

**HARRY PENROSE IRWIN, JR.**—Harry, known to his closer friends as "the Horse," comes from up Claymont way. He is majoring in Secondary Education in the Arts and Science School. Baseball is Harry's sport. He has been a faithful member of the squad ever since his Freshman year. He also won his letter in soccer, and has played some J.V. basketball. Harry is a member of the Sigma Phi Epsilon fraternity. He is now in the Advanced Military course, but has high hopes of getting into the Marines.

**JAMES JOSEPH QUINN**—Jim is another Wilmingtonian with a diversity of interests. His major interest is history, and he is enrolled in the Education School. Ever since his Freshman year, Jim has been active as a cheerleader. He was also a member of the University Choir. In 1940-41 he served as director of the Radio Guild and was elected to the Guild presidency the following year. "JQ" has played a number of leading roles on the Mitchell Hall stage. No one will ever forget him as Quiz in "The Eve of St. Mark." Jim has served on The Review and Blue Hen staffs, News Editor of the former and Copy Editor of the latter, and on the Student Library Committee. Recently he was made a Blue Key. Jim is taking the Advanced Military course.

**REESE EDWIN DUKES**—Reese, who is enrolled in the Arts and Science school as a secondary education major, comes from Laurel, Delaware. He has been seen a lot around Mitchell Hall, mounting up points towards E-52, and has been a member of the University Choir throughout his school career. For two years, Reese was a member of the business staff of The Review. He is now taking the Advanced Military course.

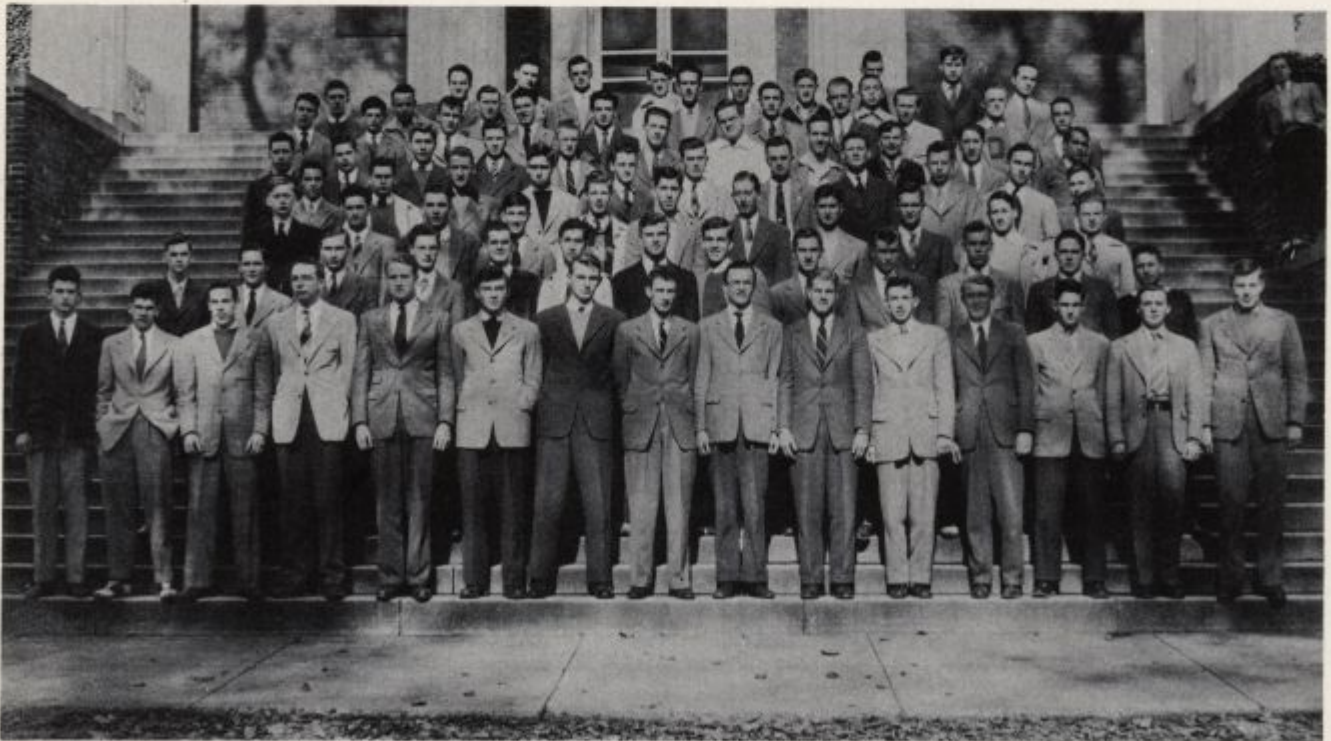

**HARRY SMITH, JR.**—"Smitty," a junior in Secondary Education, was a member of the varsity tennis team his sophomore year, and was quite active in the E-52 players. Harry served in the debating team and participated in intramural basketball and badminton his freshman year. Pi Nu Epsilon, the honorary Mathematics Society elected him to membership in 1942. Advanced R.O.T.C. is another of "Smitty's" activities.

## MILITARY DEPARTMENT

The national emergency has suddenly swept the University of Delaware Military Department into the public's eye. Commanding Officer Colonel Donald M. Ashbridge, C.A.C., a stately and militant personality, was placed at the head of the Department immediately before hostilities had begun and has more than ably handled the difficult task of a University in wartime. With the instalment of the Enlisted Reserve Corps plan, the work of the Military Department has doubled. The Department is now a complex and intricate machine of greater importance than at any other time in the University's history.

The Military Department was instituted here in 1870, and in 1920, Delaware College became one of the Reserve Officers' Training Corps Colleges. The purpose of the R.O.T.C. is to train college men to officer our armies in times of national emergencies. The unit in this University is maintained to train officers for the Coast Artillery (Sea Coast and Anti-Aircraft). The University Military Staff is composed of Regular Army and Reserve officers and Non-Commissioned officers of the Regular Army. Major Alvin Roberson, Major Walter B. Moore, and Lieutenant Donald R. Morton, former University of Delaware graduates, are now stationed here as Instructors in Military Science and Tactics.

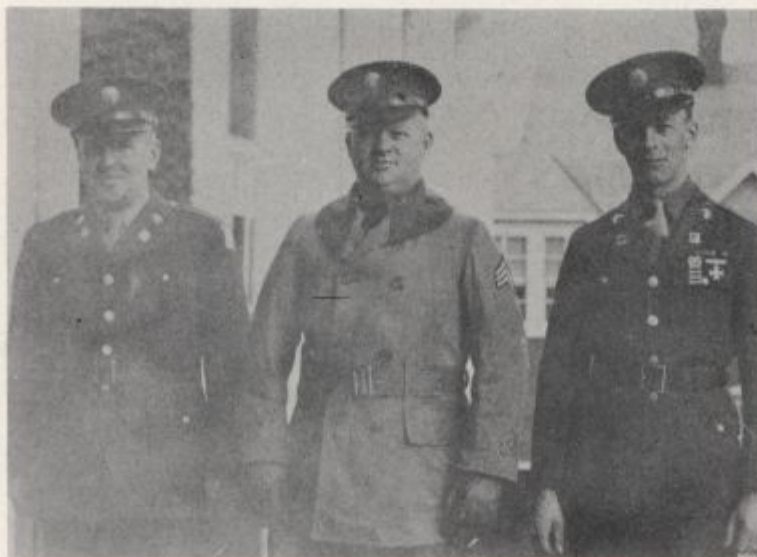

Both classroom work and drill are required of Freshmen and Sophomores. Juniors and Seniors are selected for Advanced Military training after certain regulations are complied with and various physical examinations satisfactorily passed.

The progress of the Military Department during the last few years has been extraordinary. In 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, and 1942, Delaware was designated "Excellent" by the Secretary of War—an honor conferred for excellence of work and limited to some twenty-five colleges in the entire country.

## HIS TRUTH GOES MARCHING ON

They fell rather than turn back.

The voices of fighting men who have died and are dying urge us on to renewed vigor. They ask that in carrying on the conflict, we be certain, severe, and stubborn. They insist that America be tough—the knuckles of the nation must be raw and bleeding.

The Cause they fought for is the American view.

Life, liberty, and the pursuit of happiness is our American heritage—a heritage too valuable to lose. The unscrupulous foe will meet vicious resistance and inevitable defeat, for the American fighter would rather be a dead martyr than a live puppet.

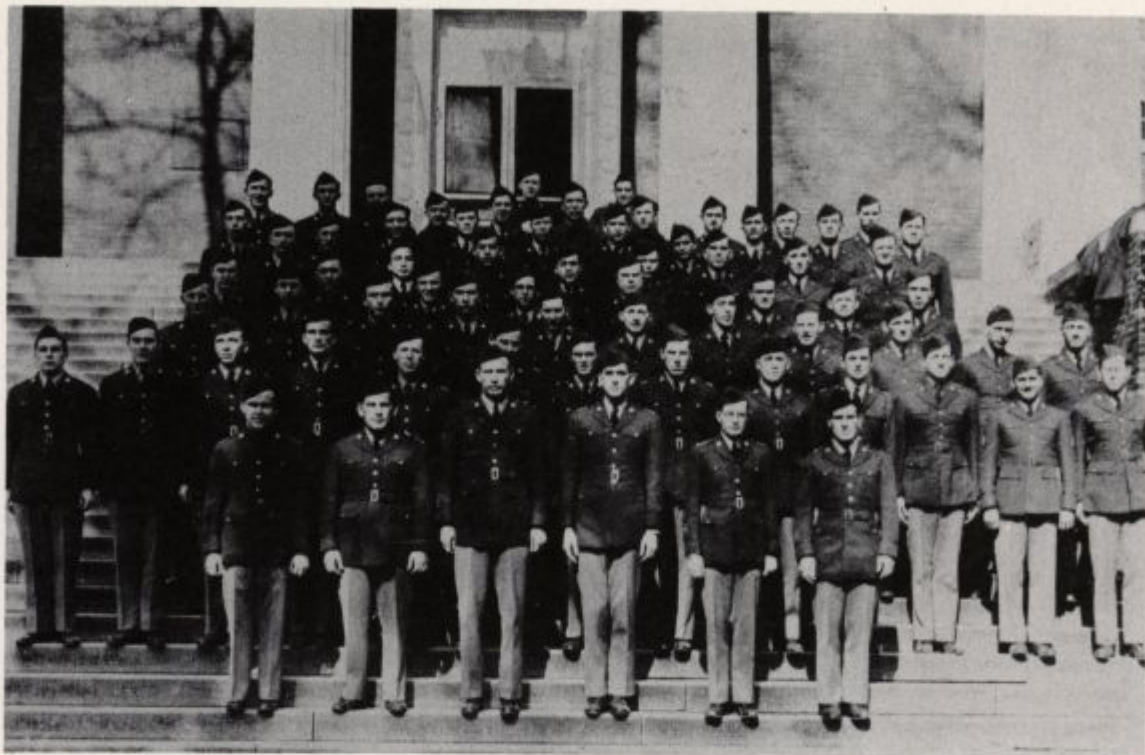

War is harsh, strong.

Life is handled loosely and the conservation of existence seems to be forgotten. But the American loves life—that is why he is willing to give his so that others may live.

## OFFICERS' CLUB

The Officers' Club of the University of Delaware, composed of the Seniors and Juniors taking the Advanced R. O. T. C. course, is organized primarily for the purpose of holding one major social function a year; and for maintaining a cooperative spirit among the officers. The Military Ball for 1943 was held in Old College on January 16, the usual dinner-dance being replaced by a buffet supper and dance. The Ball, the third of its kind presented by the Officers' Club, was an outstanding success despite the many reverses encountered. Nearly all of the men in the Officers' Club attended, and for the first time the Commons was presented with young ladies in gowns, escorted by men in the familiar military dress.

The men for the Officers' Club are selected from among the applicants in the sophomore class. Since only 40 new men per year are allowed to take the Advanced R. O. T. C. course, there are 80 men in the Officers' Club. To be eligible for a commission in the U. S. Army Reserve, the student must complete successfully four years of R. O. T. C. work and an eight weeks' course in a regular Officer Candidate School.

The Cadet Battalion that performs infantry drill every Tuesday afternoon is headed by Cadet Major Robert Furman, assisted by Cadet Captains R. Tybout, D. Locke, E. Carullo, P. Hollingsworth, and C. Carpenter of Batteries A, B, C, D, and the Band, respectively. At the regular College Hour period on Thursday, the Advanced R. O. T. C. students have a military class which may be infantry drill, plotting room drill, or some other military classroom work. For the school year of 1941-42, the University of Delaware Cadet Battalion was awarded the rating of Excellent, permitting the cadets to wear the blue star on the right sleeve of their uniforms.

The Officers' Club can well be proud of many of its former members, many of whom are now serving their country as officers in the Army. Many of these men have advanced to positions of respect and authority and many have received recognition for outstanding duty. The men of the present Officers' Club can only hope that they will be able to live up to the fine tradition set by the R. O. T. C. men receding them.

## R.O.T.C. BAND

Because of the new University Band, the Military Band has confined its activities to those of strictly military nature during the past year. Besides playing for the weekly military drills, the band made a trip to Wilmington last year to play in a recruiting parade. However, a rain storm limited the action of the band in the parade.

Charles W. Carpenter served as captain of the R. O. T. C. Band during the past year. A. Hastings Carey was the Drum Major. Others who were in the band are:

F. Baker, K. N. Bowen, J. B. Clements, F. Diffendall, A. Fogelberg, H. George, H. Ginn, W. B. Howell, H. Jacobs, M. Jacoby, P. Kelrick, H. Krinsky, E. Leeman, W. Mathews, H. L. Maxwell, E. Miller, F. T. Mulrooney, J. E. Orr, W. Pomichalek, L. Preston, J. K. Gottshall, J. S. Hopper, J. E. Price, R. Vincent, E. Sadowski, J. N. Simons, W. S. Tawes, W. Tawes, C. Townsend, M. C. Warren, W. J. Balling, L. Schorr, H. R. Burns, and C. Kenworthy.
