Dear Mother

when I wrote to You from Paris I was just about leaving for this place and had not much time to write, I gave my Letter to a man to put in the Post Office and I suppose he did it,, I shall put this in my self,, I intend to start for Bern [Canton of Berne] in a day or two to get my Passport signed, from there I shall go to Geneva and then to Genoa, thence to Florence the Capitol of Tuscany,, as soon as I get to Florence I will go to the American Consul and ask His advice as to how I can get Money from Delaware,, I will then write to You and tell You what to do,, when I get in Florence I will take Boarding in some house and make myself at home for a while and go to work studying the Etalion [Italian] language, When I was in Paris I visited all the Principal places of interest and among others the Galery of the Louvre, They have an immense Collection of Works of Art, and of Curiositys in that Gallery, among others things of interest,, I saw

the Hat and grey Coat of the first Napolion, I  
also saw the Hat which he wore at St Helena  
it looks exactly like Mr McLaughlin's Hat,  
I went to the Hotel of the Invalids and saw  
the Soldiers of Napolion the first, there are not  
many left and they look as if they had seen hard  
times, some have one leg gone, some one arm, and  
some not able to walk at all have little Carriages  
made for them and have a man to take care of them  
and to pull them where ever they want to go,, They  
are making broad streets through the most thickly  
settled parts of the City, the Government buys the  
Ground and houses and then tears them down and  
afterwards sells the Ground on each side of the  
new street with the understanding that the new  
buildings must be just so high and of a certain  
Stile of Architecture,, the new Boulevarts which  
have been made are the Grandest avenues I have  
ever seen,, I went one day to the Museum in the  
Garden of Plants, there were two Frenchman with me  
they were told that it was not open on that day, I  
pulled out My Passport, when they told us to  
walk in,, as soon as You get this Letter write to  
me, direct Your Letter Edward A Fulton Florence  
Capitol of Tuscan,, Yours Respectfully, E. A. Fulton
