THE LEHIGH FURNACE.

Three Sizes: Nos. 32, 36, 40.

HEATING CAPACITY: 15,000, 25,000, 35,000.

TO OUR well-known line we have this year added three sizes of a new Portable Furnace. Its construction is admirably adapted for heat radiation; its appearance is attractive; its workmanship superior, and

† † ITS - PRICE - IS - LOW. † †

MADE in the "Lehigh" Valley, made of "Lehigh" Iron, made to burn "Lehigh" coal, it is fitly named after the teeming valley, the famous iron and the more famous fuel. We claim it worthy of its noble name.
